

## Thank you 1531

Chapter 1531 - 1531: She wants to be with him (part three)

Mrs. He was furious. In her heart, only indecent women would do such things with men outside the room, and in such a wild position.

from the beginning, she had not liked su Cheng.

Mrs. He went to the guest room, which was also giving them face.

Su Cheng gritted her teeth. what should we do? ”

she had already turned around and was lying on his chest, while KIME was helping her put on her clothes.

She bit him and punched and kicked him, but she said in a low voice, ” why didn’t you say that your mother was coming? ”

I didn’t know she would come, ” Kim sighed.

if he had known, he wouldn’t have been so impetuous. in his heart, he had already acknowledged su Cheng.

And he knew his mother’s character, but he didn’t say too much to su Cheng, or else she would probably have wild thoughts. he pulled her clothes up, washed his hands, and kissed her. ” let’s go out. we have to see her. it’s not good to stay here. ‘ su Cheng gritted her teeth and glared at him. ” it’s all your fault. “ “Alright, blame me, blame me!” KIME tried to comfort her.

the two of them went out together. su Cheng secretly pulled on his sleeve to give herself some courage.

she was used to being thick-skinned, but today, she really didn’t have the momentum she used to have. perhaps she cared too much, so she was afraid.

if it was in the past, she would have thought, isn’t she just an old woman, what’s there to be afraid of?

She dared to talk nonsense with her, let’s see if she won’t kill her.

however, this was KIME’s mother, so she didn’t dare to act rashly. she even wanted to leave a good impression on her.

Although su Cheng was the daughter of a rich family, she was also a very good flatterer. She had been very good at coaxing Mrs. Su before.

she ran over to pour some tea and handed it to mrs. he. ” auntie, have some tea.

Mrs. He sat down and glanced at her. She did not take it immediately but looked at su Cheng’s clothes.

she was wearing a white little cutie with hot pants. it was so short that she could almost show half of her butt. In Mrs. He's eyes, Gu Xuxu's bold clothes were meant to be soaked in a pig cage.

Her eyes were sharp as she asked, "you're Shuheng's friend?" She omitted the word "female."

MMH, "Su Cheng said, emphasizing, "I'm his girlfriend.

Mrs. He pursed her lips before continuing, "Shuheng is warm-hearted and likes to help others. However, there's a downside to this. It's easy to attract shady people."

It didn't sound good to say that.

"Mom!" Kim could not help but say. She's Su Cheng. She's not a shady person, she's my girlfriend." Mrs. He glanced at her son, smiled, and took Su Cheng's cup.

Mrs. He took the cup, but there was no tea in it. Instead, she placed it on the table. Let me ask you, How long have you been dating?

"A few months," Kim coughed. In the end, he had lied to his mother. It would not be good for Su Cheng if he said that they had only been together for a month.

But even so, Mrs. He still sneered. "You can do this kind of thing in a few months and you can live together. And in the kitchen?"

Su Cheng blushed and lowered her head. In the past, she would have jumped out and left.

In fact, she thought that it might be a good thing for both her and her if she jumped up and turned against him.

But she couldn't bear to, she couldn't bear to, she still wanted to be with him. So she endured it, endured this ignorant woman's almost abusive words..

Chapter 1532: she wants to be with him (part four)

Kie's expression also turned calm. He knew his mother well and knew that she would not agree with Su Cheng, so he said in a deep voice, I forced her."

"Alright, I forced her! then can you let the girl go now?" Mrs. He's voice was also cold, and she looked at her son with disappointment.

Who should he be with? He was actually with a girl who was like a delinquent girl.

If this girl was a decent person, would she be willing to do this with a man in the kitchen?

He looked restless and unstable, so she was the first to disagree.

Mrs. He was a retired middle school teacher, so she liked to work as a teacher, doctor, or nurse. That was a proper job, Yingluo.

"Chengcheng likes me too. Mom, I want to be with her."

Su Cheng was touched. She had heard sister Liangqiu talk about Kime's family situation. She was touched that he would treat her like this.

mrs. he's gaze fell back on su Cheng. she looked left and right, but she did not like her.

