

Thank you 2441

Chapter 2441: This melon is so satisfying to eat (3)

lan yu was still waiting eagerly at first, but then he simply lay down, not thinking about anything. however, after so long, this was the first time he felt that he and qin chen were so close.

he had drifted across the ocean, but he still heard his voice.

Although it was a little small.

doctor chen hung up the phone and looked at lan yu. he pushed his glasses up excitedly and repeated what he had said on the phone. in full detail, he gave a bunch of professional treatment plans.

“I believe you, doctor Chen. Let’s do as you say!” lan yu lay down and said quietly.

doctor chen was stunned for a moment, as if she had been splashed with cold water. she coughed lightly. ” lanyu, i don’t want to say this, but you should be more open-minded. look at what happened between you and little qin. everyone in the hospital knows about it. little qin even went abroad. you should be more open-minded about this. doctor qin is usually very picky. if he’s muddled, he’ll remind you to be more open-minded. a melon that’s twisted by force is not sweet. ”

...

lan yu’s face was completely black. what did he mean by ‘a melon twisted by force is not sweet’?

was he saying that he forced qin chen?

He looked at doctor Chen and slowly said, ” “you’re saying that everyone in the hospital knows about me and qin chen?”

doctor chen was shocked. lan yu had admitted it himself. he didn’t believe it before, but now, he believed it without a doubt.

“yes, it’s just a rumor!” Doctor Chen immediately packed his things. He had just received a piece of breaking news, and he had to immediately share it with his gossiping colleagues!

That’s right, Sheng Yuan hospital was the most gossiping about Qin Chen’s private affairs, especially towards Lan Yu, who was in a coma!

thus, in the days when Qin Chen willfully left, Lan Yu had a hard time.

He had been labeled as the first male lead, and he couldn’t tear it off no matter how hard he tried. Later, he realized that he didn’t want to tear it off.

when Lan Yu was discharged from the hospital, it was already spring.

He had actually spent more than a hundred days in the hospital. When he was discharged, he could already walk with a walking stick.

the Lan family’s parents also came to visit later on, but there were still some misunderstandings between relatives, especially after Lan Yu attended Xue ‘er’s wedding. this made the Lan family’s parents unable to forgive him.

however, even though they were against it, Lan Yu still went to participate.

it was the middle of March, the sky was blue, and new branches were quietly growing out of the branches.

everything was fresh and clean.

the bell rang in the church.

Xue ‘er was in the dressing room, looking at the mirror nervously. She said to Qin Mu, who was behind her, ” “Qin Mu, will I faint later?”

“I don’t think so!” Qin Mu laughed and passed the bouquet to her. sister-in-law, I’m sure that if you dare to faint, big brother will carry you through the ceremony.

She blinked. big brother has been waiting for this day for a long time. He probably can't wait any longer!

Xue 'er looked at Qin Mu in the mirror. look at you. You're too embarrassed to say anything now!

qin mu only smiled and helped her adjust her clothes. actually, xue 'er was not willing to get married so early. she still wanted to play.

However, everyone knew that she was afraid of embarrassing herself. After all, she still married her brother.

but she didn't expect that in the past few months, her brother would kill someone again, yingluo.

Because it was difficult for Xue 'er to get pregnant, her brother didn't use protection anymore. Moreover, he would do it on purpose every time. This was probably the root of a man's evil nature. The more impossible it was, the more he had to do it.

the result was that she got pregnant.

When Xue 'er saw the pregnancy test, she cried for the next day. Her brother's neck was badly bitten.

Chapter 2442: The wedding (1)

qin mu also found it hard to imagine. did her brother and xue 'er usually take a heavy bite when they were doing it?

especially now that xue 'er didn't seem to be afraid of her brother anymore, she dared to behave atrociously on her brother's head. of course, her brother's body was also often gnawed by xue' er until it was unrecognizable.

however, qin mu suspected that his brother didn't feel anything at all. on the contrary, he would be secretly happy.

he really had no integrity!

Qin Mu ridiculed while helping Xue 'er tidy up.

She was only two months pregnant, so her lower abdomen was still flat, but Xue 'er's little face was round and looked moist. She had grown back a few years, looking like she was in her early 20s.

