

THE TEMPTATION BEHIND GENTLENESS

Chapter 9: To Save Lives

"Where's Auntie?"

Su Fan changed the subject in a flustered manner.

"Don't worry, she's gone to the hospital and probably won't be back tonight."

"Can I come in and sit for a while?" Wang Fei's gaze almost became pleading.

"Ah, Uncle and Auntie aren't home, it's, it's not appropriate, right?"

"Heh."

The smile on Wang Fei's face grew thicker as she flipped her hair, almost leaning against Su Fan. Her lips curved into a dangerous arc.

"What, are you afraid that your sister will eat you up?"

Startled, Su Fan shivered and stepped aside, clearing a path for Wang Fei.

"Giggle."

Wang Fei laughed as she entered the house; such an innocent brother was really to her taste.

"Which room is yours?"

"Maybe we should go to the living room?"

"Living room? You're not the host here, how can you just lead people around? Let's go to your room."

Su Fan thought it made sense and could only lead Wang Fei to his own room.

Su Fan's room wasn't large—a double bed, a desk, a wardrobe, and a chair, simple and austere, but it was enough for Su Fan.

Wang Fei sat down on Su Fan's bed, leaving Su Fan no choice but to stand.

From this angle, he could see Wang Fei more clearly, and she truly looked magnificent.

Understanding his gaze, Wang Fei smiled knowingly and leaned forward instead of turning away, allowing Su Fan to get a clearer view.

"Gurgle."

Su Fan swallowed hard, aware that Wang Fei was deliberately flirting with him, and shifted his gaze away.

This made Wang Fei even more satisfied; other men would practically devour her, but Su Fan was avoiding her, which further fueled her desire to conquer.

"Here, I have a little gift for you."

Saying so, Wang Fei handed a bag to Su Fan.

Su Fan took it and opened it to find a brand new Apple iPhone.

"Ah, this is too expensive, I can't accept it."

"Hehe, take it. Consider it a welcome gift from your sister."

"Things are different between the city and the countryside—it's inconvenient without a cell phone."

"Actually, your sister also came from the countryside. Seeing you feels very familiar, like you're my own younger brother. If you act too formal again, I'll be upset."

Wang Fei puckered her lips, pretending to be angry.

Su Fan's eyes moistened instantly.

"Then, then I'll accept it, and, and think of it as borrowing from you. Once Aunt arranges a job for me and I earn some money, I'll pay you back."

"Sure, sure, oh, it's just a phone, don't cry..."

Seeing tears start to form in Su Fan's eyes, Wang Fei quickly tried to console him.

Su Fan explained.

"Growing up without parents, I was bullied by others. Apart from my grandfather who raised me, and my uncle who took me in, no one has ever been kind to me. This is the first gift I have ever received since I was a child..."

Upon hearing this, Wang Fei's heart ached, thinking what a pitiful child.

"Silly boy, don't cry, your sister will be good to you in the future."

"Sister Fei, if I ever have the chance, I will definitely repay you."

"Ah..."

While speaking, suddenly Wang Fei began to cry out in pain, clutching her stomach.

"It hurts, it hurts so much..."

"My stomach hurts so much..."

Su Fan immediately held Wang Fei's wrist.

"Acute gastrointestinal obstruction, Sister Fei, you must have irregular habits and often drink alcohol."

"It hurts, it hurts so much, call an ambulance for me."

"Acute gastrointestinal obstruction can be fatal; the ambulance won't make it in time."

"Bai Man said you also know medicine, you, you must help me..." Wang Fei writhed in pain on the bed, tears streaming down her face.

"This, this requires massaging to clear the blockages in the gastrointestinal tract, it's not appropriate..." Su Fan blushed with embarrassment.

Wang Fei, holding her stomach, cried out.

"Then, then you can't just watch me die in front of you, save me..."

Su Fan also realized this was true.

"I'm doing this to save you, I'm sorry."

Su Fan abruptly lifted Wang Fei's skirt, pulling it up.

"Hey, where's your, your underwear?"

Seeing Wang Fei bare below the waist, Su Fan's brain buzzed, and blood gushed from his nose instantly.
