

"What are you talking about? I—I'm not interested in men, and don't you know how I feel about you?"

Bai Man immediately pretended to be angry and turned her head away.

"Don't be mad, I was just kidding. Don't worry, I won't touch him. You're the only one in my heart."

As she spoke, Wang Fei embraced Bai Man, and the two entwined like serpents.

Bai Man was a normal woman, but... after she got married, her old man, Li Jian, just wasn't cutting it for her, and she was really frustrated. Wang Fei was a pharmaceutical rep, and three years ago, they met through business collaboration. One drunken night led to... and since then, they've had a special relationship. This private room became their secret base. But women are women after all, their sense of satisfaction was far less than that of men.

The man Su Fan bumped into yesterday was named Luo Fei, a new doctor at Bai Man's hospital who had always been very attentive to Bai Man. She was so hungry for attention she thought of ordering takeout just this once, but before she could finish the deal, she was caught by Su Fan. It was such bad luck...

"What's going on in there?"

Hearing strange sounds from inside, Su Fan curiously approached the door.

"Click."

Just then, the door opened.

"Little brother, come on in and join us!"

Wang Fei, wrapped in a bath towel, revealed her snowy white legs and beckoned Su Fan with a teasing smile and a crooked finger.

"Join, join what, what?"

Su Fan stammered, startled.

"Giggle giggle giggle."

Seeing Su Fan's innocent look, Wang Fei was even more convinced he was a precious virgin, her eyes practically gleaming.

"Of course, it's to celebrate my birthday with me. What did you think we were going to do together?"

Looking at Wang Fei's seductive demeanor, Su Fan swallowed hard.

He walked into the room.

Drinks had already been placed on the table.

From the bathroom, the sound of running water suggested Bai Man was taking a shower.

"Come, have a seat."

Wang Fei pulled Su Fan by the hand, directing him to sit on the edge of the bed.

Su Fan's glance flickered, noting a damp patch on the bed, and the sheets in disarray, as if a battle had just occurred. Plus, why on earth was Bai Man showering?

Could it be?

As if struck by a sudden thought, Su Fan was alarmed.

At that moment, Wang Fei suddenly pounced on Su Fan, pinning him to the bed.

"What are you, what are you doing?"

Su Fan, feeling the soft warmth on top of him, had his heart racing.

"Giggle giggle giggle, little brother, you just took advantage of your sister. Tell me, how do you plan to make it up to her?"

Wang Fei's breath brushed Su Fan's face as she spoke, carrying a faint fishy scent, and Su Fan knew what that meant.

His suspicion grew even stronger.

But he didn't know whether Bai Man or this woman was the aggressor.

If this woman and Bai Man were in that kind of a relationship, then he certainly couldn't get involved.

His eyes darted towards the direction of the bathroom, keeping an eye on Bai Man's movement. Flustered, he explained,

"Just now, I—I didn't mean to, it was Auntie who told me not to turn on the light, it's all a misunderstanding..."

He was astonished at this woman's boldness as he spoke.

To tease a man right under Bai Man's nose even though they had that kind of relationship with each other, wasn't she afraid of being caught by Bai Man?

But at the same time, he found it thrilling.

Could this be considered an affair?

He'd never even held a girl's hand in his life, but now, was a beautiful and captivating urban woman seducing him?

Were the women in the city really this wild?

Especially Wang Fei's assets, so grand, pressing hard against his chest, made him unable to resist the urge to reach out and touch.
