Chapter 1141 qin anlan's abandonment (1)

seven years. ye liangqiu had persevered for seven years. she had waited for a man for seven years. she deserved to be treated well. pei qiqi smiled and teased.

Perhaps an LAN would be very happy.

She packed up her things and walked out, taking the check with her. When she reached the door, before she could enter the elevator, a familiar voice rang out behind her. "qiqi."

She was stunned for a moment and slowly turned her head. It was Qin Anlan.

"you're here to interview ye liangqiu?" he asked slowly, looking at her.

PEI Qiqi acknowledged her and held the things in her hands tightly, "an LAN, I still have to go back to the club.

He didn't have much expression on his face. With one hand in his pocket, he said slowly, "don't you want to have lunch together? "

pei qiqi had lived with him for two years. the slightest change in his expression couldn't fool her. she was a little guarded and took a step back into the elevator.

"qiqi, this elevator has stopped." Qin Anlan's tone was even more indifferent as he slowly walked forward.

she placed her hands behind her back and her body was pressed against the elevator wall.

at this moment, pei qiqi had a feeling that ye liangqiu couldn't hide anything from an lan. in fact, ye liangqiu's every little move was under an lan's eyes.

perhaps an lan had already known about the contents of this draft.

"Qiqi, let me take a look at the draft." Finally, he forced her into a corner. His gaze was deep, but his body did not take a step further.

pei qiqi bit her lip and looked up at him, " "They are all very common questions."

"50 million, is that a normal question?" His handsome face was stained with a touch of anger. With one hand on her shoulder, he did not give her a chance to struggle. With the other hand, he took her manuscript and quickly read through it.

it was just as he had expected.

PEI Qiqi raised her head and looked at him. Her voice was pitiful, " "An LAN."

after he finished reading, he still held her down with one hand, not giving her a chance to escape. his eyes were so dark that water could almost drip out, "pei qiqi, don't tell me you wrote all this. "

"i wrote it for 50 million." "and to divorce you," she said boldly.

He laughed coldly and narrowed his eyes at her, " PEI Qiqi, I don't know when you stopped being so kind.

how could qin anlan not understand pei qiqi? how could she write something like this?

But damn it, she wanted to publish this kind of thing to help ye Liangqiu.

did he not even exist in her heart?

Even after losing her memory, she was still so sure that she loved Tang Yu?

Qin Anlan's eyes were a little sad. He pressed her down and was unwilling to let go of her, but he could not hurt her.

after a long time, he mumbled, " qiqi, don't you have a little bit of love for me? "

As he spoke, he pressed his face against her neck. He had never felt so fragile before, because he could feel that she was really going to leave him.

She had handled the matter between him and ye Liangqiu from an outsider's point of view, without any pain ...

she was not in pain at all. she did not feel any heartache for him.

But, Qiqi, I'm in pain.

but this pain is caused by myself.

if i knew i loved you so much, i wouldn't have allowed myself to have a single bit of my past. i would have been as clean as tang yu.

He was half-hugging PEI Qiqi. PEI Qiqi could feel his pain.

after all, they lived together for two years. during those two years, he accompanied her, pampered her, and made pei qiqi unable to be indifferent.

Chapter 1142 qin anlan's abandonment (2)

PEI Qiqi couldn't remain unmoved. She slowly reached out her hand and gently pressed on his shoulder, " an LAN.

he smiled bitterly and rested his face on her shoulder, not saying a word.

The manuscript fell to the ground, and no one cared about it.

ye liangqiu stood far away and looked at qin anlan in a daze as he held pei qiqi.

She stood there quietly without making a sound. She stood there until her body was cold. She smiled gently and suddenly looked up with a touch of warmth in her eyes.

she had not cried for so many years. she had endured all the pain, but at this moment, she wanted to cry.

because she could not see any hope!

ye liangqiu didn't cry. instead, she smiled and slowly walked back to the reception room and closed the door, closing the heartache that only she had.

pei qiqi's eyes were on the closed door. her voice was soft, " "an lan, are you really not going to consider it? she really loves you."

she lowered her head and looked at qin anlan, her fingers gently caressing his short hair. her voice was melodious. " perhaps you think that ye liangqiu is scheming against you, but anlan, isn't it more precious for a person to want another person so much and put in so much effort? "

qin anlan was stunned for a while and didn't reply to pei qiqi.

