

Thank you 2851

Chapter 2851: he wanted to protect his woman (3)

She didn't expect the nurse to ask, "Doctor Qin, when you're with Mr. Lan, do you change your clothes often? will you wear it or will Mr. Lan wear it?"

Qin Chen didn't say anything. He took the medical record and knocked her head before walking into the elevator.

She was originally in a relaxed mood, but when she walked to the ward, she was no longer so relaxed.

In the ward, Huang Siya was lying there expressionlessly. Huang Siya's mother was so excited to see Qin Chen that she grabbed Qin Chen's collar and said in a hoarse voice, "Where's Blue universe? you said that Lan Yu wanted to marry Siya, where is he?"

Qin Chen wasn't a kind person, so she looked at Huang Siya's mother, who was also her elder, and said, "I'm together with him."

Not only was Huang Siya's mother stunned, but Huang Siya was also stunned.

...

Her face was streaked with tears as she looked at Qin Chen. "You're with him?"

Her voice sounded like it was being torn apart. Then, she laughed and cried, "Qin Chen, you said that you're with him, then what am I? did my legs break for nothing?"

She patted the empty space on her side. This place will always be empty. There's no flesh, no bones. You sawed it off with your own hands, remember?"

Her expression became fierce. "You did it on purpose. You were afraid that I would take Blue universe away, so you cut off my leg on purpose. You could have kept it, right?" Qin Chen, you're a vicious person, you don't deserve to be a doctor."

huang siya's voice was hoarse. "you're so evil. you broke my leg and took lan yu away. Why, why did you take everything from me? why did you have to destroy my life?"

looking at huang siya who was acting like a lunatic, the nurse on the side couldn't help but refute, "dr. qin is the best doctor. if he didn't cut off your leg, you wouldn't have been able to keep your life. now you're empty-mouthed and ungrateful. "

huang siya was stunned. she didn't expect a nurse to talk back to her. her mother immediately rushed over and tore the nurse apart. what do you know? if it wasn't for siya trying to save this ingrate, would her leg be like this? "

"qin chen, compensate siya's leg. her leg can't recover, so don't think about having an easy time either. your leg or lan yu, choose one. " huang siya's mother used to be the daughter of a rich family, but in recent years, there had been many good days. huang siya was the only daughter, so she couldn't tell right from wrong.

Qin Chen's eyes fell on Huang siya's face quietly and he asked, "siya, how did you lose your legs? didn't you tell your mother? "

Huang siya was stunned, but then she said, "I broke my leg to save you."

qin chen lowered his eyes. "i think there were surveillance cameras at the time. it's not difficult to find the driver. maybe we should find the person and find out the truth. it's good for both of us. " If you want to pay for your leg, you can ask the person who hit you to pay for it. What do you think?"

"Find that person, and I'll personally cut off her leg and attach it to yours," she said, enunciating each word.

Huang siya was stunned. She didn't expect Qin Chen to do this.

The nurse at the side was very pleased. This shameless woman was always shameless. Last time in the hospital, she also took the initiative to pester Mr. Lan.

She was the third party, yet this third party still acted so righteously. Moreover, from what she heard now, this matter wasn't simple!

She was clearly the one who harmed others, and in the end, she harmed herself. She still had the nerve to scream here. In her opinion, she might as well kill herself.

Chapter 2852: he wanted to protect his woman (4)

the nurse sneered and chimed in, " dr. qin is right. find that person and she'll compensate you with her leg. however, don't come and ask for it if it's not suitable. after all, it's not the original. "

Huang siya couldn't take what the nurse said. She hugged her head and screamed, " "mom, let them out. i don't want to see them, and i don't want to see qin chen."

she cried hysterically. " she must have seduced lan yu. it must be. otherwise, lan yu had already promised to marry me. why did it change again? it must be her, mom. she harmed me. "

The nurse on the side opened her eyes. Huang siya was already in her twenties. In her opinion, she was a giant baby. She asked her parents to ask for the things she wanted. She wanted a man and asked her mother to make a scene. How could she get it by making a scene?

