

Thank you 1791

Chapter 1791 - 1791: Cool autumn, be obedient (3)

Qin PEI couldn't speak and could only cry.

Hong Ke, his wife. He would never be able to repay the debt he owed her in this life. In the end, he would have to watch their only son die with him.

"Dad, it doesn't matter! It's nothing to lose my life for the woman I love. I have three children with her." Qin Anlan's fingers gently touched Qin PEI.

At this moment, he didn't have any hatred.

Because the heavens had been kind to him, and the person he loved would always love him.

'Silly Liangqiu, those things have nothing to do with you. Why do you have to take all the blame on yourself?' she forgot that she was a woman.

she had forgotten that she was just as unfortunate.

What did she do wrong?

Qin Anlan slowly stood up. su Shicheng, let her out. I want to see her first.

su shicheng wanted to say something.

qin anlan's tone was very unyielding. "i'll count to three. if you don't let me go, we'll both die. ' su shicheng opened his mouth, but qin anlan had already counted, "1.

Ye Liangqiu shouted hoarsely,"an LAN, I'm not leaving!" I don't want to leave, I want to stay with you. Even if I die, I'll stay with Yingluo. I don't want to leave you again, never again."

His eyes were clear and cold as he counted. "2.....3....."

Su Shicheng instinctively released his grip. He did not want to die yet!

As soon as he let go, ye Liangqiu ran toward Qin Anlan with all her might. She didn't care about life and death, she just wanted to be with him!

She was wrong. She thought it was good for her to sacrifice herself, but in the end, he still wanted her and he still loved her.

" anlan, i won't leave you. i won't be stupid in the future. you're mine, mine and mine alone. i won't push you away again. " She fell to the ground, her palms touching the ground, covered in blood.

He stood in the wooden cell and said sternly, " please, drag her out!

there were still 26 seconds!

he had to let her go out for a walk.

yes, Your Highness! Kie got the order and ran over with red eyes. He picked ye

Liangqiu up from the back and dragged her to the door.

su shicheng did not stop him. in order for both of them to leave, he would let the other leave first before he left. After he left, he would deal with ye Liangqiu.

in short, she could not survive.

KIME dragged ye liangqiu away. ye liangqiu screamed and struggled with all her might. she opened her mouth and bit KIME's palm until it was bleeding.

however, KIME endured it and dragged her away.

their people also left.

Kie's eyes were red. The moment he stepped out of the room, he started to cry.

"Close the door." His voice was deep.

Ye Liangqiu let out a heart-wrenching cry, "don't!"

She seemed to have gone crazy. She didn't know where she got the strength to break free from the Kime, but she actually crawled and rushed inside.

An LAN, an LAN, he can't die, Wuwu.

i can't die!

KIME hugged her tightly from behind and said in a deep voice, "i promised president qin that i would keep you alive." and president qin didn't just do it for her, but also for the old madam.

the old madam had died a tragic death, so president qin would not let su shicheng off today.

ye liangqiu was hugged by the waist. she struggled and hit him, but it was useless. she could only watch the rustling inside.

don't whine! she shouted in a high-pitched voice before she passed out from her excitement.

No, don't whine

An LAN, I don't want to be like this. You can't die!

An LAN urged him to stay alive!

su shicheng naturally wanted to resist, but a row of armed soldiers immediately stood in front of the door and frantically swept their weapons at the people inside.

One by one, su Shicheng fell in front of him, and the document in his hand was also swept through..

Chapter 1792 - 1792: All of the love (1)

The people in front of su Shicheng fell one by one, and the document in his hand was also swept through. The shredded paper exploded, and a dense mist spread around him.

there was also a bloody hole in his chest!

His teeth were covered in blood, and he looked at the door with a ferocious expression.

they wanted to save qin anlan? Are you dreaming?

if he didn't get what he wanted, then everyone would die together! su shicheng opened his bloody mouth and laughed eerily, his voice wild, " qin anlan, even if that's the case, it's still my daughter who got KING entertainment! "

So in the end, he still won.

Qin Anlan's voice was very calm. my son. His surname is Qin.

Su Shicheng's facial muscles twitched for a moment before he gave a strange smile.

