

Thank you 2881

Chapter 2881: you're just one of my games (2)

Qin Chen nodded and looked up at Lan Yu.

Their eyes met, and there was nothing but coldness in his eyes.

he looked around and asked, ” “Do you love him or all of this luxury? if it's him, i'll let go. if it's all of this, i can give you all of this.”

Qin Chen smiled faintly and didn't answer him immediately. Instead, he looked at the servant beside him. “Make a cup of coffee for Mr. Lan.”

The servant nodded.

“No need,” Lan Yu said coldly. i only have a few words to say to you.”

...

qin chen looked into his eyes and chuckled. ” “Speak.”

after she finished speaking, she took another sip of the black tea. the originally fragrant tea now tasted bitter.

Her white fingers gripped the cup so tightly that her veins were popping out.

But he didn't notice.

lan yu stood there quietly. he heard himself ask her softly, ” “Are you coming back with me?”

qin chen laughed.

She stood up slowly, cold and Noble, without a trace of human emotion, just like Rong Lei.

he thought to himself,"she really does enjoy the feeling of being high and mighty."

But why was he still not giving up?

"Do you really love him so much that you've lost yourself?" He looked at her, his dark eyes filled with heartache.

Qin Chen slowly walked to the railing and admired the flowers in the garden. He turned around."Because blue universe can give me everything."

she looked around. " these are what i like. they are what i'm familiar with. even if you have the same wealth in blue universe, we have different pursuits. "

In the end, her eyes fell on his face and she said lightly, " I do like the curry rice and paella you make, but I'll get sick of such cheap things one day.

"Are you tired of it now? You're tired of me too, aren't you?" lan yu took a step back. " qin chen, tell me. to you, what am i? "

"a game, a terrible joke." qin chen tilted his head to look at him and smiled. " " think about it. a person in a vegetative state has recovered. i saved him with my own hands and made him fall in love with me. how interesting would that be? "

the sun shone on her, but there was no warmth at all.

her cold, cold-blooded.

"I wear women's clothes, I do all kinds of things, just to make you, an idiot, love me more! Because you're actually lying on the bed with Lin sisi. Lan Yu, do you think I'll let such a lowly creature like you off?" qin chen sneered as he spoke.

" low-class creature? " lan yu repeated her words. " low-class creature? "

“What else?” Qin Chen smiled.

She looked at the box in his hand and went forward to take it. Lan Yu did not stop her.

Qin Chen opened it and saw a set of blue gem jewelry inside. The bright light stung her eyes, and at that moment, she wanted to cry.

it’s a gift from my mother, ” Lan Yu said in a low and hoarse voice. maybe you don’t need it anymore.

He reached out to take it back, but Qin Chen picked up the necklace in front of him and smiled. I don’t need these.

She threw the set of jewelry into the pleasure boat.

she turned around and looked at him. ” lan yu, i’ve treated you the same way. it’s not a pity to throw you away. ”

“i have no interest in your world,” she said slowly.

lan yu’s face turned pale. ” do you really think so? ”

“Yes.” qin chen was still smiling, and this smile was completely unfamiliar to him.

Just like she said, he was just a game to her, a toy.

Chapter 2882: you’re just one of my games (3)

Lan Yu suddenly laughed and looked at her. “Rong Lei doesn’t care? i don’t care how many times i’ve slept with you, okay?”

He stepped forward and held her delicate chin. The veins on his forehead were bulging, and the joints of his hands were clear.

She believed that as long as he held her tightly, her bones would be broken.

Qin Chen raised his chin. I don't care! Just like how he slept with so many women, we don't care about that."

As she spoke, Rong Lei walked over slowly from the distance. He was wearing the same black shirt as her and straight haute couture pants. His whole body was filled with coldness and nobility.

They stood together. Rather than saying they were lovers, it was more like a real person and their shadow.

...

Lan Yu looked at it and let go with a smile.

"Qin Chen, I wish you happiness," he said in a low voice, his hands hanging by his side.

she stood beside rong lei and smiled."i also wish you happiness."

"i will," There was no warmth in Lan Yu's eyes. "I'll forget you and never see you again."