However, since her son had said so, she didn't want to go against him. So, she picked up the tea and took a sip, then asked indifferently, "I'll go back and see who's at home so that I won't be impolite," su Cheng glanced at him. what should she do?

could she say that she was su shicheng's daughter and that she had no home to return to?

KIME placed his hand on her shoulder and squeezed it gently before he said, "cheng Cheng has an older sister. we'll bring mom along tomorrow, but she's pregnant and her condition isn't looking too good."

Mrs. He's gaze became sharp again."You don't have parents?"

Su Cheng pursed her lips and said after a long while, "yes, my parents passed away a long time ago."

She was talking about her biological parents, so it wasn't a lie, but her heart was still pounding, and she felt a little guilty.

Mrs. He didn't ask any further, but she was still unhappy.

she coughed lightly and looked at her son. "aren't you cooking? go on, i haven't had dinner. "

Kime patted the back of su Chenz's hand. "Then you should accompany mom." mrs. he watched as he entered the kitchen, then turned to su Cheng. why are you standing there? sit down and talk. '

Su Cheng sat beside her like a little wife, picked up the tea, and said respectfully, "auntie must be tired from traveling so far. have some more tea!" Mrs. He glanced at her. She was good at pleasing the elders, but she didn't expect it.

However, she had taught thousands of students, and she would not acknowledge her with such a small trick. Children these days were very bad. They said one thing, but they did another behind her back.

She would not be soft-hearted easily.

Mrs. He took a sip of tea. what's your job? '

"a female artiste," su Cheng said carefully.

Mrs. He put down her tea, her eyes burning. "Are you a singer or an actor?"

"i'm acting." su cheng's voice became even softer.

mrs. he made an "oh" sound and said indifferently, "What works are there?" su Cheng didn't have any work. Her work was her own Chi Chi.

Mrs. He's question left her speechless. She looked towards the kitchen, hoping that someone would come out and help her.

how could she escape mrs. he's eyes with her little bit of skill, so she laughed coldly.

In the end, this was an unreliable girl. She probably saw shuheng's status, so she stuck to him.  
How could such a vain girl be worthy of her son and the he family's daughter-in-law?

Chapter 1533: currying favor (1)

finally, " KIME came out with a big bowl of unknown sticky stuff.

su Cheng stared at it for a long time. " what's this? " she asked coyly.

Before Kie could answer, Mrs. He said on his behalf, " this is the noodles that we have to eat every day in our hometown. Miss su, you probably aren't used to it.

Su Cheng knew very well that Mrs. He was indirectly rejecting her as the he family's daughter-in-law.

if she could be dismissed so easily, she wouldn't be called su Cheng.

it looks delicious, " su Cheng said sweetly. it's so delicious. With that, she ran over to get three bowls and prepared to pack them.

However, Mrs. He said, " you can't eat it like this.

su Cheng was stunned and looked up. " then how do i eat it? " Eat it with your hands?"

Mrs. He's voice was still not gentle, and even her smile was a little stiff. She said indifferently, " "use a spoon to dig and eat. you don't need a separate bowl. "

"we're a family, there's no need to separate." she spoke very indifferently, as if it was only natural.

she was not trying to make things difficult for su Cheng, but in mrs. he's hometown, this had been the case for generations. it had long been deeply rooted in her. if su Cheng refused, she would seem out of place.

su Cheng naturally felt bad when she said that.

Her little hand pinched Kime's sleeve and said in a small voice, " "how dirty would that be?"

"What did you just say?" Mrs. He spoke with the authority of a teacher, and her gaze fell on su Cheng's face sternly.

su Cheng was shocked and immediately waved her hand. " no, nothing.

"then let's eat!" mrs. he didn't make things difficult for her. she picked up the spoon and started eating.

Kime pulled su Cheng along.

