

## Thank you 2431

Chapter 2431: he's not that person (1)

qin chen took off his mask and said to his brother seriously, "i'll have to trouble you, brother. don't let xue 'er send soup to the hospital again."

On the other side, ye Muyun seemed to be a little slow. "What's wrong?"

"Clear the intestines and pump the stomach." "what do you think happened?" qin chen asked, pausing after each word.

he was a man who was very particular about his character. it didn't matter if there was blood during the operation, but he was most disgusted by clearing the intestines and washing the stomach.

Ye Muyun chuckled,"didn't you always say that you're a doctor and treating patients is your duty?" at that time, didn't you use this reason to escape the responsibility of the family? now, you're disgusted by things like clearing your intestines and washing your stomach?"

then, president ye said something that made qin chen puke."In the past, Lan Yu was still quite good-looking, Yingluo."

...

qin chen cursed in his heart and was extremely speechless. he hung up.

when he turned around and saw lan yu's dying appearance, he sighed in his heart. people still couldn't have bad intentions, or else they would get themselves involved.

the nurse came over and said softly, " dr. qin, why don't you go and rest for a while? we'll take care of him here. mr. lan's condition is quite good now. "

qin chen nodded.

his slender body flashed out, and he walked quickly. he was eager to take a shower.

once he reached his private office, he took off his white coat. however, at this time, his smoking addiction kicked in again, so he stood in front of the window, took out a cigarette, lit it, and smoked.

After taking two puffs, the smell of the intestine washing just now filled his nose. He cursed in a low voice and snuffed out the cigarette.”To hell with saving the dying and healing the injured!”

He took off his sweater from the top of his head. He was almost done when he reached the bathroom door.

it was the body of a woman, lean and without any extra flesh.

however, he was almost as flat as a man, but he still had that kind of restriction.| The temptation of desire.

especially at the waist, the waistline was tight, making people have the feeling of going into a one-sided affair.

he stood under the shower, and the water washed over his body. under the steam, he wiped his face and pulled the bath towel from the side to cover his body.

When he walked out, he had already changed into a clean set of clothes. The previous set that was worth hundreds of thousands of Yuan had been thrown into the trash.

After Qin Chen finished his shower, he instantly felt that the air was much better. He wanted to light a cigarette, but before he could, the nurse ran over. doctor Qin.

“what’s wrong?” qin chen turned his head.

“mr. lan would like to see you.” “Don’t worry, Dr. Qin. Mr. Lan is doing well.” The nurse smiled.

Qin Chen laughed. of course it’s good. My sweetheart delivered some food over. Even if she’s been washed clean, she’s still in a good mood. Love is great!

the nurse didn't understand, but she still urged him to go.

qin chen walked over slowly, forgetting to put on his white coat.

at this time, he was wearing a grass-colored shirt, a diamond-shaped plaid sweater, and a pair of black trousers. he was extremely handsome, and those young fresh meat couldn't compare to him. most importantly, he had a temperament.

Qin Chen's body exuded a clean and untainted aura.

This was especially so for women, who would not dare to take the initiative to provoke him, and only dare to admire him.

the nurse walked in front, and qin chen slowly followed behind. when they reached the ward, lan yu was lying there, still weak. his voice was extremely weak. "I want to talk to Yingluo alone."

Chapter 2432: He's not that person (2)

qin chen stood there and smiled. " "will?"

Lan Yu only looked at him and did not say anything.

Qin Chen pursed his lips.

he still walked closer slowly and asked the nurses to leave.

After they were all gone, he stood by the bed and said coldly, " if you want to take revenge, you have to stand up first.

lan yu took a deep breath, and there was a faint light in his deep-set eyes. he looked at qin chen. " come closer. "

...

qin chen didn't suspect anything and still bowed slightly.

Suddenly, Lan Yu's hand grabbed his hand. That thin and weak hand was surprisingly strong at this time as it grabbed Qin Chen.

Of course, if Qin Chen used force, he could break free, but at this time, he was a little hesitant, because if he used force, Lan Yu would probably break his bones. He didn't want to trouble himself to treat his bones.

however, it was this moment of hesitation that caused lan yu to grab his hand and place it in an indescribable place.