He took one last look at her and slowly walked out to take a stroll.

he never looked back.

qin chen stood up straight, and his eyes were hot. she wanted to cry, but there were no tears.

rong lei pinched her chin gently. " your acting is not bad. if i didn't know you well, i would have thought that you had fallen in love with me again. "

qin chen pushed his fingers away and was about to speak when rong lei kissed him.

Just as she was about to resist, he said in a low voice, "don't struggle, he's watching."

Qin Chen's eyes turned and looked at him.

"Close your eyes." "But I can't guarantee that he'll be able to walk out of here alive." Rong Lei laughed.

Qin Chen's eyes widened. like his mother? "

If Lan Yu wasn't here, she would have slapped Rong Lei without hesitation.

He was too despicable and cold-blooded.

but at this moment, she didn't dare to.

Rong Lei chuckled in a low voice, his fingers slowly stroking her delicate red lips. He said in a low and hoarse voice, Chenchen, you're so cute. You haven't looked at me in the eye for a long time, and you haven't talked to me properly.

"Don't forget that our wedding is in three months," he said in a low voice.

Qin Chen's eyes widened.

He raised his hand, and a servant came over almost immediately."sir."

rong lei's eyes fell on qin chen's face, but he said to the servant,"give an invitation to mr. lan."

the servants immediately went to carry out the order.

Qin Chen didn't stop her-

“don’t you feel heartache?” Rong Lei looked at her delicate face and gently touched her lips. He chuckled.”i thought you would stop me.”

“i don’t need to!” qin chen looked into his eyes and said,”don’t forget our deal!” i’ll help you start the DNR project and you’ll set me free.”

“of course.” he leaned over and whispered in her ear, ” “But are you sure he’ll still want you after you’re free? A woman who used to be with me, and now she’s pregnant with a child, Yingluo!”

His fingers gently slid over her flat stomach.”will he still believe that you’re clean and that this child is his?”

rong lei’s voice was very soft, but when he said these words, his eyes were locked. there were some things that he didn’t want to admit, but they had really happened.

The girl he loved not only slept with someone else, but also got pregnant with the child of a lowly creature.

He narrowed his eyes, turned his head, and bit her lips hard.

rong lei had never been so rough to her because of anger and heartache.

Chapter 2883: you’re just one of my games (4)

Qin Chen endured it without moving because her heart was in pain, but the physical pain was nothing.

The more she didn’t react to him, the more bored he was and the less he would find trouble with her.

but if she didn’t give him any reaction, rong lei would have a way to deal with her.

He took her back to the master bedroom and tied her to the chair.

“What do you want to do?” Qin Chen clenched his hands.

Rong Lei stood in front of her and held her delicate chin. He sneered, “If you’re not willing to become my woman, then I’ll take a step back and ask for a second best.”

...

Qin Chen’s eyes widened, and he looked at him in disbelief.

She had a bad feeling in her heart.

The people she brought in next proved that her guess was correct.

The person who entered was Lin Sisi.

Lin Sisi had been changed into a transparent nightgown. Her black hair fell over her shoulders, and she was barefoot on the pure white wool blanket.

After she came in, her gaze froze and she looked at Qin Chen.

Qin Chen pursed his lips and looked at Rong Lei. “What do you want to do?”

Her heart was trembling.

The current Rong Lei was no longer the Rong Lei of the past. He was now a madman.

He looked at her and laughed softly. “Qin Chen, you should know that all men have desires. If you’re not convenient, someone else will be convenient for you. Lin Sisi was willing to sleep with me for you, and every day after our marriage, as long as you don’t become a real husband and wife with me, this girl will replace you and be my venting tool.”

He stroked her short hair and corrected her with a smile, ” “No, I love you, but I don’t have that kind of pity for other women.”

He leaned over to look into her eyes and said coldly, ” ” my first child will definitely be given birth by my chenzhen, so if another woman is pregnant, she can only be sad. ”

After a pause, Rong Lei gently spat out two words, ” “Abort it.”

qin chen’s lips trembled, and his gaze fell on lin sisi behind rong lei.

Lin sisi’s face was pale. She stared at Qin Chen’s stomach and raised her head. ” i’m doing this of my own free will. sleeping with such a handsome man isn’t a bad thing at all. ”

As soon as she finished speaking, she was thrown onto the bed.

then, the nightgown was torn into pieces, and qin chen’s eyes were dazzled.

she was forced to enjoy the high-definition film. she looked at the gentle beast in front of her. the person in her memory was squeezed out inch by inch, and the only good memory left had all disappeared.

