

Thank you 1471

Chapter 1471: I don't take away the most important things of others (4)

su Cheng used her body to conquer su shicheng, making him feel as if he was rejuvenated. other than going to work, he would come back at night to accompany the little fairy for 300 rounds.

every night, su Cheng would feed him medicine. one pill was enough to last him for two hours.

And he never knew that su Cheng could be so open. She was like a blood-sucking Vixen, clinging to him and not letting him go for a single night.

But even so, su Shicheng still felt that his body was in good health and he was more youthful than before, so he doted on su Cheng more and more. He brought su Cheng to many activities and naturally, there were rumors spreading.

ye liangqiu let out a sigh of relief.

su shicheng was like a ferocious beast. now that a female beast had entered, he was naturally busy with her. they were worthy and had no time to care about the prey.

ye liangqiu and qin anlan were discussing the collaboration project at KING entertainment. since linda was also there, they did not have much chance to speak.

When she left King Entertainment and reached the parking lot, Linda started the car, but the car broke down and couldn't start.

“forget it, i'll take a taxi to the hospital.” Ye Liangqiu took her briefcase.

Linda was a little hesitant. The president asked her to look after President ye. At this time, President ye was alone, and if anything happened to him, she couldn't bear the responsibility.

at that moment, a black limousine passed by slowly. the window rolled down and qin anlan's side profile was revealed.

“The car broke down?” he looked at ye Liangqiu indifferently.

Ye Liangqiu grunted in agreement.

“i remember that today is the day of your prenatal examination.” His voice was faint. get in the car.

ye liangqiu didn't move. ” i can take a taxi. ”

His voice became stern. it's 38 degrees Celsius outside now and you want my child to stand under the scorching sun? ”

“it's my child,” She snorted.

Qin Anlan glanced at her. without me, can you get pregnant? ‘

at this time, it would be unreasonable if linda didn't open her mouth, so she advised, "president ye, you should go with president qin. it's too hot." "thank you for your hard work," ye liangqiu said, looking at her.

Linda smiled, "it's fine.

Ye Liangqiu got into the car and the black RV slowly drove away.

linda was a woman. she felt that this matter was related to the child and had nothing to do with work, so she did not tell su shicheng. besides-she really did not understand why the president would get together with su Cheng.

this was too damaging to their worldview! They could play with any woman they wanted. They had raised su Cheng.

Could it be that this was a game played by the rich? they would first raise her, develop feelings, and then eat her?

just the thought of it made her afraid that junjun linda was su shicheng's confidant, but the recent events had made her hair stand on end and made her somewhat reluctant to do it.

in the car, ye liangqiu and qin anlan only spoke after they had driven a long distance.

"why aren't you saying anything?" he asked as he held the steering wheel.

Ye Liangqiu lowered her face. I have nothing to say.

the car drove to an intersection and the traffic light turned red. He looked at her deeply and smiled. Liangqiu, are you being coy? '

"yes." "I guess so," she said gloomily.

He held the steering wheel with one hand and pinched her little face with the other. you're cuter than before.

She glared at him, but he didn't act rashly. Instead, he started the car and only continued after he had stabilized the car."did you miss me after seeing su shicheng and su Cheng being so intimate every day?" she suddenly turned her head and glared at him.

Qin Anlan smiled. su Shicheng is no longer afraid of people finding out about what he did..

Chapter 1472: An LAN, I missed you (1)

He sighed. su Cheng is really ruthless! he's capable of anything."

No one had expected such an outcome, probably not even su Shicheng.

Ye Liangqiu nodded. she's currently staying in the same room as su Shicheng. I'm guessing that she's been feeding su Shicheng medicine.

"then, should i take some medicine next time?" he was only joking to tease her.

Because from this afternoon on, she had been looking like she had nothing to live for.

ye liangqiu didn't say anything, clearly distracted.

He did not disturb her.

After a long time, she said softly, "an LAN, I hate su Cheng, but I suddenly feel pity for her, Yingluo." &Nbsp;

Even now, she had not asked su Cheng about Lin Xingyuan. If she did, su Cheng might or might not admit it, but ye Liangqiu was not ready for it.