...

qin mu was thinking about how his brother would torture his little wife at night.

qin mu's face turned a little red at the thought of this. after all, she was still very thin-skinned.

xue 'er hugged her and rested her small face on qin mu's shoulder. her voice was very soft. Mumu, just like what you told me that year, we must all be happy.

qin mu pursed his lips and his voice was slightly choked. " but xue 'er, i always owe you an apology! "

The two girls hugged each other, just like when they were in their teens. They were still fine, without any fear.

xue 'er was still smiling. " it's okay, mumu. without these eight years, i wouldn't know how much i loved mu yun. i wouldn't know how happy i was in the past. "

she said that, but she didn't know who was standing at the door.

Ye Muyun stood at the door, his handsome face was extremely gentle. He smiled. Mrs. Ye, if you want to confess, I suggest you do it at our wedding. There will be many witnesses, and you won't be able to deny it.

xue 'er left qin mu's shoulder and looked at him. " "When did I go back on my word?"

He snorted. also, promise me what you'll do tonight. Don't go back on your word.

xue 'er's face instantly turned red. " ye mu yun! "

Could he be any more shameless? Qin Mu was still here!

qin mu, on the other hand, expressed that he couldn't listen to it anymore. could his brother wanwan restrain his endless jade-like desires?

was it really a good idea to show it in front of his sister like this?

CEO ye expressed that this was not a big deal.

Qin Mu still went out first and let them be alone for a while.

Ye Muyun looked at his little wife, his expression very gentle. He reached out to help her adjust her veil, then cupped his little face and lightly kissed her. you're very beautiful today.

Xue 'er hugged his waist and pouted, " "we can't meet before the wedding!"

"i can't wait!" His voice was a little hoarse, then he lifted her veil and leaned over to kiss her little mouth. As he kissed her, he murmured, " a wedding is for others to see. But now, it's a wedding between you and me.

Xue 'er was a little helpless. She felt that her boss ye was in the final stage of straight man cancer.

however, she was still willing to make him happy. she tiptoed and let him kiss her. it was sticky and sweet.

After a long time, he finally restrained himself. He pressed his forehead against hers and chuckled. " you don't know how nervous i was when lan yu came over. i was afraid that he would object to the wedding! "

Xue 'er's little finger poked his chest, and she said word by word, " " mr. ye, we've already registered our marriage. you're already experiencing menopause, so i think i need to re-examine my choice. "

"lan yu?" ye mu yun laughed lightly.

Forget it!

although lan yu had grown up a little over the past few months, the things between him and qin chen had spread so widely that it was really hard to explain.

Chapter 2443: The wedding (2)

However, Qin Chen never cared about it, nor did he explain.

However, ye Muyun didn't believe it. He knew how persistent his " little brother " was. Even if he was a little moved, he definitely wouldn't have anything to do with Lan Yu.

As for Lan Yu, he probably came today because of Qin Chen's presence!

in fact, president ye also didn't understand why lan yu would take a fancy to ran ran and qin chen.

Qin Chen looked like a man normally. Although he was good-looking, Yingying was a man.

Lan Yu was bent so easily?

...

Chairman ye felt that there was still a good show to watch at his wedding today, which made him feel a little more balanced. Otherwise, how could it be possible for others to gossip about his little wife's ex-husband who wanted to attend his wedding?

on the other hand, he still had some hope in lan yu. perhaps he could pull qin chen out of the past.

Qin Chen seemed to be living a very healthy life, but after that night, ye Muyun knew that it was all just on the surface.

If he hadn't been detained in time that night, Qin Chen might have been in trouble because of his inner demons.

Thinking of this, he sighed.

Xue 'er didn't know what he was sighing about, so she hit him. "are you regretting marrying me?"

"I can marry someone else with a belly," she pouted.

ye mu yun laughed. " really? "

"En!" Xue 'er said childishly, then hugged him."you wish! I'll just rely on you to earn money for the Tang family, and then I'll give birth to many, many children."

Ye Muyun's mood suddenly became much better. He rubbed his chin and chuckled. it sounds like I'm not worth it. I have to earn money in the day and provide my own meat at night to make my wife happy, hmm? "

xue 'er's little face turned red. his words were more and more revealing, so she lightly rebuked, " "Shameless!"

