

Temptation 99

Chapter 99: Advantage

With the stimulation of her playful tongue, Su Fan was also feeling amazing.

"Use your foot."

"How do I do that?"

"Just like this..."

Su Dan grabbed Luo Ya's delicate feet and placed them on his Divine Artifact.

He squeezed them in.

Luo Ya, cleverly, began to move.

Luo Ya's feet were tiny, only size three or four.

The arch of her foot enveloped the Divine Artifact, and along with her slender calves, it gave an extremely arousing sensation.

After more than ten minutes, Su Fan's desire for battle had entirely ignited.

"Kneel at the bottom of the bed."

Luo Ya was very obedient and submissive.

Su Fan sat at the edge, Luo Ya knelt on the floor.

"Swallow it."

Su Fan commanded.

"Ah, I, my mouth is small, I can't swallow it."

Luo Ya looked at the furious shaft, a hint of fear in her eyes.

"Didn't you say you were going to dedicate your body to me?"

"How can you not keep your word? However, I won't force you, if you don't want to, forget it."

Su Fan said coldly.

He began to master the rhythm.

Learning how to dominate a woman.

"No, no, no, I want to, I do."

Luo Ya panicked, she knew this opportunity was incredibly rare for her, and if she missed it today, she might never be able to get close to Su Fan again.

She tried hard to open her mouth wide, slowly moving closer.

Her mouth was indeed very small.

Even when trying very hard, only one-third could enter.

It reached her throat.

Looking up, her eyes watery, she looked at Su Fan.

Her eyes filled with guilt.

Su Fan realized this.

Luo Ya, who seemed innocent, carried a hint of subservience in her bones.

She liked violence, appreciated dominant men.

The more overbearing the man, the deeper her love grew.

In these few days of interaction, her affection for Su Fan, who showed a more dominant side than others, developed.

"Worthless slut, can't even do this right, trash."

Su Fan harshly grabbed Luo Ya's hair and forcefully pushed her down.

"Whimpering noises..."

When half of it entered, it directly invaded Luo Ya's throat.

Luo Ya did not resist but became even more excited, exerting more effort, her delicate body involuntarily trembling.

This made Su Fan even more certain of his speculation.

Luo Ya was truly submissive.

His hand gripping Luo Ya's hair became even more forceful, frantically swaying.

After more than ten minutes.

The Divine Artifact pulled out.

"Tss..."

Her essence sprayed all across Luo Ya's face.

"So shameful, yet I love it so much."

Luo Ya knelt sitting on the ground, her face full of enjoyment.

At that moment, under the effects of the drug, she completely unleashed the devil within her heart.

"Like it?"

"I like it, I really do."

Luo Ya, facing Su Fan, nodded repeatedly.

At that moment, Su Fan understood why Bai Man loved to train others, because it was indeed thrilling.

"Call me master."

"Ma-master..."

Luo Ya truly resembled an obedient little puppy.

"Then will you always listen to master's words?"

"Yes, yes, I'll always be master's little puppy."

Luo Ya's unconditional obedience.

"Good."

"Since the little puppy is so obedient, then, accept master's reward."

Su Fan pulled Luo Ya up from the ground.

Placed her on the bed.

Two feet in the air.

He pulled down her pink panties.

The little fountain was already unstoppable.

Her undergrowth was very sparse, very short.

It seemed very urgent.

The petals were so pink.

Sunken in

With just one prominent pistil.

Su Fan's gaze landed on the bedside table

Where there was an unopened vibrator.

Such themed rooms naturally lacked no equipment.

Su Fan unpacked it, turned on the switch.

"Buzzing."

The vibrator immediately came to life.
