Chapter 2781: rong lei, the person in her heart (6)

qin chen's body slowly slid down.

she fell into the elevator and covered her face with her fingers.

it had been so many years, at least ten years since he was young.

That person had always been in her heart, never to be forgotten.

Even after such a long time, she still mistook him for someone else.

Qin Chen stretched out his fingers, trembling as he looked at them. After a long time, she said to herself, "Qin Chen, that was just an illusion.

...

he was gone. rong lei was gone.

he was just a man who looked very similar.

yes, it couldn't be him.

he was no longer there. that jump had already ended his life.

Qin Chen's face was already covered in tears.

She stood in the elevator and looked into her eyes.

In the past, she had never thought that she would forget that past one day. However, just as she wanted to step over it, she realized that that past had become her inner demon.

In the mirror, her face was stained with tears.

Those were tears that she had not shed for many years.

She stood alone in the elevator for a long time.

she only woke up when lan yu called her.

he reached out and answered the phone hesitantly.

” chencheng, i’ll pick you up at noon. ” lan yu stood in front of the floor-to-ceiling window in his office and looked at the blue sky and white clouds outside. he was in an extremely good mood. Ziyi said that there’s a restaurant that serves really good food.

Qin Chen was a foodie, and he was willing to dote on her. He wouldn’t find it troublesome even if he drove for an hour at noon to take her to lunch. At night, he would rather cook in his own villa or her apartment, drink a glass of red wine, and spend a happy night together.

As Lan Yu spoke, a gentle smile appeared on his handsome face.

qin chen was silent for a moment, then said in a low voice,”I can’t do it this afternoon. I have an emergency operation later.”

you don’t belong to Sheng Yuan now, ” Lan Yu grumbled. he’s still using you like this.

“this surgery is quite risky.” qin chen leaned against the wall and said quietly, ” “I can’t talk to you anymore. I’m going to prepare for the surgery.”

After that, she hung up the phone.

Lan Yu wanted to say something, but the other party had already hung up.

He let out a long breath and shrugged his shoulders.

After thinking for a while, he still ordered a takeaway from the vegetarian restaurant for her. He ordered it very carefully, and there were two lines of instructions at the end.

After ordering, Lan Yu looked out the window and smiled.

Would Qin Chen think that he was too clingy? a girl like Qin Chen should be more independent.

However, after spending time with her for the past few days, he felt that she wasn't like that. On the contrary, if someone was willing to take care of her, she would be very confused and dependent on others.

He also liked it when she was like this.

So now, he was a little disappointed!

Lan Yu laughed at himself. He smiled lightly, but he was in a very good mood.

people in love were probably like this.

He reached out and touched his forehead, then picked up his phone and opened her photo.

A day apart felt like an autumn.

Sheng Yuan hospital.

qin chen sat in his office. she made five cups of coffee for herself, but none of them had the taste she wanted.

In the end, she gave up.

she stood in front of the window, took out a long and thin cigarette, and smoked slowly.

she rarely smoked, but she didn't want to do anything else today.

every time she closed her eyes, she would think of that face.

rong lei!

qin chen took a deep puff of his cigarette. she had never been like this before, only because she was too shocked today.

There was a knock on the door. She turned her head and stared at the door.

her heart beat faster.

Chapter 2782: Qin Chen, you're neglecting me (1)

there was a knock on the door. she turned her head and stared at the door.

it was as if her face would suddenly appear behind the door.

After a long time, the knocking on the door continued. She pursed her lips and finally went to open the door.

a pretty delivery boy stood at the door, and when he saw qin chen, he was stunned. "i'm looking for doctor qin."

he was carrying a delicate takeaway box in his hand. at a glance, it was a high-class meal that cost a few hundred yuan.

"i am," qin chen replied.

...

The delivery man had never seen such a good-looking man before, but for some reason, his face turned slightly red. He tried his best to explain, ” “i found a female doctor,”

“i am.” Qin Chen’s tone was indifferent.

then, the deliveryman was stunned and looked qin chen up and down.

qin chen took the food from him. ” “mine?”

the delivery man finally came back to his senses and said softly, ” “Yes, I am. Oh, and this is a note from Mr. Lan.”

the delivery man carefully took a piece of paper. ” Mr. Lan Yu described it. Our shop printed it out. Dr. Qin, please accept it.

qin chen took it.

