

Temptation 961

Chapter 961

Hearing this, Zhen Bingyu also laughed.

After blowing out another smoke ring, she extinguished the cigarette in her hand and walked towards Su Fan.

She quickly arrived in front of Su Fan, and at this distance, Su Fan could already smell the perfume on her.

Chanel's perfume scent is always present on Zhen Bingyu.

She came up to Su Fan and smiled charmingly, "Dr. Su doesn't seem to smoke?"

Su Fan replied, "Occasionally."

He would smoke occasionally, just not frequently.

Zhen Bingyu quickly continued, "Then Dr. Su, would you like to have a wonderful night?"

Su Fan asked, "What kind of wonderful night?"

This time Zhen Bingyu did not answer, because her actions were the best answer.

Su Fan's large hand was grabbed by Zhen Bingyu, slipping beneath her shirt and directly grasping a soft mass.

Zhen Bingyu and Ning Miaoqi shared one similarity: both had remarkably ample bosoms.

Because of her youth, Zhen Bingyu's bosoms were not only large but also incredibly resilient.

After grabbing the soft mass, Zhen Bingyu stepped forward and offered her red lips.

Su Fan did not refuse; he had always considered Zhen Bingyu to be his woman.

There was no need for Zhen Bingyu to take the initiative; Su Fan had already begun to pluck the enchanting rose before him.

To others, both Zhen Bingyu and Ning Miaoqi were extremely lethal.

Su Fan, however, did not have such concerns. While he couldn't completely resolve the troubles Ning Miaoqi and Zhen Bingyu brought, he wouldn't fall for them either.

The night was long, and Su Fan was in no hurry.

Zhen Bingyu was curious about how strong a Gang Qi Realm expert really was.

Her curiosity would soon be satisfied.

The physical prowess of a Gang Qi Realm martial artist would definitely be strong enough to make her pass out from sheer pleasure.

After kissing Zhen Bingyu for a long time, Su Fan suggested, "Do you want to go back to the room? Others might come here."

Su Fan shook his head, "It's okay, it's so late, no one will come to this place."

Hearing this, Zhen Bingyu nodded.

It was already early morning, and one couldn't take the elevator to the hotel rooftop—stairs were necessary.

Under normal circumstances, no one would run to the rooftop at this hour.

Su Fan, with Zhen Bingyu, encountered an unexpected situation this time.

Just as Su Fan was about to make his move on Zhen Bingyu, they heard movements on the stairs.

Zhen Bingyu, though a Hua Qi Realm expert, was still startled.

Faced with this situation, she could only look to Su Fan, waiting for him to make a decision.

Su Fan was equally surprised; it was already early morning, and he couldn't fathom who wouldn't be asleep and would run to the hotel's rooftop at this time.

However, he reacted quickly, taking Zhen Bingyu with him to hide behind a water reservoir.

This was likely the hotel's fire reserve water tank, fully enveloped in the darkness of night.

After Su Fan and Zhen Bingyu hid here, no one could see them.

Su Fan and Zhen Bingyu didn't know what these people were up to.

The two observed for a while and discovered that quite a few people had shown up.

Seven people in total, five men and two women, came up to the rooftop.

The arrival of these unexpected visitors prompted Zhen Bingyu to nudge Su Fan, indicating he should make a move.

Su Fan was almost about to crush her; the limited space made it difficult for him to move.

If it weren't for her being a Hua Qi Realm expert with outstanding endurance, she would have cried out long before.

After Zhen Bingyu's suggestion, Su Fan could only shake his head and whisper, "Don't move, it's too cramped here, I can't move."

He wasn't lying; there was a wall to his right and behind him, and a fire reserve water tank to his left.

Chapter 962

Zhen Bingyu, upon hearing this, could only silently and helplessly accept it.

Su Fan and Zhen Bingyu soon learned the identities of these five men and two women.

This group of people, six of them are second-generation rich kids from Jiangcheng's prestigious school, and the remaining woman is their English teacher.

They didn't come empty-handed, but brought quite a few handbags.

Some among them walked around the rooftop, and after confirming there were no issues, they took out the items from their handbags.

Inside the handbags, there were gags, collars, handcuffs and anklets, and some very provocative, enticing clothes.

One of the young men took out a camera.

Laughing, he said to the two women, "Miss Bai, let's see who's more formidable tonight between you and Lin Yan."

Upon his words, the woman referred to as Miss Bai said, "You guys are getting more and more outrageous, doing this in a hotel room before was one thing, but now you've brought it to the rooftop."

From her words, it was clear that these university students had indulged in this often in the past.

