

Thank you 1941

Chapter 1941: ye muyun VS little xin (9)

sensing that she was trying to escape, he reached out to grab her arm and pulled her back.

her little face bumped into his chest. it hurt a little, but she could immediately feel that his heart was beating so fast!

Also, the top two buttons of his shirt were unbuttoned, and his skin was burning hot.

she did not know much about the matters between men and women. she only knew that when he did this, he wanted to eat her.

he lay down, not daring to move.

“I won’t do anything,” he said in a hoarse voice.

Nothing happened? He had clearly touched her!

this was the first time he had ever treated her like this. would he do this often in the future? she thought in horror.

However, just as she thought about it, he had already held her again. One of his hands was even holding her waist to prevent her from escaping.

his face was buried in her neck, and he had a hoarseness that did not match his age. ” i won’t do more. ”

he was an adult man, and he was curious about a woman’s body.

And he only wanted her, so the only person who could satisfy his imagination could only be her.

Ye mu Yun had never felt that he was being overbearing. He only felt that his fingers were about to melt on it and he couldn’t bear to let go.

she half-cried and begged, ” brother, don’t. ”

The word ” brother ” pulled him back to his senses and finally let her go. He allowed her to get up and retreat far away.

He sat up and looked at her guarded eyes. He smiled and said, ” wait for me in the study.

then, he walked towards the bathroom.

tang xue ‘er stuck out her tongue at his back. she had been so anxious just now, but now she was serious again.

Fake seriousness!

She snorted softly and blushed. She pulled up her pajamas and ran to the study room barefooted.

Although she was stupid, she was still smart. She could tell at a glance that the bag had been moved.

he carefully looked down, clenched his fists, and looked angry ...

This is too much!

He knew that she had failed, yet he still tricked her into kissing him.

Thinking of the situation just now, her body trembled, and her fingers gently held the place he had held just now. Only then did she remember that she didn't seem to be wearing any underwear. In the past, Yi Qianqian had never noticed it in front of him. In the future, she would not dare to be so casual anymore.

just as tang xue 'er's face was burning, ye muyun came out of the shower. his hair was 60% dry and only a bathrobe hung loosely on his body.

even so, he was still handsome and charming.

she obediently sat behind her small pink desk and sat upright, like a primary school student.

ye muyun looked at her indifferently, walked in front of her, and casually sat on the side of the table.

She didn't dare to meow, for fear of seeing something she shouldn't.

"where are the exam papers?" he looked at her.

Xue 'er handed it to him with a careful expression.

when he took it, he glanced at her again, but quickly lowered his head and said indifferently, " " i can understand language, mathematics, and physics, but for english, ran ran. " he didn't finish his sentence because he saw her test paper and there were obvious traces of saliva on it.

He stared at her for about a minute before he looked up at her. "you fell asleep during the exam?"

Tang Xue 'er and little Xin sat down, their hands clasped together. Her eyes drifted to the side, and she lowered her head and hummed honestly. I was sleepy during the exam.

"then, what did you do at night?" His voice was a little harsh, as if he was disappointed in her.

She had been with him for a long time and knew that he was easily fooled. Hence, she looked at him with a tender gaze and said in a soft voice, " I miss older brother.

Chapter 1942: Ye Muyun VS little Xin (10)

These words were simply a sharp weapon.

coupled with her innocent eyes, ye muyun wanted to pull her into his arms and kill her.

However, he was always a person with self-restraint. He only looked at her indifferently, and his voice was even colder."Is that so?"

" mmh, " she replied obediently. then, she carefully moved her body and stood up. she walked in front of him, hugged his arm, and softly called out, " brother. "

ye muyun didn't fall for her trick. he looked down at her. "what are you all thinking?"

Xue 'er's eyes widened and she bit her lip, but she couldn't figure it out.

"do i need to think about this?" He stretched out a finger lazily and knocked on her head, his voice reproaching, " "stupid."

in his heart, he was not without disappointment.

he loved her, possessed her present, possessed her future, and could even become his woman whenever he wanted.

However, deep in his heart, he was still a little dissatisfied.