Even if she got it, what was the point of getting it if a man didn't love her?

The nurse said,"you're the one who harmed yourself!" You can't blame anyone else."

...

" mom, get her out! " huang siya screamed again. " get her out! i don't want to see anyone. "

leave, leave, " Mrs. Huang immediately said sternly.

The nurse was not someone to be trifled with. if you don't want to be in Sheng Yuan, no one will stop you. Why don't you transfer to another hospital? "

she thought to herself that it would be best to go to a mental hospital. it would be best for the mother and daughter to go together, and it would suit their status to open a VIP room.

huang siya was sick, and her mother was even more so.

qin chen was speechless. huang siya's family didn't get too close before, but she thought it was normal. now, it seemed like she was crazy.

she had felt a little guilty at first, but there was no need to do so now.

from the beginning to the end, huang siya had reaped what she sowed. she was lucky that she didn't lose her life.

She turned around to leave, but the other party was not happy and cried out, "qin chen, you went back on your word. you said that you would let lan yu be with me and marry me."

"No one can force anyone to do this." Qin Chen paused.

Huang siya laughed coldly, 'you can choose not to be with him, right? don't tell me he's the one who asked to be with you. i don't believe it. qin chen, don't you think you're dirty? don't you think you're a pervert? do you think lan yu will love you forever? Take a look at yourself in the mirror. Do you think Lan Yu will always love you? Are you dreaming?"

Qin Chen turned his head and was about to refute, but a familiar man spoke behind him. "i will always love her."

Qin Chen froze and turned around.

lan yu was standing at the door of the ward. he smiled at her very lightly, "I was worried and came to take a look. Chenchen, I have no reason to let you face this alone.

he walked over and put her behind him. then, he looked at huang siya and her daughter. "if you have anything to say, come at me. i like qin chen and i want to be with him." Huang siya knows what she did. Qin Chen saved her life because she's a doctor, not because she's guilty!"

he said it so bluntly that the mother and daughter of the huang family couldn't reply.

because it was the truth.

Lan Yu stared at them for a while before continuing coldly, "don't let me find out that you're looking for trouble with qin chen again, or i'll make sure she doesn't even have a leg."

Huang siya's mother wanted to say something, but when she saw Lan Yu's expression, she didn't dare to say anything.

Chapter 2853: Chenchen, marry me (1)

Qin Chen looked at Lan Yu's ugly expression and found it funny. He pulled him. "Alright, you may leave."

"come with me," he said, tugging at her hand.

Qin Chen didn't know what to do with him. He smiled and walked out with him.

back in her office, she made a cup of coffee for him. while she brewed it quietly, she was a little dazed.

when it was done, she would bring it to him.

Lan Yu didn't take the coffee, but pulled her to his side, "isn't she angry that she said that to you?"

...

Qin Chen smiled and shook his head. there's nothing to be angry about.

She paused for a moment before continuing, "she even lost a leg herself, much worse than me."
&Nbsp;

she touched her hair with her fingers. "you can keep your hair long, but you won't be able to grow your legs."

lan yu's gaze fell on her slender fingers. he pulled her gently and pulled her to lean on his shoulder, mumbling, " Chenchen, I'm still a little uncertain. I can't believe that you're with me just like that. You used to like him so much. It's not easy to change this habit of yours after so many years.

"Just like how I like to wear men's clothes and make myself a man, right?" She tilted her head and smiled. don't you think I suddenly want to wear women's clothes? I want to look like my original self.

"When one's state of mind has changed, everything has changed," she said slowly.

Her fingers caressed his well-defined facial features and she said softly, " "I'll take care of everything."

he grabbed her hand and placed it in his palm, not letting her leave. he slowly touched it, and after a long time, he said, " but I think it's better for me to handle this. Just like today, I shouldn't let my woman be treated like this.

qin chen shook his head. " lan yu, i'm not that weak. you don't have to worry about me. " i'll talk to blue universe."

originally, she didn't have much to explain, but when she separated from lan yu, she was indeed with rong lei.

