

Thank you 1841

Chapter 1841 - 1841: sleeping with the wrong person (5)

Du Yuesheng's voice sank. you can't let Chairman ye know about this, understand? ”

The Secretary nodded and thought, “does President ye know about this? it depends on whether you've blocked Miss Linda's mouth!”

“Alright, you may leave! let me change the bed sheets.” du yuesheng wanted to take a rest after settling her matters.

After all, he had indulged himself in the middle of the night and had not slept for the whole night. He needed a good rest.

he was over forty years old and paid special attention to health.

the secretary was about to do something when du yuesheng stopped him, ” “Forget it, there's no need to change. Don't let anyone disturb me this morning. ”

When he was alone, he couldn't fall asleep even when he lay on the bed with the woman's scent. His body was still naturally a little restless.

he sighed. perhaps he was really old and could no longer touch young girls.

This liveliness really couldn't be stopped once it was eaten.

She got up and changed the bed sheets.

when linda returned to the apartment, she didn't look abnormal except for a slight tiredness.

When he returned, ye Liangqiu was sitting on a recliner in front of the window, holding an ‘an in her arms and feeding the child.

Her long hair was naturally let down, and she was wearing a white nightgown that was open. She looked down at the scene of the little guy eating the Yingying, and it was an indescribable beauty.

Linda looked at it and swallowed her saliva silently, her fingers unconsciously reaching for her stomach.

the old man had planted the seed last night, and she had just put it out with a small pill.

she would not have a child.

However, now that she was watching CEO ye feed the child, she felt a touch of desire in her heart.

that pink and tender little thing really made people unable to resist at all.

Linda's vision was a blur, but soon a baby's face appeared in her mind. It was a baby's body, but its face was Du Yuesheng's old face.

she must be crazy to want to have a child with that old man.

crazy, crazy, she had to forget.

she stared at him for a long time, but ye liangqiu didn't seem to have noticed. he glanced at her and said softly, 'What's wrong?'

"why didn't you come back last night?"

Linda let out a long "Oh" and bumped her head. my ran ran went to the bar with Kime.

Ye Liangqiu gave an indifferent "en."

Mr. Ye, " Linda said in a more serious tone, " you don't know how bad Kim's alcohol tolerance is. I was the one who sent him back in the end.

ye liangqiu glanced at her again and continued to feed the child.

linda was scared inside, " erm, i will take a bath in my room first. " that old man's physical strength was abnormally good, but he was not so considerate after sleeping with her. he did not carry her to take a bath either. however, the old man was probably out of strength.

for the sake of ten million yuan, linda was very understanding.

She laughed and was about to leave, but ye Liangqiu said indifferently, Kime left new York last night.

Linda was bending over, but she suddenly stopped and turned around, " he didn't tell me about that!

"where did you go last night?" ye liangqiu's eyes were very serious, which reminded linda of that old man.

sure enough, she made the right choice. president ye and mr. du were on the same side. even their tones were similar.

they bumped their heads, bit their lips, and squeezed out a charming smile. "ceo ye, you know what i mean! Fooling around

she pouted and kissed the air. she walked very easily.."i had a great time last night!"

Chapter 1842 - 1842: Not even a touch (part one)

ye liangqiu's eyes remained calm. she looked at linda for a while and then smiled. " as long as you're happy. "

linda bit her lower lip again. " i'm going to take a shower. i have to catch a plane later. '

"Well, it's fine as long as your legs aren't sore," Ye Liangqiu had been calm the whole time, but her gaze made Linda's hair stand on end, and she felt that it was better for her to be packed up and sent to the plane as soon as possible.

She was afraid that if she continued, she would be exposed.

in fact, sleeping with him once didn't really affect wanwan, if boss ye liked mr.

du.

to be honest, that old man's skills were not bad. he had trained on countless women. if it wasn't her last night, it would have been someone else.

She wouldn't fight with CEO ye, so she wouldn't do something stupid like sleeping with an old man and leaving CEO ye. Besides, CEO ye might not like that old man.

however, if du yuesheng really got together with ceo ye, she thought that she would probably leave KING entertainment and not cause any trouble for ceo ye. When Linda came out with the suitcase, she felt that she could lift it up and put it down. She came over and kissed an Lanlan again, "I'm going back first. See you in a month, little babies!

ye liangqiu called the driver to pick her up and didn't ask linda why she had brought the flight forward two days.

linda left, but KIME, who said he was not in new York, knocked on the door and came in.

ye liangqiu raised her eyes and glanced at him. then, she put the two babies away, leaned over, and said in a calm voice, "Go and find out where Linda went last night." yes. " kie nodded with a complicated expression.

ye liangqiu knew very well that she had asked linda to send du yuesheng home last night.