They were two years apart, and he had already loved her for so many years, while she still did not understand Eye Love.

His heart was filled with thoughts, but his face was still cold as he looked at her disappointing and charming little appearance.

xue 'er simply hugged his arm and acted shamelessly, sticking her head on his arm and rubbing it like a little kitten.

he was at a loss as to what to do with her. his heart was a little agitated, but he still shouted at her, " go over and sit down. "

She sat down obediently, and the young man, who had just returned from a business trip and was still jet-lagged, helped her answer the questions one by one.

in the beginning, she was quite serious, but in less than half an hour, her little head began to nod and nod.

He knocked on her from time to time, but it was no use. The unmotivated little girl lay on the desk for an hour and fell asleep.

Two streams of drool hung from the sides of her red lips.

Ye Muyun glared at her with disdain in his eyes, but his fingers slowly reached over and wiped away her saliva with infinite gentleness. He softly scolded, " "idiot!"

he was no longer angry!

He had been like this for the past few years, so how could he still be angry?

punishing her and accompanying her to study were the best ways he could think of to keep her company.

however, she did not understand.

He reached out and pushed aside the hair on little fool's forehead, revealing a delicate and pretty face.

He thought to himself, 'although she's stupid, her looks are unique. She's lost the baby fat from when she was young and now she's slim and beautiful, especially her skin that's like an egg without its shell.'

his slender fingers rubbed against it twice, and he looked at it with a deep gaze for a long time. then, he bent down, picked her up, and walked straight to her bedroom.

probably because he had disturbed the little girl's beautiful dream, her crystal clear eyelids opened and closed. her two small claws rested on his neck, and she buried her small face in it again, rubbing it. in the end, she slept even more soundly.

Ye Muyun lowered his head and scolded her for being an idiot again. Then, he hugged her and lay down on the soft bed with her.

The bedroom was filled with the fragrance of a young girl. He could smell it even if he was lying down.

however, none of these could compare to the custard bun in his arms. he lowered his head and sniffed the fragrance of her neck.

He chuckled and pinched her nose again. idiot.

even so, the little person in his arms still woke up. she opened her eyes and called him 'big brother' in a daze. then, her small hand grabbed his hand, and their fingers intertwined. her small head pressed on his shoulder, looking a little overbearing.

Chapter 1943: Call me big brother (1)

his bathrobe was loosened by her rubbing against him, but he didn't care. he let her sleep and let her take the initiative to grab his fingers.

this was the first time his little fellow had treated him like this.

those tender little fingers wrapped around him like small golden mushrooms. they were soft and fragrant, and his heart was filled with endless satisfaction.

he turned his head, pressed his forehead against hers, and closed his eyes.

his body was tired, but he was reluctant to fall asleep.

She opened her eyes and looked at his custard bun again. Then, she broke free from her hand and raised her hand to turn off the bedroom light.

in the darkness, the girl's delicate fragrance was magnified, and the soft little body in his arms made him feel uneasy.

He knew what it was, but she was really too young, and he didn't want to take her first time before she was twenty.

His fingers found her lips in the dark and gently touched them. The baby opened its eyes and stared at her with burning eyes.

The young girl's body trembled, and her long and thick eyelashes fluttered.

Yes, she was awake and pretending to be asleep.

even though her eyes were closed, she could still feel that he was looking at her with the kind of eyes that wanted to eat her up.

after holding it in for a long time, she still couldn't hold back her fear. she subconsciously bit her lip, but she accidentally bit his finger.

She closed her eyes tightly and didn't dare to open them.

“do you think you'll be fine just like that?” his voice was especially cold in the dark night, as if it could shake out ice beads.

tang xue 'er sighed in her heart. how could there be such a huge difference between two people?

She didn't make a sound and just shamelessly hugged his waist.

his body froze, and then she felt a hair-raising rustling.

however, he did not do anything to her. instead, he rubbed her long hair and said in a rough voice, ” time to sleep. ”

She heaved a sigh of relief and obediently nestled in his arms.

actually, she wasn't used to sleeping with him. they wouldn't sleep together every day, but he would definitely want her to sleep with him on the first day he came back from his business trip.

