

## Thank you 1501

Chapter 1501 - 1501: an Ian, don 't bully liangqiu anymore (6)

‘ what do you think? ” KIME looked at her and laughed.

If she continued to pester him, it would seem like she cared about him.

she didn't want to do this. she didn't like him, so who cared who he liked? She rested her face on his chest and pinched hard at a certain area. don't fall in love with me!

“yes, i won't! I'm absolutely loyal to my goddess.” he smiled. he really did not disappoint her.

su Cheng tugged at him again. ” you're so loyal. why do you still want to sleep with me? ”

“this is my bed.” you're a girl, and yet you're dressed like that in a man's house. You're clearly trying to seduce me. If I don't fall for it, I'll be disrespecting your good intentions.

Su Cheng glared at him.

he was really using the word 'shameless' to the extreme.

‘ what's done is done. you won't lose out if you do it again in the future. ‘ Su Cheng was a little disappointed by his words.

Kime was the same as everyone else, only because of her appearance and her flesh. I just like he said, she slept with him to pay the rent.

do you have a cigarette? ” he asked anxiously.

girls shouldn't smoke, ” Kie said as he looked at her.

“i'm not a girl.” she lay in his arms. ” i'm a bad woman. ‘ after saying that, she giggled again, in a rather exaggerated manner.

” the sound is too harsh. ” kim frowned.

However, the more she smiled like that, the more it showed that she felt insecure.

Bluffing was meant for people like su Cheng.

Kie took a pack of cigarettes from the bedside table and handed it to her. Su Cheng glanced at it and saw that it was a woman's cigarette.

She looked at him with a strange look and smiled. “I didn't draw it! This is elder sister Ying's.”

su Cheng knew that sister Ying was ye liangqiu's manager, and it wasn't unusual for women to smoke in this industry.

The strange thing was that there was a pack of sister Ying's cigarettes in Kime's house, which was thought-provoking.

“You slept with her?” Su Cheng didn’t stand on ceremony and lit up a cigarette to smoke.

‘are you kidding me? sister Ying is ten years older than me. ’

su cheng’s voice was sharp. ” i’m not joking! But I didn’t expect you to like old women. now, we’re quite compatible. we’re both perverts.”

KIME frowned but did not argue.

and not retorting was usually a tacit agreement.

in the end, all the cigarette butts in su cheng’s hand were directed at him.

‘ what’s wrong with you? ” kim was furious.

“have you f \* cked her?” Su Cheng held him down with astonishing strength.

i told you i didn’t! ” kim let out a long breath.

Su Cheng calmed down and felt that she was being boring. She didn’t like him, so why should she care who he liked? it was none of her business if he liked an 80-year-old lady.

Su Cheng didn’t say anything and just kept smoking.

He smoked one cigarette after another until Kime couldn’t stand it anymore.

smoking so much is bad for your health.

“I’m not pregnant. I don’t need a body.” “just feel sorry for your sister Ying,” she said as she looked at him.

KIME looked at her, but he couldn’t get through to her, so he went to sleep.

su Cheng finished the whole pack of cigarettes in one breath, and the room was filled with the smell of cigarettes.

After she fell asleep, Kime slowly opened his eyes.

he smiled. kid!

her thoughts were actually very simple. if she didn’t like it, she would destroy it.

In fact, he didn’t need to draw all of them himself. He could just throw them into the trash.

What a child!

A brat who was bluffing..

Chapter 1502: tian tian pampers me (1)

kie lay flat and thought of sister Ying. actually, he didn’t like her that much, but he did like yingluo.

In the end, it was impossible, and they didn’t have any other thoughts. The two of them continued to be single. She knew that, and he wasn’t waiting for her either. He just hadn’t met the right person.

Su Cheng really wasn't suitable for him, but he couldn't explain why Yinluo was so persistent even though she knew they weren't the same.

It was probably because they were all lonely people. Lonely people liked to huddle together for warmth when they met.

Su Cheng stayed at Kime's place. When he went to work during the day, she would go to work as well. She would just sit in his office and trim her nails and do some beauty treatments out of boredom.

