Chapter 1411: revelation of one I s past (2)

she was afraid of the dark. the moment she closed her eyes, she would see lin xingyuan's last appearance. he buried her face in his warm arms and let her feel his beating heart.

He told her not to be afraid, he was here.

the night with him was much gentler and not so scary.

at kie's side, they did not find out who lin xingyuan's murderer was, but they did find out something else.

Or rather, Kie had brought a DNA test for Qin Anlan. He opened it for two seconds before closing it. He looked at Kie and said sternly, "You've seen it?" "not yet!" kim asked cautiously. what's wrong, president qin?

"it's nothing! you can leave first." Qin Anlan's tense tone finally eased.

Kime nodded and walked out. When he reached the door, he suddenly turned around. "This document wasn't found, it was sent to the company." qin anlan looked up and his heart trembled. he quickly left.

he had been following qin anlan for a long time, so he more or less understood qin anlan. just looking at his gaze was enough to make him tremble.

the door closed, and qin anlan's gaze fell on the document. after a long time, he reached out to cover his eyes and let out a long breath. he fell back into the chair in a daze.

liang qiu was actually su shicheng's daughter.

he reached out to cover his eyes and didn't have the strength to get up for a long time, because all the strength in his body had been sucked away by this reality.

he didn't care too much about it, but his mother wouldn't ignore it if she knew what su shicheng had done to the qin family.

The cool autumn Kasaya was the missing susu, the little girl he had played with since they were young.

He remembered that little susu had the purest eyes in the world. When he was ten years old, he was already thinking about what she would be like when she grew up.

now, he knew that it would be like cool autumn.

qin anlan reached out to wipe his face and let out a long breath.

be it liang qiu or susu, she was the mother of his two children and the person he loved.

he picked up the document and looked at the mailing address.

the other party was very careful and could not find the address at all.

He looked at it for a long time, then lit a fire, setting the document on fire.

The light of the fire reflected on his handsome face, making his expression look even more complicated.

He had thought that she wouldn't know, but that person had sent a copy to him and another to ye Liangqiu.

when he returned, she was sitting on the sofa with a familiar document bag beside her.

It was just that there were a few more things in her document bag. It was some rough content about Asia Vision and King Entertainment.

they were sworn enemies!

He closed the door and looked at her sulking face. Then, he looked at the document bag beside her and suddenly became angry. Liangqiu, are you wavering?

She did not make a sound.

His voice was tense. you want to go back to the SU family? ”

‘ an lan, is this true? ” She looked up at him and said, ” my surname is su! ” and did yingluo do something terrible to your family? ”

qin anlan's lips were tightly clenched. after a while, he said indifferently, ” “yes. But Liangqiu, did you make these?” ye liangqiu shook his head. ” no. ‘ so, there's no need to feel guilty. You are you, and su Shicheng is su Shicheng.

he reached out and touched her head. ” do you understand? ”

She sat there with a blank expression on her face. After a long time, she said with difficulty, ” “Lin Xingyuan's death might have something to do with my background.”

qin anlan's eyes were locked. after a while, he took her document bag and made a call. he said a few words and then slapped the document bag over..

Chapter 1412: revelation of one's past (3)

qin anlan's eyes were locked. after a while, he took her document bag and made a call. he said a few words and then slapped the document bag over.

three days later, he got the results.

The document was sent by Lin Xingyuan.

how did lin xingyuan know about her family background? why did he send the documents to her regularly after she left?

however, all of this became a mystery after he left.

Ye Liangqiu was depressed for a long time. She didn't go anywhere at home.

unwilling to go out, unwilling to talk, yingying because she had a feeling ...

A storm was coming.

qin anlan often accompanied her at home and did not go to work if there was nothing.

however, there were always urgent matters in the company that needed to be resolved. there were also one or two days in a week where he had to attend the regular meetings.

on monday afternoon, qin anlan sat by the bed and sighed. he reached out and pinched her face. "look at you, you've lost weight. "

&Nbsp; ye Liangqiu looked at him. an LAN, don't you have to go to work? " he reached out and pinched her nose. " i was worried about you. she forced a smile and looked up at him. " i'm fine. " Can you bring me a Manji omelet when you get off work? I suddenly want to eat Yingying."

he was naturally happy that she wanted to eat. he smiled and kissed her forehead again."i'll free up a week and take you out to relax." she nodded obediently.

he was happy that she was finally able to walk out of it, so he kissed her again.