She thought, ”he probably hasn't smelled the custard bun for a long time, so ...”

Tang Xue 'er secretly thought to herself, he probably hasn't weaned yet!

with this thought in mind, she lay down in a happy mood and fell asleep.

The first ray of the morning sun shone into the beautiful bedroom, and she moved uncomfortably.

She tightened her waist, opened her eyes, and looked at the magnified handsome face in front of her.

He had already woken up, but he did not open his eyes. He only asked indifferently, ” “be careful, what time is it?”

He rarely called her that anymore.

Xue 'er grabbed the alarm clock beside her. seven o' clock.

His eyes were still closed. what time is your first class? ”

“Nine O 'clock.” Tang Xue' er tilted her head and thought for a moment.

As soon as she finished speaking, she felt a kiss on her little mouth. Her lips were hot, and she was in a daze. His voice was slightly hoarse, ” “I'll sleep until eight.”

Then, she was held in his arms. He held her like he was holding a doll.

Little Xue 'er's face was pressed against his chest, and his bathrobe had long been undone. She could feel that he was very hot.

he didn't dare to move and could only lie down obediently.

he seemed to be very tired and fell asleep again. the little girl lay in his arms and was bound by his long arms and legs. she was in pain for a full hour.

when he woke up at eight o'clock, her feet were numb. she wanted to complain, but she did not dare to.

After ye Muyun got up, he didn't make things difficult for her. He went back to his bedroom to wash up and gave her ten minutes.

Chapter 1944: Call me big brother (2)

she had always been afraid of him, and he was a man of his word. hence, ten minutes later, she was already neatly dressed in the dining room downstairs.

Ye Muyun sat in the dining room. His long life of flying in the air made him used to eating quickly. In front of him was a simple three-course meal and a glass of milk.

in front of her were doughnuts, corn soup, mashed potatoes, and a cup of strawberry milkshake.

He glanced at her. He had never approved of her breakfast, but he didn't say anything since she liked it.

"come here." his voice was faint and somewhat dignified, probably because he was used to being a leader in bo yi.

tang xue'er sat beside him and ate her breakfast in small mouthfuls. her eating speed was also like that of a kitten.

after ye muyun finished eating, in the ten minutes that he was waiting for her, he contacted his secretary and settled the basic matters. he also told her that he wouldn't go to the company in the morning. his secretary also knew the reason.

She put down her phone and looked at the young girl who was still fighting. Her slender fingers landed on the table and tapped twice, indicating that she didn't have much time left.

The custard bun looked at the last donut with great reluctance and swallowed hard.

then, she raised her head and looked at him eagerly.

ye mu yun sighed in his heart. she really worked hard.

he had never seen her so concerned about other things.

he picked up the donut and gently stuffed it into her mouth. he said lightly, "let's go!"

He held her hand naturally and walked to the sports car parked on the lawn outside.

The little girl's soft hand struggled slightly and was safely in his palm. She was leaning back, so he was basically dragging her.

However, ye Muyun didn't get impatient and pulled her along with a good temper.

Before she got into the car, Tang Xue 'er finally finished the donut and secretly wiped her mouth. Ye Muyun opened the car door expressionlessly. She stuck out her tongue and got into the car. He closed the car door and went around to get in.

“Have you thought of what to say?” he turned his face to the side.

she let out an ” ah ” and looked at him in a daze. her red and moist little mouth was slightly open. that appearance, no matter how you looked at it, was cute and hateful.

ye mu yun's eyes narrowed and he said slowly, ” wipe your mouth. ”

She was stunned again. In the end, he reached out and patted her small head. you're so stupid.

His tone was disdainful, but his voice was already hoarse.

the young girl obediently picked up a tissue and wiped her small mouth, but he reached out and tapped her again. his voice was even colder. ” so stupid. ”

Xue 'er pouted and turned her face to the side, ignoring him.

he was angry.

she was angry, but the handsome young man seemed so happy. an imperceptible smile appeared at the corner of his mouth as he started the car.

he had been focused on driving and did not talk to her.