No matter how down-and-out she was, there was still a perverted little princess living in Su Cheng's heart.

Kie was very busy. In King Entertainment, other than Qin Anlan, he was the one with the most power. He was busy from head to toe, inside and out, just like King Entertainment's butler.

Just as he was in a terrible fix, Su Cheng's voice was unhurried. "Look at how busy you are. But it's only right that you're so busy. Your surname is K too, and you're the head of KING Entertainment.

When she said the words 'head chief', she chuckled and seemed to be talking about Li Lianying.

I'm not a eunuch. You should know better than anyone.

"That's because you're not clean." Su Cheng continued to paint her toenails and admired them after she was done.

"I thought you didn't like men?" You're dressed up so exquisitely for who?" "You don't know." She smiled sweetly at him. I'm a female character.

He looked at her for a long time, then snorted. "I think you're on the winning side! In the past, you didn't like men because you didn't meet one you liked." She understood his words and glared at him. "K, I don't like you."

"Then why did you scream so happily last night and pester me to do it again this morning?" Kie said casually.

Su Cheng stopped talking. She angrily painted her toenails, but the paint was off.

He threw it down angrily.

"What's wrong?" I'll help you apply it! Kie took a glance at her and sat down beside her. He reached out and took the thing from her hand.

"You know how to?" Su Cheng looked at him suspiciously.

"Why wouldn't I? I used to be an artist's assistant, and I've even put shoes on people before, let alone this." Kie's tone was very calm and he did not feel ashamed at all.

But to Su Cheng, it was a little unreasonable, because the way she was throwing a tantrum now was a little ridiculous and childish.

He wanted to retract his foot, but Kime held it tightly. don't move.

He used a wet tissue to help her wipe off the mess, then carefully applied a layer on her. It was beautifully and neatly brushed, comparable to a professional.

Su Cheng let him be. She hugged a pillow and picked up a magazine to read. help me blow on it, or it'll dry too slowly.

She said it matter-of-factly, so Kime nodded and continued to help her apply it.

He quickly finished applying it and only put her feet down after they were dried. Just as he was about to get up, someone stood at the door.

It was sister Ying.

Sister Ying looked at the lovey-dovey couple and smiled."Kime, you're fast! i heard from president qin that he wants you to take care of him. what, are you getting married?"

Seeing sister Ying enter, Kie sat down again with his tie and smiled. that depends on whether Chengcheng is willing or not! i'm afraid i can't afford a rich young lady who doesn't even want to eat take-out."

Although he said that, there was a sense of affection in his words..

Chapter 1503: tian tian pampers you (2)

Su Cheng kicked him and did not put her foot down. She placed it directly on his lower abdomen, which was quite ...

at the very least, kie was not able to remain calm in front of sister Ying. at least, he was seduced.

"chengcheng, put your feet down. i have something to discuss with elder sister Ying." he tried to convince himself to reprimand her because it was inappropriate.

su Cheng chuckled at him. there was something in her eyes that only he understood, and it made him feel a little embarrassed.

"you guys go ahead and talk. don't mind me." su Cheng sat up straight as she spoke.

King had thought she had grown up. He didn't expect her to bury her head into his chest and lie on his chest. The intimacy was no less than that of an old couple.

sister Ying took another look at su Cheng before she started to talk to kie about the company, mainly about the newcomers.

her tone was normal and she didn't even glance at su Cheng. su Cheng felt that she was being petty and was throwing a tantrum.

what kind of mood was she in? she didn't like kimme.

after sister Ying left, she turned her head away and said in a cold voice, ” “It seems that your ageless goddess isn’t interested in you. I’ve already made it so obvious, but she’s not jealous at all! I think you’re blind. Find another target as soon as possible.”

KIME looked at her and laughed. ” childish! i already said it’s impossible with her. ‘

su Cheng continued to read her magazine. ” a 40-year-old woman isn’t heartless. she can still satisfy you and have children. what’s impossible? ” He paused for a moment. I’m sacrificing myself for you.

