

Thank you 1731

Chapter 1731 - 1731: at the end of the road (2)

“are you feeling guilty now?” he leaned over and asked in a soft voice. but let me tell you, one day, when you obtain supreme power, you will get used to the sacrifice of others.”

as he spoke, he got up. ” i will take qin pei away! Before you acquire King

Entertainment, you won’t be seeing him again!”

before ye liangqiu could speak, su shicheng turned around and coldly laughed,”I know what you’re most afraid of.”

In an instant, all the blood and strength in her body seemed to have been sucked away.

Su Shicheng had actually known all along.

She could not hide anything from him!

Su Shicheng turned to leave and raised his hand to get someone to take Qin PEI away.

ye liangqiu had also seen clearly what had happened to qin pei more than a year ago. qin pei was becoming more and more inhuman.

Without making a sound, she was carried away in a daze.

Ye Liangqiu was left alone in the dark and cold dungeon.

her body was cold. she lowered her head and looked at her hands that were covered in blood.

These hands could never be washed clean. Ever since she returned to the SU family, they could never be washed clean.

She went to the hospital to visit ah Xing. His life was saved, but it was unlikely that he would have another child.

ye liangqiu stood outside the ward and didn’t disturb Xing.

Later on, she requested su Shicheng to give ah Xing to her. After he recovered, he followed her around.

She knew very well that every pair of eyes in the SU family villa could be on her at any time.

for everything she did, su shicheng probably knew that she was forced into a dead end.

Sometimes, when there was no way out, they could only turn back.

in the quiet car, ah Xing was driving, ye liangqiu was in the back, and so was linda, who was in the passenger seat.

“ah Xing, you can rest for two more months,” ye liangqiu said indifferently.

Xing's expression was not as good as before, but it was still okay. he smiled. "I can't stay idle." in his heart, he was grateful to the eldest miss for taking him from su shicheng's hands. otherwise, he would have lived a life worse than death.

the young miss didn't mention that matter again, and he wouldn't either. No matter how useless he was, he still had a bit of a man's pride.

he drove missy and linda all the way to a studio. " i'll wait in the car. "

"Alright," ye Liangqiu nodded.

Linda followed her to the studio inside. Walking in the narrow corridor, Linda couldn't help but say, " "Chairman ye, you don't have to do it."

"I'll make a comeback and film a movie later." ye liangqiu looked at linda, " this advertisement is the best way to make a comeback. ' that was because it was explosive enough and there was a topic to talk about.

linda was stunned, and she didn't come back to her senses for a long time.

ye liangqiu pursed her lips and smiled bitterly. " i really have no way back. "

If she wanted to live, if she wanted the people around her to live, she could only do as su Shicheng said.

however, she would make su shicheng fall from the highest point and shatter his bones.

Linda didn't really understand, but she didn't say anything more.

She always felt that boss ye was a little different recently, but she couldn't tell what the difference was.

it was as if there was more coldness in his eyes, and not much warmth.

she opened the door for ye liangqiu. the studio was already prepared. the ceo was quite understanding and didn't make things difficult for her. the studio was cleared and the photographer was a female photographer.

ye liangqiu had shot dozens of commercial blockbusters before. she had seen all kinds of scenes.. this was a walk in the park for her, so it wasn't a big deal to shoot a good scene in four days!

Chapter 1732 - 1732: have you ever loved me?(l)

ye liangqiu had seen the rough trailer and let them do the post-production.

However, she also had an agreement with the company, which was that this advertisement would only be broadcasted on Asia TV for half a year.

everything was calm.

su shicheng did not appear often. he probably knew that she was disgusted by the sight of him, so he was mostly on the phone.

what he was most concerned about was when asia tv would be able to dominate the entertainment industry.

Ye Liangqiu hung up the phone and looked at the CD that was sent by P & G. She put the CD into the computer and clicked on it.

The advertisement was shot in the bathroom, so it was naturally a little erotic, but she definitely didn't show it. Big legs, that pair of fair legs, it should be a substitute, it was a post-production shoot.

because it wasn't considered revealing. Gu, she didn't call to question him, but continued to read.

the film was well shot and there was nothing wrong with it. the boss of the other company respected her and let her see the sample first before deciding whether to broadcast it.