If she admitted it, she was afraid that she would not be able to control herself and could no longer live with them in peace.

an LAN, I feel like this is a dream. She looked at his side profile. I really want to wake up from my dream. I really want to wake up next to you. You're on my pillow. It's your familiar scent.

qin anlan's heart was also a little wet and soft. he pulled out a hand and ruffled her hair."liangqiu, i like your confession. it's nice."

The car slowly drove to the hospital's underground parking lot. He helped her unbuckle her seat belt, but she hugged his waist and buried her face in his arms.

she had never been so sick of him before, and she had never been so fragile. her voice was very low. " an Ian, i missed you.

In that kind of environment, I missed you every day, every minute.

I miss you when I'm pregnant, and I miss you when I'm fighting with su Shicheng and su Cheng.

However, we can only meet secretly and use the child as an excuse.

He did not know when the next time would be.

he lowered his head to look at her. how could he not know what she was thinking?

He ruffled her hair with one hand and hugged her slender body with the other.

Liangqiu, hold on a little longer, " he said in a low and hoarse voice.

If not for this mistake, he would have already finished off su Shicheng.

however, he couldn't do that now. he didn't have enough evidence, so he couldn't completely bring down su shicheng. on the contrary, he would only hurt liang qiu, because a cornered dog would do something desperate.

she nodded obediently in his arms.

that gentleness made him pity her. he lowered his head to kiss her, sucking her lips in his mouth and kissing her again and again.

When they were in love, they lowered the window and saw that it was dark inside.

She was carried into his arms and her back was against him.

his lips were pressed against her soft lips. The tender back of her neck asked somewhat shamelessly, "you've been looking at them every day. do you miss me too, huh?"

"Qin Anlan!" She struggled. Let go of me. I have to go for a prenatal examination later.

she would be embarrassed if he was like this.

But he didn't let her go. He held her waist with his fingers and massaged her with one hand. It seems to be heavier than before.

"I'll have a taste after the baby is born." His lips moved to her little ear and bit it lightly. Then, he chuckled softly. "try it and see if it's sweet." she was so embarrassed that she hit him with her backhand.

"Don't you also like to taste it?" "Is it salty?" he continued to tease the earth embryo sect.

Her entire face was red, but he coaxed her with a serious face. "it's not convenient here. be good, i'll give you a kiss, but lower your voice. "

after he finished speaking, he shamelessly tortured her in all kinds of ways. she couldn't help but tremble, feeling as if her soul was about to be sucked away.

after a long time, he let go of her and kissed her neck as a reward. "good girl, so sensitive, Yingluo.. "

Chapter 1473 - 1473: an lan, i missed you (2)

She was already in a mess as she leaned on his shoulder.

The hot breath from her lips blew onto his neck. It was warm, and his heart warmed up as well.

he held her with one hand and tidied her dress with the other. she buried her face in his neck and looked at him sideways.

"I'll feed you in the future! Be good." His voice was also incredibly gentle.

Ye Liangqiu sat on his body and naturally felt his eagerness, but he only satisfied her and helped her dress as if nothing had happened.

he really, really loved her!

She pursed her lips and hugged him tightly with her slender arms. She said a little coquettishly, "an lan, Do You Love Me very much? hmm?" she looked up at him after she finished speaking.

Qin Anlan's answer was on her little butt. She lightly patted her thigh and chuckled. "i want to hit you. " she smiled sweetly and buried her face in his chest. "i know anyway. "

"you know it again!" he pretended not to care, then patted her head. "alright, let's get out of the car for the prenatal examination."

the moment he said that, she became angry and glared at him. ” how do you want me to do the prenatal examination now? what if the doctor finds out? ” “I’ve already wiped it clean, so ran ran won’t be able to tell,” he comforted her.

however, doctor mei’s eyes were sharp. he frowned the moment he entered the examination room. ” sex?l Life?” qin anlan, who was outside, heard it and shamelessly replied, ” “sexl contact.”

ye liangqiu felt like he didn’t need to be human anymore. was there anyone like him?

doctor mei was also very experienced. after hearing such a troublesome question, she still remained calm. it’s been hard on you, an LAN. You’ve changed your career and become Liu Xiahui.

