

Thank you 1961

Chapter 1961: she had always been afraid of him (3)

ye muyun's private plane was at 10 in the morning, so he still sent her to school at 8:30.

The White Ferrari stopped. She unbuckled her seat belt silently and got ready to get out of the car.

"I'm going on a business trip. Do you have anything to say?" his voice was a little hoarse as he grabbed her small wrist forcefully.

xue 'er raised her eyes and looked into his eyes, saying obediently, " "goodbye, big brother."

"I don't want to hear this." his voice was a little stiff, and his fingers did not have any intention of letting go of her.

She bit her lower lip and curled her beautiful little mouth, looking a little dissatisfied.

However, she quickly leaned over and hugged his neck. She buried her face in his neck and said in a soft voice, " "i will miss my brother."

She didn't know why. They were clearly in a relationship, but she kept calling him brother. According to his personality, he would be unhappy.

But he didn't. He had always let her call him that and had never been unhappy.

how could the little girl know the dark thoughts in the heart of the bad man? every time she called him big brother, the evil fire in his heart was satisfied. even on their wedding night, he might bully his little sister!

Because of her obedience, his expression finally looked better. He lowered his head and searched for her soft and fragrant lips. He kissed her deeply and lightly for a while before letting go of her.

It was probably because he was going to be away for half a month that she was surprisingly obedient. When he kissed her, she even gave a little response and timidly pestered him.

His heart was in turmoil. Originally, he would not let her off easily, but the private plane time had already been set.

he raised his hand to look at his watch and let her go in the end. he patted her little butt and said in a hoarse voice, " alright, go in quickly. wait for uncle zhao after school, okay? "

She nodded obediently, her fair little face slightly intoxicated by the kiss. He couldn't help but reach out to touch her red lips, his eyes dark.

After she got out of the car, he sat in the car and smoked half a cigarette before starting the car and driving away.

as the carriage drove away, a slightly chubby figure stood at the side with a dazed expression.

She had seen Tang Xue 'er run out of the car. When she got out, her red lips were slightly swollen and her hair was messy.

Although Zheng Xinyi was young, she could tell what was wrong with Tang Xue 'er with just one look.

She had heard yesterday that the good-looking young man who had gone crazy was Tang Xue 'er's brother.

Would an older brother kiss his younger sister like this?

would he carry his sister onto his lap?

would he hug her so tightly and kiss her with his tongue?

No, that couldn't be her brother. It could only be her boyfriend, Qianqian's boyfriend who drove a Ferrari!

Zheng Xinyi's fingers clenched into fists. It turned out that Tang Xue 'er already had such a good boyfriend.

she quickly walked into the campus and caught up with tang xue 'er. " xue' er, i saw you get out of the car at the entrance just now. "

Xue 'er turned her face. To be honest, her relationship with Zheng Xinyi was not bad, but they were not that close to Huahua.

Two days ago, she begged ye Muyun not because she was on good terms with Zheng Xinyi, but because she didn't want to take someone else's place. She knew that if ye Muyun found out about her little thoughts, he would definitely laugh at her.

other than the last place, no matter what ranking was given to her, it would be taken by others.

after all, she was born into a rich family. although she was very afraid of ye muyun, she wasn't timid when dating others. even in B university, she was considered a little cold, except for the fact that she slept in class until she drooled

Chapter 1962: the great demon king is out on a business trip (1)

xue 'er made a sound of acknowledgment. " my brother gave it to me. "

zheng xinyi bit her lower lip. " i went to the student union office yesterday. zhou chongguang also said that your brother picked you up yesterday. "

Zhou chongguang?

Xue 'er remembered. It was the senior who picked up her sketch yesterday. She had the impression that because of him, she was ruthlessly bullied by ye mu Yun the entire night.

yes, I think so, " she said absentmindedly.

"Xue 'er, don't you think that Zhou chongguang is especially handsome and good-looking?" Zheng Xinyi asked hesitantly.

Xue 'er was still absent-minded. I'm alright!

this was because she had been used to seeing good-looking men since she was young. her daddy, uncle qin, and the devil.