Su Cheng watched as he ate the noodles naturally. She wanted to copy him, but it was all a mess. Everyone had to dig a spoonful, and there was no one for public use. How dirty would that be?

in the end, su Cheng couldn't hold it in any longer. she used her spoon to dig into an untouched spot, made a small bowl for herself, and ate it in small bites.

it was really unpalatable. yingying had no taste at all, a taste that couldn't be described in the mouth.

she really wanted to spit it out, but she didn't dare to.

She felt aggrieved. Her Italy had turned into mush, and there was a Yaksha-like woman sitting in front of her. She was fierce and did not look like a woman at all.

Su Cheng pursed her lips and peeked at Mrs. He. Her little hand secretly pinched the sleeve of her friend again. Could she not eat it?

I'll make you some spaghetti, " Kime said as he put down his spoon. He knew that she didn't like it.

Oh, " su Cheng replied. Then, she sneaked a glance at Mrs. He.

Mrs. He didn't say anything.

when KIME went to the kitchen, su Cheng stood up and blushed. " i'll go help."

KIME had wanted her to keep her company and make a good impression on his mother, but he couldn't bear to see her like this. he patted her and said, " "What can you do? you're just causing trouble."

Mrs. He smiled. it's good for her to learn a little.

So su Cheng happily hopped into the kitchen with him. Once she left, her whole body relaxed.

She hugged his arm and said, " your mother doesn't like me.

as long as I like you, " Kim smiled.

He paused for a moment and turned his head to smile. bear with it. We won't be living with her in the future. We'll only live in the same neighborhood at most.

In fact, his mother was a nostalgic person and would not easily leave her hometown, so he did not think that the problem between mother-in-law and daughter-in-law was that serious..

Chapter 1534 - 1534: currying favor (2)

Oh, " su Cheng replied. Remembering that she would have to face the fierce Mrs. He later, she wailed and lay her face on Kime's arm. She pouted. " give me a kiss, or i won't have the courage later. '

Kime kissed her on the lips and looked at her deeply. "do you have the courage now?" su Cheng was still leaning on him. " kiss me again.

he couldn't stand her being so clingy, so he didn't care about the noodles in the pot. he held her face and kissed her deeply .l Their tongues intertwined, and it was indescribably touching

By the time Kime came back to his senses , Mrs. He had already walked over. why is there a burning smell? '

then, she saw her outstanding son and su Cheng hugging each other, with a trace of bright silver hair on their lips.

What else did Mrs. He not understand?

His expression was not too good. He walked out without saying anything. Su Cheng looked up at him and was dumbfounded. "will your mother hate me even more?"

no, " kim coughed. she'll only think that i'm a failure and can't bring honor to the he family's ancestors." su Cheng bit her lip and poked his chest with her fair fingers. she said softly, '

Kime, you're already very good. To be able to climb to the top of King Entertainment was already beyond the reach of many people, not to mention that he was only in his thirties.

really? " Kime looked at her with a burning gaze, and there was a spark in his eyes that she could not understand.

" yes! " su Cheng nodded. " you're really amazing. '

His heart felt warm. After all, su Cheng had grown up in the SU family and was used to enjoying life. Living such a simple life with him, yet she was looking at him with such admiration and saying that he was amazing. As a man, he was fully satisfied.

However, he smiled. then, I'll let you know how powerful I am tonight.

His shamelessness made su Cheng uncomfortable. She said in a low voice, " your mother is here. Don't mess around at night.

"I think I'd better go!" She said after some thought.

after saying that, she felt desolated again. where could she go, ran ran?

she didn't have a home anymore. she only had a boyfriend, and she was the one who shamelessly clung onto him.

Su Cheng's lips trembled and she could not say anything for a long time.

Kime sighed and patted her on the back. you're thinking too much, aren't you? where are you going? you're not allowed to go anywhere. just stay here obediently."

Tears welled up in su Cheng's eyes and she suddenly hugged him.

Really, she had only wanted to have fun in the beginning. It was not a big deal to have slept with another man.

she had wanted to sleep with him, eat and drink, just like a vacation.

but unconsciously, they had both become serious.

su Cheng felt that she was very bad. she clearly did not want to be like this. she clearly wanted to give him a stable life.

she was not worthy. but she couldn't bear to.

what should she do?

she was suddenly afraid, yingluo.

she hugged him like this, full of reliance, and even her body was trembling slightly.

she was even more afraid that if she wanted to settle down, her past would not allow her to be with KIME.

