

## Thank you 2571

Chapter 2571: Postpartum depression is an act (1)

zhou chongguang sent gu mei back to her apartment. gu mei was acting especially normal.

She considerately asked him to go to the hospital to accompany the child, saying that it was fine for her to stay at home.

zhou chongguang's gaze was deep as it landed on gu mei's face for a long time before he smiled faintly. " "then i'll be leaving!"

he even reached out and touched gu mei's cheek gently. gu mei's eyes were filled with joy.

zhou chongguang didn't say anything more, only leaving a few instructions before leaving.

when he opened the door and walked out, his face was already filled with malice.

...

Gu Mei was pretending!

The so-called postpartum depression was just an act.

zhou chongguang closed his eyes slightly, his fingers clenched into fists.

how could she sacrifice her son for this fake marriage?

did she have any humanity?

she had predicted that he would soften his heart and that he would soften his attitude because of her illness, right?

Her flaw was that she knew him too well and acted out everything according to his heart. She acted a little too much and it was not real.

it wasn't that he had never seen people who were depressed. just like the 14-year-old qin mu, there was no life in qin mu's eyes at that time. however, she had never hurt anyone. a little thought could make her very happy.

All of these could not be faked.

Gu Mei looked at Zhou chongguang and laughed softly.

she really didn't have to do this. she was really thinking too much.

Zhou chongguang's thin lips were tightly pursed, but he didn't say anything. He just drove straight to the hospital.

He was very tired, unspeakably exhausted.

however, the road still had to be walked, and life had to go on.

However, he couldn't find a trace of happiness.

as he drove, he took out a cigarette and lit it. he took a long drag, and the smoke he exhaled was blown away by the night wind.

he held the cigarette between his slender fingers, and his eyes were deep and moist.

in her mind and heart, there was nothing else but qin mu.

when they arrived at the hospital, he looked at shui mu's soft little face and saw that he was smiling at him. his heart softened a little.

he actually found qin mu's shadow on shui mu's face.

zhou chongguang did not know if this was his own illusion or hope. in short, he felt that shui mu was growing more and more like his mumu.

shui mu-mu!

perhaps, she was his and qin mu's child.

At that moment, Zhou chongguang felt that he was the one who was suffering from postpartum depression.

he held his forehead and smiled bitterly. he bent down and played with little shui mu.

auntie zhang smiled and said, " mr. zhou, baby knows you. he smiled the moment you arrived. he was so tense before. "

"my son." zhou chongguang laughed lightly.

auntie zhang laughed along as well. she bent down and teased the little guy."Little Shui mu!"

when auntie zhang called out this name, zhou chongguang smiled faintly. he actually felt an unspeakable satisfaction in his heart.

he finally found a trace of comfort and balance in this unhappy marriage.

he seemed to be living outside of gu mei's life. he had his own spirit.

he, mumu, and their little shui mu lived together.

(CEO Zhou, this is an illness. You have to treat it!)

auntie zhang, who didn't know the inside story, was still calling out little shui mu, little shui mu, and didn't notice zhou chongguang's strange behavior.

That night, Zhou chongguang stayed in the hospital for a night, and Auntie Zhang also slept in the small room to keep watch.

early in the morning, qin chen came over. he was still incomparably noble and exquisite.

Chapter 2572: Postpartum depression, an act (2)

zhou chongguang had also slowly gotten used to this ex-sister-in-law's behavior. furthermore, he already felt guilty in his heart, so how would he dare to laugh at her?

only when qin chen came over to pick up the child did she say in a low voice, "i saw mumu last night."

"Did she slap you?" Qin Chen laughed.

Zhou chongguang expressed that he could no longer communicate with her, so he shut up.

qin chen looked at little shui mu for a while, then suddenly said slowly, "This child, Yingluo."

Zhou chongguang looked at her.

...

"He looks a little like Qin Mu!" Qin Chen frowned.

Zhou chongguang's mood lightened up. I think so too!

just as she was happy for a moment, qin chen poured a bucket of cold water on her. "He looks more like Gu Mei. She gave birth to him!"

these words were like a knife, stabbing right into zhou chongguang's heart.

general manager Zhou rubbed his nose, indicating that he wouldn't fall for Qin Chen's trick again. How could he have known that Qin Chen was telling the truth?