Qin Chen's eyebrows twitched, and he looked at Lan Yu with a deep gaze.

"do you feel it? it has awakened!" Lan Yu stared into his eyes. you said that you would let me try.

qin chen didn't move his hand away, but his expression was a little cold. he raised his eyebrows."so?"

lan yu's hand pulled qin chen down, and qin chen fell straight on his body in a very embarrassing manner. it was completely different from his usual cold and noble posture. he fell in a sorry state, and the cause of all this was a vegetative man who had just woken up not long ago.

just as he pushed lan yu away and was about to get up, an ice-cold thing blocked his lips.

qin chen was stunned and forgot to get up. he only stared at the man in front of him coldly.

He did not push the man in front of him away and allowed him to kiss him. He only said in a cold voice, "do you know what you're doing?"

Like him, Lan Yu's eyes were cold. doctor Qin, I'm very clear-headed now!

He bit Qin Chen's lips. "I just want you to remember this smell."

after he finished speaking, he let go of qin chen, a cold smile hanging on his lips. " "doctor qin seems to be enjoying it."

qin chen straightened his body and looked down at lan yu, his slender fingers touching his lips.

His lips were now a demonic red, looking particularly alluring. He said softly, " "I've kissed someone more flavorful."

he paused for a moment before he said word by word, "Your kiss reminds me of the taste of intestine washing."

After saying that, Qin Chen turned around and left, feeling refreshed.

"Where are you going?" lan yu's voice carried a man's unique ill-intention, " "What's the matter? are you going to settle it yourself?"

"I'm going to take a shower and brush my teeth eight times."

"Do my kisses make you so uncomfortable?" Lan Yu felt a little defeated.

qin chen's lips curled up. " what do you think? I'll ask the nurse to bring a mirror over later, and Mr. Lan will probably know the answer!"

The black-hearted doctor had such a vicious mouth!

However, seeing Qin Chen in such a sorry state, Lan Yu was somewhat satisfied. He hadn't felt this kind of happiness in a long time.

He had never felt so happy about making fun of others and making them angry since eight years ago.

He was finally sleepy, so he mopped down again, then took out a carrot and walked around.

he brought it to his lips and bit the youyou a few times. this scared him to death!

Of course, Qin Chen didn't brush his teeth eight times. When he looked in the mirror and brushed his teeth for the third time, he remembered Lan Yu's kiss.

Chapter 2433: He's not that person (3)

of course, qin chen didn't brush his teeth eight times. when he looked in the mirror and brushed his teeth for the third time, he suddenly thought of lan yu's kiss.

to be honest, it didn't feel that bad. at least, he didn't hate it.

he was the one who forced himself to hate.

because lan yu wasn't that person.

it was not the person who moved his heart, not the person who had once held him and watched the morning rise and fall.

That person was no longer there.

...

Qin Chen placed his hand on the basin and told himself again and again that the person was gone.

He had also jumped to his death.

How long had he been dead? It's been a few years Yingluo

he never dared to think about how long that person had been gone, nor did he dare to think about the little things they had spent together.

that person was his patient, the patient he had taken care of during his internship.

He was so tall and strong, but Yingying couldn't escape her fate. In the end, she couldn't bear the torture of her illness and left.

he jumped and ended his life.

Qin Chen didn't even look at him one last time. His family said that he was cruel, but he couldn't do it.

Because if he saw it, it meant that the person had really left.

If he did, it would mean that he admitted that the person had left forever.

qin chen's eyes were a little empty. he looked at himself in the mirror and was stunned to see that person overlapping with him.

He didn't want to admit that he had been imitating that person, pretending that he had never left.

As long as he was alive, he would be Xuanji.

He clutched his heart with his fingers, raised his head, and made a painful sound.

Ten minutes later, Qin Chen took his car keys and left. He drove his convertible sports car onto the highway and madly sped all the way to 150. He was stopped by the traffic police and taken to the police station.

It was only a matter of one word from boss ye to release him, but Qin Chen didn't go to work for two days.

In the VIP Ward of Sheng Yuan hospital, Lan Yu looked at the young nurse and said in a calm voice, "Let doctor Qin do it!"

The young nurse did not think too much and said, "doctor qin. he's on leave for two days."