Ye Liangqiu read the message and called the other party. After hanging up, she closed her eyes and leaned back in her chair, feeling a little tired.

su shicheng had transferred all his shares to her name. he was fearless and unafraid of her tricks.

Ye Liangqiu looked at the report in her hand and pursed her lips.

She would give su Shicheng all the glory he had, and that day would be the day he died.

there was a knock on the door, and she looked up at ah Xing.

Xing's expression was very calm, as if he was a dutiful follower, as if that incident had never happened.

"miss, the car is ready. we can go to the airport at any time. "

ye liangqiu nodded and stood up. ah Xing naturally took the briefcase from her and followed her.

When they got into the car, Xing's voice was a little soft. miss, can you trust Xing? "

"what's wrong?" ye liangqiu asked in surprise.

it had been a long time since that incident. ah Xing had been with her for about one or two months, but she had never mentioned anything. she was a little surprised to hear him ask this.

"Mr. SU's servant is a relative from my hometown," Xing turned around and said calmly.

Xing pursed his lips. I know what you're worried about, miss. You're afraid of implicating others! But Mr. SU's teasing will hurt many people."

He narrowed his eyes. and I hate him too!

Ye Liangqiu had never seen ah-Xing show such an expression before, so she couldn't react in time.

"Young miss, if there's anything I can do for you, please let me know." Xing gritted his teeth. " i've already died once, and i don't have much hope in the future. don't be afraid! "

Ye Liangqiu's throat felt like it was stuck. After a while, he softly said, " "next time, i won't let you take the risk." to her, ah Xing was a stranger. however, she only had ah Xing by her side.

To a certain extent, ah Xing gave her a sense of security.

In that darkness, he had sacrificed himself for those few minutes. The blood he had shed for her was something she would never forget.

She didn't say it because she didn't want to hurt his self-esteem, but it didn't mean that she had forgotten or didn't feel guilty.

Xing started the car and sent her to the airport.

As soon as the car stopped, su Shicheng's phone rang.

Ye Liangqiu answered.

"Where are you?" su shicheng's voice was a little gloomy. he had been checking on her whereabouts from time to time.

ye liangqiu looked up at the buildings outside and said in a low voice, " i'm going to hong kong..

Chapter 1733 - 1733: Have you ever loved me?(2)

"who are you meeting in hong kong?" su shicheng's voice was stern.

"du yuesheng," ye liangqiu sneered. " i'm sure you're well aware of how difficult it is for asia vision to cash in. du yuesheng has always been interested in the 10% shares of KING entertainment that i own. "

As soon as she finished speaking, su Shicheng was surprised, "You really dare to sell that 10%?"

He had been coveting this 10% for a long time. However, in order to cover it up, he did not tell her directly. Now, this 10% was actually going to fall into Du Yuesheng's hands. Who did not know Du Yuesheng's ambition?

however, if liang qiu did that, qin anlan would probably break up with her. Su Shicheng thought that this was a good deal, so he was satisfied and hung up the phone.

Ye Liangqiu looked at ah Xing and said, " I've booked two tickets. Come with me.

Xing was slightly stunned.

He had a premonition that what the Miss was going to do must be very important. She, Yingluo, would actually bring him?

"Xing, Didn't I tell you that I can look for you if I need anything?" ye liangqiu opened the car door and waited for him to get out. she smiled and said, " from now on, we can't make any mistakes and let su shicheng catch us. do you understand? "

A Xing nodded with a half-understanding look.

ye liangqiu stayed in hong kong for two days and sold 10% of king entertainment's shares at market value for 50 billion.

after signing the contract, she left hong kong.

however, she did not expect that du yuesheng would hold a celebration party in hong kong and the scene would be quite big.

While she was on the plane, the financial and entertainment circles of B city were in an uproar.