“Oh, really? So great?” “and then? she accepted me, and you moved out?” kie sneered. are you willing to?”

“What’s there to be reluctant about? there are plenty of two-legged men on the streets.” su Cheng said nonchalantly.

yes, there are many men on the street who can satisfy your legs, but I don’t think many men would be willing to cook for you in the middle of the night after venting their anger.

“you’re so childish!” She threw a pillow at him.

did I step on your sore spot? ” Kime glared at her coldly.

he suddenly cared about her and pulled her over, locking her in his arms.

She sat directly on his lap, her skirt lifted up, only separated by a thin fabric. Su Cheng was a little angry. what pain did I have for you to step on? ” she struggled in a mess, but KIME held her waist in a rare strong grip.

he cupped her chin with one hand and said in a low voice, ” “How many men have you had sex with?”

After he asked, he was stunned. Su Cheng was also stunned.

but he couldn’t take it back.

Kie’s eyes were locked on her. He finally admitted that he did not want her last night on a whim. He really did have feelings for this woman who had a split personality.

It was probably because he saw how handsome she looked when she drove. She was clearly so delicate, but sometimes she was strong and domineering. at that time, he was probably thinking, if he took over her body, what would she look like at that moment, what kind of expression would she have?

He also admitted that he had never thought that she was a gay. Fortunately, her body felt his touch and she was very happy. Otherwise, he didn’t know how to continue.

since he had asked, he had asked. his eyes were locked on her delicate little face, forcing her to answer.

“you’ve fallen in love with me?” su Cheng suddenly laughed. KIME didn’t say anything and continued to look at her.

su Cheng chuckled again. "quite a few.. " why, do you mind?"

Chapter 1504: tian tian pampers you (3)

Su Cheng chuckled again. quite a few! You know Lin Xingyuan, right? I've slept with him before, and my first man was him. I've also slept with su Shicheng, and there are at least five or six other men." and women. This industry is a mess. Sometimes, when they get drunk, they don't care about anything else when they're of the same mind.

however, what she didn't say was that those people were only liang qiu's substitutes.

she spoke as if she didn't care and didn't hide anything, but kie's face turned green.

Why did he fall in love with this little thing who had a messy private life, and she was even showing off.

the muscles on his face trembled, making him look quite scary.

su cheng's hand stopped him. You think I'm dirty? just don't touch me in the future."

His expression was still ugly, but he did not let go of her.

su Cheng coughed lightly. " i'm just having fun. you don't have to be so serious. you're not really going to marry me.

he still did not make a sound.

Su Cheng was also a little angry. if you want to marry someone, you should marry the goddess in your heart. Why are you fighting with me here? "

Then, she pushed him away.

KIME calmed down and said softly, " "i just thought that you could treat me like a woman at night and do whatever you want with me."

su Cheng looked at him in disbelief. after a long time, she finally said, " are you crazy? Abnormal!"

she did like sister liangqiu, but she really didn't have any other women. at most, she would think that they were sister liangqiu. she had no interest in doing that kind of thing.

strictly speaking, having sex with KIME was her first time being intimate with a man or a woman.l Things had feelings.

in the past, he had always been submissively bearing with it for the sake of his goal. not only did he not feel anything, he even felt disgusted.

but she didn't tell him about this.

she was so dirty, and they didn't like each other, so there was no need to be so pretentious.

i'm not sick. i'm not a pervert, and i won't be with you. " kim looked at her and sneered.

he let her go and got up to deal with his own matters. su Cheng sat there, biting her finger, not understanding what he really meant.

hmph, you speak as if you're so devoted to her. just now, you even despised her.

However, su Cheng's heart was not so calm. She even wondered why he was angry.

did he think that she was dirty?

for the first time, su Cheng felt confused. for the first time, she felt that if she could do it all over again, she would be in a mess.

if she could do it all over again, would she like sister cold autumn or would she like men?

she laid on the sofa and looked at him.

why? do you want to admit your mistake? " Kie asked coldly.

su Cheng exploded in anger. " what did i do wrong?! " so what if i have a few men? it's none of your business, yingluo."

