

Thank you 1891

Chapter 1891: Pregnant with an Old Man's Child (5)

there was some disdain in the young nurse's eyes. she looked down on these old men the most. they played with women just because they had some money!

Her voice was cold. alright, go to the obstetrician's Department. The doctor is already here. This lady is pregnant and can't eat cold food. She might have signs of a miscarriage. Go quickly. Do you want to save her or not? hurry.

The nurse still had a lot of things to do, so she left first. Anyway, there was still a rich man there.

Only Linda and Du Yuesheng were left staring at each other. His expression was not kind, and Linda looked like she was about to cry.

if I didn't come to B city, what were you going to do with this child? " he asked coldly.

he did not know why, but when he saw the tears in her eyes, he could probably guess that the child in her stomach was his, du yuesheng's.

over the years, he had had many women, but he had never planted any in anyone's stomach. he had always been very careful. even that time with linda, his men had seen her take the drug.

Linda looked at his face, she couldn't guess what he was thinking, but she knew that he was not the right man for her.

what kind of relationship did they have now? they weren't even dating. they had only slept together because they had made a mistake.

Besides, she had already taken his money. What was the point of clinging to him now that she was pregnant?

don't worry, Mr. Du, I won't blame you for taking responsibility, " he said with a bit of difficulty.

She took a deep breath. I'll handle it myself.

with that said, she endured the pain in her stomach and got up to walk towards the elevator.

With every step she took, her little stomach fell. Only then did she truly feel the existence of that child.

at first, linda was still hesitant because of an accident and because du yuesheng didn't want it. in fact, even if he said that he wanted this child, she would have given birth to it even if he didn't marry her.

But now, her stomach was in so much pain.

if she didn't want this child, the child would be in more pain than it was now. Tears fell down Linda's face. She walked into the elevator and looked at her own face.

As the elevator went up, she kept looking at herself in the mirror.

She knew that she would have to give up a lot of money to keep this child. She was not short of money. Du Yuesheng had already given her a lot last time.

she had to give up her job temporarily, she had to bear the pressure of being a single mother, and she had to give up on the young talents in king entertainment. but looking at her face in the mirror, linda smiled.

all of this was nothing!

She wanted this child.

She laughed and cried.

She went to the obstetrician's Department alone. The doctor told her that she was already two months pregnant. She had a stomachache because of the signs of a miscarriage. If she wanted to keep the child, she had to be hospitalized.

“alright, i'll stay in the hospital.” linda took out her id and let the nurse handle the admission procedures.

When she laid on the bed and was put on a drip, she watched the water drip down as if it was injected into her baby.

He gently stroked his lower abdomen with his fingers and a smile appeared on his face.

It was amazing that she accepted this child without any hesitation.

her heart clenched, but the medicine had a calming effect, so she fell asleep in less than an hour.

When Du Yuesheng came in, she saw her lying there quietly with her fingers on her lower abdomen.

he stood by the bed for a long time and thought of what the doctor had said to him.

the doctor said that she wanted to keep the child. this was beyond his expectations because she didn't like him at all. she even looked like she thought he was too old.. how could she want a child to hinder her future happiness?

Chapter 1892: the child is not yours (part one)

she was too young, too impulsive, and too stupid. perhaps she would change her mind in a few days.

du yuesheng thought so.

he didn't particularly desire this child. he didn't like children very much.

of course, if she really wanted to keep the child, he could also give her a sum of money and take the child away.

Or he would leave the child with her and give her living expenses, but he would still take the child away when he grew up.

After all, he could not keep his child in B city. If he did not get married in the future, this child would be the heir.

He thought that they could have a good talk when she woke up.

He didn't hate Linda, but rather liked her, but it wasn't to the extent that he would impulsively want to spend the rest of his life with her.

a wife like this was something he had never thought of, and he was not prepared to accept.

du yuesheng sat on a single-seater sofa and stayed by her side the entire night.

halfway through, the nurse came over and looked at him.

Du Yuesheng was now a popular person in this hospital. The previous nurses had spread the news that this old man had a mistress with a young lady. Now that he was pregnant, he probably didn't want to take responsibility.