The angry little girl couldn't hold on for long, so she secretly turned her head to look at him.

his side profile was three-dimensional and well-defined. because he was young, although his lines were hard, they were smooth and beautiful.

After she saw it, she became even angrier, Yingluo.

How could such a fierce person be so good-looking!

Although she was angry, the car was driving so smoothly that she wanted to sleep.

so when ye muyun's car stopped and he turned to look at her, he saw her drooling and sleeping. The car window was rolled down a little, and the spring breeze brushed against her face. The warm sun shone on her face, making her forehead look even smoother.

Chapter 1945: call me big brother (3)

The car window was rolled down a little, and the spring breeze brushed against her face. The warm sun shone on her face, making her forehead look even smoother.

her facial features were also extremely exquisite. he often thought to himself, ” how could someone so smart be so stupid? ”

However, what could he do? no matter how stupid she was, if she liked him, then so be it. There was nothing to dislike.

He quietly looked at her sleeping face for a long time, and finally leaned over to give her a light kiss on the forehead.

she frowned slightly. when she woke up, she felt a sharp pain on her cheek.

“It’s fine if you’re stupid, but you’re so undiligent!” In front of her was a handsome face with a slightly cold expression, and his voice was also cold.

His hand was still pinching her cheek.

“it hurts, it hurts, yingluo, it hurts so much.” Little Xue ‘er cried out pitifully, not daring to pull his hand away.

He would occasionally teach her a lesson, and if she resisted, she would end up in a worse state.

The cold young man finally let go of her hand. He picked up a tissue and wiped his hands. His voice was elegant and pleasant. go to the classroom directly later. I’ll talk to the homeroom teacher.

because of the pain from his pinch, her eyes were filled with tears, making her look extremely adorable.

however, he did not soften his heart. his gaze was indifferent, as if he was waiting for something.

Tang Xue ‘er knew that she wouldn’t be able to make it. She suppressed her dissatisfaction and called out softly, ” brother.

In her heart, she was thinking,”big brother is bad, big brother is bad!”

How could ye mu Yun not know what she was thinking? he snorted softly.

“thank you, brother.” the young girl said unwillingly, but he still refused to open the car door.

she was extremely angry, but her face was still obedient. her small hand unbuckled the seat belt, and then she climbed onto his shoulder.

her eyes drooped, and she leaned her little face into his arms, looking up slightly in her daze.

she looked very well-behaved, just like how she would take the initiative to send herself to him and let him kiss her when she made mistakes countless times.

In fact, he was also like this when he kissed her for the first time.

She was so frightened at that time, and he helped her clean up the mess with a straight face. Then, he pressed her down and kissed her.

those hot lips and tongues intertwined, making her shiver.

Although she was stupid, she was quite smart in this aspect. If she made him unhappy, she would put her little mouth close to his and let him kiss her, looking like she was at his mercy.

Only the heavens knew that what he wanted was far more than this.

what he wanted was scarier than she could imagine.

he looked at her with a deep gaze as she raised her small face. her eyelashes were trembling slightly, and she clearly looked scared.

he lowered his head and gently bit her small mouth. his voice was slightly hoarse. ” get out of the car, idiot! ”

It’s over?

she opened her eyes in a panic, and their eyes met.

he didn’t look away. his originally angry black eyes had a faint smile, and her face had turned red.

devil, why are you so good-looking?

He unlocked the door, and she opened the car door and got out. She picked up her bag and ran as fast as she could.

ye muyun didn’t get out of the car immediately. instead, he rolled down the window.

The car window rolled down, and he took a cigarette from the control center. He lit one up and took a long drag.

i’ve endured it for a long time, yingluo.

with a cigarette in one hand and a phone in the other, he made a call. however, his eyes were fixed on the back of the young girl until she could no longer be seen.

Little did he know that he was also a scenery in the eyes of others.

The expensive sports car was already very eye-catching, not to mention the man sitting in the car!

However, he had always been cold and aloof. Other than his little girl, he would not care about anyone else.

Chapter 1946: the stupid horse that charged out (1)

ye muyun quietly finished his cigarette and got out of the car with his phone.