“vacation?” lan yu leaned against the head of the bed, his gaze a little deep.

the nurse actually quite liked lan yu. after all, he used to be a handsome man with a lot of talent, so the nurse had to wait on him every day.

However, the young nurses all had their own thoughts. As time passed, they always felt that there was some unspeakable intimacy between Dr. Qin and Mr. Lan, and it flowed faintly!

The nurse pondered for a moment. that doctor Qin was on the news yesterday!

“my girlfriend, nüwa chang, has been caught, huh?” Lan Yu was nonchalant, but his ears were already perked up.

It was hard to imagine a man like Qin Chen taking the initiative to get close to a woman.

he exuded an aura of asceticism, as if he was not interested in women. she had never seen him look at any pretty nurse, but he was quite respectful to women.

As Lan Yu thought about it, his back started to sweat. He realized that he seemed to be too concerned about Qin Chen!

the nurse laughed. ” mr. lan, what are you thinking? our dr. qin is an upright person. why would he go to that kind of place? ”

the nurse paused for a moment and looked at lan yu carefully. she noticed that mr. lan seemed to have heaved a sigh of relief.

her heart skipped a beat. dr. qin and mr. lan were really intimate. oh my god, two men!

of course, they still felt that it was doctor lan’s one-sided wish. after all, doctor qin’s conditions were so good. mr. lan’s current state was probably not enough to enter his eyes!

Chapter 2434: he’s not that person (4)

lan yu looked at the nurse. the nurse hesitated for a moment before she slowly said, ” ” well, dr. qin is driving a little faster on the highway, so ran ran ... ”

“How much is a little faster?” lan yu’s voice was very faint.

The young nurse swallowed her saliva silently.”It’ll be 150 RMB!”

150 is a little?

lan yu’s face was very black, and then he said in a deep voice, ” “he’s been captured?”

” he was released that night. who would dare to hold onto chairman ye’s brother and not let him go?  
” The young nurse was a little scared as she spoke.

...

although dr. qin was only a doctor, he came from a good family. his sports car cost more than 20 million yuan, and the clothes he wore cost hundreds of thousands. he was just a doctor out of interest. the shares he owned in KING entertainment were enough for him to live for ten lifetimes.

Therefore, many young nurses in Sheng Yuan hospital liked Dr. Qin, but no one dared to take the initiative to pursue him. The main reason was that their backgrounds were too different. Without the same background, it was difficult to live together.

nowadays, women were not only realistic, but also self-aware.

Lan Yu didn’t make a sound. He lay down quietly for a while and let the nurse massage his wounds.

He seemed to have forgotten the pain and only frowned occasionally.

The nurse quietly helped him with his health care and tidied up his clothes. Just as she was about to go out, Lan Yu said, ” “Do you know where doctor Qin lives?”

the nurse was stunned. ” this is dr. qin’s privacy. even if he knew, he can’t say it! ”

although she said that, her eyes were full of gossip!

As expected, there was something going on between Mr. Lan and Dr. Qin.

The nurse decided to take a step back in order to advance. On one hand, she was thinking about her job. She couldn’t afford to offend Dr. Qin, but if she accidentally revealed it, it should be fine!

“so, you know?” lan yu raised his eyebrows.

the nurse smiled. ” the last time i went to deliver the documents, i found out that dr. qin lives in the highest apartment on zhongshan road. he even lives on the top floor, where ran ran is really super rich. there’s only one apartment on each floor, and i heard that each floor is more than 400 square meters! ”

lan yu took another look at her and then closed his eyes.”Can you send me over?”

The young nurse lowered her head and moved her fingernails.”mr. lan, you’re in the hospital. this is the most appropriate thing to do.”

“One million!” lan yu suddenly opened his mouth.

the nurse was stunned.

one million was enough for her to work for ten years!

besides, he might not even lose the job!

the nurse agreed without hesitation. ” “i’ll find a car! however, mr. lan will have to cooperate with yingluo on this matter. after all, the treatment at sheng yuan hospital is quite good.”

lan yu naturally understood the nurse’s shyness, so he only said lightly, ” “If you get fired, I’ll add another million.”

The nurse was extremely excited. She thought to herself, 'I've been fired, I've been fired!'

This way, she could go back to her hometown and buy a small apartment.