"Go check the GM's surveillance and see what time Linda left the room."

and when linda came back, she looked very embarrassed. she had always been a detailed person, how could she not see it?

Kie made a few calls and received a reply after a while.

At this time, his mood was even more complicated. He wanted to say something but stopped. "It's eight in the morning."

what this meant was all too clear. it was just that linda and du yuesheng had slept together for one night.

As for whether or not something had happened, there was no need to guess.

kie still sympathized with president ye and pulled du yuesheng over from thousands of miles away. unexpectedly, du yuesheng slept with linda the night before.

He pondered for a moment. Chairman ye, how should we deal with this? " Ye Liangqiu didn't hesitate. don't make it public.

Now, King could not understand what she was really thinking. Did she want to continue with Mr. Du or give it to Linda?

Looking at Linda's expression, she didn't have that intention!

smart person!

Ye Liangqiu didn't ask about Linda anymore. Instead, she asked something else, " is there any movement from an Lan's side? "

president qin met with president tang last night. ”

“I know.” Ye Liangqiu knew that it must have been Tang Yu’s idea.

kie left the room. she stood in the bedroom alone and looked at the new York sky through the window.

‘An LAN, would you be happier under such a sky?

did i force you into pain?

She Imew that he was deliberately avoiding her. He was clearly aware of his identity, but he was unwilling to admit it. She could not expose him either. She was just feeling lonely in her heart, while he was really feeling the pain. In the afternoon, Du Yuesheng came over. Ye Liangqiu saw him in the living room.

he was wearing a beige suit and looked very elegant and handsome..

Chapter 1843 - 1843: Not even a single touch (2)

ye liangqiu brewed a pot of english black tea and smiled at du yuesheng. ” what brings you here? ” du yuesheng looked around and smiled, “isn’t it normal for a fiancé to come and see his fiancée?”

I thought that last night was just an act. she said in a low voice and took a small sip of tea.

du yuesheng looked at her and didn’t find anything strange about her. she also knew that linda had left, so she heaved a sigh of relief.

although this kind of thing wasn’t too important, it wasn’t good to Imow.

if they erased it now, everyone would be happy.

“think about it, i’m serious.” du yuesheng looked at her children again. ” i was married once and i don’t have any children. the du family also needs an heir to carry on. if you don’t want children after marriage, or even want to live separately, it’s fine. i can go to B city a few times a month. ”

He was very sincere and gave her the greatest freedom.

Moreover, she had guaranteed the status of her child. Such conditions were definitely touching.

However, ye Liangqiu only gave him a faint smile and poured him another cup of tea. She asked slowly, ” Yuesheng, do you love me? ”

Du Yuesheng was a little dazed by the way she addressed her. Such a gentle call was indeed very touching.

but he still hesitated for a moment before he answered her question. “Liangqiu, I’m a little childish at my age, but I like you and want to take care of you.”

There was a look of disappointment on her face, but after a while, she smiled.

it’s not love, Yingluo.

she tilted her head and said, " alright, let's make a deal. if you like someone else before the wedding and want to break the contract, that's fine too! "

du yuesheng couldn't quite understand her intentions. it seemed like she had agreed, but also seemed like she hadn't.

however, this was better than rejection!

Ye Liangqiu smiled. since that's the case, Yuesheng, can you go back to Hong Kong first? "

Her tone was full of courtesy, but she did not sound like a fiancée.

how could a person like du yuesheng not be able to tell? he suddenly had a feeling that he had been tricked by her.

But thinking about it, her purpose was nothing more than to make use of him, to do everything for him.

Now, she only wanted to find Qin Anlan, and he was an eyesore, Yingluo.

"I'll visit you again when you return to B city," she said politely.

She smiled and did not refuse.

du yuesheng left. when she reached the door, her expression froze.

He didn't think things would be that simple. Could it be that Liang Qiu knew something?

It didn't make sense. If he knew, even if she didn't care about him, she would still want him to be responsible for her little Secretary. He knew that their relationship was very good.

Therefore, after he slept with Linda, he felt that it was a little troublesome.

indeed, du yuesheng did as he said. when she returned to hong kong, she would send some things over from time to time. sometimes, it was just small items to make girls happy. sometimes, it was a big deal.