"it's my business in the future! I'll break your dog legs if you have any more relations with other people." Kime's voice was especially nonchalant.

' oh, " su Cheng replied, not daring to resist.

he looked up at her and his voice softened. " "Let's forget about the past." he said it generously, but she muttered softly, " "you're nobody to me," After a long time, Kim said, "let's do this first!" let's think it through before we speak.'

Being together was not a child's play, and it was not a spur of the moment thing. He was not willing to put himself in a relationship with her that he would regret. In Kime's opinion, sex and feelings could be separated.

this was probably because he had been in the entertainment industry for a long time, and wanwan had seen too many separations and couples, so she was used to it.

Therefore, she was more cautious and did not easily say who she loved..

Chapter 1505: Tian Tian Pampers you (4)

Su Cheng looked at him and suddenly felt like she did not know this man.

The Kie that she had known in the past was closer to being Qin Anlan's Lackey and did not have many opinions of his own. However, at this moment, she deeply felt that he would not have been able to stay by Qin Anlan's side for so long without some skills, let alone climb to a position that was below but above tens of thousands.

He had just been keeping a low profile.

Kime did not say anything else to her and focused on work.

suddenly, su Cheng felt wronged. what was he doing?

he hadn't thought about it. he hadn't thought about what to sleep with.

That's why I'm begging you at Kime tonight.l when they were having fun, su Cheng refused.

her back was facing him, and she refused to let him touch her. he pressed on, and she pushed him away. ” go and find your sister Ying. ” why are you sleeping with me?”

looking at her, KIME was about to lower his hand, but he gave up and asked, ‘ “You really don’t want to do it?” su Cheng didn’t say a word.

Kime looked at her from behind, his gaze falling on the soft skin at the back of her neck. After a while, he said in a hoarse voice, ” “then go to sleep.”

Su Cheng waited for a long time, but he did not move. She gave him a kick willfully. you sleep in another room.

he let her kick him. ” this is my bed. ‘

Su Cheng froze for a moment, then she hugged her pillow and got out of bed to take a stroll.

He waited quietly, waiting for her to run back on her own.

This was a bachelor’s place, and there were no other rooms. She would have to come back crying later.

However, he was wrong. Su Cheng had not returned even after half an hour.

Was he really angry?

KIME got out of bed and walked out in only his pajama pants. the lights in the living room were not on, and under the moonlight, he saw her lying on the sofa, her petite body curled up and her arms hugging him.

the air conditioning in the living room was on, and she was only wearing a bathrobe, so she was shivering from the cold.

Kime sighed and sat beside her. He said in a low voice, ” “do you want to get married?”

Su Cheng’s body stiffened, but she did not answer him immediately.

“Chengcheng, I know you’re not asleep.” his hand wanted to touch her face, but she dodged it the moment he touched it.

Su Cheng buried her face in the sofa and said in a muffled voice, ” I don’t want to get married.

“so, what are you angry about?” Kie was a pragmatic person. He was different from her. He had climbed from the bottom, and those unrealistic dreams did not exist in his world.

It was one thing for him to want her, but it was also true that they might not be able to walk together to the end.

Not just her, but even she herself couldn’t do it, right?

su Cheng, if you don’t like this, I won’t touch you again. “I shouldn’t have been so impulsive!” He apologized with all his heart.

as he spoke, he reached out to carry her and brought her to the bedroom. ” you sleep on the bed, i’ll sleep on the sofa. ”

When he hugged her, su Cheng was curled up into a ball. Her long hair was scattered on her small face and she looked a little pitiful.

She looked at his face. Because he was not wearing glasses and under the dim light, he looked less refined than usual and more profound.

she looked up, her heart beating faster.

su Cheng was someone who lacked love. at this moment, being cherished like this (she felt that she was overthinking it. she was touched when someone treated her a little better), she actually thought that he was handsome.

