

Thank you 2041

Chapter 2041: a woman's position is unstable if she's not ruthless (5)

he had lied to gu mei. that information was actually useful. however, after she had stolen it, he had decided to void it.

The biggest taboo for a new product was to release it two days before you released it. The opponent had mastered the technology and released it before you. In order to avoid such a situation, ye Muyun had no choice but to give up on the research and development results that cost hundreds of millions. This was something Gu Mei had to bear.

When he got into the car, he gave Xue 'er a call.

he could not help but think that after she found out, she would definitely kick up a fuss with him. after all, she quite liked gu mei.

The car stopped at PEI garden. Auntie li had already come over and whispered, " "You didn't come down the whole day, are you unhappy again?"

"No, I didn't! Auntie Li, you're overthinking it. " ye muyun smiled. " i'll go up and take a look. you prepare dinner. "

just as he was about to go up, auntie li pulled on his sleeve again. he turned to look at the old man.

As an old lady who had served PEI Qiqi before, Auntie li had some prestige in PEI garden. She coughed, " young master, can you control yourself in the future? after all, miss Wanwan is still young!

Her birthday hadn't even passed yet, and she was already going out to celebrate it. It's already night, isn't that a little too fast?

ye muyun thought of the hickey on xue 'er's neck and knew that aunt li had misunderstood. he said softly, " "No, I didn't!"

no?

auntie li's gaze suddenly became a little meaningful. young master could still hold back after kissing and gnawing so much? besides, the young lady was so beautiful and was born in a young lady's family. would there be a problem with this young master?

Auntie li was really worried. She didn't succeed in the past two days and two nights?

Previously, she was worried that she would mess around, but now, she was worried about the young master's health. Aunt li was very conflicted.

Ye Muyun looked at her interesting expression and knew that she was thinking too much. He said, " "didn't you say that xue 'er is still young?"

aunt li laughed drily. " yes, she's still young! "

"Let's get ready to eat." after ye mu yun finished speaking, he went upstairs.

when he went up, the little girl was still curled up on the sofa, and there were a few opened bags of snacks on the small table, which were scattered messily.

“Why aren’t you going down to eat?” he squatted down and helped her pack her things as he asked in a soft voice.

Oh, ” Xue ‘er replied, then looked at him. I saw you in the news.

“What else did you see?” he asked with a smile.

Xue ‘er stared into his eyes. Gu Mei went to Rongguang, right? ”

” yes, her yingluo likes zhou chongguang. she should have told you! ” Ye mu Yun’s voice was calm as if he was chatting with her.

Xue ‘er didn’t say anything and just looked at him. After a while, she asked carefully, ” will you deal with Gu Mei? ”

“if she betrays the company, i think i will.” He placed his hand on the back of her hand. you like her that much? ”

” no, i just think that if you insist on keeping gu ze company, you’ll probably remember that he’s been with you for so many years. ” Xue ‘er lowered her eyes.

ye muyun lifted her chin and forced her to look at him. he asked seriously, “Are you pleading for Gu Mei?”

She knew that pleading for Gu Mei would not anger him, so she nodded. “yes.”

indeed, he did not get angry. he only stated indifferently, ” gu mei has peeked into the company’s confidential information. now, she is already in the detention center. i gave her a chance, but she insisted on helping zhou chongguang. ”

Xue ‘er was stunned. He was locked up in the clouds?

“can ran ran let her go?” she asked hesitantly after a long time.

Chapter 2042: state your choice (1)

she knew that her request was a little too much, but she still wanted to beg him.

He only looked at her for a long time before saying, ” “Gu ze has already given up on saving her.”

He didn’t say such a cruel thing. He only told her the truth.

xue ‘er was stunned again. ” gu ze, he doesn’t care about gu mei anymore? ”

“because he’s a man. he has his own ambitions.” ye muyun’s voice was very calm.

Xue ‘er’s heart sank. Yingying had her own ambitions, but what about her brother? did he?

Would he give up on her one day for the sake of his ambition?