The nurse worked very hard and hid it from everyone. She single-handedly moved Lan Yu out in a wheelchair and got into the taxi. The taxi driver got a thousand Yuan, and she sent Lan Yu to the elevator of Qin Chen's building with great strength.

when they reached the top floor, lan yu let the nurse and the driver leave first. he half-lay in the wheelchair and looked at the solid door.

it could be seen that this was a super luxurious apartment, and this quack doctor knew how to enjoy life.

Lan Yu had calmed down a little at this time. He felt that he was making a mountain out of a molehill by spending a million just to see this quack doctor.

Chapter 2435: He's not that person (5)

lan yu had calmed down a little at this time. he felt that he had spent a million just to see this quack doctor. he was making a mountain out of a molehill and that only a lunatic would do something like that. however, he also faintly felt that qin chen's abnormal behavior had something to do with him.

What kind of past did Qin Chen have?

lan yu suddenly wanted to know, but he didn't dare to understand.

He was a little afraid that he would sink deeper and deeper. He knew very well what it meant to be curious about someone.

however, at this moment, even if he regretted and wanted to leave, he could not do it.

he was a comatose person who just woke up.

...

lan yu knocked on the door, but it didn't open. he continued to knock, and for about ten minutes, no one came out to open the door.

He rang the doorbell, but he couldn't reach it with his eyes closed.

for the first time, he hated that he couldn't stand up with his legs. he sat in the wheelchair in a daze for a long time, and after a long time, he felt a little pain. cold sweat began to form on his forehead, and he desperately wanted to lie down and take a walk.

Minutes and seconds passed, half an hour, an hour, Lan Yu finally couldn't take it anymore. His head drooped down and he fell asleep.

qin chen wanted to go out and buy something, but when he opened the door, he saw the person in a vegetative state, who should have been in the hospital, in front of his door.

He stood at the door and looked at Lan Yu quietly without much expression on his face.

lan yu actually woke up and looked at qin chen indifferently. his voice was hoarse. "i heard you're in a bad mood."

"does it have anything to do with you?" Qin Chen's face was cold, then he walked past the vegetable and entered the elevator.

Lan Yu's voice was a little anxious, 'you're just going to abandon me? i'm your patient!"

you're not from the moment you left Sheng Yuan hospital! Dr. Qin's voice was especially cold and devoid of any human touch. I don't need to be responsible for your safety!

after saying that, the elevator door closed in front of lan yu.

Lan Yu was stunned.

he really didn't expect qin chen to be so cold.

He thought that Yingluo would be able to escape.

lan yu chuckled. what did he think?

Qin Chen only treated him as a patient. Dr. Qin had a good family background, good looks, temperament, and talent. Why would he like a vegetable like him? even that thing was a carrot.

He, Lan Yu, other than money, what else did he have?

an ugly body full of scars, a broken body, and an ugly face!

he was still dreaming, and he even fantasized about a male doctor.

lan yu laughed at himself. his body was so weak that he even despised it.

He wanted to leave, but he couldn't. In the end, he went into shock at the door of the black-hearted doctor's house.

The moment he lost consciousness, he thought that the black-hearted doctor would probably send him back to the hospital. A cold and Noble man like him would not allow someone like him to die in front of his door.

Qin Chen returned an hour later. The elevator door opened, and he frowned. He didn't look at the unconscious Lan Yu and directly opened the door to enter.

His face was numb. He had lost his passion for life and death.

he told himself that as long as he wasn't in the hospital, whether lan yu was alive or dead, whether he was dead or alive, it was none of his business.

if he wanted to court death, it was also lan yu himself who asked for it!

qin chen tried his best to empty his mind and forget about lan yu at the door. he was watching cds at home and cleaning the house. he was a clean freak and didn't allow a single mess in his house, and so was his life.

He could do it alone. He didn't need anyone else!

night fell quietly. qin chen was sitting alone on the huge sofa, watching discs. it was dark all around.

and outside the door, lan yu was quietly leaning there, without any signs of life.

Chapter 2436: this body of fine skin and tender flesh (1)

At one o'clock in the middle of the night, Qin Chen sat in the dark. He suddenly got up and walked straight to the door.

the door opened, and lan yu was still half-lying in the wheelchair, his face already looking very ugly.

