

Thank you 1191

Chapter 1191 The promised happiness (Part thirteen)

tang yu's voice carried a slight smile, " qiqi, do you really want to get married again? "

She did not have the face to get married again!

PEI Qiqi turned her little face to the side and bit his palm angrily.

He chuckled and allowed her to mess around. When she was done, he said softly, " "I don't mind proposing to you again."

PEI Qiqi raised her head and looked at his serious expression. After a while, she said softly, " actually, I don't need it.

they didn't need any words to express their love for each other.

just as she was thinking this, tang yu nodded in agreement, " that's true! Love only needs to be done."

he bit her little ear and teased her. " didn't you say that before? hmm?"

PEI Qiqi blushed and looked at him, " "i didn't mean it that way."

"Then I'd rather misinterpret it." he smiled and finally let go of her. he finally did not do anything to her behind the door.

only then did pei qiqi let out a sigh of relief. when her gaze landed on a small pink desk beside his desk, she exploded!

"why is this my desk?" She waved her little fist.

tang yu laughed and asked her back, " i thought you didn't want to be a secretary? then hanhan can only be a kid. "

tang yu, you're a pervert. " PEI Qiqi's face turned red.

Tang Yu chuckled and held her little body as they walked, " then, doesn't our Qiqi like me being a pervert the most? "

he pressed her against the pink desk, and she leaned back. he leaned close to her ear and said shamelessly, " don't you like it the most when i treat you pervertedly in bed? "

"that's the bed, not the office!" she refused to sit in front of such a shameful little desk.

tang yu touched his chin, " oh, i will consider mrs. tang's suggestion! "

As he spoke, he carried her to the lounge like a princess.

pei qiqi punched him and screamed, " tang yu! you profiteer! you're summoning your d * ck in broad daylight! "

“Mrs. Tang, have you been thinking about this?” He threw her onto the bed and looked down at her with his hands supporting him. He also felt that he was a little crazy. Even if he fooled around with her like this, his heart was extremely happy.

He raised his hand and looked at his watch. I have an important meeting at half-past nine. There are still ten minutes left!

“don’t even think about it!” pei qiqi’s small hands grabbed his collar. her face was red but her voice softened.

she knew that if he wanted to do something, she could not stop him at all, so she could only go soft.

tang yu smiled and kissed her, ” we’ll continue tonight. ” hmm?”

He got up nimbly, tidied himself up, and blinked at her. ” and qiqi, that desk is for you to be careful. you’re overthinking it. ”

PEI Qiqi pursed her lips and glared at him as he walked out happily.

when she went to the meeting, she was surprised to see that xiao ran and meng qingcheng didn’t even have anyone to send and receive documents.

in the end, tang yu decisively called his little girl over to do some work. he had a bad taste, especially when he saw her sitting next to him with a grievance. she couldn’t remember things in her memory and ended up drawing tortoises instead. he felt an indescribable softness to her. it was as if his entire world had softened.

only his qi qi could give him such a feeling!

Meng Qingcheng, who was supposed to be in a meeting, blocked Xiao ran in the small pantry. He frowned and looked at her. Xiao ran, I think I’ve made myself very clear. Why did ran ran go back for a blind date yesterday? ”

to be more precise, they had slept together!

Chapter 1192 the promised happiness (part fourteen)

xiao ran was leaning against the wall, and his gaze fell on the door.

people could come in at any time.

Meng Qingcheng noticed her gaze and casually closed the door. He didn’t keep his voice low, so the employees outside could see that Secretary Xiao and special Assistant Meng had locked themselves in the pantry.

As for what they were doing inside, everyone was laughing and giggling. It was nothing more than men and women doing it.

xiao ran looked at the closed door and was a little annoyed. ” meng qingcheng, what does my blind date have to do with you? ” open the door!”

Not only did he not open the door, but he also took a step forward and stuck himself between her body, not giving her a chance to escape.