Her gaze was really a little scary. Du Yuesheng's face had turned black and she was naturally not in a good mood.

At daybreak, Linda woke up and looked at Du Yuesheng in surprise.

She pursed her lips and bit them. why are you still staying here? ”

she sat up and hugged her knees with her hands. she looked at du yuesheng and suddenly said, ” the child is not yours. I took some medicine at that time.

Du Yuesheng's expression changed.

he had prepared a lot of things to say to her. it was close to a negotiation, but now, with one sentence from her, the words he had carefully prepared were gone. it made him look a little ridiculous, as if he was the one who wanted her to have children.

although she was a little annoyed, she was still ye liangqiu's woman and he had indeed slept with her before. she couldn't avoid embarrassing herself, so du yuesheng patiently said, ” “Whose child is it? as long as you tell me, I will definitely make him marry you.”

Linda looked at him for a long time before she said, we met on a trip. It was just one night, and we don't have any emotional Foundation. Forget it.

“You're addicted to playing with one leaf of love?” Du Yuesheng's old face darkened.

“That night with you, you were the one who drugged yourself,” She snorted coldly. Mr. Du, everyone has physiological needs, right? ”

du yuesheng's face turned black and it looked like grass was about to grow on her head. she said coldly, ” ” is that so? then why didn't you have any physical needs before you were with me? how did you maintain your virginity? ‘

“i'm sorry, i forgot to tell you. it's repaired.” “you're not serious, are you? that's why you gave me five million?” linda asked cheekily.

du yuesheng stared at that pretty little face for a long time. finally, she curled her lips and her voice became even colder , since that's the case, you can make your own decision. if you need any help, just let me know as long as i'm still in B city. ‘ after he finished, linda's expression softened, ” mr. du, thank you! ”

Perhaps it was because of her good attitude, but his expression also looked better. silly girl, this is not a big deal. Ran ran doesn't have to be so upset.

Linda smiled and lowered her eyes. Actually, to her, it was like the sky falling and the earth breaking.

how could she not know what he was thinking? when she woke up at night and saw his face, she knew what he was thinking.

She couldn't enter a rich family, and after the child was born, she couldn't keep it by her side. It was better to say that it wasn't his..

Chapter 1893: the child is not yours (2)

She looked up again and smiled sweetly at him. Mr. Du, thank you so much.

du yuesheng was angry. as for why he was angry, he couldn't really explain it.

actually, he should be happy that the child was not his.

But he just couldn't feel happy.

At this moment, the nurses and doctors came over. After consoling them cordially, they did a check.

the male doctor was young and had a gentle attitude. miss ning, the child's condition is not bad.

“thank you,” linda's expression relaxed.

“stay in the hospital for three days for observation. if there's nothing else, you can go home and rest.” the male doctor patted her shoulder. ” pay attention to your emotions. you have to be happy physically and mentally in order to give birth to a healthy baby. ”

Linda smiled, ” I will be careful.

The doctor and nurse left, and the door closed.

du yuesheng was also there the whole time. he had endured the way the doctors and nurses looked at him as if he was a beast.

at this time, his gaze fell on her body and watched as her fingers gently touched his lower abdomen. she seemed to be very concerned.

He squinted his eyes and asked indifferently, ” “is that man handsome?” “He's quite handsome,” Linda answered casually, absent-mindedly.

du yuesheng's expression turned a little ugly, but linda didn't see it. she only heard him continue to sneer, "Is he very powerful?" linda replied with an "oh," "it's okay!" mr. du's face was very ugly. he gritted his teeth and said, "better than me?"

This time, Linda finally turned around and looked at him seriously. She coughed, "There's no way to compare it to Yingluo's night when you took your medicine." du yuesheng touched her nose and was so angry that she kept quiet.

Linda knew that he was angry. Men always cared about this.

However, she now understood that he cared about this and did not ask who the child's father was. She must have made the right decision.

this was also quite good.

she didn't need a marriage without feelings, and her child didn't need a father who didn't expect him to come.