Would his mother be able to accept such a misbehaving daughter-in-law?

even if she ate two bowls of flour paste for a meal, it would still be useless.

Kime could feel her fear. His heart was heavy, but he comforted her, ” “alright, don’t be afraid. if i don’t tell her, she won’t know.”

Su Cheng didn’t say anything and buried her face in Kime’s neck..

Chapter 1535 - 1535: currying favor (3)

Su Cheng didn’t say anything. She just buried her face in Kime’s neck. After that, she didn’t want to eat Italy. Instead, she ate flour paste paste with the mother and son.

Su Cheng smiled ingratiatingly and ate the noodles without a change in her expression.

“is it delicious?” Mrs. He looked quite satisfied. if it’s delicious, eat more.

Su Cheng felt like her stomach was filled with flour paste and she was about to explode. She touched her stomach and said in satisfaction, ” “I’m full.” do you feel bloated? if you do, go back and lie down for a while.

However, su Cheng insisted on waiting for them to finish eating before she cleaned up.

mrs. he looked at su Cheng, her eyes filled with warmth.

This girl looked gorgeously dressed, but she was hardworking and willing to learn from Wanwan. In fact, it didn’t matter whether she did well or not. The key was that she could see that she still cared about shuheng, which was the most important thing.

mrs. he did not have high expectations. as long as she was educated and polite, the young couple would take care of each other.

however, her good impression of him was quickly destroyed. when su Cheng was cleaning up, she accidentally knocked the basin on the carpet, which was worth tens of thousands.

this was simply unforgivable to mrs. he.

” alright, go and play. stop causing trouble for me. ‘ su Cheng pouted, but she still followed him to the kitchen.

Mrs. He shook her head. How could a rich young lady like her take good care of shuheng?

she strongly opposed it again.

However, she wouldn’t say it out loud. She wanted this girl to back off.

after kie cleaned up, he sat down and chatted with his mother for a long time. su Cheng stayed by his side. she was a little listless and uninterested in their conversation.

after a long time, she was a little sleepy. she hugged kimei in a daze and said in a soft voice, "kimei, i want to sleep.

Kime turned his head and saw her confused look. His heart softened and he turned to his mother."I'll carry her back to her room. I'll be out in a while."

mrs. he forced a smile. " she's already so big. does she still need you to carry her? ' how was this a girlfriend? she was clearly a giant baby.

mrs. he thought about it calmly. " you carry her in first, we'll talk later.

alright. Kim nodded.

He probably knew what his mother was thinking. His expression was a little serious, but he never wavered.

Su Cheng carried him to the bedroom. She was in a daze, but she could still remember what had happened in the kitchen. She licked the corner of his mouth and murmured, " you're so good.

even though KIME was a little moved, he still remembered that his mother was outside. he only kissed her lightly on her lips for a while before he left.

he lowered his gaze to look at her, and there were actually some waves in his heart.

he was born ordinary, and he had endured a lot to get to where he was today. he had endured even more things that ordinary people couldn't.

if he had been able to maintain his rationality, he would not have chosen to be with su Cheng.

He didn't love her that much either. He just liked being with her and liked to see her like a Little Vixen clinging to him. As he liked her so much, he couldn't let her go.

She even went against her mother's wishes and urged him to smile bitterly, cover her with the blanket, and walk out.

Outside, Mrs. He was sitting and drinking tea, not much expression on her face.

KIME went over and sat opposite her, smiling."Mom, I know you don't like Cheng Cheng, but I do."

He went straight to the point. Since he could make su Cheng endure, he could also make his mother take a step back.

This was what a man should do..

Chapter 1536: I want to marry su Cheng (1)

Mrs. He looked at her son and smiled. What do you like about her? "

Before Kime could speak, she continued, " "you like her beautiful appearance? Or is it because of her noble character?"