‘ i'll be nice to you when i come back tonight. ‘

He missed her too and had emotional needs. He also wanted her to hug him.

He only had this fragile feeling after he met her.

he thought that it was because he really loved her.

she needed him, and he needed her.

After he left, ye Liangqiu's gaze fell on the diary on the bedside table.

there was a hint of pain in her eyes.

xingyuan, why did you leave?

It's because of me, because of my background, right?

Ye Liangqiu slowly got up. When she stood up, her head was a little dizzy. Only then did she remember that she hadn't gotten up in a long time. She had been cooped up all day.

Qin Anlan was very accommodating to her. Even after knowing that she was su Shicheng's daughter, he still treated her well as usual.

There were a few times when she actually wanted to ask him if Wanwan really didn't care.

what would he do if his mother objected?

but she cared too much and couldn't ask.

She felt much better after drinking a glass of milk and taking a shower.

she wanted to go out for a walk and walk around her destination. when she couldn't walk, she stopped a taxi.

The driver looked at the rearview mirror and chuckled. "Where are you going, miss?"

Ye Liangqiu blurted out an address in a daze. She didn't even know that she was talking about the SU residence.

By the time she woke up, she had already paid and gotten out of the car.

she stood at the entrance of the grand su residence. the tree in front of the door was still the same.

the familiar, heartache-filled feeling came back again.

she seemed to be able to hear a gentle and doting voice in her ear again .

su su!

was susu feifei her previous name?

Ye Liangqiu looked at the tree, tears unconsciously streaming down her face.

She was brought back by Wang Caiyun, and su Cheng was the child of the ye family.

and su Cheng had caused the death of ye Zhi and her own brother. Her body turned cold. She didn't want to be in it, but she was already there.

Today, she received a call.

the caller id showed a strange number, and the voice was a voice-changing yingluo.

The thought of that voice made her hair stand on end.

“do you want qin anlan to be like lin xingyuan? if you want the same thing, then obediently listen to me, yingluo..”

Chapter 1413: a vicious slap (1)

An LAN?

Lin Xingyuan was stunned.

what was that lunatic trying to do?

She raised her head and looked at the tree, tears blurring her eyes.

at this moment, she had never felt so weak and helpless before.

lin xingyuan had already left. she could not lose an Ian.

was the person who killed lin xingyuan su shicheng? was he going to be silenced because lin xingyuan found out about her background?

why did su shicheng not object to her marrying qin anlan? was it because of his ambition to take over KING entertainment?

ye liangqiu's body was a little cold. she looked up at the huge mansion and didn't feel the slightest warmth. instead, she felt unspeakable pain.

the sound of a car stopping came from behind.

she slowly turned around, and the door opened. Mrs. Su and her daughter got out of the black RV.

Su Cheng was wearing a light yellow dress as she leaned against Mrs. Su's side. She looked pretty and lovely.

Mrs. Su patted Su Cheng's hand lovingly. "Look at you, forcing me to come down!" She has already snatched your brother and Ian, what else do you want to

See Su Cheng hugged Mrs. Su's arm and leaned her head on Mrs. Su's shoulder, looking like a little girl.

As she spoke to Mrs. Su, she looked at Ye Liangqiu with a hint of provocation.

Mom, I'm just curious to see her standing here alone. What is she doing here?" Su Cheng chuckled as she spoke. Then she stood up straight and walked in front of Ye Liangqiu.

"Sister Liangqiu, if you want me to give you and brother and I my blessings, then I will give you my blessings! Are you satisfied now?"

When she turned around, she looked very obedient. "Mom, let's go in! Dad is waiting for us." Mrs. Su looked at her younger daughter, then at Ye Liangqiu, and frowned. "Chengcheng, why are you talking nonsense with her? Your mother has seen too many women like her." Each word cut Ye Liangqiu's heart like a blade.