“I won’t!” it was as if he knew how to read her mind. he quickly answered the question in her heart. ” xue ‘er, this kind of thing will never happen to us. ”

she did not know that to him, she was his entire world.

xue ‘er leaned into his arms and said softly after a while, ” “then can i beg you?”

With that, she knelt up and took the initiative to kiss the corner of his lips. She kissed him affectionately, her small hands holding his waist and slowly moving to his neck.

ye muyun lowered his eyes and looked at her. his voice was clear and cold, with a trace of hoarseness that couldn’t be hidden. ” you seduced me because of her? hmm?”

“No.” She sat in his arms and learned to coax him. “It’s because I want to kiss you.”

he smiled and raised her higher, almost holding her in his hands. ” that’s not how you kiss her. baby, let me teach you, okay? ”

As soon as she finished speaking, she wailed-he said kiss, nothing else!

however, it had really happened. she bit her lip and endured the shame.

not only was he shameless, but he was also forcing her to do shameless things. in the end, she couldn’t take it and snorted.

he pressed his forehead against hers, so close that it was even more touching than their bodies being entangled together.

xue ‘er had always wanted to find an opportunity to tell him about gu mei. however, he would bring her downstairs for dinner later on. after dinner, he looked very busy and went to the study room to deal with work.

she waited for him in the bedroom for a long time, until she couldn’t stand it anymore and fell asleep on the pillow.

when it was almost midnight, ye muyun finished his work and returned to his bedroom.

he undid his tie and looked at her deeply in her deep sleep. in order to prevent her from having another chance to beg him, he ruthlessly avoided her.

She must have waited for a long time!

In the beginning, he did have a personal revenge for Rongguang, but it was different now. Rongguang was a family business with a background. Just the street occupied by the Rongguang building was worth the price he had to spend.

just as he said, men were all ambitious. gu ze was one, and so was he. he could not give up on acquiring rongguang for xue ‘er.

He had said that he would give her the whole world, and on the road to success, he didn't care how much blood he had stained his hands with. He only wanted her to be clean, and he was destined to be stained with darkness.

How many people in the business world were clean?

Or perhaps it was because his world was dark, so he especially yearned for her clean world.

Ye Muyun took a shower and held her in his arms as if he had received spiritual redemption.

Her small body was nestled in his arms, so natural and loving.

All of a sudden, she was probably in a dream as her small mouth subconsciously spat out a few words, "brother, don't Qianqian, don't hurt Gu Mei. Don't Qianqian hurt Zhou chongguang!

Chapter 2043: state your choice (2)

She repeated it a few times, and his face was darker than the night.

In her heart, he must have always been the executioner who hurt Zhou chongguang and Gu Mei!

Was he cruel in her heart?

Was her flattery sincere? Was it just a plea?

Ye Muyun's eyes were stained with a layer of dark night as he kept looking at her sleeping face.

The next day, when Xue 'er woke up, Ye Mu Yun was no longer in bed.

She looked everywhere but could not find him. She looked at the time. It was only eight o'clock. He was usually not at the office at this time!

She ran downstairs in only her pajamas. When she saw Auntie Li, she poked her head out. "Where's brother?"

"Young master went out early in the morning. He said he was going to the company and told Miss to eat more," Auntie Li said with a smile. "If you don't want to go to school, you can stay at home. Young master asked the driver to pick you up for lunch at the company."

To Auntie Li's surprise, Xue 'er went upstairs again, shouting as she ran, "I want to go to school!"

Auntie Li shook her head and wondered, "Did the sun rise from the West? A young lady who doesn't like to go to school is actually willing to go to school."

However, Auntie Li quickly regained her spirits. Well, it's always a good thing to love to read. In the future, when Miss gives birth to a child, she will also have to look at the genes, right?

While Auntie Li was thinking about this, the little girl had already come downstairs. She was wearing a wool skirt and a light pink tweed coat, looking very beautiful.

Xue 'er also ate her breakfast very quickly. As she ate, she asked, "Is Uncle Zhao waiting at the door?"