He laughed a little willfully and leaned into her little ear, deliberately teasing her. "i'll let you know what it means to be shameless tonight!"

xue 'er remembered what she had promised and her face turned red. she stuttered, " "we need prenatal education. this is not good for the child!"

"Prenatal education starts at the fourth month!" Chairman ye smiled and said,'besides, isn't it great that baby Yingluo knows that her parents love each other? let the child grow up in love."

xue 'er simply couldn't bear to listen any further. could he be any more shameless?

“we're getting married today!”

He smiled slightly and held her little hand. yes! now, mrs. ye, can we go on stage together?”

She was stunned for a moment. aren't you going to hold my hand, dad? ”

His voice was a little low and hoarse. Xue 'er, I hope that from now on, I'll be the one to lead you on every path we take in the future.

he suddenly became serious. she was not used to it and was a little touched. she wanted to cry, so with tears in her eyes, she stood up straight and beautiful and handed him her little hand.”Mr. Ye, you have to think carefully. You will have a hard time in the future.”

“but i'll be happier!” ye muyun smiled.

he personally put down her veil and tidied it up for her. he was very serious when he did this.

didn't you say that the wedding was for others to see? ” Xue 'er retorted. look at you now, you're so serious!

“that's because i wanted to give you the greatest face, idiot!” mr. ye smiled and whispered to his young wife.

Xue 'er was furious. On the day of their wedding, he actually called her an idiot!

She had decided to give birth to a bunch of idiots and make him suffer to death!

The wedding was heartwarming and Grand. It was held in an ancient castle-like church.

Xue 'er was wearing a custom-made Dior wedding dress. She held ye Muyun's hand and slowly walked down the red carpet.

Their 'son', Yi Shu, was wearing a beige plaid suit. She was handsomely holding her mother's skirt and following behind her like a little follower.

on both sides, there were xue 'er's family and people she cared about, such as lan yu.

lan yu attended the wedding while standing. although standing for a long time would make his legs hurt, he still insisted on standing to attend his 'ex-wife's' wedding.

He thought that he still loved her even now.

...

He loved her as if he was a little sister. In the five years they had been together, he had also given her a lot of feelings. These complicated feelings made him give up on his sister, who he had once thought was the one he loved the most.

Lan Yu's pride made him unwilling to bind her and kidnap her with morality.

After the disaster, she was fine and he returned her to ye mu Yun. He actually felt that it was a very happy thing.

As for Lan Ting, perhaps she should have ended up like this long ago.

all these years, she was actually worse off than dead.

lan ting's private life became indulgent, and she was no longer the little girl she was before. death might be a relief.

Lan Yu looked at Xue 'er quietly. Looking at his little girl, other than wishing her well, there was also a hint of bitterness in his heart.

when little yi shu passed by him, she actually jumped away from the original script and ran over to give him a big hug. she called him " dad " in a crisp voice.

Ye mu Yun and Xue 'er also stopped for a moment and looked at Lan Yu.

Lan Yu smiled and hugged Yi Shu. He handed a box to Xue 'er."Happy wedding."

xue 'er took it. " thank you, lan yu. "

"Can I kiss you?" Lan Yu suddenly asked. we didn't even have a wedding at that time."

these words were quite rude. total ye would beat him up in a minute. anyway, lan yu was also half-crippled now.

Ye Muyun was rarely so generous. He looked at his little wife and said, " "You're only allowed to kiss the forehead or face."

Anyway, he had already kissed her for the first time today. Luckily, he was prepared.

lan yu was surprised, but he still smiled and gently hugged xue 'er, kissing her on the forehead.

Xue 'er hugged him tightly and her voice was a little choked. Lan Yu, you have to be well! otherwise, i can't be happy."

he smiled warmly. " you seem to be under a lot of pressure. i, yingluo, will try my best. "

She laughed until tears came out. Fortunately, there was a veil covering her head, so no one could see it.

however, chairman ye could feel it. he thought to himself, i really want to turn lan yu into a vegetable again. i want to make his little wife cry on his wedding day!