Qin Anlan rubbed his nose and did not say anything.

mei looked at ye liangqiu and smiled. ” don’t think that he’s a fool in the past. he’s really good to you. i’ve never seen him look at anyone like this before.

It was obvious that men liked women with just one look.

Moreover, he could keep his wife’s desires in check.l only true love would be true if you didn’t mess around.

mei checked her fetal heart and prescribed her some calcium pills. he also made an appointment for the next prenatal examination.

Qin Anlan was a little dissatisfied with the monthly check-up. aunty Mei, this prenatal examination has to be more detailed! Once a week is better.”

doctor mei laughed and scolded, ” are you the doctor or am i the doctor? if you want to see your wife, find a way. the hospital is not a good place for dating.

qin anlan touched his nose again and did not say anything else.

it was already half past five when they got into the car.

he looked at her. ” let’s go back after dinner? ‘

Ye Liangqiu looked at him and suddenly said, “Let’s go to the SU family to eat! didn’t you go there often in the past?”

Qin Anlan stared at her for a long time before he said softly, ” you’ve improved. After saying that, he pinched her face. then go and have a meal with him.

when he started the car, he suddenly grinned, showing his white teeth. ” i’ll take the opportunity to see your little stepmother.

ye liangqiu sneered, ” when my little stepmother calls you brother an Ian, you have to bear with it.

Qin Anlan’s hair stood on end as he thought about it.

he drove the car out of the parking lot and headed in the direction of the su residence.

An hour later, the car slowly stopped at the gate. He looked at the tree at the gate and said indifferently, ” “liangqiu, i didn’t expect you to be susu.” she was a little surprised.. he still remembered?

Chapter 1474: An LAN, I missed you (3)

qin anlan reached out and patted her head as if he was patting a puppy. " i was almost ten years old then. why don't i remember? "

He tapped her nose and said, " I remember that you were a crybaby back then. You would always hug me and call me brother an LAN.

When she heard this, she realized that he was making up stories about her.

"I didn't expect you to be so annoying when you grow up." She glared at him.

his fingers caressed his smooth and beautiful chin as he pondered. " susu, when you hugged me and told me to use more strength and go deeper, why didn't you say that i was annoying, huh? "

Ye Liangqiu simply couldn't bear to listen to him anymore. She snorted and ignored him.

He smiled and drove the car into the courtyard. Everyone in the SU family watched his strength and felt that it was amazing.

qin anlan got out of the car first and opened the door for her. the two of them walked into the lobby side by side.

on the sofa in the living room, su shicheng was reading a business magazine while su Cheng sat beside him and painted her nails.

She placed her feet on su Shicheng's legs, and he did not object.

such an action was undoubtedly a declaration of their relationship, and the servants in the family dared not say anything.

Sir and miss were too outrageous. No matter what, they were raised, and now they were sleeping together in public.

If the old Madam knew about this, there was an 80% chance that she would not be able to swallow it.

ye liangqiu and qin anlan walked in and blocked the light. su Cheng looked up in a daze.

She narrowed her beautiful big eyes and nudged su Shicheng with her small foot. Shicheng, brother an LAN is here.

ye liangqiu glanced at qin anlan.

Qin Anlan expressed his frustration.I Dogs.

su shicheng looked up at them and then turned to ye liangqiu.

"my car broke down, so president qin took me to the hospital and back. let's have dinner together." ye liangqiu's tone was very light, as if he was doing business.

However, Qin Anlan rejected him. I won't be eating. I'm just here to say hello.

although their personal relationship had fallen out, there were still many collaborations on the surface. su shicheng didn't want to embarrass himself too much, so he stood up and said, Anlan, you haven't eaten here in a long time. Let's eat together!

Su Cheng also got up and hugged su Shicheng's arm. that's right, brother an LAN. You haven't been here in a long time.

Qin Anlan looked at su Cheng with a complicated gaze and felt that it was a pity.

su Cheng was very smart, but her personality had been twisted since she was young, which was why she had done so many dark things.

he had already checked the road surveillance, and many of the cameras showed that the last person with lin xingyuan was su Cheng.

in other words, su Cheng killed lin xingyuan probably because he did not listen to her. in order to prevent him from further betraying her, she chose to silence him.

