

Thank you 1551

Chapter 1551 - 1551: Su Cheng is pregnant (5)

mother he's eyes were wide open. she wanted to make a sound, but it was a monosyllable. she couldn't say a word.

"mom, i want this child," kie said in a soft voice.

mother he didn't speak, she just stared at him in a daze.

"Mom, that's my child." if it were me, mom, would you not want me? " Kie squatted down with a gentle gaze.

He Jin's mother's lips moved and she stared at her son.

KIME didn't say anything else. he stood up and pushed her slowly through the small park.

There were many elderly people and children in the park, enjoying the joy of family.

Mother he suddenly reached out and placed her hand on the back of Kime's hand. She said in a hoarse voice, " you can bring the child back.

KIME's eyes were a little wet. he knew that this was difficult for his conservative mother.

"thank you, mom." he continued to push her away and muttered as if he was talking to himself, " "i won't go see her."

the more he acted like this, the sadder mother he was. she asked in a low voice, Shuheng, do you hate your mother? " no, I won't. Kime smiled.

He really wouldn't. Whether it was him or su Cheng, they had chosen to take a different path, and his mother had to bear the burden that she shouldn't have.

he felt guilty, but why did he hate her?

under the setting sun, kie stood in the afterglow, looking at the sun shining on the water. he squatted down and talked to mother he softly.

He had ten years. He could spend ten years with her. When she might not be there, he could be with su Cheng.

he did not visit su cheng, partly because of his mother, and partly because he knew that su Cheng did not want him to see her in such a sorry state.

She had always loved to look pretty, so she must be in a mess right now.

Kim smiled.

ye liangqiu went to see su Cheng.

Because su Cheng was pregnant, she lived alone in a small room. Although the conditions were not good, it was much better than living in the big room.

This place was a little far from B city, and Qin Anlan only arrived after a six-hour drive.

su cheng's mental state was still good. when she saw ye liangqiu, she pursed her lips and stood there.

she was wearing a prisoner's uniform. it was plain and empty, not like the little princess su Cheng from before.

she looked at ye liangqiu in silence, smiled, sat down, and raised her hand.

ye liangqiu also raised her hand and pressed it against the glass.

"Cinderella has returned to her original form." su Cheng had a bitter smile on her face.

Ye Liangqiu felt sad for her. Cheng Cheng, why are you so silly? "

"this is my best home. Isn't it?" su Cheng continued to smile wryly. " sister liangqiu, i've never regretted yingluo's decision. i just never thought that i'd have this child. '

she reached out and stroked her lower abdomen, her expression somewhat pained.

she did not blame him for his choice. she had heard from brother an Ian that his mother had threatened him with her death, and he had no choice.

in fact, she didn't blame him. she did this because she would rather they break up.

But the child ...

' KIME told you to wait for him. " Ye Liangqiu's voice was soft. su Cheng, I'll leave the child to Kime. He'll take good care of her.

Su Cheng's eyes widened in disbelief.

"He wants this child?" she pursed her lips and asked cautiously, " "does his mother want it too?"

ye liangqiu's palm was pressed flat against hers. " that's his child. chengcheng, you have to come out alive. ' KIME was waiting for you.

so, you must live..

Chapter 1552 - 1552: That's right, I hate you (part one)

Su Cheng burst into tears. Although sister cold autumn had not said anything to her, she knew.

He finally understood what Kime was thinking.

she cried,"sister liangqiu, do you know that i still don't regret it, yingluo?"

it was only now that she understood that she had not come here to dirty herself. instead, she had come here to wash away all her sins so that she could be with KIME in peace.

If she went out that day, she would be able to face mother he calmly and dare to tell her that she wanted to be with him.

Su Cheng laughed, crying and laughing at the same time.

Ye Liangqiu gave her the things she had brought. She had prepared them, but most of them were from kmate. They were nutritional tonics and underwear.l pants and some daily necessities. he was afraid that she would not be used to it. Su Cheng buried her face in the food and did not speak for a long time.

ye liangqiu quietly watched for a long time. when he left, his heart was heavy.