Amongst the people she knew, Kime was only considered good-looking. At most, he was very good-looking. Yingluo must be infatuated with him.

su Cheng pursed her lips and looked at the person in front of her, not saying a word for a long time..

Chapter 1506 - 1506: tian tian pampers you (5)

when he placed her on the bed, she exerted a little force and he fell down.

“su cheng.” He pressed his lips against hers and murmured, ” “let go, or i won’t be able to take it anymore.”

Su Cheng’s long eyelashes trembled as she helplessly watched him in a daze.

KIME was a little aroused, not only physically, but also from the bottom of his heart.

su Cheng, kiss me. his lips touched hers. She tasted very soft, and he couldn’t let go. He kissed her lightly again and again, trying to seduce her to open her mouth.

Su Cheng looked at him, her eyes wide open. He was kissing her, and it was like a treasure.

suddenly, she was a little afraid and did not dare to move. after a while, she opened her mouth and said, ” excuse me, i want to eat.

The man’s body was stiff, and he was in the middle of his passion. It was nine O ‘clock now, and she had just finished eating two hours ago. Now she said she wanted to eat!

he opened his eyes and looked at her.

su Cheng lowered her eyes and said carefully, ” “you were the one who said you wouldn’t force me to have sex.”

“Also, if we don’t make love, we won’t have any food to eat, right?” She admitted that she was a little pretentious, but women were spoiled by men. The better he treated her, the more she had the capital to be pretentious!

I'll do it. KIME let out a deep breath and got up with his hands. He looked at her deeply. I'll do it. The three words were said through gritted teeth.

After that, when he went upstairs to make supper, the sound of him slamming the door was really loud.

however, su Cheng rolled around on the bed happily and chuckled like a little mouse.

As she laughed, she felt like crying.

she thought, if she had met KIME earlier, would she not have become so bad?

would she not have been so dirty that she was not worthy of him?

su Cheng cried. she buried herself in the blanket and cried alone.

she thought that she was still lonely.

she thought that she had slowly fallen in love with someone. he was and he also had the common problem of being a bad man, but she thought he was willing to pamper her.

He would not be afraid of her just because she had done so many bad things. He gave in to her and made food for her in the middle of the night.

What she wanted and desired was simple, but up until now, only one person was willing to do this.

he might not love her, but they were both lonely people.

After crying, she walked into the kitchen and hugged his waist from behind, burying her face in his back.

Her lips touched his back and she said in a low voice, " I don't want to eat now. I want to eat you.

" how do you want to eat it? " KIME took a deep breath and tried to control himself.

su Cheng kissed him and slowly moved her lips downwards. ' do you know what you're doing? " kim's voice was hoarse.

yes, " she said softly.

she had never done this before, but she wanted to do it at this moment.

she had never desired a man's body, but now, she desired it.

kie turned around and looked down at her. his eyes were hot and his mind was filled with wild imagination.

He had never thought that she would be willing to do this.

however, to a man, this was a temptation that he could not refuse.

At the last moment, he pulled her up and kissed her hard in his arms. I don't want you to do this.

no matter how many men she had had in the past, he could not bear to ruin her.

he carried her to the kitchen counter and loved her intensely, making her feel the joy of being a woman.

su Cheng cried. her tears kept flowing, but they were tears of joy.

she thought that she was finally a woman again, in kime's arms..

Chapter 1507 - 1507: The person I truly loved (1)

KING entertainment's ceo's office.

Qin Anlan picked up the company's calendar and looked at it for a while.

Kie stood by the side, knowing that he was looking at the time. Boss Qin's wedding was only a month away, and everything was planned by Mrs. Qin. Boss Qin only needed to take photos and pick out a wedding ring.

"I heard that you and Cheng Cheng get along quite well." Qin Anlan's tone was indifferent, as if he had asked casually.

However, Kie didn't think so. If boss Qin asked like that, he must have found out something.

"su Cheng is quite cute," he nodded.

qin anlan put down the calendar in his hand and looked at him. after a long while, he smiled. "do you have any thoughts about her?"