“Then, I’ll be leaving.” The delivery man stared at Qin Chen as he retreated.

Qin Chen smiled and closed the door.

after the door closed, the whole world was cut off.

she was the only one left, along with lan yu’s waixin fast food.

Qin Chen opened it gently. The food was sumptuous, and he was already an adult, yet he still asked for heart-shaped rice. It was really childish.

She chuckled and picked up the note.

There were a few lines of words on it, and it was a poem from the Tang Dynasty.

qin chen looked at it for a long time, then put it in his drawer and looked at the fast food.

She really couldn't eat anymore, so in the end, she threw it into the bin.

she sat on the chair and smoked from afternoon to night.

at eight o'clock in the evening, the phone on the table rang and she picked it up.

that was lan yu.

He seemed to be a little cautious. Qin Chen, has ran ran finished work? ”

“yes, i'm going to get off work soon.” Qin Chen thought for a moment before walking towards the bathroom.

“I'm at Chao Shang right now, do you want me to come over and pick you up?” Lan Yu's voice was light.

“There's a car in the hospital's parking lot. I'll drive home.” Qin Chen's voice was a little tired. Lan Yu, I'm going back to the apartment today. I'm a little tired. I'll go to your place tomorrow.

Lan Yu was silent for a moment before he spoke in a low voice, ” “if you're tired, can't you give me a chance to take care of you? chenzhen, we are a couple now.”

” i'm not being unreasonable, ” he continued. ” i just don't want to be pushed away by you for all kinds of reasons again! ”

qin chen was stunned for a moment, then he smiled. ” “then you can come to my apartment! I'll see you later.”

She agreed very quickly, but Lan Yu was not very happy. Instead, his heart was heavy.

He could feel that Qin Chen had something on his mind.

An hour later, when they met at Qin Chen's apartment, he was even more certain.

although qin chen had taken a shower, he could still smell the heavy smell of smoke on her.

he frowned.

He remembered her telling him that she had an important operation to attend to. If that was the case, she wouldn't have had the time to smoke so many cigarettes.

qin chen has never been a fan of cigarettes.

lan yu kissed her for a while and said in a low voice, " "Rest for a while. I'm going to Qin fan."

Qin Chen nodded, but she didn't go to rest. Instead, she sat in front of the piano and played a song.

Chapter 2783: Qin Chen, you're giving me the cold shoulder 2

she sat there with her back straight. her gray shirt and coffee-colored pants made her look very handsome. even as a man, lan yu admitted that he was inferior to her.

He looked at her quietly, watching her as if she was immersed in her own world while he was forgotten by her.

he shook his head and told himself that it was just an illusion.

Actually, it's not like that. Qin Chen was just in a bad mood and was too tired, Yingluo.

He tried his best to convince himself, but in the end, he still went into the kitchen and made a sumptuous dinner.

qin chen had only moved twice when lan yu said, " "did you like the lunch today?"

...

qin chen was stunned for a moment, then he smiled. ” “It’s pretty good.”

“It’s good that you like it,” &Nbsp; Lan Yu looked at her and said slowly, ” this restaurant’s food is pretty good. If you’re too tired in the afternoon, I’ll order for you every day.

“no need,” qin chen said quickly, then his gaze deepened as he looked at her.

“Alright,” Qin Chen changed his mind.

&Nbsp; Lan Yu smiled and grabbed her hand. I thought you would complain. I won’t be accompanying you this afternoon.

qin chen looked at his hand and was stunned for a while before he whispered, ” “Do you want to have lunch together?”

“of course, we’re still in our honeymoon phase.” lan yu smiled.

Qin Chen was a little stunned-passionate love?

what about rong lei?

Her originally determined mood was now a little fuzzy.

She was in a mess and needed to calm down. She had no appetite and could only force herself to eat a little.

