Chapter 1171 Recovery of memory (2)

That was why they all looked at PEI Qiqi differently. PEI Qiqi wasn't a fool and could naturally feel it.

Since she felt that it wasn't good for her to be like this, then she would make up her mind.

she closed her bag and said with a smile, " "If you don't like it, then forget it."

The two of them were dumbfounded. They didn't say that they didn't like it!

PEI Qiqi lay on her little bed and played with her phone while munching on her steamed buns.

The two of them swallowed their saliva, but they had no choice.

from that moment on, they decided to ostracize pei qiqi. they even secretly sent pei huan a photo of pei qiqi and sent it to her.

"sister huan, you have to be careful."

pei huan replied-hahaha, impossible.

if it was possible, then pei qiqi must be blind. tang yu was such a top quality man. no matter how she looked at him, she couldn't compare to him.

however, the other two didn't think that way. they thought that pei huan must have been tricked by pei qiqi.

she had to find a way to expose pei qiqi's true colors and not let sister huan suffer.

Hence, the rest of the journey was a little tricky. Every night, they would enter the mountains and walk there. Old kan carried PEI Qi's 70-kilogram bag. Right now, he wasn't carrying his bag but the two million Yuan He had earned.

pei qiqi would follow him up the mountain from time to time. old kan would even carry her for a while.

others did not know about their relationship. when the two of them saw it, they took a picture for pei huan.

sister Huan, look. Your old kan is carrying her. How can there be nothing? "

when pei huan saw this, she laughed. in the past, old kan and pei qiqi lived together. what was that?

however, later on, pei huan and old kan lived together. because they were so ostracized, even the men could see it.

PEI Qiqi, on the other hand, was happy. She just had to ignore him!

However, old kan couldn't bear to see her suffer, so he grabbed her to live with him and didn't avoid people.

Qiqi was his little disciple and also PEI Huan's sister (PEI Huan was a few months older) so this was nothing. Moreover, it was not a big deal in the wild.

pei qiqi was also at ease with sharing a tent with old kan. however, she first sent a message to pei huan-

“Do you mind?”

pei huan waved her hands and said, “go ahead and sleep.”

PEI Qiqi lay on her bed and couldn’t stop laughing!

old kan took a shower outside and returned to the tent. he wore tight clothes and dried his hair. ” what are you laughing at? ”

pei qiqi took out a bag of dried fish from her bag, ” pei huan said to give you something to eat. ” this is your reward.”

old kan looked at it and swallowed the bag of dried fish in one gulp. ” so little. you think i’m a kitten? ”

pei qiqi laughed, ” save some! ”

Before she went to bed, she poured out the snacks in her bag and tidied them up carefully as if they were treasures. She then looked at the two large bottles of milk beside her and touched them carefully.

These were all the hearts that old kan carried.

“Time to sleep.” She hugged her little dried fish, spicy rabbit, and slept soundly.

Old kan went outside to smoke a cigarette and reported his day’s schedule to his wife. He especially explained that he and Qiqi slept together. PEI Huan was still very generous. I believe in my husband.

suddenly, old kan was touched.

pei huan believed in him so much. after they got married, she had never gone out to work. her world was filled with him, and he was the pearl of his wisdom.

Chapter 1172 Recovery of memory (3)

old kan threw away the cigarette butt and wanted to go back to his tent to sleep. suddenly, old kan’s eyes were-little straight-

he saw pieces of rocks rolling down the mountain peak. at first, they were slow, but then they poured down.

His lips moved, and then he shouted, ” “The mountain is collapsing!”

the sound was especially clear in the dark night, like the wails of ghosts and howls of wolves in the valley, echoing one after another.

The sound of death was getting closer and closer. It was too late to run. Instead, he would be buried under the mountain rocks.

Old kan quickly got into the tent and shook PEI Qiqi awake, ” Qiqi, there’s a landslide.

PEI Qiqi was still a little confused when old kan quickly lifted the two big wooden boards on the ground. He used his two hands to break them in half and put the four pieces together, forming a simple nest-like shape.

he quickly pulled pei qiqi down with him and dragged her snack bag and two big bottles of milk over.

the moment she laid down, a loud noise came from above her head, followed by a huge pressure. first, it crushed the tent mercilessly. then, it sank down to the thick wooden boards below. the old man pounced on pei qiqi. pei qiqi only heard him groan.