Qin Anlan felt as if he had been played by a fairy, and his head was covered in green.

ye liangqiu didn't know about this. as the plane from hong kong landed in b city, Xing helped her with her luggage and followed behind her.

just as she passed through the exit, she was surprised to find that there were two rows of reporters lining up outside. the moment she came out, the spotlights were shining everywhere, and it was almost blinding.

“Miss ye, or should I say Mrs. Qin, when you sold your shares in King Entertainment, did you consider President Qin's feelings?”

CEO ye, does your move represent that Asia TV is at the end of its rope, or is CEO ye preparing to tear King Entertainment apart? ”

“President ye, do you think President Qin is already on his way to the airport? do you think he'll divorce you?”

a ‘Xing looked at ye liangqiu worriedly. she put on her sunglasses and left through the vip passage, ignoring the reporters behind her.

Xing followed behind her and caught up to her. he turned to look at her. “Chairman ye, what's going on?”

“Du Yuesheng has a huge ambition for the mainland market. He's not satisfied with just getting 10% of the shares,” ye Liangqiu said as they walked.

Xing didn't know much about business, but he knew that it was a serious matter. also, the reporters just said that president qin and president ye were getting a divorce?

she pursed her lips and hesitated. ” do you want to explain to president qin? ”

This time, ye Liangqiu stopped in her tracks and looked at ah Xing. She forced a smile and said, ” there's no need to explain this kind of thing.

that was because explaining was useless!

She knew better than anyone else what that ten percent meant. It meant that Qin Anlan trusted her. It was the last bit of trust between them. She had sold this trust and their past to someone else.

He let out a deep breath and patted ah Xing. let's go!

ah Xing looked at her deeply, but in the end, he did not say anything..

Chapter 1734 - 1734: Have you ever loved me?(3)

Ah Xing looked at her deeply, but in the end, he did not say anything to urge him to talk to the Miss. There were many times when he did not understand, but now he learned to speak less so that the Miss would not be troubled.

however, neither of them expected to meet qin anlan as soon as they left the airport.

To be more accurate, Qin Anlan had come looking for him personally, which showed how flustered and exasperated he was.

ah Xing was held down by someone and couldn't move.

Ye Liangqiu frowned and looked at Qin Anlan, who was sitting in the back seat of the car. let him go.

the person who was holding ah Xing down pressed his head down again, and ah Xing groaned.

"qin anlan, did you hear that?" She kicked the car door and said in a hoarse voice, "if you have anything to say, just come at me. let Xing go." qin anlan slowly turned his head and his gaze fell on her face. he sneered, "

"coming for you?" her lips were pursed into a straight line as she looked into his dark eyes. she still felt a lack of confidence in her heart.

she had used the 10% he had given her to exchange for 50 billion yuan and put it in her pocket without a word. of course, she felt guilty.

Qin Anlan continued to sneer. ye Liangqiu, is a mere follower worth your effort? ‘

He understood her so well, how could he not see the worry on her face? The irony was that she was worried about that little follower.

a rough man.

She remembered that she used to follow su Shicheng, but now she's following her.

qin anlan's gaze fell on ah Xing and he took a few more glances.

with su shicheng holding something against ye liangqiu, she felt somewhat uneasy. she stared at qin anlan, trying to figure out if he knew anything about the rustle.

However, Qin Anlan only looked at her for a moment before letting her go.

Ah Xing refused to leave, so ye Liangqiu calmly said, "drive the car back. president qin will drive me back." with that said, ah Xing had no reason to stay. he gave her a worried look and walked towards ye liangqiu's car.

Qin Anlan watched as ah Xing's car drove away. He retracted his gaze and skillfully drew out a cigarette and lit it. His tone was indifferent. "Aren't you going to get in the car?" ye liangqiu looked at him, pursed her lips, and opened the door to get in.

Once they got into the car, Kime started the engine.

the car drove very fast, and she finally got off the plane. she was a little dizzy, but she stubbornly did not say anything.

“I didn’t expect you to have such a heavy appetite now!” Qin Anlan rolled down the car window and flicked the ashes away. He then turned his head and looked at her with a burning gaze.”why? can he comfort you?”

Ye Liangqiu’s heart skipped a beat, but seeing the jealousy on his face, he probably didn’t know about that matter.