Qin Anlan was waiting for her in front of the car.

she looked back at the four corners of the sky and wondered how many years su Cheng would be here.

and how long would he have to wait for someone?

Qin Anlan stepped forward and put his arm around her shoulders. His voice was low. she'll be fine because someone's waiting for her.

sitting in the car, she looked at everything in the car. her comfort was the priority, and she could not help but think of su Cheng.

su Cheng was used to being pampered, could she take it?

” an lan, i want to come and see su Cheng often. ” She said softly.

qin anlan nodded. ” if it's not convenient for you in the future, i'll do it. ”

He patted her hand and said, ” I'll get someone to take care of her. The child will be born safely.

ye liangqiu didn't say anything else. she knew that an Ian had done all of this for the sake of KIME, but more so to take care of her emotions.

When the car returned to B city, it was already evening. The sky was originally fine, but it turned dark and looked like it was going to rain.

When she got out of the car, she looked at the sky. Qin Anlan urged her, ” go in. It's getting cold. It won't be good if you catch a cold.

ye liangqiu tilted her head and looked at him. ” an Ian, i was born in autumn. i'm not afraid of the cold. ”

“You're just talking nonsense.” Qin Anlan smiled and took her into his arms.

However, as soon as she returned, she received a call from the SU residence's butler, saying that su Shicheng had lung cancer.

ye liangqiu was stunned for a moment as she held the phone in her hand. then, she said indifferently, ” i called the wrong number. ‘ she hung up the phone and remained silent.

Qin Anlan heard the voice on the other side and pursed his lips. if you want to go, go and take a look.

Asia Vision's current situation was not good. The stock market had taken a huge dive and su Shicheng was surrounded by all kinds of scandals. This illness must have been caused by anxiety.

Ye Liangqiu lowered her eyes. no need to look.

that kind of person, let him live and die on his own.

qin anlan did not say anything. he only hugged her and let her rest her face on his shoulder.

"If you don't want to see me, then don't." his voice was very faint. " i will always be with you. over at the su residence, the butler put down the phone and turned to look at su shicheng.

su shicheng's eyes were somewhat filled with desire. he was half-lying in bed, the flesh on his face almost dry, and he had lost his former high-spirited self.

"She didn't want to, did she?" The voice was old and hoarse.

the butler was in a difficult position, but he still nodded. " "Miss said that ran ran called the wrong number!"

"How could she not know? she just hates me!" su shicheng sighed and slowly lay down,"she must hate me to the core." this child was very much like him. he was very stubborn..

Chapter 1553 - 1553: yes, i hate you (part two)

however, the more this child resembled him, the more irreconcilable their father-daughter relationship would be.

su shicheng softly chuckled, but his chuckling was extremely bitter.

It was not a pity, but a pity.

The career he had created would finally become a bubble.

There was nothing he could do to save the fall of the Asian Television stock market. Not to mention, with his current health and reputation, it would be difficult to reverse the situation.

The only thing he had left was his cool autumn Kasaya. He believed that she would definitely be able to fulfill his wish.

Su Shicheng chuckled and waved the housekeeper away. He then took out a photo from the drawer.

The photo was quite old. There were two men and a woman in it, all very young.

it's been so long. It's time for you to see the light of day again. Are you happy? Su Shicheng chuckled lightly, his smile full of satisfaction, "i didn't think that leaving you alive back then would have such a use."

he struggled to get out of bed. even such a simple action took a lot of effort, and he coughed violently a few times.

after this, he would find a sanatorium and recuperate. he wanted to live a few more years and watch ya shi regain its former glory.

He hated su Cheng to the core, but he had not dealt with her because he did not want to step on cold autumn's bottom line.

that child liked su Cheng. if he pushed her too hard, even rabbits would bite.

su shicheng placed his hand on the wall and pushed open a door, revealing a long flight of stairs leading down.

As soon as they walked down, they could feel a cold Yin Qi coming from inside. Ordinary people would not be able to withstand it, let alone a sickly person like su Shicheng.