Auntie Li's face was full of smiles and love. I've already passed the message down. It's just right to finish breakfast.

xue 'er nodded and lowered her head to eat her breakfast.

auntie li looked at her cute little girl and thought to herself,"she's so pretty. she's as pretty as madam when she was young. no wonder young master likes her so much."

Speaking of the young master, aunt li was really convinced. The young master came to the Tang family when he was ten years old. She had seen his hard work all these years. Although he was young, he was mature and knew how to take care of people. That was why Sir had entrusted the young miss to the young master.

The more Auntie li looked at them, the more she felt that the young master and miss were a match made in heaven. She was also very happy.

xue 'er ate quickly and wiped her lips. " auntie li, i'm going to school. "

Auntie li watched her leave and hurriedly called out, " "wait a minute, i haven't brought my bag."

Xue 'er was stunned. She watched as Auntie li took the bag, reached out to take it, and sat in the car.

Auntie li waved at her little cutie, tears streaming down her face. Her little cutie liked school.

As uncle Zhao drove, he also told some jokes to make the little girl happy. Everyone in PEI garden liked Xue 'er and liked to make her happy.

It could be said that the world Xue 'er grew up in was a clean and kind world.

So, ye Muyun didn't want her to be involved in the mortal world. However, people would grow up and she would always have her own thoughts.

The car stopped at the entrance of B University. Old Zhao opened the door for her and carried her bag far away before leaving.

however, xue 'er watched as he left and his car drove away. she did not continue to walk into the school. instead, she carried her bag and walked out of the school gate, stopping a taxi.

She dialed Zhou chongguang's number. She wasn't a fool. She could remember these numbers after seeing them once.

The call was connected very quickly. It was Zhou chongguang who picked up the call himself. His voice was a little deep and slow."miss tang?"

Chapter 2044: state your choice (3)

there was an inexplicable unfamiliarity in his voice, which carried too much.

xue 'er knew in her heart that rongguang's storm had started with him and her.

She pursed her lower lip and said very lightly,"I want to see Gu Mei. Do you have a way?"

zhou chongguang was silent for a long time before he said, " "Alright!"

xue 'er set a time and place with him and instructed the chauffeur to drive over for a stroll.

She knew in her heart that her brother would find out about everything she had done, but she couldn't care about it now.

he deliberately avoided her, and she could feel the awkwardness.

Regarding the matter between Rongguang and Gu Mei, she and ye Muyun were at odds. She wasn't afraid that they would fall out because of this. If it was because of this, it meant that their relationship wasn't unbreakable.

The car stopped at the entrance of B city's first guard post. Xue 'er got off and stood there waiting.

After about half an hour, Zhou chongguang finally appeared.

He had driven here himself, a Land Rover Aurora. The car stopped in front of the guard house.

When she opened the door and got out of the car, Xue 'er noticed that he had lost a lot of weight. Zhou chongguang closed the door very slowly, his gaze fixed on darling, and after a while, he said softly, " " go in. i've already greeted you, but you can't stay for too long. "

xue 'er looked at him and said in a soft voice, " "Zhou chongguang, I want to meet her alone."

zhou chongguang's face didn't have much of an expression. he took out a cigarette from his pocket, lit it up very skillfully, and took a puff before saying, " "No problem,"

xue 'er's steps stopped, and she asked him softly, " " zhou chongguang, is gu mei's love for you nothing? "

Zhou chongguang's slender fingers held the cigarette as he leaned against the elevator wall and looked at her. At this moment, his expression was completely like that of a businessman, completely different from the White moonlight that Gu Mei had seen at the beginning.

xue 'er was thinking in her heart, if gu mei were to see zhou chongguang now, would she still be like a moth flying into the fire?

No matter what, she had met Gu Mei.

Separated by a glass window, the two of them seemed to be in two different worlds.

xue 'er held the phone and stared at gu mei.

Gu Mei was originally a very beautiful girl. However, after not seeing her for a few days, she had become Haggard and Haggard. She also looked as if she had aged a few years.