She had always been serious, and Kime was used to it. After a long time, he said indifferently, "mom, it's not like that?"

"You're not?" Mrs. He sneered, "then what do you like about her? do you like how she acts like a spoiled child?"

Kime was at a loss for words. His mother had never been so mean to anyone before.

he knew the depth of love and the severity of the situation, but he was already an adult and knew what he was doing.

Su Cheng might not have been perfect, but in his heart, she was unique.

mom, su Cheng might not be your ideal daughter-in-law, but she's trying her best to please you. Kie took a step back. besides, I haven't talked about marriage with her yet. You can spend some time with her before that.

Mrs. He hit the nail on the head. "what if mom can't get along with her?" mom, do you have a way to treat a student who is not as unruly as you think?" Kie asked as he walked to his mother's side and placed his hands on her shoulders. Just treat su Cheng as your student and you can do whatever you want to her. I have no objections."

He made it sound like he was generous, but as a mother, how could she not understand her son? she sighed softly. shuheng, you weren't like this in the past.

KIME was silent.

that's right, he was still like this in the past. if he was like this in the past, perhaps he wouldn't have missed sister Ying. compared to su cheng, his mother might have accepted sister Ying, but he still chose to be with su Cheng without hesitation.

"mom, the most important thing for me in the past was to work hard and not let others look down on me. i wanted you to live the best life!" i've done it. now, i want to be happy."

He looked at his mother. mother, can you let me choose the happiness I want?

his eyes were full of pleading, and this was the first time he was begging her.

Mrs. He was upset. after a long time, she sighed. "shuheng, you've made things difficult for me. 'mom, this is the only time I'm going to make things difficult for you.

Mrs. He closed her eyes. "i can't tell what's so good about her!" actually, I don't know either. Kim smiled bitterly.

Mrs. He's heart still ached for her son. She reached out and touched his head. It was only then that she felt as if she hadn't been so close to her son in a long time. She sighed. bring her back to our hometown during the new year!

she was worried and added, "remember to wear plain clothes."

she was a person who cared about her reputation, and she was afraid that her neighbors and old colleagues would gossip that Shuheng had brought back an indecent woman.

Even so, Mrs. He still decided to stay here for a few more days. I haven't agreed to it yet. I have to see this young lady more.

For him, the result was enough to make him happy.

He thanked his mother sincerely. Mrs. He felt a little sad when she heard it.

The child had grown up and had his own ideas. He had stayed in the outside world for a long time and liked pretty girls.

Kim stayed with his mother for a long time and only returned to his room after she went to sleep.

Su Cheng was sleeping soundly. He sat by the bed and watched her for a long time before he went to take a shower. Back on the bed, he turned his body to look at her in a daze. Perhaps his gaze was too intense, Su Cheng woke up..

Chapter 1537: I want to marry Su Cheng (2)

Su Cheng opened her eyes and looked at him in a daze. Where's your mother? "He's sleeping." He replied indifferently, seemingly a little absent-minded.

Su Cheng lay in his arms and said in a soft voice, "I'm going to sleep too. Otherwise, I won't be able to take care of your mother tomorrow."

Kim's heart skipped a beat.

He had seen a lot of girls who were good at acting coquettishly, and it was also pleasant to hear sweet words from their boyfriends.

But now, he heard the most touching words of love in the world. She said that she wanted to serve his mother.

It didn't mean that he wanted her to please his mother, but he felt an indescribable satisfaction in his heart that she could do this for him.

He covered her with his body and kissed her passionately.

Su Cheng woke up. She blinked and looked at the man in front of her who was kissing her intensely. She wanted to struggle and resist, but her hands were raised high and held above her head.

Then, he got what he wanted, and he was so strong that she was afraid.

The drops of hot sweat dripped down and imprinted on her white skin. Her tender skin was so hot that she almost screamed.

"KIME0 "She called out his name with a trembling voice, but he held her down, his eyes deep. Call me Shuheng."

She laughed softly, a little out of character.

