Chapter 981

Su Fan certainly did not administer continuous treatment to Jiang Gao, he merely prescribed a few medications for Jiang Gao to keep taking.

However, he was not going to disclose this, and since he didn't mention it, Jiang Gao wouldn't know.

Although Jiang Gao was already lying in the hospital room, his ambition for his career hadn't stopped.

After chatting with Su Fan about the illness and exchanging some casual conversation, he asked, "How is Oriental Medicine developing now?"

Despite having physical issues, his mind was very clear.

Initially, he did not realize the immense potential and value of Oriental Medicine.

But now, he fully recognizes what an immensely potential-filled company this truly is.

Su Fan did not anticipate Jiang Gao asking about this, but he replied truthfully:

"Oriental Medicine has currently reached a collaboration with Gu Yu Capital and several of its affiliated enterprises."

Upon hearing this, Jiang Gao's face revealed surprise, mixed with joy and worry.

He certainly knew that Gu Yu Capital was the premier family enterprise in Qin Province, the main entity of the Chen family businesses.

After Su Fan linked up with the Chen family, he might not continue to develop businesses in Yang City.

Jiang Gao could only cautiously ask, "Does Divine Doctor Su want to move Oriental Medicine to Xijing or Yu City?"

The Chen family holds considerable influence in both Xijing and Yu City.

After cooperating with the Chen family, Su Fan could conduct business activities in their domain, thereby gaining various advantages.

Su Fan shook his head, "Oriental Medicine will always be rooted in and develop with Yang City."

These words, of course, greatly pleased Jiang Gao.

At the same time, Jiang Gao secretly lamented his misfortune.

Otherwise, with the trump card of Oriental Medicine at hand, he could advance further and work in the province.

But there's no need to rush, in about three months, he'll recover.

The two then exchanged a few more words.

Subsequently, Su Fan advised Mayor Jiang to rest more and left with Bai Man.

He did not return to his own office but instead went with Bai Man to her office.

Of course, Bai Man knew why he followed, but she was powerless against Su Fan.

Upon entering the office, Su Fan was indeed not courteous with Bai Man.

He casually closed the office door and lifted Bai Man up.

Held by Su Fan, Bai Man did not resist and instead asked a question related to Su Fan's company.

"Why doesn't your company develop in Xijing or Yu City?"

Su Fan certainly didn't hide from Bai Man and immediately said:

"I'm planning to make Yang City my stronghold, just like the Parley family developed Parley Island from a barren place to today's Parley Fortress."

Bai Man, upon hearing this, was quite surprised, "Isn't that kind of thing hard to achieve?"

Su Fan nodded, "It's indeed difficult, but with Oriental Medicine's potential, it can propel Yang City's progress."

"Moreover, Ning's family from Weining Maritime has also moved their family headquarters to Yang City."

"Even though Yang City can't engage in maritime or shipbuilding, Ning's family can still do other businesses."

"In the future, Yang City will also rise to become an international metropolis."

As Su Fan talked about these things with Bai Man, he slipped his hand beneath Bai Man's clothes.

Bai Man did not stop him, but asked, "Feels good?"

This question was certainly difficult for Su Fan to answer, so he could only respond with a firm squeeze.

Bai Man immediately glared at him, "A bit gentler, do you want to crush it?"

With those words, Su Fan kissed Bai Man and said, "I wouldn't dare."

Bai Man snorted lightly, "You say you wouldn't dare, yet each time you squeeze with such force."

Su Fan smiled, then pressed Bai Man down onto the sofa, his entire body over her.

His other large hand simultaneously slipped beneath Bai Man's clothes.

Bai Man's pair of soft peaks, under his hand like dough, began to be squished and kneaded.

His medical skills, martial arts, wealth, and status had all dramatically advanced from the beginning.

But the accompanying troubles also gave him quite a headache.

Previously, when he wasn't this powerful, he had plenty of time to dote on Bai Man.

Now, he only has opportunities every few days, not knowing when all these troubles will finally end.

Chapter 982

When Su Fan and Bai Man were in an intense moment, his enemy was making a difficult decision.

The Eastern Isles is an island country, surrounded by many large and small deserted islands.

Some deserted islands are even auctioned to outsiders.

However, most people, even if they have money to spare, wouldn't buy an island from the Eastern Isles.

On one of these islands, there is the residence of Yagami Takuji's uncle, Yagyu Zhengren.

Yagyu Zhengren was pondering whether to take people to China to confront Su Fan or to take people to confront Yagami Takuji and his people.

Yagyu Zhengren has never been of good character; there is even a saying that Yagyu Takayuki is his son.

Others do not know the truth of this rumor, but Yagyu Zhengren knows it is very likely true.