The moment she opened her mouth, Gu Mei's voice was a little hoarse and trembling. why are you here? "

" gu mei! " xue 'er looked at her and said slowly, " gu mei, if you have to choose between saving you and rongguang, which one would you choose? "

Gu Mei's eyes widened. She looked at Xue 'er with a look of disbelief ...

"I'm not doing this for anything else, I'm doing this for myself!" Xue 'er's tone was very calm, "you guys must think that I'm living like a rice worm, right?" Do you think that I'm useless without ye Muyun? You can't live on, right?"

gu mei's fingers gripped the phone tightly.

Xue 'er's every word seemed to cut through her heart. She was the one who couldn't live on because of a man and betrayed the whole world.

"gu mei, i just don't want to owe anyone. you or zhou chongguang. " xue 'er's voice was firm, "you chose zhou chongguang and he's well!" then i will help you, even if i have to use all my strength."

"Xue 'er," Gu Mei cried out.

"Gu Mei, let's see if your choice is right in the end!" Xue 'er suddenly broke into a smile and hung up the phone. Then, she walked out.

All of a sudden, she felt that Gu Mei resembled her brother.

Chapter 2045: she's no longer a little cutie (1)

she didn't want her brother to treat her like this. he should have his own life and not waste it on her.

gu mei's love would make zhou chongguang feel guilty, while her brother's love would bind her.

behind her, gu mei was in a daze. she subconsciously muttered to herself, " "xue 'er, what are you doing? i'm crazy, are you crazy too?"

suddenly, she felt that the obedient xue 'er had disappeared, and she almost didn't recognize the person in front of her.

that little cutie has disappeared, yingluo.

does he know about boss ye?

How did he feel when he found out that the little princess he had been protecting with all his heart was not a silly and sweet girl?

After all, Gu Mei used to work for Bo Yi, so she would think a little more. She would think about whether Xue 'er would grow up in the future and whether she would fight with CEO ye until they bled because of Bo Yi.

However, she didn't know how many years she would be sentenced to. She might not be able to see all of this.

when xue 'er walked out, zhou chongguang was still smoking at the door. when he saw her coming out, he lowered his gaze. "finished talking?"

Xue 'er walked in front of him and stood there. She looked at Zhou chongguang and used a gaze that was even colder than his gaze to look at him. Gu Mei has chosen to fulfill your wish.

Congratulations, Zhou chongguang. You have successfully made use of a girl's wishful thinking.

Her clear eyes were no longer pure, but had an expression that seemed to see through everything. Under that gaze, Zhou chongguang was almost in a sorry state for a moment, and he said in a hoarse voice, " "I didn't mean to use her."

"I know, it's Gu Mei who is silly!" Xue 'er pursed her lips. but Zhou chongguang, no matter how many years Gu Mei is in prison, if I know that you've let her down in the slightest, ye Muyun doesn't need to do anything. I can flatten Rongguang myself.

she said those harsh words not because she was arrogant, but because bo yi was full of talents. there was not only one gu ze, but many other gu zis that could be used.

Zhou chongguang leaned against the wall, and suddenly, his gaze fell on her body.

His gaze now had the shadow of the past. After a long time, he softly said, " "You're only doing this for Gu Mei?"

"what else?" xue 'er looked into the distance. " zhou chongguang, we're the only ones here today, so i don't mind telling you that it's impossible between us. without ye muyun, it's also impossible between us. i helped rongguang because i didn't want to see gu mei too sad. also, yingluo, don't fall for him so easily in the future. it really can kill people. "

as she spoke, she slowly walked towards the elevator.

zhou chongguang didn't chase after her. he just looked at her back view and suddenly laughed.

she was really different from what he had imagined her to be. it turned out that the person he had always liked was just an illusion.

this was her true self!

Perhaps it was because she was under ye Muyun's wings that she was so pure and safe.

It was his fault. He forgot her surname was Tang. She was Tang Yu's child. How stupid could she be?

And would a man like ye mu Yun like a little fool?

Or perhaps, ye Muyun usually liked to be silly and cute, and she was silly and cute for that man to see. It was only until he provoked her that she exploded and revealed her original appearance.