This person was her mother.

However, as she stood in front of her, she could only see disgust and contempt in her eyes.

In her eyes and heart, there was only Su Cheng.

At this moment, Ye Liangqiu understood that what really separated her and her family was not Wang Caiyun, but the heart and time.

No one could survive time, not even family.

Now that Mrs. Su had already treated Su Cheng as her own daughter, what was the point of her calling herself Susu?

She didn't say a word, her eyes painful. Mrs. Su's heart was even more disgusted, and she smiled coldly. "Miss Ye, life isn't an act. You can't just stand pitifully at our door! You can go now."

She waved her hand as if she was swatting a fly.

Ye Liangqiu lowered her eyes. In terms of acting skills, I'm far from Su Cheng.

Su Cheng's eyes were filled with a strange look.

From Ye Liangqiu's appearance here, she had felt that Ye Liangqiu knew about her past.

The only possibility was Lin Xingyuan's doing. However, Ye Liangqiu definitely didn't know about his relationship with Lin Xingyuan, nor did she know that he was the one who killed Lin Xingyuan. Otherwise, she wouldn't be standing in front of the Su family's Gate with a sad face.

Su Cheng buried her face in Mrs. SU's arms. mom, sister Liangqiu must be holding a grudge against ye hai for what happened. That's why she deliberately snatched brother an LAN away and came here to make me angry.

mrs. su was furious. "that ye ling jumped on his own accord and tried to do something bad to you before. it's better for that kind of person to die.. "

Chapter 1414: a vicious slap (2)

Ye Liangqiu's heart went cold.

She looked at su Cheng in a daze. Did she really not know that ye Zhi was her brother?

Or was he doing it on purpose?

mrs. su looked at the girl in front of her, and the things in her eyes made her very uncomfortable.

Mrs. Su doted on su Cheng, and the recent injustice in Shi city had caused su Cheng to suffer a great deal. So, in a fit of anger, she slapped ye Liangqiu.

This slap was extremely ruthless.

it was followed by mrs. su's protective voice."I'm telling you, if you dare to hurt my Cheng Cheng, I won't let you off." ye liangqiu took a step back, his face as white as paper.

Her lower abdomen hurt a little. It hurt a lot. It hurt a lot.

on her pure white dress, there was a trace of bright red. it was a shocking sight. Su Cheng was dumbfounded, and so was Mrs. Su. How could a slap make her

bleed?

"Mom, I think she's pregnant." su cheng's voice trembled. " send him to the hospital! "

"how would i know that she's pregnant? besides, a slap won't cause a miscarriage! " mrs. su said unyieldingly. Let her go on her own. Why did she go to someone else's house to have a miscarriage? is she blaming the SU family now?"

Mrs. Su ignored him, but her heart was hard enough.

Su Cheng pulled her back. mom, just do it for dad! Thinking about it, it's always mom's slap that got us into trouble. If we become enemies with Qin Anlan now, dad will also blame us." mrs. su looked at su Cheng and sighed. " chengcheng, you're just too kind. "

su Cheng supported ye liangqiu and said to the driver, " uncle tian, come and help me. "

The driver quickly got out of the car and looked at Mrs. SU's face.

"You guys go ahead! Cheng Cheng, you don't need to go either." mrs. su waved her hand.

i think i'll send her off, " su Cheng said carefully. " mom, i'll be back in a while.

Mrs. Su thought for a moment, then turned around and got into the car herself. I'm just afraid that you'll be at a disadvantage. If I blame you, just say that I hit you!

Su Cheng helped ye Liangqiu to the back seat. Her face was pale and her fingers were covered in blood.

she squeezed out a smile. " thank you, mom. " she hugged ye liangqiu tightly, her eyes red.

when qin anlan arrived at the hospital, half an hour had already passed.

Mrs. Su and su Cheng were standing at the door of the emergency room. Qin

Anlan walked closer and closer.

finally, he stopped in front of su Cheng. " who hit her? "

he could imagine his silly liangqiu wanting to visit the su family, to see the place where she had grown up and to see her biological parents. But at the place where she had grown up, she had almost miscarried.

His eyes were filled with anger that could burn the sky.