He didn't tell her that if PEI Qiqi didn't exist in this world, he probably wouldn't be so cold to ye Liangqiu and so determined not to love her.

He wouldn't tell her about this because he couldn't bear to let her worry.

In the past, he had only thought that he liked her and wanted her, but now he suddenly wanted her to be happy.

"Qiqi, come back for a meal when you're free!" He ruffled her hair, just like in the past. His eyes were deep, and the pain in them made her unable to refuse.

she said "okay" softly!

qin anlan smiled faintly and let go of her. he took a step back and pressed the elevator button. " i'll send you down. "

He didn't force her at all. He didn't even ask her to leave Tang Yu.

Retreating to advance, he could also do this.

When PEI Qiqi left King Entertainment's headquarters, she let out a long breath. She had run out of drafts and Qin Anlan didn't allow her to publish them.

no matter what, she had to talk to ye liangqiu. when she called ye liangqiu's phone, ye liangqiu was very calm and only said that she understood.

Later on, PEI Qiqi sent the check to her.

After doing all this, her heart sank.

she had no intention of being with anlan, but she had stepped between qin anlan and ye liangqiu.

.....

At Jia Ren magazine agency.

PEI Qiqi grabbed her hair in frustration.

Amy moved her chair over, her voice soft, " what's wrong, is heavenly ye always scolding you now that things have come to a standstill? "

pei qiqi glanced at amy, " no! "

Amy sighed softly. actually, Qin Anlan is such a jerk. Think about it, with diva ye's current status, she can find any man she wants. Why does she have to rely on him? " We've raised our son for seven years. Only a fool would wait for seven years like this?"

PEI Qiqi lowered her head, " the people involved are confused.

Amy's expression suddenly became unnatural, " Qiqi, don't think too much! if you want to be with mr. tang, you can't be fickle-minded. these few years, tang yu's life has been as peaceful as a monk.

She paused. you can't be with Qin Anlan just because you feel sorry for him. You're touched.

PEI Qiqi laughed and held her chin, " "i won't."

how could she? she wouldn't make things more complicated or worse. she was just sad and didn't know what to do.

Chapter 1143 qin anlan's abandonment (3)

She liked Amy who was really cool, she squinted at Amy, " "my dream is to take a set of especially shocking photos."

amy looked at her, thinking that she was quite silly!

a shocking photo? in the past, when pei qiqi and old kan filmed rich ladies together, it was quite shocking.

However, PEI Qiqi had completely forgotten that she was living like the innocent Tang Xin and the twenty-year-old PEI Qiqi who had yet to enjoy life.

of course, old kan still lectured her later on ...

Old kan said, " how can you lose the manuscript? if this gets published, it'll be KING entertainment's internal civil war. when that happens, we'll make a serialization and the sales will break through the sky."

Old kan said it quite shamelessly. PEI Qiqi looked at him and felt that his words were somewhat familiar. It was as if someone had spoken to her like this before.

old kan held his cigarette between his fingers and puffed, " fifty million, fifty million. pei qiqi, how many advertisements did jia ren magazine sell? how much alcohol do i have to drink to get fifty million? " How did he lose it?

Plus, Tang Yu would be happy if this was done!

When he was happy, he allocated a huge sum of money to their magazine agency, and they could become the boss of the industry in no time.

It had to be said that old kan was really going all out for the money for milk powder. He had no choice. He had to take care of his wife and child. He couldn't earn money from the rich women outside. He could only sell his integrity.

PEI Qiqi pouted, " old kan, why don't you go to King Entertainment's rubbish bin and look for him again? "

Old kan waved his hand. forget it.

he paused for a moment. ” there’s a photography exhibition in the area of environmental protection next month. it’s quite famous in the industry. i’ll sign you up. you can submit four works by then. is that okay? ”

PEI Qiqi couldn’t quite accept old kan’s change. He was full of profiteering just a moment ago, but now he was acting upright again.