Zhou chongguang laughed, and it was a miserable laugh.

He had also met Gu Mei. He did not say much and only gave her a promise ...

that promise was said to be for gu mei, but it was more accurate to say that it was for his own wishful thinking. because he was the same as gu mei, they both liked someone they should not like.

when zhou chongguang came out of the detention center, the sun was already shining brightly above him. he reached out to cover his eyes and felt that it was dazzling.

Chapter 2046: she's no longer a little cutie (2)

when zhou chongguang came out of the detention center, the sun was already shining brightly above him. he reached out to cover his eyes and felt that it was dazzling.

and he couldn't feel any warmth in his body.

He felt that in the future, he might lose the ability to love others and could no longer love Hanhan.

That was because loving once was enough. The price of loving once was too great!

On the same day, Zhou chongguang's father suddenly passed away because of a heart attack.

This was a huge blow to the 20-year-old Zhou chongguang. Overnight, he had to bring up glory and the entire family, and Boyi's suppression did not stop at all, as if Mount Tai was pressing down on him.

the zhou family's funeral was almost too late to do anything and ended hastily.

And this entire process only took two short days.

in boyi's office, ye muyun sat on the sofa with gu ze sitting opposite her.

ye mu yun reached out to flip through the information in his hand and asked lightly, "Have you finished with the Zhou family?"

gu ze's expression was complicated. he paused for a moment before nodding. "yes, i'm done."

"I need to take down Rongguang within a week. At this time, Zhou chongguang's will is the weakest?" ye mu yun closed the document and said emotionlessly, " " in addition, there will be a shareholders 'voting meeting next monday. it's just a formality. there's no need to be too extravagant, you know! "

Gu ze understood that this was all because CEO ye did not want Xue 'er to know. Everything had to be handled in a low-profile manner.

however, he still asked worriedly, " chairman ye, we're already acting like this after the zhou family's incident. aren't we being too unreasonable? "

ye muyun's fingers were on his knees as he glared at gu ze. " an acquisition is a heartless thing to begin with! gu ze, when did you become so soft-hearted?"

one had to know that gu ze had even lost his own sister. why would he care about the zhou family's feelings?

However, ye Muyun could immediately guess that Gu ze was worried about Xue 'er. However, the more worried he was, the angrier he got. His voice was a little cold. "there's no need to worry about xue 'er! I won't let her know."

Gu ze wanted to say something, but he didn't say anything in the end!

two days ago, chairman ye knew that xue 'er had gone to the detention center. he didn't say anything, nor was he angry. he just put xue 'er under house arrest in pei garden.

gu ze didn't know what had happened between them, but he was worried. xue 'er seemed to be really at odds with him this time.

especially when the zhou family was in trouble. if she found out about the forced acquisition, she didn't know what kind of trouble she would cause.

it was her birthday in a week, and they would be engaged.

Gu ze's heart was very complicated. He went to see Gu Mei. Gu Mei did not say anything, but from the determined expression on her face, it was clear that she had a secret in her heart. This secret was related to Rongguang.

out of some selfish motives, he probably couldn't bear to see her go to jail, so he fulfilled her wish.

he didn't tell chairman ye about this. just because he didn't say it didn't mean that chairman ye didn't know.

but he said that he was the one who let his sister down, even though she was silly and he had let her down a long time ago.

PEI garden.

ye muyun's car was parked on the lawn. when he opened the car door and got out, auntie li came over with a worried face. " young master, miss didn't eat anything today. it's been two days already. even if she's made of iron, she can't take it! "

besides, he was still growing. if he didn't grow well, wouldn't that be a loss for the young master?

Chapter 2047: she's no longer a little cutie (3)

aunt li didn't dare to tell the young master about this, so she carefully said, " "Why don't we let Miss Go out for a walk? maybe she'll be able to eat something when she's in a good mood,"

Ye Muyun looked at aunt li without any expression. Aunt Li's heart jolted ...

Young master mu Yun was young and not a member of the Tang family, but he had such prestige that all the servants in the family respected him and did not dare to look down on him!