Su Cheng took a step back, pursed her lips, and carefully looked at Mrs. Su.

Mrs. Su was about to speak when su Cheng closed her eyes and shouted, " "i slapped her."

Qin Anlan's eyes were fixed on her. He was staring at the willful girl he had watched grow up.

her stubbornness had caused ye ling to jump off a building. he knew that liang qiu wanted to take revenge, but many times, when he thought of su cheng's cute appearance when she was young, he did not interfere too much.

but now, her stubbornness had affected liang qiu.

Qin Anlan waved his hand and su Cheng's face was smacked to the side.

on her fair and delicate little face, not only was there a five-fingered mark, but there were also traces of blood, and it swelled up very quickly, like half a bun. "it's fine if liangqiu is fine, but if she's in trouble, i promise i'll bury the entire su family with her." Qin Anlan's voice was cold.

Chapter 1415: a vicious slap (3)

mrs. su was shocked and immediately came over to help su Cheng. chengcheng, how are you? " Are you alright?"

This silly child, how could she be so silly!

she was clearly the one who had hit him, so why did Cheng Cheng pin the blame on her?

su Cheng grabbed mrs. su's hand and shook her head, her face pale. " "mom, i'm fine! Brother an LAN was right to slap ye Liangqiu. I shouldn't have slapped him."

Mrs. Su shook her head. it's not like that, Chengcheng. Why are you so silly? ' she wanted to say it, but su Cheng stopped her. "mom!"

Mrs. Su was shocked. She looked at her younger daughter in a daze and couldn't say a word.

However, her heart was touched beyond words. Although Cheng Cheng was not her biological daughter, she was still much more moved than her biological daughter.

Qin Anlan smoked a cigarette. He leaned against the wall, blew out a smoke ring, and looked up.

He did not dare to think about what would happen to Liang Qiu if he lost the child. He knew that he had been selfish.

he had never seen her like this before. even when he abandoned her back then, she was not like this.

he didn't approve of her revealing her identity. once it was made public, they would face a lot of obstacles together.

The competition between the two companies, the personal grudges between su

Shicheng and the Qin family, and his mother.

even if he didn't say it, she knew it in her heart, so she desperately suppressed herself.

qin anlan snuffed out the cigarette with his bare hands. the sparks were extinguished in his palm. his palm was in pain, but it was not as painful as the pain in his heart.

he raised his head and looked at the white wall above him. he would rather die than live.

An hour later, the emergency room door finally opened.

the doctor in charge of the emergency treatment was doctor mei, the best maternity director in sheng yuan hospital.

he took off his mask and looked at qin anlan. "this child is very strong. it'll be fine. he'll be discharged tomorrow after one night's observation. "

Looking at his confused face, doctor Mei smiled. "Mrs. Qin's body is very special, so the bleeding isn't fatal. However, if this happens again in the future, you have to come to the hospital in time! Also, you have to pay attention to the mood of the pregnant woman. The most important thing for a pregnant woman is to be in a good mood." qin anlan was still hesitant, but he nodded instinctively.

mei smiled again. sigh, fathers are like this. in the past, qin anlan was like an overlord, but now, he looked like an idiot.

His voice subconsciously became gentler. look at her later and comfort her. What a pregnant woman needs the most is a husband's care.

Qin Anlan's heart seemed to have been filled with gentle water. His voice was a little hoarse as he said, "I know.

When ye Liangqiu came out, his face and long hair were wet with sweat, as if he had just gone through a life and death battle.

He couldn't help but bend down and press his face against her face. He called out warmly, "cool autumn."

She was still awake. She opened her eyes slowly and looked at him. Her lips moved slightly, but she did not have the strength to say anything.

"The child is still here." He kissed away the sweat on her forehead and comforted her gently.

A tear rolled down from the corner of her eye, and the corners of her mouth curled up slightly. He knew that she was happy.

I'm sorry. her lips moved with great effort, but she could not make a sound.

qin anlan hugged her. "don't say sorry! Liangqiu, as long as you're well."

They were hugging each other affectionately, and the nurse couldn't take it anymore.

a pregnant woman needs an IV drip," the nurse said.. Sir, can you please make way?