That child, at first glance, seemed to be Qin Mu's.

Zhou Chongguang followed Qin Chen to the examination room. It was Qin Chen's exclusive laboratory, and ordinary doctors were not allowed in.

Qin Chen turned around with the child in his arms. You guys wait outside. It'll take a little longer, about an hour, but I'll try to be as fast as possible so it won't affect the child too much.

Zhou Chongguang nodded.

He trusted Qin Chen unconditionally only because he was Qin Mu's relative. Qin Mu's character was so good, and Qin Chen was also worthy of his trust.

In the past, Zhou Chongguang was not like this. He was hostile to everyone. At that time, he only trusted Gu Mei because that woman had been in prison for him.

Even now, he could still vaguely remember that when he was drunk, he would sometimes lie on the sofa in Gu Mei's house and sleep for a night. This was because he only believed that she would not harm him.

At that time, he didn't even believe his own wife.

At that time, it was about a year after he and Qin Mu were married.

And now, he and Qin Mu were separated, but he started to learn to trust. And the person he trusted the most before had become the protagonist in 'Wolf comes'.

Zhou Chongguang smiled slightly bitterly. He stretched out his hand and lit a cigarette, then stood outside and waited quietly.

Auntie Zhang's entire heart was on the child. At this moment, the child went in, and she shifted her gaze to Zhou Chongguang. Seeing that he was smoking again, she couldn't help but advise, "Mr.

Zhou, it's better to smoke less. It's not good to smoke too much at such a young age! Besides, your health doesn't seem to be good recently!"

Zhou chongguang held the cigarette between his slender fingers and smiled faintly. "it's fine, it's just an occasional boost!"

auntie zhang couldn't say much, so she just muttered, " "and that's only occasionally, yingluo. two or three packs a day!"

Zhou chongguang gave a light smile and did not say much.

the wait was long. after smoking an unknown number of cigarettes, perhaps more than ten, the door to the examination room opened. qin chen's face was tired. after taking off his mask, his expression was solemn as he called out, " "Zhou chongguang!"

Zhou chongguang looked at him and had an ominous feeling in his heart.

Qin Chen looked at him and slowly said, " "shui mu's digestive system has been completely destroyed. other than sleeping pills, did gu mei feed him anything else? "

Zhou chongguang and Auntie Zhang looked at each other. They did not know.

qin chen's voice was even slower. " gu mei might have used some irritating drugs to make the child cry. after a long period of time, the child's stomach will slowly deteriorate. without a detailed examination, it will not be obvious. "

Chapter 2573: Postpartum depression is an act (3)

Aunt Zhang couldn't believe it. What kind of mother would be so vicious?

This is a Nima Palace drama!

auntie zhang looked at zhou chongguang with an apologetic look, ” “Sir, I really don’t know. If I knew, I would have told you long ago.”

zhou chongguang closed his eyes slightly.

He didn’t say much and just looked at Qin Chen. can you still save the child? ”

No matter what happened between him and Gu Mei, since this child had been born, he would hope that he would live. He would give him all his fatherly love.

...

Perhaps he’ll only have this one child in his life, Yingluo.

“zhou chongguang, do you believe me?” qin chen looked at him and sighed.

Zhou chongguang’s gaze was burning. There was a glimmer of hope in his heart. He only felt that if Qin Chen was willing to save him, the child would still have a way out.

Qin Chen paused for a moment, then said in a business-like tone, ” ” if you trust me, i’ll take him to a laboratory in the United States and change his digestive system for shui mu. of course, the technology is not very mature, and perhaps no one has ever dared to use it, but i’m 80% confident. ”

zhou chongguang was slightly stunned.

“You can go to a hospital for; check-up first. If you’re desperate and give up, you can come to me, but it can’t take more than a week!”

When Qin Chen said this, he was completely emotionless because this was her profession.

after a certain someone left, he told himself not to be emotional anymore.

He was a doctor, and not all patients were people he cared about.

It was the patient's good fortune that he could be saved. If he could not be saved, he had tried his best. There was no need to feel guilty.

Hence, she treated Zhou chongguang's son the same way.

zhou chongguang's gaze was pained, and he nodded.

auntie zhang was at a loss. she was stunned for a long time before she said, "where's the baby?"

"She's asleep. I'll carry her out."