Especially when she was being hugged by a man who was so handsome that it made one's hair stand on end. It was difficult for her to pay attention to other men's looks.

it should be that no matter how handsome he was, he couldn't be as handsome as ye muyun!

zheng xinyi heaved a sigh of relief and her expression relaxed. "oh right, xue 'er, i've joined the student union. i'm the commissary in charge of studies."

she paused for a moment, her face slightly red. "zhou chongguang used to hold a concurrent post."

"congratulations." Xue 'er stood still and said sincerely.

zheng xinyi smiled faintly. "thank you. by the way, are you joining the club?"

Xue 'er shook her head. I have to go home after school.

"Your boyfriend?" zheng xinyi asked after hesitating.

Xue 'er didn't deny it. yeah, they're pretty strict.

she laughed weakly because zheng xinyi kept bringing up the topic of ye muyun. she obviously knew something.

She didn't have the heart to hide it because she felt that in this life, she could only be with ye mu Yun. So it didn't matter what other people thought or knew.

however, she had no intention of saying too much.

Zheng Xinyi's heart was completely relieved. He was really her boyfriend, Yingluo.

as they were talking, they had already reached the classroom. it was the history of art-

To her surprise, she saw Zhou chongguang.

She pursed her lips, walked to the last row, and sat down.

Her arrival had attracted everyone's attention to look at the school Belle!

She was really beautiful!

the kind of beauty that was well protected, the kind of beauty that was like a flower in a greenhouse, the kind that was filled with the tenderness that belonged to a young girl.

it was enough for all men to be willing to protect her and hold her in their arms.

zhou chongguang was the same.

for twenty years, he had never fallen for any girl, especially when all the boys in the school were obsessed with the former campus belle. he even thought they were shallow. One's appearance was the only thing that mattered.

but now, he felt that he was wrong. he was not bad.| It was not his appearance that had touched the heavens.

Now, he would rather be a superficial man.

hence, under everyone's watchful eyes, zhou chongguang stood up, picked up his things, and walked straight to the last row.

standing beside her, he leaned forward slightly and said in a gentle voice, "let's go in for a seat."

Xue 'er raised her eyes in surprise and looked at the young man in front of her.

zhou chongguang?

she remembered someone saying that he majored in piano. why did he come to study the history of art?

however, the classroom did not belong to her house, so she still moved four seats further in. this way, she did not have to sit next to him.

a faint smile appeared at the corner of zhou chongguang's lips. he strode over with his long legs and sat down beside her.

The young girl frowned and glanced at him, but she didn't say anything.

"i heard you're having this class, so i came." His voice was a little low as he said this while looking at her delicate face.

to be honest, he was a very good-looking man, the school hunk.

he had a good family background, good looks, a tall figure, and was good at playing the piano. if nothing went wrong, he would be studying abroad next year.

Chapter 1963: The Great Demon King is out on a business trip (2)

zhou chongguang was very clear about his life. tang xue 'er was an accident in his life.

A wonderful accident!

He didn't reject this kind of accident at all. On the contrary, he was happy.

Of course, he didn't mind her stubbornness and lack of motivation.

Girls were pampered to begin with. She had delicate skin and tender flesh. One look and you could tell how pampered she was. Zhou chongguang felt that she could do whatever she wanted to do, such as drawing.

zhou chongguang sighed in his heart. he had never liked anyone before, and he had never felt that any girl was important. but from the moment he saw her, he had thought of how he could dote on her.

he even felt that she would be a lovely little wife in the future.

he would think of the afternoon they got married, when he came home from outside and she was sleeping lazily in the sunroom. he kissed her awake and told her that he had a concert that night. she buried her small face in the white pillow, and after a while, she got up to hug him and whispered in his ear, ” “chongguang, i’m pregnant! what do we do?”

What could he do?

then, he would dote on her twice as much, dote on the little life that was about to descend, yingluo.

really, zhou chongguang was an excellent pianist. no one doubted that he would become famous in the future. only his teacher had once worriedly told him-

Chongguang, your skills have already surpassed that of a first-class pianist, but your work lacks richness.

he did not understand what was missing.

After that, the teacher patted his shoulder and smiled. let’s get into a relationship and find the feeling of love.

zhou chongguang liked tang xue ‘er, not because he wanted to find the feeling, but because he had feelings for her.

He remembered the first time he saw her. She was sleeping in the classroom, the sun shining warmly on her side profile. It was so bright that even the fine hair on her fair face could be seen. If it wasn’t for her drooling, that beautiful scene would have been like a quiet painting.