Because he and his third brother, during a drunken night many years ago, took advantage of the sister-in-law.

Yagyu Takayuki might be his child, or maybe his third brother's.

Of course, these things aren't important to Yagyu Zhengren.

What he cares about now is only the interests.

If he kills Su Fan, he can obtain half of the Yagyu family.

If he kills Yagami Takuji and the others, he can obtain the entirety of the Yagyu family.

What he needs to consider is the difficulty of accomplishing these two things.

In the room, Yagyu Zhengren poured himself a cup of tea and said to the young woman opposite him:

"Kaori, what should I do?"

Yagyu Kaori is Yagami Takuji and Yagyu Takayuki's sister, the youngest person of that generation in the Yagyu family.

She holds two identities: one as Yagyu Zhengren's niece, and another as Yagyu Zhengren's wife.

She is the link preventing a fight between Yagyu Zhengren and the Yagyu brothers, and a sacrifice to family interests.

Yagyu Kaori is an extremely capable woman, whether in bed or out.

Since the family abandoned her, she naturally held no goodwill toward it.

When asked by Yagyu Zhengren, she directly said, "We shouldn't deal with Su Fan, but should find a way to cooperate with him."

Yagyu Zhengren's expression revealed surprise.

He racked his brains but hadn't thought of such a method.

Yagyu Kaori continued, "I have investigated thoroughly, the hatred Su Fan holds against the Yagyu family has nothing to do with us."

"We did not participate in the massacre of the Zhao family."

"Previously, any actions of the Yagyu family against Su Fan also had no relation to us."

"Having a separate fight with Yagami Takuji and Yagyu Takayuki will be very dangerous."

"The best way is to cooperate with Su Fan."

"I can personally go to China and facilitate this matter for you."

"Meanwhile, your demands on Yagami Takuji and Yagyu Takayuki should aim for delay."

This time, Yagyu Zhengren fell silent, as his earlier thoughts were more focused on dealing with Su Fan.

Given Yagami Takuji's credibility, once the matter succeeded, half of the Yagyu family would surely be given to him.

But at this moment, he was tempted by Kaori's suggestion.

If this matter succeeds, he would gain the entire Yagyu family.

However, there was still one problem, so he asked, "How do we explain it to Fujimura Sword Saint?"

Fujimura Sword Saint, named Yagyu Jyugong, is a Martial Arts Grandmaster and also Yagyu Zhengren's uncle.

Yagyu Kaori replied nonchalantly, "Once Yagami Takuji and the rest are dead, you will be the sole heir of the Yagyu family."

"Fujimura Sword Saint is currently not in the Eastern Isles, and when he returns to find that you're the only direct family member left."

"No matter his anger, he won't do anything to you."

This time, Yagyu Zhengren completely agreed!

What Yagyu Kaori said was entirely correct, the Yagyu family, despite its prosperity, has only two direct branches in total.

His branch and Yagami Takuji's branch.

Thinking of this, he moved to Yagyū Kaori's side, directly pushed her down, and casually lifted her skirt.

Chapter 983

Before his beloved wife leaves Japan, he wants to go utterly mad with her.

Though Yagyū Kaori's eyes are seductive, beneath her allure, flames of hatred burn fiercely.

Because there's one thing she hasn't told Yagyū Zhengren.

That is, if both Yagami Takuji and Yagyū Zhengren die, she will be the sole direct heir.

Although Yagyū Kaori is Yagyū Zhengren's third wife, she has never considered him her husband.

In her heart, Yagyū Zhengren, Yagami Takuji, and others are nothing but beasts.

A day later, Yagyū Kaori officially left Japan, secretly heading to China.

She is just an ordinary woman, so Yagyū Zhengren would not think she could accomplish anything earth-shattering.

However, Yagyu Zhengren was wrong. Though Yagyu Kaori is not a Martial Artist, just an ordinary woman, she is very beautiful.

If a woman is very beautiful and has a great figure, her body becomes a powerful weapon.

No matter how heroic or ambitious, someone might succumb to such a woman.

So after becoming Yagyu Zhengren's wife, Yagyu Kaori went all out.

Since she was willing to make such a sacrifice, she naturally received unexpected gains from everyone.

After all, Yagyu Jyugong, Yagyu Zhengren, Yagami Takuji, and Yagyu Takayuki, these four most powerful men of the Yagyu family, were all her consorts.

She went to Su Fan for a collaboration, bringing three gifts that Su Fan would definitely be interested in.

Because the first gift is the formula for Yin Mysterious Gold. The second gift is the thirteenth volume of the Qi Huang Medical Codex.

As for the third gift, it was herself.

Su Fan, far away in Yang City, was still unaware that the opportunity to destroy the Yagyu family had arrived.