She drooped her head and stroked her lower abdomen. In Du Yuesheng's eyes, it seemed like she was missing that one-leaf love man. His heart was in a mess and he paused, "Is your family in B city? if they are, call them and ask them to accompany you."

He was a grown man and couldn't stay with her in the hospital all the time. Besides, they didn't have that kind of relationship.

This was what Du Yuesheng thought.

"they're out of town, and i don't dare to call them over," linda shook her head. Getting pregnant before marriage would directly break her legs!

she wanted to find an excuse not to go back this new year so that she could hide the child from him when she gave birth. when she went back, she would put the child at ceo ye's house. when the child grew up and she brought it home, the family would not be able to do anything to her.

linda admitted that she had always been a timid person, so this plan was the best.

du yuesheng looked at her and said in a calm voice, "If you're so scared, why do you insist on having the child?"

Linda's fingers gently stroked it, and she looked up, and said childishly, "because he didn't do anything wrong,"

Du Yuesheng was stunned for a moment. Then, he seemed to hesitate for a moment before he asked softly, "If Yingluo, if I didn't let you take the medicine at that time, and you were pregnant with my child, would you have given birth to it?"

After asking, he stared at her with a burning gaze, as if her answer was very important.

linda looked at him and smiled. "if i'm pregnant, will mr. du marry me?"

He was silent and only looked at her..

Chapter 1894: The child is not yours (3)

Looking at his silence, Linda thought, she understood what he meant, and what he meant was exactly what she thought.

He sighed in his heart. How despicable. Why did he ask that? he knew that it was impossible.

‘ of course. maybe mr. du will be happy and give me a lot of money! ’ she said with a smile.

She was smiling, but her smile was uglier than her crying. He had given her five million dollars for her first time.

and how much was he going to sell her child for?

Chastity was nothing to women nowadays, but the child was her child, her flesh and blood. How could she sell it?

she could sell anything, but this.

she had lied to du yuesheng. otherwise, she would not have been able to keep tn1S cnlld DY ner side. sne Knew all too well tne tr1CRS ot tnesse wealtny tamilles. cinderella’s story was not suitable for a realistic man like du yuesheng.

Her smile made Du Yuesheng a little upset. She paused for a moment and said, it seems that taking medicine at that time was the best result.”

He probably felt that her words were a little cruel, so he reached out his fingers and stroked her head. be more careful in the future. If you have one-leaf love again, ask the man to wear a set and stop taking medicine. That thing is harmful to the body.

“you didn’t care so much about me that time, did you?” linda stared at him.

Didn’t I tell you that I took medicine that time? I didn’t have time to do that. Du Yuesheng’s voice was hoarse. She was thinking about what happened that night.

In fact, in the month that he returned to Hong Kong, he had been with three or four women, but he couldn’t find the feeling he had with Linda that night. No matter how attractive those women were, he just couldn’t get excited.

However, now that she was pregnant, it was immoral for him to think about these things again. He dispelled the thoughts in his heart and smiled. ” i’ll arrange for someone to take care of you. can yingluo take care of herself after she’s discharged? ” he was indeed concerned about her like an elder.

To be honest, Linda felt a little better. The Father of the child was not that bad after all.

“Thank you, Mr. Dean,” she said with a smile.

du yuesheng’s slender fingers gently ran through her hair and she suddenly said, ” “you can call me big brother from now on. i’ll take this child as my godson.” in his heart, he probably felt more pity for her and the child.

After all, the woman he had slept with was also young.

The women that Du Yuesheng hung out with were mostly influential people. They were usually attractive women in their thirties, unlike little girls like

Linda.

he was thinking that if he hadn't taken her that night, she wouldn't have easily found a man to fall in love with. so, he still owed her, and it was natural for him to take care of her.

linda smiled,"mr. du is thinking too far away, yingluo."

she sighed faintly. "i may leave B city in the future and find a relatively smaller city. mr. du, you also know that it's not very glorious to get pregnant before marriage. "

Du Yuesheng frowned but didn't say anything.