Now that she had committed herself to su Shicheng, with su Cheng's terrifying personality, she would definitely kill su Shicheng.

at that time, su Cheng herself would not be able to survive.

He had thought that once he caught the murderer behind the scenes, he would break it up. After all, it was the person who had caused him and Liang Qiu to be separated.

however, things were different now.

Even if su Cheng didn't do it, su Shicheng would.

however, their goals were different. compared to su shicheng's ambition, su cheng's willingness was so small that it softened his heart.

She actually just wanted to live with Liang Qiu. She didn't care what kind of life they had.

She didn't even care if she slept with a beast like su Shicheng.

Her humbleness even made Qin Anlan feel a sense of pity. After all, he had watched her grow up.

he just couldn't bear to do it!

Chapter 1475: I'm going to kill the fish now (1)

although he had thousands of thoughts in his mind, he only smiled on the surface. ” “Chengcheng.”

Su Cheng wanted to smile brightly, but she could not force it out.

she could tell that even though qin anlan and ye liangqiu were separated, they were still in love.

This was something that no one could change.

Neither she nor su Shicheng could change this.

for the first time, su Cheng pitied herself. it was just as ye liangqiu had said, she was a poor wretch who didn't even know what she wanted.

But even if she knew, did she dare to say it?

Those were the most beautiful and most obscure things buried in her heart,
Yingluo.

Qin Anlan's gaze told her that he already knew.

it was as if su Cheng had been thrown into the 18th level of hell. she would rather die than live.

However, she was still smiling and pretending to be happy.

The meal was quite formal. Qin Anlan and ye Liangqiu were like strangers, and su Shicheng was not too friendly. In the end, su Cheng and Qin Anlan parted on bad terms after a few words.

Qin Anlan quickly drove away.

however, su shicheng would not let ye liangqiu off so easily. "how did you end up with him again?

"I just happened to bump into you!" She held a cup of fruit tea and said lightly, "
"Didn't Linda tell dad?"

Su Shicheng nodded thoughtfully. it's not like you and an LAN can't be saved.

"Forget it, I'm not interested in being a widow." with that, she stood up and
walked upstairs.

Su Shicheng's gaze fell in the direction of the stairs. At this moment, su Cheng sat down and leaned
into his arms. "are you unhappy that sister liangqiu and brother an Ian are together?"

"no, i didn't!" "i just feel like i can't see through her," he said, his face turning
pale.

"Because she's pregnant. Pregnant women need love and care." su cheng's
fingers gently stroked his heart. "just like daddy, you'll feel lonely when you
sleep alone at night."

She pulled him upstairs and pestered him like a Little Vixen for the whole night.

Su Shicheng felt like he had been hollowed out, but he was still in good spirits the next day.

he felt that su Cheng had rejuvenated his youth. of course, he had tried it on a few young girls in the
company, but none of them were as exciting as being with su Cheng.

thus, su Cheng began to pamper her. in su shicheng's heart, as long as she was obedient and did not
play any tricks, he did not mind pampering her and buying her all kinds of things she wanted.

One night, su Shicheng coughed up a mouthful of blood.

he was also stunned and stared at it for a long time. after a while, his eyes fell on the pill beside
him.

su Cheng jumped in shock and knelt in front of him. "shicheng, what's wrong with you? "

Su Shicheng's expression was somewhat gloomy, and only after a long time did he lightly say, "It's nothing! he's probably heaty."

How did he get on fire when he was just venting?

"Why don't we go to the hospital for a check-up?" is it because I'm too old? " su

Cheng asked carefully. I can't take the medicine anymore? "

Su Shicheng's gaze fell on her. She had long black hair and was only wearing a thin bathrobe. Her small face was beautiful as she looked at him with her lips slightly open.

"I'm old?" he pinched her chin and suddenly pressed her down, biting her throat ruthlessly.

Su Cheng jumped in shock and struggled to get up, but he quickly held her hand down and stopped her from moving.