Old kan knew what she was thinking. He pressed the cigarette butt into the ashtray and smiled. “Qi Qi, we live for the sake of living better. Of course, there are many more people who are not as good as us. Doing public welfare was not something that could be done just by talking about it. How could one do public welfare without money? Should he use his mouth to say it? even if you paint a big picture, others won’t be full, right?”

PEI Qiqi looked at him.

Old kan opened a drawer and took out a stack of bills. He looked at PEI Qiqi, ” these are the bills for the children I’ve sponsored for the past 20 years. It’s been so many years and it’s like a part of my life. If I don’t do it, my entire body will feel uncomfortable and my heart will feel suffocated.

“Does PEI Huan know about it?” PEI Qiqi asked him.

Old kan laughed. I know! In the beginning, she found out that I kept transferring money to a few fixed accounts and thought that I was raising someone else. She quarreled with me for a while, and later I took her to the mountains to see those children. She went with me to see it, and as we watched, she cried. She beat me and asked me why I didn’t tell her earlier.”

PEI Huan had some savings. She was such a selfish person, yet she took out 100 million Yuan at once.

that 100 million yuan was used to build a mountain road for a village child. those children no longer had to go to school on the dangerous heaven-ranked road every day.

Of course, that 100 million made old kan lick his wife’s boots for a month!

In the past, he only thought that PEI Huan was cute and suitable for him. However, after that time, he felt that he loved her very much and that she had become a part of his life.

PEI Qiqi listened carefully to committee member old kan. After a long time, she said softly, ” “old kan, you’re very blessed.”

even if he didn’t say it, she could feel it. she used to be very, very close to old kan because the way he looked at her was different from others. it was very gentle, just like he was looking at his sister.

Chapter 1144 qin anlan’s abandonment (4)

“Qiqi, you’ve been there with me before.” old kan’s voice was a little nostalgic. ” we took photos together and sold a lot of money. we bought toys and school bags for those children, yingluo. ”

at that time, qi qi was not happy. he took her to the mountains and she slowly integrated into it.

To old kan, PEI Qiqi also needed his help ...

Just like those children!

PEI Qiqi's voice was light, "so that's why you crazily wanted to earn money?"

"it's not that great. it's also for pei huan and the child." Old kan stood up and patted PEI Qiqi's shoulder, "Qiqi, I think you have the potential to do charity.

Because she had two powerful financial backers behind her!

Of course, PEI Qiqi wasn't stupid. However, she was willing to do something for those children. She looked at old kan, "when we have time, let's go! old kan, let's change the film exhibition to an auction."

Old kan revealed an expression of a promising student and laughed. the organizers won't be a problem. I'll make the arrangements.

PEI Qiqi nodded and went out.

Old kan looked at PEI Qiqi with mixed feelings.

This move was made by PEI Huan.

PEI Huan said that Qin Anlan and PEI Qiqi had to get a divorce for sure. Before that, they had to scrape some oil off the ground. They had been occupying someone else's wife for two years. Shouldn't they pay some rent?

old kan thought that it made sense. while qin anlan and tang yu were fighting to the death, it would be convenient to get some benefits.

that night, he really felt that his wife was very wise and wise!

pei qiqi walked out and amy mouthed, "You got criticized?"

PEI Qiqi shook her head.

Amy covered her face in fear, "then PEI Qiqi, you're finished. If you don't get criticized, then old kan must be talking to you about charity, right?"

PEI Qiqi was dumbfounded!

Amy was especially sympathetic,"old kan is no longer the old kan from before, he has been led astray by his wife." &Nbsp;

the way old kan talked now was the same as the managing editor of the past. he was full of tricks. pei qiqi, this silly and sweet girl, would definitely fall for it.

In the past, the few of them had only kept the money for food and spent the rest on charity.

PEI Qiqi laughed, "I think he's cute like this, so I'm going to act like the former managing editor.

She said it very smoothly, but after she finished, she was stunned.

amy looked at her expectantly, but she didn't dare to rush her.

pei qiqi knocked her head. just now, she clearly remembered something but after a while, she couldn't remember anything.

don't miss me, Qiqi. It doesn't matter if you want to come or not. Amy's voice was soft, afraid of scaring her.

All of them were afraid that something would happen to PEI Qiqi, so they would rather she never remember it.