When he carried little Shui mu out, aunt Zhang's tears flowed out. This was the child that she had personally raised for a long time, and now the doctor said that he had this illness.

Aunt Zhang's face was full of tears as she pressed her face against little Shui MU's.

after a long time, she looked at zhou chongguang expectantly, " "Mr. Zhou, you can't give up on this child."

"Of course!" Zhou chongguang took Shui mu from her arms and also pressed him against her.

there was a glimmer of light at the corner of his eyes.

At this moment, he was a little afraid.

this child was the reason why he and qin mu were separated. if the child was gone, wouldn't that be a joke? Then what was he left with?

he couldn't even find a reason to continue living.

zhou chongguang didn't go home, he didn't go back to his office, everything was done over the phone.

He took little Shui mu to all the big hospitals in B city, but all the authoritative doctors shook their heads and said sorry that this illness could not be cured. The child was too young!

Aunt Zhang was also the same. She had been with him for four or five days and had lost a lot of weight.

On the fifth night, she carried little Shui mu and looked up at Zhou chongguang. She said very softly, " Mr. Zhou, go to Dr. Qin. He has a way! the woman said.

zhou chongguang was silent for a long time. " i will bring shui mu over tomorrow. auntie zhang, can you go to United States? "

He offered a sky-high nursing fee.

auntie zhang started crying. " mr. zhou, i'm not doing this for the money. this child is also a piece of my heart. i can't let go of him. i'm even more worried if i let someone else take care of him! "

zhou chongguang closed his eyes, thank you!

Right now, his feelings were as painful as his mother's passing away. At that time, he had Mumu, but now, Qin Mu had left him.

Chapter 2574: gu mei, are you satisfied?(1)

that night, zhou chongguang returned to the apartment once.

After he returned, he did not open the door and enter immediately. Instead, he leaned against the door and smoked for a while. It was not until one in the morning that he stepped into the cold house.

This place had never given him any warmth. It had only given him fatigue.

he felt guilty towards shui mu, because he was the one who allowed the child to be born. after the child was born, he had no choice but to take responsibility.

Gu Mei did not want it, but he did.

It was his blood and bones, a life.

...

When Zhou chongguang walked into the apartment, Gu Mei was still awake. She was lying on the sofa watching television.

With his dark eyes, he sized up his wife in name.

he remembered that gu mei used to like to dress up as a strong woman because she thought that he liked women like that.

Now, she felt that he liked the look of a dainty little wife, so she disguised herself like Qin Mu.

However, she never knew that no matter what, he had never liked her.

in the past, he was a trusted partner. he felt guilty for everything she had done to him, so he let her do as she pleased without any limits. now, there was only disgust and hatred.

Zhou chongguang had always known that he was not a good person, but Gu Mei had exceeded his expectations.

In his heart, family was a bottom line that could not be touched. No matter what he did, he would not hurt family.

As for Gu Mei, the person she hurt was her biological son, Yingluo.

how could he possibly love a woman like this?

In his heart, the last trace of guilt was gone, leaving only a heart full of revenge.

if this was the marriage that gu mei wanted, then he would fulfill her wish.

He knew all too well that he would let her enjoy herself in a marriage like this. It was a feeling that would stir up all of a person's expectations and then ruthlessly crush them.

at that time, would she be completely disheartened?

if she were to stand on the rooftop again, he could guarantee that not only would he not help her, but he would also push her on the road.

'gu mei, i'm already in hell. i don't mind pulling you along!'

zhou chongguang closed the door slowly and met her surprised gaze. the corners of his mouth slowly pulled up into a mocking smile. "you didn't sleep?"

Gu Mei was wearing a nightgown with suspenders. It was the kind that was quite sexy. The quality of the silk material highlighted her delicate figure very well, especially when there was probably nothing under the nightgown.

She rushed to his side in surprise and hugged his neck. "chongguang, you're back?"

He didn't push her away and just smiled. "Right!"

gu mei looked at his expression. after a while, she carefully said, "I've been taking my medicine these days!"

zhou chongguang stretched out his hand and gently touched her head, saying softly, "very well-behaved."

gu mei's face was slightly red. she then asked in a small voice, "Where's Shui mu? Why didn't you bring it back?"