In short, Mr. DU's pursuit of women was also quite unique.

Ye Liangqiu accepted them all and didn't hide them. He was quite high-profile.

The Chinese newspapers were full of gossip about her and Du Yuesheng. With her tacit approval, this relationship was stable.

On the top floor of a building on Wall Street.

in an exquisitely decorated bedroom, a man dressed in black stood in front of the bar with a newspaper on it.

his eyes were fixed on yingying..

Chapter 1844: not even a single touch (3)

In an exquisitely decorated bedroom, a man dressed in black stood in front of the bar with a newspaper on it.

The Silver Mask covered half of his face. There was no expression on his face, only a pair of black eyes revealed his true emotions.

He held the glass of wine in his hand and drank it all in one gulp. Then, he crushed the glass.

it was great. as he wished, she and du yuesheng were flirting with each other. it was really great.

wasn't this what he wanted?

Why did she still feel a little sad in her heart?

was he unwilling, or was he unwilling?

He felt anger rising in his lower abdomen, and it was difficult to calm down.

it had been half a month, and he had not come to look for her. she had also treated her like air and had not come to look for her.

qin anlan, maybe she's already forgotten about you, or maybe she's also scared by your appearance, ran ran.

perhaps, she has already given up on you.

The feelings you thought you had have been diluted long ago.

She reached out to touch her face and a self-deprecating smile appeared on her face.

no one could tolerate such a husband.

don't be delusional!

he had endured it for half a month and finally couldn't help but sigh.

His mind told him not to provoke her, but his body, or the beast living in his body, had made the decision to capture her again.

he had prepared a black silk nightgown for her and put it on her when she was sleeping.

he felt that he had changed a little. when he helped her change into her pajamas, he kissed her as if he was worshipping her, kissing her body.

that patch of fair skin was so perfect that it made one unable to control themselves.

His kiss was a little heavy and woke her up.

when he opened his eyes, it was still dark in front of him, and his hands were bound.

"It's you?" there was a hint of panic in her voice, but she did not scream or struggle.

"Yes, it's me!" his voice was hoarse as he squinted to see her reaction.

perhaps she knew it was him, or perhaps she didn't. but at this moment, he was kissing her, and she was intoxicated.

The lights were dim, and she was bound by him in such an unbearable position. This situation was very ambiguous.

he narrowed his eyes and deliberately said in a hoarse voice, "Little thing, we meet again." ye liangqiu felt it and confirmed that he was right.

she was cursing him in her heart, but she still looked confused. "you again?"

"you don't like it?" he stood up and poured himself a glass of red wine. he stood there and stared at her.

She took a small sip of red wine. When she drank it, her throat rolled slightly. It was very sexy. Sense.

His eyes seemed to be on fire as he looked at the seductive body. This was his wife, and he knew how beautiful and moving she was. He remembered the ultimate taste when he was buried. her body tensed up and the glass in her hand tilted down, spilling all the cold wine on her body, dyeing her red.

' don't whine. " she finally struggled because of her uneasiness and bit her lip. ' what do you want to do? "

Her pajamas rolled up because of her struggle, and it was really tempting.

she did have a heart. not only did she want to keep him, but she also wanted him.

He kissed her, but he didn't really do it. He just kept kissing her.

When she fell back, she let go of her hand and hugged his shoulder. She went up and touched a mask.

His body stiffened, and he looked up, his voice hoarse. "if you take off your mask, i promise the game will end."

A game?

He thinks this is a game?

her eyes were still covered, and she chuckled.. " can't i even touch it? "

Chapter 1845: qin anlan, are you still going to deny it?(1)

he was stunned, probably not expecting her to say that.

she ... wanted to touch him?

his adam's apple bobbed as he looked at her messy clothes. l bail s body was covered in dark red wine. that decadent look was enough to make any saint go crazy.

“Really?” His voice was hoarse and broken, but it contained a hidden power. “Are you sure you want to do this?” it was only after she told him that he realized that he also yearned for it.

He yearned to be in contact with her, and he yearned for comfort in his exhausted soul.

“You can let me go first.” her voice was also slightly hoarse. because she couldn’t see, all her senses were focused on her hearing.

She heard the sound of buttons and fabric rubbing against each other as they were unbuttoned one by one. The light fabric was thrown onto the floor.

that soft sound was like a sigh.

