

Thank you 1801

Chapter 1801 - 1801: will he come back?(2)

she stood in front of the floor-to-ceiling window and looked at it for a while before putting on her clothes.

Linda accompanied her, and when she went downstairs, she was surprised to see su Xiu.

“Aunt su, why did you come?” Linda said as she carefully helped ye Liangqiu into the car.

Su Xiu and Linda got into the car together. Su Xiu glanced at ye Liangqiu, but said to Linda, “i’m always worried. i’m also panicking at home. i thought about it and decided to come.

Ye Liangqiu smiled and patted her hand. aunt su must be complaining that Mumu is too clingy.

su xiu and linda both burst out into laughter, especially su xiu. after a short while, she sighed with emotion, “ this kid has grown so much. i don’t know how long he can stick to me, yingluo. or maybe i can’t live for long. ”

“nonsense,” Ye Liangqiu was slightly displeased. aunt su will definitely live long enough to see mu Yun get married.

Su Xiu laughed when she said that. Mr. Tang’s little guy seems to be very afraid of little young master. He’s very afraid!

ye liangqiu also smiled and stroked her lower abdomen. after a long time, she said softly, “Perhaps mu Yun has his own plans.”

she actually knew something, but an Ian was not around now. mu yun was worried about her, her younger brother, and sister, so she did not take action to provoke this child. she was really scheming.

su xiu nodded in agreement. mu yun, this child, was indeed very mature.

as they spoke, they arrived at shengyuan hospital very quickly. doctor mei was still there to check on the child. the child was very good. it was already four months old and both were boys (qin anlan’s strong genes).

After the ultrasound was done, ye Liangqiu slowly sat up. Dr. Mei’s gaze shifted from the screen to her face. She smiled and said, “ there are two strong little guys.

Ye Liangqiu made a sound of acknowledgment. When the ultrasound results were out, she looked at the small black dot on the picture and was somewhat entranced.

Dr. Mei also accompanied her. Ever since an Lan’s accident, everyone had been taking good care of Liangqiu, afraid that she would take things too hard.

after all, an Ian had just left for a while, and it was quite difficult for liang qiu.

When she went out, doctor Mei helped her.

doctor mei was actually at the age of retirement. however, for the sake of liang qiu's child, she had deliberately delayed her retirement. when the two children were born safely, she would be considered to have fulfilled her merits.

ye liangqiu walked out with her. su xiu and linda were waiting outside. when they saw doctor mei, they immediately asked, "how is it?"

"both the adults and the children are fine, but liangqiu is too skinny." Dr. Mei held ye Liangqiu's shoulders with both hands and smiled slightly.

Upon hearing that the child was very good, su Xiu's eyes narrowed and she couldn't close her mouth. of course. I will definitely raise the mother and the two children until they are fair and chubby.

As she said this, her heart ached again. it's been hard on you, Liangqiu. There aren't many girls willing to have five children these days.

ye liangqiu's heart was like a dog's. he said it like a pig.

she coughed lightly. " both times, it was an accident. ran ran had no choice but to get pregnant with two. "

However, she knew very well in her heart, how did she get the two babies in her stomach?

that night, she had deliberately seduced him, and that was how they had had these two children.

at that time, she had thought that if she was alive, this child would be her salvation. however, she had not expected that an Ian would be the one in trouble.

Ye Liangqiu reached out and gently stroked the children. As if they could sense her emotions, the two children moved at the same time and kicked her hand..

Chapter 1802 - 1802: will he come back?(3)

As if they could sense her emotions, the two children actually moved at the same time and kicked her hand.

"In short, it's been hard on you." su xiu thought for a moment. " in a while, aunt su will personally buy fresh pig trotters and simmer them with soybeans. it's the best for replenishing collagen and also can produce it in the future. "I

Healer. "

Linda chuckled, and ye Liangqiu had no choice. aunt su, isn't it too early? "

"why would it be early? we must prepare for this early." su xiu's heart was full of chubby boys, and liang qiu could also be fattened up, so that it would be easier to give birth. a woman who was too thin would also hurt her vitality when giving birth.

hearing her words, ye liangqiu looked at dr. mei with some resentment. dr. mei smiled.

seeing them like this, he felt relieved and watched them leave together.

ye liangqiu, su xiu, and the others walked to the elevator door and unexpectedly met an acquaintance.