It didn't matter if he didn't say it, but the power behind Rong Lei made Qin Chen wary.

moreover, there was a woman between the two men, so it was better not to meet.

" don't worry, " she comforted him with a smile. " i'll take care of it. "

Lan Yu's Black eyes were locked on her, and there was a lot of gentleness in his eyes.

He didn't let go of her, and she didn't break free. Instead, she sat in his arms and muttered, " "Why did you come back? Aren't you going to the company?"

Lan Yu smiled faintly. I was worried, so I came back to take a look.

what? " his thin lips kissed the corner of her mouth. our Dr. Qin, who is usually so sharp-tongued, is actually being bullied.

"i'm just letting her have her way." "you still have the cheek to say that? didn't you hire them?" qin chen looked at him.

"weren't you the one who cried and threw a tantrum to get back together with me?" he smiled and patted her face.

qin chen's face was a little hot, and he was so angry that he bit his darling on the face.

Lan Yu's eyes darkened as he stared at her. He said in a low and hoarse voice, " " chenzhen, have you thought it through? i won't let you leave this time. "

she looked at him and smiled. " i won't leave you. "

the gentleness in his eyes deepened. in the end, he left first, probably because he had to attend a meeting.

however, before he left, he still drank the coffee she made.

after qin chen left, he drank two cups of coffee in his office before calling rong lei.

it had been two days since they had last separated.

the moment the call connected, qin chen's voice was a little hoarse. " "rong lei, i have something to say to you."

Chapter 2854: Chenchen, marry me (2)

the moment the call connected, qin chen's voice was a little hoarse. " "Rong Lei, I have something to say to you."

"If it's important, then we'll talk when we meet." "I'm at the villa, come over," Rong Lei said calmly.

His tone was no longer as gentle as before. Instead, it was a little strong.

qin chen pursed his lips. " ronglei. "

we've known each other for so long. Aren't you willing to meet? " Rong Lei's voice was cold. " chenchen, you may have forgotten the past, but i haven't. "

Qin Chen finally agreed, not because he couldn't forget the past, but because he couldn't forget the powerful force behind Rong Lei.

...

She could not offend him too much.

She drove her white sports car and arrived at his villa an hour later.

As soon as he entered, Anna was already waiting in the living room. master is in the kitchen. Miss Qin, this way please.

qin chen nodded and followed her.

anna led the way, but she quickly retreated.

Qin Chen stood at the door of a bright and clean Western-style kitchen and saw Rong Lei wearing a white shirt and a pair of iron gray pants. He was standing in front of the counter with a Western chef beside him.

He was communicating with the kitchen, and he watched Qin Chen at the door say something to the man. The chef left with a smile.

rong lei started to cook and said lightly, ” “why didn’t you come in?”

Qin Chen looked at him and slowly said, ” “When did you learn this?”

Rong Lei lowered his eyes and looked at the small wounds on his hand. He smiled.”In these two days.”

He looked up. when you were with Lan Yu, I called a chef and learned how to cook at home for two days.

” chenzhen, come here. it’ll be done in a while. ” he smiled at her.

Qin Chen slowly walked over and stood beside him.

“rong lei, i have something to say to you.” she said softly.

rong lei still looked at the minor injuries on his hand and said calmly, ” “Let’s wait until we eat.”

“it’s not that bad.” “You won’t even give me this little bit of time, will you?” Lin Sanjiu turned her head and looked at her.

qin chen shook his head. ” okay. ”

She sat at the small dining table beside him and looked at him quietly.

he was still perfect, 360 degrees with no dead angles.

he looked good in anything, but it seemed that he was in love with haute-couture clothes now.

Qin Chen used to be very particular, but she felt a little tired seeing Rong Lei like this.

he felt very tired.

instead, she thought of the times when lan yu would casually put on a pair of jeans after his shower. he looked very good in them, especially his t-section, which was strong and powerful.