However, Lan Yu had seen all of this. He didn’t say anything and quietly tidied up the apartment.

He went to take a shower, and when he came out, Qin Chen was still sitting in front of the piano, playing a song. He had never heard of the song, but the melody was very good.

lan yu only had a towel wrapped around his waist and was quietly wiping himself with another towel in his hand.

After she finished playing a song, he threw down the towel and hugged her from behind. Chenchen, stop playing.

He gently rubbed her fingers and said in a calm voice, "I'll feel heartache."

qin chen didn't move and just sat there quietly.

lan yu's thin lips gently kissed her neck and he said in a low voice, "can you tell me what happened? Chenchen, I'm worried about you."

"You're worried about me?" Qin Chen's voice was slightly hoarse. He looked up and into his unfathomable eyes.

lan yu's reply was to kiss the corner of her lips, bit by bit, comforting her.

Qin Chen's hand held his hand on his waist, and he suddenly asked, "lan yu, did you guys come back from the dead?"

Lan Yu was stunned for a moment, then he smiled. of course I don't believe you. Although medicine is very advanced now, this is not very possible.

Qin Chen lowered his eyes, his voice low. "but there was once a person who had such an ability."

"Chenchen?" Lan Yu sat beside her.

He frowned, sensing danger.

That's right, he was worried about her now.

qin chen was a rational person, so she would never say anything.

“my mentor.” “But he’s no longer here,” Qin Chen said in a low voice.

Lan Yu did not quite understand.

She looked at him and said softly, “this requires time travel and the best medical technology.”
&Nbsp;

“turning back time?” lan yu frowned.

“More accurately, it’s to reduce a person’s bodily functions to the point where they can be cured.”
qin chen explained, her voice a little blank. “My mentor had experimented on animals before, but he never did it on human Pixiu!”

so, rong lei was just an illusion.

Chapter 2784: qin chen, you’re neglecting me (3)

lan yu looked at her pale little face. ” chencheng, did you find out that ran ran has someone using this technology now? ”

otherwise, he believed that she wouldn’t have mentioned this matter, and such black technology would be buried forever.

that was because it was too dangerous. if it was obtained by an ambitious person, the world would be overturned.

qin chen looked at lan yu and smiled lightly. ” “No, I didn’t! it’s just that today is teacher’s death anniversary, so i thought of it. ”

Lan Yu hugged her and kissed her hair. “Don’t think too much!”

Qin Chen looked down and didn't say anything.

...

Lan Yu carried her to the master bedroom. Actually, he didn't have that kind of intention at this time, but he hoped that something would distract her.

he placed her on the bed and kissed her as if he was worshipping her.

as the clothes fell to the ground piece by piece, he got aroused and murmured in her ear.

But when he wanted her, Qin Chen suddenly woke up from his drunken state.

"blue universe." She pushed him away gently, her expression a little hoarse. I'm sorry, I'm a little tired, I don't really want to do it.

Lan Yu rolled over to the side and lay flat. He pulled her into his arms and kissed her again."it's fine."

He gently kissed her brow for a while, then let her go and said in a low voice, "I'm going to the bathroom."

Qin Chen knew what he was going to do, and he felt a little guilty.

She lay flat for a long time, trying hard to get rid of the figure in her mind ...

Qin Chen had never thought that those unforgettable memories would become a nightmare that she couldn't get rid of.

in the end, she still pulled open the bathroom door.

One could only imagine what Lan Yu was doing.

At that moment, there was a subtle uneasiness in the air.

Qin Chen looked at him, walked over, and threw himself into Lan Yu's arms.

She rested her small face on his shoulder and whispered, "I'll help you."

Lan Yu couldn't believe his good luck, but he really couldn't bear to let her do all this.

"I'll do it myself," he said in a slightly hoarse voice.

he hugged her and pressed her body against his chest. qin chen listened to his overly agitated breathing, and the guilt in his heart deepened. he raised his head and kissed him."lan yu, do you love me very much?"

He was slightly taken aback, but he immediately agreed. I love it very much.

And then, a certain man became the fastest shooter, ridiculing him for only a few seconds.