He had no right to interfere too much with a woman who had only slept with him once.

the matter was settled. he quickly arranged for professional nursing staff to take care of her 24 hours a day. with du yuesheng's arrangements, she had a particularly stable three days in the hospital. the food was also top-notch.

as linda ate those high-end dishes, which were suitable for pregnant women, she thought that it was good for him to have money..

Chapter 1895: The child is not yours (4)

As Linda ate those high-end dishes, which were suitable for pregnant women, she thought that it was good for him to have money.

She had thought that the caretaker would leave after she was discharged from the hospital. However, the caretaker said that Mr. Du had hired him for a month and she could follow Linda home to take care of him after the money was paid.

Thinking that this was arranged by Du Yuesheng and that people should be reliable, Linda had nothing to worry about. She peacefully enjoyed the care. Of course, she also applied for leave and the reason was that she would be on a one year maternity leave.

when ye liangqiu received the call, he almost went crazy.

She dropped the phone and saw Qin Anlan lying on the bed with only a

bathrobe on him. He looked like he was begging for a hug, a favor, and a bed. She was angry and threw the phone over again, which happened to hit the innocent President Qin.

"what's wrong? why are you so angry?" Qin Anlan pulled up her bathrobe. It was obvious that she was not in the mood to do that. It seemed to be Linda's call just now.

could it be that something happened to linda?

Ye Liangqiu bit her lip and glared at Qin Anlan. why are you men so useless? you're not even willing to wear a set and you're making a woman pregnant!

qin said innocently, "liangqiu, i've had a vasectomy! "

Ye Liangqiu laughed in his heart, but he still kept a straight face. "haven't you gotten me pregnant a few times? Look at how much Tang Yan cares about Qiqi.

She only gave birth once after so many years." "That's because he's useless!" Qin Anlan snorted coldly.

liangqiu, isn't your husband amazing? " she licked her lips.

He patted the spot beside him. be good. Come here. Tonight, we'll play something different.

Ye Liangqiu didn't know whether to laugh or cry. Qin Anlan, I'm being serious.

isn't it the duty and rights of a husband and wife? " "Tell me, we haven't done it this week, have we?" CEO Qin asked with dissatisfaction.

"president qin, today is monday." ye liangqiu walked over and pinched his face.

as she said this, her face also turned red. he had been particularly fond of having fun recently, as if he wanted to fill in all the empty spaces in the past year. she didn't know where he had the energy to think about such things all day long.

Qin Anlan pulled her into his arms and kissed her. "then shall we wear one set?"

Ye Liangqiu was defeated by him. Qin Anlan, you've had a vasectomy. Why are you wearing a condom? "

that's why we don't have to feel any pressure when we do this kind of thing. Isn't that great? " he gave him a cheeky smile.

She bit her lip and suddenly remembered that she seemed to have been coaxed into a daze by him just now.

he was obviously trying to coax her because he saw that she was unhappy? "An LAN, you seem to be getting better at coaxing people?" she asked carefully.

qin anlan gave her a fake smile. " really? i feel like i'm a pervert who wants to have sex all day." she crawled over and lay in his arms. she raised her head and kissed his face. " an Ian is the best. "

"at least you have a conscience!" qin anlan lowered his head and kissed her. ' tell me, what happened? "

Ye Liangqiu looked into his eyes and slowly said,"Linda is pregnant." "Du Yuesheng's child?" Qin Anlan frowned.

"You think so too?" ye liangqiu sighed. " but linda said that it wasn't du yuesheng's. she said that it was her one-time love during her trip. ' Qin Anlan could not help but laugh. she's really something!

"i don't believe it." ye liangqiu's expression was cold. " i'll go to her place tomorrow. '

qin anlan nodded and said,"yes!" But now that you're done with your business, shouldn't you do my business?"