After all, he was still young. Unless it was a necessary occasion, he would usually not dress too formally.

dark grey long pants with a rice-colored sweater. it was simple, but it looked crazy in it.

When he stepped out of the car, his pair of long,| His legs were particularly eye-catching, and the little girls who came and went almost screamed.

ye muyun walked straight to the office building and quickly settled the little girl’s matter.

of course, she had also paid a huge price to make her test results go from all failures to full A’s.

The homeroom teacher dealt with the matter urgently. Hence, when the scores were announced, Tang Xue ‘er was not surprised.

ever since she was in her first year of high school, this was how she had made her way to her current position.

the most exaggerated one was when she fell asleep during an exam and got a zero.

although he had helped her, her little mouth was almost swollen from his gnawing.

She had never known that a kiss could be so brutal. Would he be happy just like that?

after the homeroom teacher announced the scores, he looked at tang xue 'er with a meaningful gaze.

Not to be trifled with!

she naturally knew that young mr. qin. president qin of boyi was the future successor of boyi, but was he sure that he would dote on his girlfriend like this?

Wasn't this pain causing a rice worm?

looking at tang xue 'er's face, the homeroom teacher's feelings were very complicated. with her looks, it seemed to be natural for her to be useless.

it was fine as long as he was good-looking, why did he need talent!

With her family background, she didn't even need to rely on her face to make a living, let alone her talent!

xue 'er had long been trained to be thick-skinned, and she gladly accepted such results.

In fact, the homeroom teacher was the one who was cursing in his heart. He should have gotten an average grade. This President Qin was very strong. He wanted to make his girlfriend happy and be the first in the whole grade.

This idiotic School Belle's elite persona of being the number one would collapse one day. What would he do then?

who would clean up?

He was donating to the library this time. What should he donate next time?

After the small morning meeting ended, her deskmate Zheng Xinyi looked at her carefully and smiled. Xue 'er, you did well in your exams this time. first place in the level, that's amazing!"

Xue 'er was confused. first in the level? "

well, the last place was still the first place. there was not much difference when it became a positive!

He laughed. it's alright!

After saying that, Xue 'er turned her head. Oh right, how did you do? "

Zheng Xinyi had come from city H. She was the top student of city H. She was not very beautiful and was slightly chubby like a young girl. She was completely different from Xue 'er's exquisiteness, but she was very good at her studies.

xue 'er asked. her expression was a little subtle, but how could the naturally insensitive little girl sense it?

“It’s alright.” Zheng Xinyi said softly, holding her report card tightly-total score, second in the school.

If it wasn’t for Tang Xue ‘er, this stupid horse, she would have been the top student in the school.

zheng xinyi had seen tang xue ‘er’s score before. she should have been an all-red star, but now she was stunned.

She felt humiliated to be ranked behind a student with such poor grades. It was humiliating!

However, she couldn’t say anything, and she didn’t want to tell anyone that she was the second in the school.

however, the exam this time was on the list, so the whole school would soon know-

Tang Xue ‘er, the campus Belle of B University’s first year, was not only beautiful, but also a top student, the first in the school.

even xue ‘er was speechless as she stood there and watched. she shook her head and remembered to tell the great demon king to keep a low profile!

Chapter 1947: The stupid horse that charged out (2)

however, tang xue ‘er’s appearance was not low-profile!

it was simply unspeakable suffering!

In fact, she knew about ye mu Yun’s sinister thoughts. It seemed like she wouldn’t be able to get over it if she didn’t work hard.

but she felt that she was innocent, and he would always have a way.

yes, to her knowledge, no matter how big of a problem it was, he would always have a way to solve it.

so, she continued to eat and sleep in peace.

This kind of life was very beautiful, except that the devil rarely went on business trips recently and seemed to be very free.

In B University, it was drizzling.

Zheng Xinyi stood in front of the list, her face covered in rain. She looked at her name, which was in second place.