KIME's eyes met his, and he did not look away. he thought for a moment before he answered, "i'm thinking about it. "

"well, it's fine to think clearly!" Qin Anlan smiled and said indifferently, " " but before you think it through, don't make su Cheng pregnant. otherwise, it won't be good if she suffers as much as liang qiu did before. "

Only when he said that did Kime remember that he did not use any protection these few times.

on the one hand, it was urgent, and on the other hand, he had no experience.

his handsome face blushed slightly as he nodded and did not say anything else.

Qin Anlan looked at him for a long time and smiled. by the way, Liangqiu said she doesn't have many friends and wants su Cheng to be her bridesmaid. What do you think? do you want to be the best man? if not, I'll have to find someone

Kie didn't want to. After all, he was boss Qin's subordinate and boss Qin could find him.

However, if su Cheng was the bridesmaid, just the thought of her leaning against someone else's side made him feel uncomfortable.

in the end, he still nodded. "okay, thank you, president qin. "

“You don’t have to be so formal! didn’t you try to play tricks with me in the past? Why are you so serious now?” Qin Anlan smiled faintly, his brows exuding the unique aura of a mature man.

after a long silence, kim said, ” “president qin, su Cheng is ...”

Before he could finish his sentence, Qin Anlan interrupted him. you want to ask what we will do to her, right? ”

No. Kim did not say anything.

“no matter what, you’re already asleep. isn’t it too late to think about this now?” there was a rare teasing look in qin anlan’s eyes.

that’s not it, President Qin. Kie coughed uncomfortably.

Qin Anlan stopped him and only spoke after a while. su Cheng will be the one to choose what happens in the future. Tell her that.

Kime was a little moved and could not say anything.

why? do you want to thank me on her behalf? ” qin anlan got up and patted him. he said emotionally, ” please, it’s tough being with su Cheng. her personality has been twisted as she grew up, but she’s not bad at heart. ‘ yes, I know. Kie lowered his head.

in fact, she was such an easily touched person. a small thing was enough to move her to tears. so silly.

Qin Anlan smiled. I’m going to take some photos later. You have to keep an eye on her in the company. We can’t let her go free!

Then he blinked. you have something that cool autumn doesn’t have, so it shouldn’t be a problem for you to tie su Cheng down, right? ‘

There was a strong hint in his words, and it was hard for Kime to pretend that he did not understand.

In boss Qin’s words, he had become a duck.

The muscles on his face trembled unnaturally as an answer.

qin anlan picked up his coat from the back of the chair. ” i believe you! ”

Kime watched him leave and followed behind..

Chapter 1508 - 1508: the person i truly loved (2)

KIME walked across the aisle and saw sister Ying training the new students.

he stood at the door for a long time, silently watching, and then casually took a cigarette to smoke.

sister Ying turned around and looked at him.

She thought for a moment and walked over. She leaned against the wall with him and looked at him. "Why are you free to come? Why did I let you have that sweet fruit? aren't you afraid that other women will snatch it away?" since when did sister Ying start to joke like this? "

"don't give me that." there was a smile in sister Ying's eyes that could see through people's hearts. she took out a cigarette from his pocket and put it between her lips. KIME immediately lit it for her.

in KIME's heart, sister Ying was not only his goddess but also his senior in the company. he would respect her for the rest of his life.

"What's the matter? have you decided?" elder sister Ying's body was leaning against the wall, and so was her head. she was puffing out clouds of smoke.

let's get along for now! " kie did not hide or exaggerate.

then, he leaned over and asked, " sister Ying, is qianqian going to be alone? " sister Ying turned to look at him. after a while, she said, " i'm so old. who can i look for? " Young hunks don't like aunties, and I'm not interested in old men."

There were still some waves in Kie's heart. In the past, he did not dare to talk about these things with sister Ying. Now, he was a little more indifferent and had the courage to ask.

"What, you want to introduce me?" elder sister Ying flicked her cigarette and said softly, " it's not that i didn't have a chance in the past, but in this life, KING entertainment is the most important thing to me. it's like my child and i can sacrifice everything for it. "

' what about now? " kie understood what she meant.