It was held high above her head, and she was held down like a cross.

su shicheng seemed to have gone mad as he madly tortured the young body beneath him, even grabbing a pillow to prevent her from screaming or seeing his ferocious face

Chapter 1476: i'm going to kill the fish now (2)

Su Cheng's hand was struggling, trying to grab onto something.

But she couldn't catch anything. She could only catch air.

His eyes widened, and he breathed desperately. His body also twisted violently. The feeling of being on the verge of death was so real that it was terrifying ...

su shicheng used the last of his energy to push her away from the pillow in his hand just as she was about to suffocate.

Inhaling a large amount of air made her cough violently, and she covered her chest with her hand in pain.

su shicheng tumbled to the side and spat out a mouthful of blood.

his eyes were a little straight, and his body was twitching slightly, like a dying patient.

His ugly appearance made su Cheng chuckle softly. She used one hand to support herself and crawled over to him. Lying on top of him, her fingers pinched su Shicheng's face.

Her expression instantly turned fierce, " su Shicheng, get up! do it hard, didn't you say you weren't old?"

Su Shicheng only panted heavily, his gray eyes turning to look at her, silently staring at her like a ghost.

Su Cheng patted his face. what's wrong? not moving? " Do you know that you're like a dead fish right now?"

As she spoke, she laughed so madly that tears almost flowed out of her eyes.

su Shicheng, you're like a dead fish! And I'm currently bashful."

Her eyes were bloodshot, like a small flame burning. A thin wire had appeared in her hand, and she approached him with a charming expression. and I'm going to kill the fish now.

the iron wire in her hand was wrapped around his neck and she tight(gently. a slender finger gently stroked his lips. " did you have a lot of now? now it's yingluo's turn."

she slowly tightened her grip and tilted her face to the other side. " dc good? Do you feel like you can't breathe? is it very painful?"

Her voice was soft and gentle. be good. Cheng Cheng will be gentler.

su shicheng's eyes were almost completely white, and he grabbed her hand in an attempt to resist.

however, su Cheng used a little more force and her voice became stern. " su shicheng, it's useless to struggle! '

His hands tightened!

Go to hell, su Shicheng!

she will end your sinful life and become the queen of the su family.

"I'll take good care of sister cold autumn and her child! Don't worry, I'm not interested in the SU family's business. I just want to live a good life with sister Liangqiu." she lowered her face and kissed su shicheng on the lips. " it's so disgusting. the smell of a rotten old man. " every time i have sex with you, i feel disgusted, yingluo. it's been hard on my mother for so many years."

She tightened her grip again and again, and the strength in her hands grew stronger and stronger. The sound of bones crunching was especially clear in this quiet night.

The man in her hand suddenly fell down, his whole body twitching weakly.

Su Shicheng's death forced su Cheng to put down the metal wire in her hand, and her expression finally changed.

"You forced me, you forced me!" She mumbled.

her body started to feel cold. after all, she had just had physical contact with the man on the bed. now that he was dead on the bed, there was always a smell of hair and bones. just as su Cheng was feeling a little scared, the bathroom door opened and a figure walked out.

"Is that so?" his voice was faint, but it made all the pores on her body stand up..

Chapter 1477: I'm going to kill the fish now (3)

Su Cheng turned her head in slow motion and looked at the person standing at the bathroom door.

Su Shicheng!

there were two tall and strong men beside him. they were at least 190 centimeters tall. their hands were placed in front of them, and the muscles in front of their chests were bigger than a woman's!

Her little mouth trembled slightly, and her body moved back. In the end, she leaned against the head of the bed. Her back was covered in sweat, and her thin bathrobe was soaked with sweat.

the person who died on the bed was not su shicheng, but a substitute.

"cheng Cheng, it seems that your heart is even more ruthless than mine." Su Shicheng smiled faintly, " do you know what you did wrong? "

"Where?" she asked with a trembling voice.

Hongke will never forgive me, so why would she come to my side? even in my dreams, she won't come. He looked at her and said calmly, " I only had sex with you once. As for the rest, they were all substitutes.