"He's fine!" zhou chongguang smiled lightly, "but she'll have to stay in the hospital to observe yingluo."

gu mei was a little uneasy. her hand loosened a little as she bit her lip.”chongguang, are you blaming me? i didn’t do it on purpose!”

“I know!” he kissed the corner of her lips to comfort her, then carried her to the sofa. her body was stuck in the sofa, and she was wearing that kind of pajamas, so her posture was very seductive.

“Chong Guang!” Gu Mei could not help but let out a soft snort.

She had not had a man for more than a year, so naturally, she would have Jade-like desires.

zhou chongguang took the opportunity to move over and kissed her lips lightly on top of her. ” “you want me, huh?”

Gu Mei closed her eyes slightly and wrapped her arms around his neck.

Chapter 2575: Gu Mei, are you satisfied?(2)

Zhou chongguang’s Black eyes glowed with a cold light as he looked at Gu Mei’s intoxicated expression. After a while, the corners of his lips curled into a cold smile. He placed his lips on hers and said very gently, ” Gu Mei, I haven’t felt anything yet. Maybe next time!

Gu Mei suddenly opened her eyes and looked at him in surprise.

Zhou chongguang had an apologetic look.

As for her, although she was a little disappointed, she didn’t dare to go too far, so she pursed her lips and said softly, ” it’s okay, chongguang. We still have a long way to go.

Zhou chongguang forced a smile. yes!

Then, he leaned over and kissed the corner of her lips. “I’ll go take a shower first.”

...

gu mei had not given up yet. she bit her lip.”chongguang, let’s take a shower together, okay?”

He looked at her in surprise and then smiled. “alright,” he said.

Gu Mei lay down and reached out her hand to unbutton his shirt one by one. Then, she slipped it down.

He really did not have much of a reaction. Gu Mei’s hand paused for a while and did not dare to tease him.

because he said he was tired!

When they were showering together, Zhou chongguang did not have any intention of doing it with her. It took an hour, and it made Gu Mei feel a little uncomfortable.

when they were lying on the bed together, gu mei lifted her head and looked at zhou chongguang’s side profile. ” when can i see shui mu? ”

Zhou chongguang’s hand gently rubbed her head. “We’ll wait for the water and wood to recover!”

” mm. ” gu mei replied and nestled in his arms, feeling somewhat satisfied.

zhou chongguang reached out to dim the lights. she did not realize that in the dark, his expression was very ugly.

in the morning, when zhou chongguang woke up, he smelled the fragrance of breakfast.

he closed his eyes and could hear the sounds coming from the kitchen.

he knew that gu mei knew how to cook and her skills were not bad. there was a period of time when gu mei took care of his stomach.

Zhou chongguang lay down and closed his eyes. Then, he pulled open the bedside cabinet. Inside it was the medicine he had prescribed for Gu Mei.

he opened the bottle cap, poured it out, and counted. there were 100 pills before, and there were still 100 pills now.

a hint of mockery appeared on his face, and he poured the medicine back without a sound.

Then, he took out a cigarette from the side table and lightly lit it.

In the midst of the smoke, Zhou chongguang's face looked even more sinister and terrifying.

gu mei, who was wearing an apron, pounced at the bedroom door. her voice was very light."Chongguang, breakfast is ready."

When Zhou chongguang looked over, his gaze was already clear and gentle. I'll get up in a while.

Gu Mei did not leave immediately. Instead, she looked at Zhou chongguang quietly. She hesitated for a moment before saying, " "chongguang, can you smoke less? it's not good for your health!"

zhou chongguang smiled slightly, but his smile was a little bitter. " it's already like this, it won't kill me anyway! "

gu mei still wanted to say something, but in the end, she could not say anything. she could only leave first.

The moment she left, Zhou chongguang's eyes turned dark.

he changed into a new set of clothes and walked into the kitchen. gu mei had already prepared breakfast.

Zhou chongguang looked at the Chinese breakfast and frowned. "why isn't it western-style?"

gu mei was stunned for a moment before saying, ” “Zhou chongguang, don’t you only eat Chinese food?”

His gaze seemed to be a little dazed, then he smiled faintly. ” i forgot about it. perhaps yingluo’s habits have changed over the years. ”

Gu Mei bit her lip and thought to herself, ’is it because Qin Mu likes Western food that he also changed?’