"in the past, now, and in the future, it will always be like this." elder sister Ying said softly.

kie had forgotten to smoke and was looking at sister Ying.

She had long permed hair and wore black-rimmed glasses. She was slightly younger than her actual age, about 35 or 36 years old.

She was professional, calm, and dignified, but in the entire company, he was the only one who had seen her cry secretly, and he still remembered it clearly.

she looked back at him, and they looked away together, finishing the cigarette in their hands.

Still in the same position, elder sister Ying said indifferently, " " please, there's no need to talk about the past now if you didn't say it in the past. just let it be. '

She patted him, speechless.

At that moment, Kime also understood that she had known all along.

there was once a rookie who liked her.

Elder sister Ying left, smiling as she walked, but her eyes were a little hot.

She still remembered how Kime looked when he first entered the company. He was like a four-eyed frog who knew nothing.

however, this was how he was truly sincere.

he did not know that she liked him.

I've always liked her.

she knew that he was crying when he saw her, but she was just pretending not to know.

Later on, when she was unhappy, she would run to the rooftop to cry because she knew that there was someone behind her who was silently watching her in a daze, and she would not feel so sad.

It had been almost ten years since he was in his early twenties and she was in her thirties.

he was always behind her, and after a long time, she got used to it.

she used to wonder why he didn't confess to wanwan, but later, she understood. he was ten years older than you, and their status was so different.

why did he have to confess?

After that, when he became president Qin's Special Assistant, he still didn't confess.

after that, the way he looked at her was less infatuated and more nostalgic.

she knew it. he would never confess. he's all grown up now, yingluo.

Chapter 1509 - 1509: the person i truly loved (3)

Now, su Cheng had appeared.

She was not perfect, very bad, and very evil, but she had strangely hooked his heart.

she thought to herself, so his tepid attitude wasn't directed at everyone. it turned out that his love was just love, and he was still a light year away from love.

It turned out that between them, she was the only one who had truly loved each other.

sister Ying cried and laughed.

she wiped her tears and laughed at herself. she was not a little girl anymore, so what was she crying for?

it's just a loss of love. it'll be fine if we go for a drink tonight and find a lover.

yes, it was no big deal!

sister Ying wiped her tears. yes, it was nothing. wasn't he just a little man?

i'm rich, how can i not find young and strong fresh meat? It was easy for her to even get close to the young hunks in the company.

sister Ying walked into the bathroom. her eyes were a little hot and painful.

after washing it with water, she looked up and saw the person in the mirror.

It was su Cheng.

Kie's office had an attached bathroom. With su Cheng's personality, there was no way she would come here. She must have seen or heard something.

Elder sister Ying had long heard that this little girl was cruel and merciless. Because she had saved Liang Qiu, she was temporarily not in prison.

She looked straight into the mirror and met su Cheng's eyes. After a long while, she said, "what, do you want to do something to me?" she wiped her hands with a tissue as she spoke, but her eyes never left su Cheng.

Su Cheng smiled. it's not that I want to do anything to you. Sister Ying is afraid that I'll do something to you, right? "

Elder sister Ying's eyes narrowed slightly. This little girl was very crafty.

Why would Kim like such a girl?

She couldn't figure it out, so her eyes were more judgmental.

Su Cheng slowly walked over and stood beside sister Ying. Her eyes fell on the mirror, and after a while, she said softly, "Elder sister Ying, you like him, don't you

Her voice was even very gentle, just like an ordinary girl, without the slightest bit of her usual unruly nature.

Sister Ying put down the tissue in her hand, her movements especially slow. I don't know what you're talking about.

"if you like someone, why don't you pursue him or fight for him?" su Cheng turned around and looked at sister Ying.

in su cheng's world, liking someone was a very simple thing. if she liked someone, she would pursue them, possess them, and even commit murder and arson to achieve her goals. she would do anything.

elder sister Ying looked at her sideways and smiled faintly after a while. "you don't have to possess him just because you like him. it depends on whether he likes me or not. it depends on whether both parties are willing. '

Su Cheng didn't know what was wrong with her, but she blurted out, "He likes you." after she finished speaking, she wanted to bite off her own tongue

she was clearly the most selfish child, how did she become so great all of a sudden?