If she didn't have any evil thoughts, he would still think that she just wanted to live and might not kill her.

however, this child seemed to have been raised in a wolf's den. he was used to seeing killing and mayflies.

su Cheng gritted her teeth. " you'll get your retribution. "

"yes, i am. But it won't be your turn." su shicheng's tone was very light as he asked, " by the way, do you like cool autumn? "

Su Shicheng had not expected this, but he could more or less guess why Liang Qiu had returned to the SU family. It was probably su Cheng's doing.

it seems that your abilities are beyond my imagination. " su shicheng stepped forward and pinched her chin. " you're the one who caused the marriage between the su and qin families to fail, huh? "

His fingers pressed hard and left two red marks on su Cheng's cheeks. Her eyes widened, but she could not say a word.

"It's better to die than to have a woman you can't control." His voice was cold as he looked at her.

He raised his hand, and the two strong men behind him stepped forward, each holding su Cheng.

"throw it into the sea to feed the fish." su shicheng's voice was faint.

su Cheng struggled with all her might, but her hands and feet were still caught. in order to prevent her from resisting, her bathrobe was also taken off and tied to her hands.

the bedroom was quickly cleaned up, without a trace of blood.

Su Shicheng sat on the edge of the bed, his white bathrobe untainted by dust.

The door opened, and ye Liangqiu stood at the door.

Su Shicheng raised his eyes and looked at her. su Cheng didn't listen and wanted to kill me! Liangqiu, do you also want to kill father?"

Her face was a little pale, and she looked at him for a long time before shaking her head in confusion.

Su Shicheng has gone mad.

as su Cheng had said, the su family was full of lunatics.

it was her return that intensified everything and destroyed the calm on the surface.

"liangqiu, i've already asked dad to take care of su Cheng! "In the future, no one will stop you and Anlan from being together. Be good, go and apologize to Anlan. Daddy will prepare for your marriage." su shicheng beckoned her over.

she stood there without moving. even if the place was cleaned up, the air still had a thick smell of blood.

"are you afraid?" Su Shicheng stood up and walked over to her. Placing a hand on her shoulder, he said in a low and hoarse voice, "Daddy will never hurt you."

He held her in his arms and said, "Liangqiu, you're the only one I have left!"

don't leave dad.'

She was surrounded by the thick smell of blood and felt like throwing up.

in his mind, he was thinking about su Cheng.

su cheng's laughter, su cheng's tears, and the way su Cheng laughed and cried.

she actually wanted to cry and couldn't bear to.

she was not related to su Cheng by blood, but su cheng's fate had always been connected to hers..

Chapter 1478: The shocking truth (1)

"where's su cheng?" she asked, her voice trembling.

The smell of blood, was it su Cheng's?

"I threw it into the sea." Su Shicheng said without any emotion, as natural as if he was killing a kitten or puppy.

ye liangqiu took a step back and raised her head to look at him. her whole body

his gaze fell on her face as if he was judging her. after a long and said affectionately, " "he should be tired! Go to sleep ear

he even reached out to caress her head. " little susu, sleep early. daddy will wake you up tomorrow. " ye liangqiu's entire body and heart were ice cold.

she didn't know how she got back to her bedroom, but when she came back to her senses, she found herself in su cheng's bedroom.

there was a rabbit figurine by su cheng's bed. she patted it and su cheng's crisp voice came from inside. " sister liangqiu. "

Ye Liangqiu raised his head and gently closed his eyes.

She should have hated su Cheng, but at this moment, she knew that su Cheng would never come back. She felt a sense of sadness and sorrow.

the rabbit was still meowing. ye liangqiu's eyes fell on it, and she suddenly picked it up and pinched it.

it was hard.

He found a utility knife and cut open the rabbit's stomach. There was a diary inside.

Flipping to the first page, there was a sentence written on it-

Sister Cool autumn, I'll probably be gone by the time you see this diary.

you're crying, aren't you?

Ye Liangqiu immediately covered her mouth she was not crying!

But hot tears flowed from the gaps between her fingers. you're still so annoying and so self-righteous. No matter how much I hate you, you can still stick to me and call me sister Liangqiu.

I'm not sad, not sad at all. It's no use for you to act coquettishly and cutely.