At that moment, Zhou chongguang heard his heart skip a beat for two seconds. He heard a voice from the depths of his soul, ” Zhou chongguang, it’s her.

That day, she had slept through the entire class, and he had watched her class in a daze.

from then on, they would be mistaken for each other for life.

At this moment, he said to her, ” because you’re here, so I’m here, Yingluo.

This sentence was almost like a confession, but Xue ‘er didn’t hear it. She only looked at him blankly, and with an “Oh,” she took out a piece of paper and drew casually, not paying him any more attention.

Or rather, from the beginning to the end, she had ignored him. It was his passion.

in class, zhou chongguang naturally didn’t need to listen to the history of art. all his attention was on the young girl.

She was still lying on her stomach, with half of her body turned to one side. He could see her thin and white ears, as well as the thin layer of fine hair covering them. They were soft and cute like small animals.

After looking at it for a long time, she finished drawing a picture. He saw it, and it was still her brother.

to be honest, he was definitely a very beautiful man with an amazing appearance.

his facial features were beautiful and exquisite, but it did not make people feel that he was effeminate at all. on the contrary, yingluo was very cold. although he was young, there was a depth between his brows that zhou chongguang could not see through.

Zhou chongguang saw her putting the painting in the photo album and asked softly, ” “your brother is working?”

Xue ‘er turned around, her gaze landing indifferently on Zhou chongguang’s face, and she mumbled absent-mindedly, ” mm.

Zhou chongguang felt as if his punch had landed on cotton flowers, soft and powerless. He wanted to say a few more words, but class had ended, and Xue ‘er had already picked up her bag and stood up.

Chapter 1964: the prince charming of B university (1)

if xue ‘er wanted to leave, she would have to pass by zhou chongguang. if he didn’t leave, she couldn’t leave either.

The classroom, which was originally a little noisy because the class had ended, was now completely silent and everyone was looking at them.

Zhou chongguang, sigh, he had initially thought that he had come to the history of fine arts because of a sudden impulse, but in this situation, even a fool could tell who he was here for!

of course, tang xue ‘er was the only one who did not know.

In her world, when it came to feelings and love between men and women, she would never associate it with anyone else other than ye mu Yun.

She stood there and looked at Zhou chongguang with some puzzlement. you’re blocking my way.

She spoke in a matter-of-fact tone, not feeling like she was talking to the Prince Charming of the school.

Zhou chongguang pursed his lips and smiled slightly. where are you going? I’ll send you.

“I have a bicycle,” he added after a pause.

“I have legs,” Xue ‘er said slowly.

As he said that, he pushed Zhou chongguang aside and walked straight to the classroom door.

tang xue ‘er had always been a gentle person. other than her beauty, she did not have much of a personality.

But just now, she had pushed Zhou chongguang away, the most handsome boy in B University, and also the president of B University’s Student Union.

all the women were indignant. why?!

However, Xue ‘er didn’t care about those jealous gazes and walked out slowly.

when she reached the door, zheng xinyi caught up with her. ” xue ‘er. ”

xue 'er turned around and looked at her. she was a little puzzled. " why are you here for class? "

zheng xinyi walked a little hurriedly, her face a little red, and she panted. " it was a last minute decision. "

xue 'er smiled faintly and walked towards the classroom. zheng xinyi hesitated at the side. " i saw that you rejected zhou chongguang. "

"rejected?" "No!" Xue 'er smiled.

There wasn't anything going on between her and Zhou chongguang, so how could she reject him?

Zheng Xinyi was stunned for a moment, then she asked even more carefully, " "Xue 'er, don't you have a boyfriend?"

xue 'er paused for a moment. " yes, but does this have anything to do with zhou chongguang? "

Zheng Xinyi finally understood that Tang Xue 'er had not paid attention to Zhou chongguang at all. It was as if a protective layer had naturally risen around her, preventing everyone from entering.

rather than saying that she lived like a princess, she was actually isolated from the world in a sense, even if she came to class every day.

in her life, she only allowed her 'brother' to exist.

What a domineering love that was! He was probably only so familiar with her because he had raised her since she was young.

Zheng Xinyi thought for a moment. then, do you really not like Zhou chongguang? "

"Why do you like him?" Xue 'er gave her a strange look, then walked into the classroom and sat down.