“What does it have to do with me? Hmm?” he lowered his head and searched for her lips to kiss, but xiao ran suddenly turned his head away.

meng qingcheng didn't get angry. he just leaned closer and rubbed his nose against hers. he murmured, ” “ranran, you didn't say that when we had sex.”

she jerked her head up and her chin bumped into his nose. meng qingcheng groaned, but he was magnanimous enough not to argue with her.

he reached out and held her chin. ” you told me that you won't go on blind dates anymore, ” he said softly.

xiao ran had always been calm and had never been so flustered before. even when they had sex in her ward that day, she was not as cute as she was now.

Her eyes were wide open like a rabbit's, so cute!

meng qingcheng never knew that xiao ran had such a childish side to him. previously, she was injured on the mountain and almost got hit by a rock. at that time, his blood was in a mess, and he didn't want to lose her.

he wasn't a man who hesitated too much. so that day, in her ward, when she wasn't seriously injured, she told him that she was going to the fifth blind date and that her mother liked this man. meng qingcheng then pressed her on the bed and slept with her.

She was much calmer that day than she was today ...

Even if it was her first time.

that day, meng qingcheng didn't expect it to be xiao ran's first time. after all, she wasn't young. she was 28 or 29 years old. on top of that, she had gone on a few blind dates before and had interacted with some of them casually. but it was actually her first time.

although he didn't care, his heart was still in turmoil from that time until now.

He was indescribably ecstatic.

it turned out that if you liked someone, you would care.

At that time, he finally understood why Tang Yu's feelings were like that when he took PEI Qiqi a few years ago. Why did he fall in love with her?

at that moment, he looked at xiao ran, and his heart softened.

The place where there was only Tang Xin was quietly captured.

Although Xiao ran was mature, it didn't mean that she wasn't weak. In private, when he wanted her, her expression was very alluring. Now, she was as frightened as a child, and he couldn't let go.

xiao ran wanted to look away, but he held her hand and did not let go.

xiao ran bit her lips and glared at him. then, she laughed and raised her chin. she said provocatively, ” Meng Qingcheng, do you think we can believe what we said in bed? ”

Meng Qingcheng's expression was subtle. He seemed to be angered by her, but he wasn't that angry.

His fingers gently caressed her smooth and moving face, and his voice was deep and slow. Ranran, then do you think the words on the wall can be believed? hmm?"

The smile on Xiao ran's face was wiped clean. She glared at him in disbelief. "you're shameless."

Chapter 1193 The promised happiness (Part Fifteen)

Meng Qingcheng got even closer. His voice was a little hoarse, "Ranran, it's natural to be shameless to your wife.

She remembered what he had done to her that day. It seemed that the place where she had endured him was heating up. She bit her lip and said, "who is your wife?"

"Ranran, what do you think?" he leaned forward again. xiao ran couldn't take it anymore, and tears welled up in his eyes.

meng qingcheng laughed in a low voice. he lowered his head and kissed her lips.

In the beginning, Xiao ran was unwilling because she would not decide to be with him just because of the ridiculous night they spent together.

She had waited for him for so long, until her heart died, until he rejected her.

She also had her own pride and self-respect.

however, no matter how she tried to hide, he had a way to cling onto her.

xiao ran couldn't avoid it, so he bit him.

Meng Qingcheng laughed in a low voice. He endured the pain and kissed her deeply.

in contrast to his familiarity, xiao ran was actually inexperienced. she could only swallow her breath as he kissed her fiercely, submitting to his superb skills time and time again.

however, meng qingcheng forgot one thing. the better his technique was, the more experienced he was in love. after the kiss, xiao ran started crying.

She slapped Meng Qingcheng, then turned her face away and didn't say anything. She just cried.

what did he think she was?

he was playing with her in such a place.

"what's wrong? He was fine just now." his voice was a little hoarse, revealing a jade-like desire that had not dissipated.

xiao ran turned around and looked at him, "meng qingcheng, i can't afford to play those games of yours! If you don't love me, then don't provoke me. "

Meng Qingcheng looked at her tears and gently touched them with his fingers. He gently wiped away her tears, "Ranran, how do you know I won't love you?"

She looked at him in a daze.

He told her he loved Yingluo.