These days, with Zhou Jie away, Bai Man bore the brunt of his firepower.

If someone observed carefully in the hospital, they would notice Bai Man's walking seemed a bit unnatural.

There was no helping it because Su Fan was extremely vigorous, showing no pity or tenderness.

That day, as usual, Su Fan finished his work at the hospital and was preparing to go to his company when he received a phone call.

"Doctor Su, I'd like to discuss something with you."

The voice on the other end was a stranger's female voice.

Su Fan casually asked, "Who are you, and what do you want to discuss with me?"

The person on the other side didn't reveal their identity but said, "I'm on the road across from the hospital where you work. We can meet and talk more."

Su Fan initially didn't feel like paying attention to her, but since she was on the road across from the hospital, he thought he might as well go and take a look.

He left the hospital and saw many people on the road opposite.

Then a woman, about twenty-seven or twenty-eight years old, waved at him.

This woman gave off an extremely gentle and demure impression.

At least from her appearance, she seemed to be a virtuous wife.

Su Fan drove over and approached her.

Then the woman confidently got into his car.

Without waiting for her to speak, Su Fan immediately grabbed her wrist while looking at her handbag.

As he held Yagyu Kaori's wrist, Su Fan felt surprised and a bit regretful.

Extremely Yin body! She's also an Extremely Yin body!

But unfortunately, Yagyu Kaori had already been with someone.

After a brief surprise, he asked, "Who are you? What's in your handbag?"

Yagyu Kaori hadn't expected Su Fan to be so cautious. Clearly, she's not a Martial Artist, yet Su Fan was this vigilant.

She could only immediately open her handbag to show Su Fan.

There's not much inside, almost everything is visible at a glance.

Her handbag didn't contain any weapons or explosives.

Naturally, Su Fan felt reassured at this point and released Yagyu Kaori's hand.

Chapter 984

Yagyu Kaori, this time, still didn't reveal her identity and said, "Let's find a quiet place to talk."

Su Fan nodded. Considering the other party's extremely yin physique, he was still willing to have a proper conversation with her.

It must be said, Yagyu Kaori's Chinese is very good.

Even now, Su Fan hadn't realized that she wasn't Chinese, but a Japanese.

Su Fan quickly booked a room at a hotel to have a conversation with Yagyu Kaori.

After arriving at the hotel, Yagyu Kaori straightforwardly revealed her identity.

"My name is Yagyu Kaori, and I want to collaborate with Mr. Su Fan in my personal capacity."

"As for my status in the Yagyu family, there are many."

"I am the sister of Yagami Takuji and Yagyu Takayuki, the niece of Yagyu Zhengren, and the grandniece of Yagyu Jyugong."

"Additionally, I am also the lover of those four men."

As soon as Yagyu Kaori spoke, she shocked Su Fan.

Although he knew the Japanese were unconventional, he didn't expect them to be this unconventional.

Seeing Su Fan silent, Yagyu Kaori continued with a bright smile:

"Does Mr. Su Fan want to hear my story first, or about my cooperation proposal?"

Su Fan casually said, "You can talk about both."

Yagyu Kaori nodded and then slowly unfolded the story of a disgraceful family to Su Fan.

Only then did Su Fan realize that the Yagyu family was more evil than he had imagined.

Yagami Takuji and others not only took away Yagyu Kaori's virginity but also violated her more than once.

Finally, for the family's interests, she even became the third wife of Yagyu Zhengren.

When she visited the Yagyu elder, Yagyu Jyugong, she was confined by him for a month.

It can be said that Yagyu Kaori's life is filled with blood, tears, and bitterness.

After she mentioned all this, Su Fan calmly said, "How do you plan to cooperate with me?"

Su Fan realized that Yagyu Kaori was a higher-level insider than Yagyu Seiun.

Yagyu Seiun only knew some intelligence about the Yagyu family, while Yagyu Kaori could be an undercover agent around the Yagyu family's upper echelons.

Yagyu Kaori spoke softly, "This time, Yagami Takuji used half of the Yagyu family's interests to ask Yagyu Zhengren to act against Mr. Su Fan."

"Yagyu Zhengren is a late Gang Qi Realm expert, surely capable of causing Mr. Su Fan some trouble."

"However, I gave Yagyu Zhengren a suggestion..."

Yagyu Kaori quickly laid out her plan comprehensively.

After she finished speaking, Su Fan couldn't help but seriously reevaluate the woman in front of him.

Clearly, Wang Fei isn't the only ambitious woman in this world.

It's just that Wang Fei was unlucky, and not as cunning as Yagyu Kaori, so she became a plaything.