She turned her face to the other side and said faintly, “Qin Anlan, do you really have to talk to me about this? i thought you’d be more willing to talk to me about 10% of the things.”

with a cigarette in his hand, he freed two fingers and pinched her cheek, forcing her to look in his direction.

and the cigarette in his hand was far away from her.l Her tender cheeks were less than one centimeter, and she could be scalded if she was not careful!

He stared at her with a burning gaze. ye Liangqiu, you’re not afraid of dying soon!

She raised her head. what do you want? ”

He used a little more force with his fingers, so what?

When did he not want to do something to her?

But what could he do to her?

ye liangqiu, she dared to act so outrageously because he loved her!

Yes, he loved her humbly and shamelessly.

his heart ached, but it soon hardened again..

Chapter 1735 - 1735: have you ever loved me?(4)

ye liangqiu, she dared to act so outrageously because he loved her!

Yes, he loved her humbly and shamelessly.

His heart ached, but it soon hardened again.

His heart had softened for her for far too long, and she was getting more and more outrageous!

“that ten percent is all i can give you when i propose to you. ye liangqiu, you know what that means.’

His gaze turned even colder. when you sold it, did you hesitate? did you waver?

he took the cigarette with his other hand. she thought that she would loosen her grip a little, but it made it easier for him to exert force.

Both sides of her cheeks were immediately pinched blue and purple, and those who didn’t know would think that she was forced to do something indescribable for him.

“no, i didn’t,” she looked straight into his eyes, her lips moving slightly as she squeezed out two words.

he let go of her angrily, and she lost her support and fell into the back seat, causing the back of her head to hurt.

in the pain, she vaguely heard what he said.

she wanted to hear it clearly, but she instinctively refused. she didn’t want to hear it because those words were too cruel.

ye liangqiu’s eyes remained fixed on his face for a long time.

she only heard the last word, “get lost.” he asked her to leave! worried, kie stopped the car by the side of the road, thinking that ye liangqiu would be driven out.

However, a man in a rage could change his mind at any time, just like how unreliable a woman was during menopause. Kime, get out of the car. His voice was tense.

Ye Liangqiu’s body froze.

Just as he understood her, she understood him as well.

There weren’t many people on the road, and it was dark. If CEO Qin did anything violent to CEO ye on the side of the road, CEO ye’s life would be in trouble.

‘ are you going to do it, or should i drag her down? ” qin anlan narrowed his eyes.

Kie sighed to himself and did not dare to say anything else. He opened the door and got out of the car.

As soon as she got out of the car, she heard the sound of the car window being locked.

He hesitated for a moment, but still decided to leave.

The light in the car was dim, and his face looked even gloomier.

qin anlan, if you want a divorce, zhenzhen, ” he interrupted her with a kiss before she could finish her sentence.

Very thick! A violent kiss!

he cupped her face in his hands and pressed her against the car window. he pressed her down firmly and kissed her intensely.

his hot lips bit her lips, and soon her lips were bleeding.

He had tasted blood, just like a beast, and even more brutal.

on this day, he received some news.

He felt as if he had returned to the day his mother passed away. She was just as hateful as him.

She didn't explain, and she didn't care if they were going to separate. She just wanted to do what she wanted to do.

he bit her neck and said in a hoarse voice, "Ye Liangqiu, have you ever loved

she was stuck to the car door passively. if he opened the car door now, she would be doomed. his lips moved, but he did not allow her to say anything. he kissed her roughly on the lips again.

he bit down hard, as if to vent the dissatisfaction and anger in his heart, and his body was trembling.

He had a feeling that he was going to lose her.

self-esteem, hatred, he could let go of all his pride to humbly possess her.

However, that would not be Qin Anlan.

if he was not the qin anlan that she had loved, she would not love him.. if she did not like him, what was the point of being together?

Chapter 1736 - 1736: looking for a woman (1)

Finally, he let go of her and leaned back on the chair. His breath was messy, but his eyes were clear.

she was in a mess and leaned to the side in a sorry state.