Zheng Xinyi's heart was cold. Why did she have to like him? because Zhou chongguang was handsome and played the piano well. Behind the scenes, everyone said that Zhou chongguang was the Prince of piano.

However, Tang Xue 'er did not know anything. She did not even know that Zhou chongguang liked her.

this kind of natural adorableness made people very angry.

Zheng Xinyi pursed her lips and followed her in. She had given up on her beloved study for the entire day to observe Tang Xue 'er.

girls from well-off families were not interested in books at all. in class, other than sleeping, they would write and draw.

Zheng Xinyi was a little annoyed as she looked at them. Why did some people have to live like rice worms?

She couldn't understand, and she couldn't understand.

After class, she remembered that she had to go to the Student Union tonight. She had just been elected as the chairman of the Academic Committee.

and this would undoubtedly allow him to get closer to Zhou Chongguang.

Chapter 1965: the prince charming of B university (2)

But tonight, Zhou Chongguang would not be at the Student Union. He would probably be playing basketball.

Therefore, Zheng Xinyi felt that if she went to the Student Union and took a detour around the basketball court, Zhou Chongguang would probably know her!

When Xue 'er was about to go back, Zheng Xinyi's fingers tugged on her sleeve. I'll go with you.

They would pass by the basketball court after leaving the school.

Xue 'er had no objections. She carried her bag and walked slowly. Zheng Xinyi stopped several times to wait for her.

There was no impatience on her face, and she had always been very friendly.

As the class monitor, she felt that she should be more patient with problematic students like Tang Xue 'er.

When they arrived at the school's basketball court, Zheng Xinyi was no longer as calm. She looked inside and saw the boys playing basketball. There were many people, but she could see Zhou Chongguang at a glance.

She pursed her lips and stayed there for a while.

Zhou Chongguang was wearing a blue and white basketball suit. He was tall and strong, and his young face was covered in sweat.

Zheng Xinyi stopped and grabbed Xue 'er. Let's stay here and watch for a while!

Xue 'er wanted to refuse, but Zheng Xinyi's strength was very strong, and she pulled her to sit down.

Xue 'er was about to say something when Zheng Xinyi said excitedly, "Look, it's Zhou Chongguang who dunked and scored."

"Another three-point shot." Zheng Xinyi's face was filled with excitement. She was very different from her usual self. Usually, she was a very boring person.

Xue 'er tilted her head and looked at her excited expression. She thought of the past. It was probably a few years ago. At that time, she was about 12 or 13 years old. Ye Mu Yun also took her to play ball. He would take her with him wherever he went.

They grew up together like conjoined twins until two years ago. He no longer took her around. In his life, other than work, it was her.

Her world was filled with him, but she knew nothing about his world.

Of course, she wasn't too interested in finding out.

Just as she was lost in her thoughts, she heard Zheng Xinyi's exclamation. Xue 'er vaguely thought, did Zhou chongguang score again?

Just as she was thinking about it, she felt a pain in her forehead. The basketball had hit her head.

It hurts!

she was in so much pain that tears were falling from her eyes. her head was a little dizzy as well. she held her forehead with her hand and felt a touch of warmth.

He took it down and saw dark red blood.

tang xue 'er had been pampered since she was young and had never seen blood before.

She looked on in a daze, thinking in her heart, would she die?

Zheng Xinyi's voice came from the side, " "you're bleeding. I'll get someone to carry you to the infirmary."

she was also frightened. she was the one who had dragged tang xue 'er here to watch the football game. tang xue 'er's family was so prominent. if something happened to her, she would not have a good ending.

hence, she opened her mouth and looked around in a panic, trying to find someone to help.

zhou chongguang flipped out of the court and quickly half-knelt in front of xue 'er, asking zheng xinyi, " "did she faint?"

at this time, the little girl with her eyes closed stretched out a small hand and gently waved it. her voice was uncomfortable and weak."No, but Yingluo"

there was no 'but'. this time, she fainted.

Zhou chongguang picked her up and ran straight in the direction of the infirmary. Zheng Xinyi was stunned for a moment, but she quickly followed.

two minutes later, zhou chongguang placed the patient on the examination table in the infirmary and retreated to the side to let the school doctor examine him. at this time, his back was full of sweat, and so were his palms.