Chapter 1896: I'm engaged I

the next day, ye liangqiu went to linda's place. at this time, du yuesheng had already returned to hong kong.

linda lived in a two-bedroom house under ye liangqiu's name, which was quite good.

qin anlan was waiting in the car downstairs while ye liang went upstairs alone.

when he opened the door, he saw that linda was watching tv on the sofa, and the nurse was busy in the small kitchen.

linda raised her eyes and stuffed the food in her mouth. her voice was unclear. " sister liangqiu, so fast? "

He stood up and pulled ye Liangqiu to sit down. He swallowed the food and said, " it's so delicious. Come and try it.

as she said that, she sneaked a glance at the nurse in the kitchen and whispered, " "Is this care expensive? for the next eight months, i really want her to continue working."

Ye Liangqiu looked at her good-for-nothing appearance and found it both funny and angry. He brought her a cup of tea to soothe her throat."look at how greedy you are."

"Du Yuesheng was the one who invited him, you have to ask him," ye liangqiu's words were more or less a test.

linda suddenly felt that there was no point. i'll ask aunt zhao later. if it's less than a month, i'll treat you."

" you're on maternity leave? " ye liangqiu asked casually. " where did you get the money? "

shouldn't he be saving money for milk powder?

linda had never been on guard against her, and while eating the delicious food, she said directly,"I have more than five million."

ye liangqiu nodded and said in understanding,"Oh, there's more than five million!"

he smiled and didn't say anything.

"no, sister cool autumn, i mean if ran ran wins the lottery." linda took a small sip of water, and her eyes were like a little black dog, " ceo ye, the company doesn't have this rule that forbids us from buying lottery tickets, right? "

ye liangqiu put on the attitude of a superior."did you win?"

“Not yet,” Linda said while twisting her fingers. She knew clearly that boss ye must be suspicious of her.

At this point, ye Liangqiu didn’t want to play dumb with her anymore, so she asked directly,”du yuesheng gave you the check for five million yuan, right? You spent the night with him in the hotel, didn’t you?”

Linda’s eyes shrank, and she didn’t dare to say anything.

Ye Liangqiu took a deep breath, probably having confirmed the truth.

“Alright, then I’ll ask you directly. This child is Du Yuesheng’s, right?” Ye Liangqiu looked into her eyes. if you dare to deny it, I’ll immediately call your family and find a father for your child.

She was quite strong, and Linda was no match for her. She was overwhelmed by her aura, and after a while, she said in a low voice, ” he doesn’t like me!

Ye Liangqiu glared at her. what about the child? will he not have a father when he’s born? ” aren’t you innocent?”

“I have five million.” linda said in a low voice.

Ye Liangqiu was defeated by her naivety.”you can’t even buy a decent house in B city with five million yuan. how are you going to raise your child?”

Linda lowered her little face. I want to go to a smaller city. I can buy a house with more than a million Yuan. The remaining money should be enough to live. I’ll find another job.

Ye Liangqiu stared at her for a long time before slowly saying,”find a job that costs four to five thousand yuan and spend the rest of your life there? Don’t tell me that you’re able to build a career by raising a child alone.”

how could linda even dare to think about it?

She had no ambition and thought that it was enough as long as she had enough money to spend.

However, ye Liangqiu would not let Du Yuesheng off so easily. Why should he not take responsibility for his child?

she understood linda’s concerns. girls always wanted to marry a man who loved them.

Chapter 1897: I’m engaged (2)

She understood Linda’s concerns. Girls always wanted to marry a man who loved them.

at this moment, du yuesheng obviously didn’t take linda seriously.

“linda, let’s leave it at that for now! I’ll handle this matter.” ye liangqiu patted her shoulder. ” if you really don’t want to, i won’t force you. if du yuesheng wants to snatch this child away, i won’t let him have his way. ”

Linda bit her lip. thank you, sister cold autumn.

“what are you thanking me for? there was once a little girl who called me sister cool autumn, yingluo, and she really liked me. ” Ye Liangqiu’s fingers gently touched her forehead, her expression somewhat nostalgic.

“is it su cheng?” linda asked in a low voice.

She used to be the SU family’s Secretary, so she knew su Cheng well.

Su Cheng liked ye Liangqiu, but ended up with Kime.

ye liangqiu smiled. ” yeah! Just like you and Du Yuesheng, you might end up together.”