However, if he really hit her, Xue 'er probably wouldn't let him off, so he could only continue with the wedding.

He originally thought that such days were the most emotional for women, and that they would shed tears when they made their vows.

However, no one expected that the one who cried in the end would be Chairman ye.

boss ye's crying face was captured by so many mobile phone cameras, but no one dared to spread it. they only dared to spread it among their friends and family, and then spread it to the whole of B city ...

the handsome, cold, and noble head of B city's number one financial group, the way he cried at her wedding.

At this moment, ye Muyun's hands were trembling as he put the ring on Xue 'er. Just like he said, this was a wedding ring. The ring he gave her before was the one he wanted to give her.

Chapter 2445: the wedding (4)

even though he said it was just a formality, he still cried out of embarrassment and lost his composure.

Xue 'er raised her little face and gently lifted her veil. She used her little fingers to help him wipe the tears from the corners of his eyes. brother.

ye muyun looked at her with a deep gaze, but he gently pulled her into his arms. when he kissed her, his voice was a little fierce. " don't mention this in the future. "

Xue 'er teased me, I didn't want to mention it, but big brother, you seem to have reminded me.

At such a warm and romantic moment, Qin mo and Qin Chen played with the Easter egg at the side, adding a little atmosphere to this romantic wedding. Qin mo even made a fuss about making a scene in the bridal chamber.

as for qin chen, he just stood at the side and smiled.

...

Below, Lan Yu was looking at Qin Chen greedily.

he had lost weight, but he was still good-looking.

today, qin chen was wearing a light coffee woolen suit. it was very formal, especially the bulge on his waist, which reminded lan yu of the day he was naked.

Qin Chen's body was the most seductive of all the men he had ever seen. It made him more impulsive than a woman.

he was an artist and had painted many women, but none of them had a waist like qin chen's.

he really wanted to feel it with his own hands, but it was just a thought.

Qin Chen's attitude was already very clear.

in qin chen's eyes, he, lan yu, was a pervert. he used to like his sister, and now he was interested in a man. however, lan yu didn't feel ashamed because qin chen was so beautiful. it wasn't strange for men to like him!

He kept looking at Qin Chen, and finally, Qin Chen noticed him. His gaze was a little faint, and there was even a hint of a smile. However, Lan Yu couldn't guess what that smile meant.

Perhaps it was out of goodwill, but it was definitely not in response to his perverted liking.

qin chen only smiled faintly and didn't look at him again, as if nothing had happened.

lan yu was a little disappointed. he even thought that even if qin chen showed him shamelessness, as long as his feelings were stronger, he would feel comforted.

but there was nothing.

Qin Chen really didn't care about ran ran at all!

he didn't care whether it was good or bad.

lan yu lowered his head and looked at his feet. these few months, he had been working hard to recuperate, not to stand up in front of his ex-wife's wedding, but to be able to stand up when he saw qin chen. in order to be fatter and make himself look more human, even if he vomited it out, he still ate desperately.

He was already 60kg, so he should be able to see Jian Jia, but in Qin Chen's eyes, there was no difference.

this was probably because he didn't care.

For a moment, Lan Yu was disheartened. He had suddenly forgotten why he had persevered for the past few months. Was it just for that neither light nor heavy, uncaring gaze?

his pride made him a little angry, and he didn't care so much anymore.

Qin Chen's gaze fell on his brother and sister-in-law, but his eyes were empty.

He naturally felt Lan Yu's gaze, but what could he respond to?

He couldn't.

Besides, Lan Yu liked a "man", and he was not like that.

let's just leave it at that. this kind of little ambiguity will disappear very soon. he heard that lan yu's father was sick, and lan yu would soon enter the family hotel to work. by then, there would be many beautiful women. what would qin chen matter?

The others didn't know about their interaction. Only ye mu Yun chuckled and said to his wife, " i knew it. lan yu was up to no good by insisting on attending, right? "

Chapter 2446: The wedding night (1)

ye mu yun chuckled and said to his wife, " i knew it. lan yu was up to no good by insisting on attending, right? "

however, wasn't the speed of his change of heart a little too fast?