Her hands were released and then caught. That hand was like a pair of fire pincers, holding her firmly.

instead, she felt a little timid. she called out softly, ” an Ian! ”

This sound was completely out of instinct, from the depths of his heart. He had unconsciously spoken out the true feelings in his heart.

In an instant, the air froze.

He loosened his grip on her hand for a moment, then tightened it again. His black eyes narrowed as he stared at her face. His voice was unprecedentedly cold. ye Liangqiu, I’m not Qin Anlan.

he could no longer take back the words he had said.

Ye Liangqiu lifted her chin and looked at her. She was born Pretty, especially her delicate collarbones. Now that they were stained with wine, she looked particularly attractive.

he looked at her with his dark eyes, and his adam’s apple moved uncontrollably. he had an urge to press her down immediately.

however, what could he do by pressing the button?

His entire body seemed to be on fire, but there was still no movement in a certain part of his body, making him feel defeated.

compared to appearance, men cared more about this. they cared more about whether they could press a woman on the bed and conquer her.

she raised her head and couldn’t see him, but she could hold his hand and prevent him from escaping. her voice was a little strong as she said, ” you said you’re not an Ian, but how do you know my name is ye liangqiu and the surname qin? ”

the man followed her force and came over directly. his body was tightly pressed against hers, and his thin lips hummed softly by her ear. ” you’re my little prey. how can i not know everything about you? ‘

As he spoke, his palm began to touch her.

with her eyes covered, it was hard for her to move her eyes, and soon she was a little out of breath.

“Yes, did he treat you like that too?” he kissed her fair neck, his voice hoarse.

she knew that she must be in a mess right now.

she bit her lip and closed her starry eyes. ” believe me, ran ran has done more than you. ”

“like this, or like this?” “what?” he said.

looking at her expression, he had a strange feeling in his heart. he felt that this was quite good.

end,

After all, a bout of sweat and a burst of emptiness were different.

She lay down and calmed down. Her fingers clutched the silk bed sheet under her hand, picking up a crease, but it added a touch of messy beauty. She was lying down like this. If he said that his heart was not moved, he was not a man.

He laid on his side beside her and looked at her with a burning gaze. are you comfortable? ‘

She bit her lip, still trembling and unable to make a sound..

Chapter 1846: qin anlan, are you still going to deny it?(2)

Seeing her like this, he felt satisfied.

That feeling came so wondrously and so quickly.

he reached out his fingers and gently stroked her soft face. he said in a hoarse voice, ” do you want to wash up? ”

She grabbed his hand and felt something special.

even though they were husband and wife, her face was still slightly red from their current situation.

she closed her eyes and said with a trembling voice, ” your hands haven’t been washed. ‘

He paused for a moment. He hadn’t thought of this. He was impetuous just now, but now he touched her face when he wanted to. Yingluo couldn’t care so much. Besides, she had never been so particular about it before ..

they had done things a hundred times dirtier and shared them together.

He suddenly thought of the past and had a thought.

He wanted to please her.

Her body suddenly heated up, and she felt it too. She gritted her teeth and said, ‘ don’t mess around.

her hand pushed his shoulder away, and he moved away instinctively. however, he did not expect her to immediately pull off the cloth on her face. Even though the light was dim, he, his face, and even his body could be seen clearly.

Including the wound on half of his body, it was a ghastly sight to her.

his heart ached as he breathed, because he saw her pupils contract.

she did care. in that one-thousandth of a second, other than heartache, she also felt fear.

yes, who wouldn't be afraid when they saw this body? Even if they were so in love, even if she was willing to die for him, Xuxu.

His black eyes narrowed, and his entire body exuded a terrifying aura.

ye liangqiu was stunned for a long time. then she slowly reached out and touched his wound as if she was in a dream. her voice was trembling as she asked, " does it still hurt? "

his body trembled as he sat down. she knelt beside him but did not dare to take off his mask.

that was the last bit of his self-esteem.

however, the half of his face had already betrayed the fact that he was qin anlan.

she knelt down, her body still in a mess, but she didn't care. In her eyes and in her heart, there was only him and his injuries.

her voice was also filled with sobs as she called him an Ian.

his body trembled as he looked at her with narrowed eyes.

her white and slender fingers gently touched his wound. she did not dare to use any force, for fear of breaking him.

her tears never stopped.

If she had acted a little tougher or worse, he could have pushed her away and coldly told her that he didn't care about her anymore.