He raised his hand, and a string of dim yellow lights lit up inside. As he walked down the steps, the lights dimmed again. There was actually an ice-cold wooden prison inside.

su shicheng stood still and looked at the person sitting in the wooden cell. "you've finally come." The person's voice was faint, and then he looked up.

the light shone on his pale face. there was no color at all. his hair was long and draped over his shoulders, like an ancient man. the clothes on his body were so dirty that it was impossible to tell when he had changed. it was hard to imagine how long he had lived in such conditions.

su shicheng looked at the person in front of him and smiled, " we haven't seen each other for more than ten years. "

the man chuckled. " we haven't seen each other for more than ten years, but i've heard what you've done in the past ten years. "

su shicheng's prison cell was exquisitely built. although her cries for help could not be heard from the outside, he could clearly hear what su shicheng was doing in the room, including what he was doing with his wife.

"if that's the case, you should know what i'm going to do." Su Shicheng chuckled, " by the way, don't you care about the woman you eloped with? " After a long silence, the man said, " i don't care."

The big mistake had already been made, and it was impossible to salvage it. Why did he still ask about that cheap woman?

Su Shicheng chuckled, " she's dead.

after a pause, he said, "people who know too much don't live long." Especially when you asked me to take care of this kind of woman for you. Are you happy? The man glared at su Shicheng for a long time before saying in a deep voice, " you have no humanity.

"what is human nature?" Su Shicheng's eyes were filled with indifference, " human nature is just something that makes people weak.

he looked at the man. ” what about you? do you have one? if you do, you probably won’t be like this.. ‘

Chapter 1554 - 1554: successfully disgusted (1)

the man looked at him for a long time before coldly saying, ” su shicheng, what are you up to this time? if a dying person doesn’t take good care of himself and scheme against others, he will only die faster.”

su shicheng looked at him for a while before softly saying, “i just want your family to be reunited.”

With that, he turned around and walked upstairs.

the person who was sitting looked at his back and suddenly wanted to stand up, but he had no legs and could not stand up like this. he could only crawl on the ground with both hands and his voice was even more mournful. “su shicheng, what do you want to do to her? you better explain it to me.” his voice reverberated in the cold wooden cell. his voice was like a mist.

The door slowly closed, and su Shicheng’s voice slowly drifted over, ” between us, there’s no clear explanation.

he was not willing to accept this. he was not willing to let everything that he had carefully managed be destroyed in one day.

everyone was happy, but he was like an old man waiting for death. how could he be satisfied?

Because of su Cheng, Ye Liangqiu and Qin Anlan’s wedding had been delayed until October.

Ye Liangqiu was already three months pregnant, and her lower abdomen was slightly bulging.

Qin Anlan had personally attended to her when she was trying on the gown, and the gown had been changed again and again.

“What a thick waist.” She looked up at him.

Qin anlan smiled and reached out to caress her stomach. ” that’s because our precious daughter is slowly growing up. ‘

When she was pregnant with Muyun, he didn’t participate, and because of too many things, he didn’t have the mood to feel joy. Now, he truly felt like a father for the first time.

However, he could not let Xiao mu Yun know about this joy.

“an lan.” she put on her wedding dress. because the hem was loose, no one could tell that she was pregnant. instead, she looked a little fuller.I plump.

ye liangqiu pursed her lips. ” the people around me left too quickly. ‘

She turned around gently and rested her face on his shoulder, her arm gently wrapped around his waist. we’ll be fine, right? ”

qin anlan acknowledged her and patted her. ” why do you have so many worries and good feelings?

Ye Liangqiu smiled, but didn't say anything.

in fact, she knew that su shicheng's car accident on the way to the hospital a few days ago was an Ian's doing.

He didn't tell her, and she never asked.