After a long time, he finally turned his face and looked at her. "you can leave!"

however, she could not move at all. the kiss just now seemed to have exhausted all her strength.

In the dark car, he looked at her, then took out a cigarette from his coat, slowly lit it, and exhaled a long ring of smoke before saying indifferently, "Ye Liangqiu, I once submitted to you."

"Isn't it laughable?" his voice was extremely bitter, with a hint of disgust that even he himself had."but it won't happen again in the future." he had even abandoned his own mother because of this woman.

he had overestimated her love. he had thought that no matter what she did, she would still love him.

now, he didn't think so, yingluo.

As he spoke, she kept looking at him.

she clearly knew that she had challenged his bottom line, and she had expected this result before she did it.

He lowered his eyes and sighed softly. an LAN, you should find a woman!

these were words that she would never have said in the past. in the past, she was in high spirits.

even though he hated her, she felt that he was hers and she would not allow anyone to take him away from her.

But now, seeing him in pain, she would rather he had someone else. At least he would be happier.

She had just finished speaking when her chin was pinched.

His strength was enough to crush her. Even in the dark car, she could still see his gloomy face.

“find a woman?” he repeated her words.

He pinched her chin and pulled her in front of him. He stared into her eyes. that way, you won’t feel too guilty, right? ”

He held her chin as if he was holding her soul. He narrowed his eyes and said, ‘ ye Liangqiu, speak!

Her lips trembled slightly as she looked at his dark expression. She gritted her teeth and said, ” yes.

Very good! it was really good!

This was the woman he loved. This was the woman who had always said that she loved him.

“ye liangqiu, where’s your love? have you fed it to the dogs?” He laughed lightly. Although his voice was soft, there was a hint of madness in it.

she could not answer.

qin anlan released her. ” get out of the car. ” she stepped back and pressed her body against the car door. the faint light from outside shone in and shrouded her face in darkness.

her fingers trembled as she held the car door. in the end, she opened it.

When she went down, her legs were a little weak. The night wind outside was slightly cold, and it felt like a knife cutting her face.

B city was brightly lit. The lights extended into the distance, forming a long Golden Dragon.

The black RV beside him drove away quickly, leaving no trace of nostalgia.

Ye Liangqiu stood there, a chill running down her spine for a long time before she walked forward.

she couldn’t stop because it was too cold here.

When ah Xing found her, she was so cold that she almost fainted.

sitting in the car, it felt like a lifetime had passed, as if they were in heaven.

Xing parked the car in front of a convenience store and bought her a cup of hot milk.

ye liangqiu drank half of it and felt her body warm up, but she still had a cold and couldn’t stop sniffing.

Xing knew that she was upset and did not dare to disturb her. He just drove quietly.

ye liangqiu turned her face to the window and said in a faint voice, ” “Xing, if it were you, would you insist on what you want to do and not care about how much you’ve lost?”

Chapter 1737 - 1737: Looking for a woman (2)

ah Xing was stunned for a moment and quickly said, ” “It depends on whether this person is worth my sacrifice. If he is, I will do my best, even if it means bleeding. ”

After he finished speaking, he felt that it was a little inappropriate. It was as if he was asking for credit, so he coughed lightly. miss, ah Xing didn't mean it that way.

Ye Liangqiu turned her head and looked at ah Xing silently. She pursed her lips. why would I think of that? ”

Xing pulled himself together and focused on driving, but they still arrived at the hospital.

She looked at the building in front of her and didn't get out of the car. There was a questioning look in her eyes.

“young miss, let's go and take a look! It'll be bad if you fall sick.” Ah Xing's voice was filled with concern, and it could only be concern.

ye liangqiu smiled. ” it's fine. ‘ however, Xing was stubborn and insisted on sending her to the hospital.

in the end, she had no choice but to go to the pharmacy to buy some medicine!

The doctor had already left work. there aren't any good doctors in the emergency department.”

Xing wanted to say something, but ye Liangqiu had already told him to start the car.

he had no choice but to let her have her way.

This cold was a serious illness.