Previously, she had even died for Xue 'er, and now, she had fallen for their Qin family's' man'. What a pervert.

Xue 'er did not know what to say and could only smile.

Ye Muyun looked at his dazed and adorable little wife and sighed in his heart. This little fool usually looked stupid but she didn't drop the ball at the critical moment. When it was time to act stupid, she definitely wouldn't be careless.

However, on their wedding night, Chairman ye still managed to get back at her. She did not forget anything that she had promised a few days ago.

...

their wedding night was in the presidential suite of the GM hotel, which was also the room where they had gotten engaged.

He carried her in. The snow-white carpet was covered with rose petals. On the dining table in the living room, there was a lit silver candle with an eight-layer cake on it. Two little people were

spinning and dancing on it. It looked like it was made for ye Muyun and Xue 'er, custom-made from Swarovski.

"It's so beautiful." Xue 'er hooked her arms around his neck and made a fuss about coming down to take a look.

However, Chairman ye patted her lightly. "I'll eat later!"

then, he whispered in her ear, " "Big brother will bring you to play something more fun."

xue 'er's little face turned red in an instant. she looked at him pitifully. " shameless. "

He laughed and kissed her little mouth."You've forgotten what you promised, huh?"

Xue 'er leaned on his shoulder and said in a sweet voice, " brother is not as good as cake.

"is that so?" "but i think you're tastier than the cake," he laughed in a low and husky voice.

Xue 'er finally couldn't take it anymore and bit him, " "you're abnormal."

Even though she was shy, her perverted brother still folded his little wife in the bathroom on their wedding night and did all kinds of shameless things in front of the mirror.

she covered her eyes, but he moved them away forcefully, wanting her to see how he treated her.

he even forced her to do the same shameless thing.

fortunately, he was always worried about her pregnancy, so he only dared to play with her for an hour or so before letting her go. he hugged her and soaked in the bath with her. they put on a bathrobe together, and he carried her out to cut the cake.

the little thing sat in his arms, frowning as she ate. " "I want to brush my teeth again."

Mr. Ye pinched her little face. I've only served you once. You've brushed your teeth four or five times already. Am I that dirty? "

As he spoke, he was about to kiss her.

Xue 'er's little hand blocked his kiss, and she looked at him with disgust. you haven't brushed your teeth.

"i don't mind you." " come here, " chairman ye chuckled. " my darling, give me a kiss. "

she felt that he was extremely perverted and couldn't help but worry. did he force her to use this method to serve hanhan during the first few months of her pregnancy? just thinking about it made her blush and her heart beat faster.

Ye mu Yun looked at his little wife and his heart also softened.

He held her like a little doll and watched her eat. He said slowly and hoarsely, " "xue 'er, do you know why i like you?"

xue 'er's little mouth was full. she glanced at him and said, " because i smell nice. "

As she said this, she shamelessly leaned over. does it smell good? "

he laughed. so she knew. " you always said 'don't eat you', but now i'm sobbing. "

His voice was low and hoarse. I think you're the one who ate me!

Xue 'er covered her eyes and screamed, " "i regret it. i want to break off the engagement."

"It's too late, Mrs. Ye!" He hugged her and kissed her on the cheek.

Chapter 2447: the wedding night (2)

Xue 'er wrapped her arms around his neck and looked at him like a little girl.

That gaze was exactly the same as when they were engaged eight years ago. That gaze made him want to kill her.

but he was always worried about the child, so he only dared to kiss her little face carefully. his voice was also very hoarse.”Xue 'er, are you happy?”

She hummed in acknowledgment and leaned into his arms. She said in a soft voice, ” “i missed you so much in those few years.”

she said it so casually, but his eyes were wet again. she must have suffered a lot outside.

however, this fool did not hate him. instead, she loved him.

...

He kissed her and pressed his cheek against hers. At this time, Chairman ye's heart was full of tenderness, and those shameful thoughts from before had long been thrown to the back of his mind.

In such a quiet moment, he only wanted to talk to his little wife.

He only wanted to hug her, to hold her, to comfort her, to give her love, to give her everything she wanted.

He reached out and gently stroked her long hair. Her hair had grown a lot longer. She thought it was troublesome to be pregnant and wanted to cut it, but he didn't allow it. He said that he would help her take care of it in the future.