Everything in front of him slowly turned dark, and finally, the last trace of light was swallowed up. All around him, there were rocks pressing down, leaving behind a small world supported by old kan.

“old kan?” Her voice trembled a little, afraid that something would happen to him.

old kan let out a deep breath. ” i’m fine. ”

he lowered his head and used his chin to rub against pei qiqi’s head, ” qiqi, are you okay? ”

pei qiqi acknowledged him. then, she wanted to move but she couldn’t.

her voice was very soft. ” old kan, are we going to die here? ”

“I won’t,” Old kan said hoarsely. In fact, he was not sure himself.

He only knew that he had to hold on until help arrived.

as long as he was still breathing, he would not let anything happen to qiqi.

he estimated that this small space could provide them with about seven to eight hours of oxygen, including the corners.

if there were no cracks in the rocks, they would probably suffocate to death.

old kan wouldn’t tell pei qiqi any of this. sometimes, after despair, one’s desire to live would weaken.

“Qiqi, is your bag still there?” old kan asked softly.

PEI Qiqi’s hand could move. The moment she reached for the bag, she said, ” “The bag is still here, and there’s also milk.”

Old kan felt a little relieved and rubbed his chin against her. Qiqi, you have to endure it. Someone will definitely come to save us.

They didn’t know what was going on outside. This place was like a lost land, and they couldn’t see anything.

pei qiqi was already very uncomfortable lying down like this. she knew that old kan would be in even more pain and was a little worried for him, " old kan, can you move? "

old kan snorted. " qiqi, it's fine! i can't move. if i move, we'll probably be crushed into meat patties."

the wooden boards he had placed were at an ingenious angle. if he moved now, they would probably all collapse.

pei qiqi bit her lip, " are you in pain? "

"a little!" he smiled and said, " i'm fine. "

as the two of them talked, they couldn't hear anything outside. old kan secretly felt air flow in. he knew in his heart that the heavens were kind enough to not completely block the inside.

occasionally, he could still hear the sound of gravel rolling over the top. he secretly listened, but his heart was still uneasy.

Chapter 1173 recovery of memory (4)

if they were to be attacked by the descending stone again, they would probably be doomed.

Fortunately, there were stones that would occasionally run over them, but they were not too concentrated.

the surroundings slowly quietened down. it was late at night again. pei qiqi was a little sleepy but she didn't dare to sleep.

At this moment, she really missed Tang Yu. She wanted to be careful. If she died, she would never see them again.

old kan's voice was hoarse but gentle. " qiqi, take a nap. i'll wake you up when it's morning. "

PEI Qiqi looked around. It was all dark, " how will we know when it's dawn?!

Old kan forced a smile. Qiqi, hang in there. I'll know when the sun rises.

She was exhausted and fell asleep in old kan's arms, but she couldn't really fall asleep. The stones that she occasionally ran over were enough to wake her up. Old kan was always awake.

It was so intermittent. At dawn, a ray of light poured into the crack in the stone. At that time, old kan's heart was really at ease.

he heaved a long sigh of relief and looked down at qiqi. from his angle, he could only see her small black head. he called out softly, " "Qi Qi?"

PEI Qiqi woke up and mumbled, " en.

" qiqi, can you open the bag with your hand? if you can, open the bag and take out two bags of snacks. " as old kan spoke, he gasped for breath, his body trembled twice, and his teeth chattered in pain.

pei qiqi's little hand reached over. her body was pressed down by old kan so she could only move her arms. and it was a small movement. she moved like this and slowly unzipped the zipper. she took out two small bags.

“Be careful when you use your strength. If the vibration is too strong, the rocks above will fall down.” Old kan said softly, and then rubbed his bearded chin against her little head to give her some courage.

PEI Qiqi acknowledged him and carefully tore it open. Her small hands desperately reached for it and went up to feed old kan cricket.

it was quite difficult, but old kan still managed to eat it. he was only willing to eat one pack and let her eat it.