“i’m sure that i like you very much right now, and the possibility of this feeling turning into love is 100%.” His fingers gently caressed her small face. Then, he said in a low voice, ” do you still want me to leave like this? ”

xiao ran gave him a kick willfully. ” you go. ”

meng qingcheng kissed the corner of her lips, disregarding her wishes. he said with a smile, ” ranran, can you bear to do that? ”

“what do i mean by” can’t bear to “?” she glared at him with hatred, but her eyes were watery and she looked indescribably beautiful.

meng qingcheng immediately sealed her mouth and kissed her for a while before murmuring, ” “but i can’t bear to.”

Perhaps, there would always be a place in his heart that belonged to Tang Xin and could never be erased, but Xiao ran would be the most important person to him.

It wasn’t much of a heart-shaking feeling, she just seeped into his heart bit by bit, so much so that he didn’t notice it.

until one day, he drove past a coffee shop. he was smoking in the car and saw xiao ran sitting opposite a young man.

Both of them had an elder, and it was obvious that they were going on a blind date. He was a little dazed at that time, and the cigarette almost burned his fingers. Only then did he remember that she had said that she wanted to go on a blind date.

He gave her his blessings and wished her success.

But now, he saw it and unexpectedly drove the car to the parking lot outside the coffee shop.

He sat in the car and looked in her direction. He saw her struggling to deal with that man. In Meng Qingcheng’s eyes, that man was too young and inexperienced. He wasn’t worthy of Xiao ran at all.

however, the man’s elder’s eyes were critical.

Chapter 1194 the promised happiness (part sixteen)

how could a person like meng qingcheng not see the age difference between the two? the man was probably around 25 or 26 years old. although he was clean, he definitely wasn’t a decent person.

To put it bluntly, it meant that the family’s financial situation was average. If they wanted to find a woman, they would have to work for a few years less. However, they disliked the woman’s age. They speculated that the woman had a rich love history and would regret marrying her.

meng qingcheng sat in the car and watched quietly until the man’s elder forced a smile and left with xiao ran’s mother. he probably agreed to visit wanwan first.

Meng Qingcheng took a long drag on his cigarette. Even a girl like Xiao ran was being picked on like this. He felt an indescribable sadness in his heart. No matter what, they were friends.

This kind of sadness reached its peak when he arrived at the coffee shop, stood behind her, and heard the young man ask her very straightforwardly if she was a Virgin.

Meng Qingcheng gave the overconfident man a punch, then left with Xiao ran.

“Find a man better than me, or I won’t let you marry him,” he said to her.

xiao ran cried.

However, she would still go on blind dates.

He didn’t try to ruin it again. Instead, he watched silently from the outside, watching her fail again and again, until one day, she went on a date with someone else to Hanhan.

but it was only one or two times before it ended. meng qingcheng followed her, and as he followed her, he lost his heart.

however, she was getting colder and colder to him, just like how she usually treated her colleagues.

He knew that he was the one who had lost Xiao ran. She had stood behind him for so many years, but he had never turned around.

After she had failed four blind dates, he had decided to get her back.

he was a man of action. when she sprained her ankle and probably couldn’t resist, he took her decisively, pressed her down, and kissed her. then, he took off her hospital gown in the ward.

he felt like a beast when he thought about it, but he didn’t regret it. at least, she had been happy and satisfied both times.

It was her first time, but she was a mature woman, and they were quite in tune in this aspect.

it was hard to say. meng qingcheng had been holding it in for a few days. he had long wanted her to tease him again.

“ranran, do you want to go home with me tonight?” he nibbled on her little neck and coaxed her gently.

Xiao ran didn’t make a sound and only shed tears.

meng qingcheng’s lips moved up and he kissed her lightly. his voice was even more seductive. ” then, let’s go to your place? ” hmm?”

“pervert!” xiao ran kicked him.

after she kicked him, she suddenly pushed him away and ran out.

meng qingcheng was still standing there with his hands in his pockets. he chuckled and walked out leisurely.

He was not in a hurry!

her defenses were weak, and she couldn’t escape at all. most importantly, he could feel that she wanted him too.

Didn't they say that if a man wanted to enter a woman's heart, he must first do it through her cassock?

when xiao ran ran into the meeting room, it was so sudden that she had completely forgotten that her hair was in a mess, her lipstick was eaten, and her lips were slightly swollen.