Yagyu Kaori is different; she is very patient, extremely intelligent, and also very ruthless.

In her plan, Yagami Takuji and the other two have to die.

In fact, Yagyu Kaori didn't mention one thing, which is that when the time is right, she hopes Yagyu Jyugong dies without a grave as well.

After giving it some thought, Su Fan said, "Your plan is good, but it also carries great risk."

"Especially, I can't be sure if this is a trap set up by the Yagyu family for me."

"Perhaps, after I arrive in Japan, instead of Yagyu Zhengren and I teaming up against Yagami Takuji,"

"it might be them teaming up to eliminate me completely."

Yagyu Kaori nodded, "So I am willing to show the utmost sincerity for cooperation."

As she spoke, she took out a notebook from her handbag and handed it to Su Fan.

"This is the formula and method for making Yin Mysterious Gold. I suppose you have the formula and method for Yang Mysterious Iron on you as well."

"If all goes well, you should be able to create the Yin-Yang Mysterious Gold, a special alloy that encapsulates the wisdom of ancient martial artists."

Chapter 985

Su Fan didn't expect that Yagyu Kaori would have such sincerity!

However, Yagyu Kaori's sincerity was not limited to that.

She quickly took out a second diary from her handbag.

And said to Su Fan, "This is the thirteenth volume of the Qihuang Medical Compendium, it should be very helpful to you."

This time, Su Fan couldn't help but be shocked again; this was something he desperately needed!

The Qihuang Medical Compendium consists of twenty-four volumes; his grandfather only passed down twelve volumes to him, and the other twelve were scattered across China, even the world.

The last relatively complete Qihuang Medical Compendium was taken by the Eight-Nation Alliance that stormed into the capital at the time.

After being taken, it changed hands several times, and its whereabouts became unknown.

Su Fan glanced through it and confirmed that it was genuine.

With these two benefits, he was already willing to believe in Yagyu Kaori's sincerity in cooperation.

At that moment, Yagyu Kaori undid her clothes, sat on his lap, and said breathily with a scent of orchid:

"This is the third gift I prepared for Mr. Su Fan."

She wasn't wearing any undergarments, so when she undid the buttons, Su Fan could already see her snow-white skin and her graceful figure.

Yagyu Kaori was absolutely an enchanting beauty, and a woman with quite a personality.

Above her left breast, there was a fist-sized black demon mask.

With the offering so close, Su Fan of course had no reason not to indulge.

Yagyu Kaori was soon held up by him, and he looked at her seriously, wanting to see through this woman.

Yagyu Kaori was wearing a skirt, but beneath it was only a black stocking, with no other undergarments.

Su Fan didn't rashly launch an attack, but asked, "Is it possible that someday I will also be on your kill list?"

Thinking about the others who had been with Yagyu Kaori and who soon after turned into dead men, Su Fan was quite interested in this question.

Upon hearing this, Yagyu Kaori laughed and said, "You can kill me now, or you can wait until I'm no longer useful to you, and let me kill you."

Perhaps naturally ambitious, or perhaps life experiences turned her into who she was now.

Her frank words did not anger Su Fan.

Instead, he said with interest, "If we always cooperate very well, does that mean you'll always be under me?"

Yagyu Kaori blinked her beautiful eyes and said, "If we can always cooperate, I am willing to always be with you. Is Mr. Su Fan sure he has that capability?"

"If I were you, I would take the opportunity to finish me off when Yagami Takuji and the three fall."

Yagyu Kaori didn't seem afraid at all that Su Fan would really do that.

It wasn't because she had some reliance, but because she wasn't afraid of death at all.

Once Yagami Takuji and the three are dead, she wouldn't have much regret left.

Su Fan shook his head, "I won't kill you, and you won't be able to kill me."

He was confident, and he had the right to be.

As long as he didn't encounter Yagyu Jyugong, he wouldn't run into much trouble.

If he managed to get Chen Mengfei, even if he encountered Yagyu Jyugong, he would still be able to retreat fully, and even defeat the opponent.

Yagyu Kaori was a gambler; this time she made Su Fan a gambler as well.

Their gambling stakes were nothing else but their lives.

Yagyu Kaori was betting that Su Fan had no intentions of killing her.

Su Fan was betting that Yagyu Kaori wasn't lying.

This time, both of them won. Su Fan indeed had no intention of killing Yagyu Kaori.

The women he had been with, unless they wanted to kill him, he wouldn't take action against them.

Yagyu Kaori wasn't lying; she had disguised herself too well over the years, and Yagami Takuji and the three didn't think she posed any threat.

Moreover, in the eyes of Yagami Takuji and the three, she was just a slut, and they were merely going along with things, rather than being forceful with her.