He even liked to stand naked on the balcony and smoke a cigarette.

qin chen smiled slightly, and rong lei caught this smile.

He came over with a plate of chicken wings and said, ” “at the bottom is a layer of mashed potatoes mixed with tomato sauce. it’s delicious. the chef just now was from michelin and had once prepared a banquet for the United Kingdom royal family.”

Qin Chen was a little numb.

The exquisiteness that she had once pursued did not feel anything at all when she heard it.

He even felt that it was ridiculous and exaggerated.

rong lei brought over two delicate plates with dishes on them.

It was obvious that he was going to eat the Yingluo with her.

“i’ve also baked an egg pudding for you,” he leaned over slightly and supported himself on both sides of her chair. “wait for me for a while.”

After he finished speaking, he took out the dessert very elegantly and placed it in front of her.

Chapter 2855: Chenchen, marry me (3)

He also opened a bottle of red wine and swirled it in his hand. "To celebrate my first time cooking for a girl."

Qin Chen couldn't help but say, "Rong Lei, you don't have to do this. I ran ran."

He stopped her and sat opposite her, raising his glass. "I said, we'll talk after eating."

Qin Chen looked at the glass of wine in his hand and lost his appetite.

However, she still tried her best to finish the food. The taste was really good. With the guidance of a top Michelin chef, the taste would not be too bad.

Rong Lei looked at her with a deep gaze and then said, "The desserts are not bad either."

...

Qin Chen looked at him. He didn't remind her that she didn't like desserts, but she still ate them.

However, she had only taken two bites when she noticed something strange. She picked out a hard object.

When placed in clear water, it was a perfect pink diamond ring, dazzling.

Although Qin Chen didn't like these things, he'd seen them in magazines. This diamond was called Pink Lady, and it was sold for more than a billion Yuan a few years ago.

Now, it had appeared in front of him.

She raised her eyes and looked at the man opposite her.

Rong Lei took the ring, got up, and went behind her, hugging her from behind.

“chenchen.” ” i can do what he can do, ” he said in a hoarse voice. ” i can do what he can’t. ”

“marry me,” he said in a serious tone.

After saying that, he held her hand and wanted to put the diamond ring on her.

The pink beauty shone with a dazzling light. There was no woman in the world who would not love it. It was like the most beautiful tear of a beauty.

Qin Chen lowered his eyes and looked at her. In the end, he retracted his finger and said lightly, ”
“rong lei, i’m sorry, i can’t promise you that.”

“because of him?” Rong Lei’s voice was tense, but he still didn’t let go of her. in terms of looks, status, and ability, which part of me is worse than him? ”

Qin Chen pursed his lips, but she still turned to look at Rong Lei. “i’ve agreed with him. we’re together.”

“Rong Lei, let’s break up,” she said firmly.

“actually, we’ve been separated for 12 years, haven’t we?”

rong lei’s body froze, and the air around her was dead silent.

He took a sip of red wine and leaned closer to her. “Are you serious, Chenchen?”

“Yes,” she replied. I like him.”

“What do you like about him? “Do you like that he can cook, and I can do it too? or do you like that he can draw? now that his hand is crippled, he probably can’t draw anymore. Or do you like the hotel he runs, Yingluo? I can destroy everything he has at any time. Chenchen, I can give you

everything, including your dreams, dreams that you don't want to realize. I can help you, Yingluo. You will stand at the top of the world and be respected by thousands of people." "Chenchen, you don't like this?" Rong Lei's voice became a little soft.

"I don't like it." "rong lei, i don't like this kind of life. i like being alone, or having someone with me is enough."

she looked down at the expensive utensils on the table and the pink diamond in his hand. " i used to like those because i was chasing someone. now that i've given up on him, i can naturally give up on these. "

With that, Qin Chen stood up and they stood face to face.

Chapter 2856: chenchen, marry me (4)

They were similar. He was much taller than her, but her aura was no less than his.

she said in a low voice, "i'm sorry, rong lei!" I can't continue to love you, Yingluo."