Chapter 1966: I've been pursued (3)

He had been in a rush just now, so he didn't experience that kind of ecstasy when she was in his arms. He only felt that she was as soft as a ball of cotton.

The school doctor looked at the wound and frowned. the blow was a little heavy. If he faints like this, he might have a concussion. Push him over for an X-ray. He has to stay for observation.

the facilities in B university's infirmary were quite complete. there were all kinds of examination equipment and the school doctor's standard was also quite good.

zhou chongguang nodded and carefully pushed the person into the x-ray room. after the shoot, he pushed the person back to the examination room to wait for the results of the scan.

zhou chongguang had been standing beside the small bed the whole time, and zheng xinyi stood a little behind him, not making a sound.

The results came out half an hour later. He had a slight concussion.

the school doctor looked at zhou chongguang and said tactfully, " "Let student Tang's family take care of her!"

it wasn't appropriate for a man and a woman to be together.

"i'll stay!" zheng xinyi quickly said.

she finally cast her gaze on zhou chongguang's face openly. " go and do what you need to do. "

When she said this, she felt even sweeter.

Finally, she had closed the distance between them.

zhou chongguang was still quietly looking at the young girl lying down, and his voice was very soft. " "I'll stay until her family comes."

zheng xinyi was stunned and did not know what to say. after a long time, she finally said dryly, " "i'll wait with you!"

zhou chongguang didn't say anything and turned around to leave.

zheng xinyi thought he was leaving and chased after him hurriedly. " "Zhou chongguang?"

zhou chongguang turned his head and said indifferently, " "i'll go buy a towel."

zheng xinyi wanted to say something, but her lips moved, and she still could not say it.

she slowly turned around. as she was in the examination room, she stood and looked at xue 'er's pale face. she said softly, " "Look, he really likes you. Aren't you touched at all?"

however, an unconscious person could not answer her. xue 'er just lay there quietly.

Zheng Xinyi spat out these three words softly, her eyes dark.

at this moment, zhou chongguang returned with a brand new towel in his hands. it was still pink.

"i'll do it." Zheng Xinyi said in a bullying tone.

Zhou chongguang stopped in his tracks. His voice was light and calm. you leave first.

zheng xinyi was very disappointed. she forced a smile and said, " then i'll go to the student union office first. "

she waited for a while, but zhou chongguang did not answer her. she then gave up and left.

as she walked outside, her heart was empty.

she didn't believe that he couldn't tell that she liked him, but he couldn't even be bothered to reject her.

This was a deep disregard.

After Zheng Xinyi left, Zhou chongguang washed the towel with hot water and walked back to the small bed to sit down. He gently wiped Xue 'er's face.

that small face was so delicate that it exceeded all his imagination of beauty.

He stared at her in a daze until the phone in her bag rang.

Zhou chongguang's fingers stretched over and he took out the phone from her bag.

the caller id showed that it was the great demon king!

he smiled faintly and looked at the unconscious girl. he picked up the phone. "hello. "

There was a pause on the other end of the line for a few seconds, followed by a cold voice. Who are you? "

it was a voice filled with hostility.

Zhou chongguang immediately thought of a handsome face. He should be Tang Xue 'er's " brother "!

It was the overbearing young man who seemed to have a slight crush on a girl.

after clearing his throat, zhou chongguang said in a low voice, " "I'm her schoolmate. she was hit by a basketball in school."

"let her answer the phone." the voice on the other end was still unfriendly.

Chapter 1967: overbearing possessiveness (1)

zhou chongguang was used to being fawned over and had never been completely ignored and treated with hostility before. but who asked him to like someone else's sister?

Hence, he replied politely, " she's temporarily unconscious. She's in the school infirmary. We've checked her. She has a slight concussion.

He didn't know if it was his imagination, but there was a gasp on the other end, and then the phone hung up unexpectedly.

zhou chongguang looked at the black screen, and his expression was a little ugly.

However, in less than half an hour, there was a commotion at the door of the infirmary. The footsteps of leather shoes were messy and urgent.

The school's leaders, the school infirmary's director, and of course, a decent-looking middle-aged man appeared.

Meng Qingcheng stepped forward and pinched Xue 'er's face. He had done it a long time ago, but he never had the chance to do so until today.

he reached out and picked it up, then walked straight out.