“we’re different,” linda said weakly.

du yuesheng looked like a man who had been through a lot. she, a little girl, could not tie her down. linda knew her own limits.

ye liangqiu’s thoughts were different. du yuesheng was used to seeing women. however, the older she got, the more tired she was of women. at this time, they needed a warm home.

Linda was quite cute. If Du Yuesheng accidentally found out that this child was his, he would definitely have some thoughts in his heart.

Ye Liangqiu did not stay for lunch. She went downstairs and sat in the car. She looked at Qin Anlan and smiled. he’s du Yuesheng’s child.

qin anlan rubbed his chin with his slender fingers. he was not surprised at all.

Linda was originally a timid person, one leaf love, who would believe it?

ye liangqiu made a call to du yuesheng, who was in a meeting. when she saw the caller id, she immediately picked up. her voice was gentle as she asked, ” liangqiu, what’s the matter? ”

Ye Liangqiu mumbled,”I just wanted to ask you something. How much is the salary for the caretaker you hired for Linda?” Linda wants her to continue working, but she’s too embarrassed to tell aunt Chen directly, so I’m here to ask you.”

du yuesheng was listening to the phone call while flipping through the proposal worth billions of yuan in her hands. she had a faint smile on her face, ” “You can ask my Secretary about this, he was the one who found Hanhan.”

“I’ll ask, I’ll tell you later.”

Ye Liangqiu thanked him and then calmly continued,”It’s mainly because Linda is two months pregnant, and she hasn’t vomited before, so her appetite has been a little bad recently, hehe.”

Her voice was neither loud nor soft, but it was enough for the higher-ups in the meeting room to hear.

Du Yuesheng looked left and right before she stood up and walked to the floor-to-ceiling window to answer the call. Liangqiu, what’s the meaning of this call? ”

“i don’t mean anything!” ye liangqiu’s voice was particularly clear. ” i just wanted to ask you about the salary of a caretaker. yuesheng, are you very busy? ”

“it’s alright.” he gritted his teeth.

“then let’s talk about linda!” ye liangqiu’s voice was a little cold. ” if her family knew that she got pregnant before marriage, i don’t know how they would treat her. would ran ran force her to abort the child? ”

Du Yuesheng knew in her heart that she definitely did not make this phone call casually.

He raised his hand and motioned for the Vice President to continue the meeting. Then, he walked out of the meeting room.

the rest of the senior executives were dumbfounded. it seemed that something had happened to mr. du’s personal matters. he had made the young lady’s belly big?

Chapter 1898: i’m engaged (3)

Du Yuesheng walked back to her office and closed the door. She sat on the sofa and loosened her tie. Her voice was no longer as elegant as before,”was she the one who told you that the child was mine?”

“No, I didn’t! she didn’t say anything!” “yuesheng, don’t you want to verify this matter?” ye liangqiu asked indifferently. It’s usually very difficult to guess a young lady’s thoughts.”

Du Yuesheng suddenly felt very frustrated. She closed her eyes,”i asked that night. She said it’s not mine.”

“Is that so? if Mr Dean is so sure then we have nothing to say.” “Don’t worry, I’ll help her raise the child. I won’t let her and her son live a miserable life,” ye Liangqiu said indifferently.

Du Yuesheng was silent for a while. Liangqiu, I’m engaged.

One day after he returned to Hong Kong, he got engaged to a socialite. Of course, there was no true love, it was just a family marriage. He had met the woman in her early thirties once. She looked dignified and was suitable to be his wife.

the engagement between the two families was not a child’s play. now that he had called off the engagement, it would be a fatal blow to his family and the company. du yuesheng was a mature man and would not take risks easily.

Ye Liangqiu was stunned.

How could she not understand Du Yuesheng’s situation? if he were to be with Linda now, it would cause a huge scandal. If the engagement party refused to let him go, then Du Yuesheng would be in an even more passive situation.