But she couldn't stop her tears. Whether it was su Cheng or Mrs. Su, it was a tragedy.

Ye Liangqiu flipped to the end of the diary, and the truth came to light.

Su Cheng had killed Lin Xingyuan.

He and su Cheng had been together for a long time. He was su Cheng's chess piece.

As for ye Ling, the outstanding younger brother in her heart, he shocked her the most.

Su Cheng's diary:

Ye Ling actually liked sister Liangqiu, and that kind of love had already reached the point of sickness.

He peeked at her bathing, collected her undergarments, and even kissed her secretly when she was asleep.

Would he rape her one day?

ye ling went to the pharmacy to buy some medicine, the kind that livened up people's mood. I knew that he was going to do something to sister Liangqiu, so

I seduced him and he took the medicine himself.

i told everyone that he wanted to rape me! Many people think that he's innocent, but only the two of us know that he's not. There's a beast living in his heart, and he wants to rape his sister at all times.

i want to stop him!

“he didn't go to jail because of brother an lan. but in my opinion, sister liangqiu is really stupid. she went to beg brother an lan and sacrificed herself for someone who wanted to hurt her. was it worth it?

‘as for me, only by forcing ye Zhi to die will the world be peaceful.

this is what i owe her, i'll pay it back.

but i never thought that she would fall in love with that womanizer, qin anlan. what's so good about him?

He was worthy of sister Liangqiu's love. He would only make her sad and trample on her self-esteem.

he's a coward and doesn't deserve to be loved.

In the end, sister Liangqiu still left with her child..

Chapter 1479: the shocking truth (2)

when Xiao muyun was born, i fell in love with this little fellow because he is sister liangqiu's child.

he has nothing to do with qin anlan. he's sister liangqiu's baby. i asked lin xingyuan to get close to her and take care of her. i even wanted her to live with lin xingyuan.

if that's the case, i'll be satisfied. At least, she was happy, Yingluo.

but why did she come back?

‘Why did you come back, sister cold autumn?

ye liangqiu closed the diary and closed her eyes. it was as if she was looking at the real su Cheng.

it turned out that every time she called her sister cold autumn, it was from her heart.

Her love was a little twisted, but it was sincere. she had hurt xingyuan and an lan, but she loved her. she loved mu yun and qianqian, and she had protected her for so long.

She didn't approve of this kind of love, but she couldn't be indifferent.

She burned the diary, took her car keys, and went downstairs for a walk.

In the study on the second floor, su Shicheng stood by the window and watched her drive out.

“You finally know.” “But su Cheng won't be able to live,” su Shicheng mumbled. “It's good to see her off.”

Su Cheng didn't do so much for you in vain.

ye liangqiu's car was fast. at that moment, she had almost forgotten that she was pregnant.

She could not repay su Cheng for her good and bad deeds, but she could not remain indifferent to su Cheng's death. Even if she had to see her die, she had to bring her back and bury her properly.

The dark sky and the dark clouds that filled the sky painted the night with a touch of sadness.

She gripped the steering wheel tightly and drove toward the beach for a stroll.

An hour later, she drove to an open space where an off-road vehicle was parked.

Two tall and strong men were smoking by the car. They glanced at ye Liangqiu's car and then made a phone call.

After he hung up the phone, he looked at her indifferently before driving the car away.

the night was as dark as ink. she stood alone on the deserted beach. the waves were blown up by the night wind and hit the shore. the sound was like a lullaby that was sung by a mother when she was a child.

Ye Liangqiu stepped on the sand, her feet alternating between deep and shallow.

"su cheng!" She called out su Cheng's name, over and over again.

but what answered her was still the same sobbing voice ...

"su Cheng, you damned child, come back if you can! aren't you the most powerful? you've committed murder and arson, so how can you be killed so easily?" ye liangqiu kept patting the water as he walked deeper into the water.

in the dark night, the boundless sea rose and fell, but she could not be found.

"I know, you're a useless guy, that's why you died." Ye Liangqiu's voice was hoarse. come out! I still haven't avenged Lin Xingyuan! You're a coward, are you afraid that I'll take revenge?