Chapter 1416: no one is allowed to touch her (part one)

qin anlan's expression was a little awkward.

the corners of ye liangqiu's mouth curved up again, and tears rolled down from the corners of her eyes at this moment, he did not know that in her heart, the only family she had was him and mu yun. today, she had lost her kinship again.

listening to mrs. su's words, she knew that blood relations were not that important to mrs. su.

the one who was raised by her side was the closest.

But, but, why did Wang Caiyun not love her at all even though she had raised her?

ye liangqiu's fingers twitched. she didn't know where she got the strength from, but she grabbed qin anlan's hand.

It was only then that she felt like she had promised him a lifetime.

she raised her head and big drops of tears fell. His heart ached, and he kissed her.

The nurse looked at them helplessly. F * ck, did they think they were acting like they were in a love affair?

Well, if you look closely, the male and female leads are really good-looking.

In the end, ye Liangqiu and Qin Anlan were pushed into the ward. The door closed, leaving su Cheng and Mrs. Su outside.

Mrs. Su looked at him and sighed. I didn't expect Qin Anlan to be such a devoted person. When true love comes, there's no way to stop it.

She glanced at su Cheng, who was in a daze. put it down. Qin Anlan is not the right man for you.

“she really fell in love with him,” su Cheng said, dumbfounded.

what mrs. su heard was that he had really fallen in love with her.

She had only thought that su Cheng was sad and had tried to persuade her before dragging her out of the hospital.

In the car, su Cheng was still in a daze all the way home.

su shicheng was already at home, sitting on the sofa and reading the newspaper. when he saw the mother and daughter return, he folded the newspaper and smiled faintly, “Where did you go shopping? it’s so late now.” mrs. su patted her chest. “shicheng, look at chengcheng’s face. i’m so angry.” mrs. su said as she went upstairs to get the medicine. she was going to apply it on su cheng’s face. it would be bad if a scar was left on the girl’s face.

su looked at his wife’s back with a deep gaze. after a while, he got up and walked to su Cheng. he touched her wound with his hand. “what happened?”

Su Cheng did not act like a spoiled child in front of Mr. Su. She pursed her lips.”brother an Ian did it.” she knew that she couldn’t hide it from su shicheng, so she simply said it.

Su Shicheng stared at her face for a long time. why did he hit you? “Didn’t your mom protect you?” his tone was so calm that it sent a chill down su cheng’s spine.

she clearly knew that to su shicheng, she was only a spare tire, a tool. He had found his biological daughter. She was no longer of any use to him.

she really did not know how he would treat her.

She was the only one who knew how ruthless su Shicheng was.

Su Cheng did not speak for a long time because she was stalling for time, waiting for Mrs. Su to come down.

although su shicheng didn’t love mrs. su the most, he still had some feelings for her after so many years. besides, mrs. su’s family was very famous in the political world, which was why mr. su had always treated her well.

sure enough, mrs. su came downstairs after she got through the difficult minute.

seeing mr. su looking at su Cheng, mrs. su’s face was a little unhappy. ‘shicheng, why are you scaring her? she was so scared by qin anlan today. ‘

Mrs. Su ran over and obediently pulled su Cheng to the sofa to help her apply medicine. Her tone was still reproachful. I hit her! if you find it hard to explain, you can tell qin anlan!” su Cheng pulled her.. ” mom! “

Chapter 1417: No one is allowed to touch her (part two)

Mr. SU’s expression was a little complicated. He looked at his wife for a long time before he asked, ” “you hit him?”

Mrs. Su nodded. yes, I did! is there a problem?

su shicheng's eyes rapidly narrowed, and after a long time, he softly said, "why did you hit her?"

' you can beat up this kind of seductress whenever you want. besides, she's bullying our Cheng Cheng. " Mrs. Su said casually. She didn't think it was a big deal to hit someone who had nothing to do with her. oh, by the way, she's really useless. She almost had a miscarriage after one hit.

su shicheng's veins bulged on his forehead as he glared at his wife. " it's just a small life. are you going to be so indifferent? ' he could not accept that she had almost killed his own daughter!