Lin Yan also spoke at this moment, "Let's go back to the hotel room, it's too cold here."

After she said this, the young man with the camera said, "Little bitch, get down, put on the tail."

While speaking, he slapped Lin Yan on her ass.

Lin Yan immediately got angry, "Li Yang, if you hit me again, see what happens? Do you still want to sleep with me?"

Li Yang grinned sheepishly, "Isn't this what you like?"

Lin Yan sneered, "Only if I'm willing, if you keep fooling around, tonight you'll just be watching me and Miss Bai with the other four."

Though all of them were second-generation rich kids, Lin Yan was the daughter of the richest man in Jiangcheng.

If Lin Yan wasn't such a slutty bitch, Li Yang and the others wouldn't even have a chance with her.

Seeing Lin Yan upset, Li Yang could only keep apologizing.

Lin Yan didn't continue to flare up, but Li Yang was only pretending to comply for the moment.

In his heart, he had already decided to do Lin Yan to exhaustion tonight.

Su Fan and Zhen Bingyu finally realized how outrageous these rich brats could be.

Lin Yan and Bai Wanrong were first disciplined by Li Yang, and then they lay on the camping mat, taking turns being ravaged.

With these people on the rooftop, Su Fan and Zhen Bingyu found themselves in a difficult dilemma.

Even though one was a master in the Hua Qi realm, and the other in the Gang Qi realm.

Under such circumstances, it was hard to extricate themselves.

Such a stimulating scene made Zhen Bingyu's eyes filled with allure, her gaze becoming hazy.

Her body slumped into Su Fan's embrace, and together with Su Fan, she silently watched the performance from afar through a gap between the fire water tank and the wall.

Li Yang, Lin Yan, Bai Wanrong, and the others obviously didn't expect.

Besides them, there were two other people on the rooftop.

And the secret of their group of seven was already known to Su Fan and Zhen Bingyu.

Although they stumbled upon this, Su Fan wasn't planning on doing anything.

Though Lin Yan and Bai Wanrong were both beautiful women, he had no shortage of beautiful women around him too.

Though he was vigorous and physically robust, he didn't feel the need to pursue Lin Yan just because she was pretty.

Lin Yan's group didn't mess around on the rooftop for too long.

Li Yang and the others weren't martial artists and had limited combat abilities.

Each person could only last about ten minutes before completely succumbing.

Even as the five of them tried their best, it lasted less than two hours in total, before the encounter was entirely over.

The group then packed their things and left the rooftop.

Once they left, Su Fan and Zhen Bingyu could finally get to their own business.

This time, no more surprises occurred on the rooftop, and until dawn, no one came over.

Of course, Su Fan and Zhen Bingyu didn't go until dawn either, as soon after, they were to face a real battle.

Chapter 963

After a thorough release, Su Fan returned to the room with Zhen Bingyu.

The night passed quickly.

Once Su Fan woke up, he soon received a call from Chen Hanqing.

"Mr. Su, Irudi and his people have already arrived in Jiangcheng."

"I'll send you the location where they are staying."

Upon hearing this, Su Fan showed a serious expression: "Okay."

Although this wasn't quite what he initially thought, the situation remained in their favor as the enemy was exposed while they were hidden.

At the same time, Irudi was also searching for Su Fan's whereabouts.

According to the intelligence gathered by Irudi, Su Fan had to pass through Jiangcheng on his way to the open sea.

As long as there wasn't any mistake in timing, Su Fan should be in Jiangcheng right now.

His judgment was correct, but finding Su Fan wouldn't be easy.

Originally, Liu Sheng Qingyin was part of Irudi's team.

However, this time, there was no sign of Liu Sheng Qingyin in the team.

This wasn't because Irudi felt sorry for her, thinking it would be dangerous, so he didn't bring Liu Sheng Qingyin along.

It was because Liu Sheng Qingyin was brutally tortured last night; she was severely injured and left in a hotel room by Irudi.

On the soft hotel bed, Liu Sheng Qingyin trembled as she reached for her phone.

Last night, she was hung and beaten by Irudi throughout the night.

Irudi made her take drugs that kept her in a frenzied peak state.

After being tortured by Irudi all night, she was covered in bruises and somewhat dehydrated.

After some effort, she finally managed to get her phone.

Then, trembling, she dialed a number, a call not to anyone else, but to Su Fan.

Such intelligence is easily available for purchase on the dark web.

Su Fan didn't know who was calling him.

Nonetheless, he answered: "Who are you?"

After he asked, he heard a weak voice coming through the phone.

"My name is Liu Sheng Qingyin, I've been with Irudi before."