" maybe i once loved you, but it was too long ago, or maybe you've gone too far. i can't find the feelings i had back then. " She raised her head, tears welling up in her eyes.

The man in front of her was once her faith, her faith for so many years.

And now, she was saying goodbye to him.

Rong Lei's eyes narrowed. He stared into her eyes and said very softly, " "you're lowering your stance for lan yu? Are you afraid that I'll deal with him?"

...

"Will you?" "Rong Lei, you have your pride. Let's just forget about it." Qin Chen smiled.

Rong Lei looked at her for a long time and suddenly smiled. He calmly walked to his chair and elegantly finished the food. He wiped his lips and slowly said, Chenchen, like I said just now, I want you to be respected by thousands of people. I'm not just saying it, and you can't escape from me just because you don't want to.

He tilted his handsome face. this world is already crazy, and it needs a strong ruler to maintain order. Chenchen, you will help me, right? ”

he smiled slightly. ” if you help me, then you can be with lan yu. in addition, i can also help mr. lan's hotel business. the hotel plan to dominate the world sounds crazy, but it's not impossible. ”

there was a faint but crazy smile in his eyes.”chenchen, i believe in your choice.”

“you're crazy.” Qin Chen gritted his teeth,”this is the last thing the world needs.” He's a lunatic.”

“crazy?” rong lei's eyes darkened, and he kept staring at qin chen.

qin chen suddenly felt dizzy, and he really wanted to sleep.

Then, she realized that Rong Lei knew how to put her to sleep and he had used it on her.

She slowly fell down and lay on the dining table.

Rong Lei calmly picked up the after-meal wine and sipped it elegantly.

After he finished half of the glass, he smiled and said, ” “Good girl.”

He put the cup down and slipped the pink ring between her slender fingers.

the size was perfect.

“chenchen, how could i bear to let him have you?” rong lei kissed her lips and murmured, ” you are mine. you will always be my chenchen. ”

.....

It was quiet in the luxurious master bedroom.

anna stood behind rong lei and asked carefully, " master, why don't you hypnotize her and make her think that she still likes you? "

Rong Lei's tall figure stood in front of the floor-to-ceiling window. The night wind ruffled his black hair, making him look more mysterious.

he slowly turned around, his face cold."Idiot! when she's 12 years old, will qin chen still be able to master the technology that will amaze the world?"

anna was shocked, and her back was covered in cold sweat. she immediately lowered her eyes."it was my slip of the tongue, master."

"get out." Rong Lei's eyes were sharp.

anna unwillingly glanced at the woman on the bed, but still left first.

the moment she left, the person on the bed moved slightly.

At this moment, she was wearing a silk spaghetti strap nightdress. The soft fabric stuck to her body like a second layer of skin, and it also brought out her perfect and exquisite lines.

she was very beautiful, much more beautiful than he had imagined.

Was she once like this in front of Lan Yu, showing off her beautiful body for other men to admire?

Rong Lei's fingers slowly touched her fragrant skin.

Chapter 2857: let go of me, or i'll take your life (1)

rong lei looked at qin chen on the bed for a long time, then slowly walked to the bar.

he poured himself a glass of wine and took a light sip.

He wasn't in a hurry to possess her because she was his. He didn't need to be so anxious like a rash boy.

in her heart, he had always been elegant.

rong lei drank the last mouthful of wine and walked step by step to the luxurious bed. he also walked to the most important girl in his life.

he had many women, but no one could replace qin chen's position in his heart.

...

that was the purest part of his body when he was young, and now, she was lying perfectly on his bed.

Beautiful and Holy.

Rong Lei sat down, his long fingers gently touching her face.

qin chen's beauty was earth-shattering, and rong lei was moved.

he wanted her.

he had had this kind of deep desire for a long time, but he didn't want to scare her.

But now, he was determined to have her.

This way, it would also cut off her thoughts of Lan Yu.

Rong Lei raised his hand and unbuttoned his shirt one by one.

When the shirt fell, it revealed a strong and lean body.