He pressed the button in his hand. No matter what their last names were, they would die together!

qin pei, let's have a showdown in our next life.

hong ke, i'm coming down with him. are you still so stupid to choose this useless man?

with that press, the entire villa exploded, and flames soared into the sky.

As su Shicheng wished, he blew himself up into a cloud of ash, and just like the paper in his hand, he was immediately engulfed in a sea of flames.

Everything disappeared.

including his ambition.

just as the fragments flew and shattered, the half-body in the wooden cell pressed his son firmly under it.

Qin PEI's body, like su Shicheng's, had exploded beyond recognition, his skin and flesh split open!

however, he had already hugged his son.

it had been so many years. he had regretted it. he wanted to go home, but he was afraid.

if he didn't, he would forgive him for making an Ian lose her father at such a young age. he was full of sins.

He was gasping for his last breath, just to see his wife and children.

hong ke made his heart ache.

her death made him wish he was dead.

He no longer had any reason to live, but he lived greedily, even if he had no legs or could not speak.

He remembered that he had a son!

he wanted to see him and repent to him.

an Ian was no longer the person he had left her with.

He was so good-looking, and he was deeply in love, just like his mother. 'an Ian, that's great. he's grown up to be like a man, unlike a bastard like him.'

the day he had been waiting for had finally come, but he had not expected that the only thing he could do was to protect him with his own body.

after so many years, he could finally hug him.

He hugged his son.

an Ian ... an Ian ... if you can live, can you forgive daddy?!

even if i'm not worth forgiving, can you forgive me?

If you forgive me and live on, then I'll have the face to see your mother. Only then will I have the face to atone for my sins. Only then will I have the face to take care of her down there, Yingluo. However, he was worried that an Lan's mother would hate him for his current state!

her bloody fingers trembled as she caressed qin anlan's face and hugged him tightly.

son, don't move!

don't move!

Dad is here to protect you. Don't touch Yingluo, even if there's a glimmer of hope, you have to hold on.

you have three children, and cool autumn is waiting for you.

she's very good and loves you very much, just like how your mother loved me back then.

An LAN, live well, Yingluo, live well.

Qin PEI's life was over.

his final position was to hold his son tightly in his arms. his body was burned and scorched, but he seemed to be frozen, lying on the ground and not moving at all..

Chapter 1793 - 1793: all of the love (2)

He could no longer speak to his beloved son, but his body expressed all his fatherly love.

'an lan, this can't make up for anything, but daddy wants you to live on, yingluo.

A drop of hot tear fell from the corner of the person's eye and instantly evaporated.

he endured the burning pain and the tightening of his skin .

His body felt like it was about to split apart. He seemed to have split into many people, many people.

He couldn't even tell how many injuries he had suffered, and he couldn't tell if he was still alive.

She only knew that she was being hugged tightly.

He smelled a familiar scent and closed his eyes. He felt like he had returned to his childhood. 'an lan, are you happy?

dad, happy, raise it higher! It was very high. Wasn't an LAN afraid?

a little higher, daddy raises it high he slowly lay down and desperately shrank his body.

it was his father. tears kept flowing from the corners of his eyes. the man he hated and loved was also dead.

But at this moment, he no longer hated her.

he thought, ultimately, that man still loved him.

A roar came from his throat. He wanted to live, he wanted to live and reminisce.

father, i want to live.

inside the villa, more than ten people in protective clothing rushed in with water guns in their hands. they directly rushed to the side of the wooden cell and tore it apart.

the surrounding fire was extinguished. a charred body was lying on the ground. the flesh on the body was almost burnt out, and the bones could be seen. however, he hugged the person under him tightly. his palm was black and shaped like a tent to protect yingying.

he flipped him over, carefully lifted the person below, and quickly walked out of the fire field.

Outside the villa, a tall and slender figure stood.

he looked at the person being carried out and said in a light tone, "Send him to the hospital immediately." thank you, Mr. Dean, " Kim said gratefully.

du yuesheng lowered her eyes. " don't tell president ye first. i'm afraid she won't be able to take it. " Besides, Qin Anlan probably doesn't want her to know. " yes! " kime nodded after a moment of hesitation.