Because of their blood relationship, she could not deal with su Shicheng the way he did.

however, she did not stop him.

her heart felt heavy. no matter how much she hated that person, if he died, she might be sad.

however, that person was alive, and everyone else might die.

because su shicheng had gone mad. qin anlan looked at her expression. he probably knew what she was thinking.

he reached out and ruffled her hair.

these were the darkest things in their hearts, the only thing they could not share.

after that, they would use the long years to heal each other's wounds. this was something that both he and liang qiu had to bear.

she looked up and buried herself in his arms.

the wedding was held a week later.

that day, Xiao xinxin and Xiao muyun were the flower girls. the bridesmaids and best men were supposed to be su Cheng and KIME, but now that su Cheng was not around, the bridesmaids and best men were changed to artists from

KING entertainment.

all the female artistes in KING entertainment wanted to get close to president qin and be his bridesmaid. although president qin was married, it wasn't a big deal to have a beauty in the entertainment industry.

however, when ye liangqiu saw the bridesmaids during the wedding, she still felt uncomfortable..

Chapter 1555 - 1555: Successfully disgusted (2)

When ye Liangqiu saw the bridesmaids, she still felt uncomfortable.

That was because Xia Mian was also among them. She was wearing a light blue dress that exposed her chest and her fair legs.

in particular, she had tied her long hair up high, revealing her fair neck. she had the ambition to steal the limelight from the bride.

Ye Liangqiu remembered that Xia Mian wasn't an artist under King Entertainment. Why was she here?

she stopped in her tracks and finally stopped beside Xia mian.

this wasn't very auspicious, but ye liangqiu knew that she had to do this.

Xia Mian had already dared to come to her wedding. If she didn't do anything, she would be too disappointed.

Qin Anlan's gaze fell on ye Liangqiu. He had been waiting for her at the altar, but she was still dawdling.

Ye Liangqiu's voice was soft and slow. miss Xia, please help me lift up my skirt.

Xia Mian's eyes widened. She knew that ye Liangqiu would notice her and even suspect her relationship with President Qin, but she didn't expect ye Liangqiu to be so calm.

and he even asked her to pull up her skirt!

i'm the bridesmaid, " she rejected him instinctively.

"isn't that the job of a bridesmaid?" ye liangqiu smiled. " it's still miss Xia who thinks that your daily salary is too low. i'll get an lan to give you an extra 1000 yuan later. "

this was a complete humiliation! although she was a little ruthless, ye liangqiu felt that there was no need to show mercy to a little girl like Xia mian, because she didn't seem to know what it meant to give up.

she had chased a man all the way to the wedding, so how could she not be more careful?

Qin Anlan didn't notice it at first, but he finally saw that Xia Mian was there.

he didn't look too happy either because he felt like he had never given Xia mian any hints or given her any hope.

Xia mian didn't move, but ye liangqiu was waiting.

qin anlan also did not pity her or say anything to help her out, ran ran.

The atmosphere was a little tense, and Xia Mian brought this upon herself.

A touch of heat appeared in her eyes, and she bit her small lips. She looked pitiful and extremely humiliated.

in the end, she still knelt down. when her fingers touched ye liangqiu's skirt, ye liangqiu's voice was very light. " have you thought about it? your dream was to pursue a man who didn't belong to you? "

Xia mian said that she would become the best actress, but now, she was like a mouse, looking for a chance to take advantage of a loophole.

Ye Liangqiu pitied her, thinking that she was even stupider than she had been.

dressed like this with her back bent, all the men in the room could see her, but Xia mian didn't care. she wanted to stay.

“it’s the path you chose.” ye liangqiu slowly walked forward, his voice soft. ” no one will help you decide. ” she had never hated anyone, not even mo xiaoqi.

and tomorrow, she would demand that all of Xia mian’s paths be blocked. she would make sure that this girl would never be able to survive in b city.

that’s right, she was jealous. she hated it when she came to look at an Ian with a weak look.

that made her hate and disgusted.

Xia mian was really disgusted by her, yingluo.

however, ye liangqiu was not to be trifled with. she asked Xia mian to squat down and tidy her dress while she exchanged rings with qin anlan and kissed him

Xia Mian’s eyes hurt a little. She admitted that she was cheap and that she shouldn’t have come.