Shen RUO.

And it was the real Shen RUO who was pregnant.

although her belly had not bulged yet, however, the man beside shen ruo carefully supported her. one look and one could tell that she was pregnant.

then, was she pregnant with someone else's child when she was engaged to an Ian?

what a big heart!

At this time, su Xiu's face was also livid, and she had already guessed it in her heart ...

this woman was really shameless. when the young master was here, she dared to make him a father. when the young master was not here, she even dared to use the illegitimate child in her stomach to ask for the qin family's inheritance.

she was really shameless.

shen ruo also did not expect to meet ye liangqiu and the fierce old woman, su xiu.

This old woman had never liked her, not in the past, and not in the present. now that they met, enemies were bound to meet on a narrow road.

su xiu's gaze fell on the man beside shen ruo. he was a four-eyed frog. he was small and weak, and he did not have much meat on his body. one look and one could tell that he was definitely taken by shen ruo.

come to think of it, a man who couldn't control his woman, who was clearly pregnant, but was still being blamed on another man, was weak and useless.

cool autumn could be dismissed, but su xiu felt that he had to say something.

this was too outrageous.

"young lady Shen, what a coincidence." there was shrewdness in su xiu's eyes. 'you have a boyfriend so quickly? you're here for a prenatal check?'

Shen RUO's face was a little pale. She didn't know if it was because of her early pregnancy or because of the man beside her.

she nodded and did not say much.

Su Xiu sneered. He couldn't tell that she actually still cared about this man.

However, no matter how much he cared, he was just a spare tire.

if she did, she wouldn't have clung onto young master.

“However, you have our young master’s child in your stomach, so you still have to take care of yourself,” su Xiu continued.

Shen RUO’s face turned even paler. She gritted her teeth.”What nonsense are you spouting?”

The man beside her was already looking at her with suspicion. She couldn’t not care because she was pregnant. If he didn’t marry her, it would be difficult for her to find a good man in the future.

su xiu sneered. ” at that time, weren’t you quarreling with your parents at the qin family, saying that you were pregnant with young master’s child? ”

Su Xiu said another heart-piercing sentence. you should know very well whose child it is, right? ”

“of course i know who the father is.” Shen RUO blurted it out, but she regretted it the moment she did.

“Qin Anlan never touched me,” she said in a low voice.

She wasn’t willing, but she had to explain..

Chapter 1803 - 1803: Will he come back?(4)

After Shen RUO finished speaking, su Xiu sneered.

It turned out that she had not slept with him. She really had the cheek to say that she was pregnant with young master’s child and that young Madam should not have given him that villa.

However, it was not impossible to take it back now. He could Sue Shen RUO.

however, ye liangqiu used her eyes to stop su xiu. she said to shen ruo in a calm tone, I also believe in miss Shen’s innocence. Also, I hope that miss Shen will find a suitable marriage partner.

shen ruo did not expect her to be so magnanimous and easy to talk to. the man beside him had a complicated expression on his face.

he was a university professor and had liked shen ruo for many years, but shen ruo had rejected him.

a month before her engagement, they had sex once. it was shen ruo who got drunk, and so did he. that was why they got together in a daze.

after that, there was no ‘after that’. it was only when she got engaged and qin anlan passed away that she came to him and told him that she was pregnant.

It was his child.

he didn’t ask further. he felt that if she said it was his, it was his.

But he had never thought that this child had been used by her.

If the Qin family had acknowledged this child back then, would she still have returned to his side?

The man was a little hesitant and displeased, but he did not show it. He only said indifferently, ” it’s our turn to check. Shen RUO hummed softly and left with the man.

when she left, her face suddenly turned pale.

she had only just realized that ye liangqiu's stomach had grown.

they were both four months old, but ye liangqiu's stomach was particularly big.