Zhou chongguang subconsciously stopped them. Who are you? " he asked.

meng qingcheng tilted his head and looked at the young man with no hair on his mouth. he said indifferently, "I'm her uncle. Now, take her to the hospital for a full body examination."

"You like little Xin Xin?" he asked with a faint smile.

Zhou chongguang did not say anything, which was considered a silent agreement.

However, he only found out now that she had such a cute name.

Would his little heart grow up to be his little sweetheart?

Meng Qingcheng's lips curved into a meaningful smile, "it's best if you stop immediately.

while zhou chongguang was still in a daze, meng qingcheng had already carried the little girl to the rv outside the medical room.

the lincoln limousine glowed in the dark. the driver opened the door for mr. meng to get in.

Zhou chongguang stood there and watched quietly. He was in no position to stop them.

He came from a good family, so he could naturally see how expensive this car was. The more he thought about it, the more familiar the man looked. Now he remembered that he was the Vice President of Boyi, Meng Qingcheng. He was a person who could stir up clouds and rain in B city.

in the past few years, meng qingcheng had been the host of boyi. president tang yu didn't really care about the management and took his wife around the world.

zhou chongguang wasn't interested in the business world, but he still knew a little about it. if meng qingcheng's position in bo yi was second, then the next person in bo yi's ranking would be a young man called ye muyun.

a genius in the business world!

he disdained the elites of the business world.

Zhou chongguang looked on and knew her identity in his heart. It was easy to like her, but how easy was it to get her?

For a family like Tang Xue 'er's, they would definitely have strict requirements for her future.

If Zhou chongguang knew that he had lost only because of time, he would probably vomit blood.

When ye Muyun looked for Tang Yu, it was actually very simple. He was willing to take care of little Xin and Tang Yu had more time to spend with his wife. It was that simple.

Zhou chongguang wanted to go forward, but he was stopped by two bodyguards. I'm sorry. Our young master doesn't like people to be too close to miss.

At that moment, the Lincoln Stretch Limousine had already driven away quickly.

zhou chongguang looked on, and his gaze was a little distant and distant.

young master? was he her brother?

that cold-looking man?

in the extended limousine car, meng qingcheng picked up ye muyun's phone with one hand and the other.

he knew that ye mu yun was in a meeting at this time and took the time to make this call.

"The car is on the way, it should be fine." meng qingcheng's voice was gentle. "muyun, i'm here. don't worry. "

ye muyun's voice was a little tense. " i'll fly back after the meeting. "

meng qingcheng held his phone and sighed,"mu yun, don't you think you're too cowardly?"

Chapter 1968: overbearing possessiveness (2)

probably because time was really tight, ye muyun hung up the phone before meng qingcheng could finish.

meng qingcheng's voice was weak, "yingluo, don't you think you're watching too closely?"

But no one could answer him. He sighed and said to the driver, " "Drive slowly, Xue 'er will be fine."

The Lincoln limousine drove towards Sheng Yuan hospital. It was supposed to be after work hours, but ever since the arrival of the president's daughter, it had become unusually busy.

He did a blood test, a CT scan, and an ultrasound scan. Meng Qingcheng accompanied him the entire time.

such a huge commotion even alerted tang yu who was in a foreign country.

Tang Yu personally called to ask about the situation. When Meng Qingcheng told him it was just a minor concussion, Tang Yu frowned and said worriedly, " "I heard that you even did an ultrasound?"

that basketball hit the head. what did it have to do with the stomach?

Meng Qingcheng held back his laughter. After a while, he laughed and said, " "it was mu yun's insistence and arrangement."

it was probably ran ran's pre-marital check!

Meng Qingcheng thought immorally and pitied Tang Yu!

Tang Yu sighed.

meng qingcheng had been with him for a long time, so there was nothing he couldn't talk about. he sat on the long bench in the corridor, smoking and smiling, " "are you really not going to care about the two little ones and let mu yun do whatever he wants?"

he reminded her again, " i'm scared of muyun's possessiveness. she's much more powerful than you were with qiqi. "

tang yu let out a long breath and suddenly asked meng qingcheng, " "qingcheng, do you think little xinxin likes mu yun?"

Meng Qingcheng didn't know what to say. He was silent.

