

Temptation 64

Chapter 64 - 64 Can't Help It

"Forget it."

Bai Man quickly shook her head.

If she was going to devour Su Fan, it was going to be a solo act. How could she bear to share him with Wang Fei?

Just thinking about Su Fan's prized possession made Bai Man somewhat excited.

"This kid, defying my orders in the hospital today, seeing him just infuriates me. Plus, it's so late and he's still not home. He's really asking for it. Looks like I need to teach him a lesson."

"Right, I should go see if he's back yet."

With that, Bai Man got up and glanced out the door.

The light in Su Fan's room was on.

Her eyes darted around.

"I'm kind of hungry. Why don't you go out and buy some food?"

Wang Fei scoffed.

"Fine."

Then she obediently dressed and left the room.

"I knew you, this saucy vixen, couldn't resist taking a bite out of Su Fan."

After Wang Fei left, Bai Man, in her pajamas, made her way toward Su Fan's room.

"Open up."

Su Fan had just finished washing up and was about to go to bed.

Hearing Bai Man's cold voice, he instantly felt panicked.

As expected, Bai Man was here to settle the score with him.

He put on his clothes and opened the door.

Bai Man entered, sat on the bed, and crossed her legs.

She was only wearing a camisole nightie. As she crossed her legs, the hem moved up, revealing the scenery underneath: the smooth expanse was truly a sight to behold, and the perky bumps were all too visible.

"How's the wound on your back?"

To Su Fan's surprise, Bai Man actually inquired about his injury first. Maybe this woman did have a bit of humanity in her after all.

Su Fan replied honestly.

"It's healed."

"Healed?"

Bai Man showed a hint of suspicion.

"When I saw your back, it was a bloody mess. How could it have healed so quickly?"

"It has really healed. I used a special antiseptic medicine my grandfather taught me. I'm completely recovered."

Su Fan lied.

After all, the secret of his physique was his biggest secret and absolutely could not be known to others.

"I don't believe it, take off your clothes," Bai Man said.

Su Fan showed an awkward and shy expression.

"This, isn't this inappropriate?"

Bai Man said disdainfully.

"What part of you haven't I seen already? What's the big deal with seeing your back?"

Su Fan said awkwardly.

"I heard that Wang Fei seems to have come back too. If she sees us, it would lead to a misunderstanding."

"Oh, you heard her come back? What else did you hear?" Bai Man's eyes became playful.

This devil.

Su Fan blushed and said nothing.

Bai Man, however, spoke with a disdainful tone.

"Even if you heard something, it doesn't matter. To tell you the truth, Wang Fei is my woman. We're in a relationship, I swing both ways, what about it?"

Su Fan felt embarrassed.

It had only been three days since he came to the city, yet he had already experienced the mettle of these city women.

Wu Miao had a child with another man, and let Sun Zhigang happily play the role of father, Zhang Jing seemed timid and gentle yet was full of schemes, especially Bai Man, who sometimes showed a bit of kindness, but more often than not, she was a completely insane pervert.

She even openly admitted her bisexuality with such nonchalance, without any reserve.

"Hmph."

Bai Man snorted again.

"Now that you know about my relationship with Wang Fei, you should keep your distance from her. Talk to her less from now on. I've told you before, if you get too close to Wang Fei, the one who will end up hurt is definitely going to be you."

"Oh."

Su Fan nodded.

"Alright, take off your clothes."

Su Fan was still hesitating.

"What, thinking of going against your master's orders? Don't forget, you've already defied me once today at the hospital. Do you want to challenge my authority?"

Bai Man's expression hardened, and at the same time, she pulled out her phone.

"Otherwise, I'll send the video of that night I gave you a handjob to your uncle. Let him see just how vigorous his fine nephew is?"

"Don't."

Su Fan panicked at once.

"Fine, I'll do it."

Anguished, Su Fan stripped off his T-shirt, revealing his muscular torso.

"Gulp."

Bai Man immediately swallowed and her eyes gleamed.