"Now Irudi has arrived in Jiangcheng, he doesn't plan to duel with you on the open sea, but to ambush you in Jiangcheng."

"This time he has brought three Gang Qi Realm martial artists and hired a helper in the Gang Qi Realm."

Su Fan didn't understand why Liu Sheng Qingyin was helping him, so he curiously asked:

"Are you from the Liu Sheng family? Why help me?"

This time, Liu Sheng Qingyin spoke with a sobbing tone: "Because my biological father pushed me into the pit of fire."

"For a long time, I have been enduring Irudi's beatings and torture daily."

Su Fan paused for a moment, then said: "If your information is accurate, I will help you after this."

Liu Sheng Qingyin didn't speak this time; she didn't have any hope of receiving help, as she was disheartened.

Even her father could betray her; who else in this world would truly treat her well?

Su Fan didn't know Liu Sheng Qingyin's thoughts.

But the information provided by Liu Sheng Qingyin was indeed very useful.

If he didn't know that the other side of Irudi had two Gang Qi Realm experts,

it would be hard avoiding losses when fighting.

Moreover, this time, he was well-prepared, so he wasn't overly worried.

In a situation where he might be alone next time, Liu Sheng Qingyin's intelligence could save his life.

With Liu Sheng Qingyin's information, Su Fan became more cautious and took more initiative in the confrontation.

However, both sides had two Gang Qi Realm members; even with many advantages, he couldn't quickly eliminate Irudi.

Based on Liu Sheng Qingyin's information, Su Fan and his team soon saw Irudi and others in disguise.

Moreover, one of Irudi's Gang Qi Realm subordinates had come near Tian He.

Ning Tianhe glanced in Su Fan's direction, and Su Fan nodded in response.

Upon receiving the nod, Ning Tianhe did not hesitate.

"Bang!"

He suddenly attacked, landing a palm strike on the back of the middle-aged man's heart as he passed by.

This peak Gang Qi Realm expert didn't even manage a scream before dying on the spot!

Chapter 964

The sudden change startled Eludi.

But his reaction was very swift.

Although he didn't know why Su Fan and his group appeared here, it seemed they came on their own accord.

But as long as he knew that everyone in front of him was an enemy, that's enough.

When dealing with enemies, Eludi has never been merciful!

"Swish—"

He took a step forward, his figure moving like a phantom.

Ning Zhengde couldn't even see Eludi's move, and the opponent was already in front of him.

The magic staff in Eludi's hand fiercely struck towards Ning Zhengde.

Ning Zhengde dared not take it head-on; he could only dodge hastily.

As he narrowly dodged Eludi's staff, Eludi suddenly whipped his leg high and kicked his shoulder.

"Crack!"

The crisp sound of bones breaking instantly reverberated.

This sound was heard by everyone present.

Ning Zhengde's right shoulder was kicked, the bones shattered, and the enormous force made his whole body fly out.

At the peak of Gang Qi Realm, Ning Zhengde was so fragile in front of Eludi.

From this, we can see how strong this person's skills really are.

Moreover, Eludi had no intention of letting Ning Zhengde go.

As Ning Zhengde flew out, he chased after him.

Ning Tianhe, who was closest to Ning Zhengde, hurriedly stepped in to rescue.

"Bang!"

Ning Tianhe's kick collided fiercely with Eludi's kick.

This collision left Eludi unmoved, while Ning Tianhe was forced back three or four steps.

At the same time, others were also fighting together.

Their purpose for coming was to kill each other; once the fight started, it was a matter of life and death!

Though it sounds quite complicated, in reality, only eight or nine breaths had passed since the confrontation started.

Just a few moments of ordinary chit-chat, and both sides had already begun the battle.

According to Su Fan's initial plan, he was supposed to confront Eludi.

But now he was blocked by another Gang Qi Realm master, unable to go to Ning Tianhe.

The Gang Qi Realm master facing Su Fan was a waxy-faced, gaunt middle-aged man.

This person, whose identity was unknown, practiced the Trigram Dragon Palm.

Su Fan exchanged several palm strikes with him and clearly felt the strength of this man.

This martial artist using Trigram Dragon Palm was named Sun Hong, an old friend of Eludi and a traitor in the Chinese martial arts world.

Sun Hong, in years past, killed his master, abducted his master's wife, and his senior and junior sisters, then fled overseas.

Moreover, his senior and junior sisters were his master's daughters.

It's clear what someone like Sun Hong would do after abducting those three women.

Indeed, those three women bore sons and daughters for him.

At that time, Sun Hong was hunted by the Chinese martial arts world.