Mrs. Su glanced at him and thought that he was crazy.

that's right, mom, " su Cheng said softly. if she really miscarried, it'd be bad for both lives.

Mrs. Su threw down the medicine in her hand. what nonsense are you saying!

She hardened her heart. so what if we die together? the ye family is full of lunatics. It's better to die in peace.

as soon as she finished speaking, su shicheng slapped her in the face.

It was a ruthless beating.

Mrs. Su was stunned.

su shicheng actually hit her?

she looked at him in disbelief. " you hit me? '

Su Shicheng sobered up at this moment, not knowing why he had been so irrational just now. He let out a long sigh, think about it. If we really die, will Qin Anlan let us go? "

Mrs. Su had been pampered since she was born. How could she stand this kind of leisure? even if Mr. Su softened his tone, she would never let him go.

so, without caring about their dignity, they started to fight in front of su Cheng.

su shicheng had also suffered quite a few hits, but in the end, he managed to hold back and returned a few blows.

mrs. su's cries were earth-shattering, and the two of them were in a mess.

Su Cheng slowly went upstairs.

She sat on her balcony, listening to the cracking sound coming from downstairs, and smiled coldly.

loving couple?

She had only provoked her a little, and they had already fallen out. That stupid woman actually said that if she died, then she died, Yingluo.

was that slap so easy to hit?

ye liangqiu was fine, but if she was, she would take good care of mrs. su.

this stupid woman, could her self-proclaimed maternal love move her?

in your dreams!

It was a humiliation for her to live in the SU family. She couldn't forget that when she first came here, Mrs. Su looked at her with fear and said that she was a jinx. She left, and her susu came back.

After so many years of companionship, she knew that she had recovered. However, this was just an illusion.

when people were alive, they would be foolish if they were moved by true feelings.

only by toying with others in the palm of one's hand could one live well.

Su Cheng laughed softly, very happily.

let's fight, let's fight, it's so lively. it's been a long time since yingying's house was so lively.

She laughed softly, and laughed until tears came out.

She thought that she was already invulnerable.

but today, her heart still ached. it was really touching to see them in each other's arms, yingluo.

Su Cheng took out a stack of photos from the drawer. She took one out and nailed it firmly to the wall.

the photo was of qin anlan.

He stepped back and raised his hand slightly. A dart was shot straight at Qin Anlan's face!

what followed was su cheng's soft and bitter laughter..

Chapter 1418: start your performance (1)

downstairs, mr. su's face looked like it had been scratched by a wild cat. he looked at mrs. su, panting slightly."are you crazy?"

mrs. su was not to be trifled with. she sneered,"you're the crazy one! For an unrelated woman, you actually hit me!" in fact, mr. su had touched mrs. su's nerve.

More than ten years ago, something happened between Mr. Su and a small star from Asia. He thought she didn't know, but she had seen it clearly.

Later on, she used her family's power to get rid of that woman without a sound.

su shicheng was well aware of this, but neither side exposed the other, giving each other face.

But now, she was worried that ye Liangqiu would be next. Su Shicheng was a man with an indifferent personality, yet he had actually hit her for ye Liangqiu.

mrs. su sneered, " su shicheng, do you like that b * tch? " i know she's young and beautiful, but don't forget that she has qin anlan's child in her stomach. you're really a heavy-eater. I feel disgusted and embarrassed for you."

Su Shicheng's breathing was rapid, and he angrily smashed a lamp at her, roaring, "Do you know what you're saying? she's yingluo."

The table lamp hit Mrs. SU's forehead, and blood slowly flowed down. It was a dark red and shocking sight.

Mr. Su was stunned.

mrs. su was the same.

She gently stroked her forehead and stared in su Shicheng's direction for a long time. Her lips moved, but she did not say a word.

at that moment, su Cheng stood on the stairs and cried out, "Mom!"

She almost rolled and crawled over, hugged Mrs. Su, and cried, "Mom, mom! I'll send you to the hospital." mrs. su allowed su Cheng to hug her. she was in a daze.

After a long while, she said softly, "chengcheng, there's no place for us in this house anymore. your dad is looking down on us. mom will take you away."