“i don't know how many days we'll be stuck here, let's save some food.” he said in a rough voice, and then looked down at her gnawing like a little mouse.

After he finished eating, he felt a little better.

old kan gestured for her to open the cap of the milk bottle and took a straw from his backpack. the two of them drank a lot.

“this bottle can last us two days, so we'll try our best to finish it.” The old man calculated that two bottles could last them for four days. If Tang Yu came in time, they might be saved in three days.

he couldn't help but feel lucky. if he wasn't with qi qi, he might not have the confidence to be rescued.

PEI Qiqi finished drinking. After a while, she asked old kan softly, ” I need to go to the toilet. What should I do? ”

Old kan had been holding back for a while. When he heard her question, he coughed. Qiqi, why don't we each take a step back? I don't mind you, and you don't mind me either. How about that? ”

PEI Qiqi howled and bit into the mud with her mouth, ” “old kan, are we really going to do this?”

old kan looked at her and laughed in a deep voice. only qiqi could make him laugh at this time. ” otherwise, what should we do? if we bear with it, our kidneys will be damaged. we will be disabled when we get out. ”

they still had a mouthful of food and milk to drink. the others were probably not so lucky.

they had more than 20 people, and it would be good if half of them could survive.

When he thought of this, old kan's eyes dimmed and he felt quite sad.

PEI Qiqi saw that he didn't say anything and thought for a while. In the end, she closed her eyes, gritted her teeth, and went to the toilet to take a nap.

Chapter 1174 recovery of memory (5)

pei qiqi saw that he didn't say anything and thought for a while. in the end, she closed her eyes, gritted her teeth, and went to the toilet to take a nap.

old kan didn't stand on ceremony with her.

After a while, PEI Qiqi called out, " "Old kan, you're really a lazy person."

Old kan lowered his voice and coughed, feeling a little uncomfortable.

"don't ever mention this again, little girl." He instructed her.

PEI Qiqi wasn't stupid. Why would she say this? even she felt disgusted by it.

the two of them were silent for a moment. pei qiqi's small hands hit the ground, " it stinks. "

he had been stinky by himself.

Old kan was also a little embarrassed.

the two of them rested for a while and listened to the movements outside. about half an hour later, there would be a stone rolling by, and every time it would just barely roll over their heads. it was extremely dangerous.

"Old kan, do you think we'll be buried here?" She asked worriedly.

Old kan wasn't confident either. After all, the mountain was so big, and it would take a few days to finish digging!

He rubbed her head with his chin. girl, if I knew this would happen, I wouldn't have asked you to come.

old kan felt a little guilty.

PEI Qi shook her head, " luckily, I'm here to accompany you, right? "

Old kan laughed. yes, just like we used to, all together.

PEI Qiqi was very grateful to old kan. At a time like this, he could still show her warmth and make her not so afraid.

She hummed softly and didn't say anything else. She laid down to rest.

It wasn't until her stomach couldn't take it anymore that she opened the bag of snacks and reluctantly took out a few bags of bunnies. She shared them with old kan. She gave old kan a large package and ate a small bag for herself.

after eating, she drank some milk to ensure her strength.

it was very uncomfortable to be pressed down like this for a long time. old kan suddenly moved up about a centimeter. " qiqi, try to stretch your body. just move a little. "

pei qiqi didn't dare to move because she was afraid the stone would fall.

" don't worry, i'm here. if you move, your bones will die if you don't move for a long time. " he said in a deep voice.

pei qiqi moved a little and didn't dare to move anymore. she lay down obediently because she knew how much strength she had to use to move.

Old kan also moved carefully, but he only dared to move a little before he continued to lean on her back.

sometimes, when she was scared, he would rub his chin against her little head, telling her that he was fine and what time it was, yingluo.

Her phone rang a few times. It was a call from Tang Yu but it stopped after a few rings. The signal was probably bad.

she and old kan were looking forward to hearing it again, but it never happened!

The sky turned dark, and the sky brightened again.

12 hours, 24 hours, 48 hours passed by just like that.

Although there was milk and food, he was getting weaker and weaker by lying here.