That look was really suspicious!

In particular, Executive Assistant Meng also slowly followed her in a minute after she pushed the door open. This made her even more suspicious!

PEI Qiqi's eyes widened and she immediately shifted her seat to Xiao ran.

However, Tang Yu spoke up. His tone was very calm, "Executive Assistant Meng, Secretary Xiao, I suggest that you take care of your personal matters before coming back to work. I'll give you a month's leave and PEI Qiqi will replace you during this time.

Chapter 1195 The promised happiness (part seventeen)

to be able to abuse his authority and still be so righteous, no one else but the BOSS could do it.

Meng Qingcheng smiled, "thank you, President.

After he finished speaking, he openly dragged Xiao ran away.

tang yu looked at the shocked executives and smiled, "Let's continue the meeting."

He knocked on the dazed PEI Qiqi again, "Secretary PEI, record it well! Don't always draw tortoises."

A burst of loud laughter rang out!

PEI Qiqi raised her head and looked at him. Her expression was hard to explain.

But Tang Yu was in a good mood. He looked at her and said in a light tone, "focus.

All the senior executives collectively vomited blood.

The Qing Dynasty had fallen!

Bo Yi had already become a place for the president to talk about love ...

It was so embarrassing!

It was so embarrassing!

Forget shame!

pei qiqi looked at tang yu with caution in her eyes.

tang yu was actually able to continue the meeting so calmly.

as the days passed, the higher-ups of boyi expressed that they were already full of the big BOSS's dog food, and their salaries and other things were just floating clouds.

the company's annual magazine even boldly used the title-

So you're this kind of President!

Inside the article, there were classic phrases that Tang Yu used to pamper his wife. Every sentence made people feel like spring had arrived and it was time for a relationship.

however, only pei qiqi would think that spring was actually quite tough.

spring represented the sowing of seeds!

in the middle of summer, meng qingcheng finally managed to settle down with xiao ran's mother. the engagement and marriage only took a month. in meng qingcheng's words, the longer the night, the more dreams.

old kan and pei huan's son, kan xing, finally changed his name to kan yue.

lin jinrong was married. it was said that mrs. lin and pei qiqi looked very similar. as for why, pei qiqi didn't look at it in detail and didn't want to.

she believed that jinrong wouldn't. it was all a coincidence.

on the way back from the wedding, tang yu and pei qiqi sat in the back seat.

Tang Yu was a little tipsy. He leaned his head back and loosened his tie, but he still felt a little hot.

he grabbed her little hand and said in a hoarse voice, " qiqi, unbutton my shirt. "

PEI Qiqi obediently responded with a " mm " and leaned into his arms to help him unbutton his shirt. Tonight, she was wearing an aqua blue evening dress and was lying in his arms like a little fairy.

tang yu felt hot just by looking at her. he reached out and touched her little face, " qiqi, what are your thoughts on tonight? "

"What thoughts can I have?" she pouted, but her hands were not idle. " mr. tang, you can tell me your thoughts first. "

He closed his eyes and chuckled. He rubbed her little face. what thoughts can I have? i just want to know how mrs. tang feels about her first love getting married."

pei qiqi angrily bit his lips, " it's not the first time. "

when she said this, he suddenly remembered that long ago. that time, when jinrong and pei huan got married, he and qiqi had just gotten together.

However, that relationship was purely a business relationship.

It seemed to be that night, when he had her for the second time in the car, and he was on fire.

as tang yu thought about it, his body started to heat up. he looked at her little face without saying anything.

He chuckled. no matter what, it's only jinrong's second time! pei qiqi, how many marriages have you been married to?"

PEI Qiqi was about to explode, " Tang Yu, are you despising me? "

“no!” he held her in his arms and smiled. ” “i’m just afraid that yingluo will have a comparison.”

pei qiqi jumped up again,”i’m not.”

Chapter 1196 The promised happiness (part eighteen)

she sat in his arms and grabbed his neck, ” tang yu, are you bringing up old scores? ”

his aura was alluring, and he smiled. ” what old scores can i dig up? ”

He kissed her. Qiqi, didn’t you say to unbutton my shirt? ”

he reached out and patted her little hand to express his dissatisfaction.