KIME was a little annoyed and pressed her down. after a while, both of them could not take it anymore.

he hugged her and trembled slightly. his hot thin lips moved close to her ear and whispered, " do you love me? "

Su Cheng felt a burst of white light in front of her and went over to take a look.

Looking at her blushing little face, he reached out to push her long, sweaty hair aside. He carried her to wash her up and then went back to bed. He couldn't fall asleep and looked at her for a long time.

he wasn't a person who made decisions easily. since he had decided to be with her, they were really together.

it might not be that simple, but he hoped that she could persist.

The next morning, su Cheng woke up to find herself in Kime's arms. She rubbed her eyes. when did I fall asleep? "

I fell asleep while we were chatting, " Kie replied indifferently.

she widened her eyes. " then why didn't you wake me up? "

Oh no, his mother must dislike her even more now.

Su Cheng was so angry that she bit him on the neck and punched and kicked him, but how could her little martial arts be enough?

are you still going to be fierce? " Kime grabbed her hand easily and pulled her to him.

He usually looked gentle, but he was very strong. Su Cheng could not use any strength lying down, so she could only scold him, and her words were very unpleasant.

KIME wasn't angry. he just twisted her and tortured her in an outrageous way.

Just as they were enjoying themselves, the bedroom door opened.

after that, mother he's new world was opened.

she had never known that there was a kind of love that could be done this way! moreover, it was a trick played by her precious son, yingluo.

She immediately closed the door, her face burning. After a while, she restrained her voice and said, " breakfast is ready. Get up and eat.

su Cheng turned around and buried her face in KIME's arms. excuse me, it's only six o'clock. are you sure you want to get up for breakfast at this time?

she usually slept until ten o'clock, so waking her up at six was simply killing her.

after she finished speaking, she nibbled on KIME's neck, and her body rubbed against his.

Kime was on fire from her teasing, but he was worried about his mother outside. He held her small arm and ruthlessly played with her.

Su Cheng was tormented until she was on her last breath, and he finally let her go..

## Chapter 1538 - 1538: Old Wang next door (1)

It was already half-past seven when they went out for breakfast.

he jin's mother pulled a long face and unhappily said, "even if you're young, you still have to exercise restraint." as she spoke, she looked at her son with a stern gaze.

' i know, mom. " kim smiled.

su Cheng thought indignantly that he was obviously one with his words and one with his actions.

it's obviously good.l He was the perverted one, but he always had a way to say that she wanted it.

What did she want? she clearly liked women the most. She would never admit that she liked his body, and she would never admit that she liked to do it with him.

as su Cheng thought about it, she looked at the breakfast and found it much more pleasing to the eye. although it was just vegetables and porridge, it was at least something that people could eat.

Su Cheng smiled sweetly at Mrs. He. thank you, Auntie.

he jin's mother said lightly, " you should get up early in the future. young people should get up early and exercise. it's good for the body. ' "I exercise," su Cheng said softly.

He Jin's mother paused for a second, was he doing bed exercises?

however, she was a teacher, so she couldn't say such vulgarities.

Kie, on the other hand, looked at su Cheng. The little girl had grown up. She dared to talk back.

he wanted them to get along well, so he asked su Cheng to stay with his mother when he went to work.

When su Cheng sent him off, her eyes were filled with tears. She was so close to hugging his thigh.

Kime was always in a good mood when he went to work. He also believed that su Cheng knew what she was doing and would not do anything rash. su Cheng was right. she turned around carefully and looked at mother he. she squeezed out a bright smile. " auntie, how about i take you around? " "alright!" Mother he also smiled, " I also have a lot of things to buy.

su cheng's eyes lit up at the mention of shopping. this was her forte, so her smile became even sweeter. " then i'll go change my clothes and go out.

Mother he nodded and watched su Cheng go back to the bedroom. After a while, she came out in a light yellow dress.

she had to admit that this little girl was really good looking. she was young and tender from head to toe. it was no wonder that her son was always thinking about doing that thing.

the two of them arrived at the underground parking lot. su Cheng opened the door of a white porsche and motioned for mother he to get in.