Thinking about it, Qin Anlan had decided to get engaged to her, but he had rolled around with his ex-wife at night. The bedsheet ... it was ironic.

Finally, Shen RUO had no more lingering feelings. She took a deep breath and walked into the obstetrics department.

She should be satisfied with the child's father beside her.

however, she could not lie to herself. the only person she liked was qin anlan. but he did not want her.

outside, su xiu snorted. "fortunately, young master didn't marry her! "You're really shameless."

Ye Liangqiu looked at su Xiu and sighed. I do hope that an LAN will marry her one day.

su xiu's heart ached when she heard this. she had not let go of cool autumn.

her lips moved. she wanted to comfort him, but she didn't know what to say.

Because su Xiu was also in grief. They were just warming each other up.

Ye Liangqiu's gaze fell on su Xiu's face and she smiled. but this day will never come.

if an lan was still alive, he could only marry her.

Su Xiu let out a sigh of relief and helped ye Liangqiu to the car downstairs.

After getting into the car, su Xiu was relieved to see that she was in a good mood. The car stopped at Chao Shang for a while, and su Xiu personally took all the ingredients and prepared to make a good steamed bun for dinner.

Linda also went to get a meal.

After dinner, ye Liangqiu took a walk in the villa's yard. She had this habit so that her delivery would be smoother.

mu yun accompanied her, her big hand holding her small hand.

It was a little cold at night, so she pulled mu Yun's little body into her arms for warmth.

perhaps the little guy was almost ten years old, so he was a little shy. his little face was a little red and hot, but he still stayed in his mother's arms obediently.

Ye Liangqiu looked up at the bright moon in the night sky and sighed. "muyun, do you miss daddy?" mu yun's body tensed up. she did not say anything and just hugged her tightly.

ye liangqiu's palm gently stroked his little head, and she smiled. "dad might still be alive. your uncle KIME might be taking care of him. yingying, when mom finds out, she'll let you see him..

Chapter 1804 - 1804: Will he come back?(5)

Mu Yun raised her eyes. really? ”

“Of course it’s true,” ye liangqiu reached out to stroke her son’s head and said gently, ” but mu yun, you have to keep it a secret. ‘

Momo and Mumu were still young, so they did not understand these things. However, mu Yun was sensitive.

although he didn’t say it, ye liangqiu knew that he was very sad, yingying.

she hugged mu yun again and said in a soft voice, ” it will be the mid-autumn festival in a few days. ‘

But, an LAN, where was he?

mu yun’s small hands hugged her. ” daddy will definitely come back. ‘ She hummed in acknowledgment and hugged her son tightly.

su xiu was standing under a big tree at the side. she had originally called liangqiu for supper, but she had not expected to hear this conversation.

su xiu’s eyes slowly shed two lines of tears, and her whole body was trembling.

She knelt down under the tree, put her hands together, and muttered, ” “Old lady, if you know in the netherworld, you must bring young master back safely.” these days, she could clearly see that young madam had been working too hard.

She had lost an LAN, worked hard to support such a large company alone, and was also pregnant.

Even if doctor Mei did not say anything, she could tell that Liang Qiu had lost a lot of weight.

however, no matter how much su xiu thought about it, she had never thought that an Ian might still be alive.

That’s great, that’s great, old lady, that’s great.

su xiu’s old tears kept flowing. under the moonlight, they seemed very bright.

However, she had also heard what the young Madam had said. She couldn’t tell anyone. If she did, it wouldn’t work ...

After all, he was an old man, and his mind was a little slow to believe in such things.

when ye liangqiu and mu yun left, she glanced at the dark corner of the room.

she knew very well that su xiu’s inner pain was no less than hers.

su xiu had been with the old lady since she was ten years old. she had watched the old lady give birth to an Ian and watched an Ian grow up.

the qin family was su xiu’s roots, so an Ian’s departure was a huge blow to su xiu.

she was now almost certain that the person buried in the qin family’s cemetery was not an Ian.

she had done a DNA test, but no one knew.