The atmosphere was even more subtle.

qin chen's originally cold mood improved a little, and he laughed in a low voice as he leaned on his shoulder.

Lan Yu was a little annoyed. When he calmed down, he reached out and pinched the tip of her nose. "It's all your fault."

"why is it me?" qin chen looked at him eagerly.

"Because of you, I'm cold." Lan Yu stopped her and muttered, "should I atone for my crimes now?"
hmm?"

all men cared about this kind of thing, especially in front of their women.

qin chen laughed in a low voice. “is that so? then you can do whatever you want to ran ran.”

Lan Yu stared into her eyes, his gaze fixed on her.

After a long time, he suddenly reached out to hold her down and nailed her body to the wall that was heated by the heat.

“Blue universe.” qin chen felt uneasy and called his name in a low voice.

Lan Yu’s eyes were fanatical. be good, I’ll make you happier, Yingluo.

qin chen’s eyes widened as he watched him squat down.

Thus, the night became a little painful and messy.

Late at night, Lan Yu turned over and reached out to grab the person beside him.

But he missed!

Chapter 2785: qin chen, you’re neglecting me (4)

qin chen didn’t like to hug her to sleep, but he didn’t care after he fell asleep, so he often hugged her in the middle of the night.

however, lan yu’s hand missed.

he frowned, opened his eyes, and looked at the emptiness in the darkness. he raised his hand, and the light came on ...

qin chen wasn’t in the bedroom.

lan yu sat up, lifted the blanket, and walked towards the living room naked.

There was a faint smell of smoke in the dark hall.

...

Although the windows were open and the wind was strong, Lan Yu could still feel it.

In the dim light, he saw Qin Chen standing in front of the floor-to-ceiling window. He had changed into his usual clothes and was smoking by the window.

he was sure that qin chen's words tonight were partly true and partly false.

She was upset because she had discovered something.

Lan Yu looked on quietly, but Qin Chen had already discovered him.

She turned her head and looked at him for a moment. She put out the cigarette and said, " "did i wake you up?"

"i realized you weren't here, so i came out." lan yu walked over.

he took the cigarette from her hand. " why are you smoking again? " it's better for girls to smoke less. "

he didn't object to her smoking because he knew that she had gotten used to it over the years. besides, she was usually very restrained and wasn't someone who smoked all the time. she might only smoke one or two a week.

But tonight-

Lan Yu looked at the dozens of cigarette butts in the ashtray, which was enough to show how annoyed she was.

"if there's something on your mind, you can share it with me." He said in a relaxed manner as he led her to the sofa without turning on the lights.

Sometimes, the dark night would make people relax.

He placed Qin Chen on his shoulder and kissed her cheek, not pressing her for an answer.

Qin Chen's world was not the same as his. Unless Qin Chen was willing to tell her, he couldn't force her.

"Maybe I'm just too tired." Qin Chen shook his head.

she didn't see lan yu's disappointed eyes-

She was so upset, but she still didn't tell him anything. This meant that she hadn't opened up her heart to him.

lan yu sighed slightly and didn't say anything else. he just hugged her.

she leaned into his arms and looked at the white sky. she muttered, " it's a new day. "

Lan Yu smiled. Chenchen, it's like your name. You will have a new day.

he and she watched it together, and the sun was shining brightly.

In the next few days, although Qin Chen looked normal, Lan Yu could clearly feel the changes in her.

She wasn't as clingy as before. She liked to play the piano and stand in front of the floor-to-ceiling windows for the whole night.

of course, her smoking addiction seemed to be getting worse.

Every afternoon, he would get someone to send her lunch, a love lunchbox.

Because she didn't have time to accompany him for lunch, she would be very busy every day, except at night when he couldn't see her.

this kind of life made lan yu slowly become a little impetuous. in love, the worst thing was to have an unclear heart.

He thought that perhaps Qin Chen hadn't thought it through, and she was regretting it now.

He liked her, loved her, and naturally hoped that she could live well and be happy.

if she said she hadn't thought about it, he could still give her a little more time.

lan yu sat in the car, smoking as he looked at the hospital building in front of him.

his mother had taken an x-ray here before, so he came to pick it up.