Chapter 2576: gu mei, are you satisfied now?(3)

However, she didn’t show her jealousy toward Qin Mu. Instead, she said very appropriately, ” “If you want to eat Western food, I’ll make it for you now.”

Zhou chongguang stopped her. there’s no need. I still have to rush to the hospital in a while.

gu mei forced a smile. ” gulp. then i’ll start making western-style food for you tomorrow. ”

Zhou chongguang didn’t say anything, but he took the car keys after he finished eating.

“chongguang!” gu mei chased after him.

He turned his head and looked at her with a smile.

...

“i want to go to the hospital with you to see shui mu.” gu mei bit her lip as she spoke.

zhou chongguang’s gaze had been on her face the entire time, and he only spoke softly after a while, ” Gu Mei, you’re sick now. It’s better if you don’t go. I’ll let you see Shuimu when you’re better, okay? ”

Gu Mei was stunned. That's right, she was 'sick' now. Hence, she forced a smile."Alright!"

zhou chongguang's gaze was unfathomable as he looked at her. after a long time, he turned around and left.

gu mei watched as he entered the elevator. the elevator doors closed and the red number moved further and further away.

he was back, and he was so warm to her, but she didn't know why her heart still felt empty, as if something was missing.

and downstairs, zhou chongguang got into the car and immediately drove to the hospital.

This time, he had left for half a month. During this half a month, Gu Mei had not been able to contact him. She did not know where he was or if he would return.

She wasn't sick, but she was almost sick from the torture.

Zhou chongguang's car arrived at the hospital. Auntie Zhang had already fed Shui mu. Seeing him come over, she said with heartache, " "shuimu seems to have lost weight these few days."

how could zhou chongguang not feel it? just as qin chen said, the child's digestive system had problems. it could be clearly seen these few days. the baby did not like to eat and often cried and threw tantrums.

he reached out to carry the child and pressed his face against the baby's face. then, he carried the child out of the ward, and auntie zhang followed.

when zhou chongguang got into the car, he gave qin chen a call. " i'm going to shengyuan hospital now. "

after hanging up the phone, he turned to look at little shui mu in aunt zhang's arms. his eyes were very gentle.

in this world, he, zhou chongguang, no longer had any relatives. other than qin mu, shui mu was the only person he was concerned about. he was also his blood.

he would save him no matter the cost.

Zhou chongguang stretched out his hand and gently brushed it across little Shui MU's small face, then reluctantly retracted his hand.

That look almost made aunt Zhang cry. She mumbled, "doctor qin will definitely be able to cure our baby."

These words seemed to be said to herself, but it was more like they were said to Zhou chongguang.

in the past, auntie zhang felt that zhou chongguang was quite pretentious. he had a mistress outside, which was why he led such a life. but now, auntie zhang felt that he was quite miserable and pitiful. he was clearly a good person, but he had been harmed by gu mei to such an extent.

he heard that his ex-wife couldn't give birth. now that he finally had a child, his mother made him like this.

auntie zhang was quite angry.

however, no matter how angry she was, she could not stop gu mei from seeking death.

Zhou chongguang listened to what she said and smiled slightly, then retracted his finger. yes, it will definitely be fine.

he had already let qin mu down, so he couldn't let down his child, yingluo, as well.

zhou chongguang brought little shui mu to sheng yuan, and qin chen met him in his office.

zhou chongguang was the same as lan yu. he had seen qin chen's super luxurious office, but he didn't have the heart to admire it. he said to qin chen directly, "i'm begging you!"

Chapter 2577: his son is not a small animal (1)

zhou chongguang was the same as lan yu. he had seen qin chen's super luxurious office, but he didn't have the heart to admire it. he said to qin chen directly, "I'm begging you!"

Qin Chen laughed lightly, as if he had known that he would come. He handed a document to Zhou chongguang. "i need your signature on this."

after zhou chongguang saw it, he almost wanted to curse.

Because it was an agreement for small animal experiments!

As for the carrier, it was written as a monkey?

Zhou chongguang's son was a monkey?

...

A monkey named Zhou Shuimu?

Was Qin Chen invited by a monkey to tease him?

Zhou chongguang glared at him.

qin chen shrugged, holding a cup of classic coffee, and said in a relaxed tone, " " because this project hasn't been approved yet. the higher-ups said it's against one person, so i took a risk to do it! "

after saying that, he smiled faintly,"actually, there's no difference between humans and animals, right? It's good that the results are good."