As for why this person was said to be an LAN, she thought that there was only one possibility-an LAN was still alive.

In the past, she had also suspected that Du Yuesheng had some ulterior motives. However, more than two months had passed and that person had been well-behaved and well-mannered. He would not go overboard.

in that case, she knew that there were other reasons.

he had no other choice.

she had no other wishes in her heart. she only hoped that an Ian would return to her side safely. nothing else mattered.

su xiu watched as the mother and son returned to the villa. then, she knelt down in the direction of the old lady and mumbled to herself. After he came back, he started to burn incense and pray every day.

ye liangqiu saw this madness, but he didn't stop wufu.

Su Xiu's body was originally not good, but after finding something to do and have a thought, she became a lot stronger.

the days passed. the mid-autumn festival was spent with the old and the young. when it was november, the weather turned cold.

Kime had someone plant a maple forest on the land that she had bought-

At the end of November, the Maple leaves were all red. From a distance, they looked like burning flames, which was very beautiful and spectacular.

ye liangqiu could see the red from her office.

Her lower abdomen bulged. She was six months old, and the two little fellows had already filled her stomach to the brim.

Kime, do you think an LAN will like that maple forest since she's still here? ' she stood there with her hand on her stomach and smiled..

Chapter 1805 - 1805: follow KIME (1)

Kime, do you think an LAN will like that maple forest since she's still here? " She stood there with her hand on her stomach. Her body was not as agile as before, but her cheeks had gained some weight from the nourishment of su Xiu's strong nourishments. They looked fair and beautiful.

Kie stood beside her and followed her gaze. He saw that the Maple Leaf was burning like fire.

"He will, he will definitely like it," he said after a moment.

Ye Liangqiu grunted and turned around. how are your preparations for the trip to United States tomorrow? "

i often fly there, " kie laughed. " i have everything there, but i don't really have much to prepare. "

Ye Liangqiu nodded. that's true! you'll be gone for a month this time, and you don't want to miss huanhuan!" she sounded like she was complaining that he was too cruel to the child.

there's no other way! Kim laughed bitterly. However, the nanny at home is very good. It saves me a lot of trouble."

"no matter how good i am, i can't compare to you, my father's company." Ye Liangqiu looked at him. in the future, you should reduce your work there. You can go there for a month like this. Let others go.

She paused for a moment. she's a middle-and high-level executive in the company who has recently been promoted. She's quite capable. You can consider letting her go and give he Huan more time.

I'm working hard for the company! Kime laughed. He was familiar with her.

These two months had been extremely hard for both him and ye Liangqiu.

The merger with Asia Vision wasn't that simple either. There were too many interests involved, but fortunately, they were all resolved.

Now, she could finally heave a sigh of relief. United States had to go to the United States often. kie stopped thinking about it.

ye liangqiu smiled. " i'll give you five percent of the shares under my name.

no, ceo ye! " you only have 50%, that's no good. even when president qin was still around, there wasn't such a rule."

However, ye Liangqiu was firm. just based on what you've done for the Qin family and King Entertainment. With an LAN around, this five percent is what you deserve.

She paused. although Asia Vision is merged with Kime entertainment, it's still an independent entity. I plan to hand it over to you in the future. Kime, Don't

Let Me Down.

she said this not only because of KIME's strong ability, but also because of an Ian's wish.

we'll talk about this later, " Kie said softly. right now, I want to develop our branch in the United States Well. In the next one or two years, whether King Entertainment can successfully connect with the world will depend on the situation there.

ye liangqiu looked at him for a while, then smiled."Of course." kie looked back at her and felt that she was a little mysterious.

Did cool autumn know something?

that's not possible!

He had always been very secretive, so she couldn't have found out.

Besides, President Qin had already arranged his funeral, so how could she suspect him?

he must be thinking too much, yingluo. However, just in case, Kime still paid extra attention.

three days later, in the United States.

After Kie finished his business, he drove to a private nursing home in the suburbs. It was located in a very elegant environment and was very hidden. Ordinary people could not get in.