Qin Chen stepped forward and immediately checked to see if there was any breathing. It was already very weak, and Lan Yu's body was very cold.

The weather was too cold.

If they called the ambulance now, Lan Yu Qianqian probably wouldn't be able to make it.

Qin Chen's thin lips were tightly pursed, and without hesitation, he directly carried Lan Yu! (f \* ck, full of boyfriend power)

...

fortunately, lan yu had lost a lot of weight and was only about 110 centimeters tall. otherwise, qin chen wouldn't have been able to carry him.

he carried her straight to the master bedroom and connected the oxygen machine. qin chen had prepared it for himself and had never used it before.

he didn't expect to give it to lan yu for the first time.

Lan Yu was still unconscious and not in a simple sleep.

qin chen propped himself up on both sides of his body, pulled out the oxygen machine, and pressed hard on lan yu's heart a few times. then he leaned over, gently pinched lan yu's lips, and gave him artificial respiration.

When Qin Chen was doing all this, he didn't have any distracting thoughts. He just wanted to save a patient.

As for mouth-to-mouth resuscitation, this was not the first time. He told himself that it was nothing.

the only difference was that this man had such thoughts about her.

Qin Chen performed a few sets of mouth-to-mouth resuscitation, and Lan Yu slowly opened his eyes. He gritted his teeth and said, "i'm cold."

Cold?

Qin Chen gave him two tight slaps and shouted, "are you an idiot? If you don't want to die, then what do you think you are doing?"

lan yu turned his head to the side. after coughing violently, he smiled bitterly, "I didn't know Dr. Qin was so cruel, ran ran."

"I didn't ask you to come." qin chen's voice was cold.

However, he knew that Lan Yu had to warm up immediately. Otherwise, his leg would definitely be crippled.

This kind of low temperature is very harmful to the nerves of this idiot!

he wanted to die and be crippled so that he wouldn't be implicated.

he was supposed to soak lan yu in hot water, but this idiot's body was too weak. he was afraid that lan yu would be done for halfway through the bath and end up with its feces in his bathtub. just think about how erotic the news would be written!

qin chen gave up and began to strip lan yu's clothes.

"what are you doing?" "Doctor Qin wouldn't even let a person in a vegetative state off the hook, would he?" Lan Yu laughed bitterly.

qin chen's movements didn't stop, and he quickly and decisively moved.

the blanket covered lan yu's body and his.

after a while, qin chen's sweater and trousers were thrown out of the quilt and fell on the floor.

Lan Yu was hugged.

lan yu froze.

mr. lan is currently experiencing the greatest torture and battle of his life.

"doctor qin, do you want to be with me?" "Have you thought it through? do you really want to be with me?" he asked in a hoarse voice.

Qin Chen's voice was cold. keep your dirty thoughts to yourself. I just don't want your legs to be crippled. I don't want you to waste your medical expenses.

lan yu was really weak. he had just woken up and had already argued with him for so long. he was indeed a little tired, so he closed his eyes and recuperated.

however, he couldn't ignore the physical contact.

this was a man's body, very flat, the kind that didn't even have xishu xishu xishu xishu, but he just felt that it was different. qin chen's body was very seductive.

if lan yu was a normal man now, he would definitely sleep with qin chen, no matter what method he used, whether qin chen was willing or not.

Chapter 2437: This body of fine skin and tender flesh (2)

Lan Yu fell asleep in a daze because of the warmth in his heart.

qin chen's teeth were trembling from the cold.

damn vegetative state!

when he woke up, he would immediately throw lan yu out of his apartment and then use alcohol to clean the bedroom a few times.

after all, it was night time. as qin chen's body gradually warmed up in the blue universe, he was also a little sleepy.

It was a rare night, and he had a deep sleep without the disturbance of the dreams.

...

when the sky brightened, he opened his eyes and found himself being hugged tightly.

Qin Chen lay flat, his voice cold. "lan yu, how long has it been since you last had a woman? you can't even let go of a man?"

He stretched out his hand and pulled LAN yuzao's hand back.

Lan Yu didn't mind. After being with this black-hearted doctor for a long time, his skin had also become much thicker.