Just by looking at it now, Auntie li didn't dare to be rash anymore.

"What's there to eat in the kitchen? I'll bring it up," said ye Muyun.

"That's for the best. Miss listens to young master the most." Auntie li felt relieved.

he turned around and went to prepare a tray. he filled it with soup, two plates of vegetables, and a small bowl of rice. they were all the things that miss loved to eat. young master would feed them again when the time came, and they would quickly make up for it.

Ye Muyun put down his briefcase, unbuttoned the first two buttons of his shirt, and slowly walked upstairs.

Upstairs, Xue 'er was throwing a tantrum. He had smashed everything that could be smashed in his bedroom, some of which were even the works of Masters that he had spent so much effort collecting.

Ye Muyun stood at the door and looked at the mess in the room. The person who started all this was lying on the bed, sulking.

"You're angry with me, but you don't have a grudge against these things, do you?" Ye Muyun laughed and walked around the broken pieces. He placed the food in his hand on the bedside table and looked down at her.

She was probably so angry that she didn't even wash her face. She was lying there in her pajamas and didn't even look up when he came back.

"Eat something." He sat at the head of the bed and wanted to pick her up with one hand, but Xue 'er dodged.

Her little face was a little pale and her voice was a little hoarse. "Do you think that I don't know what's going on outside just because you locked me up here?"

Ye Muyun's gaze was indifferent as he looked at her. After a long time, he said, "It seems like you already know."

"Yes! I know, I know that Zhou Chongguang's father has passed away! At this time, why would they forcefully buy it?" Shaking her head, she said, "I don't understand why you're doing this. Just because he went to see me once, even without my knowledge."

Ye Muyun put down the bowl in his hand and his expression became even more indifferent. Xue 'er, the business world is where the strong eat the weak. I can only say that I'm very sorry!

"Are you apologizing to me or to Zhou Chongguang?" Xue 'er pursed her lips and said, "Gu Mei is in jail. I heard that she's going to be sentenced to three years!" Zhou Chongguang's father is dead. Don't tell me that it has nothing to do with the acquisition?"

"So, what's your conclusion?" A cold smile appeared on Ye Muyun's face. Use the 20% you have to vote no, huh?"

Xue 'er's heart was beating wildly. She stared at him and gritted her teeth after a long time. "So you're locking me up like this? Am I right?"

"When you grow up, you'll understand how important the acquisition of Rongguang is to the development of Boyi! I didn't do it all for personal reasons, but I can't deny that it was because I was angry at first." He spoke bluntly.

Xue 'er's eyes were wide open. She looked at him as if she didn't know him.

She knew that he was very capable and had put in a lot of effort to climb to the position of vice president at the age of 20. However, she had always thought that he was at most around the mental

age of 25. now, she found that his cruelty was far beyond her imagination. he could talk about the misfortune of the zhou family as if it had nothing to do with him.

No, the more miserable the Zhou family was, the more he wanted it to be. It would be more beneficial for the acquisition, wouldn't it?

Chapter 2048: he's angry (1)

She looked at him as if she didn't know him. She looked at him carefully, trying to find a trace of familiarity, but there was no trace. At this moment, she looked at him as if she was looking at a cold-blooded businessman.

After a while, Xue 'er said, "What if I don't use the 20% veto power?" what if i use myself to exchange for it?"

In the next second, she felt his hand on her chin, and his face was filled with anger. "take back your words."

He understood what she meant ...

If he didn't withdraw his purchase of Rongguang, he would lose her.

"i won't!" she boldly went against him, her voice quiet without a trace of warmth. " you can choose to let bo yi gain glory, but i can also choose to let you lose everything you have now. "

ye mu yun stared at her little face, his gaze deep but his voice calm. " do you know what you mean? "

It meant that all his hard work had been trampled on by her.

it meant that their relationship had never been equal. it meant that everything he had done for her had been in vain.

Ye mu Yun looked at her and smiled faintly. do you really want to do this? "

She did not make a sound.

he continued, " whether it's from boyi's point of view or my own, the acquisition has already become a reality. xue 'er, make your own choice. "

he got up and placed the food on the bed. "Perhaps you've grown up and have your own thoughts."