The car entered the gate and drove for about five minutes before stopping in front of a three-story building with white walls and red tiles. The building was exquisite and quiet.

kie reached the second floor, pushed open a thick wooden door, and walked through a glass door before entering the innermost sterile room.

Chapter 1806 - 1806: follow KIME (2)

in the clean ward, a person tightly wrapped in gauze was lying quietly. if it were not for his chest slowly rising and falling, one would think that he was dead.

kie changed into his dust-free clothes and walked over. he slid his hand on the metal plate and the glass door slowly opened.

He walked to the hospital bed. All he could see were cold machines and lifeless tubes.

The person on the bed was breathing weakly, taking in oxygen.

However, he was awake, and only his eyes were exposed.

through the mirror, he opened his eyes a little and looked at his friend. his lips moved, but he couldn't say a word.

kie made a shushing gesture, bent down, and whispered a few words into the man's ear.

The man's eyes were slightly opened, and the light in his eyes seemed to be magnified.

Although most of his face was covered, one could tell that he was smiling from his eyes.

He laughed happily, even though this smile had already used up all his energy. Even if he lived past today, he didn't know if he would have a tomorrow.

At this moment, he was already very happy because she was fine and had two children.

his child!

he had never dared to think that liangqiu would be pregnant. yingluo had only indulged herself for one night.

There were so many things he wanted to ask Kime. It was about her and his three children.

however, he couldn't speak. he could hear, but that was only when he was awake. most of the time, he was unconscious.

He tried not to sleep, because if he did, he might never wake up again.

Every day, when he opened his eyes, he would wait for someone to appear and tell him about her. if he knew that she was sad, he would be sad. if he knew that she was fine, he would be fine too.

But in the end, he did not tell her about her and Du Yuesheng. He thought that it was fortunate that he could not speak, otherwise, he would want to ask Yingluo.

He hoped that she could find someone to rely on, but he was most afraid of such news.

He looked straight at Kime, who was stunned for a moment. He smiled and whispered in his ear, ” “the doctor said that his life will be out of danger in a few days.”

For the past two months, they had been on the edge of life and death. No one knew how long Qin Anlan could live.

Moreover, he didn't want cool autumn to know about his current appearance. Suffering once was enough. He did not want Liang Qiu to suffer twice.

the person lying on the bed had a calm look in his eyes when he heard what RIME said.

what did it matter if she died or lived by him?

To live like this was actually better than dying.

however, he was still a little greedy. if he was alive, at least he could see her, from afar.

Kime's gaze fell on his face. Suddenly, he heard an alarm go off and his eyes turned cold.

Someone had entered.

Meanwhile, the person on the bed let go of Xuxu.

it's her. is she here?

“i'm going out for a while,” kim said in a low voice as he bent over.

As he spoke, he turned around and slowly walked out. At the door, he placed his palm on the piece of metal. The door closed, and a white wall slid past the piece of glass. The surroundings became like a corridor, and one could not tell that there was another cave inside.

Kime pursed his lips, walked to the other elevator, and quickly disappeared.

a moment later, a slender figure slowly appeared in another direction. her lower abdomen was slightly raised.

She slowly walked over to the place where Kime had stayed. She stayed there for a long time.

there was nothing here, only smooth walls and a faint smell of disinfectant.

That smell was strange yet familiar..

Chapter 1807 - 1807: follow KIME (3)

She gently closed her eyes. Although Yingying couldn't see anything, she knew that an LAN was here.

You're here.

i can smell your scent, and no one can replace you.

why don't you want to see me?

I know you're alive, living with difficulty, Yingluo.

i will wait, and so will the child.

she stood there for a long time.

when kie came out of the elevator and saw her, he seemed surprised. 'mr. ye? what are you doing here?' boss ye?

ye liangqiu's face was indifferent. it had been a long time since kie called her chairman ye, but he had not realized it!

This was probably what it looked like when one was lying. ye liangqiu looked at him and said slowly, "i came to United States for something. i heard you were here, so i came to take a look."