“is this shuheng’s car?” mother he hesitated.

Su Cheng smiled. no, this is my car.

she got into the car and waited for mother he to get in before starting the car slowly.

she had always been a fast driver, but today, she restrained herself for the sake of mother he.

But even so, her car speed was still unusual on the streets.

mother he started to panic, but she didn’t want to be treated like a country bumpkin, so she grabbed the handle.

but after a while, her face changed. it turned ashen, but she still held back the desire to vomit. l he turned his head to look at su Cheng.

su Cheng could still sing a pop song when the car was at 80. she didn’t know what mother he was singing, but she knew it was about love.

Mother he was about to vomit, she was really going to vomit, and her voice was suppressed, ” stop the car, stop the car.

Su Cheng jumped in shock and stopped the car by the side of the road.

Mother he had already rushed out of the car, squatting by the side of the road and vomiting.

su Cheng was dumbfounded. she squatted beside mother he and asked softly, ” “auntie, you’re carsick!” he carefully handed her a tissue ...

“i don’t have motion sickness.” mother he gritted her teeth after she finished vomiting.

why would she vomit if she didn’t have motion sickness? su Cheng wanted to say if it was that, but she didn’t dare to. she just waited on her..

Chapter 1539 - 1539: Old Wang next door (2)

He Jin’s mother was too scared to sit in her car anymore. She pointed at the supermarket in front, ” i’ll walk there. park your car at the entrance and wait for me. ‘

Oh, ” su Cheng replied obediently.

She called Kime the moment she got into the car, and the other side picked up very quickly. “what do you think? my mom is easy to get along with, right?”

“She vomited!” “is your mother pregnant?” su Cheng asked softly.

Pregnant?

my father passed away almost 20 years ago. do you think my mother will get pregnant? ” su cheng’s eyes widened. ” what if it’s mr. wang next door? ” she asked.

“Cheng Cheng!” “you’re not allowed to say that,” kim said sternly. su Cheng also knew that she was in the wrong. she groaned and hung her head in dejection.”Alright, I was just saying it casually. I didn’t mean it.”

drive slowly so that my mom won’t puke,” KIME said. He knew that she drove KIME a rocket and had never thought that they would go out.

“i’m driving very slowly!” su Cheng protested in a small voice, but when she heard that the other side was silent, she reflected on herself and did not say anything in the end.

After hanging up the phone, she parked the car and waited for mother he at the entrance. She even bought her a bottle of water.

Perhaps it was because of her thoughtfulness that mother he had a good impression of her, the way she looked at her was much more kind.

However, what su Cheng couldn’t stand was that mother he took her to a supermarket, not to shop for luxury goods.

The seafood and vegetables were all so scary to her!

she bit her lip and tiptoed to follow mother he. her face was pale. “auntie, let’s go to the shopping mall next door?” mother he looked at her indifferently, “why? you don’t like it here?”

“i like it.” su cheng’s face was bitter. she followed mother he to buy chicken, duck, and fish. she felt dizzy and wanted to vomit, but she held it in.

What surprised her the most was that when she was paying the bill, mother he actually took out two big boxes of condoms and asked her, “What’s shuheng’s account?” what account? su Cheng looked at the thing in her hand, a little confused.

mother he repeated, “size!” don’t you have any protection?”

her voice wasn’t soft, because besides teaching mathematics, mother he also taught biology, so she didn’t feel ashamed about this kind of thing, but she was conservative in her approach.

the people around them were all looking at them.

Even with su Cheng’s thick face, she couldn’t stand it. She said in a low voice, ‘

“large number.” mother he was satisfied. her son had to use the main account, so she put down the medium and took the main account.

She even picked the ultra-thin and sensitive type.

su Cheng wanted to sh \* t herself. later, when mother he went to the bathroom, she secretly sent a message to KIME: “Do you know what your mom bought you?” what? ” Kime laughed as he read the text on his phone.