He had been very calm when he said these words.

she could feel that he was angry, but he wasn't angry because of what she had said. she wanted to make all his efforts go to waste.

she had actually hurt him.

He slowly got up and walked towards the door.

Xue 'er's heart skipped a beat. She looked at him and her voice was a little flustered. brother!

He stood at the door and slowly turned to look at her. After a long time, he asked softly, " "All these years, did you only see me as your brother?"

"No," Xue 'er shook her head.

he laughed lightly, then said softly, " " i won't lock you up. you're right. you have 20%, so you have the right to deny everything. "

in the end, she had used this method to deny everything about him.

Ye Muyun's heart was a little desolate and his voice was even softer,"i'm willing to give you everything, including freedom."

From the moment she said those words, he knew that they could no longer be as innocent as before. She was not only his sister but also his boss.

Ye mu Yun slowly walked out, countless thoughts flashing through his mind.

A thousand of them were all her.

Xue 'er jumped off the bed and hugged him from behind. She buried her face in his back and muttered, " "Big brother. I'm sorry!"

"Sorry?" his voice was slightly mocking,"what have you done to me?" You've only done what you wanted to do."

xue 'er hugged him, but she didn't feel any warmth. however, she didn't want to let go, she didn't want to let go.

"Brother, I'll apologize to you, okay?" Her voice was very soft. I'm talking nonsense.

she had said a lot, but he only calmly asked her, " "have you changed your mind?"

She was stunned.

"Xue 'er, if I say that the vote you cast will make it difficult for me to move forward in Bo Yi, will you still vote?" he asked her softly.

She didn't make a sound, and her breathing was light.

after a long time, she said in a low voice,"i won't!" You still have me. "

Chapter 2049: he's angry (2)

After a long time, she said in a low voice,"I won't!" you still have me. "

"do you think that i'm only able to stand firm in boyi because of women?" his voice suddenly became a few degrees lower. he gently pushed her away and walked out.

Xue 'er looked at her empty hands and was in a daze.

He was really angry. Had she made the wrong choice?

she stood there in a daze for a while before turning back to look at the tray. she picked it up, sat on the sofa, and finished it.

She took the tray downstairs to show him. She was obedient, but there was no one downstairs.

auntie li said that the young master had gone out. xue 'er was a little disappointed. she sat on the first floor and waited for him to come back, but he still hadn't returned by 10 pm.

xue 'er could not help but fall asleep. when she woke up, the night was already cold.

she sat up and looked at the blanket covering her body. she couldn't help but look around and subconsciously called out, " "Big brother."

"Quickly go upstairs and sleep!" auntie li appeared out of nowhere and said in a gentle voice, " young master is not back yet. "

Xue 'er pursed her lips and looked at Auntie li. he didn't call back? "

Auntie li was speechless. She didn't know what to say. She knew that the two little ones were at loggerheads, but she didn't know that it had become like this.

" miss, auntie li, please don't say anything. no matter what, the one who will be with you until the end is young master. the others are not as important. " Auntie Li said earnestly.

Xue 'er hugged her knees and gave a soft hum.

she slowly went upstairs and hesitated for a moment before going to his bedroom.

the bedroom that she had smashed had been cleaned up and looked exactly the same as before. however, when she walked in, she only felt that it was cold and empty.

She lay down on the bed gently and sniffed the pillow that had his scent. She stayed up for a while longer before finally falling asleep.

at dawn, when the sun shone into the bedroom, she woke up in shock. she looked around, but it was still quiet.

he did not return.

Xue 'er's heart was filled with an indescribable feeling. She pursed her lips and felt her body wet with sweat. Only then did she remember that she seemed to have had a nightmare last night.

After a moment of hesitation, she walked to the bathroom and took off her clothes to take a shower.

In less than a minute, the bathroom door was pulled open, and Xue 'er was shocked.

Ye mu Yun was standing at the door.

She mumbled,"brother."