However, she couldn’t help but use her connections to come over. She thought that Qin Anlan would take a second look at her because of her youth and beauty. However, from the beginning to the end, he only had eyes for ye

Liangqiu..

Chapter 1556 - 1556: let’s get married, mr. qin i

qin anlan didn’t even look at her the entire time. not only that, but he also didn’t wait until the banquet. instead, he directly called the public relations manager in charge of the wedding and asked her to fire Xia mian. What was going on? she was deliberately looking for trouble on his wedding day.

liangqiu was angry. were they still going to consummate their marriage tonight?

of course, he couldn’t touch ye liangqiu now, but even if he couldn’t touch her, nibbling on her was good.

it was better than nothing.

After Xia Mian was replaced, everyone was relieved, especially his wife, who looked like she was about to get married.

qin anlan heaved a sigh of relief and brought ye liangqiu along to propose a toast to two tables. most of the guests were their elders and relatives.

he was worried that she would be too tired and also worried about her mood. after all, she had almost no relatives attending.

Luckily, the one who handed her over to Qin Anlan at the wedding was Tang

Yu.

Such a favor was also something that Qin Anlan owed Jian Jia. Even though she was doing so well, it could not hide the fact that she had lost her family.

qin anlan first sent her to the lounge upstairs. he was a little drunk, but he still supported her to the luxurious big bed with a red bed sheet.

Ye Liangqiu was a little tired, but it was better than him being drunk.

he was the one who sent her up, but in the end, qin anlan was the one who fell on the bed.

ye liangqiu didn't know whether to laugh or cry. she reached out to pull him back. " president qin is waiting for you downstairs. "

This pull didn't pull him up. Instead, it made him pull her down. In the end, she lay in his arms, and his palm rested on her lower abdomen so that he wouldn't hurt the child.

ye liangqiu clutched her chest and looked at his alluring face. she reached out and punched him. " bastard. ' he was actually pretending to be drunk.

Qin Anlan smiled lightly. if I didn't pretend to be drunk, why would they let me up temporarily? "

At this time, she was wearing a red wedding dress, which was like fire. Her eyebrows were delicate and pretty, like a woman in ancient times.

qin anlan placed his hand on the back of her head and slowly removed the dragon-phoenix hairpin. her long, black hair fell down like a curtain, messing up his eyes.

he clasped her shoulders, slowly looked up, and kissed her lips.

her long hair was scattered all around, forming a small world.

In that world, there was only him and her Hanhan.

he kissed her gently, as if he was afraid of hurting her or scaring her. "Cool autumn." he called out her name and looked at her with deep eyes.

she did not know that his heart felt like it was about to jump out of his chest. he had never felt such satisfaction before.

She was finally Qin Anlan's wife, his woman.

He held her face and kissed her face, her eyes, and her red lips.

"liangqiu, you're so beautiful today." His voice was hoarse.

many women could be considered beautiful, but not everyone could use the word 'beautiful'.

tonight, she was intoxicatingly beautiful, like water, like a ball of fire, burning him completely.

however, he was still drunk. after kissing her for a while, he let go of her with a low laugh and fell to the side. his voice was soft and light as he said, " i might not be able to tonight. "

his breath was hot, and it touched her soft skin. He reached out to pull her into his arms and turned around. He whispered in her ear, how happy he was to marry her.

"You must've drunk too much!" Ye Liangqiu knocked on his head and said in a low voice, " i'll go and wring a hot towel.

ye liangqiu wanted to get up, but he pulled her back and carefully hugged her. ‘ i’m not drunk. let me hold you for a while. ’

he hugged her as he wished and buried his face in her arms. ” liangqiu, let me hug you for a while. ‘ she was a little helpless. he said he wasn’t drunk, but he was clearly drunk.

However, his breath was hot, and so was his body. She more or less had some feelings for him. If she moved, she would lie down with him in the wedding dress and feel the peace of time ...

on such a joyous day, it was extremely wonderful to have time to lie down quietly.

her long hair fell like a waterfall, and the person who said he wanted to hold her for a while was not very content. tonight was his wedding night.