Du Yuesheng's eyes were clear as she looked at the flames and said, " "Retreat! it won't be safe here any longer."

as he got into the car, he leaned on the back seat and remembered the call he had received earlier.

qin anlan's call.

he had always known that she liked ye liangqiu.

this phone call was a deal. it was qin anlan's final arrangement for ye liangqiu, and it was also his selfless love for her.

He had said that if anything happened to him, he, Du Yuesheng, would take care of ye Liangqiu. As for King Entertainment, it would all depend on Du Yuesheng's mood.

such a good thing was what all men wanted, but he was angry at that time.

but in the end, he still agreed.

He really did like ye Liangqiu.

she wasn't unscrupulous, but she liked it very much.

she liked him so much that she didn't want to give up on the opportunity.

Du Yuesheng closed her eyes and made a call, "If it can't be cured in China, we'll take a private plane to the United States," when he opened his eyes again, his gaze was heavy.

He thought that he should go and see ye Liangqiu.

Ye Liangqiu woke up in the hospital two days later.

She suddenly opened her eyes and reflexively lifted the blanket.

Her mind was in a blur, but she knew that she had to find it now. What was she looking for?

an Ian

As soon as he got down, his body went soft and he fell to the ground. The drip on his hand fell off, and blood stained the hospital gown.

"You're awake?" a clear and elegant voice sounded..

Chapter 1794 - 1794: all of the love (3)

"You're awake?" a clear and elegant voice sounded.

he gestured to the nurse beside him to help her up, but ye liangqiu refused. she struggled madly and called out qin anlan's name. by then, she had already remembered everything.

he remembered the sound of an explosion.

she had fainted, but she could still hear him.

"an Ian, i want to go see an Ian." she struggled with all her strength, but it was in vain.

she was extremely weak, but even so, she still made a fuss.

Tears rolled down from the corner of her eyes, glistening with water.

du yuesheng finally got up and used her eyes to signal to the nurse. the nurse let go of ye liangqiu and she fell into her arms.

She refused and struggled with all her might, but how could she be stronger than him?

with just a little force, she was trapped.

the man, who had always been serious, said in a low voice by her ear, "He's gone. Calm down."

Although it was cruel, he said it easily.

She would throw a tantrum, but it would be crueler to her if she didn't say it.

Ye Liangqiu was stunned.

it's gone?

what did that mean?

her gaze was fixed on du yuesheng. she was searching for something on his face and in his eyes, as if she was looking for an answer.

“what are you talking about?” “can you tell me where an lan is?” she asked softly. Where is he? is he in the hospital? is he injured?”

her expression was cautious, as if she didn't dare to raise her voice. the moment she raised her voice, the last dream in her heart was shattered.

That side of her broke his heart.

Her weakness and pain were all because of someone else.

du yuesheng was still a sentimental person. when necessary, he could be very ruthless.

Since he wanted to have her and be with her for a long time, nothing else was more important.

qin anlan is dead, ” he said in a pained voice.

he's dead?

how did yingluo die?

No, he must be lying to her.

An LAN was so omnipotent. He was such a smart person. He would not die for her. He would definitely find a way to escape. He was the kind of person who would only do things when he had a foolproof plan.

He was not an impulsive person.

how did he die?

She covered her head and refused such an answer. She desperately said, ” “no, no, he won't die. you're lying to me! Go away, go away Yingluo, I want an LAN, go away.”

she bit her lips so hard that blood came out, and the blood flowed down the corner of her mouth, dark red.

du yuesheng sighed, ” liangqiu, my condolences! ‘ i don't want to be sad!

what was she mourning for?

her an Ian was not dead. she did not need her!

she was going to find an Ian now. now.

She pushed Du Yuesheng away frantically and ran outside, stumbling. After two steps, her legs turned soft and she fell down.

he got up, ran, and stumbled out. when he reached the door, he was already extremely weak.

“mr. du, do you think we should use vedan?” the nurse said worriedly.