Lin sisi screamed in pain, her voice hoarse and filled with pain.

Qin Chen’s fingers tightened around the Kasaya.

She watched Lin sisi satisfy Rong Lei for her, and she couldn’t do anything.

She also knew that Lin sisi did not want to have a miscarriage.

Qin Chen had seen so much blood and death, she thought she was numb to it.

But when Rong Lei left the bedroom after showing off the beast Jade, she ran over.

lin sisi's lower body was covered in blood. it was blood from being too rough.

“qin chen, i'm not that bad, am i?” lin sisi's voice was weak. ” i want you to be fine. i'm also glad that i didn't get off the plane. i can still protect you. ”

qin chen closed his eyes.

Lin sisi shook her head. it's okay. I've had a few men in the past, but none of them were more handsome than him. He actually tastes pretty good.

“Don't say anymore, I'll help you apply the medicine.” Qin Chen's voice was hoarse.

Lin sisi was still smiling, but she soon passed out.

she had a fever and her wound was inflamed. she had been burning for two days and two nights.

Qin Chen had been taking care of her and giving her an IV drip. She only recovered slowly after two days.

Chapter 2884: Sisi, I'll take you home (1)

lin sisi opened her eyes and looked at qin chen. ” i want to drink water. ”

“I'll go get some water, don't move.”

then, she got up to pour a glass of water and helped lin sisi up.

Lin sisi was about to drink some water when she suddenly stopped.

She looked at Qin Chen and bit her lower lip, ”I have something to give you, ran ran.”

“drink some water first, we’ll see later,” qin chen said softly.

...

however, lin sisi shook her head, tears welling up in her eyes.”I knew you would like it.”

As she spoke, she couldn’t produce a single item.

the item was very small. it was a sea sapphire ring. it was dug into lin sisi’s palm, almost digging into her flesh.

qin chen rarely cried. the last time he cried, it was because of lan yu.

and this time, it was because of lin sisi.

her lips moved and she closed her eyes.”Silly girl.”

lin sisi hugged her and rested her face on her shoulder. ” no! i’ve harmed you before.”

she was once naive, thinking that she could use rong lei to drive lan yu away from qin chen’s side. she thought that she could play with rong lei, but she was used by rong lei.

she shook her head and whispered, ” i don’t care about that. really. it’s just sleeping with a man. it’s okay. ”

The more Qin Chen listened, the more uncomfortable he felt. He patted her. “drink some water first.”

“Do you like this?” Lin sisi bit her lip.

Qin Chen looked at the ring for a long time before whispering, ” I like it! Can you help me keep it?”

Lin sisi nodded and leaned towards Qin Chen. "I don't want to get pregnant. Will you help me?"

qin chen nodded and helped her drink the water.

lin sisi had been sick for a few days, and when her fever subsided, she was called to accompany rong lei again. however, qin chen wasn't allowed to watch on the side, and he didn't use violence on lin sisi anymore, although he was still very rough.

when lin sisi returned, another layer of skin had been rubbed off.

When she came to see Qin Chen, she was disdainful of Rong Lei. how can this guy still have the nerve to say that he likes you? I love you. When he climbed on a woman, he was so fierce.

after speaking, lin sisi looked at qin chen carefully. " " sister chenzhen, you won't like him anymore, will you? "

"no," qin chen smiled.

She caressed Lin sisi's hair. actually, you can leave.

lin sisi pursed her lips. " if i had gone back then, i might have ended up like lan yu's mother. "

"Sister Chenchen, I want to go home with you," she said to Qin Chen.

then, she hugged herself and looked at qin chen pitifully.

qin chen reached out and touched her head, lowering his eyes."I will bring you back. i promise."

However, Qin Chen didn't expect that when she returned one day, she would bring back the last item Lin sisi had left behind.

hearing her words, lin sisi's eyes sparkled.

Qin Chen looked into the distance, his lips pursed.

at dinner that day, Rong Lei proposed to take her to New York.

Qin Chen looked at him. "I don't want to."

"You're not going to ignore your lab mates, are you?" Rong Lei elegantly cut a piece of Turkey and smiled.

Lin Sisi, who was at the side, wanted to cut the meat off his face like a turkey. She smiled insincerely and said, "I want to go too."