"Dr. Qin has a good family background. Her skin is tender and she's more delicate than a woman." She smiled.

this wasn't false at all. although qin chen didn't have a woman's thing, his skin was better and finer than a woman's. it was like the icy heart and jade bone that was written in the books. it was very soul-stirring.

"low-level!" qin chen rolled his eyes at lan yu and pretended to get up.

he really wasn't wearing a shirt, but he wasn't afraid of lan yu seeing it because he was chu yuping.

However, Lan Yu stopped her and said in a low voice, "Qin Chen!"

Qin Chen was shocked, and then his hand was caught by Lan Yu, who dragged him to a sinful place.

qin chen's eyes widened, then he squinted at lan yu.

"doctor qin," lan yu smiled. "now, should we try it?"

"Beast!" Qin Chen pushed him away and put on a bathrobe before walking to the bathroom.

Lan Yu looked at his back in a daze. Qin Chen was just like what he thought, the kind of handsome man who was gentle and weak.

Lan Yu used to be thin, but Qin Chen was different. He was born to be the "small bottom."

He didn't think he had any problems in this area, but after seeing Qin Chen's body, he felt that it wasn't unacceptable for a man to be tired.

In the bathroom, Qin Chen had just taken a shower and didn't even close the door.

he wasn't afraid of lan yu coming over because his leg wasn't good and he couldn't walk.

After he was done, he took a towel and wiped himself clean. He changed into a clean set of clothes and threw the one that had carried Lan Yu last night into the bin.

qin chen knew that his life was a little extravagant, but he enjoyed this kind of life, as if he was looking down on all living beings. only then did he find a little feeling of living.

after coming out of the changing room, she slowly walked back to the bedroom and stood at the end of the bed, looking at lan yu quietly, " "i'll call the hospital to pick you up."

" and then let the hospital people find out that the patient is on the bed of the decent dr. qin? " "What do you think the people at the hospital will think?" Lan Yu chuckled.

"i'll have people keep it a secret." Qin Chen's tone was very calm, and his expression was quite intolerable.

"but what if someone accidentally spreads this, dr. qin?" lan yu was still smiling.

qin chen couldn't take it anymore. " lan yu, my patience is limited. "

of course, you can throw me out and not care about my life or death. I know that Dr. Qin will just move to another place at the worst. The death of a patient is dispensable to you. Lan Yu said almost shamelessly. In any case, he was unwilling to leave.

finally, qin chen exploded. he narrowed his eyes at the man occupying his bed, his voice sharp and piercing.

Chapter 2438: this body of fine skin and tender flesh (3)

"you don't respect life, and it has nothing to do with others! Lan Yu, if you want to die, don't drag others into it!" He paused for a moment before continuing,"my life has nothing to do with you!" and i can't accept men and men, do you understand?"

He looked at Lan Yu as if he was looking at a low-level creature. Lan Yu's little heart was pierced until it was bloody.

just as they were confronting each other, the door opened, and the person who entered was qin mu.

qin mu heard ye muyun talking about qin chen's news and was worried, so he came over.

he didn't expect to see this scene when he opened the door!

lan yu had slept with qin chen?

...

although there was no problem with gender, did lan yu know that he had slept with a woman?

or did qin chen sleep with lan yu?

however, qin chen didn't have anything to sleep with lan yu.

or did lan yu and qin chen use a special method?

Qin Mu was flustered. He stood there in a daze with a thermos in his hand. After a long time, he finally squeezed out a smile. " chencheng, mom asked me to come, but i don't think it's convenient for you now. i'll go first. chongguang is still waiting for me downstairs. "

Then, Qin Mu walked up and placed the thermos in Qin Chen's hands. He then ran away with Ziyan.

then, in less than half an hour, everyone in the qin family knew that qin chen had slept with a man, and it was her own patient, yingluo, who had just woken up in a vegetative state.

"Will Qianqian be alright in a vegetative state?" Qin Anlan asked worriedly.

As for Qin Chen's top-notch apartment, Qin Mu had left for a long time when the sound of the door's door was heard.

after a long time, qin chen said coldly,"are you satisfied now?" The whole world thinks we're asleep."

Lan Yu laid there, looking really ugly. After a while, he replied, " "Because my looks don't match yours?"