Times have changed, and now the storm has passed, Sun Hong has returned to China.

Sun Hong, when fighting Su Fan, felt quite shocked.

"Eighteen years after returning to China, never thought the Chinese martial arts world would have such young masters!"

When he fought Su Fan, he went all out from the beginning.

But even when he resorted to lethal moves, he couldn't gain any advantage over Su Fan.

Su Fan, though unaware of Sun Hong's treacherous past, including harming his own daughters, didn't hold back in his fight with Sun Hong either.

Su Fan was all hands on deck, fully committed to fighting Sun Hong!

Su Fan had an advantage in the realm of Gang Qi.

Eludi had only three Gang Qi Realm helpers, while Su Fan had five.

Chapter 965

The elite martial artist of the Transforming Qi Realm beside Eludi was already dead. Although Ning Zhengde was injured on Su Fan's side, he still possessed significant deterrence.

However, Ning Zhengde did not make a move at this moment.

Zhao Chunqiu and Xia Zhaonan teamed up to fight against one Transforming Qi Realm martial artist.

Ning Miaoxi and Zhen Bingyu did the same.

Zhao Chunqiu and Xia Zhaonan were both veteran experts with extremely rich combat experience.

Xia Zhaonan's nickname "Xia's Flying Leg" in the martial arts world was absolutely well-deserved.

At this moment, he continually displayed a chain of kicks, suppressing the elite martial artist brought by Eludi to the point where he couldn't even retaliate.

Zhao Chunqiu showed no courtesy to the opponent either and directly used weapons!

The weapon he practiced was the Tang Heng Dao!

With Xia's Flying Leg suppressing the opponent up front, his attacks could easily achieve success!

After less than twenty rounds of fighting, the Tang Heng Dao in his hand pierced into the opponent's heart!

"Pfft!"

A shower of blood arrows spurted out, and the second Transforming Qi Realm expert brought by Eludi died on the spot!

Next, Zhao Chunqiu immediately went to support Zhen Bingyu and Ning Miaoqi.

"Pfft!" Xia Zhaonan, meanwhile, staggered twice, and spat out a mouthful of blood.

Thanks to Su Fan's treatment, he had recovered considerably, but after all, he hadn't reached peak condition yet.

During the intense life-and-death struggle just now, he dared not be careless and exerted himself beyond his limits; now his True Qi was somewhat chaotic, and he was unable to continue fighting.

However, it did not affect them, as Eludi's side only had one Transforming Qi Realm elite left.

This person definitely stood out in the Transforming Qi Realm.

Even when facing Zhao Chunqiu, Zhen Bingyu, and Ning Miaoqi simultaneously, he didn't quickly fall.

Though he was being beaten and forced to retreat constantly, he clearly could hold on for a while.

Seeing this scene, Xia Zhaonan helplessly had to forcibly suppress his injuries and join the battle.

The opponent was barely coping earlier, but now that Xia's Flying Leg joined the battle, the opponent immediately became unable to withstand.

"Bang!"

Xia Zhaonan suddenly kicked and broke several of the opponent's ribs.

Zhao Chunqiu's Tang Heng Dao was firmly locked by the opponent's hands joined together!

However, Ning Miaoqi's two three-edged military daggers pierced into the opponent's kidneys.

Zhen Bingyu used a tactical knife to successfully slit the opponent's throat.

"Pfft!"

After finishing the ordeal, Xia Zhaonan spat out another mouthful of blood, and now he was completely incapable of battling.

Zhao Chunqiu, Zhen Bingyu, and Ning Miaoxi didn't delay and went to support Ning Tianhe at the first opportunity.

Ning Tianhe was originally not weak in strength, but after all, he had just recovered from severe injuries and hadn't reached peak form.

His battle with Eludi immediately filled with dangers.

Even if Zhao Chunqiu and the others hurried to help, the situation was still very adverse for them!

Eludi was simply too formidable; ordinary Gang Qi Realm experts weren't his match!

However, Sun Hong chose to speak up at this moment.

"Eludi, you handle him; I'm not his match!"

Su Fan initially wanted to capitalize on his momentum to deal with Sun Hong, but this person wasn't weak either.

His strength wasn't as great as Eludi's, yet he was significantly stronger than Ning Tianhe.

Eludi didn't hesitate and directly came to face Su Fan.

Sun Hong struck the air with a move, then faced Ning Tianhe and the others, engaging them directly.

When Eludi appeared in front of Su Fan, he wasn't urgent to strike.

He looked at Su Fan with admiration and said something that would infuriate the high-ups of Japan's Liu Sheng Clan.