No matter what, she should not make things difficult for Du Yuesheng.

however, she was still put in a difficult position. the more the situation was like this, the more she had to put him in a difficult position.

at du yuesheng's age, she would have to get married about half a year after the engagement. at that time, linda would be about to give birth. could he treat the mistress as someone who had been married once? if he got married again and again, wouldn't he be the mistress?

Ye Liangqiu didn't intend to say it at first, but at this moment, she was very direct. Du Yuesheng, I will only say it once. Linda's child is yours.

after that, he hung up the phone.

on the other side, du yuesheng clenched her phone tightly without any expression on her face.

When ye Liangqiu had called, he had vaguely known.

The phone in her hand was thrown onto the opposite wall and broke into two.

If a few days ago, no matter who told him that the child was his, he would not have made things difficult for them.

But now, Yingluo

ye liangqiu put down her phone and looked at qin anlan. "I think Du Yuesheng will be back in B city soon."

"Then, Linda, are you going to bring her back?" Qin Anlan looked at her.

"No need!" Ye Liangqiu lowered her eyes and smiled, "we have to give them some space, right?" Moreover, would Du Yuesheng dare to bring her to Hong Kong? isn't he afraid that his newly-engaged yaksha will rape him?"

Qin Anlan looked at her quietly for a while before he said, "Liangqiu, I look like a Yaksha now. What should I do?"

"Don't touch me in the future," she snorted and pinched him.

He smiled and drove. After a while, he shamelessly asked, "what if you take the initiative to ask for it?"

Ye Liangqiu glanced at him. an LAN, don't you think that you're no different from those middle-aged men now? the sky is always squinting.

"Of course it's different," he said solemnly.

She knew he wouldn't say anything good, and sure enough, he quickly said, "they're not as strong as me."

ye liangqiu was speechless. she played with her phone for a while before chuckling. "tomorrow, latest by tomorrow, du yuesheng will definitely come."

Chapter 1899: bastard, does it hurt?(1)

Du Yuesheng came over that night. She had gotten the address from Qin Anlan.

When two men were not love rivals, everything was easy to talk to.

Du Yuesheng arrived at 10 O'clock at night.

He knocked on the door, but no one answered. He knocked a few more times, leaned against the door, lit a cigarette, and waited quietly.

The door was opened from the inside. With a layer of anti-theft door between them, Linda looked at Du Yuesheng guardedly, her little face pale.

“open the door.” du yuesheng’s voice was a little overbearing.

linda shrank back and took a few steps back, ” i don’t want to. ” after all, she was still a little girl, and there was a trace of softness in her voice when she spoke to him.

du yuesheng’s eyes narrowed and her expression was a little gloomy. then, she twisted the door lock with her fingers.

Linda was scared. Was he trying to break her finger?

however, she didn’t expect that the lock would really be broken by him. linda immediately wanted to escape, but the door was pushed open roughly. then, du yuesheng walked in.

just as she was about to escape back to the bedroom, he grabbed her arm and shouted, ” “Why are you running? will I eat you?”

He finally remembered that Linda was pregnant, so he gently wrapped her in his arms, carefully trapping her, not letting her move, and kicked the door shut.

In his arms, Linda was quivering like a poor little animal.

in the dead of the night, would he be angry and make her into a bun? ye liangqiu had called her in the afternoon to tell her to be mentally prepared that du yuesheng was engaged.

In fact, Linda had already thought it through. It didn’t matter if he was engaged or not.

at most, she could raise her own child, and he could just treat the child as if it did not exist.

Biting her lip, she said, ” but you look like you want to eat my child.

du yuesheng glared at her for a long time. there was a sense of helplessness in her eyes.

He really didn’t care much about Linda, and he had just been engaged to Yingluo. Since ye Liangqiu said that the child was his, he didn’t doubt her, because she wouldn’t be so stupid as to lie.

His voice was deep,”why did you tell me a few days ago that I wasn’t the child?” Hmm?”

He gently pinched her chin and looked at her deeply.

“if i say it’s yours, what will you do?” ye liangqiu smiled.

Du Yuesheng's fingers exerted a little more force. She was in pain, but she did not cry out.

