

Temptation 96

Chapter 96 - 96 Double Occupancy, Twin Flight

"Whimper, whimper, whimper..."

Luo Ya cried out even more painfully.

Liu Feng cursed viciously,

"Damn you, little bitch, lying in the same bed with me and still thinking about other men, you really need a lesson."

As he spoke, he picked up a rope that was lying nearby and lashed Luo Ya's body cruelly twice.

"Ahhhh..."

Luo Ya screamed in agony.

Meanwhile, Liu Feng laughed like a maniac.

"Look at that, the pure little fairy is in such a sorry state now, heh heh, I just love it when you're like this."

"It's hot, I'm so hot, save me, somebody save me."

Luo Ya twisted her body non-stop.

The drug effect had fully kicked in.

"Don't rush, baby, come, I'll cool you down right now."

Saying that, Liu Feng, crouching like a dog, stuck out his tongue and licked Luo Ya's wounds.

"Heh heh, so fragrant."

He bit onto Luo Ya's rice-white safety shorts with his teeth and pulled them down from her beautiful legs.

Suddenly, a pair of pink, triangular panties came into view.

Around the edges of the panties, there were a few strands of black pubic hair.

Liu Feng sniffed the triangle area and showed a look of intoxication.

"So fragrant, so fragrant, and there's the stench of your pee from just before. I really want to taste it."

Luo Ya despaired.

How could she have encountered such a demon.

"Su Fan, it's all your fault, I will never forgive you."

"Thud, thud..."

Just when Liu Feng was about to attack, the door suddenly was knocked on.

"Click."

Liu Feng was startled.

"Who?"

Liu Feng, feeling like a thief with a guilty conscience, nervously asked towards the outside.

"Special service, sir, do you require service?"

A woman's voice came from outside.

"Special service?"

Liu Feng was delighted.

They have this kind of service here? But on second thought, it's not surprising for this kind of love hotel to offer such services, right?

Maybe he should call one, and together with Luo Ya, experience 'double the pleasure'?

Brilliant, right?

Liu Feng, his mind ruled by lust, said lewdly to Luo Ya.

"Little baby, today, I'm going to let you fully experience what blissful life is."

He said, jumping off the bed and eagerly opening the door.

Before he could see who was at the door,

"Bang."

A fist as big as a sandbag smashed viciously into his face, sending him flying seven or eight meters from the doorway to the window

He saw stars before his eyes.

"Ah..."

The scantily clad woman standing at the door screamed in fright.

Su Fan quickly covered her mouth,

While the other hand passed her two hundred bucks.

"You can leave now."

The massage girl thought to herself, nine out of ten times, it must be a husband catching an affair.

"The young ones these days really play wild."

Accepting the two hundred bucks, she left feeling delighted.

"Su Fan... save, save me..."

Luo Ya, seeing Su Fan enter the room, was first surprised, then overjoyed, and then became anxious and shy.

Because at this moment, apart from the key parts, her body was bare

And Su Fan had seen it all.

Her body already flushed with fever, grew even hotter, and she closed her eyes, not daring to look at Su Fan.

"Su, Su Fan?"

"Where the hell did you spring from?"

Liu Feng, sitting on the ground seeing stars, finally recognized Su Fan, and he was utterly dumbfounded.

How come Su Fan appears everywhere?

Closing the door behind him, Su Fan quickly walked over to Liu Feng

"Slap."

Backhanded him with a slap across the face.

"Ouch."

The slap left Liu Feng with a bloody mouth and he lost two teeth.

"Don't hit me, Su Fan, spare me."

Liu Feng immediately begged for mercy.