There was a difference of 5000 Yuan between the first and second place scholarship. To her family, this 5000 Yuan was equivalent to her parents’ monthly salary.

she cared about the first place, not just for her pride, but more importantly, the 5000 yuan.

she stood there in a daze, her gaze shifting to the upper grade list at the side, looking at the top of the third-year students.

it was a familiar name-

Zhou chongguang!

on his ordinary face, his ordinary eyes began to shine with an extraordinary light.

She had once told herself that one day, she would definitely be on equal footing with this person. She would definitely stand at the same height as him.

However, she still lost. She lost at the hands of an idiot beauty.

The rain was getting heavier, but Zheng Xinyi still stood there without moving.

From a distance, many students were secretly jabbering, " " xinyi is so pitiful. the homeroom teacher told her that it was a first-prize scholarship. now, it suddenly became a second-prize scholarship. she must not be able to take it. "

" that's right, xinyi's family isn't that well off, yingluo. actually, we all know that, yingluo. "

"right! but he has a strong background, what can we do?"

Xue 'er stood not far away, her little face a little tense. She had heard everything they said.

she didn't know when the person who spoke saw her, but at the same time, he kept quiet and said that no one could offend her.

Xue 'er did not say anything and walked straight to the school gate.

"she must be angry."

"what should we do? will she use her connections to fire us?"

"xinyi, zhenzhen, aren't you on good terms with tang xue 'er? please put in a few good words for us, we only offended her because of you."

Zheng Xinyi slowly turned her head, her face covered in water, and looked at the girl who was leaving in the distance.

her back view was also so moving and enchanting.

he was in a completely different world from her.

"don't worry, she's not that kind of person," she said softly after a long time.

A few of the female classmates heaved a sigh of relief. Then, they started gossiping. I heard that she's the daughter of Boyi. I don't know if it's true.

"it's true! Otherwise, do you think she has the ability to be the top student in the school?"

" no, i heard that her brother arranged everything at school. the president of boyi only has one daughter. how could he have a son? " Someone said weakly.

Thus, someone started to speculate maliciously, " then, her background is not clean? "

Zheng Xinyi took a deep breath. stop guessing. It's a fact that she's first.

everyone was silent and looked at her with sympathy.

after the scene quieted down, a slender figure appeared. he stood in front of the list and looked at it for a long time.

A faint smile appeared at the corner of his mouth-
first place?

He remembered that during one of the self-taught classes, the little pig had fallen asleep, and there were only three words on the notebook-Devil King!

Chapter 1948: His y-might is deeply rooted (1)

xue 'er walked out of the school gate and saw ye muyun's eye-catching bugatti veyron.

he was a low-key person, so why would he drive such a flashy car?

Once, she had asked, and he had looked at her for a long time before slowly saying, "because I look younger.

she chuckled for a long time. young?

he was only two years older than her. he was only 20 years old, but he already spoke like an old man.

However, she later found out that he usually took the chauffeur's car when he went out of the company.

she walked over and ye muyun got out of the car. she noticed that he was wearing an expensive handmade suit. he probably changed at the company and came directly from some formal event.

He didn't use an umbrella when he got out of the car. He didn't care about the rain falling on his expensive clothes. He opened the car door and took her umbrella.

After she got into the car, he closed the door and went back to the car. He used a towel to clean himself up and fastened his seat belt.

"Are you in a bad mood?"

she rarely had such moments. most of the time, she was happy without a care in the world.

there were many times when he asked himself why he liked her. after thinking about it, he realized that it was probably because she liked to eat and smile.

Looking at a happy person made one happy too.

the other good points were probably because she was really good looking. it was the kind of beauty that qingqing wanted to have at first sight.

When he asked this, she lowered her head and fiddled with her little fingers. "no, i'm fine."

Pretty good? Her little mouth was about to hang down.

However, since she didn't want to say it, he didn't ask anymore and focused on driving.

after two red lights, the car slowly came to a stop at the third one. he probably wanted to make her happy. he looked ahead, with one hand on the steering wheel and the other hand rubbing his chin, and asked, "are we eating outside tonight?"

If it was in the past, she would definitely be happy, but at this moment, she couldn't bring herself to be interested in it at all. After an "Oh", she lowered her head again. forget it, let's go home and eat.