He lowered his head and kissed her small lips. It was warm, but he was not satisfied. He sat up and took her into his arms.

she was unprecedentedly gentle as she leaned into his arms. after a while, she stopped him from kissing her. she lowered her head and placed her fingers on his heart. “why is she in the bridesmaid group?”

Qin Anlan let out a long breath. He knew she would ask.

he laid flat and let her lie on his shoulder. he turned to look at her and reached out to touch her delicate face. he sighed softly. It turned out that the cool autumn of the wedding could be so beautiful.

“if i say i don’t know, would you believe me?” he pinched her little face and smiled. he pulled her to the same level as him and looked into her eyes with a smile. ” liangqiu, you look jealous. ‘

Ye Liangqiu kissed his lips. yes, I’m jealous.

she looked extremely cute at this moment. her lips were curled up as she looked up at him. she was wearing a wedding dress to marry him again.

Qin Anlan’s heart was filled with pride. At this moment, he was in a rage. He wanted to do something, but he was worried about the child in her stomach. In the end, he did not do anything and only touched her stomach gently.”you’re so petty.” pausing, he then became serious and said indifferently, ” “liangqiu, no matter how long it takes, i won’t have any other woman, let alone Xia mian.” then, he reached out and touched her head. he smiled and said, ” “but i’m still very happy that you mind.” after he finished speaking, he kissed her little mouth. he thought of the guests downstairs and kissed her again. ” i have to go down. wait for me to come back and consummate our marriage. ” she looked at him and snorted. ” you’re not serious at all. ‘

qin anlan smiled and touched her face. he then tidied his clothes and prepared to go down.

“Wait a moment.” she called out to him.

qin anlan stood by the bed while she knelt on the edge of the bed in a daze.

“you can’t bear to part with me?” He lowered his head and couldn’t help but kiss her again. He was reluctant to leave, but if he didn’t go down now, he was afraid that they would come up and make a scene. She was pregnant, and it was really not suitable to be in a crowd.

After kissing and rubbing her, he finally let go of her.

“You have lipstick on the corner of your mouth.” she blushed and wiped it off for him.

“it’s pretty sweet,” qin anlan said nonchalantly.

Holding her face, he said, ” baby, wait for me to come up.

After a series of kisses, she knelt there and touched her lips, smiling gently.

An LAN seemed to be very happy.

she could really make him happy and happy.

She smiled blissfully, then gently got out of bed, took a shower, and changed into a moon-white silk pajamas with suspenders. It was the very sexy kind.

She had sprayed on some natural perfume, and the smell of roses was tempting even for herself as she lay on the fiery red bed sheets. Confusion.

as she waited for him, she got a little sleepy and fell asleep..

Chapter 1558 - 1558: let’s get married, mr. qin (3)

qin anlan returned to the suite two hours later and was helped into the room.

Kime was the one who brought him in, but he helped him to the living room. Qin Anlan sat on the sofa and began to make a fuss after he calmed down. “Cool autumn darling, hubby is back.”

The other player smiled at Kim. “Let’s go. We’ll leave the stage to President

Qin.”

His smile was a little ambiguous, but there was nothing she couldn’t understand.

su Cheng? ” Kie lowered his eyes and thought of su Cheng.

su Cheng was also pregnant, but they could not be together for the time being. he could not even see her.

he was afraid that if he saw her, he wouldn’t be able to hold on and would break his mother’s heart.

Kie left the room and declined the party with the others. He walked alone in the empty lobby of the hotel.

the moonlight shone on the ground, and the strong night wind blew up his hair and the cigarette he was smoking.

He sat on the bench, his expression even colder than the night.

he knew very well what kind of place prison was. he didn't go to see her, but he secretly stood under the sky and watched where she was.

She was so young, so restricted, and with her lively personality, how could she get used to it?

“Cheng Cheng, you said that you do not regret your choice. Then I will not regret it either.

if you want to atone for your mistakes, then i'll do it with you.

you're inside and i'm outside, but if you understand my heart, you'll know that i'm waiting for you.