“tell me, how did you spend those few years?” his voice was hoarse.

xue 'er shook her head. ” brother, no matter how i lived, i don't think you're better off than me. ”

She was a girl. She could be willful and act recklessly, but he couldn't. He had to be good and maintain his excellence until she came back.

Just thinking about it made her feel that it was actually quite hard on him.

The sadness from earlier was gone. Xue 'er laughed as she lay on her stomach. She couldn't stop laughing.

Ye mu Yun grabbed her long hair and asked, "What are you laughing at? Hmm?"

xue 'er raised her head, her face serious. "I'm thinking that I'm actually the one who earned it."

"What?" there was a faint smile on his handsome face. he understood, but he still cooperated with his little wife.

xue 'er stretched out her little hand and counted her delicate little fingers. "look at you. You're good-looking, good at earning money, good at coaxing people, and good at taking care of children.

red hearts flashed in her eyes. "do you think i earned it? "

Especially since he was born into the Tang family and was no different from Tang Yu's own son all these years, she didn't need to worry about him trying to gain power.

When she said that, cold sweat broke out on Chairman ye's forehead. Naturally, he would not tell his young wife that the shares in his hands could completely kick his father-in-law out of Boyi.

His little guy counted again, and finally, Chairman ye couldn't help but ask, "Baby, didn't you miss out on something?"

his little wife looked up at him.

ye muyun's voice was soft and slow. "don't you think that your husband's ability X is very strong?"

“this won’t increase in value!” Xue ‘er rolled her eyes at him. and in this aspect, it seems that the older a man gets, the less capable he becomes.

she looked at his little expression and felt a little disgusted.

Chairman ye was about to explode. If she wasn’t pregnant, he would definitely use the entire night to let her know.

He wasn’t any worse than when he was young!

and he was only 28 years old!

still not old!

he was angry while xue ‘er giggled. she was buried in his arms, feeling extremely happy.

after a while, she raised her eyes and reached out to hold his face. she coaxed him with all her heart.”Big brother is the best.”

mr. ye was still staring at her.

Xue ‘er protested, ” married old men are the most difficult to deal with!

“is that so?” he reached out to pinch her little mouth and said meaningfully, ” “Actually, I’m very easy to satisfy. Do you want to try, hmm?”

Chapter 2448: the wedding night (3)

She had experienced his methods and did not want to be tortured by him in the bathroom again, so she hugged him, acted coquettishly, and begged for mercy. She knew best what he liked to hear at this time.

just like this, they hugged each other and spoke frankly. deep in the night, they were deeply in love and the two were deeply in love.

on such a wedding night, there was an indescribable tenderness.

.....

at night, qin mu sat in the front passenger seat, while zhou chongguang drove.

On the way home, Qin Mu didn't say anything. When the car stopped, Zhou chongguang asked his wife gently and softly, "mumu, what's wrong?"

...

qin mu was still lost in his own thoughts. he was a little frightened when he heard his voice. he looked around and forced a smile. "we're home!"

she reached out to open the door, but he held her hand and stopped her.

He gazed at her, knowing that she was avoiding his question. She was in a bad mood the whole way.

He could tell.

qin mu slowly turned his head, his gaze quietly landing on his face. "what's wrong?"

"mumu, i'm the one asking you." he touched his chin with his fingers and smiled. "you're asking me instead."

Qin Mu responded with an 'Oh'. nothing!

"Really?" He looked at her and smiled. In the end, he didn't force her to answer, but just pinched her little face. "Don't hide anything. Remember that I'm your husband."

qin mu looked at him in a daze. although they had made up for two to three months, she still couldn't get used to his kiss and their relationship sometimes.

it was rare for her to look so silly and cute. zhou chongguang unbuckled his seat belt, leaned over, and kissed her lips.

This kiss, from a light kiss to a deep kiss, lasted for a full ten minutes.

qin mu's toes curled up from his kiss. his entire body was weak as he leaned against the back of the chair. when he woke up, her hands were hugging his shoulders.

Her eyes were a little dazed, and she couldn't help but call out to him, " "chongguang."