"Who's afraid?" A hand suddenly grabbed her foot.

Ye Liangqiu almost jumped up and screamed.

but who else could it be but su Cheng?

"if you weren't yelling, i wouldn't know which way to swim." su Cheng laughed at herself weakly. " sister liangqiu, is this a case of bad people living for a thousand years? "

Ye Liangqiu pulled her out of the water and stared at her.

su Cheng laughed dryly, her body going limp as she urged ye liangqiu to give her a tight slap. " if you dare to die, i'll have four men rape you right now. ' "i prefer it when you do it yourself." Su Cheng leaned on her shoulder and said weakly, " "Sister Liangqiu, I'm so cold. Can you hug me? Cheng Cheng is so tired, so tired yingluo, i thought i was going to die.."

Chapter 1480: the shocking truth (3)

ye liangqiu closed her eyes and gave him another slap. " if you want to have fun, then live. live well. if you like women, i'll find you countless women.

She carried su Cheng on her shoulder and walked towards her car. Su Cheng's face was tilted to the side of her neck and she smiled weakly. but Yueyue, I only want you.

i don't want anyone else.

Ye Liangqiu carried her to the car with great difficulty, found a towel to dry her, and wrapped her up.

"I'll drive you to where I used to live." She paused for a moment. I'll bring you some money tomorrow. You can leave and never come back.

su Cheng drank some water and regained some of her strength. she looked at ye liangqiu and lowered her eyes."how could you believe me after reading my diary? maybe it's a trap?"

"I'd rather believe that there's beauty in this world." Ye Liangqiu started the car. just take it as me repaying a favor. They raised me. You are the only child left in the ye family.

Su Cheng didn't say anything else. Ye Liangqiu drove her back to her hometown.

It was already mottled and very old.

"Let's stay here first! I'll think of a way to get you more money tomorrow. The further you go, the better." Ye Liangqiu knew that su Cheng was used to a good life and that she couldn't live without money.

She had a lot of assets under her name that Qin Anlan had given her. Some of them were in cash, so it would not be a problem for her to take out one or two hundred million.

su Cheng was lying down, covered with two blankets.

He looked around. will there be rats here? "

"You even dared to kill people, why are you afraid of rats?" Ye Liangqiu rolled her eyes, but she still checked it. Finally, she said,"i can't guarantee that."

"Sister Liangqiu, can I go home with you?" I'm not here, " su Cheng said pitifully. I'm worried about you.

Ye Liangqiu sneered. you're about to lose your life, and you still have the nerve to say that!

At this point, su Cheng said hatefully, " "these past few days, i've been sleeping with a substitute, not su shicheng."

Ye Liangqiu glared at her. I thought you didn't like men? "

"Can't I get a double kill?" " if you don't feel anything, you can pretend, " su Cheng said uneasily. " anyone can do it. "

Ye Liangqiu was both angry and amused by her self-righteous attitude. then, did you manage to trick su Shicheng? " and he was almost killed!

su Cheng did not say anything.

After a long time, she finally spoke, "sister Liangqiu, you should return to Qin Anlan's side!" You can't win against su Shicheng. Only brother an LAN can protect you."

Ye Liangqiu looked at her.

su Cheng laughed bitterly. "i was too naive in the past. i thought that i could protect you, and we could live happily in the su family. but from the moment su shicheng drove my mother crazy, i knew that i was too naive. ' ye liangqiu looked at her and didn't speak for a long time.

"there's still time to go back now!" su Cheng coughed. " don't go back to the su family tonight. " this is a once-in-a-thousand-years opportunity for you. if you go back, you won't be able to go back anymore." Su Shicheng must know that I'm still alive and will no longer trust you.

those who couldn't be trusted would end up very miserable!

ye liangqiu nodded. " alright! i'll go back." but just as she finished speaking, the door opened and su shicheng entered.

su Cheng immediately got off the bed and stood in front of ye liangqiu, glaring at su shicheng.

"Cheng Cheng, if you had used your loyalty on me, you would not have ended up in such a miserable state." Su Shicheng looked around, his gaze finally landing on ye Liangqiu's face, "liangqiu, come home with daddy."