'an old friend is here!' kim nodded. i just finished visiting."

at this time, his expression was normal, and one could not see the fluctuations in his emotions at all.

ye liang stared at him for a long time and then smiled. "that's good. how is he now?"

Kime paused for a moment before he said, "the situation is good!"

"It's good that you're alright." "if there's anything you need help with, just let me know," ye liangqiu said in an even more indifferent tone.

"i will," KIME replied.

after saying that, he felt mr. ye's gaze on his face. he looked at him for a long time and his gaze made him a little scared.

After a long time, ye Liangqiu smiled. I'll take my leave first. KIME immediately followed and coughed. "I'll send you off, CEO ye."

"i'll be staying in United States for a week," ye liangqiu said after a pause.

'what?' KIME was shocked.

Mu Yun was the eldest son of the Qin family and was going to inherit the Qin family's business in the future. It was obvious what it meant to send her to the Tang family.

Moreover, the ten-year-old ye Muyun could already see that his future was limitless, while Momo was still young. The two babies in her stomach were even more uncertain. Wasn't it too rash to make such a decision now?

Son, was she giving her son to Tang Yu?

Tang Yu would die from laughter?

his little Xin Xin was smart and cute, but it was hard to explain in a few words.

Boyi's businesses were spread all over the world. If mu Yun went to the Tang family, it meant that he would have to carry Boyi in the future.

after all, he wasn't her biological son, so she had to put in a few times more effort to make him feel heartache. she wanted to say it, but she was in no position to do so. she opened her mouth for a long time, but no words came out.

however, he was still a little shocked when chairman ye told him this news.

although they had a good relationship, they were still outsiders.

‘ what? ’ kie's heart skipped a beat. he thought about how boss ye had followed him here. it was obvious that he was suspicious of the truth.

Mu Yun's matter was most likely orchestrated by boss ye, and he didn't dare to think about the purpose.

he didn't dare to tell boss qin about this.

KIME felt like he was stuck in the middle, like a sandwich biscuit. it was very hard on him.

ye liangqiu smiled, “this is mu yun's own idea. moreover, qianqian ...”

she lowered her head. ” there are too many children at home. i can't take care of mu yun, so i might as well do as he wishes. ‘

Kime was still in shock. Wasn't this kind of carefreeness too casual?

This is my son, not some random cat or dog.

the driver had already opened the door for ye liangqiu. before she got in, she looked at the three-story building again. ” please continue with your work. i can go back by myself! ” she said.

He paused for a moment. if your friend recovers, don't forget to let me know. Let me be happy too..

Chapter 1808 - 1808: follow kime (4)

What else could Kime say? all he could do was nod.

it was obvious that boss ye was suspicious of him.

it's probably not as simple as just suspicion now, yingluo.

But he couldn't understand why Chairman ye didn't force her to dig three feet deep. If she wanted to do it, she could do it.

After sending her off, he stood at his original spot and smoked a cigarette.

this matter was really difficult for him to handle.

after a long time, he received a call from chairman ye. chairman ye's voice was very calm. ” excuse me, you're quite busy. why don't you bring he huan over to United States? it'll be more convenient for her to live with muyun. ‘

The muscles on Kie's face twitched. After a long while, he said in a deep voice, ' thank you, Chairman ye, but I don't think it's necessary.

He had been threatened. Boss ye knew far more than he had imagined.

But what could he do now? he just lay there and refused to see her.

He let out a breath and said in despair, if there's a situation, wanwan, i mean, my friend is in a situation. i'll let ceo ye know immediately. " Ye Liangqiu made a sound of agreement, seemingly satisfied.

" what the hell is this? " KIME snuffed out the cigarette after he hung up.

He slowly walked into the three-story building and went to the ward. The person lying in the ward had already fallen asleep.

go to sleep! Kime looked at her for a long time before he squeezed out a sentence. it won't hurt anymore when you're asleep." he sat down, and only now did he dare to touch his kasaya.

She asked him softly if he was in pain.

however, no one could answer him.

Qin Anlan lay there quietly without a sound.

It had only been half an hour since they last spoke, but it felt like a century to him.