PEI Qiqi's head drooped down. Even when old kan asked her to bring snacks, he had to order several times. He was a little anxious and kept rubbing her with his beard. PEI Qiqi woke up and said in a faint voice, " old kan? "

"qi qi, can you still move?" old kan said.

She said yes and went to take it. However, as soon as her hand touched it, there was the sound of a Stone Rolling over her. The wooden board above her head broke and fell directly on her head.

Old kan tried to resist, but he couldn't. Instead, his arm broke.

PEI Qiqi's forehead was hit hard. She felt her mind was in a mess. All kinds of scenes crossed and flashed by like a movie being rewound.

Chapter 1175 Recovery of memory (6)

pei qiqi felt a burst of pain. then, she felt her mind was in a mess. all sorts of scenes crossed and flashed by like a movie being rewound.

" tang yu, i'm sorry. i can't love you. "

"PEI Qiqi, do you still feel pain?"

Who was the owner of those pained eyes?

she shook her head, her mind in a mess.

however, more uncontrollable images appeared in his mind, and the voice was particularly clear-

"qi qi, we are siblings."

" tang yu, i just want to be with you. i don't care if it's you or not. i only want you and the child, hanhan. "

"I beg you, please let her stay."

who was she begging?

was she the one who had such a painful past?

She wanted to hold her head, but she couldn't move at all!

It was so painful that he found it hard to breathe. It was not from his body, but his body.

Finally, it was a close-up of her eyes. She stepped back and he wanted to hold her back.

“Qi Qi! Don't go, Yingluo!”

She didn't want to leave. She didn't want to leave at all. She still wanted to stay and see who he was, Yingluo.

however, she couldn't hold on any longer, and her body fell down weakly!

Old kan kept calling her name in her ear, but she no longer responded to Yingluo.

because of the rock, the last ray of light in this small world was blocked, and the air was slowly becoming thinner. old kan knew that in two or three hours, they would not be saved. they would probably have to live here forever.

.....

at the foot of the mountain, tang yu hadn't slept for two days and two nights. his usually calm black eyes were now bloodshot.

Meng Qingcheng and Xiao ran also rushed over. At this moment, he didn't trust anyone else. They were the only ones who could understand what he meant.

The entire mountain was buried by rocks. He did not know where his Qi Qi was buried.

He circled the mountain in the helicopter countless times, but he couldn't find a trace.

he didn't dare to move it easily, because such a big movement could cause another large-scale landslide. it would make his qi qi lose its last hope.

“Flip forward a little more.” his eyes were red as he stared at the screen.

Meng Qingcheng scrolled forward, slowly locking onto the image and zooming in.

tang yu's eyes froze. then, his breathing became chaotic. he saw old kan's license plate.

Old kan's car was buried and flipped over, but half of the license plate was exposed.

He remembered that number. Before PEI Qiqi left, she pointed at old kan's license plate and said, “Tang Yu, look. Old kan's license plate is so funny. It's 588. PEI Huan must have asked him to get it.

Tang Yu immediately walked out, ” prepare two helicopters.

PEI Huan was there too. She walked up with tears in her eyes and grabbed Tang Yu's sleeve, ” I want to go too.

These two days, PEI Huan had lost a lot of weight and looked Haggard.

Old kan was her husband and Qi Qi was her sister. She couldn't lose both of them at the same time.

tang yu's eyes were locked on her face for two seconds. in the end, he reached out and put his arm around her shoulder, " "Let's go," he said.

PEI Huan wanted to cry. She followed Tang Zheng onto the helicopter, while Meng Qingcheng and Xiao ran got on another one.

just as they were about to take off, the relevant department came over to stop them. " the higher-ups have instructed us not to go up this mountain easily. on one hand, it's dangerous. on the other hand, it will cause impact. "

Tang Yu didn't stop. He got into the helicopter and looked down at the people in uniforms, " if you have the ability, then blow my helicopter down.

the few of them looked at each other. how would they dare?

If anything happened to Mr. Tang, their lives wouldn't be enough to pay for it!

in the end, after thinking about it, he still let them through!