PEI Qiqi calmed down, but her mind was blank.

"I think I remembered it just now, but I can't remember it now," she said softly after a pause.

amy hugged her as if she was a poor little thing.

in fact, the current qi qi was no different from the past. it was just that yingying seemed a little childish.

Tang Yu didn't mind and neither did they.

pei qiqi laughed, " amy, look at how nervous you are. "

amy smiled with tears in her eyes, " "pei qiqi, you stupid child. you don't even know how good of a wedding gift we prepared for you. in the end, you dare to go missing! Do you know that at that time, PEI Huan's eyes were almost broken from crying. She had just given birth to a child, Yingluo."

Chapter 1145 Qin Anlan's abandonment (5)

this was the closest to the truth.

pei qiqi held her breath and looked at amy, stunned.

" qiqi, don't think about it anymore. i'll feel guilty if i get a headache. " They had all been warned by old kan not to talk about the past with Qiqi.

Just now, she was also in a moment of passion, and now that she thought about it, she still felt a little regretful.

PEI Qiqi pursed her lips and only said after a long time, " "Amy, I'll remember it."

amy smiled with tears in her eyes.

PEI Qiqi also laughed.

Although she couldn't remember, she felt very happy.

She had friends, someone she loved, and a little heart that made her feel that her past was so full, filling up the gaps in the present, so what if she couldn't remember?

these people would not disappear. they still loved her and had been waiting for her for so long.

That night, she lay on the balcony of her apartment in Xia city and looked at the moon outside.

The moonlight was clear and as calm as water, it shone on her. Her heart was also calm.

She made a decision in her heart. Perhaps she had been wrong all along. She didn't lay her cards on the table with an LAN and waited for him to give up. She didn't think this was too cruel to an LAN, but she was being cruel to Tang Yu.

He was waiting for her!

But she didn't reply for a long time and didn't firmly stay with him.

She suddenly understood why Tang Yu had never truly wanted her. It was because of his pride and because she was still Qin Anlan's wife.

PEI Qiqi suddenly picked up her phone and dialed Qin Anlan's number.

Qin Anlan picked up the phone. At this moment, he was in his penthouse apartment. Just like PEI Qiqi, he was looking at the moon.

"qiqi." he called out her name in a hoarse voice. he had a feeling that she would probably say something to him.

pei qiqi's heart was beating fast and her voice was dry, "an lan, i'm sorry."

after a long pause, he said, "alright," he said.

he didn't ask her why or what had happened. he only said "okay."

PEI Qiqi was very sad. She was so sad that she cried. She apologized to him and kept mumbling about Hanhan.

his heart ached when he heard that.

Qin Anlan's voice was gentler than the night, but it was extremely hoarse. He said, "Qi Qi, silly girl."

What did she have to do to him? he was the one who had possessed her for two years. He was the one who had deceived her.

finally, his little girl was going to say goodbye to him. he had no reason to keep her.

Qin Anlan raised his head. He never thought that he would give up on Wanwan so easily and give her his blessings.

"Qiqi, sing me another song!" Qin Anlan smiled slightly. He poured himself a glass of red wine and gently swirled it.

her songs were terrible, and he had said it more than once, but he would never hear it again.

she was singing two tigers when qin anlan said in a low and hoarse voice, "qi qi, it's so unpleasant to hear."

If he didn't tell her to stop, his little girl would keep singing. Then, she would say sorry.

she kept talking and talking until her voice was hoarse.

qin anlan had thought about it before. if she said that she did not want a divorce, he would go to her side without hesitation and take her away without thinking about whether she would regret it or not.

however, his little girl had finally become ruthless. he had finally lost her completely.

That night, she cried, and he was drunk.

his stomach felt like it was on fire, and he couldn't even remember how much he had drunk. he only knew that he kept drinking and slurping.

at daybreak, qin anlan dialed 120.

gastric perforation.

Chapter 1146 qin anlan's abandonment (6)

kie called pei qiqi.

"miss pei, boss qin has gastric perforation and is in the hospital. he's refusing to undergo surgery. " kim sounded a little anxious. " "Can you come over for a moment?"

pei qiqi asked about the hospital and immediately turned the car around, driving to the first people's hospital.