That night, chick was half-drunk, and it was only in this state that he dared to call her name loudly, vent his emotions, and cry out loud.

Some people were happy, while others were sad. Compared to the desolation of Kime, the Presidential Suite of GM hotel was filled with sweetness.

Qin Anlan sobered up a little and instinctively staggered back to his room.

As soon as he entered, he was stunned for a moment. Then, he slowly sat on the edge of the bed, unzipped his tie, and threw it aside. He loosened his collar and stared at her with a burning gaze.

He couldn't help but lean over and kiss her. As he kissed and rubbed her, he woke her up. He mumbled, " if I had known that you would wait for me like this, I would have come in the morning.

However, no matter how she tried to seduce him, he only dared to kiss her and did not dare to do anything else. in the end, he really had no other choice but to carry her and walk towards the bathroom. " hubby will take you to take a couple's bath. '

Ye Liangqiu woke up. She was a little afraid to be hugged by him like this. She reached out and wrapped her arms around his neck. an LAN, put me down.

He didn't let her go and kissed her again. I won't let go!

his voice whispered in her ear, " i won't let you fall. " she glanced at him. " so drunk.

qin anlan smiled and reached out to carry her into the bathroom. he pressed her down and kissed her again. after that, he pulled her around messily and said, " call me hubby. hubby, help the baby shower. "

It was useless for her to struggle. When he was drunk, he was not as gentle as usual. He was a little strong, more like a child playing house.

she could only let him be.

they soaked in the water together. she sighed softly. " an Ian, i never thought that we could really get married. '

Everything was so beautiful that she wanted to cry. However, behind this beauty, there was too much pain.

She lay on his chest and even thought that if she had not returned back then, all of this would not have happened.

was his world, su cheng's, KIME's, and everyone else's world peaceful and beautiful?

Chapter 1559 - 1559: let's get married, mr. qin (4)

Qin Anlan was always drunk. He cupped her face and kissed her slitheringly. His voice was a little muffled as he said, " silly cool Qiu Qianqian.

in this world, there were no 'if's. if there were really' if's, it was everyone's own choice.

he kissed her and placed her jade-like face on his chest.

Suddenly, he was filled with pride again. He felt that in such a quiet night, just hugging her would be enough. Nothing else was important.

he reached out to stroke her back, then lowered his head and whispered into her ear, " now i can be a human. my feelings. what about you, liangqiu?"

Her face was pressed against his chest, and there was an indescribable softness. She rubbed it again and hummed in agreement.

Qin Anlan's blood immediately heated up. He wanted to kiss her, kiss her, and hold her face. After kissing her for a while, he was afraid that he could not control himself, so he put her down.

After soaking in the bath for a while, he was more or less sober. He looked down at her and found that she was almost asleep.

Qin Anlan smiled and wiped her with a bath towel. He picked her up and kissed her lightly. baby, don't fall asleep. We still want to consummate our marriage.

When he said this, she started chuckling. She laughed so happily that she couldn't even speak. As she lay down, she reached out and wrapped her arms around his neck. an LAN, how are you going to live? "

After a while, probably because she was in love with him, she lifted her body and leaned close to his ear. She even took a small bite of him and asked naughtily, "Hubby, what are you going to do tonight?"

He was also happy that she could do this.

he caressed her fresh face with his fingers. marriage was a once-in-a-lifetime event, so if she was in a bad mood, it would be his fault. qin anlan lowered his head and kissed the corner of her lips lightly. he chuckled softly. " baby, what do you think i should do? "

his fingers moved down her arm and clasped her hand, their fingers intertwined.

he felt that he would never get tired of looking at her beautiful face for the rest of his life.

he reached out and gently rubbed her face with his fingers. "baby?" he asked in a seductive voice.

"no way!" She turned her face to the side, a faint blush on her face.

He reached out and touched her gently. She moved away shyly.

qin anlan laughed. his voice was a little hoarse. "it's been so many times. why are you still shy?"
Hmm?" mm. "she buried herself in his arms and said in a soft voice, "you're not allowed to move."
,

She was fair and looked especially crystal clear against the red.