Oh, ” PEI Qiqi replied and obediently lay in his arms. She reached out and unbuttoned two buttons for him. Then, she thoughtfully took off his coat and tie.

tang yu was a little tipsy. he held her with one hand and closed his eyes like he was asleep.

PEI Qiqi also drank a little. She looked at Tang Yu and placed her little hand on his shoulder.

At this moment, it was as if they had returned to their first time.

he was drunk, and she had barged into his room to whine.

At this moment, looking at him, her heart was still moved. His handsome face could always attract her.

Uncontrollably, she kissed his lips lightly and muttered, ” ” tang yu, have i ever said that i love you? ”

He slowly opened his eyes and looked at her in a daze.

After a long time, he smiled gently. Qiqi, I should be the one saying that.

he pressed her small head into his arms and pressed it gently, with an unspeakable gentleness.

pei qiqi obediently stayed close to him and let him stroke her like he was stroking a small animal.

this moment was especially heartwarming, because she knew that once she returned to the rose garden, it would not be like this.

of course, tang yu knew what she was thinking. he just chuckled and didn’t say anything.

sure enough, when they got home, he dismissed the servants and carried her upstairs.

PEI Qiqi’s little hands wrapped around his neck and she pouted. She was actually a little unhappy.

Tang Yu chuckled and kissed her lips. His voice was low, ” Qiqi, I had a recovery surgery a few days ago.

she let out an “ah” and wrapped her little hands around his neck, her face close to his.”those few times were because of the surgery?”

“which few times?” His voice was a little confusing,”it was me who used my fingers.”

his voice lowered, and it was especially low and hoarse. ” to satisfy your few times? hmm?”

PEI Qiqi bit his neck and looked at him, ” Tang Yu, you’re shameless.

He chuckled and had already carried her to the sunroom on the top floor. At this time, the starry sky could be seen through the transparent glass. There was a king-sized bed in the sunroom, surrounded by black roses. It was obvious that it was carefully decorated.

PEI Qiqi’s little hand tugged on his tie. She bit her lip and lowered her long eyelashes. She tried to hold back her laughter, ” is this to celebrate your recovery of male function? ”

“isn’t it a little too grand?” finally, she couldn’t help but smile sweetly and even bit him.

Tang Yu threw her onto the bed. Her black hair was spread out and her light blue dress drew a beautiful arc in the air. It rolled up and revealed a small section of her tender legs.

He immediately laid on top of her and pressed his body against hers. He took a Black Rose in one hand and placed it on her nose to enjoy it.

“Mrs. Tang, how do you want to check?” he asked in a low and hoarse voice.

pei qiqi looked at him and placed her hands on the buttons of his shirt. she closed her eyes and said, ” we have a lot of time to waste. ”

“Yes, a lifetime.” tang yu smiled and finally kissed her on the lips.

just like the first time they met, they didn’t know each other, but their bodies were attracted to each other.

She was created by the heavens for him and so compatible with Huahua.

‘qiqi, i love you!

Always, always!

mrs. tang, we’ll grow old slowly, but even if you’re old and your face is full of wrinkles, you’ll still be my little princess ...

The stars and the moon were the proof!

Chapter 1197 she was instinctively afraid of him (part one)

To many women, Qin Anlan was a beautiful catastrophe.

however, to ye liangqiu, qin anlan was her only source of warmth.

that year, she was 19 years old!

.....

At King Entertainment’s headquarters.

Ye Liangqiu followed behind Kie, her expression uneasy. She bit her beautiful lips tightly.

she knew what she was about to face. it was the most unbearable thing in her life.

however, she had no choice. she needed money and more than anything, she needed someone to save ye ling.

While she was feeling extremely uneasy, Kime said as he walked, ” “don’t worry, president qin just wants something new. you don’t know if he’ll look for you again. 500,000 Yuan per round, same old rules. Besides, President Qin doesn’t have any bad hobbies, so don’t worry, it’ll only take a while. Besides, President Qin’s pretty good looking.”

ye liangqiu knew what he meant. he was saying that she didn’t lose anything in this matter.

While they were talking, they had already reached Qin Anlan’s office. Kie knocked on the door.