She rushed to the emergency room and the doctor was waiting for her. When he saw her, he said sternly, " the patient is already in this state, but he still refuses to perform the operation. You're a family member, aren't you?"

PEI Qiqi didn't hesitate, " yes! where should i sign?"

she hurriedly signed her name on the form without even looking at it clearly. the doctor closed his hands and said, " go and take a look. if you have anything to say, just say it. we're very humane. "

pei qiqi's face turned white and her steps were unsteady.

at this moment, she felt extremely guilty and uncomfortable. an lan's gastric perforation had occurred because of her drinking.

Kime supported her and said, " "Miss PEI, you can't collapse now. Boss Qin still needs you."

pei qiqi acknowledged him and ran into the emergency room. she quickly walked to the operating table.

She half-knelt in front of Qin Anlan, her voice anxious. Anlan, how are you now? "

she held qin anlan's hand with her fingers. his hand was very hot.

Qin Anlan opened his eyes. The light in his eyes was weak, but a faint smile appeared at the corner of his mouth. He looked at her and smiled gently."Qi Qi, why are you crying?"

He wanted to lift his fingers, to catch her, to touch her again, to wipe her tears for her, but he couldn't even lift his hand.

Qin Anlan closed his eyes and was too weak to look at her again.

“alright, the patient is about to receive surgery.” the doctor was already getting ready. he said expressionlessly, ” the family members are waiting outside. they will be out in about two hours. ”

PEI Qiqi was supported outside by Kime. She stared straight at the door of the operating room.

miss PEI, boss Qin really loves you. I’ve never seen him like this before, ” Kim said softly.

PEI Qiqi raised her head and let out a long breath.

She wished she could split herself into two, but that was impossible and unrealistic.

she stood outside, waiting for qin anlan to come out and for him to be well.

KME, on the other hand, went to buy some necessities. he felt a little guilty in his heart. in the whole incident, his role was not glorious, and boss qin seemed to have noticed it.

After buying everything and settling all sorts of things, he accompanied PEI Qiqi the entire time.

fortunately, the operation was carried out in time. qin anlan was pushed out of the operating room to the VIP ward without any major problems. the operation was not a big deal, but it was not a small one either. he would have to stay for at least ten days.

the nurse changed the drip and gently told pei qiqi, ” the patient can’t eat anything for the next few days. she can’t drink water either. the doctor will tell her when she can eat. ”

PEI Qiqi nodded.

she looked at qin anlan and slowly sat down beside him in a daze.

he had a high fever, so she kept taking care of him and cooling him down. she was so meticulous that it felt like they were really in love.

Qin Anlan was unconscious for two days and two nights. In these two days and two nights, PEI Qiqi was in the hospital. She didn’t call Tang Yu to tease him.

Because he had forgotten.

the night tang yu returned to city B from city A, xia city was pitch black.

In reality, he already knew that Qin Anlan was in the hospital and PEI Qiqi was in the hospital.

she didn’t tell him, and he didn’t call to ask. he wasn’t an unreasonable person, but he still cared about her.

Did Qiqi really not love Qin Anlan when she lost her memory?

If she had never loved him, how could she have forgotten to call her? how could she have forgotten that he was returning to B city today?

Chapter 1147 My heart hurts so much (1)

he stood on the balcony of his apartment in xia city and smoked the whole night. that night, his phone didn’t ring.

one day, two days later, he read about qin anlan's hospitalization in the newspapers and the news. he saw the media making groundless accusations about ye liangqiu and qin anlan's scandal. tang yu could only smile bitterly.

He looked at the night sky, took out his phone, and stared at it for a long time, but there was no word on it.

she took the glass of red wine to the side and typed word by word into it. she didn't want to tire herself out.

after writing these five words, tang yu finally realized how petty he was.

Yes, he was jealous and unhappy. At least, he did not have her heart completely.

he had no way of knowing the two years she spent with an lan, and he did not dare to know.

his heart ached, but he was willing to accept it.

he put his phone aside and went to take a shower. when he came out, he was only wearing a bathrobe. he picked up his phone with mixed feelings. he wanted to see her reply, but at the same time, he didn't.