Then, he gently pressed a switch, and instantly, cameras rose from all directions of the bedroom. At least a dozen of them were aimed at the luxurious bed.

On his face was the suppression of love jade, a kind of determination to win.

He half-knelt in front of Qin Chen, slowly leaned over, and kissed her on the lips.

However, before his lips could touch hers, a sharp object touched his heart.

Rong Lei narrowed his eyes and looked down at the delicate scalpel in Qin Chen's hand.

"It's best not to move it. This knife can cut off a cow bone in a second." Qin Chen opened his eyes and looked at Rong Lei. "If you don't want to live, you can try."

Rong Lei's eyes were locked on her, low and hoarse, with some anger. "Are you going to fall out with me just for a Lan Yu?"

"Chen, have you forgotten the wonderful days we had in France?"

"I didn't forget." "But I'm no longer me, and you're no longer you."

She smiled. You don't love me as much as you think you do. I'm no longer Qin Chen in your heart. I'm a genius doctor, right? "

Rong Lei gently touched her face and said in a soft voice, "Is that what you think?"

“then what do you want me to think?” “It’s been so many years. Didn’t you feel heartache when you saw me?” Qin Chen laughed mockingly. A 12-year-old girl, sealing herself away for 12 years for the person she likes, Yingluo. You think it’s normal for me to be like this, but that’s because you don’t love me, Yingluo!”

“In this world, no one loves you more than I do.” Rong Lei pinched her face.

He leaned over to kiss her, but Qin Chen pressed the knife against him. A drop of blood oozed out, followed by a string.

Her white pajamas were soon dyed red, but she did not let go.

rong lei kissed her lips and murmured,”can you bear to kill me? chenzhen, are you really going to fall out with me for a man?”

he reached out to grab her hand, as if he was ignoring the pain in his heart. ” i don’t believe that i can’t compare to him in your heart. ”

“You can try touching me again.” Qin Chen lowered his eyes.

Rong Lei’s body leaned down.

the knife in her hand sank into his body inch by inch.

qin chen’s body trembled. she was a doctor, and she knew how much more he had before his heart was pierced by the knife.

Chapter 2858: Let go of me, or I’ll take your life (2)

She suddenly retracted her hand, and his blood also spurted out.

Rong Lei was still smiling. what’s wrong, Chenchen? you can’t bear to do it? ”

qin chen looked at him. "you're crazy!"

rong lei laughed lightly, his face pale."I'm crazy,"

his bloodied hand gently caressed her small face. "chenchen, i'll let you go, but you can try being with him and see what the consequences will be. this man, will he be able to persevere to the end like you?"

"what do you want to do?" Qin Chen's pupils contracted.

...

Rong Lei looked down at his wound and said lightly, "Help me bandage my wound. Otherwise, I'll probably bleed to death and you won't be able to walk out of here."

he sat up and pointed at a cabinet. "There's a medicine box inside."

qin chen looked at him for a while, then walked over and took out the first aid kit.

when she was bandaging his wound, rong lei grabbed her hand and said in a pained voice, "chenchen, do you really not love me anymore?"

"I'm sorry," Qin Chen looked at him and said softly.

she laughed again, a faint smile. I've waited for you for 12 years. If you had come back one or two years earlier, I don't think there would be a blue universe.

sometimes, fate was like this. when you wanted to turn back, the person was already gone.

Rong Lei's face was a little ugly, but he didn't say anything.

qin chen silently bandaged his wound, and only after he was done did he say in a self-deprecating manner, " "if it wasn't for him, you probably wouldn't be willing to talk to me, let alone help me bandage my wound."

qin chen looked at him. "rong lei, our relationship isn't as bad as you think."

"chenchen, i won't give up." Rong Lei slowly stood up and walked to the floor-to-ceiling window.

After a long time, he turned his head slightly,"you can either kill me just now, or you will have to worry about whether you and Lan Yu will be able to last for a long time when you walk out."