"Your strength is quite impressive. If you are willing to join me, I can turn the guns around and we can share the benefits of the Liu Sheng Clan together."

Japan's Liu Sheng Clan's top management definitely didn't foresee that Eludi was a downright despicable scoundrel.

Having taken their benefits, he not only wasn't preparing to do their business but also planned to reverse and kill his employers.

Chapter 966

For such a capricious person, Su Fan certainly couldn't cooperate with him.

Without Su Fan speaking, Iludi could only shake his head in disappointment: "It seems you're not going to cooperate with me."

"Since that's the case, then you must die!"

As he uttered the word "die," his figure rapidly moved towards Su Fan, closing in swiftly.

Iludi held a Philippine Demon Cane in his hand, and Su Fan was not unarmed to engage with him.

The Tai Chi Sword, forged from Yang Xuan Iron Alloy, unsheathed with a clanging sound!

A battle between Gang Qi Realm martial artists requires top-tier weapons.

Weapons forged from ordinary metal find it difficult to cut through the protective energy shield of a Gang Qi Realm weapon.

However, neither Su Fan's Tai Chi Sword nor Iludi's Philippine Demon Cane were typical alloyed cold weapons.

The true qi of both in the Gang Qi Realm could flow through their respective cold weapons.

"Swish! Swish! Swish!"

"Clang! Clang! Clang!"

The confrontation between Su Fan and Iludi was extremely swift and perilous!

In this bout, both were using lethal moves continuously!

The Tai Chi Sword forged from Yang Xuan Iron Alloy clashed with Iludi's Philippine Demon Cane, sparking a series of tiny sparks!

"Ding!"

After another fierce exchange, Su Fan held his sword in his right hand and formed a sword finger with his left, aiming at Iludi with the stance of an immortal pointing the way!

Iludi, wielding a Philippine Demon Cane forged from alloy in each hand, looked at Su Fan with great caution.

Though outwardly calm, his heart was like a stormy sea!

According to the information he bought from the dark web, Su Fan was a Tai Chi Boxing expert, lacking proficiency with weapons.

Yet, it turned out that Su Fan evidently possessed extraordinary talent and skill with weapons.

His proficiency with the Tai Chi Sword was flawless and continuous.

Since Iludi's debut, it was the first time he had encountered such a formidable Gang Qi Realm martial artist!

Not far away, Sun Hong, as well as Ning Tianhe and others, were equally astounded.

While engaging in their own battles, they kept an eye on Su Fan and Iludi's situation.

They were well aware of Iludi's strength, and yet even someone as formidable as Iludi was locked in a stalemate when fighting Su Fan!

This left Sun Hong and the others deeply shocked!

Ning Zhengde and Xia Zhaonan, too, were astonished by Su Fan and Iludi's battle.

The participants couldn't see clearly, but the spectators did.

After being injured, the two could only watch from the side.

The danger in Su Fan and Iludi's life-and-death struggle was clearly visible to them.

Only now did they truly know just how strong Su Fan was.

Still, they couldn't help but worry. Despite Su Fan's formidable strength, he was, after all, too young.

No matter how talented he is, his battle experience can't compare to Iludi's.

Iludi, of course, knew what his advantages were.

Therefore, he continuously launched strong and swift attacks, like thunder and lightning.

The goal was to force Su Fan into a hectic defense, preventing him from mounting an effective offense.

If Su Fan's defense showed any gaps, there was a good chance Iludi could crush Su Fan's skull with the Philippine Demon Cane in his hand.

Su Fan, of course, had no idea what Iludi was thinking.

He was now completely immersed in this life-and-death battle, deeply comprehending the Tai Chi Sword.

Previously, he had received the true Tai Chi methods from the Yin-Yang Fish Jade Pendant.

But he hadn't really applied the Tai Chi Sword in real combat.

Only in this real-world application did he realize the power of this swordsmanship.

"Swish!"

Faced with Iludi's swift and aggressive assault, Su Fan was not merely defensive.

Tai Chi emphasizes counteracting with subsequent action, defending to attack.

Every time Iludi struck, Su Fan could counter while defending.

However, since both he and Iludi were top-tier experts, a rapid resolution was not easy.

Chapter 967

"Ding!"

The Tai Chi Sword in Su Fan's hand continuously clashed with Erudi's Magic Stick.

Although the situation was at a stalemate, Su Fan was not worried.

As time passed, he would have a higher degree of understanding of the Tai Chi Sword within the Tai Chi formation.

By then, it wouldn't be impossible for him to suddenly strike Erudi down with a sword.