He couldn't bear to let go of her. He lay down with her, said sweet words, and teased her. After half a night, Hanhan still didn't get pregnant.

he was unwilling to let her go and waste their wedding night, but he was also unspeakably satisfied.

When they woke up early, their eyes met, and there was a different kind of charm.

"good morning, hubby." She took the initiative to hug his waist and leaned over to kiss the corner of his lips.

"just like that?" qin anlan's voice was a little hoarse. His voice was extremely hoarse. she pressed her lips against his and said in a low voice, "then what do you want?"

Her entire body fell softly into his arms. He was not a man if he could hold it in.

so, he leaned close to her ear and whispered a few words.

She looked at him in surprise and then turned her face away.

He thought she wouldn't be willing, but he didn't expect her to turn her face away and ask in a low voice, "really?" he nodded, and she moved closer to kiss him, slowly moving down..

Chapter 1560 - 1560: Let's get married, Mr. Qin (5)

He nodded, and she moved closer to kiss him, slowly moving down.

The ecstasy was like a shocking wave. He was like a young man who could not control himself. In the end, he still pulled her into his arms and could not bear to treat her like that.

Liangqiu, I won't do this to you," he said as he kissed her on the lips.

she laughed gloomily in his arms, her long fingers poking at his heart, and her voice was happy. "but i want to treat you like this. "

Qin Anlan heaved a long sigh of relief. This was simply too much!

He reached out to caress her red lips. Mrs. Qin, you've become bad.

she laughed softly and lay in his arms. she was very happy."i learned it from you."

He patted her little P * S. alright, time to get up.

she was pregnant, so their honeymoon would only be a week, and they would be in the country.

however, for a newly-wedded couple, a week without children was also very precious.

especially qin anlan, he wished he could stuff his son back into his wife's stomach so they could have some alone time.

he took her to the south, or to put it another way, to the place she had been to for those few years.

Ye Liangqiu took him along the path she had walked and took him to eat her favorite food. At night, they would snuggle up and kiss in the hotel suite. Even though they were an old couple, there was a different kind of romance when they were newly married.

it was often rainy in the south in autumn. when it rained, the two of them would quietly listen to music in the room and enjoy the rain outside. he would cook for her, take good care of her, and feed her until she was full.

Qin Anlan looked at the drizzle outside the window. He lowered his head to look at his newlywed wife in his arms and smiled. Liangqiu, I used to think that living a luxurious life was the only way I could live my life.

he did not expect that such a peaceful day could make him feel so satisfied.

even if he couldn't do anything with him except kiss and gnaw.

Ye Liangqiu retreated a little and sat down beside him. She also looked at the drizzle outside. She turned her head to look at him and smiled faintly. an LAN, that's because you didn't touch me.

He smiled and went over to rub her head. Then, he pulled her over again. He pressed one hand on her shoulder and the other on her lower abdomen, feeling their little fellow.

the little one was more than three months old. at this time, when he was placed on her lower abdomen, it actually moved a little.

qin anlan was shocked. he raised his palm and looked at her face. "liangqiu?

It's moving."

It was not a little bastard.

however, in qin anlan's heart, it was just a small animal, a very strange little creature.

Did it know how to swim in Liangqiu's stomach? what did it look like?

his expression was very silly, just like any father in the world.

Ye Liangqiu laughed. an LAN, this is fetal movement.

"It's clearly the one moving." as qin anlan spoke, he straightened her up and let her lean on the backrest. then, he lay on her belly. he felt that it was not good, so he lifted his clothes so that he did not touch her belly to feel the existence of the little fellow.

Then, he felt the little thing wriggle.

qin anlan was extremely surprised. he looked up at ye liangqiu.

“how can you be so silly? you already have a son.” She placed her hand on his head and slowly grabbed his scalp with a gentle expression.

in qin anlan’s eyes, she was like a holy mother. he kissed her as if he was worshipping her and did not dare to be rash anymore Every woman knows how to give birth, okay?)