He smiled. Chenchen, you said that I don't love you. Yingluo, you said that you've waited for me for so many years. But do you know what happened to me all these years? "

" do you know how it feels to hold on to your last breath and live on while holding on to the beautiful thing in your heart when you're in pieces? " he looked at her. " i spent almost six years in bed. i lived like a dying dog. you were all i had. "

"If I had known that you would like someone else, I would have come back earlier to find you even if I had to crawl." "if you mind those women, i can stop touching them in the future."

This was the biggest concession he could make for her. After all, the Rong family needed him to continue to grow.

because of the lack of manpower, the family hoped that he could have more women and more children.

However, he was sure that the eldest son was born by Chenchen and would be his heir in the future.

he was certain that he would be the one to get qin chen in the end, not that man called lan yu. how could that man be worthy of his chen?

qin chen stood up, put on his shirt, and said, " "Let's do this! Rong Lei, you don't need to show mercy the next time we meet. I don't need it either."

his story was very touching. perhaps in the past, she would have been touched and would have stayed regardless of everything.

She would even go against the whole world for the person in her heart, because he was her whole world.

But now, she knew that this world wasn't just black and white. There were many other colors.

just like eating, not only the chef's food was delicious, but she also liked the taste of the snack bars on the street more.

Chapter 2859: She still chose blue Universe 1

This world was free and did not belong to anyone.

and she should be free to choose the life she wanted and the people she wanted.

"Rong Lei, I'm sorry!" "i want to be with him," she said in a low voice.

After she finished speaking, she walked out.

Rong Lei paused and looked at her.

Qin Chen reached out and took off the ring on his finger, placing it on the bed. He said softly, "This doesn't belong to me."

...

His lips moved, but in the end, he did not say anything.

In the end, she still chose Lan Yu, the man who he thought was inferior to her.

When Qin Chen opened the door, Anna was standing at the door, blocking him subconsciously.

“let her go,” Rong Lei’s voice was very light.

Anna didn’t move, and her voice was a little tense. “master, why did you let her go?”

But as soon as she finished speaking, there was a bloody gash on her neck.

An exquisite blade grazed her neck, and the last bit of it got stuck in her flesh. Just a little more and Anna would have died immediately.

anna’s eyes narrowed as she raised her gun.

“Put it down. let her go.” Rong Lei’s voice was stern.

Anna still wanted to say something, but she didn’t dare to say anything and retreated.

Qin Chen looked at Rong Lei one last time. He was looking at her, and there was a deep look in his eyes that she couldn’t see.

in the end, she still left and drove away.

Anna walked into the master bedroom and touched Rong Lei’s wound. Her voice trembled.”master, why did you allow her to treat you like this?”

She paused for a moment, and a murderous look appeared in her eyes.”i’ll go kill her.”

Rong Lei gave her a slap and said in a cold voice, ” “if you dare to touch her, i’ll make sure you don’t have a single hair left.”

Anna was a little unwilling, but she didn’t dare to say anything and stood aside with her head down.

Rong Lei was still standing in front of the floor-to-ceiling window, watching Qin Chen's car drive away.

he smiled bitterly. "Chenchen, there are many things that I can't choose. If I could choose, I would choose to keep the sunflower in France that year. I would choose to never leave you."

He clenched his fists as he watched.

He believed that she would return one day.

Qin Chen's car drove all the way back to Lan Yu's villa, but he still hadn't returned.

She went straight to the master bedroom upstairs to change into Lan Yu's clothes and threw the bloodied pajamas and Rong Lei's shirt into the trash can. Before she could dispose of them, Lan Yu came back.

Qin Chen heard the sound of footsteps and paused for a moment. Then, Lan Yu went upstairs.

He looked at her short hair, her black shirt, and the sweatpants she had worn in college. He couldn't help but smile. "It's a good fit."

Qin Chen stood there without moving, and he went up to hug her.

"I've already told him." Qin Chen didn't hide anything, "he let me go, but he won't let me go." Lan Yu, are you sure you want to be with me? It might be a little dangerous."