Chapter 986

Though Yagyu Kaori had been explored by a man before, Su Fan was definitely the strongest among them all.

At this moment, she saw on Su Fan's body muscles solid like armor.

The appeal of a man's muscles to a woman is akin to the appeal of a woman's bosom to a man.

Su Fan thought Yagyu Kaori had been through many battles, and maybe she had scars left by time.

But he soon discovered that Yagyu Kaori was unexpectedly tender.

Not only that, when he initiated the attack, he was stuck by Yagyu Kaori.

Yagyu Kaori's eyes also turned watery at this moment, alluring and sensuous.

A feeling of being completely filled made her soar to the sky and reach the pinnacle.

"Hiss—"

As Su Fan struggled through the journey, Yagyu Kaori couldn't help but inhale sharply from the pain.

Su Fan also felt as if countless suction cups were holding him, making it difficult to move forward or retreat.

He could only say to Yagyu Kaori, "Miss Kaori, you can relax a bit, I'm not going to eat you."

Yagyu Kaori shook her head upon hearing this, "It's not my fault, I'm already very relaxed, it's because of you."

After speaking, she continued, "You can be a bit fierce, I'll endure and withstand."

Initially, Yagyu Kaori might not have been a flirt.

But after experiencing so much, evidently, her disposition changed as well.

Although her extremely yin body was long broken, Su Fan still gained some benefits now.

His strength was slowly climbing towards the late stage of the Gang Qi Realm!

This made him put aside everything and launch a more aggressive attack.

In the room, Yagyu Kaori soon played a beautiful symphony.

Unlike other women, Yagyu Kaori usually speaks in a soft and gentle voice.

But at this moment, her voice was exceptionally loud.

Su Fan estimated that even in the hallway, her gorgeous voice could be heard.

And indeed it was so, though there was no one in the corridor at this time, otherwise, they could have enjoyed Yagyu Kaori's performance.

Su Fan didn't know if Yagyu Kaori was innately sensitive or if she was indulging in the act.

With every attack, Yagyu Kaori could give him a very good response.

Whether it was the expression with furrowed brows, the moans of ah and oh, or the way she arched her foot and clutched the bedsheet.

For Su Fan, it was a great encouragement that made him unwilling to stop his rhythm of attack.

Yagyu Kaori was also as she said before, choosing to endure and bear no matter how fierce Su Fan's attack was.

Su Fan also somewhat understood why so many influential figures fell for Yagyu Kaori, this ordinary woman.

For a moment, he even didn't want to let Yagyu Kaori return to Japan but instead wanted to confine her to Villa No.5 in Bai Yulan district.

While Su Fan was distracted, Yagyu Kaori encouraged, "Harder!"

As she said this, Su Fan certainly wouldn't be polite with her, he thrust furiously, causing her body to slide over ten centimeters on the bed.

And indeed, Su Fan's raging dragon pierced through her core, entering that mysterious realm and getting firmly stuck.

Yagyu Kaori widened her eyes, looking at Su Fan with surprise.

She naturally understood that she and Su Fan achieved an even deeper fusion.

At this moment, she could feel Su Fan's intense heat more clearly.

She even had a bold idea, if Su Fan didn't kill her, she would give him a child.

Thus, she could bind Su Fan more successfully.

Su Fan did not know what Yagyu Kaori was thinking, but he indeed did not have the idea of dismissing her after pulling up his pants.

As for Yagyu Kaori bearing him offspring, he wouldn't refuse either.

Chapter 987

As long as the other party hasn't betrayed him, she is his woman, and he'll provide assistance for her life.

At the same time, Yagyu Zhengren is waiting for good news from Yagyu Kaori.

Yagami Takuji and others, on the other hand, are waiting for Yagyu Zhengren and Su Fan to be locked in a mutually destructive battle, perhaps even perishing together.

They obviously wouldn't have expected that their plan would be disrupted by an unassuming, gentle woman.

And all of this, is nothing more than what they deserve.

Although Yagyu Kaori's extremely yin physique had already been broken by someone, she still provided Su Fan with a slight improvement.

Su Fan was originally at the mid-stage perfection of the Gang Qi Realm, and now he has progressed further to the late Gang Qi Realm.

With this level of strength, he can head to Japan and eliminate the scourge that is the Yagyu family.

In the room, when Su Fan felt he was at his limit, he prepared to retreat, intending to feed the mouth above Yagyu Kaori.

But when Yagyu Kaori sensed the slight tremble of his doppelgänger, she also understood.

She immediately wrapped her legs around his waist, allowing a massive influx of Su Fan's life essence to flow continuously into the mysterious domain.

Normally, doing this would make it very easy for her to conceive Su Fan's child.