If the food couldn't pique her interest, it meant that she was really in a bad mood.

Ye Muyun didn't say anything more and drove back to the villa.

As expected, she wasn't in a good mood after she went back. Aunt li could see it too. Her gaze fell on ye mu Yun's face and thought that the two little ones were fighting again.

ye muyun's young and handsome face only smiled slightly. he reached out and ruffled the little girl's long hair. aunt li's heart relaxed. this was probably something else. it didn't matter. with young master muyun around, even if little miss wanted the stars in the sky, he could pluck them down.

li yun couldn't help but laugh. young master mu yun was so good-looking. his smile made her heart flutter.

However, all of this did not enter the young girl's eyes. Her heart was filled with those few words.

Was 5000 Yuan very important to Zheng Xinyi? She looked quite sad.

She sneaked a glance at ye Muyun and suddenly gave him some food with her chopsticks. She smiled sweetly. "big brother, have some vegetables."

Aunt li was grinning from ear to ear. The two little ones were so loving. It was better for her to avoid them.

ye mu yun looked at the food in front of him, then at the sweet smiling young girl and then at the leaving aunt li. he felt a headache.

Although he roughly knew in his heart, he did not show it on his face. "why are you suddenly so eager?"

xue 'er looked at him with an innocent expression. "it's because it's been hard on you."

his dark eyes were still fixed on her, making her hair stand on end.

Chapter 1949: His y-might is deeply rooted (2)

After a long time, he finally ate it.

as the young girl heaved a sigh of relief, his voice faintly rang out, "those who are unaccountably solicitous are either evil or thieves!"

She glared at him, but it only lasted for a few seconds before she quickly looked down.

His y-might was deeply rooted!

Ye Muyun put down the bowl and chopsticks in his hand and got up. I'll go to the study first. I'll bring my bag over to do my homework in a while.

homework again!

The Great Demon King!

she stuck out her tongue at his back and resisted. "why do i have to do homework every day in college?"

ye mu yun was already slowly walking up the stairs. his figure was tall and straight. from the back, he looked extremely good.

he didn't look back. as he walked, his voice came over lightly. "we'll talk about it when you can pass ran ran without doing homework."

she was a little embarrassed and angry. she clenched her iron fist shyly. "i will definitely do it."

at this moment, he was standing in the middle of the stairs. he turned his head lazily and looked at her with a complicated expression in his dark eyes.

xue 'er's heart skipped a beat, and her face turned slightly red.

she remembered a saying she had read on the internet-

If you were a little uglier, we could talk about life and ideals. But you're so good-looking, I just want to sleep with you!

Aiya, she didn't want to sleep with him. He was so scary.

under the pressure of his burning gaze, she still lowered her eyes and lowered her voice. "i just wanted to test your ability."

"ability?" His good-looking lips curled up into a charming arc, and his eyes deepened. "You'll find out in the future."

Xue 'er bit her lip. She didn't know why, but her face was burning up, and her body was unnaturally hot.

She felt that he seemed to have said something important that she did not fully understand.

Ye Muyun's eyes dimmed. come over in a while.

she gave an "oh" obediently and watched him leave in a noble manner.

at night, she was especially obedient and worked very hard to finish her homework. she didn't eat any snacks or secretly doze off.

ye muyun knew that she had something on her mind and was plotting something, but he didn't make a sound and didn't give her a chance to say it. he left the study. "sleep early."

he said these three words, which meant that he was not willing to 'sleep with her' tonight.

in fact, even if they were to sleep on the same bed, he would at most kiss her and would not do anything too overboard.

Slowly, she realized that he didn't mean it that way, so she wasn't so afraid anymore.

The young girl immediately followed him and looked at him with a fervent gaze. She stuttered, "big brother."

He turned around. He was still in his formal clothes, but he had taken off his coat and tie. However, he still looked reserved and handsome.

he turned to look at her, his voice as light as the night. "what's wrong?"