Zhou chongguang was still staring at him.

He knew that Qin Chen didn't have good intentions!

qin chen laughed again. "zhou chongguang, do you know how many heads of state have asked me to do this kind of animal experiment?"

"i'm usually not free," he said as he took a sip of his coffee.

zhou chongguang understood what he meant. he looked at the thick stack of paper and felt conflicted. how could he not know what signing this meant? it meant that after shui mu went to the laboratory, he would be handled by qin chen. whether he was dead or alive, shui mu was a monkey. if he couldn't come back, he, zhou chongguang, would only be sacrificing a monkey for the experiment.

He had the same thought as Lan Yu. this quack!

qin chen was still smiling. "if zhou chongguang agrees, then we'll sign it. i'll take him away tomorrow. in addition, there'll be a confidentiality agreement attached."

zhou chongguang closed his eyes slightly.

at this time, auntie zhang whispered, "Sir, please sign it!"

zhou chongguang slowly opened his eyes and looked at the documents. finally, he slowly signed his name.

qin chen kept the documents and pinched shui mu's face. he smiled."Alright, take our little monkey for a checkup!"

The moment he said that, Zhou chongguang and Auntie Zhang's faces both darkened.

Qin Chen looked at them with the child in his arms and chuckled. "why don't you have any sense of humor?"

zhou chongguang's expression was a little bitter. " qin chen, can you cure him? "

Qin Chen was still playing with the child, and he smiled faintly. "I should be able to! Isn't this the vile spawn of you and Gu Mei? it's only right for his name to go down in infamy for ten thousand years!"

This time, Zhou chongguang's face darkened, and Auntie Zhang was clapping her hands in her heart. Although this was a little unfair to little Shui mu, Mr. Zhou should have done it.

however, the little guy in qin chen's arms burst into tears. his cries were earth-shattering.

Qin Chen froze for a moment, then chuckled. "oh, our little shui mu seems to be unhappy. baby, be good. we are not little b \* stards. we are little monkeys?"

Zhou chongguang's face turned black once again as he could not take it anymore.

but now, he didn't dare to provoke qin chen. his son's life was in the hands of a human and animal researcher!

Qin Chen carried the child and went for another examination. When he came out, his expression was serious."it's more serious than i thought. zhou chongguang, prepare a private jet immediately."

zhou chongguang pursed his lips and agreed.

Qin Chen looked at him quietly. immediately, immediately. I'll be in new York in fifteen hours. I'll perform the operation on the child within twenty-four hours!

with that, qin chen walked towards the elevator with shui mu in his arms.

Chapter 2578: his son is no small animal (2)

Zhou chongguang immediately followed, then took out his phone and dialed Zhao Ziyi's number. help me prepare a private plane to fly to new York. I want it now, no matter what the cost. It has to take off in an hour and a half.

“Chong Guang!” Zhao Ziyi was stunned for a moment.

“ziyi, listen to me!” Zhou chongguang's voice had a hint of pain.

zhao ziyi didn't say anything. after hanging up the phone, he used his f \* cking speed to handle this matter. of course, the price was not cheap. one must know that international flights were not as easy as one wanted to fly. if he didn't handle the relevant documents, it was possible that he would be shot down.

he had used all his resources to let zhou chongguang and his group arrive at the airport in one and a half hours before they could take off. zhao yi had also rushed over to meet zhou chongguang.

when he saw the child in zhou chongguang's arms, he was stunned.

...

It's only been a few days since I last saw him, how did he lose so much weight?

zhou chongguang's voice was very calm. ” ziyi, help me find lin xue. arrange for her to go to new York. also, release the news that lin xue and i are having a date in new york. ”

Zhao Ziyi was stunned again. He wanted to ask, but after thinking about it carefully, he understood some things.

hence, he nodded. ” i know what i'm doing. i won't say a single word to gu mei. ”

Zhou chongguang pursed his lips and smiled faintly. she will never see Shui mu again in her life!

As he said this, Zhou chongguang himself was a little dazed.

When he said it, he realized how much he hated Gu Mei. He hated her so much that he did not want her to see his own flesh and blood again.