"Because I don't have a hobby like yours!" qin chen pursed his lips, unable to hold it in.

he didn't chase lan yu away. instead, he called the nurses in the hospital and asked them to clean up the scene.

Lan Yu was stunned. Qin Chen, are you crazy? "

it would be a huge blow to his reputation if word got out. after all, qin chen was a doctor, and a famous one at that. it wouldn't be good if word got out that he had an affair with his patient.

"lan yu, i've decided to go abroad," qin chen said calmly as he put down the phone.

lan yu was stunned.

he looked at qin chen, his voice a little hoarse. " "I can leave, just find someone else to send me."

"I don't need to!" Qin Chen said indifferently,"stay here for two days!" That is, if you, Yingluo, like me. "

this was the first time he had said it so frankly and directly. he didn't even tease or ridicule her, just said it very casually.

It was as if he was willing to help Lan Yu because he was leaving.

" you ... " lan yu was suddenly a little angry. " i never said i like you! "

“then why are you pestering me?” “you’re making me feel troubled, mr. lan,” qin chen said in a hoarse voice.

in other words, you’ve disturbed my life.

Lan Yu was stunned for a long time before he muttered, ” “I didn’t expect Yingluo to be like this. Don’t leave. If anything happens, I’ll clear things up.”

“There’s nothing to clarify.” “it’ll never be possible between us.” qin chen looked at him.

lan yu’s heart, for some reason, was empty.

He had been in the dark for eight years, and he had secretly liked Xue ‘er. He thought that his feelings for Qin Chen were shameful, but Qin Chen said that he wanted to leave.

he was in a daze and very uncomfortable.

He felt an indescribable pain. He thought that they could always be like this.

Chapter 2439: this melon is so satisfying to eat (1)

Lan Yu suddenly felt that he and Qin Chen could have been friends, the kind that would mock each other.

he was the one who had ruined everything.

It was the love he shouldn’t have for Qin Chen that ruined all this.

For a moment, he did not know what to say.

as for qin chen, he stood in front of the floor-to-ceiling window and said very lightly, ” ” even if i’m not here, your leg can still be cured. i’ll talk to the attending doctor, so don’t worry. ”

“There’s no need to leave,” Lan Yu frowned.

...

“It’s not because of you. I’ve already made plans.” qin chen’s voice didn’t have any warmth. ” “You still can’t affect me.”

the last sentence was like a slap to lan yu’s face, and it hurt.

lan yu was speechless.

Qin Chen continued,”Lan Yu, don’t give up your life at any time, because of Yingluo.”

He slowly turned his head and said very softly,”if she left, she would never come back. I can’t see someone missing her, someone in pain.” &Nbsp;

lan yu’s throat seemed to be blocked.

his intuition told him that qin chen had a secret.

The secret of love.

“is that girl very beautiful?” he asked in a hoarse voice.

a girl?

qin chen laughed, but he still lowered his head and said, ” “it’s very beautiful, and it’s very sunny.”

as he spoke, a charming smile appeared at the corner of his mouth, making lan yu’s heart sink.

qin chen once loved a girl very deeply, a very beautiful girl, but now he looked like this ...

Lan Yu was silent for a moment before he spoke, ” “i’ll go back to the hospital in a while. sorry for disturbing you, doctor qin.”

he thought he should withdraw from qin chen’s life, regardless of whether qin chen decided to go abroad or not.

he even felt that he wasn’t worthy of a clean man like qin chen.

It didn’t matter if he was willing or not.

Qin Chen looked at him for a long time before saying, ” “As you wish.”

Lan Yu’s voice was low. I really like you a little. This is quite dangerous. Dr. Qin, thank you.

Although he always called Qin Chen a black-hearted doctor and quack, he knew that Qin Chen’s medical skills were brilliant. Although his mouth was a little poisonous, he was still very serious when treating patients.

“I don’t know why you’re in a bad mood, but Yingluo hopes that you’ll be happy in the future.” lan yu’s gaze fell straight on his face. ” you’re still very young. ”

“What do you know?” qin chen’s voice turned even colder. ” lan yu, don’t use your so-called good intentions to persuade others. some people can cure the body, but they can’t cure the heart. ”

he stretched out his hand and placed it on his heart. ” “there’s an illness here!”