It was 12 in the afternoon, but her boyfriend was a little hesitant about whether he should go upstairs to look for her.

they met every day and made love every day, but other than that, they didn't seem to have any other communication.

Chapter 2786: Lan Yu, let's split up for the time being 1

they had become the most familiar strangers.

After finishing his cigarette, he finally decided to go and see her.

she was a girl, so he had to take a step back. it was the duty of every boyfriend to care for her when she had something on her mind.

Lan Yu opened the car door and walked straight to the hospital lobby.

Along the way, he met many familiar nurses, who all smiled and greeted him when they saw him.

qin chen grabbed a nurse. "is dr. qin here?"

...

at 10:30 in the morning, he called to say that he wanted to pick up a film. qin chen said that she was about to undergo surgery and would only be out at 2 pm.

that was why he wasn't sure if she was able to eat at this time.

the nurse looked at him in surprise. "of course Dr. Qin is here. These days, he just came here to register. The hospital didn't assign her any tasks.

lan yu's brows furrowed, but after a moment, he lowered his eyes. "i understand."

He walked towards the elevator. In the elevator, he saw that his expression was a little ugly.

He told himself that Qin Chen wasn't an ordinary girl. She just didn't like to be too lovey-dovey and liked to have her own private space.

He walked out of the elevator when it reached that floor.

When he stood at the door of Qin Chen's office, he was unprecedentedly nervous.

he reached out and knocked on the door.

Five seconds later, a hoarse voice came from inside. come in.

lan yu opened the door and qin chen happened to look up.

their eyes met, and her eyes were full of surprise. then, she asked very slowly, ” “What are you doing here?”

“Didn’t I say that I was going to get my mom’s X-ray, so I came over to take a look.” lan yu said, pretending to be relaxed.

then, just as he was about to ask her if she had eaten, his eyes swept to the trash can at the side.

inside, there was a neat lunch box that had not been opened yet.

he had asked someone to send it.

She told him that the lunchbox was not bad, and she ate it every day.

it turned out that she didn’t eat it. she threw it into the trash without even looking at it. at this moment, lan yu’s mood was indescribably sour.

It was like a child trying to present something to an adult, but the adult did not even have the desire to see it.

his eyes narrowed, but he was still smiling, even if his smile was so stiff ...

he said hoarsely,”chenchen, xuanji.”

qin chen’s gaze also fell on the trash can. she stared at it for a long time before looking up at him.

Lan Yu let out a breath and said,’you should rest! I have an important meeting to attend in the afternoon.”

he even squeezed out a smile. ” i’ll make you your favorite curry rice tonight. ”

Just as he was about to leave, Qin Chen called out to him;”lan yu, let’s split up temporarily!”

Lan Yu had his back to her, his fingers clenched into fists.

“Qin Chen, we’ll separate temporarily?” “Are you sure?” he turned to look at her.

She nodded. Lan Yu, I’m sorry. I’ve been in a bad mood recently. This is unfair to you. that’s why we’re temporarily separated.”

“so, when you’re in a good mood, you’ll summon me and make love to me? Is that so?” it wasn’t that lan yu didn’t have a temper, but he had always given in to her.

qin chen pursed his lips. ” i didn’t mean it that way. ”

“what does that mean?” Lan Yu’s voice was low. then do you think this is fair to me? ”

“husband and wife, or lovers, qin chen, do you understand the meaning of these two words?”

he smiled helplessly. ” i think dr. qin grew up abroad. you don’t have a deep understanding of chinese. ”

Chapter 2787: lan yu, let’s split up for the time being 2

Qin Chen lowered his eyes,”Lan Yu, it’s not that I don’t care about you.” don’t think that way, i need time.”

she looked at him and said softly,”i’m serious about you. i’m also serious about what i said to you. lan yu, i’m sorry, but i really can’t waste time right now.”

lan yu stared into her eyes, his gaze burning. after a long time, he suddenly smiled very indifferently.”how long do i have to wait? a year, two years, or a lifetime?”

sometimes, men were sharp. he said bluntly, ” “Qin Chen, how long will it take for you to forget him!”