“no!” du yuesheng rejected him without thinking, ” she’s pregnant. ” I’ll follow her, you guys don’t go over.” as he spoke, he followed behind ye liangqiu. he watched as she ran forward with all her might while calling out qin anlan’s name.

she pushed open the doors of the wards and looked for him one by one, calling out to him ...

an lan, come out. you’re inside, aren’t you?

you must still be angry, right? that’s why you asked someone to tell me that you were gone!

i don’t believe it, i won’t be fooled ...

how could qin anlan die? they must be lying to me!

Chapter 1795 - 1795: I don’t believe it (1)

They must be lying to her.

An LAN would not die. She would definitely not die!

ye liangqiu desperately searched, pushing open the doors of each ward.

Those stunned faces were not her an LAN.

She lifted their blankets without a care. She was called a lunatic, but she didn’t care at all.

she dragged her remaining body, and her palm bled again. the blood dripped onto the hospital floor drop by drop, until she felt despair.

at the end of the hospital corridor, the sunlight was unable to penetrate the glass, leaving only a faint afterglow.

ye liangqiu was crouching on the wall, her fingers holding her head. she buried her face deep in her knees.

at this moment, she was not the strong ye liangqiu, not the queen of heaven, not even the mother of three.

she was just ye liangqiu who had lost her lover.

everything seemed to have returned to the past, back to the time when she had nothing.

Her body used to be so tough, but now, it was so fragile.

She cried in a low voice, wantonly venting the grief in her heart. Her cries gradually became louder and became heart-wrenching. “An LAN!” she closed her eyes and called his name, yingluo.

in the hospital square, a flock of pigeons was startled.

The pigeons were startled and flapped their wings to fly into the sky, blocking the sunlight in the long corridor.

the light grew dimmer and heavier.

she squatted there alone, as if she was the only one left in the world.

in the ward where she was squatting, a body was lying quietly, full of tubes.

he lay there, his whole body wrapped like a cast, unable to move at all.

his eyes were tightly shut, and his face could only see a pair of trembling eyes, but he could not open them at all.

his consciousness was distant, and his body was like fragments, piecing together piece by piece.

He heard someone crying. Who was that?

was it cool autumn? Was it his cool autumn?

was he dead or alive?

why was it that she could still hear the sobbing of cool autumn?

he wanted to get up and hug her, but he did not even have the strength to blink, let alone stand up.

she had regained some of her consciousness, but it also meant that the pain had intensified.

it seemed that she could no longer hear her cries of pain.

He tried his best to ignore his pain and feel her pain.

However, the pain was so intense that he could not resist at all. He could only follow his consciousness, rising and falling, rising and falling.

His fingers fell down again, returning to calmness.

He had fallen asleep. He had fallen asleep from the pain.

He didn't know when would be the next time he would wake up. At that time, would he still be able to hear her voice?

He fell asleep. Only when he was asleep would he not be in so much pain.

outside the door, a slender figure slowly approached her.

He stood beside her and said in a low voice, "Liangqiu, I'll send you back to the ward.

She stopped crying and rested her sharp face on her knees, looking ahead without moving.

Suddenly, she raised her eyes. an LAN? " when she saw the person's face clearly, she was stunned and disappointed.

It wasn't an LAN. He was Du Yuesheng.

She didn't move. Instead, she buried her face deeper.

She didn't want to talk to him and didn't want to see anyone.

at this moment, she just wanted to be alone and not hear any bad news.

"Go away," Her voice was hoarse, and her face was full of tears. They were dry, but they weren't. du yuesheng stood there, her voice a little dry."do you really love him that much?" she asked..

Chapter 1796 - 1796: I don 't believe it (2)

Du Yuesheng stood there, her voice a little dry. "Do you really love him that much?" she asked. She was silent.

"do you really love him that much?" he asked.

this time, ye liangqiu raised her eyes and looked at him. " it's none of your business. "

On her face, there was distance and resistance.

She didn't want him by her side, because she could vaguely feel that this man was taking care of her.

his appearance was related to an Ian, so she instinctively resisted.

However, Du Yuesheng bent down and carried her in her arms. His voice was a little tense as he said, " didn't you want to look for him? I'll bring you there!

she struggled but to no avail. he held her tightly and strode towards the building opposite.

he pushed open a door, and it was filled with a cold aura.