In the few days she was at the SU residence, the situation outside had changed drastically.

all the shareholders of asia tv had changed sides and supported KING entertainment's acquisition of the company.

Other than su Shicheng's loyal supporters, 40% of Asia TV's shares had fallen into King Entertainment's hands, or rather, Qin Anlan's hands.

he was very close to ye liangqiu's fifty percent.

The atmosphere was heavy at the Asia TV senior management meeting on Monday. There were only a few people sitting and speaking.

this was because there were not many ideas that would make any contributions.

King Entertainment's acquisition of Asia TV carried a strong sense of 'life and death' and blood.

How could ye Liangqiu not know that the higher-ups of Asia Vision all had different thoughts, most likely thinking about how to protect their positions when the new master arrived?

However, they were too naive. Qin Anlan had already gone crazy. The first thing he was going to do now was to destroy the entire company and destroy su Shicheng's last shred of determination.

ye liangqiu's eyes swept across the room. ” is there anything you'd like to add? ”

Still, no one made a sound.

Perhaps, this was what it meant to pick a side.

qin anlan had yet to join asia television, but he already had a large group of supporters.

Ye Liangqiu laughed.

when they drove home at night, su shicheng also returned to the su residence with a gloomy expression. ” half of asia tv has already been taken over by qin anlan. ‘

Ye Liangqiu dropped her bag and sat on the sofa. I have a suggestion.

Su Shicheng sat across from her, his face frighteningly dark. After a long time, he finally said, “What suggestion?”

“underestimating assets.” ye liangqiu smiled faintly. ” sell the building and reorganize the company, turning it into a new investment-oriented company. ‘

How could su Shicheng be willing to do so? his greatest pride in life was Asia Vision, and the logo on that building.

“Bastard! if we sell the building, will we still be in asia?” su shicheng was furious.

ye liangqiu didn’t force him and chuckled, but, of the building already belongs to Qin Anlan.

Su Shicheng was very displeased with her words and his face darkened, ” if you hadn’t been so insensible, you wouldn’t have ended up in such a miserable state!

ye liangqiu’s smile turned cold. ” those who own the original shares are all father’s old friends.. how could these people betray you so easily? “

Chapter 1738 - 1738: The ultimate PK begins (1)

su shicheng’s old face darkened as if he had received a critical blow.

The walking stick in her hand knocked hard on the ground. “I don’t care about this! I must get into King Entertainment.”

As he said that, his gaze turned greedy. I can give up on Asia Vision, but I want King Entertainment.

If possible, ye Liangqiu really wanted to take him to the neurosurgery department for a check-up to see if there was anything wrong with him.

He couldn’t even keep Asia Vision, yet he still wanted to get King Entertainment.

Upon closer inspection, she realized that su Shicheng was indeed the kind of person who had lost his mind.

Ye Liangqiu smiled. dad, if you think I’m useless, sure. I can return the shares to you.

su shicheng’s old face turned even uglier as he glared at her. ” is there any use in saying this at a time like this? ”

He stretched out his skinny hand and said, ” I want King Entertainment.

ye liangqiu looked at his hand. it was so thin that there wasn’t much meat on it.

her heart moved, and she knew that he wasn’t as healthy as before.

Perhaps it was the tiny bit of food ah Xing had placed in su Shicheng's food that was slowly draining su Shicheng's energy. Originally, su Shicheng had paid a lot of attention to maintaining his health and had basically stopped touching women.

However, recently, she heard from ah Xing that su Shicheng was once again playing with women. Every week, he would probably get someone to pick one or two beautiful women to bring to him. When ah Xing mentioned this, he would say in a muffled voice that su Shicheng had changed a lot. Attitude.

change! what a good attitude!

Ye Liangqiu knew that what she had done was full of sin, but she didn't regret it.

In su Shicheng's eyes, human lives were not worth a single cent. As long as he continued to live, more people would be harmed.

ye liangqiu's fingers gently grasped su shicheng's hand, "i've already thought of a foolproof plan. "

Su Shicheng's eyes glowed as he looked at her. Ye Liangqiu leaned over and whispered a few words to her.

after saying this, su shicheng stared at her in a daze.