But she was a bit unlucky, even at this point, she still failed to get pregnant this time.

After Su Fan fully released himself, the fierce and terrifying dragon showed no change.

This is also a unique aspect of Su Fan's physique; his vitality is abundant, leaving no period of exhaustion.

Now, he wanted to leave Yagyu Kaori and wash up in the bathroom.

However, Yagyu Kaori didn't let him leave, and gently said, "Rest for a while, then continue."

Su Fan laughed, "I'm afraid you can't handle it."

Yagyu Kaori didn't reply this time, instead snuggling in Su Fan's embrace.

Indeed, she could barely handle it, but she had no choice but to endure.

She had made up her mind that this time Su Fan must impregnate her.

During the break, Yagyu Kaori asked Su Fan, "How do you plan to act this time?"

Su Fan hesitated a bit, pondering whether to tell Yagyu Kaori.

After thinking it over, he decided to trust her this once.

After all, he had reached the late Gang Qi Realm; even if something went wrong, he could stabilize the situation.

"I plan to lead a group of martial artists to Japan."

"Then, according to your previous plan, I'll cooperate with Yagyu Zhengren to deal with Yagami Takuji and others."

"Afterward, I'll move against Yagyu Zhengren, ensuring the complete downfall of the Yagyu family in Japan."

Yagyu Kaori nodded and said, "If you can bring three martial artists at the Gang Qi Realm to Japan, nothing will go wrong this time."

Su Fan gave a wry smile, where would he find three martial artists at the Gang Qi Realm for Yagyu Kaori?

On his side, there was only Ning Tianhe who was a Gang Qi Realm martial artist.

However, Su Fan didn't know that he indeed had three Gang Qi Realm subordinates.

Ning Tianhe was already at the Gang Qi Realm, and Zhao Chunqiu had just today broken through to the Gang Qi Realm.

When he prepared to move to Japan, another expert among his ranks caught the last train.

That day, Su Fan neither returned to the company nor went to Villa No. 5.

For half a day and a night, he fiercely worked on nurturing Yagyu Kaori.

If it weren't for maintaining the bigger picture, the more he wouldn't want to let Yagyu Kaori leave.

Once Yagyu Kaori returns to Japan, she'll undoubtedly be finished.

There was no problem with him taking Yagyu Zhengren's woman, but he didn't wish for Yagyu Kaori, already claimed by him, to once again indulge under Yagyu Zhengren, being driven wild by him.

The next morning, Su Fan made a rather impulsive decision.

When Yagyu Kaori was about to leave for Japan to make the necessary preparations, Su Fan detained her.

"You can't leave, in five days, I'll take you to Japan with me."

Chapter 988

Yagyu Kaori shook her head immediately upon hearing this: "No, I must go back and make the subsequent arrangements."

She thought that Su Fan lacked self-control and was somewhat infatuated with her, wanting to be with her a few more days.

After it was all done, Su Fan could do anything he wanted with her, but for now, she could not stay by Su Fan's side.

Su Fan certainly wouldn't let Yagyu Kaori go back: "There's no need to discuss this matter anymore. If you leave now, I will cancel the trip to Japan."

Upon hearing this, tears streamed uncontrollably down Yagyu Kaori's face.

She had arranged everything; everything was initially proceeding according to her plan.

But now, Su Fan suddenly acting this way undoubtedly introduced variables into her plan.

Without her whispering into Yagyu Zhengren's ear, without her colluding internally and externally, how could she ensure the smooth proceeding of the plan?

She could only look angrily at Su Fan and ask, "Why?"

Su Fan sighed and was straightforward: "I already consider you my woman, and since you're my woman, no other man can touch you. Do you understand?"

Yagyu Kaori could feel Su Fan's seriousness and sincerity. These few words from Su Fan had a huge impact on her.

After all, in her previous life, she was merely a tool for venting used by those important figures of the Yagyu family.

No one would give her any promises, nor did anyone truly regard her as their woman.

She could be given to anyone at any time, as long as there was sufficient benefit.

Su Fan's honesty was reciprocated with Yagyu Kaori's candor.

"From now on, I am willing to be your woman exclusively."

"However, this time, I still need to go back; I need to go back to stabilize Yagyu Zhengren and prevent him from backing out."

"I even need to meet with Yagami Takuji and others to make them complacent."

"Only by doing this can the plan proceed very smoothly and send these people straight to hell!"

"I promise this is the last time."

"Once this affair is over, my body and soul will belong only to you."

Su Fan held Yagyu Kaori in his arms and kissed her.

Yagyu Kaori originally thought that Su Fan was willing to compromise.

Never had she expected Su Fan to say next: "There is no last time. From the moment we were united, you could only be my woman."