Ye Liangqiu began to panic. She struggled with all her might, scratching Du Yuesheng's face and neck with her gauntlet.

He let her hold him, only holding her body in place and warming her with his body temperature.

When they reached a door, a few medical staff were guarding the door, all wearing masks.

Du Yuesheng nodded slightly at them. She opened the back door and led them in.

ye liangqiu's body began to tremble, and so did her lips. they curled up into a ball, but she didn't know if it was because of fear or the cold.

Du Yuesheng hugged her tightly and said in a low voice, " didn't you want to see him? he's inside. she trembled and could not say a word.

he clenched his teeth and his face turned pale.

In front of her was the mortuary. The air that hit her face was cold and gloomy, as if it came from another world.

Ignoring her resistance, Du Yuesheng seemed to want her to give up. She nodded at someone.

the man was wearing a thick chemical protective suit. he opened a large drawer.

Ye Liangqiu stared blankly at him for a few seconds. She struggled with all her might and let out a shrill cry-

"No, I'm not."

It was not an LAN!

not yingluo.

She stared at it for a few seconds, and her face turned as white as a sheet. She vomited uncontrollably.

He vomited on Du Yuesheng.

“mr. dean,” the medical staff was shocked.

“Don’t worry,” Du Yuesheng stopped him.

he carried her out slowly. after she had finished puking, he patted her back and helped her wipe the dirt from the corner of her mouth.

ye liangqiu was lying on the corridor of the hospital, her fingers on the windowsill as she stammered.

her eyes were a little straight, and she seemed to be unable to see anything in front of her.

Her eyes were burning. She could remember that there was a man’s ring on the hand of the burnt body.

it was their wedding ring.

he was still wearing it.

Ye Liangqiu’s fingers clutched the window frame, her body on the verge of collapse.

however, she still struggled to stand up and stammer.

He slowly stood up and walked forward, step by step.

Du Yuesheng followed behind and wanted to help her up, but she pushed her away.

“mr dean, we’ve met by chance. you don’t have to be too good to me.” Her voice was clear and cold, without much emotion.

However, she stumbled as she held onto the wall and walked forward step by step.

She did not need anyone else.

An LAN wasn’t around, and she was alone. She would be fine.

He had thought that death would be easy before, but now, it would be very difficult.

Du Yuesheng was behind her and watched her leave slowly.

He somewhat understood why Qin Anlan liked her so much, Yingluo.

he had originally treated her as a substitute, but now, he seemed to like her a little.

he, wanwan, was powerless to do anything about this kind of love!

Chapter 1797 - 1797: The Qjn family’s successor (1)

ye liangqiu was sick, and kime and du yuesheng helped with qin anlan’s

‘funeral’.

It was done in a very low-key manner.

However, no matter how low-profile they were, there were still people who came to cause trouble.

the atmosphere in the qin family’s old residence was cold.

Ye Liangqiu was dressed in plain clothes. She looked at the Shen family’s parents and Shen RUO.

As for what they were here for, she knew very well in her heart.

“Aunt su, arrange for miss Shen’s family to offer incense.” ye liangqiu’s face was pale and sickly.

aunt su had suffered a huge blow. when the old lady died, she didn’t come back to her senses.

however, when the young master was no longer around, she woke up.

now, the young master had left behind three children, and liang qiu was the mother of the three.

no matter what, the young master was not around. the little young master and the little miss were the qin family’s hope. keeping cool autumn was also keeping the status of these children.

The others were all outsiders. Only su Xiu was an elder of the Qin family for decades, so her words carried weight. “please offer some incense, miss shen.” shen ruo did not move.

mother shen acrimoniously said, “su xiu, you might be wrong!” why are you not paying attention now? Our Shen RUO is the young mistress of the Qin family. It’s not her place to speak in the Qin family, don’t you think?” su xiu indifferently lit the incense and bowed three times to the portrait of the old lady. then, she turned back and slowly said, ” liangqiu is the mother of the qin family’s heir. why can’t she speak? ”

‘ our shen ruo is an Ian’s fiancée. she is more qualified to inherit the qin family’s inheritance. ” Mother Shen snorted coldly. don’t tell me you’ve forgotten about the engagement party that was held not long ago? ”

Su Xiu’s expression was very cold, and she had the demeanor of a great master. “Mrs. Shen, you also know that she’s unmarried! if they’re not married, how can they be legally binding?”