"We'll do it in the bedroom, okay?" He still kissed the back of her ear longingly, his voice low and hoarse."Do it again in the car, hmm?"

Qin Mu didn't have the face to do it here. Although it was an enclosed space, the car would still move, and the servants would see it.

no matter how open-minded she was, it was impossible for her to do such a thing at home.

she reached out to hug him without saying a word. he understood what she was thinking, so he chuckled."Next time, we'll park the car in the garage, okay?"

"Don't!" "i'm not used to being outside," she said in a kitten-like voice.

however, she still raised her eyes to look at him. looking at his mature and handsome face, she couldn't help but ask, " " zhou chongguang, have you had any experience in the car with other women? "

The moment she asked, the atmosphere suddenly became tense.

although his face was not as dark as before, it was still very forced.

He didn't know how to answer her. A smart man would choose to lie at this time. Zhou chongguang was such a smart man who wanted to spend the rest of his life with his wife, and he chose to hide it even more.

"never!" he sighed and said softly.

Qin Mu was still looking at him. For some reason, she should have believed him if he said no. However, when he said no so firmly, she knew that he would.

However, she would feel better if he didn't admit it.

She hugged his neck and said softly, " "carry me up."

zhou chongguang's feelings were a little complicated. his eyes were very excited just now, but now, they were a little cold. however, he still carried his wife upstairs to the bedroom, pressed her down on the bed, and kissed her.

Chapter 2449: You're responsible for extinguishing the fire (1)

However, it was clear that his mood was not as high as before, and everything seemed to be taking it slow.

His excessive calmness made this matter seem a little deep and bleak. It couldn't be said to have ended on bad terms, but at least in terms of quality, it was the worst in recent times.

it wasn't just zhou chongguang's performance, qin mu was also in a daze and couldn't get into it.

After they were done, he lay down beside her, his whole body filled with emptiness. It was more uncomfortable to do it than not doing it, but just now, if he didn't do it, it seemed that he wouldn't be able to explain it to her, and this matter would be stuck between them.

zhou chongguang calmed down for a while, then turned his head to look at his little wife.

Qin Mu also opened his eyes and looked at the ceiling above. He seemed to be in a daze.

...

He knew that she wasn't engrossed at all just now. She didn't even move her eyes. No matter how much he tried to please her, she wouldn't be happy.

to a man, this was a defeat.

Of course, tonight's failure was due to her, but the deeper source was him.

if it wasn't for his messy past, he wouldn't be in such a state tonight.

He sighed and hugged her. "Mumu, it's my fault!"

her body froze.

His words were equivalent to an admission.

although he didn't say it directly.

All of a sudden, Qin Mu felt that he was quite aware of the situation. He said that he was fine, but she still harped on his past.

She used to think that she was a free and easy person, but she wasn't.

Or perhaps it was because Yingying cared too much.

She deliberately softened her body and leaned toward him, not wanting this small dispute to turn into silent cold violence.

he had expressed his goodwill and she had accepted it. if she had to fight for these things every day in their marriage, she would not have the energy to continue.

Finally, she moved her face into his arms and said in a low voice, ” “i’m not in a good mood today.”

Zhou chongguang lowered his head and kissed her forehead. it’s okay! women are always in a bad mood for a few days.”

qin mu frowned and couldn’t help but say, ” “zhou chongguang, i’m not on my period.”

“It doesn’t matter if you have your period every day. As a husband, you should be tolerant.” He said rather warmly.

qin mu pursed his lips. ” what a sweet mouth! ”

“You don’t like it?” “i’ll carry you to the bathroom, okay?” he laughed and whispered into her ear.

Qin Mu was a person who loved to be clean and could not tolerate sleeping without taking a bath. However, Zhou chongguang was thinking of something else.

in the end, he pressed her against the wall of the bathroom and kissed her. the wall was warm from the hot water, and her back was not cold. his body in front of her was even hotter.

Qin MU’s hand was on his shoulder, helplessly accepting his kiss. His voice was also intermittent.”didn’t ran ran do it?”

zhou chongguang’s mood was obviously much better than just now. his voice was warm as he said, ” isn’t it normal for a couple to do it a few times a night, huh? ”

she hit him with her small hand and couldn’t help but look up. after enduring for a long time, she gently spat out, ” “but yingluo, didn’t yingluo say that you didn’t want to?”