A faint voice came from inside. come in.

” remember, boss qin likes obedient women. when she’s happy, she’ll have a bright future ahead of her, ” kie whispered as he led ye liangqiu in.

When ye Liangqiu entered, he felt cold sweat pouring down his back.

however, her shoulder was hit, and the force was a little brutal.

she looked up and saw the company’s favorite, mo xiaoqi, the little asian queen who had been in the limelight for the past two years.

Mo Xiaoqi’s manager, Sulli, followed behind her. Both of them had their noses up in the air, and they only gave ye Liangqiu a contemptuous look as they left.

mo xiaoqi’s voice was a little mocking. ” another one who wants to climb up with her looks. she’s overestimating herself. ”

ye liangqiu knew that mo xiaoqi’s background was rather deep. she was one of qin anlan’s harem members in the past.

she pursed her lips and did not make a sound.

mo xiaoqi’s gaze was a little resentful, but she did not dare to act rashly in front of qin anlan, so she left quickly.

the door closed again. in the huge office, qin anlan stood in front of the wine cabinet and poured himself a glass of red wine. he took two sips before turning around to look at KIME and ye liangqiu who was beside him.

Qin Anlan’s gaze fell on her face for a few seconds before moving away to look at Kime. temporarily stop mo Xiaoqi’s work.

yes. Kie nodded. He already knew that boss Qin was unhappy with mo Xiaoqi’s behavior.

mo xiaoqi had been popular for two years. did she really think that she was KING entertainment’s top actress and president qin’s wife?

In reality, no matter which female artist King Entertainment wanted to promote, President Qin would not touch her. At the same time, he would restrict her private life and forbid all improper relationships between men and women.

however, marriage was allowed.

” let’s go! ” kie quickly left as well, leaving ye liangqiu to face qin anlan alone. the atmosphere suddenly became strange, and his gaze returned to her.

Ye Liangqiu was very tall, about 172 cm, slender and straight, but for a female artiste, she seemed to lack gentleness and was too heroic.

However, it was undeniable that she was also beautiful, similar to Lin qingxia.

Qin Anlan furrowed his brows at that moment. He was actually instinctively resistant to having any kind of relationship with her.

However, he still ordered indifferently, ” go to the lounge.

Ye Liangqiu’s fingers rested on her skirt. She tried her best to appear obedient, but her feet just couldn’t move because she was afraid!

yes, she was afraid. she was afraid of the pain that was about to come.

Chapter 1198 She was instinctively afraid of him (part two)

Qin Anlan had met countless people. When he saw her expression, he said in a hoarse voice, ” “First time?”

ye liangqiu’s fingers clenched the hem of her dress, and her beautiful lips were tightly pursed. after a long while, she nodded.

Only then did he take a closer look at her. She was tall and thin, without any makeup, but her pores were clear, and she was surprisingly young.

However, King Entertainment had never lacked young girls. What they lacked were talented girls.

He had never seen this ye Liangqiu before, so he assumed that she had just entered the company.

qin anlan took out a cigarette from his pocket, lowered his head, lit it, and took a puff.

he didn’t say anything, so she just stood there without moving.

his dark eyes locked onto her small face, then to her slender arms, and the pair of straight legs under the knee-length skirt. he was surprised to find that her body proportions were shockingly good.

he seemed to be a little confused and hesitant.

But in the end, he still said indifferently, ” “go in and wait for me.”

ye liangqiu raised her eyes and looked at him in a hurry. in her eyes, he found the fear that a 19 year old girl should have.

His voice became gentler. go take a shower. I’ll come in after playing a game of basketball.

With that, he put down the wine glass in his hand and walked to the pool table with a cigarette between his fingers, ignoring her.

ye liangqiu quietly waited for two seconds. after making sure that he was really patient, she walked towards his resting room.

Qin Anlan's office was his harem. She had heard about this before, but she had never thought that she would one day walk in, lie down, and let him do it with her.

she went to take a shower, changed into his bathrobe in a hurry, and then lay flat on the exaggeratedly large bed, just like an ancient concubine who was offered to serve her in bed.