"aren't you afraid that he'll deal with you?" he asked coldly.

at that time, I already had King Entertainment, didn't I? " Ye Liangqiu's lips curled into a cold smile. I have no way back. su shicheng's gaze fell on her face. after studying it for a long time, he chuckled. " liangqiu, you look a lot like me! "

"No, I was forced out by you," ye liangqiu didn't give him any face.

Su Shicheng, on the other hand, did not haggle with her because of the beautiful blueprint she had laid out for him, and his heart was satisfied.

In his heart, there was no longer Asia TV. All that was left was King Entertainment. With King Entertainment, what was the point of having Asia

cool autumn's plan would definitely succeed.

he knew qin anlan's weakness too well, yingluo.

after su shicheng left, ye liangqiu stood in the living room and stared at the night sky outside for a long time. ah Xing came over and said in a soft voice, "Young miss, let's eat. You haven't eaten anything all day." Ye Liangqiu returned to her senses and looked at ah Xing. I can't eat.

"Even if you can't eat, you still have to eat something." Xing advised gently.

Ye Liangqiu looked at him again. He was different from before. He used to be a rough man, but now, he was different.

It was probably because after that incident, there were changes in her mind and body.

In the end, she still ate something. Xing sat opposite her and ate.

He quietly sent her to Mrs. SU's home for several days. Su Shicheng did not object. He felt that ye Liangqiu did not have the energy to take care of the child. On the other hand, the Chen family was a family of scholars, and the atmosphere was good..

Chapter 1739 - 1739: The final pk battle begins (2)

Ye Liangqiu was thinking about something else.

She needed the Chen family to protect Momo.

she put down her chopsticks and looked at Xing. " make arrangements for me tomorrow. i want to meet KIME. " Xing was stunned.

"Is there a problem?" ye Liangqiu asked.

Xing shook his head.

Ye Liangqiu smiled. just let him know. Do you understand? " mr. ye, i'll protect you, " said ah Xing in a soft voice.

she smiled again, but this time, she didn't say anything. she only sat for a while before slowly going upstairs.

Ah Xing stared at her back. Although he wasn't very cultured, he wasn't a block of wood. He could feel that the young miss was treating him well because she wanted to make it up to him.

However, he did not want her to feel guilty. He only wanted her to be happy.

In the future ... In the future, if the young miss still wanted to be with President Qin, he, ah Xing, would help her even if it meant risking his life.

ye liangqiu went upstairs, took a shower, and lay on the bed.

Whenever she closed her eyes, she would think of Qin Anlan. However, they had not contacted each other since that day.

Her fingers clenched into a fist. Success or failure depended on this one move.

She knew how dangerous what she was doing was. If she was not careful, she would be doomed.

The next day, she met up with Kime in a secret café.

Kie arrived alone as promised and booked a small private room.

Ye Liangqiu and a 'Xing went over together while a' Xing stood guard outside. Ye Liangqiu opened the door to the private room.

Kie looked up and his eyes met ye Liangqiu's. After a while, he smiled bitterly. "chairman ye is here."

Ye Liangqiu gently sat down opposite him and smiled."You used to call me Liangqiu. You've never been so distant!"

Chairman ye, I'm glad that I'm here to see you in private. Kie sighed.

others might not know, but he knew very well that boss qin was drawing up an agreement regarding their marriage.

He didn't know what to say, but he saw that boss Qin seemed to have thought about it for a long time and still didn't send it out.

It should be that there was still reluctance in his heart!

Ye Liangqiu could see Qin Anlan's attitude from Kime's attitude. If the situation was not too serious, Kime would not be like this.

she felt a little bitter in her heart, but she didn't mind.

she held her bag with her fingers and took out a document. she handed it to KIME and said, "find a way to get CEO Qin to sign this document, please."

"Don't let him find out about the contents," she said softly after a pause.

There was a look of surprise in Kime's eyes. He took it and only read a few lines before his expression changed drastically. Chairman ye!

"It's just like what you've seen! no matter what happens in the future, this document will be of great importance." she pressed her hand on the document and said, "I've already signed it!" please, no matter what happens to president qin or me in the future, you have to stand on his side. also, yingluo will take momo back."