He said it plainly, but Lan Yu could read the disappointment in his tone.

lan yu wanted to say something, but it was all in vain.

Qin Chen had said that there was an illness in his heart that could not be cured, and Lan Yu was the trigger that made him feel uncomfortable.

therefore, getting out of his life was the best choice.

Lan Yu left very quickly. In the morning, he had already moved himself away. Of course, it was the nurses who did it.

when the young nurse arrived, her heart was trembling.

The number one Prince Charming of Sheng Yuan hospital had slept with a male patient.

This news was so explosive!

in the hospital, people who wanted to sleep with dr. qin were from this side of the hospital and from the other side, but lan yingying wanted to sleep with him.

the nurse thought to herself, 'there are quite a few good-looking male doctors in the hospital. dr. qin can choose one. why did he have to find lan yu?'

lan yu used to be pretty good, handsome and rich!

But now, he was still rich, but his appearance really made people feel uncomfortable.

Could it be that Dr. Qin had done too many experiments and his appetite had become a little heavy?

however, the nurse didn't dare to ask more or look at him. she quickly packed up and pushed lan yu away.

When Lan Yu left, he looked at the man who had been standing in front of the floor-to-ceiling window and said in a faint voice, "Lan Yu, thank you."

Thank you for saving me last night!

...

qin chen slowly turned around and looked at him quietly. ” goodbye. ”

lan yu knew that this goodbye might be the last time they would see each other.

with qin chen’s background, he had the right to be willful and leave whenever he wanted to.

Being a doctor was just a hobby.

Lan Yu left, and the door closed gently.

qin chen stood there for a long time without moving.

actually, lan yu was wrong.

He, Qin Chen, wasn’t a stone-hearted person. If he hadn’t been touched, he wouldn’t have left.

the reason he left was because he couldn’t accept the fact that yingluo might have fallen for a man like lan yu.

how could he like someone else?

Qin Chen laughed lightly, a little helplessly.

lan yu, who was in the elevator, kept his eyes closed.

“actually, mr. lan, it’s not the first or second day that mr. qin has been so picky. it’s not embarrassing!” the nurse said carefully.

In their eyes, Lan Yu had been returned, probably because Dr. Qin had eaten half of it and felt that it was not good.

Mr. Lan is really pitiful. He foolishly sent me here, but in the end, I got a refund. Looking at Mr. Lan now, it seems like he's about to cry!

Lan Yu raised his eyes and looked at the two young nurses with a cold gaze.

The young nurse did not say anything.

One must know that Lan Yu was not only a famous artist, but also came from a rich family. They could not afford to offend him.

Lan Yu returned to the ward, and a new doctor soon arrived. He was a middle-aged man who looked very reliable because he didn't have clothes that cost hundreds of thousands of Yuan. He didn't have the smell of Cologne, and he didn't have skin whiter than a woman's.

In short, Lan Yu was extremely satisfied with everything, except for the slight disappointment in Yingying's heart.

Doctor Chen would come over every day to help him with the acupuncture. Sometimes, when he was in a bad state, he would talk to Qin Chen.

About half a month later, Lan Yu's legs could move again, Yingying.

that day, doctor chen was very excited and called qin chen on the spot.

little Qin, Lan Yu's leg should be fine. Half a year. As long as he perseveres, he should be able to walk and jump. Doctor Chen had been a doctor for a long time, and he had the air of an old doctor.

and lan yu was listening by the side.

He was quite far away from doctor Chen, so he could only hear a weak voice from the phone. It was so weak that it didn't sound like Qin Chen.

At this moment, he really wanted to hear what Qin Chen had to say. He really wanted Qin Chen to treat his leg personally.

However, he was not there.

He left, and Lan Yu suddenly felt that Qin Chen was a coward.

He was clearly afraid.

doctor chen was still in a state of excitement. he nodded his head repeatedly as he listened to the phone.”I know, little Qin. Your method is very useful. I’m planning to run ...”

After that, there were five different methods to treat Lan Yu’s injuries. Lan Yu gritted his teeth as he listened. Qin Chen didn’t find the wrong person. Doctor Chen was a good person, but he was a little boring.

Doctor Chen’s phone call lasted for half an hour, but he had no intention of letting Lan Yu speak.