But she was crying, and she was so soft, and he had even used his fingers to bully her once.

No matter what, even if it was an act, he couldn't get angry at her. He could only look at her like this and watch her cry.

his strong hand suddenly held her hand, and his voice was hoarse. " "ye liangqiu, if you're smart, you should leave immediately," she looked up at his face.

familiar yet unfamiliar.

even though half of his face was intact, the expression in his eyes was different. the lines on his face were as sharp as a knife, and they were extremely cold.

her fingers gently moved to his heart, and she pressed her tear-stained face against it. as she rubbed it, she asked softly, " is this part of you as hard as you are? "

Qin Anlan was speechless. She really knew how to talk.

however, she had also stepped on his landmine..

Chapter 1847: Qjn Anlan, are you still going to deny it?(3)

qin anlan's black eyes narrowed. he lowered his head and looked at the woman who was pressed against his chest.

She was so hot, so soft, and so warm.

it was his courage to struggle in the face of death. it was not to live to be with her, but to live so that he could see her, to see her happy ...

In the past, he had never thought that he would be so famous. He was simply a Saint of love.

But when it came to it, he felt that all of this was so natural.

But what did she mean by this?

She was crying like a Pear Blossom bathed in the rain, but she rubbed him desperately, and he squinted his face as he rubbed it back and forth.

she was not a virgin. don't tell him that she didn't know that this was called seduction. I to attract men!

if he wasn't yingluo, he would have pounced on her no matter what.

She should be clear about it in her heart, so why did she still tease him like this?

qin anlan's pain was that he had the heart, but he could not do anything.

it wasn't that he didn't desire it, but he couldn't.

When he looked at her, he would feel hot, he would think, and he would even feel particularly tense and uncomfortable ..

But he just couldn't.

it was as if all his power had been locked in a mysterious place in his body. he tried hard to break through, but he could not.

it had been so many days, and the injuries on his body had mostly recovered. it was just that it was useless here.

not only towards her, but also the reaction that he should have in the morning.

at this moment, she was like this, and he felt even more uncomfortable. He reached out and pushed her away, an arm's length away. are you done? " her eyes were filled with tears as she looked up at him.

Although, she didn't deny that she was good at acting and seducing. I It meant to lead.

His injuries were quite frightening. however, she was not scared away!

ye liangqiu had never thought that he would have such a crazy idea.

"it's not enough," she did not stand on ceremony with him either.

why should she be polite to him?

you pretended to be dead to trick me and made me a widow. then, you hooked up with other women behind my back. you even tied me up and played such a perverted game. ” she laughed coldly. ” qin anlan, i wanted to ask you, are you done? ” he was stunned for a moment. he did not expect her to be so fierce.

however, he reacted quickly, ” what about du yuesheng? ”

“du yuesheng?” She enunciated each word as she gritted her teeth. Her fingers poked at his heart rudely as she approached him step by step.

His body was forced to move to the side of the bed. He thought about it in a daze. He had glorious scars all over his body and was wearing a mask. He couldn’t scare people. In front of her powerful aura, he was like a weak little beast. It was ridiculous.

she stuck close to him and said in a particularly charming voice, ” “didn’t you skin du yuesheng for me?l A rule? president qin, have you forgotten?”

she reached out to stroke her curly hair. ” i seem to have forgotten that ceo qin doesn’t exist now. there’s only one man in this world called KING. ‘

Qin Anlan also sneered in a deep voice. yes, I’m the one who did the widow a

favor. I However, even such a smart and beautiful CEO ye couldn’t keep an old man. ”

He pinched her chin with his fingers and put his masked face in front of her, exhaling warm air.

“you were even intercepted by your little secretary. you just announced your engagement last night, right? It’s really quite sad!”

They were so close to each other, and his breath was teasing her. To be honest, she didn’t care about his injuries. On the contrary, she wanted to hug him and let go of him..

Chapter 1848: If you’re a man, come over here (1)

qin anlan had undoubtedly stepped on her sore spot.

although she didn’t care about du yuesheng, her heart was probably with linda and du yuesheng.

the reason why she made this decision was that she knew that linda was clean and had not been in a relationship for the past few years.

Although Du Yuesheng was a man who was used to seeing women and was also an old man who had been married for two years, she was still a well-behaved person (at this time, President ye did not know that the glass of water was prepared for her, otherwise, he would have cursed in his heart).

Besides, old men love people, don’t they?