She did not reply, and there were no words on the phone, only a few messages from Xiao ran.

Tang Zheng pursed his lips and then looked out at the night sky. He thought of her and was angry with her.

he also felt that he was ridiculous. she was so young, why was he angry with her?

even if she liked an lan, wasn't it normal?

they had lived together for two years, and she had forgotten everything. an lan had doted on her so much.

he was afraid just thinking about it. over such a long period of time, during the time she was treated tenderly by an lan, she didn't fall in love with an lan, but was zhenzhen that different?

at the hospital, pei qiqi only saw the message two hours later. she looked at the few words for a long time before looking up at an lan who was lying on the bed.

after a long time, she replied-

“Yes.”

After some thought, she added another message. are you back? ”

Tang Yu wasn't asleep. When he heard his phone ring, he picked it up and looked at it. Only PEI Qiqi could make him feel this uneasy.

he pursed his lips and looked at the message she had left him. he was upset and did not reply.

PEI Qiqi waited for a long time but he didn't come. She thought that he might be asleep.

Two days later, Qin Anlan woke up. Tang Yu didn't send her any more messages or call her. PEI Qiqi had a feeling that he was angry.

She didn't know how to explain, and she couldn't explain it, but she couldn't leave an LAN alone.

After Qin Anlan woke up, the doctor said that he could eat liquid food. She cooked him some porridge and fed him in small mouthfuls.

Qin Anlan leaned against the head of the bed and looked deeply at her submissive appearance. His voice was a little hoarse. Qiqi, how many days have you been here? ”

She hummed in acknowledgment and fed it to him again. However, he did not eat it. Instead, he grabbed her thin wrist.

“An LAN?” She raised her eyes and looked at him.

Qin Anlan noticed that there were dark circles under her eyes. She must have stayed up late.

She smiled bitterly. Qiqi, if I didn't know that you loved him deeply, I would have thought that you had feelings for me too. he almost couldn't bear to give up.

PEI Qiqi only spoke after a long time, ” an LAN, I'm sorry.

” you don't have to apologize to me, qiqi. you have done nothing wrong to me. i was just being delusional. ” he held her hand slowly. ” i've signed the divorce agreement and left it in the apartment. i'll get KIME to get you to sign it later. ”

PEI Qiqi was a little sad. She sat beside him and didn't say anything.

Chapter 1148 My heart hurts so much (2)

Qin Anlan smiled bitterly. you're right. I should give Muyun a father.

pei qiqi reached out and hugged him. qin anlan felt a little pain but he endured it. after a while, he chuckled, ” qiqi, you must be happy in the future. ”

He rested his chin on the top of her head, his eyes a little hot, and his voice was extremely hoarse. it's okay if you can't remember. He loves you very much.

PEI Qiqi cried in his arms.

qin anlan smiled bitterly. ” qiqi, why do i feel like i'm getting my daughter married? ”

He clearly liked her a lot and didn't want to let go, but he just gave her his wish.

“Alright, let's go back! There's a Kime here.” He ruffled her hair, his voice low and deep.

PEI Qiqi shook her head in his arms and hugged Qianqian again.

qin anlan's heart was extremely uncomfortable. he only smiled. ” “let's go back!”

She shook her head desperately and cried like a child.

qin anlan called for KIME and asked him to send pei qiqi back.

PEI Qiqi was a little drowsy. She didn't even realize that the car had arrived in Xia city.

KIME stopped the car and said indifferently, "Miss PEI, let's go up. President Qin said that he wants me to watch you go up."

PEI Qiqi hesitated for a moment before saying, "take good care of him."

"Yes, I will." "president qin has really let go. in the future, wanwan ... "

he said, " sometimes, being cruel is the greatest kindness to him. "

how could he not know that pei qiqi had feelings for qin anlan? after all, they had lived together for two years. it was hard for her not to care about him. however, if she were to get involved in boss qin's life now, it would be hard for boss qin to get over it.

How could PEI Qiqi not know?

she lowered her eyes. " call me if you need anything. "

Kie sighed in his heart. If it wasn't for Tang Yu, PEI Qiqi would've fallen in love with President Qin. Qianqian definitely would.