&Nbsp; Lan Yu kissed her. Chenchen, of course I won't leave you.

She smiled and reached out to grab his collar. She said gently, "You have to be careful, or I won't be at ease."

Rong Lei wouldn't do anything to her, but he wouldn't show any mercy to Lan Yu, so she was worried.

lan yu acknowledged, " i have already hired the best mercenary group, about 50 people, protecting my safety should not be a big problem. "

Qin Chen felt a little uneasy. She vaguely knew that Rong Lei didn't give up not only because of his feelings, but also because he was urging her and York's research.

did rong lei find the person who healed his body?

Chapter 2860: she still chose blue universe 2

She didn't dare to think too deeply about it. She only knew that she couldn't go with Rong Lei. She was never afraid of anything, but now she felt scared.

She hugged Lan Yu and said in a low voice,"Lan Yu, I'm afraid that my decision is wrong." &Nbsp;

"why would i?" lan yu patted her back and said in a low and hoarse voice, " "Chenchen, I can give up everything for you, even Hanhan."

before he could say the word "life," his lips were covered by her.

"you're not allowed to say." She pursed her lips and looked at him with a gentleness that he had never seen before.

"alright, i won't say anything," he smiled.

...

He reached out to hold her in his arms and murmured, " " chenchen, promise me that you won't give up. "

He looked at her, suddenly picked her up, and threw her on the bed a little crazily.

When he leaned over, Qin Chen covered his lips. "lan yu, what are you doing?"

Lan Yu pressed her hand to the side of his body and held it firmly. His teeth bit down on the buttons one by one and he murmured, " "Since that's the case, I'll have to keep the LAN family's descendants."

He was actually joking. He wanted to be intimate with her, and he saw that she was in a bad mood and wanted to coax her.

qin chen took it seriously. he struggled twice but couldn't break free, so he bit his lip. Lan Yu, stop messing around. We can't have a child.

"why?" He kissed her randomly, but he could smell the faint smell of blood on her body.

he stopped moving and looked at her deeply.

Qin Chen bit his lip. at least not now.

Her voice softened and she broke free from his grip. She caressed his handsome face. we will have children in the future. Lan Yu, listen to me on this matter, okay? "

she was worried about his safety, so she did not want to have another child at this time.

lan yu looked at her for a while before smiling, " "Alright," he said.

He was originally here to quarrel with her. Although he was a little embarrassed now, he had lost his interest.

he got up and kissed her. " i'm going to wash my hands and cook for you. what do you want to eat? "

Qin Chen closed his eyes and let him kiss him. He smiled."I like everything you make."

Lan Yu laughed. seafood baked rice and extra flavor soup? "

“Oh.” “do your job well,” she said as she wrapped her arms around his neck.

his gaze became deeper. actually, there are some things that I can do better. Shall we try it tonight? ”

He gave her a kiss as a hint before walking into the bathroom.

She had just entered the bathroom and had not had time to clean herself up when she received a text message on her phone.

lan yu took a look and saw a photo-

qin chen was lying on the bed with a man on top of him.

They were kissing, and it was a beautiful scene.

Qin Chen was wearing a nightgown with suspenders, looking very sexy.

Lan Yu’s fingers were clenched tightly as he silently looked in the direction of the bedroom.

at this moment, his gaze fell on the trash can again. he squatted down and picked up the pajamas from inside.

Blood-stained pajamas and a man’s shirt. It should be Rong Lei’s, because the brand was so cool.

he was focused on it, and qin chen was standing at the bathroom door. he said lightly, ” “do you believe me?”

Lan Yu looked at her sideways, stood up, and silently handed her the phone.

Qin Chen only glanced at it before returning it to him.

When Lan Yu took the phone, he grabbed her hand and pulled her into his arms.

“Chenchen, I’m sorry.” He kissed her hair and hugged her tightly. “i won’t do it again. i won’t let you encounter these things again.”

qin chen felt a little breathless, but she thought that he might have misunderstood something.

“Nothing happened between us!” She whispered.