Su Cheng hugged her while crying. mom! I don't want you to leave. I don't want you to be separated from dad."

As she spoke, she knelt down in front of su Shicheng and pleaded, "father, I beg you! mom didn't mean to hit ye liangqiu, she just felt bad for me. it's all my fault. dad, if you want to blame someone, blame me. it has nothing to do with mom, really, it has nothing to do with mom."

Her face was covered in tears. In the end, she even moved over on her knees and hugged su Shicheng's arm. dad, I beg you. Mom can't live without you.

su shicheng had been furious at first. mrs. su had challenged his limits this time, but now that su Cheng was crying and pleading for mercy, he didn't care about su Cheng and listened to her last sentence.

that's right! they had been married for so many years. where could she go if she followed him?

Although her maternal family was powerful, it was her brother and sister-in-law who were in charge Now. How could a daughter who ran back have a place to stand?

su sighed and walked over to support mrs. su gently. "okay, okay, don't cry. i'll take you to bandage your wound and go to the hospital for a check. don't hurt your head.

mrs. su let out a long cry. "su, i hate you to death.

The blood from her head covered her entire face and flowed into her mouth. She looked like a zombie that had come back to life. It was truly terrifying.

su frowned. he really couldn't do it to such a living thing. what man could say such sweet words?

crying.. why are you acting like a child? aren't you afraid of being laughed at by Cheng Cheng?

Chapter 1419: Start your performance (2)

Women couldn't be coaxed. This sentence was confirmed at this time.

with his coaxing, Mrs. Su became more energetic and punched him with all her might. She kept calling Mr. Su a "cheap man" and said all kinds of nasty words.

Mr. Su could only coax her. One of them was fighting, while the other was hiding.

Su Cheng had already gotten up from the floor and was in the dining room, washing her hands and eating while enjoying the view.

There was a cold glint in her eyes and a mocking smile on her lips.

It was really a lively fight!

Mrs. Su noticed that Su Cheng was not there and turned around to see that she was eating.

Su Cheng gave them a sweet smile. "Mom, dad, keep calling."

"This damned child." Mrs. Su's face reddened (actually, her face was full of blood and was red to begin with) as she chided.

Su Shicheng was also in a sorry state he had never been in before. He glared at Mrs. Su. "How much longer do you want the child to laugh at you?"

The two of them had their own dignity. Now that they had calmed down, they went upstairs to change and wash up.

After that, they acted like a loving couple again and no longer mentioned what happened just now.

However, Mrs. Su's love for Su Cheng had obviously increased. Su Cheng's performance had deeply touched Mrs. Su's heart, and she felt that Su Cheng was her own daughter.

The Su family slept for two nights. Mrs. Su caressed the wound on her forehead, looking troubled. After a while, she looked up at Su Shicheng and said, "I want to give the shares under my name to Chengcheng." Su Shicheng glared at Mrs. Su and immediately sat up. "Are you crazy?" Mrs. Su's anger rose again. "What are you saying?" Seeing that Su Shicheng did not soften his stance, she softened her tone, "Su Su can't be found anymore. We're still counting on Cheng Cheng in the future. She's still going to inherit your vision."

Su Shicheng didn't say the words that were on the tip of his tongue, only saying in a heavy voice, "There's no hurry. We'll see how it goes."

Mrs. Su had never been involved in the operations of the company. However, when the company was established, Mrs. Su used her dowry to invest tens of millions, and she had 20% of the original shares. This had not been touched.

Su Shicheng's eighty percent had been diluted to only thirty percent.

Together, the husband and wife had a 50% chance of sitting in the chairman's position. This was also one of the reasons why Su Shicheng had chosen Mrs. Su.

Now that Mrs. Su had brought it up, Su Shicheng knew that if he strongly opposed it, she would definitely go against him.

Now was not the time to reveal ye Liangqiu's background.

speaking of which, her marriage with qin anlan was probably over.

in his heart, he suspected that liang qiu and qin anlan had found out something, which was why she had come to the su family's house.

su shicheng was a traditional man. although ye liangqiu was a girl, she was still su shicheng's child.