Mother Shen was stumped by the question. Her expression was a little embarrassed, but she was still unwilling to give up. “then what about this b * tch and her? what right does she have to stand here? she was the one who caused an Ian’s death.”

su xiu remained unmoved. ” because she’s the one young master loves and the one old madam likes during childbirth. ” mother shen gritted her teeth. ” shen ruo is pregnant with qin anlan’s child! ”

The people present were all shocked.

For a moment, su Xiu was not sure. Although young master loved Liangqiu, he was angry at that time. Moreover, Shen RUO was his fiancée. It was not impossible for him to really do something out of line.

therefore, su xiu was stunned.

because if it was young master's blood, she wouldn't dare to say she would abort it.

But in the end, he was still a scourge, and this child would only be a tool to fight for the family inheritance.

Just as he didn't know what to do, ye Liangqiu, who was still kneeling, softly said, "since miss Shen is pregnant, please stay with the Qin family. When the child is born, we can do a DNA test. Then, miss Shen's innocence will be clear.

Shen RUO was stunned. What hope was there left?

why should I listen to you?" she asked in a firm voice.

ye liangqiu, who had been kneeling with his back to him, slowly got up and staggered.

she snapped back to her senses and looked at shen ruo quietly. "is it enough for me to own 50% of KING entertainment's shares?" shen ruo was stunned.

How was this possible?

"Ye Liangqiu, I don't believe it! I won't believe it even if I die." Shen RUO recalled the day Qin Anlan left.

had he already made his decision then?

Just because of su Xiu's words, he believed ye Liangqiu and gave King Entertainment to her.

When he left, he decided to sacrifice himself to help ye Liangqiu?

then, what was she?

Shen RUO did not want to admit it.. In Qin Anlan's heart, she was nothing!

Chapter 1798 - 1798: the qin family's successor (2)

even if shen ruo didn't believe it, it had become a reality.

before President Qin left, he transferred all his shares to miss ye Liangqiu, "Kie said as he took out a document.

he added, "as for this ancestral home, i think miss shen should be very clear about what this means to the qin family. "

Of course Shen RUO knew.

She was so angry that her entire body was trembling.

how could qin anlan treat her like this?

He had always treated ye Liangqiu as his wife, but he had been engaged to her.

So, she was nothing to Wanwan.

“President Qin is giving miss Shen a villa as compensation. The lawyer will discuss the details with miss Shen later.” Kie’s voice was calm, and he didn’t say that it was ye Liangqiu’s idea.

president qin left so suddenly that he could only make arrangements for president ye. how could he take care of shen ruo?

Shen RUO shook her head and sneered. how can the child in my stomach only be worth a villa? ”

“shen ruo, do you love an lan?” ye liangqiu sighed.

“Of course I do.” Shen RUO was stunned.

“so, don’t make things difficult for those who have already left.” “Alright?” ye Liangqiu quietly asked.

shen ruo was completely stunned. she wanted to deny it and say that she was not doing it for the money.

But if it wasn’t for the money, what was it for?

she could not stand still.

“shen ruo, even if you have this child, KING entertainment will never belong to you. Moreover, there’s no such child.” After ye Liangqiu finished speaking, he ignored them and knelt down. let him leave quietly!

the shen family’s parents and shen ruo stood there. they wanted to kick up a fuss but they could not.

In the end, she flipped through the documents before giving up.

there was nothing else to say. even if shen ruo was pregnant, it would be useless. the child in her stomach was not ye liangqiu’s.

Before Shen RUO left, she gritted her teeth and looked at Qin Anlan’s photo. is it worth it? ” no one answered her.

from the beginning to the end, it was just a beautiful dream.

The person finally left, and it was quiet.

When su Xiu and ye Liangqiu were the only ones left, su Xiu’s voice was hoarse.

young Madam, I’m sorry for these two years!

ye liangqiu turned her head and looked at her. in the past few days, su xiu’s hair had all turned white, and she had aged a lot.

the corners of her mouth moved slightly. ” aunt su, i’m sorry.