Chapter 1176 recovery of memory (7)

Since they did not dare to do so, they could only watch the two helicopters rise into the sky.

tang yu and meng qingcheng personally flew the helicopter. he turned on his satellite phone and dialed a number, " send 20 more helicopters. i need digging equipment. " Do everything you can to transfer him over."

old kan and pei qiqi weren't the only ones buried in the mountains. so, if they wanted to dig, they couldn't run over the mountain. they had to transport the tools down from the sky.

After hanging up the phone, he followed the previous aerial shot and drove to his destination.

When they saw old kan's license plate, Tang Yu's heart was in turmoil while PEI Huan's eyes were filled with tears.

"It's old kan's car." pei huan mumbled. she grabbed tang yu's arm and pinched it a little hard.

Tang Yu's voice was deep, [have you ever exposed your secret to old kan?]

"a few times," pei huan wiped her tears.

"does he have any habits when he sets up camp?" tang yu's helicopter hovered in the air, looking for the best landing spot.

pei huan thought about it carefully before saying, " " he seemed to have set up camp about ten steps to the left of his car. when he went to the toilet, his car was blocking his way. "

Tang Yu looked at the direction and saw a small bump.

His eyes were bloodshot, and there was a sweet taste in his mouth.

that could be his qi qi!

as expected, the helicopter landed on a relatively smooth area. he got off and pulled pei huan down.

step by step, he stepped on the stones carefully. every step was careful, for fear that there would be her old kan and his qi qi below.

Meng Qingcheng and Xiao ran also got off the helicopter. Xiao ran carefully walked to Tang Yu's side, while Meng Qingcheng was responsible for contacting the 20 helicopters!

tang yu walked in front of the small pile. he pursed his thin lips and saw that the fabric of the tent had turned grey after the disaster.

He took out his phone and dialed PEI Qiqi's number, but her phone was still off.

but he could feel that qi qi was right below.

his qi and blood churned, and his heart was filled with unspeakable pain.

she turned her head and looked at meng qingcheng, who was walking over. " how long before we arrive? "

no matter how anxious he was, he couldn't move these stones easily because every move could be fatal to qi qi.

Meng Qingcheng held his phone. I'll be there in ten minutes.

When he said this, he was calm and collected. It also gave Tang Yu a sense of security.

At this time, he needed a companion like Qingcheng.

pei huan couldn't control herself and burst into tears, " "lian mingzhu, listen to me. if you dare to die, i will dare to remarry."

The scene was silent. Suddenly, a cracking sound came from the crack in the stone!

although it was small, it truly existed.

"they're alive!" PEI Huan was crying and laughing at the same time. She pulled on Tang Yu's arm, " Tang Yu, they're alive!

Lian Mingzhu, PEI Qiqi, you bad child. Listen to me. Hold on to Yingluo. If you guys die, I'll marry Tang Yu. Do you hear me? " pei huan wiped her tears and laughed.

the scene became even quieter!

PEI Huan's way of encouraging people was really special!

Qiqi, " Tang Yu said in a deep voice, " I'm here.

from inside, a rustling sound could be heard.

Even he had tears in his eyes, he had never been so excited.

His Qi Qi was really still there.

In the sky above, the sound of helicopters could be heard, approaching from afar.

One by one, they landed. Rescue experts and even rescue dogs alighted, a total of 40 people.

She walked to Tang Yu's side and studied it together.

Chapter 1177 Recovery of memory (8)

the leading expert looked at the situation and studied the direction of the pile of stones. " someone must have done something to hold these stones up. " We need to move the rocks from these directions to not hurt the people inside. If we're not wrong, they should be down there."

tang yu hesitated and looked at him, " do it! "

he said it decisively, but the expert was still very careful. if anything happened to the people below him, it would definitely not end well.

That was Mr. Tang's wife, and they couldn't afford it even with dozens of lives!

the most high-end equipment was very light and convenient. it was almost like the arms of a robot, easily moving the stones away one by one. there were a total of five robotic arms working, so very quickly, about ten minutes later, the stones were moved away, and the scene inside was slowly revealed.

When she saw the scene below, PEI Huan covered her mouth.