Zhao Ziyi was also somewhat stunned. After a moment, he whispered, "Chongguang, I know!"

He got off the plane, left the take-off area, and watched the plane taxiing from a distance before it suddenly soared into the sky.

Although he did not ask, he knew very well in his heart that little Shui MU's illness was very serious. Otherwise, Chong Guang would not have sent him away and would not hate Gu Mei so much.

zhao ziyi had seen the guilt he felt towards gu mei. this kind of guilt had even caused chong guang to lose qin mu.

but now, he hated gu mei so much. it must be because gu mei had done something too overboard.

And this matter, Zhao Ziyi's intuition told him it was related to the child.

zhao ziyi continued to watch, until the plane disappeared.

after a long time, he pursed his lips and left the airport. he saw xue lin and handed her a check.

that was 20 million yuan, which was a huge temptation for xue lin.

remember, what director Zhou needs is an obedient woman, not a woman who spreads rumors! Zhao Ziyi's voice was a little cold. especially towards Mrs. Zhou. Xue Lin, you should know what to say, right? "

xue lin looked at the 20 million yuan and smiled, " don't worry, President Zhao. I'll play along with the act.

zhao ziyi's face was calm, and without saying anything, he stood up and left.

xue lin picked up the check and kissed it again and again.

a glint of pride appeared in her eyes. no matter what the reason was, zhou chongguang had thought of her again. however, she had a new chance. as long as she was obedient, she could be the woman by zhou chongguang's side.

Xue Lin's eyes were filled with a demonic look.

In the past, when she was with Zhou chongguang, Gu Mei's role was quite annoying. Sometimes, after she had just finished with general manager Zhou, Gu Mei would appear with a laptop, dressed in a formal suit, and say to her, " " miss lin, you can get a million yuan check later. also, don't forget to take birth control pills! "

At that time, Xue Lin really wanted to slap Gu Mei to death!

Chapter 2579: his son is not a small animal (3)

At that time, Xue Lin really wanted to slap Gu Mei to death!

As a J, she should have some respect. After all, she, Lin Xue, was a second or third-tier star. Who was Gu Mei to point her fingers at her!

Actually, she had long known that Gu Mei was also general manager Zhou's woman. However, general manager Zhou did not seem to touch her much.

Xue Lin saw her rigid look and thought that she was just not satisfied with her request. Why was she acting so serious? she looked like she wanted to climb into general manager zhou's bed in her place.

Xue Lin was not interested in such a pretentious woman. In the past, in order to show her face in front of President Zhou, she had no choice but to please that woman. However, she knew that the time she was caught by Qin Mu in the office, it was Gu Mei who called.

so, xue lin hated gu mei to the core!

...

now, gu mei had become mrs. zhou and general manager zhou had even asked her to anger gu mei. how could xue lin not work harder? otherwise, she would not be able to live up to the 20 million.

Xue Lin laughed softly. Her mind was filled with images of Gu Mei being so angry that she vomited blood. The more she thought about it, the more she couldn't help but laugh. The people around her were looking at her. Xue Lin snorted, " "What are you looking at?"

as she said this, she picked up the check and kissed it. then, she left, swaying her slender waist.

.....

More than ten hours later, in a secret laboratory in new York.

qin chen's assistant had already prepared the laboratory. as soon as they got out of the car, qin chen personally carried the little guy and walked in quickly.

his assistant was a handsome United Kingdom man in his thirties. he went up to him and ruffled his loose hair. he smiled and said, " what a cute little animal! "

Zhou chongguang's face darkened.

qin chen walked into the laboratory with shui mu in his arms and handed the child to his assistant, eisen. " put him in a sterile thermal box. "

Eisen nodded, and Qin Chen turned around to look at Zhou chongguang. " shui mu needs to be observed for six hours. if there are no problems in these six hours, i will perform the surgery. "

Zhou chongguang's lips moved.

Qin Chen smiled slightly and gave him a hug. His face was close to Zhou chongguang's neck, and he said very softly, " "Don't worry, I'll do my best!"

for some reason, Zhou chongguang's eyes welled up with tears.

was it because of Qin Chen's care for little Shui Mu or because he felt that the child could be saved?

he was still thinking about what to say when Qin Chen let go of him and quickly left. He took off his coat as he walked and said, " my Secretary will arrange accommodation for you. You need at least 36 hours.