PEI Qiqi got out of the car and walked into the elevator. don't worry, " she said as she drove the car away.

When she walked out of the elevator, PEI Qiqi's legs felt weak. She knew clearly in her heart that she and an LAN would never be the same as before.

She was selfish. On one hand, she wanted Tang Yu's love. On the other hand, she couldn't bear to part with an Lan's warmth and the memories they shared. However, these two things couldn't co-exist because an LAN would suffer.

When she returned home, she did not turn on the lights even after closing the door. Instead, she leaned against the door and stammered.

The lights suddenly turned on.

her eyes were a little sore because she had been up for two nights and because she had cried.

the lights were bright. she saw tang yu sitting on the sofa and quietly looking at her.

"you're home." She slowly walked over and sat beside him.

Tang Yu nodded and put her on his lap. He kissed her on the forehead, " go take a shower. You smell like medicine.

pei qiqi sniffed herself and stuck out her tongue, " "Alright,"

how could he not see that she was pretending to be light-hearted?

his heart ached a little, but he only smiled.

pei qiqi walked into the bathroom and sniffed her kasaya.

She turned on the warm water and washed her body. She felt a little uneasy. She kept feeling like there was something hidden under Tang Yu's calm appearance.

Actually, he should be angry.

she raised her head and let the warm water wash over her body. her body was a little tired, so she slowly leaned against the wall and staggered.

The bathroom door was pulled open and she suddenly looked up to see Tang mo standing at the door.

He was wearing a white shirt and black trousers. His face was noble and cold, but it was very attractive.

Chapter 1149 My heart hurts (3)

PEI Qiqi covered her body and pursed her lips. She looked a little uneasy, ” “Tang Yu?”

“Let’s shower together.” He took off his clothes indifferently, like an ordinary couple sharing a bathroom.

When he walked over, her heart trembled with every step.

she had never seen him like this before, at least not in her memory.

tang mo rushed forward and then saw her standing there, so he caught her.

he washed her like he was washing a cat or a dog. pei qiqi’s face was covered in bubbles and she felt uncomfortable but she didn’t dare to make a sound.

at this moment, she was a little afraid of his embarrassed look, afraid that he would be naked.

Finally, he finished washing her and carried her back to the bedroom with a towel. He let her sit in his arms and helped her dry her hair. His actions were very slow but PEI Qiqi felt that it was the prelude to torture.

after drying her hair, her long black hair was scattered all over the pillow. her small face was a little pale, and her watery eyes were wide open, looking very moving.

she was a little nervous. her little hand grabbed onto the front of his bathrobe, ” tang yu? ”

he leaned forward and sniffed her hair, his voice hoarse. ” “Are you afraid?”

“i’m afraid.” Her voice trembled as she looked at him helplessly, her small hands clenched even tighter.

Tang Zheng leaned over and rubbed the tip of his nose against hers. The slight coldness and touch made her feel a little more comfortable, but she was even more afraid.

He hadn’t done anything yet, but she could feel a tearing force.

PEI Qiqi bit her lips. Her lips were red and her eyes were almost watery.

“Don’t be afraid. i will be gentle.” his voice was low, and then he no longer held back. he kissed her little mouth and kissed her freely.

she struggled for a while, but her hands were pinned to the sides of her body by him.

tang yu stopped the kiss and looked down at her with a burning gaze.

PEI Qiqi felt like he was going to eat her up. Her body trembled and her mouth was slightly swollen.

he freed one hand and gently caressed her small mouth. his voice was low and slow. ” qiqi, i can’t wait anymore. ”

As he spoke, he pressed her hands on his waist and lowered his body to kiss her.

PEI Qiqi’s tears flowed out from the pain. She clenched her fists and punched him-

He was a bastard. He said it wouldn’t hurt and he would be gentle!

But, it hurts Yingluo so much.

Her long eyelashes were filled with tears, and her little face was full of hopelessness.

He lied to her. This kind of thing was not comfortable at all. There was only pain.

she struggled with all her might and cried hard, but she couldn’t escape.

how could a man who had been forbidden to be a jade man for two years be able to stand it? although she cried and struggled, he still held her down and teased her without care.