Kime's gaze was a little dazed as he did not understand what she meant.

"you'll know when the time comes." She smiled bitterly. excuse me, if I tell you that I have my own difficulties, would you believe me? "

KIME nodded and said firmly, "I do."

"I've thought of many things too simply, but there's no turning back." she retracted her hand and lowered her head. "also, don't tell him that I love him! "

Ye Liangqiu slowly stood up. I have my reasons for doing this.

From shock to puzzlement, Kime finally nodded..

Chapter 1740: the final pk begins (3)

he thought that this matter must have something to do with Mrs. Qin. it was related to the old lady's death, and it was probably not a very honorable thing to do, so Liang Qiu had kept it a secret.

he thought to himself that if boss qin knew the truth, he probably wouldn't be able to accept it, which was why Ye Liangqiu was struggling.

Was it the time to end it now?

who was ending who?

In this game, President Qin was fine, but what about Liang Qiu?

Ye Liangqiu walked out of the café, and ah Xing followed behind her. He opened the car door for her.

After she sat down, she gently stroked her forehead with her fingers. did su

Shicheng look for a woman this week? ”

Xing recalled for a moment and said with certainty, “Not yet. it’s been about a week since we last met.” ye liangqiu’s fingers tapped on the steering wheel, her expression pensive. “i heard that Xia mian’s been in need of money recently?”

A ‘Xing didn’t make a sound. He didn’t know about this.

Ye Liangqiu continued, “Xia Mian seems to want to buy a villa in the city center. It’s worth 50 to 60 million Yuan. She just became famous, so how can she afford it?”

she had contacted sister Ying before. sister Ying sighed and said that Xia mian didn’t have a long way to go. she was still fine. last time, because she spent a

night with chairman ding, she had gotten a lot of money. these days, she would not reject anyone who could afford to pay.

in the end, sister Ying sneered, “she really thought that she would be able to become a diva!” Those who are truly powerful will not be easily subjected to the unspoken rules.” those people also knew that female celebrities with acting skills would always be highly regarded and would not be easily contaminated.

however, Xia mian didn’t understand. boss qin had lost all hope, so he gave up and focused on making money.

The villa was still missing about 20 million Yuan.

KING entertainment had warned Xia mian that it was clearly impossible.

It was dark, and he couldn’t find the way.

ye liangqiu smiled faintly. ” ah Xing, make the arrangements. twenty million to send Xia mian to su shicheng’s bed. ”

Xing nodded. ” okay, i’ll go and say hi to the brothers over there. ”

“i’m sure mr. su will be very satisfied with Xia mian.” Ye Liangqiu coldly laughed.

Xing didn’t understand why she was doing this. “Isn’t it better for Xia Mian to stay out of this?”

Why did she have to make contact with su Shicheng?

Ye Liangqiu didn’t say anything. She just looked at ah Xing and said gently, ‘ you’ll follow me from now on, understand? ‘

She used to be alone, and then there was Lin Xingyuan. Now, she was alone again.

This time, she had Xing by her side. She wanted to protect him and not let him lose his life like Xingyuan.

Sometimes, su Shicheng was right. She and he were actually the same. Cold blood flowed in their bones.

Xia mian saw the 20 million in cash. it was a day later.

the person she was dealing with was a middle-aged man. he wore sunglasses and looked like a bodyguard.

“Who’s the boss of Qin Zhuan studio?” Xia mian was still a little hesitant. the money came so quickly and so quickly, and it was proportional to her labor.

What if the other party was a pervert?

The man looked at Xia Mian with an indifferent expression. ” if you have special needs, you will need miss xia’s approval. of course, our boss will not mistreat miss xia. ‘

Xia mian was very excited. she wanted to buy the villa in full. the people living there were all famous people, and she dreamed of entering the rich area.

She stared at the money and hesitated for a while. Finally, she gritted her teeth and agreed.

“Alright,” he said. however, never in her wildest dreams would she have imagined that she would end up in su shicheng’s bed..