She had thought that she could die together with su Shicheng, but in the end, she had indirectly caused an LAN to leave.

“Young Madam, I’m not an unreasonable person. I’ve wronged you,” su Xiu said
hittarlll

she didn’t mention those things. anyway, she believed in young madam.

If the young Madam didn’t love an LAN, she wouldn’t have given all of the shares to the young master.

The young master had left, but that was because he loved the young Madam,
Yingluo.

how could she bear to criticize such a loving couple?

ye liangqiu looked at su xiu, and her lips trembled. in the end, she hugged her.

aunt su, I’m very sad, Yingluo. I don’t know why an LAN and I ended up like this! She pressed her face against su Xiu’s shoulder. I hate that I’m su

Shicheng’s daughter. I hate my birth. I would rather my surname was ye.

how could su xiu not know her pain? because at this moment, liang qiu’s pain was her pain.

They could only huddle together for warmth.

“Liangqiu, I know everything! Even aunt su knows.” su xiu comforted her, his voice filled with sorrow.

ye liangqiu’s eyes were closed. ” but i still feel that he’s alive. he hasn’t left. ‘ “yes, he’s always been here.” su xiu’s sorrow was no less than ye liangqiu’s..

Chapter 1799 - 1799: The Qjn family’s successor (3)

Su Xiu’s sorrow was no less than ye Liangqiu’s.

She had been in the Qin family for her entire life, so she was considered half a member of the Qin family.

old mrs. han and an Ian had both left. her heart was empty, and she had lost her pillar of support.

However, Liangqiu was back, and there were three young masters and young ladies. Su Xiu could only live on because of this, Yingying.

ye liangqiu’s fingers suddenly grasped su xiu’s thin palm. in a very soft voice, she said,”Aunt su, promise an LAN and mom that you won’t leave me.” su xiu was startled.

“Aunt su, can you promise me?” Ye Liangqiu’s face rested on her shoulder. I’m sorry, Yingluo. I’m sorry. I made you lose everything, but I selfishly asked you to take care of the children.

Su Xiu’s hair was white, and tears were flying.

‘liang qiu, you silly child!’

She was clearly worried that she wouldn’t be able to survive, so she said that about Yingluo.

su xiu nodded vigorously. ” i will take care of it. i will always stay at the qin family’s house. i also have to take care of the young master and the young miss

‘wedding. ‘

“And don’t leave me,” ye Liangqiu said, gently hugging her.

su xiu’s tears flowed, and she kept nodding her head.

qin anlan ” was buried in the qin family’s cemetery on a drizzling morning.

as for qin pei, she was able to return home and be buried with mrs. qin. this was ye liangqiu’s idea. su xiu also knew that the old lady had never forgotten this heartless person, so she agreed.

in the drizzling rain, they stood there for a long time with the children.

the mist and drizzle washed away her last trace of weakness.

she could no longer show weakness. KING entertainment was waiting for her

that last night, she had intended to get pregnant, and she had his child as she wished.

Now, this child was already more than a month old and had already taken shape.

she had a bad appetite and coupled with morning sickness, her body was even slimmer. she was 172 cm, but she had already lost less than 50 kg.

ye liangqiu, su xiu, and the children moved back to the villa where she and qin anlan had stayed after their marriage. after a week of rest, they went back to KING entertainment to work.

she took over KING entertainment and made asia tv a subsidiary of KING entertainment.

du yuesheng had also helped her a lot, both openly and secretly. she knew in her heart but did not say it out loud.

if this man wanted to take care of her, she would refuse.

without an Ian, no one could replace him. even if it was his intention, she was unwilling.

King Entertainment was on the right track, she was in City B, and everything outside was handled by Kime.

Kie became a man in the air, flying almost every week to all parts of the world. He would occasionally complain, but it was just a joke.

ye liangqiu’s promotion to vice president was well-deserved.

However, ye Liangqiu, the KIME President who was supposed to be an Lan’s wife, stood in front of the window and sighed.