She would not be as stubborn as Qin Anlan.

after all, she had just gotten engaged to someone last night, and du yuesheng had already slept with linda that night. this was not something to be proud of, especially when she was being mocked by qin anlan.

she looked into his eyes and her lips curled into a clean smile. her slender arms wrapped around his neck and hugged him, not letting him escape.

she smiled at him, her long hair wrapped around the shoulder straps of her pajamas and had long slipped down.

That appearance was really terrible.

“Then it must be because I’m not charming enough to keen Mr. Du. Zhenzhen.”

she leaned close to his ear and whispered, “an Ian, did you not teach her well in the past, hmm?” ye liangqiu was born with a cold and aloof appearance, a standard goddess of temperament, but at this moment, she was deliberately so charming that it was enough to stir up any man’s hormones.

He could easily take down ten Du Yuesheng, let alone one.

qin anlan was the same.

even ten qin anlan’s and the current ten kings could not resist her charm.

his adam’s apple moved uncontrollably, and he controlled himself not to hug her.

The current her was a Little Vixen!

The little fairy bit his ear and continued to plead, ” “an Ian, teach me, huh?”

All the lines of defense had collapsed.

the string had broken.

was this the reaction of an ex-couple who had gone through life and death? shouldn’t she be crying and checking if there was anything wrong with his body? shouldn’t she be crying while hugging him? why did she hook him up?l to lure him?

He didn’t understand. At this time, his burning head couldn’t understand either, so he could only stare at her.

he could only stare at her without saying a word.

Seeing him like this, ye Liangqiu also felt that it was about time.

she thought that he would be very successful now, but half of his brain was still in his lower half!

as soon as the sperm entered his brain, he couldn’t think.

she yawned and hugged his waist instead. ” it’s late. an Ian, do you want to sleep? ”

His body was still stiff.

All of this was not within his expectations.

He didn’t even know what to do with her, or rather, he couldn’t see through her heart.

what was she thinking?

Did he want him to go back in a daze?

It was impossible for him to go back. Being her husband had long been redundant. He could not give her anything.

for a moment, he could use his hands, or even his legs.

however, she would find out as time passed. she wasn't a little girl who could be easily deceived.

yes, if she was easy to deceive, he would be willing to lie to her for the rest of his life, but he couldn't.

He lowered his head to look at her, his voice a little hoarse."I'll get someone to send you back, Yingluo. You should feed the child."

She raised her head, and there were emotions in her eyes that he could not understand.

&Nbsp; " Qin Anlan, " she said slowly, " you've eaten all of it. Anlan can probably only make milk powder.

his body trembled, and then he turned his face to the side.

fortunately, there was a mask on the other side, so she wouldn't blush..

Chapter 1849: If you're a man, come over here (2)

ye liangqiu looked at his face and slowly said, " i'll take a shower first. you can decide. ' she paused. " if you send me away, there's a possibility that i won't come back again unless you kidnap me again. but an lan, i don't have a man now. if i have a man one day, do you still want to maintain this relationship with me? " share me with others?"

After he finished speaking, he curled his lips and said,"tie me up here, pour me red wine, kiss me, touch me?" hmm?" she got up and walked in the direction of the bathroom with ease.

before she closed the bathroom door, she threw him a sentence. " or do you like to touch married women now, huh? "

If he had something in his hand, he would have thrown it at him without hesitation.

too hateful, that little mouth of hers was too hateful!

She clearly knew that, but she still had to anger him like this!

qin anlan got up and casually picked up the shirt to put on. he then walked to the living room and stood in front of the floor-to-ceiling window, looking at the night sky of new York.

although he was angry at her shamelessness, he still listened to every word she said.

She was right. His identity had been exposed. In fact, even if it hadn't been exposed, he was well aware of it.

he could not forget it, so he appeared in front of her again and again, exposing himself.

he was not thorough enough. he was not ruthless enough.

in the end, he still held a glimmer of hope in his heart. he still longed for her to love him.

Even if he was so unbearable now, even if he was not as good as Du Yuesheng in appearance, body, and in that aspect, and even if he was not as good as an ordinary man, he still longed for her. Otherwise, he would not have kidnapped her.

to stay or to leave, he was in a dilemma.

ye liangqiu stood behind him in his bathrobe, watching his back-

an Ian, you might think that i'm willful, but you're even more willful than me. Her voice was very clear in the dark night, and every word was like a drop of Jade.