Old kan's entire back was covered in blood. The white t-shirt he was wearing was dyed red. He lay there and hugged PEI Qiqi tightly. Even though his upper body was empty, he didn't move.

pei qiqi laid on her stomach, curled up under old kan's body, and didn't move.

Around them, there were overturned milk bottles and an opened bag of snacks.

"mingzhu! Qi Qi!" PEI Huan called out softly, but she did not dare to move forward, afraid that she would step on them.

tang yu got down almost at the same time. together with meng qingcheng, they carried old kan onto the stretcher. although his injuries were serious, his mind was still clear, " "On the left, there are about ten more tents, hehe."

His voice was weak. Qiqi's head bumped a few hours ago and she hasn't woken up since. But I touched her. She's still alive.

As he said this, PEI Huan couldn't help but nod her head, laughing and crying at the same time, " "Our old kan is the best."

she wanted to hug him, but she was afraid of hurting him.

At this moment, Tang Yu had already carefully carried PEI Qiqi up. Her body was fine, but there was a bruise on her forehead. She was in a bad state and even smelled of urine. However, in Tang Yu's eyes, she was an Angel.

he kissed her forehead and moved his face closer to hers. his voice was low and hoarse."qiqi, i will never let you leave me again."

tang yu took them to the helicopter and went straight to zengcheng hospital. meng qingcheng stayed behind to rescue the other photographers and xiao ran also stayed behind.

zengcheng hospital.

After a checkup, PEI Qiqi's body was fine. The electrocardiogram showed that there wasn't much of a problem. Old kan only had a superficial wound and woke up after a few hours of sleep.

pei qiqi didn't wake up. she was like a sleeping princess and slept in zengcheng hospital for three days.

In the past three days, Tang Yan was exhausted. In the end, he took Qiqi and old kan back to B city. Sheng Yuan hospital.

Tang Yu arranged for old kan and PEI Qiqi to stay in the next room.

While he was guarding PEI Qiqi, old kan let PEI Huan help him in to visit PEI Qiqi.

seeing that she was still asleep, old kan shook his head. " this girl, she must be too lazy to get up. "

Tang Yu sat down and his fingers gently touched PEI Qiqi's face, " she might be too tired.

When he was digging the stone, his heart ached for Yingying. But he also knew that if it wasn't for old kan, his Qi Qi might not be here anymore.

there were more than twenty people in the group. only old kan and qi qi survived.

Old kan sat down next to Tang Yu and looked at PEI Qiqi. His voice was low, " it's already amazing that she managed to last until the end.

Chapter 1178 Recovery of memory (9)

When he learned that so many people died, old kan cried while Tang Yu and PEI Huan were scared.

If Qi Qi didn't live with old kan, would she be like the others?

PEI Huan reached out to hug old kan and said in a low voice, " "This bad child will definitely wake up."

"yes, definitely," old kan said in a deep voice.

he and tang yu walked to the corridor outside. old kan hadn't smoked for a few days and pei huan had been watching him very closely. now, his smoking addiction was acting up, " do you have cigarettes? give me one."

tang yu gave him one and took one for himself. he lit it up and took a big drag.

he looked up at the sky outside the window and said in a low and hoarse voice, " i know she will wake up eventually, but i'm still worried. "

Old kan patted his shoulder. I understand this feeling.

Tang Yu turned his head and glanced at him. He also patted old kan's shoulder, " thank you for this.

old kan pursed his lips and sighed. " what are you thanking me for? qiqi is like a sister to me. she is also pei huan's sister. "

Tang Yu put his arm around old kan's shoulder. After a while, he said in a low voice, " "I kind of miss her."

She was right in front of him, but she always fell asleep. He felt a little lonely.

he was also fragile. he needed her to wake up and tell him that she was fine and that she was fine.
old kan patted him to comfort him. " you're so fragile! "
Tang Yu chuckled, " even a hero can't overcome a beauty.
old kan also laughed. he smoked with tang yu and watched the sunset together.
another day had passed. would tomorrow be better?