"she came, she knows you're still alive! but i didn't let her see you. i was afraid she wouldn't be able to take it. " she's pregnant. It's not like she didn't guess it. She knows that you're still alive. You must be living in pain.

this kind of news was a form of redemption for her.

however, looking at his miserable appearance, it was too cruel.

he didn't want her to see him, so she didn't insist. perhaps she had already guessed that she was doing this because she didn't want to disturb him.

"Live on! i believe that no matter what she becomes, she will still love you.

live on, " kim said with a bitter smile.

the man lying on the bed relaxed his eyebrows, but his eyes were still closed, and he was still in a daze.

only in the dream, there was no struggle, no pain.

Only in his dreams would she still be his wife, and he didn't have to think about what he had become. He didn't have to think about whether he was too ugly to stand beside her.

the expensive black rv was filled with paper towels.

Ye Liangqiu sat in the back seat, still rubbing her nose and whining.

“President ye, what’s wrong?” Linda asked carefully.

ye liangqiu pursed her lips. ” no, i’m happy. very happy.

Linda replied with an “Oh,” but she still didn’t understand.

Ye Liangqiu rolled down the window and looked out at the trees passing through the road. She couldn’t calm down for a long time.

Even though she had her suspicions before, she couldn’t be sure. But now, she was sure.

An LAN was still alive.

in fact, she only wanted him to be alive. he was alive.

the sound of the explosion was still lingering in her mind.

She had never dared to think that an LAN might still be alive. But now, he was really alive.

even if they did not meet, it was good to know that he was alive.

She believed that when he recovered, he would come to see her. She didn’t believe that he would be willing to leave her..

Chapter 1809 - 1809: He’s still alive (1)

Cool autumn was the same as Kime, traveling between B city and new York.

She did not request to see Qin Anlan directly because she knew that he would not want to see her.

She didn’t mind, but he would.

Sometimes, a man’s self-esteem could not be crossed.

KIME wouldn’t tell her everything, but she was satisfied to know that he was alive.

As long as he was alive, she would be by his side.

in another way, he accompanied her.

B city’s maple leaves were even redder, but she never got to see him.

KIME’s message was always vague.

and she was waiting anxiously.

When winter came, she couldn’t take it anymore. She went to the United States, ignoring her eight-month stomach. There were no maple leaves in the United States.

there was only the smell of disinfectant.

however, when she arrived at the private hospital, he was no longer there.

kie said that he had left and he did not know where he had gone.

but he was so weak, where could he go?

Ye Liangqiu’s hands and feet were soft, and she didn’t know where to go to find him.

a person without an identity naturally could not be found using ordinary methods.

“Don’t worry, boss ye. Boss Qin will take care of himself.” he’s fine now, ” Kim said in a hoarse voice.

ye liangqiu held her stomach as she stood in front of the floor-to-ceiling window of an Ian’s apartment in new york.

if he didn’t return here, where could he have gone? excuse me, can he go back to b city alone? ” She said softly, ” he can’t go back on his own except for his private plane, can he? ”

KIME looked straight at her. “so you want to wait for him here, boss ye?” Ye Liangqiu pursed her lips. I want to have a baby in new York.

She stretched out her hand and gently rubbed her stomach. I think an LAN must really want to see them too.

Kie was silent for a long time. Liangqiu, don’t wait for him. He won’t come back.”

“don’t tell me how ugly he has become.” she was still standing there, facing the light, and a faint halo floated around her body. since she was pregnant, she looked like she was enveloped in a layer of holy light.

her voice continued, ” please, don’t tell anyone about this. if he doesn’t want me to know, then he definitely doesn’t want anyone else to know about yingluo. i don’t want him to get hurt.”

she slowly turned her head. ” if he comes to you one day, please think of a way to bring him home. ‘

King Entertainment was located in B city, and most of the children were also in B city. An Lan’s roots were in B city, and she wanted to bring him home.

the things that she could not do, she could only let kime do it.

an Ian could use her life to protect her, and she could also endure it for him. “think of a way to make him live a better life.” she turned around.

as she said this, she felt a lump in her throat.

in the past, qin anlan lived a life of luxury, but now, he had left on his own. what kind of life was he leading outside?