"you arranged all this for me, but have you ever thought about whether it was what i wanted?" her voice was a little choked.

His heart also suddenly clenched, and his fingers held the Kasaya to restrain the urge to hug her.

"you said you're dead, but you're still alive. you probably think you can't make it and might die, right?" you know what?" she continued in a soft voice, "I'd rather experience the pain of losing you twice than leave you alone.

his body trembled.

Finally, he slowly turned around and looked at her.

He looked at her in his bathrobe, looking elegant and beautiful, and the coquettish and flirtatious look he had earlier was long gone.

Her expression was very uneasy and timid, just like the little girl he had slept with for five hundred thousand Yuan.

He opened his mouth, his voice extremely hoarse, "Ye Liangqiu, where's your aura? Where's your ferocity just now?"

she was still standing there with tears in her eyes. "it was eaten by a dog," she said gently.

her words were not pleasant to hear, but they hit the bottom of his heart, making it sour and bitter, making him feel extremely uncomfortable.

He also knew that she was the best Actress and had won many awards. The director of Xuanji international had said that she was a gift from God. That cold face of hers seemed to be able to speak human words and ghost words.

However, he still believed her now that she was lying.

Liangqiu. he sighed. why must you be so stubborn!

the last two words were said with great difficulty. he did not know if he was saying it for her or for himself..

Chapter 1850: if you I re a man, come over here (3)

ye liangqiu's teary eyes seemed to be covered by a layer of mist, and she was wearing a clean bathrobe.

really, she wanted to be an angel. she wanted to be an angel. she wanted to be a slut. she was a slut.
and all her acting skills, except for the big screen, had been used on him.

he stared at her delicate and lovely appearance with a cold gaze.

but she still stood there, unmoved.

he did not retreat, nor did he take a step forward.

She was waiting, waiting for him to come over.

he did not know how torturous it was for her to know that he was alive.

she knew that he was lying in the hospital, that he was alive, and even that his life and death were unknown, but she pretended not to feel anything. all of this was for his self-esteem, for the sake of his painstaking arrangements.

An LAN, I'm not made of steel. I don't blame you, I don't blame you, and I don't have the right to do this.

but now, you're standing in front of me. you're not perfect, but i still want you.

She didn't force him. She wanted him to walk over himself.

‘Qin Anlan, if you're a man, get over here. Get over here and take off that mask.

Hug me openly and kiss me, Yingluo.’

She didn't want to be separated from him by anything anymore!

in the dim light, there seemed to be a small flame burning in his eyes, so bright that it was enough to light up her entire world. Her tears fell like rain, and her body began to tremble.

her lips trembled, unable to say a word.

this time, he wasn't pretending.

she had a feeling that he was about to make a decision.

Qin Anlan, think about it, ” he said hoarsely. if you don't get your ass over here now, I'll go out and look for men. I'll look for a few men.

There was a bit of bravado in her words, but she was not confident enough.

Because the current him was really different. She even suspected that he would say, ” let's play together!

she stood there for a long time, as if she was standing in an entire world. her legs were as heavy as lead as she stood there in a daze.

He finally spoke, ” ye Liangqiu, you've grown up, huh? ”

He took a step forward and pinched her sharp chin. He lowered his eyes and looked at her with his dark eyes. take my money to find a man, huh? ” she pursed her lips. ” i can find it without spending money. ” Do you believe

she pulled her bathrobe down.

Qin Anlan closed his eyes and cursed, ” ye Liangqiu, you’re a f * cking Vixen.

Her eyes were bright

She knew him very well, so how could she not know that his persistence was starting to crumble?

no matter how hard he tried to protect her, he couldn’t beat her amazing acting skills!

“if you don’t like it, i can be a pure saint every day,” she said with a nasal voice.

half of his face and the other half of his mask had turned black. he gritted his teeth and shouted, ” ye liangqiu! ‘

or, you can also call me little Tianxin. she squeezed out a sweet smile with tears.

Qin Anlan rudely wiped away the tears on her face. His actions were not gentle at all, and his words were even more impolite. ye Liangqiu, you’re almost thirty, right? you have the nerve to ask me to call you little sweetheart?”

“i believe that someone will be willing to do so!” there was a touch of evilness in her eyes. ” anyway, du yuesheng’s relationship with linda has not been made public yet. i can still marry him. and then, let linda be his concubine? ” she smiled happily. ” that’s good. our family will be happy.

she stabbed him again.”do you think it was an Ian?”