And su Cheng was the child of that lunatic Wang Caiyun.

no matter how well-behaved and obedient she was, she would at most be raised by the su family. he would never hand over everything in the su family to her.

he knew his wife too well. she was too soft-hearted, and if everyone who did big things was like her, ya shi would have changed hands a long time ago.

King Entertainment was also keeping an eye on Asia TV. If su Cheng got 20% of the shares, the consequences would be dire!

"i have my own plans for this matter in the future." mr. su warned.

Mrs. Su had always listened to him for such big matters, but he didn't expect that Mrs. Su would also do the same thing and cause a big shock to Ya Shi..

Chapter 1420: An LAN, I want to go home (1)

Sheng Yuan hospital.

Qin Anlan had been with ye Liangqiu the entire time, so when she woke up, the first person she saw was Qin Anlan.

she opened her eyes, and her tears fell slowly.

Qin Anlan kissed her tears away and reached out to caress her pale face.

"liangqiu, i know everything! i know!" he kept kissing her to calm her down. She closed her eyes tightly, and her mind was filled with Mrs. SU's words.

When she was young, she was held in her mother's arms. Susu, mommy loves you the most, Yueyue.

susu, grow up quickly. mommy will take you out to play.

susu, where are you? why can't i find you? i can't live without you.

her mother's tears fell in front of her, and her mouth was covered.

she looked at her mother's tears and wanted her to stop crying. she wanted to call her mother, but she couldn't make a sound. just like that, yueyue was carried away.

Shi Guang had soothed her mother's heartache and given all her gentleness to su Cheng. In her mother's eyes, she was a b * tch.

Ye Liangqiu stretched out her arm and bit it in her mouth, sobbing.

qin anlan's heart ached as he looked at her. he stretched out his arm and said in a deep voice, "If you want to bite, then bite me."

He felt sad for her. He knew that he was selfish and he could have brought her to the SU family.

"an lan, i only have you." she reached out to hug him, her body trembling.

Lying in his arms, she was thinking about that terrifying voice.

who was that person?

the person she was most suspicious of, the person she was most unwilling to believe, was su shicheng.

No, it was not su Shicheng. Su Shicheng's wishful thinking was to marry her off to an LAN, not him.

that person must have something to do with xingyuan's death.

she lay softly in his arms ...

an lan, i'm so close to you, but i'm afraid. i'm afraid of losing you.

An hour later, Mrs. Qin arrived.

She Imew that su Cheng had hit someone and wanted to teach the little girl a lesson.

"Mom, I've already called back." qin anlan said very indifferently. However, Mrs. Qin and ye Liangqiu were also stunned.

qin anlan had hit su Cheng and a woman?

however, mrs. qin quickly regained her senses. I just saw that she's getting more and more arrogant, even daring to hit our Qin family. Fortunately, you didn't want to marry her at that time, otherwise, it would really be a

misfortune for the family." qin anlan looked at his mother helplessly. was this a professional trap for teammates?

The attendant covered her mouth with her sleeve and laughed softly. This old lady's attitude had really taken a 180 -degree turn.

She clasped her hands together. it's best if the child in young Madam's stomach is fine! Otherwise, we won't let the entire su family off."

Mrs. Qin also sneered. back then, su Shicheng used a b * tch to break up our Qin family. I will definitely settle this score with him.

qin anlan's heart skipped a beat. he did not expect his mother to know about this.

He lowered his head, looked at ye Liangqiu, and hugged her tighter.

he could not let cool autumn and the su family acknowledge each other.

the body in his arms trembled slightly as she looked up at him in a daze.

She looked helpless because she couldn't acknowledge her parents and couldn't tell Mrs. Qin about her background.

She was stuck in the middle and had too many unspeakable secrets.

ye liangqiu rested her head on qin anlan's shoulder. " anlan, i want to go home.

Hearing this, Mrs. Qin objected. the doctor said that you can only go back tomorrow. Be good and lie down. I'll let an LAN watch over you. You can rest assured that mu Yun is with me. No matter what, it's for yourself and for the child in your stomach." ye liangqiu's tears were about to fall as she listened. she felt the long-lost mother.

she suddenly wanted to hug mrs. qin..