"I will resolve the Yagyu family affairs in my own way."

Su Fan prepared to pay a price to borrow a Gang Qi Realm expert from Chen Mengfei.

But he quickly realized he wouldn't need to do that.

As he was leaving the hotel, he received a call from Zhao Chunqiu.

"Su my friend, I've broken through to the Gang Qi Realm!"

Over the phone, Zhao Chunqiu was extremely excited.

Breaking into the Gang Qi Realm meant he could take revenge for his family's blood feud.

Su Fan was equally overjoyed upon hearing this.

Although he still lacked one more Gang Qi Realm martial artist, to bring three Gang Qi Realm martial artists, not including himself, to Japan.

But now, he could at least take two Gang Qi Realm martial artists to Japan.

In the remaining days, Xia Zhaonan and Ning Zhengde were likely to break through to the Gang Qi Realm too.

Especially Ning Zhengde, who was originally just a half-step away from the Gang Qi Realm but had never crossed the threshold.

If nothing unexpected happens, it won't be long before Ning Zhengde also breaks through to the Gang Qi Realm.

Knowing Zhao Chunqiu had broken through to the Gang Qi Realm, Su Fan informed him of the action planned five days later.

"Mr. Zhao, I'm coming to you now to hand over an item."

Zhao Chunqiu is trustworthy; he has handled matters very reliably since following Su Fan.

In return, Su Fan was willing to give him the formula and method for making Yin Xuan Gold.

Su Fan quickly went to the headquarters of Oriental Medicine and met Zhao Chunqiu.

Then he explained the entanglement between Yagyu Kaori and the Yagyu family to Zhao Chunqiu.

And handed Zhao Chunqiu the method for forging Yin Xuan Gold.

Chapter 989

Zhao Chunqiu repeatedly pondered Su Fan's recent words, then sighed and said:

"Su Fan means to let me find the real culprits for revenge and not wipe out the entire Yagami family?"

Su Fan shook his head: "The branch of Yagami Takuji has a blood feud of annihilation with the Zhao family."

"I only hope Elder Zhao will show mercy and spare Yagyu Kaori and Liu Sheng Qingyin."

"Back then, in the Zhao family's tragic event, Liu Sheng Qingyin and Yagyu Kaori were not involved."

Zhao Chunqiu couldn't help but sigh again and said: "This old life of mine was saved by little friend Su."

"Without little friend Su, I would have died already."

"Even now, without little friend Su's help, I could not avenge myself."

"Since little friend Su has spoken, I can spare these two."

Su Fan immediately thanked him: "Elder Zhao, rest assured, these two will never be your enemies."

"If not, I will personally act and take their lives."

He intervened to save these two, and naturally, he must give Zhao Chunqiu an explanation.

Zhao Chunqiu nodded this time, due to Su Fan's favor and for the sake of Su Fan's face, he had to comply.

Moreover, these two are not his direct enemies.

Of course, Su Fan also promised him that these two women will never become his enemies.

After speaking about Yagyu Kaori and Liu Sheng Qingyin, Zhao Chunqiu asked:

"Little friend Su, who will go to the East this time?"

Su Fan thought for a moment and said: "Me, Elder Zhao, Elder Xia, Elder Ning, Ning Tianhe, Ning Miaoqi, Zhen Bingyu."

"Barring any surprises, the seven of us will go together."

"But I'm considering whether to invite a Gang Qi Realm expert from the Chen family in Yu City to assist."

Zhao Chunqiu pondered for a moment, then said: "If the plan goes smoothly, there's no need to invite others."

Su Fan nodded, as he thought the same.

Too many people or too few people is not good.

Now they are seven, neither too many nor too few.

Of course, if Chen Hanqing is also a martial arts expert and can act with them, it would be even better.

Su Fan didn't continue talking about inviting Chen family's expert, but said to Zhao Chunqiu:

"Elder Zhao, can you forge a batch of weapons using Yin Yang Mystic Gold for the seven of us in the coming days?"

Zhao Chunqiu did not make a guarantee. After pondering for a moment, he said: "I can only try my best, I have never used Yin Yang Mystic Gold to forge before."

Su Fan nodded: "Okay, Elder Zhao, do your best. I will go check on Elder Xia and the others."

Xia Zhaonan is currently not in Yang City, but in Tian He.

However, he can quickly arrive in Yang City from Tian He.

The first place Su Fan went to was the villa number four in Bai Yulan district.

Upon arriving, he saw Ning Zhengde and his son.

Ning Zhengde was supposed to be the first to break into the Gang Qi Realm, but unfortunately, he is still at the peak Great Perfection of the Transformation Realm.

However, Ning Tianhe's strength has advanced further.