“two big boxes of t-shirts. it’s super thin and super sensitive. ” su Cheng almost vomited blood. ” isn’t it great to have a large one? ” looking at the words, he could imagine her expression. he was in a good mood. ” shall we try it tonight( ”

Su Cheng was actually a little sad. She understood that mother he bought this because she didn’t approve of her and was afraid that they would kill her. There was no way to return it.

she thought that if she wasn’t so notorious, she could have told mother he that she and KIME wanted a child. however, she couldn’t do anything in front of mother he.

In the end, it was her lack of confidence!

Chapter 1540 - 1540: Don I t let go (part one)

on the way back, mother he still took su cheng’s car. this time, su Cheng drove very slowly.

Back at Kime’s apartment, mother he started to get busy. She cleaned up the place, washed all the blankets and even the sofa.

Su Cheng followed behind, not knowing how to do anything. She whispered, ”

“we can hire people to do this.”

He Jin’s mother smiled, ” there’s someone at home who has nothing to do. Why waste the money? ”

Su Cheng pursed her lips and didn’t say a word because she was the idle person.

however, she didn’t know how to do it, so she could only learn from yingluo. her attitude was still good, and mother he was reluctantly satisfied.

su Cheng had been busy washing up the entire morning, and her back was sore from all the help. in the afternoon, they even packed up the ingredients they had bought.

su cheng’s mother was very efficient. when she dealt with the ‘small animal corpses’, she did not hold back at all. she was as inhumane as a doctor dissecting them. su Cheng secretly thought about it and secretly sent it to

KIME.

in this regard, KIME only laughed and teased su Cheng. she really thought of herself as a little girl now, not the fierce person she used to be.

this was pretty good. she was spoiled, and he was willing to let her have her way.

mother su was busy and looked at su cheng. ” make a simple sanxian noodles. we’ll make do with it for lunch. ‘

su Cheng could tell that in her mother’s heart, men were the most important. when the man was not at home, the woman did not need to eat. she could just eat casually.

she was so tired and hungry. she wanted to eat something good and a big meal, so she suggested, ” “auntie, can i order a few dishes?”

“You want to eat something good?” mother he looked at her.

Su Cheng’s face was a little hot, and she felt a little embarrassed. After a while, she thickened her skin and said, ” I just don’t think it’s good for you to come all the way here for some noodles, Auntie.

“That’s good. You can also cook a few more dishes to serve me.” mother he said with a pleasant face. based on su cheng’s experience, the easier it was to talk to these old ladies, the less likely they were.

Su Cheng didn’t say anything. She didn’t know how to.

i’ll stick to sanxian noodles, but even if it’s the simplest, how can i know how to make it?

Therefore, two plates and two bowls were broken during the meal, and a black paste was served on the table.

He Jin’s mother looked at her for a long time before she said, ‘ you’re more suitable to be a female artiste.

su Cheng twisted her fair fingers. ” auntie, i’ll learn. ‘ mother he nodded, ” okay, i will teach you.

She started to make lunch, and su Cheng stuck to her and watched Yingying.

After a while, mother he said in a calm tone, ” by the way, I bought a live chicken and haven’t dealt with it yet. It’s in the trunk of your car. Take it and I’ll teach you how to kill it in the afternoon.

su Cheng was dumbfounded. killing a chicken? It would be better to kill her then.

At the end of the day, she felt that her bones were about to break. In the afternoon, she went to take a bath, and mother he was in a very good mood, sitting and watching TV.

su Cheng sniffed at herself and felt that she reeked of chicken poop everywhere. she poured another half a bottle of shower gel down her throat.

When Kime returned home, he felt that su Cheng’s face had slimmed down into a small V-shaped face. He took the opportunity to pinch her. “My mom will only be here for three days.”

At this time, he was smoking on the balcony. Mother he didn’t like second-hand smoke, so she would definitely not come.

Su Cheng happily tiptoed forward and kissed his chin. then we can do whatever we want in the kitchen after that? ”

She was so passionate that she nibbled on him like a puppy. He laughed and couldn’t bear her passion. He looked at the living room again, then finally picked her up and placed her on the railing. He leaned over and kissed her..