In the ward, PEI Huan used a warm towel to wipe PEI Qiqi's body. She was especially careful and gentle.

perhaps it was because she had become a mother, but pei huan was very emotional. as she wiped, she mumbled, " pei qiqi, the motherly love that my mother didn't give you in the past, i can give it to you. look at you lying in old kan's arms. from now on, you are old kan's child. calling old kan 'daddy' sounds good. in the future, you can also call my mother jian jia. i won't change my little kan xing's name. if others laugh at me, just laugh. as long as you don't think i'm carpet star, it's fine. "

As PEI Huan spoke, she wiped her tears again. you said that after going through so much, we're still together! did the heavens allow us to live in another way? pei qiqi, if you want to bully me back, wake up!"

At first, PEI Huan was quite tough. She even dared to say something like 'sleep with Tang Yu'. As she said that, PEI Qiqi still didn't change so she started to cry again, " look at you, why are you always lying here? I'm going to be worried too.

PEI Huan, when did you become so useless? " a weak voice sounded.

pei huan was stunned. then, she opened her eyes wide and looked at pei qiqi on the bed.

pei qiqi's eyes were closed and her face was still pale. however, the corners of her mouth gently lifted into a smile.

pei huan was stunned for a moment before she started crying, " "pei qiqi, you damn child! You're finally awake."

PEI Qiqi closed her eyes and laughed. As she laughed, she started to cough.

PEI Huan's heart ached. She squatted down and patted her chest to calm her down. She reprimanded her, " you just woke up. Don't talk anymore.

PEI Qiqi finally calmed down. She tilted her head and looked at PEI Huan, " "you're the one who's too funny."

PEI Huan cried and laughed at the same time. She was so happy that she didn't know what to say.
after a while, she remembered something. she stood up, " i'm going to find tang yu and old kan. they're smoking outside. "

Chapter 1179 The promised happiness (1)

PEI Qiqi closed her eyes weakly but her hand still grabbed onto PEI Huan, " wait a minute!

pei huan paused.

PEI Qiqi laughed, " you didn't sleep with Tang Yu in the past. Do you think you can sleep with him now? " Old kan won't cut you off?"

PEI Huan was stunned for a full minute before she came to her senses.

Tears quickly gathered in her eyes. She looked at PEI Qiqi with uneasiness in her eyes.

"Qi Qi, you remember?"

she didn't know if pei qiqi would remember the bad things about her in the past! he ignored her.

"yes! he remembered! I remember that little PEI Huan is quite bad." pei qiqi was still very weak so her voice was a little soft, " but i'm even happier that she's become so good after she grew up. "

pei huan was a little disappointed and nervous at first, but then she blinked her eyes and cried, " qiqi, i'm so sorry. "

PEI Qiqi closed her eyes,"don't tell Tang Yu."

pei huan blinked her eyes again. she probably understood what pei qiqi meant.

however, to get her revenge, when she went to tell tang yu, she said this: "

PEI Huan ran over breathlessly and saw old kan and Tang Zheng shoulder to shoulder. From behind, they looked quite loving.

"qiqi is awake," she said softly.

tang yu's back stiffened. he slowly turned around and looked at pei huan.

PEI Huan panted and nodded hard. "he's really awake!"

however, she quickly looked troubled. " but it seems like yingluo's brain isn't working well again. "

Tang mo let go of old kan and quickly walked into the ward. Old kan walked to his wife and asked in a low voice, " "What's going on? what do you mean your brain isn't working well?"

pei qiqi had already lost her memory once. how bad would this be?

are you dumb? Stunned?

like a three-year-old child?

Old kan glared at his wife, and PEI Huan glared back. "What are you looking at? go back and rest. Do you think I can't smell the smoke in your mouth?"

Old kan felt a little uncomfortable and exhaled. you can smell it? "

pei huan laughed coldly. " what do you think? "

"i just took two puffs," old kan chuckled.

he hugged his wife and walked into the ward. he laughed as he thought about it. even if Qiqi's brain doesn't work well, Tang Yu still likes her!

To be honest, when he and Qiqi were dug out that day, it wouldn't be a very good scene. The smell would probably be very sour. When he saw Tang Yu holding it, it was like he was holding a treasure.

this was true love!

on the other side, tang yu quickly walked into the ward. he walked to the door and gently closed it. His breathing was a little chaotic, and he was actually a little emotional.