She looked up at the crystal Light above her head and closed her eyes uncomfortably.

she gripped her phone tightly.

She knew that she was looking for death. If she angered Qin Anlan, she would no longer be able to survive in this circle. However, she could not do anything about it.

she must save ye xiao!

Finally, she heard the noise outside die down. She got out of bed, hid her phone behind the cabinet in front of her, and adjusted the angle to face the bed.

when she laid back down in a panic, qin anlan came in. he closed the door and glanced at her before walking into the bathroom without saying a word.

Ye Liangqiu's eyes were closed. He could hear the sound of water coming from the bathroom. He took a quick shower and came out in about five minutes.

Qin Anlan only had a bath towel wrapped around his waist. When he walked out, his body was still slightly moist and a little cold.

he looked at the little girl lying on the bed. she was so nervous that her eyes were tightly closed.

he actually laughed silently, feeling that it was rare and pleasant. this kind of pleasure was something that he had never experienced even when he had sex with a woman.

“are you very nervous?” he sat beside her, his fingers gently caressing her arm.

Fine goosebumps appeared where he touched.

“No, I didn't!” Her voice was trembling.

qin anlan laughed. his long and narrow eyes were filled with a relaxed smile. ” you're still denying it. it's like torture. ”

he didn't tell her that this was the first time he let a woman into his lounge. he had never pampered a woman here before, let alone coaxed a girl like this.

Coaxing girls was something that happened a long time ago.

Ye Liangqiu opened her eyes and slowly sat up on her knees. Her long hair was spread out, and she had the girlish softness of a girl.

she bit her lip and wrapped her arms around his neck, her voice trembling. ” “i'm not afraid.”

Chapter 1199 she was instinctively afraid of him (part three)

As if to prove it, she pressed her lips against his, kissing the corner of his mouth a little hurriedly. It was messy, but it strangely made him angry.

he pressed on her shoulder and pulled her into his arms. with one hand, he slowly pushed her, and she appeared in front of him without any obstruction.

Only then did he realize how beautiful the girl in his arms was!

there was no excess in her flesh and blood. although she was thin, she would not have any less.

It had been a long time since he had seen Yingying with such beauty.

she was so beautiful that he wavered again. should he let her go?

however, the bath towel around her waist was pulled away, and yu wang dominated her thoughts ...

He had her Hanhan on that bed.

He looked down at her broken and painful expression, which was so beautiful that it looked like a long shot in a movie.

Qin Anlan admitted that he was a little distracted. He slept with a woman to relax Yingluo.

he took over KING entertainment at the age of 22 and brought KING entertainment to an unprecedented peak in two years. he had also endured pressure that ordinary people couldn't withstand.

Women were just his spice.

However, he was now distracted when he was in bed with a woman. He was thinking about work and how the woman under him would be a country-toppling beauty in the movie!

He looked at her carefully and tortured her in various ways to make her appear different.

Every aspect of it made him ecstatic.

He also didn't notice that he was so immersed in it that he gave it all to her at the last moment!

and he didn't rest at all. it was as if he was on stimulants as he kept trying to find hanhan on her.

ye liangqiu's first time was a fate worse than death.

The pain was unending.

He had given her too much, and she couldn't take it at all. She could only keep clinging to him.

She didn't know that in his eyes, she was already an alluring beauty.

Until he suddenly woke up and left her.

Everything absurd had already happened.

His breathing was chaotic, but his black eyes had calmed down.

he covered her hickey-covered body with the blanket and calmed down before he said quietly, " "In the future, don't simply give your body to others, not even once."

Ye Liangqiu's eyes were closed as she lay on the bed. After a long time, she finally looked up. do you still want me? "

“no!” he reached out his finger and gently touched her red lips. ” you belong to the big screen. ”

as qin anlan spoke, he walked into the bathroom to wash himself clean.

he had been too engrossed just now and had forgotten that he did not have any protection ...

And the 19-year-old ye Liangqiu was even more ignorant of the world’s affairs, so he didn’t know about morning after pills.

when qin anlan came out, she had already put on her clothes and followed him outside.

He wrote a check for her. It was 500000 Yuan. She took it silently.

Qin Anlan’s gaze fell on her small face for a long time before he pressed the internal line. come in for a while, please.