Tang Yu continued to speak and sighed, "if she doesn't like him, do you think she would let him manage her given her personality?"

how could she be willing to leave only ye muyun in her entire world?

it wasn't that tang yu didn't notice the problem, but he did. there was nothing he could do.

When he found out, the two little ones were already like this. One was domineering and possessive, and the other was timid. They had been together like this for more than ten years.

If they could continue like this for the rest of their lives, wouldn't that be a kind of happiness? what he wanted was only the children's happiness, not just their carefulness, but also mu Yun.

To Tang Yu, mu Yun was his other child. He had a special relationship with him. Whether or not he was with little Xin, he was still the successor of Boyi. This was not something he could change.

His daughter Qianqian had long been raised by mu yunjiao to the point where it was hard to explain. She had thought that he, as her father, didn't know that she didn't pass every time.

Because mu Yun was here, she didn't care about learning or being incompetent. As long as she was happy, it was fine.

Tang Yu and Meng Qingcheng chatted for a while. Meng Qingcheng roughly understood what Tang Yu was thinking. The two old men sighed at the same time.

it was better to leave it to mu yun. besides, they couldn't care about it now.

After they finished talking, Meng Qingcheng walked into the ward. His Princess, little Xin, hadn't woken up yet, but she didn't seem to be sleeping well.

the dean of sheng yuan was personally guarding the place. when he saw meng qingcheng enter, he said softly, "i just woke up for a while, and now i'm back to sleep."

Meng Qingcheng's gaze fell on the little girl's face. He looked at her quietly for a while before asking, "what did he say?"

the hospital director smiled. "she's probably not feeling well and is crying for a brother!"

The director's smile had a deeper meaning. The entire Shengyuan hospital knew of ye Muyun's existence and his close relationship with the little girl lying on the bed.

as he said this, meng qingcheng also smiled. thinking about what tang yu said, he was right. he probably did like her. otherwise, why would he be controlled so willingly?

Chapter 1969: Domineering and possessive (3)

he thought about it. mu yun's appearance was also top-grade. what girl wouldn't like him?

meng qingcheng sat down and personally guarded the little girl. he looked up at the director and said, "You can get off work first. It's fine as long as there's a doctor on duty."

the hospital director still wanted to show his loyalty. Mr. Meng's status was so high that he was not usually seen.

But Meng Qingcheng still dismissed him because his little Xin hated seeing white coats.

He kept watch until half past nine at night when Xue 'er finally woke up.

Meng Qingcheng's eyes trembled slightly, and he obediently helped her up and carefully placed her on his shoulder. Xinxin, are you still feeling uncomfortable? "

Xue 'er weakly rested her head on his shoulder. After looking at him for a long time, she said softly, " "Uncle Meng, I'm dizzy."

Meng Qingcheng had watched her grow up. She was such a petite little girl, so he had always been in great pain. Thus, he put his forehead on her little head. " mm, it's okay! " Just bear with it for two days."

He coaxed her like a father, and the young girl felt much better. She put her arms around his neck and said, " "i want to eat meat."

Meng Qingcheng couldn't help but laugh. This child was just complaining about her headache, and now she wanted to eat meat. Mu Yun had really spoiled her.

Hence, he could only coax her, "it'll be ready in two days, be good, Yingluo."

Xue 'er was just that strong, but after a while, she was fine. She obediently tilted her head, and after a while, she shouted that she wanted to eat.

Meng Qingcheng asked someone to make her some plain porridge. It was easier to digest.

After he sent it over, he fed the little girl personally, as if he was serving his little ancestor.

Xue 'er was hungry, so she obediently ate half a bowl, saying that she couldn't eat anymore.

Meng Qingcheng smiled and didn't force her. He fed her another half glass of water.

Just as she finished drinking, Xue 'er's phone rang. She reached out and took a look. It was Ye Mu Yun.

"take it." Meng Qingcheng smiled and took out a pack of cigarettes from his pocket. " "I'm going out for a smoke."

With that, he couldn't help but rub her long hair, walked out, and thoughtfully closed the door.

Meng Qingcheng was leaning against the door, smoking. He had a faint smile on his face.

Xiao Xinxin and Mu Yun have both grown up and been in love for many years, Yingluo.

He lowered his head and rubbed his forehead with his fingers. He remembered the little girl he liked many years ago. She had the same name as little Xinxin. Her name was Tang Xin.