Qin Chen's expression changed slightly, and then became a little ugly. "blue universe!"

"Is that what's on your mind?" lan yu's voice was very low,"qin chen, but i still want to believe you this once!" I'll wait, wait for you to come find me. "

...

by the end, his voice was already hoarse.

in this relationship, lan yu had been too proactive and too humble.

he treated qin chen like a god, but this kind of love was nothing in her heart.

He, Lan Yu, was only a person who had been in a vegetative state, while the person in her heart was a dead man.

could it be that he was going to fight zombies in a vegetative state?

lan yu's eyes were filled with a storm, but he loved her too much, so he was unwilling to force her.

He left, but when he reached the door, he paused. "i should eat something for lunch in the future! if the food i've ordered doesn't suit your taste, then you can go and eat it yourself."

After he finished speaking, he walked out in a straight line.

As for Qin Chen, his heart ached with an indescribable feeling.

She knew that she had let Lan Yu down. She was the one who had let him down.

she went back on her word again.

no, she was swaying left and right.

She wanted to forget about that past, but after seeing that person who looked so similar, she couldn't control herself.

She didn't stop Lan Yu from leaving.

because she couldn't give him anything right now. she couldn't give him a normal life, and she couldn't give him love.

she had always been a decisive person, and if this kind of life continued, he would feel tortured.

she could feel it. she had hurt him.

Therefore, it was better to separate temporarily.

qin chen stared at the door for a long time, then picked up the unopened lunchbox.

She opened the bag and then the lid. It was still filled with love-filled rice. It was very fragrant, and there were also her favorite dishes.

She looked at it for a while, then picked up a spoon and ate it bit by bit until she finished it.

Finally, she took out her phone and sent a message: I've finished my lunchbox, Lan Yu. I've never eaten anything from the trash before.

After she sent it out, she had been waiting for Wanwan.

however, she did not receive a reply from him.

she thought that he was really angry, so she sent another message: "can you give it to me tomorrow?"

still no reply, yingluo.

Qin Chen looked at his phone in a daze.

He was really angry!

However, she did not expect that on the other end, Lin sisi was sitting in front of the computer, her slender fingers tapping on the keyboard a few times. Then, she looked at the man behind her. " alright, i'll hack into her phone. every message she sent to lan yu will be sent to your phone. "

Of course, there was also her phone, but she was smart enough not to mention it.

The man behind her was tall and slender, wearing a high-end Amani suit.

Lin sisi thought that it must have been hard on him to dress like this on such a hot day.

this man, up and down, front and back, was like a walking hanger. he was more of a model than a male model.

Chapter 2788: His Chen fell in love with another man

This cold aura was familiar to her. She thought about it for a long time before she remembered ...

Qin Chen seemed to be this type!

she and the man in front of her were very similar to yingluo.

it wasn't just their appearance, but their behavior and temperament. they were extremely similar.

it must have been a long-term imitation to be so similar.

lin sisi laughed, and her laughter was a little playful.

...

So it was like this!

She looked at the man in front of her and smiled sweetly. "you're qin chen's ex-boyfriend?"

Rong Lei's eyes were deep and cold. it's none of your business.

"You think it's none of my business after we've started working together?" Lin sisi chuckled and typed another line of code on her laptop. Then, a string of information appeared.

"Rong Lei, the first heir to a Chinese family in France, passed away twelve years ago." lin sisi looked at rong lei and smiled. " "Mr. Rong is still alive and well. Can you explain?"

rong lei narrowed his eyes, which were filled with danger.

lin sisi raised her head slightly and said,"you wouldn't dare to kill me." I've already backed up more than ten videos of our meeting. If anything happens to me, your identity as a third world will be exposed."

lin sisi got up and looked at rong lei. she said coldly, " "It doesn't matter if you die, but I don't know if the organization behind Mr. Rong will be able to tolerate it."