KIME was a young man in his late twenties. he had a high status in KING entertainment and there were many people who wanted to use him to get close to boss qin. however, there had never been any rumors about him. it was said that he was a G!

Not long after, Kime came over. He was surprised to see ye Liangqiu.

Qin Anlan smoked his cigarette lightly. hand her over to sister Ying for training. Arrange a role for her three months later, ran ran.

“ask her to come and see me once a week,” he added after some thought.

ye Liangqiu? ” Kie was a little surprised. Sister Ying’s team had always been an international star, while ye Liangqiu was just a newbie.

Chapter 1200 She was instinctively afraid of him (part four)

Ye Liangqiu had only been in King Entertainment for half a year. She was just an intern and didn’t even have three lines.

wasn’t it inappropriate to let sister ying take care of such a person?

Kie voiced out his thoughts, but Qin Anlan only glanced at him indifferently. “you’re doing your job better and better!”

I don’t think so. Kie didn’t dare to say anything else, but he disapproved in his heart.

president qin wasn’t someone who could separate private and private matters. even if this girl had served president qin before, she couldn’t break the rules. besides, sister ying might not be willing to take her.

no matter what, he brought ye liangqiu to sister ying.

Sister Ying was 35 or 36 years old and had managed four to five big shots like international Zhang. It could be said that sister Ying was a weather vane. Whoever King Entertainment wanted to promote, they would usually let sister Ying be the one to manage.

only international superstars could be taken care of by sister ying all the time. for example, mo xiaoqi was no longer under sister ying’s care after six months.

although mo xiaoqi was known as an asian diva, in sister ying's eyes, she wouldn't be famous for long. she only knew how to hype things up but didn't know how to act.

Kie brought ye Liangqiu to sister Ying. Sister Ying was training the newcomers of King Entertainment. This batch of newcomers, including ye Liangqiu, had a total of 20 people, and all of them had the best looks.

However, the difference was that ye Liangqiu was the only one who had been summoned by President Qin. Sister Ying didn't like this.

mo xiaoqi was the same at that time. because she had a relationship with president qin once, she was arrogant and didn't take her seriously. sister ying had a headache after taking care of her for half a year, and she didn't want to take care of her anymore.

of course, she also coldly watched mo xiaoqi hit a wall with president qin. the little girl was too naive. did she think that a man like president qin would fall in love with her after f * cking her once?

Then boss Qin's true love was simply too many.

sister ying looked at ye liangqiu and pursed her lips sternly. " go to training first. "

Ye Liangqiu nodded. In fact, her legs were in so much pain that she could barely walk. If she were to practice the splitting movements now, it would directly cost her life.

However, she did not resist. She walked into the group of 20 students and endured the pain to practice those movements.

sister ying looked at him silently for a few seconds, then walked to the door with KIME.

Please respected sister Ying a lot. In King Entertainment, no one would not give sister Ying face, because President Qin thought highly of sister Ying. The achievements of the artists that sister Ying brought up always met President Qin's expectations.

"What's going on? President Qin is going to support every girl he sleeps with, I don't want to serve these little ancestors." Sister Ying frowned and looked at him.

Kime quickly lit a cigarette for sister Ying and offered it to her as he said, " "i'm confused too. president qin is just like that towards women. it's not like he's addicted to women."

"You're just speaking up for your master!" Elder sister Ying scolded as she took a puff.

She turned around and looked at ye Liangqiu in a daze.

The little girl was actually able to bear the hardships and endure the training. Cold sweat was even breaking out on her forehead.

seeing that her expression had softened, kim took the opportunity to say, " "How is it? you can still bear hardships, right?"

“in this line of work, what’s the big deal about suffering?” Sister Ying glanced at him. why do you think President Qin likes her so much? ” Or did he have something special about him?

” how would i know? ” kim laughed bitterly. if i knew, i would have told sister ying, right?”

Elder sister Ying smiled and didn’t say anything.

since she didn’t say anything, KIME didn’t leave and stayed there obediently.

He couldn’t afford to offend sister Ying, but he couldn’t explain it to boss Qin either, so he could only be careful of ran ran.