Zhou chongguang was stunned-

36 hours?

Qin Chen?

"For me, this is a normal meal!" Qin Chen turned around.

he looked at Zhou chongguang and smiled very lightly.

Zhou chongguang's gaze looked at him, and then shifted to the door of the laboratory. His son was inside.

His eyes were slightly moist, then he bent down and bowed to Qin Chen.

if Qin Chen took it, he would take it on behalf of Qin Mu!

he left very quickly and came back about half an hour later. He had already disinfected his whole body. Through a layer of glass, Zhou chongguang could see Qin Chen walking towards the laboratory.

after another half an hour, Qin Chen arrived in front of an instrument and stood in front of the microscope, observing the baby.

The meter at the side kept on jumping up and down with numbers, tugging at Zhou chongguang's heart!

suddenly, zhou chongguang felt a little proud. such a professional person was mumu's relative.

His heart was filled with confidence. He had faith in Qin Chen. Shui mu would definitely be saved!

the wait was usually especially torturous.

Qin Chen's initial observation lasted about ten hours, during which he almost didn't look up.

He was focused on the microscope, and only his eyes were exposed under the mask.

Zhou chongguang could see the concentration in his eyes. It was almost strict, and he did not let go of a single bit.

Time passed, and Qin Chen sat still.

After a long time, his assistant eisen handed him a pair of glasses. Qin Chen just put them on and continued to admire.

...

Ten hours later, he whispered a few words to his assistant, rubbed his eyes, and stood up. He walked straight out with a few printed films in his hands.

Zhou chongguang went forward. Qin Chen took his glasses and showed him the film. He said in a calm tone, " "we have to do the surgery immediately. i've already asked someone to prepare for it. we'll do it in two hours."

He handed the information to Zhou chongguang to take a look. Now, he no longer sought Zhou chongguang's opinion. Everything was up to him to decide.

after qin chen finished speaking, he had someone prepare a meal. he ate a lot, about a day's worth of food. after eating, he wiped his lower lip."I'm going to rest for an hour."

Before he left, Zhou chongguang called out to Qin Chen. After thinking for a moment, he said softly, " "i want to see shui mu again!"

"There's no need for that, he'll come out fine!" Qin Chen smiled.

Zhou chongguang,"Yingluo."

"it's necessary to have such an atmosphere." "I just wanted to see general manager Zhou's sad face," Qin Chen said with a smile.

Zhou chongguang,"Yingluo."

Qin Chen smiled again. don't worry!

Although he consoled Zhou chongguang like this, Qin Chen himself wasn't absolutely confident in this kind of operation, or rather, experiment. It wasn't that he had never done an artificial digestive system before, but it had always been implemented on animals. It was the first time for a little monkey like little Shui mu.

although he had simulated it countless times before, he had never had a real battle.

The most difficult part was not the surgery, but the rejection period one month after the surgery. It was dangerous at any time and any place.

Qin Chen rested for an hour, and then there were about 20 hours of surgery waiting for him.

zhou chongguang was not in the mood to rest and kept watch with auntie zhang. before qin chen went for the operation, he was dressed in a chemical protective suit. separated by the transparent glass, he slowly flattened his hands and placed them on the glass.

Zhou chongguang leaned over gently.

this was trust.

Qin Chen's gaze quietly fell on Zhou chongguang's face, and so did he.

A moment later, Qin Chen walked in.

The next few minutes and seconds felt like a sentence for Zhou chongguang. He kept smoking in the smoking area. Auntie Zhang would come over in a while to persuade him to smoke less, but Zhou chongguang continued to smoke with a bitter smile.

aunt zhang then understood that mr. zhou was smoking loneliness, so she no longer stopped him.

The light above the laboratory was blazing white, illuminating his handsome face and making it paler.

zhou chongguang leaned against the wall and stared at the door with a gaze that was even more intense than the light.

he hoped that qin chen would come out soon, but he was also afraid that qin chen would come out.

just like that, he changed countless positions. just like that, auntie zhang, who had not slept for a day and a night, fell to the side and took a nap.

in the operating room.

qin chen's eyes were focused. he had done countless similar experiments and was already familiar with it.

However, he didn't dare to let his guard down at all. His eyes were focused on the blood on the medical gloves, which he was used to.