Rong Lei looked at her.

"Who else would you use to warm your bed?" Lin Sisi laughed and said shamelessly.

Rong Lei sneered and then looked at Qin Chen.

Qin Chen was expressionless and calm.

Chapter 2885: Sisi, I'll take you home 2

Rong Lei gave up on the idea of making her jealous. He knew that she still had Lan Yu in her heart and had long forgotten about him!

however, he would make her give up.

when their cooperation was successful, he would have unprecedented achievements and Qin Chen would forget that ordinary man.

Rong Lei's lips twitched. "It's decided then. I'll take a private plane tomorrow."

After he finished speaking, he threw the napkin in his hand to Lin sisi's hand.

Lin sisi understood. He was asking her to serve him at night.

...

yingluo really had great energy!

lin sisi quickly finished her food and said to qin chen in a low voice, "i'm going. i'll come back to find you."

Qin Chen raised his eyes and looked at Anna, who was standing beside him.

Anna's face was expressionless, but it was dark.

Ever since her hand had been crippled by Qin Chen, master had never taken possession of her.

she desired it, but she did not dare to take the initiative, because her master had a vixen like lin sisi by his side.

This demoness would suck her master's essence and blood every night, like a female beast that would never be satisfied.

Anna was very jealous. Master had never been so obsessed with a woman's body before. Recently, Yingying seemed to have started to eat more.

She didn't know that Rong Lei wanted to let Qin Chen know how powerful he was through Lin sisi.

The common problem of straight men was that in the entire universe, he was the best at women ...

anna was jealous, but lin sisi gave her a flirtatious look. anna was so angry that she was about to smoke.

After Lin sisi left, Anna looked at Qin Chen, who was still eating, and said in French, ” “You don’t mind her existence?”

qin chen looked up, his gaze landing on anna. he smiled. ” “rather than you, i’d rather the person sleeping next to rong lei be one of my own.”

she lowered her eyes and cut her steak elegantly. ” besides a wife, isn’t it a tradition of the rong family to have a few women to warm the bed? ”

There was a faint smile on her face. I heard that Rong Lei is already very restrained in this aspect. There are very few women now, and sisi is the only one. I’m very satisfied.

Anna was furious. She took a step forward and put one hand on the table next to Qin Chen, her voice fierce. ” cunning China woman, don’t think i don’t know what you’re thinking. you’re trying to murder master. ”

Qin Chen didn’t mind and glanced at her. “go and tell your master! You can tell him that you’re still thinking of climbing into his bed when he’s in danger.”

Anna’s Green eyes almost turned black, and she said with a gloomy face, ” I will kill you.

she raised her gun.

qin chen cut the steak and smiled faintly. ” “shoot!”

Anna didn’t dare to do that. She just wanted to scare this China woman. She didn’t know why her master fell in love with her. She was clearly a man and woman.

She didn’t move. Qin Chen wiped his lower lip, picked up the knife for cutting steak, and stabbed the back of Anna’s hand.

she was a surgeon, so she knew where to avoid the bones and pierce through the entire palm.

Anna immediately screamed in a very tragic way.

“You don’t even have the guts!” “I really don’t know how she climbed into Rong Lei’s bed in the past.” Qin Chen sneered.

she looked at anna’s fierce waves and shook her head gently. ” it’s a pity that the conditions are so good. ”

she looked like a cow and could meet rong lei’s needs in all aspects. in comparison, lin sisi was a lot thinner.

perhaps, rong lei’s aesthetic sense was still very modern.

Chapter 2886: sisi, i’ll take you home (3)

qin chen grabbed anna’s hand and dripped it onto a plate. ” I’ll have someone make a velvet cake tomorrow. It must taste good. Remember to ask the chef to put it in the refrigerator, or it won’t taste good.

anna was stunned.

Qin Chen’s lips curled up as he stepped forward. protect your life. Don’t be treated as food by your master, okay? ”

with that, he left.

Her bedroom was next to Rong Lei’s, and she could always hear the sound of him and Lin sisi making love next door. He was probably trying to provoke her.

However, Qin Chen really didn’t feel anything.

...

On the other hand, sisi seemed to be enjoying it, and Qin Chen also believed that Rong Lei had spent 120% of his effort.