She was like a sweet honey!

Meng Qingcheng would never forget how Tang Xin looked when she left. She was so young, but she was so calm.

she was clearly so afraid, but she was so calm when facing death alone.

when that small body laid there lifelessly, meng qingcheng felt like he was going crazy.

he leaned his head against the door, and his eyes were a little hot.

It had been so many years. Even if he and Xiao ran lived happily and even if he fell in love with Xiao ran again, there was a place in his heart that belonged to Tang Xin.

This was probably the reason why he loved little Xinxin so much.

now that xinxin had grown up, almost everyone called her xue 'er. but he, meng qingcheng, still called her xinxin out of habit. that way, he would feel closer to the little girl in his heart.

It was not that Xiao ran did not notice it, but she did not say anything. She would only hug him gently at night when he occasionally thought of her and call him Qingcheng. Sometimes, she would also take the initiative to kiss him and provide her body for him to vent his anger. That night, he would want her especially fiercely.

Meng Qingcheng smoked quietly, as if he had returned to the past.

Chapter 1970: domineering and possessive (4)

In the ward, Xue 'er picked up the phone. Ye Muyun's melodious voice came from the other end. baby, are you still feeling uncomfortable? "

they had been together for almost ten years, and he rarely called her that.

He had bullied her when they were young, and he was domineering when they grew up. He would only call her baby when she was sick. It was only then that she felt that he truly liked her and did not torture her because he hated her.

she lowered her voice. " much better. "

After a while, she seemed to have thought of something and said in a soft voice, " "brother, i'm fine. you don't have to rush back."

There was a moment of silence on the other end. I'll be at the hospital in ten hours, " she said in a low voice.

She opened her mouth slightly in surprise. Did he come back on a rocket?

he said a few more words, most of which were overbearing, and then hung up the phone.

xue 'er could feel that he was very busy, but she didn't understand why he would fly back to take a walk when he was so busy.

after hanging up, she fell asleep again.

She had a dream. In her dream, her brother had come back. In her dream, he hugged her to sleep. He hugged her so tightly that she almost couldn't breathe.

when she opened her eyes, she saw a magnified handsome face in front of her. xue 'er jumped in shock and leaned back. her voice was also timid as she said, " brother! "

he was here to see her, but why was he sleeping in the same bed as her?

this was a hospital. the nurses would laugh if they saw this. and where was uncle meng?

She looked around, causing ye Muyun to be dissatisfied. He leaned against the head of the bed, still wearing the formal suit from yesterday's meeting, only his coat and tie were taken off.

he reached out his long, slender fingers and pinched her chin. " what's wrong? "

"What time is it now?" she looked at him eagerly.

his burning gaze fell on her face, but he did not answer her question immediately. instead, he gently held her in his arms, as if he was holding a baby, as if he was afraid of hurting her.

xue 'er was a little uneasy. being trapped in his arms, the warm yingying was actually very comfortable, but it was not that comfortable because she was a little scared.

was he not used to eating foreign food during his business trip and wanted to eat custard buns?

At this moment, he revealed a gaze that looked like he wanted to eat her up again. She shrank back and wanted to escape, but she didn't have the chance. He had already lowered his head and gently kissed her little mouth, gently sucking on the Yingluo.

They hadn't seen each other for a few days, and now something had happened to her. He actually felt that it had been a long time since he had touched her like this.

he kissed her lightly and when she was resisting, he forced his way into her little mouth.

he was very into it, and he forced her to do so.

he had always been this overbearing.

Xue 'er's resistance was to no avail and she could only obediently close her eyes. Her little face obediently lifted up for him to kiss. Ye mu Yun's gaze was heavy as he lifted her chin up so that he could kiss her even deeper.

Just as he was intoxicated, the door opened and Meng Qingcheng's voice came from the door, " " xin xin, your classmates are here to see you, and the culprit. "

Meng Qingcheng wanted to calm down, but who knew that the moment he opened the door, the world would shake!

In addition to the culprit, there was a group of people behind him, Zheng Xinyi, Zhou chongguang, and a few classmates who were close to Zheng Xinyi.

At this moment, they were all staring at the two people on the hospital bed in shock.

"he's xue 'er's boyfriend," zheng xinyi said softly.

as she said this, she deliberately looked at zhou chongguang, obviously teasing him.