PEI Qiqi cried and cried until she couldn’t move anymore. Exhausted, she closed her eyes and let him do what he wanted.

in a half-awake state, she heard his passionate breathing and hugged him tightly with her small hands ...

This kind of thing was so painful, but why did he look so comfortable?

This hug completely messed up his rhythm. It wasn’t so rough at first, but with her like this, he was moved and became more and more indifferent.

PEI Qiqi’s voice was hoarse from crying, but he didn’t let her off, Wanwan.

he was finally satisfied late at night.

she lay in his arms like a little beast on the verge of death. her small hands were wrapped around his neck, and she was still trembling.

Tang mo held her hand and looked at the blister on it. He asked softly,”how did your hand get injured?”

She was half-awake, and her voice was low. I’m making porridge for an LAN.

an lan?

making congee?

Chapter 1150 My heart hurts so much (4)

He had thought that she was the only one who could cook, but it turned out that she could also cook porridge for Qin Anlan!

tang yu nimbly got off the bed. pei qiqi’s body was empty. she opened her eyes and searched for him.

After a while, he came back with a tube of medicine in his hand. He came over and gently applied it on her.

PEI Qiqi raised her eyes and looked at him. She bit her lips, "are you angry?"

it was already four o'clock at night.

"Why should I be angry?" after he finished applying the medicine for her, he rubbed the center of her head. "alright, time to sleep."

he laid flat with pei qiqi by his side. he didn't hug her for a while and she felt uneasy. she took the initiative to hug his arm and said softly, "i couldn't leave him at that time."

Tang Yu sighed and said in the dark, "qiqi, i've never been angry about this."

He wasn't afraid anymore. He was just a little afraid. Did she, Huahua, like an LAN?

So, he lost control tonight. It was clearly not the best time, and she was obviously very tired, but he still wanted her, almost violently.

"oh," pei qiqi replied.

she muttered in her heart that he was obviously angry.

after that, she hugged his arm, but she couldn't fall asleep.

an hour later, tang yu's voice was a little hoarse, "why aren't you sleeping?"

when they were doing it before, she was still very sleepy and had been sleeping almost the whole time. to be honest, he was not so happy to do it with her as if she did not feel anything. as a man, it was quite depressing.

PEI Qiqi's little face was pressed against his arm. After a while, she said in a low voice, "tang yu, it hurts a little."

he wrapped his arms around her shoulders and turned on the bedside lamp. he immediately sat up and looked into her eyes."where does it hurt?"

pei qiqi lowered her head shyly and didn't say anything.

tang yu immediately understood. with a meaningful expression, he reached out and turned on all the lights.

she realized that he was probably trying to do something, so she held the bedsheet in her arms and refused to let him check it.

Tang Yu coaxed her, "okay, be good. Let me see.

she refused and kicked him. she was a little willful, but in the end, she was the one who was in pain.

tang yu let her do whatever she wanted. he knew he went too far tonight.

He reached out and held her in his arms. After coaxing her for a while, he knelt on one knee and carefully examined Yingying under the light.

pei qiqi turned her little face to the side, feeling a little shy.

Tang Yu's eyes seemed to be on fire. Looking at her like this, he was naturally a little moved but he suppressed it because she was hurt.

"i'll go get a hot towel and help you warm up." He kissed her on the forehead, and when he got out of bed, she pulled on his bathrobe somewhat reverently. He turned around."i'll be back in a while."

pei qiqi watched as he walked into the bathroom. when he came back, he had a towel in his hand. he helped her warm up and she felt a little better.

she let out a sigh. tang yu looked up and after a long time, he asked softly, " Qiqi, do you feel uncomfortable when I do that? "

he wanted to ask for more details, but he didn't.

pei qiqi pouted and nestled in his arms. after a while, she said softly, " "It hurts,"

Only pain?

tang yu secretly reflected on himself. was it because he hadn't been here for two years and his skills were rusty?

pei qiqi bit her lip and lay in his arms. she asked in an especially soft voice, " "you, are you feeling very comfortable?"

his adam's apple rolled twice, and he only hummed after a long while.

PEI Qiqi bit him, " I thought so too. You call me pretty Xiao hun.