Ye mu Yun's eyes quietly fell on her body, so deep that she couldn't understand.

However, he didn't hug or kiss her like he usually did. He only glanced at her indifferently and said, "I'll go to the other bathroom to take a shower."

Xue 'er was a little surprised and hugged him before he left. She stuttered, "actually, there's no need to."

"is this considered throwing yourself into my arms?" he lowered his head to look at her without much expression on his face.

she was a little hesitant and only whispered after a long time, "If I say yes, do you want it?"

"you don't have to use your body to please a man." He still gently pushed her away and walked out.

Xue 'er was embarrassed.

this kind of situation had never happened before. did he not want her anymore?

when she asked this, he stopped in his tracks and slowly turned to look at her. "you think so?"

her heart beat faster and faster as she kept looking at him.

"i thought you didn't care that much." he laughed at himself and turned to leave.

Xue 'er looked at his back, but she couldn't chase after him naked, so she could only watch him leave.

When she came out of the shower, he had already taken a shower elsewhere and was getting dressed.

Chapter 2050: He's angry (3)

When she came out of the shower, he had already taken a shower elsewhere and was getting dressed.

he was dressed in a formal three-piece outfit, looking handsome and charming.

"where did you go last night?" she asked in a low voice.

"he went to the bar!" he lowered his head slightly. "what else do you want to ask? " You want to ask me if I'm beautiful| Yu, are you with someone else?"

"i'm not." she denied it.

ye mu yun smiled. "if i'm with someone else, will you not want me anymore? "

"Yes!" This time, her answer was very certain.

He looked at her for a long time before the corners of his lips curled up slightly. It seemed to be happy, but also mocking.

She couldn't tell, so she followed behind him shamelessly and asked in a low voice, "what's your decision?"

Ye Muyun walked to the stairs and stopped. there are still three days. Let's calm down.

she only needed to think about her choice, but he had to let her choose the latter, wiping her ass in all kinds of ways!

He didn't know why he would be so indulgent. He only knew that after she had helped Zhou chongguang and hurt him, he still didn't want to let go.

After so many years, how could she let go just because she wanted to?

Ye Muyun got into the car and started the engine.

after a while, gu ze's call came in. his tone was calm. " don't stop buying. i want to make rongguang's situation the worst in these three days. "

At that time, even if Xue 'er signed that document, Rongguang would be at his wit's end. If Zhou chongguang was a Smart Manager, he would choose to work with Boyi. At that time, whether it was round or flat, it would be up to ye Muyun to decide.

although this would be a little troublesome, he didn't mind spending more effort for his little girl. gu ze nodded and immediately got to work.

As for Xue 'er, she started to see ye Muyun less and less in PEI garden. She still slept in his bedroom, but he always came back at dawn and came back drunk.

Moreover, he was starting to stop kissing and hugging her. Xuxu started to panic. Did he not want her anymore?

finally, the day before the document was signed, ye muyun came back very early.

Xue 'er was still awake. She was curled up on the sofa, her sharp little face buried in her knees.

When she saw him, her eyes lit up and she stared at him.

"How's your thinking these few days?" ye muyun took off his coat and slowly squatted down.

he reached out to brush away the messy hair on her small face and looked at her gently.

At that moment, his gentleness made her think that the quarrel they had a few days ago was just an illusion. In fact, they had always been good and that she had just had a dream.

She sat up, her heart thumping. She looked at him. you're home? "

"this is my home. why wouldn't i come back?" He reached out and pinched her small face. if you don't want to talk about it now, i'll go take a shower first.

As he spoke, he was about to get up, but Xue 'er caught a whiff of perfume from his body.

she was stunned. he went to the bar again tonight and had a woman's scent on him. did he do something?

Her fingertips grabbed him and did not let go.

"what's wrong?" he asked her in a good-tempered manner.

xue 'er raised her beautiful eyes and looked at him. " you went to the bar again. "

he didn't deny it and said with a smile,"yes!" i think freedom is relative. you can't ask me to clock in and report to you from nine to five while you're free, can you?"

for a moment, she was speechless.