"Did anyone tell you to not be too smart?" rong lei's eyes were cold.

lin sisi chuckled. " working with a zombie like mr. rong. if i'm not smart, mr. rong will bite my brain out in minutes. "

She used her sweetest smile to say the most Bloody Words.

Rong Lei squinted his eyes and looked at her. After a long time, he smiled faintly. He leaned over and put his lips on Lin sisi's lips."i'm a human."

his lips were warm.

lin sisi raised her head and stared into his eyes. she reached out her slender little finger and placed it on his chest.”but this heart has already changed!”

Rong Lei’s Black eyes locked on her for a long time before he slowly walked away.

Lin sisi chuckled.

it was really interesting, a person who had come back from the dead.

There must be a huge secret behind him, and this secret must be related to Qin Chen.

otherwise, this man who was full of faith would not have come back to find qin chen.

in other words, the most important person in this man’s heart was not qin chen, never.

it was his so-called faith.

lin sisi laughed,”qin chen, what will you choose this time?”

i’m really curious, who’s the new love and old love yingluo?

in the presidential suite of the GM hotel.

rong lei held his phone and looked at the message qin chen sent to the man.

she was trying to please that man.

she had fallen for someone else.

He knew her very well. If she didn't love him, she would be very straightforward and would never coax that man.

chen, what's so good about that mediocre man that you're so persistent about?

rong lei closed his eyes slightly and could think of that stormy night when his morning was entangled with that man ...

that scene could not be erased.

he raised his head, and his good-looking adam's apple moved slightly-it was extremely sexy.

anna approached him gently, leaned over, and kissed his adam's apple. as she kissed him, she murmured, " can't you just bring her back? why waste time? "

Rong Lei opened his eyes and looked at Anna.

there was only a cold light in his eyes."anna, have you forgotten your identity? Hmm?"

Chapter 2789: His Chen fell in love with another man

Anna's body stiffened for a moment, and then she stepped back, lowered her head and whispered respectfully, " i was too rash, mr. rong."

rong lei's narrow eyes were filled with a storm.

"What I want is not only Chen, but also her heart," he said slowly.

anna's heart trembled, and she didn't dare to make another sound.

xuanji shengyuan hospital.

Qin Chen looked at his phone. She had checked it more than ten times in one afternoon.

...

but there was no reply from him.

before she got off work, she thought about it and decided to make a call.

the phone rang seven or eight times before it was finally picked up.

lan yu's voice was a little hoarse. " what's the matter? "

he was neither hot nor cold, so qin chen didn't really want to talk to him. he hesitated for a moment before asking, " "I've sent you a few messages, but you didn't reply."

"are you going to make up with me and immediately welcome me to your apartment?" Lan Yu's tone was really not good.

"Do you really have to do this?" Qin Chen sighed.

lan yu smiled faintly. he sat in the car and said quietly, " "Qin Chen, in your heart, I'm just an unreasonable man, right? Or are you treating me like a child? I'm easy to coax, so you can come and go as you please, right?"

Qin Chen felt a sense of powerlessness. She was silent for a long time before she said in a low voice, " "if you're not in the mood to talk right now, and you insist on doing this, then let's talk another day."

She then waited for him to hang up.

but lan yu didn't. he didn't hang up, but he didn't say anything either.

the two of them were frozen in place, and they could only hear each other's breathing.

after a long time, qin chen sighed. "let's leave it at that. let's have a meal together when we're free."
"

this was the biggest concession she could make. she really didn't have the mood or the ability to live with him now.

rong lei's past was like a black hole, pulling her down.

She was helpless.

And these were things she couldn't say out loud.

"i need time," she murmured.

"You have to think carefully. Do you want to be with me?" lan yu said very indifferently, "if i go, you won't mind either, right?" Is that what you mean?"

qin chen was speechless.

"i believe you won't. you won't be unfair to me, " she said softly after a moment.

these words still infuriated him.

f * ck! Lan Yu spat. you f * cking acting like this, is that fair to me? "

After that, he hung up the phone.

Qin Chen looked at his phone and couldn't help rolling his eyes."Childish!"

however, the childish man still did not call her again. to be honest, she was still a little disappointed.

qin chen scolded himself for being cheap and pretentious.