She sat there, her black hair draped over her shoulders. Her eyes were drowsy, and she had the coyness of a young girl. it's still early.

he stretched his body and continued to remain silent. "i'm a little tired from the six-hour meeting during the day. what's wrong?"

the young girl pursed her beautiful little lips. how could she say such embarrassing words like inviting him to her room to 'sit down'? she simply lowered her head and said, "good night."

he hummed in acknowledgment and smiled faintly. "good night, xue 'er."

He spoke very slowly, but his voice was pleasant to the ear. In the middle of the night, it actually had a hint of seduction.

good night just like that?

her mouth moved, but she didn't say anything. she could only watch him leave xuxu.

Ye Muyun walked to the door with a faint smile on his face. He understood her very well. She wouldn't sleep until she achieved her goal.

sure enough, after he took a shower and lay on the bed, he had only smoked half a cigarette when the door was carefully opened. a small head popped out from the crack.

Chapter 1950: His y-might is deeply rooted (3)

Ye Muyun glanced at her. His young and slender body slightly leaned against the bed and bent one leg.

even such a simple action was done beautifully by him.

xue 'er stood at the door, her eyes a little straight, and she uncomfortably pulled at the collar of her pajamas.

In order to achieve her goal, she deliberately wore less Kasaya.

The moon-white low-neckline pajamas hung loosely on her narrow shoulders, even if it wasn't very full. She was plump, but her flesh and bones were well-proportioned, and her skin was whiter than snow.

after entering and gently closing the door, he didn't have the courage to approach again.

Late at night, in the bedroom, the light was dim, and she suddenly shrank back.

Just as she was about to escape, his cold voice came from behind her. why did you leave? ”

“we’ll talk about it tomorrow.” She bit her lip, her voice soft.

he smiled. ” i’m leaving for new york tomorrow morning. ”

On a business trip? A few days?

the little girl was in the middle of her excitement when a chill ran down her spine. how could he leave before her matter was settled?

Her fair and slender fingers gripped the door handle tightly. After a long time, she finally mustered up the courage to look back at him in a daze.

ye muyun put out his cigarette and reached out to her.

She moved hesitantly, her fingers clenched. After a long time, she finally moved over and put her hand in his palm.

her small hands were sweaty, and she was obviously very nervous.

she stood by the bed, her eyes as pure as a kitten’s, and looked at him pitifully. ” brother. ”

His gaze was indifferent. trouble again? hmm?”

she had long black hair, and her clothes were whiter than snow. a small part of her upper body was exposed, and she was especially delicious.

Her small hands twisted together, and she shook her head randomly. No.

No?

he laughed to himself, but she clearly had something to ask of him.

“So you’re fine?” He finally reached out and held her waist. sleep early.

xue ‘er’s eyes widened slightly. he usually liked to eat her, so why did he not want to eat her today?

his palm was warm and he exerted a little force. ” why? can’t sleep? ”

the little girl nodded her head vigorously, and after a while, she shook her head.

then, she followed his strength and crawled to his side. she lay down obediently and placed her face on his chest.

Afraid that he would do something rash, she wrapped her little hands around his waist, as if it would be safer.

How could he not know what she was thinking? he did not force her. His body slid down a little, and he raised his hand to turn the light to its darkest. time to sleep.

The darkness amplified each other’s presence. Her nose was filled with his alluring scent. His bathrobe was loosened, and her face came into direct contact with his skin. It was slightly cold, but it became hot after a while. It was scalding hot.

Her face was a little hot, and she wanted to lift her body, but her waist was held.

his voice was exceptionally clear in the dark night. ” don’t move, yingluo, or i can’t guarantee what will happen! ”

she was stunned. when he said he didn’t promise, did he mean that?

She hugged him with her small hands and teased him without moving.

ye muyun smiled faintly and his fingers slowly pinched her chin. ” you don’t have anything to ask of me? hmm?”

She turned on the light and looked up to see that his eyes were deep, as if there was a small flame hidden in them.

She pursed her lips and seemed to be crying as she called out ‘brother’, which was a little seductive.

his eyes darkened, his long legs stretched out, and he moved his legs.

she knew that if she didn’t give him some benefits, he wouldn’t help her. besides, her request was too much.