Su Fan's side was not at a disadvantage and was even gradually gaining some advantage.

On Ning Tianhe's side, however, they were being heavily suppressed by Sun Hong.

Sun Hong, although not a match for Su Fan, was very strong.

Dealing with Ning Tianhe and the others was more than enough for him.

The key to victory or defeat returned once again to the battle between Su Fan and Erudi.

In this life-and-death struggle, Su Fan had the upper hand.

However, this advantage was difficult to expand.

Compared to Su Fan, Erudi was getting anxious.

He had come in secret this time, intending to quickly deal with Su Fan.

Unexpectedly, his whereabouts were discovered by Su Fan, who even personally led people to intercept him.

This place was within the borders of China, and if other martial artists found out about this situation, they might come to intervene.

Especially knowing that Sun Hong was on the wanted list in the martial arts world of China.

Erudi desperately wanted to end the battle quickly to avoid any unforeseen complications.

Helplessly, he had to take a Palleyburg pill to unleash his potential.

After consuming the brown pill, Erudi's focus, reaction speed, perception, and physical flexibility all improved.

Furthermore, the speed of True Qi circulation within his body increased significantly.

In this state, his strength was clearly enhanced a lot.

But an unexpected situation occurred for Erudi, despite his increased power, it seemed Su Fan's strength had synchronously improved.

To be precise, Su Fan's Tai Chi swordsmanship became increasingly formidable at that moment.

"Swish! Swish! Swish!"

The longsword in Su Fan's hand became increasingly swift and agile, unpredictable.

Erudi found it very difficult to ascertain where Su Fan would strike next, or which part he would target.

Upon comprehending the essence contained in the Taiji Sword, Su Fan's Tai Chi Sword acquired a profound and mysterious charm.

Not long before, Erudi used the Palleyburg drug, which Sun Hong had also seen.

Sun Hong thought, this time, Su Fan should be finished.

Unexpectedly, Su Fan was still fighting Erudi on even terms.

Moreover, as time went on, Erudi was increasingly being suppressed by Su Fan.

This caused Sun Hong to become extremely anxious.

The circumstances they faced with Su Fan's group were completely unlike what Erudi had initially anticipated.

"Puchi!"

A shocking scene also occurred at this moment.

With a sudden strike, Su Fan's sword created a bloody wound on Erudi's shoulder.

Erudi's face darkened, and with his Magic Stick, he swept horizontally towards Su Fan's neck again.

Su Fan leaped into the air, evading Erudi's sweeping blow, and his Tai Chi Sword thrust violently towards Erudi's eye.

Erudi dared not be careless, and swiftly parried with the metal stick in his hand.

"Clang!"

Su Fan's Tai Chi Sword was blocked by Erudi.

Erudi took the opportunity to swing the other Magic Stick in his hand fiercely at Su Fan.

Su Fan's Tai Chi Sword that had been deflected, swiftly flicked upwards, slicing Erudi's wrist, causing a torrent of blood to gush forth.

"Ah—"

An extremely shrill scream came out of Erudi's mouth.

This time he encountered a tough opponent; even after using all his means, he was still no match for the other side.

Chapter 968

After his wrist injury, Iludi's strength immediately plummeted.

Su Fan had always been reactive, using defense as his offense.

Once he gained the upper hand, his entire aura changed instantly!

Following that, he switched from defense to offense, and the roles of attack and defense officially reversed!

Before Iludi got injured, he couldn't do much against Su Fan.

Now, not only was his shoulder injured, but his wrist was as well, signaling his doom!

Su Fan unleashed the full might of the Thirteen Tai Chi Swords.

"Swish! Swish! Swish! Swish!"

Suddenly, streaks of frosty white sword light struck terror into the hearts of onlookers.

Iludi soon had a third, then a fourth wound on his body.

At this point in the fight, Iludi no longer dared to linger.

Without a word, he wielded a magical stick from Fei Country, fiercely smashing it towards Su Fan's head.

Su Fan easily dodged and quickly pursued.

At this moment, Iludi was escaping frantically, with his back exposed.

Su Fan drew the Jinghong Dagger from his sleeve and, like a thrown dart, hurled it at Iludi.

Although Iludi was fleeing for his life, he remained vigilant of what was behind him.

"Buzz——"

When Su Fan threw the Jinghong Dagger,

he immediately formed a protective True Qi barrier around his body.

The Jinghong Dagger clashed with the protective barrier, making a "clang" sound before being deflected!

However, while maintaining the protective barrier in his flight, Iludi's speed naturally slowed down.

Su Fan quickly appeared behind him and delivered a punch!