It was just that this kind of thing, the man was too serious and seemed a little childish.

Qin Chen was alone in the bedroom, leaning against the bed as he listened to the sounds coming from next door. He couldn't help but think of Lan Yu.

He must hate me to the core!

his mother had passed away, but she had said such cruel words to him.

qin chen pulled out a necklace from his neck. it was a gift from lan yu, and it was the only thing she had on her.

Although she had already thought of a plan and promised Lin sisi that she would definitely bring her home, Qin Chen wasn't confident.

what she had to deal with was not only rong lei, but also the rong family behind him.

just the thought of it was terrifying, but no matter how difficult it was, she had to do it.

Qin Chen was in a daze until Lin sisi returned late at night.

lin sisi rubbed a layer of skin and crawled under qin chen's blanket. she said in a soft voice, " I heard you pierced through Anna's palm again? "

Qin Chen smiled and pulled her hair. " she's probably jealous of you. she also feels that i'm not doing anything as the future mrs. rong, so she's angry. "

lin sisi continued to look at her.

"Fine, she was the one who provoked me!" Qin Chen's smile deepened.

lin sisi's body was tired, so she laid down and hugged qin chen's arm. she said in a low voice, "I know you're warning her. You're afraid she'll hurt me."

qin chen didn't say anything, only quietly accompanying lin sisi.

Right now, Lin sisi was as helpless as a child.

she always said that rong lei was good in bed, that he was handsome, that she was not at a disadvantage, and that she was used to it. in fact, how could she be used to it? every time she came back, she would take a long shower.

however, qin chen didn't say it out loud. the most important thing for them now was to survive.

qin chen lowered his head and realized that lin sisi had already fallen asleep. her face was a little pale, obviously from exhaustion.

Qin Chen's heart suddenly felt a touch of pity.

she was actually sacrificing lin sisi.

In this world, if Qin Chen died, Rong Lei's ambition would not be realized.

she caressed her stomach and smiled helplessly.

This child came at the wrong time.

He kept watching over Lin sisi until she fell asleep, Hanhan.

Every day in France, they lived like this, as if they were walking on a knife's edge.

the next morning, anna didn't show up at breakfast.

Qin Chen sat down, and Rong Lei said, "why did you attack anna?"

Qin Chen picked up the milk and took a sip, feeling nauseated.

did the morning sickness start?

She was a little embarrassed, but she resisted it and didn't let Rong Lei see it. He knew she was pregnant, but her stomach had always been flat, and she didn't show any signs of pregnancy, so he didn't get upset.

Once she vomited, it would probably hurt his self-esteem, and he would torture her later.

Chapter 2887: Sisi, I'll take you home (4)

qin chen suppressed his discomfort and looked at him indifferently. " "Because she was disrespectful to me. I remember that in the Rong family, the status of the servants is very low. The master can take their lives at any time. Rong Lei, are you not going to let me be your wife? If that's the case, I'll immediately return to China."

he knew that she was looking for an excuse, but rong lei was still pleased.

his heart that had been broken by her was comforted, and he smiled. " "Of course you can do whatever you want to her."

Qin Chen lowered his eyes,"including her life?" you're willing to?"

"It's just a woman," rong lei said indifferently and raised his hand to signal to the servant."call anna over."

Qin Chen stopped her. forget it.

...

after that, she took out a bottle of wine from the refrigerator in the corner of the living room and poured a glass for rong lei. ” try it. ”

At this moment, Anna came over.

rong lei looked at the bright red liquid in the wine glass and frowned.

it was a familiar smell. it was the smell of blood.

“Chenchen.” His expression was slightly uncomfortable,”I don’t have such a hobby Yingluo.”

“You’ll like it.” Qin Chen smiled and placed the cup in his hand. “This is my gift to you.”

rong lei looked at her, but in the end, he still raised his head and drank it.

The rich fragrance was intoxicating.

“It’s Anna’s blood. I did it myself.” qin chen hugged his neck from behind. ” how’s the taste? ”

Rong Lei’s brows furrowed even more and he narrowed his eyes at her. Chenchen.

“you don’t like it?” “anna’s blood kasaya can calm your restless blood, right?” qin chen smiled.

rong lei’s expression changed.