“who said that?” he kissed the corner of her lips and murmured,”you didn’t feel it, huh?”

after that, she could no longer speak and could only follow him, teasing him again and again.

he hugged her twice before letting her go. qin mu was already so full that he couldn't be any more full. after being washed, he was placed under the blanket, while zhou chongguang was still in the bathroom.

Qin Mu heard the sounds inside and knew that he was settling it himself. she blushed ...

He was already so old, yet he was still so energetic. He was simply a pervert.

Chapter 2450: You're responsible for extinguishing the fire you started (2)

when zhou chongguang returned to the bedroom, it was almost time. previously, it was mainly because qin mu's period came for a few days. he had not hugged her for a week, and it had accumulated a little too much tonight.

This was all thanks to his mother. The old lady was in a hurry to hold her grandson and kept sending him tonics. Some of them were boiled, but Qin Mu didn't want to eat them. He didn't want her to overthink, so most of them went into his stomach.

he was at the age where he was full of vigor and vitality, and he had also nourished himself so much, so naturally, his needs were great.

moreover, he was very interested in his wife. usually, he would spend five days in a week without fail, but after this week, he had long been tired of holding it in.

He pulled her into his arms and lay down quietly. He was thinking about some things and felt that time was beautiful.

Qin Mu hadn't completely fallen asleep yet. He sniffed the scent on his body and propped his head up."Are there any safety measures tonight?"

...

Zhou chongguang jabbed her forehead, amused. "You don't know if I'm useful or not?"

“i was dizzy and didn’t notice.” she said honestly.

Zhou chongguang could not help but say, ” the feeling is different, right? ”

“there’s no difference, right?” qin mu yawned.

She finally fell asleep from exhaustion, leaving Zhou chongguang in a mess. how could it be the same? how could he be the same as a man-made object?

he really wanted to shake her awake and let her feel the difference.

but seeing that she was sleepy, he still couldn’t bear to let her go, so he kissed her lightly and whispered, ” “go to sleep, mumu.”

The next day was a Saturday, and Zhou chongguang didn’t need to go to work, so he could naturally accompany his wife to sleep a little longer.

he only woke up at nine o ‘clock. he opened his eyes and looked at qin mu. she was still sleeping. she was probably exhausted from the past few days.

tang xue ‘er was pregnant, and many things at the wedding were done by mumu herself. when he saw her tired at night, he felt a little sorry for her. he knew that part of the reason she was working so hard was because of guilt. his heart, which originally did not feel guilty, felt guilty because of his wife. yingluo should not have suffered all these.

fortunately, the one that ye muyun’s family raised was a stupid and cute fellow. it didn’t hold grudges. now, the two little girls were as good as before. they were the same as before. when he saw that qin mu was happy, he let her be. he just drove her to school every day.

a voice came from downstairs. he could hear his mother’s voice, so he got out of bed gently and didn’t disturb qin mu. he put on a sleeping robe and went downstairs.

mother zhou was boiling soup downstairs, it was very nourishing. seeing zhou chongguang come down, she said, ” “qin mu hasn’t woken up yet, right?”

zhou chongguang smiled lazily. ” not yet. his brother got married yesterday, so we came back a little late. ”

Although he said this, mother Zhou was an experienced person. She knew what was going on when she saw her son’s satisfied face, so she snorted.”qin mu must have been tired out by you!”

Then, as he made the soup, he muttered to himself, ” “take it easy! i heard that if you want to have children, you can’t sleep in the same room every day!”

Zhou chongguang could not help but interrupt his mother, ” “Mom! i’ve said it before, we don’t want children for the time being.”

” if you don’t want children, how are you going to get qin mu medicine to recuperate? ” Mother Zhou put down the soup in her hand and her expression became serious. don’t say no. Don’t tell me that it’s a tonic. I’m old, but I’m not muddleheaded.

zhou chongguang was a little annoyed and didn’t want to argue with his mother over this matter. hence, he walked over and gently pressed his mother’s shoulder.