He inched closer and stared at her. how do you know that I don't want this child? "

"what about me? do you want me? Are you going to take the child away, or do you want me to be a shameful mistress?" There was a mocking look on Linda's face, " Du Yuesheng, stop being so hypocritical. If you liked me, you would be angry if I told you that I had a one-leaf love with someone else. You wouldn't have accepted it. Yet, you believed it so easily."

She stroked her lower abdomen with her fingers. this child came unexpectedly. I did take some medicine after we got together. I'm not so cheap as to get pregnant for money.

she made herself sound so unsightly that du yuesheng felt uncomfortable. after a moment of silence, she said, " linda, i'm sorry. "

linda paused for a moment and urged him to say sorry, which actually had a lot of meaning.

however, she was more inclined to believe that he couldn't take responsibility.

"child, i will take responsibility!" Du Yuesheng trapped her and said in a low voice, " "when you're four months pregnant, do an amniocentesis and prove that you're my child. i'll send a team of professionals to take care of you. in addition, i'll also allocate a private real estate under your name, which is about 100 million yuan."

Chapter 1900: bastard, does it hurt?(2)

he paused for a moment. " as for this child, i'll transfer five percent of the company's shares to him after he's born. he'll live a life without worry. "

Linda's face became paler and paler as she listened.

She looked at him as if she didn't know him and was listening to a stranger's words.

"Very generous conditions." a sneer appeared on her face. then, she stretched out her finger and poked his heart. " du yuesheng, this is not the first time you've said this to a woman, right? you're very familiar with it. "

Du Yuesheng narrowed her eyes and said unhappily, " "This is the first time. No woman has ever gotten pregnant for me before."

"Is it because no one is so stupid, or is it because Mr. DU's measures are watertight?" Linda sneered, " Mr. Du must be in a difficult situation now, right? afraid of his fiancée finding out? Hmm?"

"you're afraid that i'll get in the way of your family, aren't you?" she pressed on.

Her voice was very soft, but it was filled with mockery.

However, her emotions exploded after that. Du Yuesheng, don't think that I don't know what you're thinking. You just want me to help you raise your child and be your mistress. You can also fly to B city from Hong Kong to relax when you're free, right? there's a home outside the home, right?"

du yuesheng's face was dark and she did not deny it.

he wanted to smoke, but he held back. after a while, his tone was a little tense. "How much do you want?"

she didn't reply to him directly, but tilted her head and looked at him. " "An amniocentesis. Do you know how painful it is?"

She pushed him back a few steps and threw the phone at him. It hit Du Yuesheng's forehead and blood started to flow.

linda's eyes didn't even blink, and her voice became colder,"does it hurt? You motherf * cker, tell me, does it hurt?"

she was as fierce as a lunatic, like the yaksha in qin anlan's mouth.

Even Du Yuesheng was stunned by her. Even though his head was bleeding and Mr. Du had never been in such a sorry state in his life, he still looked at her in a daze.

A mocking smile appeared on Linda's face,"mr dean, i took five million. we are even. as for what you leave for me, that's my business. you have no right to ask if the child is going to stay or leave."

She threw something over and roared, " " your amniotic fluid pierced through your mother's eggs. why don't you go back to your womb and get pierced? "

du yuesheng had never seen such a rude woman before. she was pregnant for her own sake.

In the past, the women who served him were so gentle, but the little girl in front of him was so fierce.

he almost doubted whether it was the right decision to come to B city!

However, since she was already here, there were some things that had to be dealt with. He endured her temper and said in a calm voice, " " i hope you can think about it carefully. this is good for you and the child. "

Linda suppressed her temper and squeezed out a smile, " Mr. Du, I won't see you out!

she had thought it through. no, she didn't need to think at all.

his mannerism as a young master from a rich family could go to hell!

moreover, he had to be a young and handsome man to negotiate with her. he was an old man in his early forties. what right did he have to bully her?

linda's eyes were full of determination. du yuesheng could see that this girl was not joking, nor was she being reserved or trying to take more money. she was really disdainful of him and disdained to look down on him.