She could actually tell.

so you care about her life and death. As for whether she’s disabled or not, you don’t care at all. You were with her in the past only because you wanted to drink her blood. Qin Chen wrapped his arms around his neck, but his eyes were fixed on Anna.

Anna’s body trembled.

she never knew it was like this!

master yingying needed her blood?

“It seems like Anna doesn’t know about this yet.” Qin Chen smiled even more happily.

“Chenchen, stop it.” Rong Lei was really angry.

“i won’t kill her. i’ll leave her blood for you to use.” qin chen was still smiling, and he said to anna,
” “You can make a request of your master. Otherwise, if you kill yourself, where would he find such a mobile blood bank?”

Her words seemed to have reminded Anna.

anna had been with rong lei all these years, and now she was being ignored. how could she stand it?

“master, i request to be your only servant.” he raised his head.

at this moment, lin sisi couldn’t take it anymore and rolled her eyes. ” i just want to have sex with him. What servant? when he drinks your blood, you still have to kneel and lick him. He’s really cheap.”

She spoke Chinese and spoke quickly. Anna couldn’t understand, but Rong Lei did.

he glanced at lin sisi.

In fact, he didn’t care who he did it with, but now he was embarrassed by Qin Chen.

He clearly knew that she was helping Lin sisi in her heart, but he didn’t have the power to fight back for the time being.

“It doesn’t matter. Come to my room tonight,” he said.

qin chen looked at him and said a few words in chinese, ” “i don’t like her in our room.”

even rong lei couldn’t stand her making things difficult for him. he glanced at her and said, ”
chenchen! ”

Chapter 2888: blue universe or the whole world, choose one (1)

rong lei couldn’t stand her making things difficult for him. he glanced at her. ” chenchen! ”

he wanted to remind her of her identity and that he was the dominant one between them, but when he saw the mischievousness in her eyes, rong lei’s heart softened and he said softly, ” “i don’t want anyone.”

Qin Chen looked up, surprised.

However, as long as he stopped pestering Lin sisi, and sisi did not have to accompany her in pain, she did not care about the outcome.

Anyway, he had achieved his goal!

if he didn’t do it with anna, anna, the blood bank, would become a time bomb that could sell rong lei out at any time.

...

qin chen smiled and didn’t say anything.

He was supposed to leave for new York that day, but the rongs had something to do and called Rong Lei away.

it was three days later when rong lei was done.

The private plane from France to New York flew across the sky.

Qin Chen sat quietly, with Lin Sisi beside him.

After resting for a few days, Lin Sisi's complexion looked much better. She brought a glass of milk to Qin Chen. "Have some milk. The plane is landing soon."

Qin Chen shook his head, signaling with his eyes.

Lin Sisi was stunned for a moment, then she understood.

These days, Qin Chen had symptoms of morning sickness. She was afraid of being seen by Rong Lei, so she ate very little and lost a lot of weight.

Lin Sisi didn't force him, but looked at Rong Lei.

Anna probably hadn't given up yet. She was wearing a black spaghetti strap dress and acting coquettishly, but Rong Lei didn't seem interested.

Lin Sisi wanted Rong Lei and Anna to get together immediately. No matter how handsome he was, when she did it with him, she felt like she was entangled by a cold snake and it was very uncomfortable.

However, Rong Lei had always been calm and looked like a qualified fiancé.

Lin Sisi and Qin Chen exchanged glances, both expressing their disdain. They didn't believe that the poodle from the Rong family could last much longer.

The plane finally landed.

In the parking lot outside the airport, four Rolls-Royce phantoms were parked in a row. More than ten Men in Black surrounded Rong Lei and the others as they got into the car. Qin Chen and Lin Sisi were always together, as she had requested.

Lin sisi sat down and looked at the car in front. She chuckled. "That poodle probably can't control his lower body anymore."

qin chen only smiled, then used his eyes to signal to lin sisi.

Lin sisi leaned over.

"is the computer ready?" qin chen asked in low chinese.

"yes," lin sisi nodded. it can be activated at any time."

Qin Chen's expression was calm. I'll use the same account to log in with all the information. You just have to log in with the same account and destroy it before Rong Lei gets the information.

"sister chenzhen, i understand." lin sisi nodded. " but, if we do this, are we going to get killed? "

Qin Chen looked at Lin sisi and nodded. that's possible.