PEI Qiqi heard his voice and opened her eyes. She laid on her side and looked at him.

tang yu's lips curved up, "qiqi."

pei qiqi looked at him and pouted. her voice was low, "brother."

Tang mo was stunned.

brother?

What did she call him?

pei qiqi was still gentle and obedient. her eyes were pure, "brother?"

Tang Yu had thought of many possibilities, but he had never thought of this one.

Luckily, she didn't call anyone else 'brother', but 'me'!

He consoled himself like this!

he sat down beside her and reached out to stroke her hair. "qiqi, are you feeling better now?"

This question was both a question and a test.

She blinked her eyes and suddenly hugged him, "is Tang Yu's Xuanji still there?"

His body paused for a moment. He sorted out their past and realized that her thoughts had stopped at the time when she was pregnant. It was probably when they had cut off their relationship.

Tang Yu coughed and said shamelessly, "The child is fine! She has grown up. Qi Qi, you were in a coma for five years."

pei qiqi blinked and covered her eyes, "There's no problem with her Hanhan, right?"

She shifted her gaze away and looked at him seriously. we're siblings. Is there really nothing wrong with our child?"

tang yu's handsome face was a little anxious!

the lie from a few years ago, she dug it out again.

She coughed lightly. Qiqi, little Xin is very good.

pei qiqi nodded and grunted. she blinked and looked at him again. her eyes were watery and she looked especially small.

Tang Yu hadn't hugged her in a few days. Now that she was awake and in this situation, it suddenly aroused his desire.

he wanted to kiss her, kiss her, and hug her, so he pushed himself up to kiss her.

pei qiqi didn't reject him. at first, she raised her head and accepted his kiss. then, he kissed her deeper and deeper. her small hands wrapped around his neck. he slowly moved down and pressed her down on the bed.

"Tang Yu." Her voice was pure, and her eyes were as clear as water. The more innocent she was, the more he wanted to kiss her.

"qiqi, relax." he coaxed her.

because there was nothing wrong with her body. now that she had woken up, she was back to how she was.

Let the past be the past! she was still his qiqi.

Besides, Qiqi, don't you know that you've been exposed?

Tang Yu chuckled as his kiss deepened.

He kissed her neck and felt the blood rushing in her veins. It was as fast as he was, and she wanted it as much as he did.

Suddenly, she looked at him pitifully. older brother, we shouldn't be like this.

Tang Yu stopped. He used both hands to stop himself from crushing her.

his eyes were deep. he lowered his head and kissed her little mouth. "are you sure, qiqi?"

"i'm sure," she was probably afraid that he would lose his beastly nature and shamelessly hugged his waist.

tang yu lowered his head and looked at the little person in his arms. he let out a long sigh. he knew she was pretending, but since she put in so much effort, he played along.

he was overjoyed. his qi qi remembered everything.

However, he was also worried that she would not be so happy when she thought of those sad memories.

However, he was overthinking it. The little person hugged his neck and cried out happily, "brother, I want to go to the toilet.

Tang Yu looked at her meaningfully and then picked her up, "brother, carry me.

he didn't leave even after he placed her on the toilet. pei qiqi stared at him in a daze.

"we've always been like this in the past," He leaned on the side, looked at her calmly, and smiled.

PEI Qiqi pouted. Since he didn't mind, she didn't hold back either. He had seen how miserable she was in the mountains!

PEI Qiqi was stunned.

Tang Yu smiled and whispered into her ear, "this is how brother used to take care of babies.

pei qiqi raised her head and looked at him. he smiled and carried her up, "Big brother will help you take a bath."

"So tired! i want to sleep." She lay weakly in his arms, sobbing.

tang yu's smile deepened. little fool, i was lying to you.

she had just woken up, how could she take a bath?

in the end, he laid on the bed and used it as a pillow. pei qiqi slept comfortably and happily. she placed her small hands on his chest and called out little xinxin's name in a daze.

fool, you still know how to be careful even after losing your memory!

tang yu smiled. but since his wife liked it, he would just play along.

perhaps this would be more interesting?