She did not know. She was worried that he would not be able to take care of himself.

In fact, she didn’t dare to look for him without restraint, for fear that he would run away.

She had a feeling that he would appear when she gave birth.

don’t worry, I will, ” Kime nodded.

He looked at her stomach with some worry. Because she was pregnant with two babies, her stomach was exceptionally big. Eight months was like a full term.

all the prenatal examinations were done in B city. he felt that it was inappropriate to do it in new York.

However, ye Liangqiu had already decided, "I'll temporarily bring su Xiu and the children to new York for a walk."

Her voice softened a little. after the delivery, if he doesn't show up, I'll go back to B city.

Kie sighed in his heart. She did not dare to force Qin Anlan..

Chapter 1810 - 1810: he's still alive (2)

Kie sighed in his heart. She did not dare to force Qin Anlan.

This kind of love was too careful and too humble.

since she had made up her mind, kime would make the arrangements.

three days later, su xiu, momo, and mumu arrived in new york and moved into qin anlan's apartment.

On the first night in New York, Kime had a sumptuous meal with him at the apartment.

su xiu had prepared a table of good food, but she still looked a little uneasy and looked around.

ye liangqiu knew what she was looking forward to, so she only smiled faintly. ' aunt su, this dish is the best. have a few more bites. "

su xiu looked at her. " this child. she's pregnant. she doesn't eat more. instead, she's asking me to eat more! "

"I'm just afraid of getting fat." Ye Liangqiu smiled faintly, but still tried to eat more.

Although su Xiu did not see Qin Anlan, she felt more at ease when she saw that

Liang Qiu was in a good mood.

the young master should be alive.

however, liang qiu was still skinny. where did all her food go? she didn't seem to be gaining weight.

after eating, he didn't immediately leave. when ye liangqiu returned to the study, he accompanied su xiu to the kitchen to clean up.

su xiu usually didn't want to provoke liang qiu, but she didn't dare to ask anything to KIME.

while washing the dishes, the old man nagged, " Shuheng, you can't hide everything from me.

aunt su, I wouldn't dare to hide it from you. su xiu glanced at him, lowered her head to wash the dishes, and snorted. ' i just want to know if young master is still alive. "

"Aunt su, please don't make things difficult for me."

although he said that, he still felt sorry for the old lady. aunt su had aged a lot in the past six months. her hair had turned white, and she was not as energetic as before.

su xiu threw down the rag and said in a strong voice, "you little aunt, i gave you so much rice in the past for nothing. "

"what?"
"what?"
"what?"
"what?"

Just as she was at a loss and didn't know what to do, su Xiu wiped away her tears. Her voice softened, but it was also very desolate. I've been in the Qin family for so many years. I have nothing else to ask for. As long as an LAN is still alive, I'd rather go to hell and accompany the old Madam now.

"aunt su, why do you have to do this?" kim asked.

she couldn't bear to do it, but she thought in her heart that this was revealed by ceo ye, so su xiu was so persistent.

she whispered,"i can only say that he's alive." As for his whereabouts, I don't know either, nor does CEO ye."

he sighed. "aunt su, president ye doesn't want to force her. you're the same. don't force president qin to have no place to stay. "

Su Xiu recalled the fire and the explosion, and her heart trembled.

She wasn't stupid. It was impossible for a person to not be injured in such a big fire.

The young master had been hiding for so long, so he must have been seriously injured. Just thinking about it made su Xiu's heart clench, and it hurt.

"An LAN has never had a hard life." Su Xiu said in a low voice and wiped her tears. but he's so capable, so he'll always be able to make a living. "haha!"
KIME laughed. aunt su's self-healing ability was too good.

he secretly heaved a sigh of relief. it seemed that everyone knew.

He thought he had hidden it well.

Just as she was thinking, su Xiu's desolate expression changed. After wiping her tears with her apron, she looked very mysterious..