'Why don't you keep me as your cook and bed partner? why do you have to help others?'

However, she still had some backbone. She had already said what she wanted and did not want to take it back. She snorted lightly. if you like it, you can take it.

Elder sister Ying looked at the little girl's beautiful face. She was so young and energetic. She couldn't help but smile. he's not a thing. I can't take him just because I want to.

Moreover, Kie's thoughts had changed a long time ago, but she did not say much to the little girl. let her slowly discover it herself. if she could not understand KIME's heart, she would not be worthy of such feelings.

after sister Ying left, su Cheng stomped her foot in the same spot. once again, she felt that her naivety was ridiculous..

Chapter 1510 - 1510: The person I truly loved (4)

the other party was clearly an old woman, but she just felt defeated in front of her.

her youth and beauty were nothing in the face of elder sister Ying's calmness and sophistication.

She returned to Kie's office. did you see sister Ying? " Kie asked.

she meowed at him but didn't say anything.

that's in the past, " Kime said indifferently. don't disturb her in the future.

su Cheng sat on the sofa and flipped through a magazine. after a while, she looked up at him. " does your heart ache? "

"What do you want me to say?" He didn't look up and just casually replied to her.

su Cheng was a little angry, but she did not know what she was angry about.

She got a cook and a bed partner. She ate, drank, and slept for free. She should be happy, but she just couldn't be happy.

after a while, she said gloomily, " "Actually, you like her, and she likes you. Why can't you be together?" kie looked up and seemed to be a little surprised.

his surprise hurt su cheng's feelings. she pursed her lips and did not speak for a long time.

is that so? " Kim finally smiled. then what about you?"

This time, it was su Cheng's turn to be stunned.

what was she going to do?

she had never thought about what to do. she only thought that if they liked each other, she could no longer live in his house, eat the food he cooked, and sleep with him. it was just that simple and rough.

She really didn't think about anything else.

"It's rare for me to be so generous!" "i'm going to regret it if you keep asking," she said gloomily.

kie stared at her for a while before he lowered his head to look at the document in his hand. he said in a light tone, " being generous once, but regret, but su

Cheng. These words seem to only be used when you care about the other party. Have you thought about it? ‘ she almost bit off her tongue. she had never thought of that.

In the end, she stopped talking and just read the magazine, but she couldn’t read a word.

not only her, but kime as well.

his mood was affected. he admitted that he was surprised when he heard that she liked him.

However, he immediately thought it through. If this love was strong enough, sister Ying would have kept him just now.

he would disregard everything.

She was a mature woman and would not play childish games like su Cheng, pretending to be generous.

If she wanted it, then she wanted it. If she didn’t want it, then she didn’t want it.

She had already made her choice. kie looked at su Cheng and thought to himself, ” if it was another character, would su Cheng give up on him? ”

He thought that she probably wouldn’t. With her personality, she would probably kill the woman who slept with her man.

he thought that he liked this kind of possessiveness, although she had not shown it yet.

Her weakness lay in her guilty conscience. She did not dare to admit that her past had held her back.

She didn’t feel so righteous anymore.

however, Cheng Cheng had no idea that she was already testing and controlling him.

Although he spoke generously, his actions were fierce.

come here, ” Kim said as he waved his hand.

su Cheng walked over curiously.

he pulled her onto his lap and kissed her.

Su Cheng’s eyes widened, but she quickly closed them again and wrapped her arms around his neck.

After the kiss, he let go of her lips, his eyes burning. “Do you still think I like someone else?”

She shook her head.

“And you’re not allowed to say that others like me.” He kissed her soft lips. it’s embarrassing, you know? ” she was insensible. in the future, he would personally teach her.

su Cheng nodded.

“That’s a good girl.” he reached out and touched her head, as if he was touching a little pekingese..