"Bang!"

This punch caused Iludi's protective barrier to tremble violently.

After the abrupt punch, Su Fan followed with several more in quick succession.

"Crack!"

Although Iludi's protective barrier was strong, his current state was unstable, and the side effects of the medicine kicked in.

Under such circumstances, Su Fan broke his protective barrier with eight consecutive punches!

For a martial artist in the Gang Qi Realm, a shattered protective barrier meant the end of their life.

"Pfft——"

As expected, with a flash of blood, Su Fan used the Tai Chi Sword in his hand to slice Iludi's throat!

Then, his gaze shifted to the battle in the distance.

That battlefield had already concluded.

It wasn't because Sun Hong was dead, but because Sun Hong had escaped.

Apart from Zhao Chunqiu, everyone from Ning Tianhe's group was injured.

In the confrontation led by Su Fan against Iludi's group, Su Fan's side claimed a huge victory.

Out of Iludi's five men, four died and one fled.

However, they also paid a price.

Out of seven martial artists, five were injured, especially Ning Tianhe who nearly had a leg broken.

Su Fan searched Iludi's body briefly and found his Dark Web Crystal Card.

The Dark Web Crystal Card is like a small treasure chest for martial artists, with it in hand, the funds and valuables stored in the dark web warehouse would belong to him.

Without paying further attention to Iludi, Su Fan quickly approached Ning Tianhe and others.

He provided some basic treatment to them first, then said to Zhao Chunqiu:

"Old Zhao, deal with these bodies."

"I'll see if I can catch up to the one who fled, and also check out where Iludi and his people were staying."

"The others should go to the big hospital in Jiang City for treatment, then return to Yang City where I'll continue aiding your recovery."

After Su Fan spoke, Zhao Chunqiu and the others nodded: "Alright."

This operation was a tremendous victory.

Under normal circumstances, killing a high-level Qi Condensing expert or a Gang Qi Realm expert requires risking one's life!

This time, they only suffered some minor injuries, without any severe casualties.

Chapter 969

On the way here, Xia Zhaonan and the others even considered whether they could return alive this time.

Now, things are better; all seven of them have made it without missing anyone.

Su Fan went after Sun Hong, but it's clear he couldn't catch up.

When Irudi escaped, Sun Hong had already fled.

At that moment, he foresaw that Irudi would definitely die here today.

His judgment was correct, so he decisively fled at that time, and indeed it allowed him to cheat death.

Su Fan chased for a distance but truly couldn't catch up with Sun Hong.

He could only head to the hotel where Irudi was naturally staying to check the situation.

At that hotel, there wasn't much going on.

Sun Hong was scared out of his mind and didn't have the courage to go back.

This time Irudi didn't take any valuable items, the hotel only had an ordinary suitcase and Liu Sheng Qingyin.

Su Fan asked Chen Hanqing to check the room Irudi had rented in the hotel, and then he climbed in through the window.

In this room, he saw Liu Sheng Qingyin covered in injuries from Irudi's beating.

Liu Sheng Qingyin should have been extremely beautiful before, but now she was in a terrible state.

Her eyes were beaten into panda eyes, and there were slap marks and bruises on her cheeks.

Su Fan's arrival made Liu Sheng Qingyin very frightened.

She had seen a photo of Su Fan, so she knew who he was.

Although she had provided Su Fan with very useful information not long ago.

But Su Fan and the Liu Sheng family were still enemies.

Even though she had no relations with the Liu Sheng family anymore, she still feared that Su Fan might kill her because of her identity.

Seeing Liu Sheng Qingyin extremely nervous, Su Fan said, "You don't need to be afraid; I'm a man of my word."

"The information you provided was very useful to me. Now out of Irudi's five-member group, except for one Gang Qi Realm martial artist who escaped."

"Irudi and the other three Hua Qi realm experts are already dead."

"You are very safe now. You can also tell me about your situation, and the details of the Liu Sheng family."

Liu Sheng Qingyin nodded with difficulty upon hearing this.

Su Fan quickly understood why it was so difficult for Liu Sheng Qingyin to nod; her throat had suffered some cruel torture and was already injured.

Not only her throat but even her neck was injured.

The proud snow plum on her snow-white peaks still had several metal needles piercing through it.

Last night, Irudi seemed intent on torturing Liu Sheng Qingyin to death, but Liu Sheng Qingyin was lucky enough to survive.

Su Fan soon also discovered that Liu Sheng Qingyin's secret garden was similarly pierced together with metal needles by Irudi.

Even nourishing her with the gentle Tai Chi True Qi while removing the needles, Liu Sheng Qingyin still screamed in agony.