Kie took a glass of milk and placed it on the table. He took a cup of coffee and smiled. Mr. Ye, what are you talking about? ‘

Ye Liangqiu turned around, her hand on her lower abdomen, and smiled. I said, if only an LAN was here.

Oh? ” Kime was dejected.

there was a strange look in his eyes, but ye liangqiu didn't miss it. she just smiled and said, Kime, look at that huge piece of land. It'll be a Park in the future. It'll be beautiful from here.

president qin likes to plant a maple tree. ” kie smiled.

Because the Maple tree would turn red in autumn, and boss ye's name had the word 'autumn' in it.

Boss Qin would definitely like it.

ye liangqiu smiled faintly. ” alright. ”

“when autumn comes and the red maple leaves cover the ground, will he come back?” she turned around and muttered..

Chapter 1800 - 1800: will he come back?(1)

KIME's heart skipped a beat and he asked, ” “chairman ye, what are you talking about?”

“it's nothing!” Ye Liangqiu smiled and turned around. She held her four-month-old belly and slowly walked to the sofa. Kime quickly helped her sit down as if he was serving an Empress Dowager. be careful, Mr. Ye. This little guy is very naughty.

“yesterday, the doctor said that it's twins again,” ye liangqiu said with a smile.

what? ” Kime was stunned.

Two more!

then old qin's house would have five pixiu.(asking for the surface area of tang yu's psychological trauma. he obviously did that kind of thing a lot, so why is there only one little xin?)

Ye Liangqiu's fingers gently caressed her stomach. this morning, I felt the baby move.

KIME took a sip of coffee and made a mental note.

Ye Liangqiu sipped on her milk and looked at her friend. “have you been watching Cheng Cheng recently?”

yeah, ” kim replied. ” i've seen it! ‘ i found some connections and came out to meet him. ‘

he had already established his connections there. he would bring he huan over every year. when su Cheng went out, she would look normal. she would put on makeup and dress like a little princess, just like she did in the past.

she was always uneasy and said that she was different from before. In fact, he felt that it was quite good. The clothes did not suit her anymore because there was less stubbornness in her eyes and more gentleness.

he thought that it was time to change her style.

each time, they would spend about two days together like a normal married couple.

It was just that he felt a little sad when he left.

at first, su Cheng was a little uneasy, she was always afraid that he would regret it and that he could not wait any longer.

he didn't promise her that he would only pick her up on time for a walk the next time.

He was also very careful not to let her get pregnant again. He had he Huan, and letting her give birth to he Huan in prison was already a sin. How could he bear to do it? ten years. they only had ten years to meet ten times and they would be together forever.

ye liangqiu looked at the smile on kie's face and knew that he must be satisfied.

"i never thought that you and Cheng Cheng would end up with a happy ending," she said in a low voice.

Kime could not help but think of Qin Anlan. His brows relaxed a little, and he always had a strange look on his face.

ye liangqiu pursed her lips and finished the milk. " alright, you should go home early. you just came back from United States yesterday, right? " yeah, " kim replied.

the branch office over there is also stable. you don't have to work so hard to travel between the two places in the future. " ye liangqiu's tone was calm, and he looked at KIME indifferently.

However, Kie did not suspect him. He smiled. it's okay! Recently, the domestic capital is in a slump, so I'm still very optimistic about the overseas market in the mainland."

ye liangqiu nodded. " i trust your judgment, but you can't be too busy. take good care of he huan. ' I will, " Kim replied.

Ye Liangqiu slowly stood up and said, " i'm going for a prenatal examination later. you should go back and rest early! "

The one accompanying her was still Linda.

Linda sent away Kime, then turned around and said in a low voice, " "President ye, do you think there's something wrong with Vice President he?"

Ye Liangqiu shook her head. no, I've never doubted Kime's loyalty to the company.

then linda didn't understand. she didn't doubt yingluo, but she saw that ceo ye was very interested in KIME.

kIME didn't feel it herself, but she had been watching by the side the whole time and saw it all.

linda didn't dare to ask any more questions. she picked up ye liangqiu's coat and said softlv. CEO ve. it's windv outside. You should wear more clothes when

you go out!

ye liangqiu looked out the window and sighed."it's early autumn again, yingluo."
