Chapter 74 - 74 Plain Soy Milk

"What are you looking at me for?"

Bai Man looked at Su Fan unhappily.

"Nothing, nothing at all,"

Su Fan lowered his head.

Just as Bai Man was about to start eating, she glanced at the soy milk in the bowl and suddenly understood.

Her face turned red.

She threw the chopsticks in her hand at Su Fan with a swoosh.

"You little rascal, how dare you make fun of me? Do you need a lesson?"

Su Fan picked up the chopsticks.

"Auntie, what did I say?"

"Little rascal, don't play innocent with me. You're pretending to be all honest, but you're full of tricks."

"Don't think I don't know what you're up to."

"Here, you drink it."

Bai Man picked up her soy milk and handed it to Su Fan.

"What?"

"You, you already drank from it."

"What, you think I'm dirty? If only you knew how many men are willing to drink even my urine if I allowed it."

As her relationship with Su Fan had reached a point of recklessness, Bai Man had become unbridled in her speech.

"What, should I call Li Jian back to watch you drink it?"

Bai Man's face turned stern.

Su Fan helplessly accepted the bowl filled with soy milk.

Just as he was about to drink, Bai Man stopped him again.

"See the lipstick mark? Drink from that spot."

"You..."

Su Fan's face reddened from Bai Man's unreasonable demands.

But Bai Man looked even more pleased, her face full of smiles.

"What, not willing? Hmph, dare to make fun of me, this is the price."

"Drink."

Su Fan could only aim for the lipstick mark.

He drank.

He didn't know if it was because the soy milk made by Li Jian was good, or if the lipstick had a pleasant scent, but it actually tasted delicious.

"Hmph."

Bai Man snatched the bowl back and slammed it on the table, then warned Su Fan once more.

"This is just a small lesson for a bigger warning."

"Last night, Li Jian interrupted us and you got away, but don't think I'll let you off easily."

"Next time, if you dare defy my orders, I promise, I'll find a deserted place and settle in for good. Then we'll see how you face Li Jian."

"Auntie, I, I dare not, I won't dare again."

Inside, Su Fan cursed Bai Man's twisted malice, but his face showed nothing but fear.

"What's this, arguing so early in the morning?"

Wang Fei walked in.

She walked strangely, like a duck.

"What's wrong with you?"

Bai Man looked at Wang Fei limping, a suspicious look on her face.

Wang Fei's face turned red, what else could it be, it was the work of the wild donkey Su Fan

She had already realized she was no match for Su Fan alone.

Just half his strength last night nearly did her in.

And considering Su Fan's stamina, eight times in one night wouldn't be a problem.

To truly defeat Su Fan, it looked like she needed a partner.

Bai Man was a good choice.

But she didn't know what Bai Man really thought.

After all, she was Bai Man's physical partner. If Bai Man found out about her dalliance with Su Fan, she might explode with rage.

"Nothing, just had a little fall last night."

"Is it serious, should I check it for you?"

Bai Man believed her.

Because she couldn't imagine that Su Fan and Wang Fei would dare have a bout right under her watch.

"No, no, no, it's not serious, I'll be fine after a couple of days of rest."

"Eh, something's not right, Wang Fei, how come your complexion looks so much better, and your skin so much whiter and softer? Just one night, how could there be such a big change?"

Bai Man touched Wang Fei's face directly, that skin, even an eighteen-year-old girl couldn't compare.

"What?"

"Oh, I, I bought a new lotion, it's quite nice."

"But is it as amazing as you say?"

Feeling guilty, Wang Fei sat down and began to eat, avoiding Bai Man's gaze.

"Lotion, what lotion is so effective, let me try some too?"

Women are naturally beauty-loving, especially women of Bai Man's age.

They're even more eager to maintain their appearance.

"Pfft."

Wang Fei, who had just taken a sip of soy milk, spat it out when she heard Bai Man's words.