She wasn't like this in the past. Actually, Lan Yu was right. It was because he was too accommodating to her that she would easily say that they would be separated temporarily.

he must mind!

or rather, he was angry, or he thought that he had been played by her.

Qin Chen tidied up the table. After some thought, he decided to go to Qin MU's place for dinner. Also, she hadn't been there for a few days, and Zhou chongguang needed to be checked.

moreover, she might feel better after going there.

Qin Chen took off his white robe, picked up his thin coat, and walked out the door.

She entered the elevator and looked at herself in the mirror. She couldn't help but think of the person she had met in the elevator that day.

She closed her eyes and forced the image out of her mind.

she had to do it. she didn't want to be affected by the past anymore.

that was because she had lan yu.

she walked into the parking lot, opened the car door, and got in.

Just as he was about to start the car, a black RV slowly passed by from behind.

the window of the back seat was open, and she could see the people in the back seat from her direction.

That familiar side profile appeared once again.

he was handsome, with a touch of coldness.

Qin Chen's gaze froze.

...

She could hardly move her eyes away until she could no longer see.

when she wanted to chase after him, she had no strength in her legs and her whole body was covered in sweat.

She had never thought that Rong Lei would become her nightmare one day.

He appeared again and again. Was it someone else, or was it her illusion? because she was with Lan Yu, she always mistook others for him?

Qin Chen sat in the car, took out a cigarette, and slowly smoked.

she needed to calm down.

at this moment, she actually hoped that it was just an illusion.

she didn't know if she had such thoughts because of lan yu or because of something else.

she took a puff of her cigarette with trembling hands. she told herself that she must have recognized the wrong person. that person was no longer around.

It was her guilt and her failure to keep her promise that made her think that he had returned.

Her face was leaning against the window, and her eyes were a little empty.

she smoked furiously, one cigarette after another.

She felt that she was sick, that she had hysteria.

Qin Chen didn't come back to his senses until the phone on the central control rang.

It was Qin Mu.

She picked it up. Qin MU's voice was gentle."Qin Chen, did you come over? Dinner is ready."

Qin Chen's gaze was a little dull. I'll be there immediately.

Qin Mu hummed in agreement. drive slowly then.

after hanging up the phone, qin chen finished the cigarette in his hand and stepped on the gas.

When they arrived at the villa where Qin Chen and Zhou chongguang were staying, it was already eight o'clock at night.

The night was cool, and the entire villa had a little warmth.

qin chen walked to the main hall, while zhou chongguang sat on the sofa to rest. qin mu, on the other hand, walked back and forth while holding his stomach.

after that, zhou chongguang put down the magazine in his hand and pulled qin mu over to sit down.

His palm was placed on her lower abdomen, caressing it gently.

qin mu looked at him and smiled slightly.

It was the most ordinary happiness.

Qin Chen was a little dazed.

She had been alone for so many years and had seen many loving scenes of her parents and family, but she had never been moved.

but now, she actually felt a little envious.

Qin Mu looked up and saw her standing there. He smiled faintly. "you're here, it's time to eat."

As she stood up, Zhou chongguang naturally supported her and said in a low voice, "walk slowly."

"i'm not made of glass." Qin Mu glanced at him and then came over to hold Qin Chen's arm. "i haven't seen you for a few days. how did you lose weight? i heard from xue 'er that lan yu's cooking skills are not bad, why didn't he feed you until you became fatter?"

she reached out and pinched qin chen's face. it felt a little dull. he was thin to begin with, but now he looked even more haggard.

Furthermore, Qin Mu could clearly smell the smell of smoke. She was stunned for a moment. "you smoked?"

"I was a little annoyed, so I smoked a few," Qin Chen replied.

Qin Mu snorted coldly, "this smell, how can it be just a few sticks! tell me, what happened?"

"it's nothing, just work." qin chen went to wash his hands.

"i won't." Qin Mu pursed his lips. tell me the truth.

Qin Chen sat down and looked at the cute little baby beside him. It was Shui mu.