Given Liu Sheng Qingyin's current state, she obviously couldn't be moved, so he could only provide her with some treatment.

Her white, tender peaks bore many scars from cigar burns, looking rather shocking.

While Su Fan applied acupuncture techniques and Tai Chi True Qi to treat Liu Sheng Qingyin,

Liu Sheng Qingyin told Su Fan everything she knew.

She was born into the Liu Sheng family, so she was quite knowledgeable about their situation.

With the information she provided, when Su Fan and Zhao Chunqiu later sought revenge on the Liu Sheng family, they'd be more assured.

While treating Liu Sheng Qingyin, when Su Fan touched her spine, he couldn't help but frown.

Seeing Su Fan's frown, Liu Sheng Qingyin couldn't help but speak with a sob, "Will I not be able to stand up?"

Actually, from the moment she lost all feeling in her legs, she knew she would spend the rest of her life in a wheelchair.

Chapter 970

Su Fan sighed and nodded, "Your spinal injury is very severe, and I can't do anything about it in the short term."

"However, I can provide you with ongoing acupuncture treatment and have you undergo some rehabilitation training."

"In this way, within as few as one to two years, or as many as three to five years, you may still be able to stand."

Iludi is evidently a very violent person.

No matter how you look at it, Liu Sheng Qingyin had shared a bed with him for such a long time.

Yet he showed no mercy when he acted.

If it wasn't Iludi who died this time, but him.

Then if Iludi returned to the hotel, he might have tortured Liu Sheng Qingyin to death.

Liu Sheng Qingyin was somewhat incredulous upon hearing Su Fan's words.

She was willing to do anything as long as she wouldn't have to spend the rest of her life in a wheelchair.

"Doctor Su, is it true?"

"Can I really recover?"

Su Fan nodded, "Yes, but it will be very hard."

His medical skills are indeed formidable, but for such severe injuries, only after treatment can one slowly recuperate and recover.

He somewhat understood why Liu Sheng Qingyin hated the Liu Sheng family so much.

Because the Liu Sheng family was the first to abandon her, subjecting her to inhumane torment.

After treating Liu Sheng Qingyin, Su Fan began to arrange for everyone to return to Yang City.

Ning Zhengde and Ning Tianhe had initially wanted to seize the momentum to resolve the issue of the Ning family's second household as well.

However, with a pair of patients, it's clear that they need some time to recuperate before tackling other matters.

Under Su Fan's arrangements, including Liu Sheng Qingyin, everyone quickly returned to Yang City.

Liu Sheng Qingyin was also arranged by him to stay in Villa No. 5 in the Bai Yulan villa district, where she would need lengthy treatment to recover.

Iludi went to Huaxia to assassinate Su Fan, but once he left, he vanished without a trace.

Even though Su Fan did not deliberately publicize this matter, anyone with discernment knew what had happened.

Without a doubt, the King of the Philippine Black Stick, Iludi, was most likely dead!

On the dark web, many people were already discussing this matter.

Su Fan was not concerned about the sinister intrigues on the dark web.

He had three matters to handle now.

In a short while, the female Family Head of the Qin Province's top noble family, Chen Mengfei, would be visiting Dongfang Pharmaceuticals.

To advance his relationship with Chen Mengfei, he needed to make preparations.

For a woman of Chen Mengfei's caliber, the number of men in the world who are worthy of her is few.

The second matter is, of course, the city-level competition of the Huaxia Famous Doctors' Competition.

In about two months, the city-level competition will kick off.

However, given his medical expertise, he is clearly the kind to mow down all obstacles before the national competition.

The final matter concerns the Ning family's second household.

After the city-level competition of the Huaxia Famous Doctors' Competition, led by Ning Qi Yun, a group of people still needs to be dealt with.

In the following days, while treating the injuries of Ning Tianhe and others, Su Fan was also having Dongfang Pharmaceuticals prepare a new product.

This new product is called Beauty Water.

Appearance is both important and not very important to men.

But for women, appearance is extremely important.

Even with Chen Mengfei's impressive status, she is still a woman.

Although she has no partner, she is still very concerned with her appearance.

As a result, she would definitely be interested in the Beauty Water that Dongfang Pharmaceuticals is launching.

Beauty Water, although a skincare product, is not an ordinary skincare product.

Ordinary skincare products are mostly for external use, but Beauty Water is meant for internal consumption.

External skincare products mainly address symptoms rather than the root cause.

Beauty Water is different; it deeply nourishes, regulates, and repairs the skin.

Though a skincare product, it can be consumed like a beverage.