He's recovered well, now he is in the mid-stage Gang Qi Realm.

After seeing the two, Su Fan informed them of the action that would take place in five days.

He also said to the two: "If you need weapon forging, you can communicate with Elder Zhao."

"Elder Ning here, see if you can break into the Gang Qi Realm during this period."

"After resolving the issue with the Yagami family in Japan, we will take a short rest and deal with Ning Qi Yun."

Ning Zhengde nodded, they owed Su Fan a favor.

Moreover, with Su Fan's help, their health was well managed, and their strength grew quickly.

With Su Fan's miraculous medical skills as a foundation, they didn't need to worry about injuries during conflict.

After there was no problem with Ning Zhengde father and son, Su Fan went to find Ning Miaoqi and Zhen Bingyu.

Chapter 990

What surprised Su Fan was that the two were not in the villa's hall.

But with his exceptional hearing, he quickly caught enchanting sounds from a room.

Ning Miaoqi and Zhen Bingyu were obviously polishing mirrors.

Su Fan did not disturb them, instead waiting outside the door.

Inside the room, Ning Miaoqi and Zhen Bingyu, two stunning beauties, tangled together, their gazes both captivating and alluring.

Both were peak masters of the Gang Qi Realm, yet fully engrossed, they failed to notice Su Fan's arrival.

About forty minutes later, the battle came to an end.

Ning Miaoqi and Zhen Bingyu exited the room, disheveled, cheeks blushing.

Upon leaving the room, they spotted Su Fan standing nearby.

Both seemed a bit perplexed at first, but soon regained their composure.

They were already aware of Su Fan's previous encounters with each other.

Given their deep and varied relationship, there was no need to feel embarrassed.

Zhen Bingyu jokingly teased, "Why not join us inside?"

Ning Miaoqi was alarmed by her words and nudged Zhen Bingyu gently with her elbow.

Su Fan, unfazed, replied, "I fear you wouldn't be able to handle it."

Hearing this, Ning Miaoqi protested, "We'd leave you too weak to stand!"

Her face, already flushed, grew even hotter.

Not bothering with pleasantries, Su Fan stepped forward and kissed each of their fiery lips.

He then informed them about their plans for five days later.

With their past experience, Zhen Bingyu and Ning Miaoqi naturally trusted Su Fan even more.

However, Zhen Bingyu insisted, "I want a share of the benefits."

Su Fan nodded, "You won't miss out on your cut."

"From the gains last time, you both have a share."

They had gains from defeating Irudi and others last time.

He gave all of Irudi's Dark Web Crystal Cards to Chen Hanqing.

Chen Hanqing needed some time to deal with Irudi's assets.

Then Ning Miaoqi joked, "She doesn't want financial benefits, she wants to sleep with you!"

Zhen Bingyu, hearing this, seized Ning Miaoqi's bosom through her clothes, "You're the one always clamoring to sleep with him!"

Of course, Su Fan didn't take their playful banter seriously.

After instructing them to prepare for the trip in five days, he went to make his own preparations.

His power had recently surged to the late Gang Qi Realm stage, requiring further consolidation.

This time, they're not heading to the open sea nor are they staying within China, but are traveling to Japan.

The stronger his capabilities, the better he could ensure everyone's safety.

He went to the open area of the villa to practice the Thirteen Tai Chi Sword techniques.

His exceptional talent in swordsmanship was indeed a pleasant surprise.

Prior to practicing swordsmanship, he didn't realize his talent in the Sword Dao was so strong.

"Clang!"

The sound of a sword resounded as the Tai Chi Sword was grasped in his hand.

After holding the Tai Chi Sword, his entire demeanor transformed.

Watching from a distance, Zhen Bingyu and Ning Miaoqi exchanged glances.

At that moment, Su Fan exuded an overwhelming sense of pressure.

It felt as though, with a casual swing of his sword, he could let their heads roll.

Their perception now was indeed accurate.

With further improvements in his skills, Su Fan's combat power significantly increased.

If he were to encounter a master on Irudi's level again, Su Fan could unleash a fierce storm and slash them beneath his sword!

Inside the hotel where Yagyu Kaori was staying, she received a video call from Yagyu Zhengren.

With immense composure and intelligence, she dispelled all of Yagyu Zhengren's doubts.

"Su Fan agreed to cooperate with us, but he doesn't trust us, so he's keeping me in China as a hostage."

In fact, if Yagyu Kaori said that her journey went smoothly, Yagyu Zhengren would actually become suspicious.

His personality was rather cautious.

But hearing Yagyu Kaori's explanation now, he felt reassured.

Yagyu Zhengren comforted Yagyu Kaori, "Don't worry, once things are accomplished, I'll ensure your safe return to Japan."