She paused and closed her eyes. so, either I or Rong Lei can only survive.

She had a feeling that she and Rong Lei were the key people in the DNN project.

Lin sisi's expression was still nervous. She tugged at her tight red dress and did not say anything.

She did not stop him because she could not.

If Qin Chen only wanted to live for himself, he wouldn't have gone to new York with Rong Lei.

The information on the computer in new York was what she wanted to get rid of.

The car stopped in front of a villa. Qin Chen got out of the car and saw that Rong Lei and Anna also got out.

Chapter 2889: blue universe or the whole world, choose one (2)

Anna's hair was slightly messy, and there were a few more red marks on her neck. She looked at Qin Chen provocatively.

Lin Sisi whispered, "see, I told you Rong Lei is a poodle." I can't stand it for long, and that Anna is simply speechless."

Qin Chen smiled. "Rong Lei has his charm. "

Back then, she had wasted a lot of her youth and tears just because she liked his charm.

Anna was the same.

Lin Sisi also sighed. She looks like she's possessed.

...

Qin Chen looked at her with a meaningful gaze.

Rong Lei was probably a demon now.

While they were talking, Rong Lei walked over, looking a little uncomfortable.

Qin Chen didn't find trouble with him and held his hand. " "This is our villa?"

"It's home." Rong Lei kissed her on the forehead and Qin Chen immediately felt like vomiting.

She covered her mouth and turned her face to the side, implying, " "a bloody smell."

Rong Lei's nose twitched and he frowned after smelling it. Chenchen, don't you always have surgeries? why would you have a reaction to this? "

"That's different." Qin Chen said calmly, then broke free of his hand and walked towards the villa.

her reaction showed that she cared about him making love with anna in the car. rong lei was a little excited. she hadn't shown her care for him in a long time.

Hence, he took a few quick steps and held her hand again. "Chenchen, you mind, don't you?"

qin chen turned around to look at lin sisi, then slowly said, " "Sisi said you're a poodle. I think it's a pretty good description."

She walked forward with him and said in a faint voice, " "ronglei, you always want me to love you again, but hanhan ..."

She paused and looked at him,"you always need a reason to love someone." especially now that you and i are together."

"you want me to give up on another woman?" rong lei frowned.

not only that, but there's also the DNN experiment. qin chen smiled. " but i think in your heart, the experiment is the most important thing. it can satisfy all your ambitions. but rong lei, have you thought about what will happen if this technology is used in war or on large animals? " he asked. the world will change."

it's true that being a doctor is to save lives and heal the injured, but respecting the laws of nature is our number one Code of Conduct. Qin Chen lowered his eyes,"I remember that you didn't even have the heart to hurt a puppy in the past." Rong Lei, if you sell this experiment, you'll get wealth, but can you still control everything?"

rong lei's expression was a little ugly. she had seen through his plan.

In France, the Rong family had always been bright on the outside, but they had started to go downhill more than a decade ago. The reason they had been able to maintain their status was because the Rong family's biological company had been continuously providing new technology to

the military forces all over the world. That was why they had been able to regain their glory in the past few years.

in the hands of rong lei, the rong corporation was even more developed. he almost monopolized the illegal biotechnology exchange around the world, and DNN would be his pioneer.

The Rong corporation's global status would also be improved.

There was nothing the Rong family could not do.

Now, Qin Chen was obviously negotiating with him. He wanted to give up on the DNN plan and he could have her.

But how could he give up?

All the military forces were watching this project, and so were the older members of the Rong family. Once the DNN was declared a failure, he, the upstart of the Rong family, would probably have to step back and become penniless again.

Chapter 2890: Blue universe or the whole world, choose one (3)

Rong Lei didn't give up, but that didn't mean he would tell Qin Chen the truth.

Lying and coaxing women were men's instincts.

"chenchen, let me think about it, okay?" rong lei smiled.

Qin Chen looked at him and smiled faintly, not saying anything.

rong lei took her into the villa and showed her around. finally, he arranged a bedroom for her.

It seemed that he didn't want to fall out with her, or he wasn't interested in her male appearance, or he wasn't interested in pregnant women, so he arranged for her to sleep on her own.

...

During the few days he was in the villa, he summoned Anna.

When he and Anna were having sex, Lin sisi whispered in his ear, " " sister chencheng, don't you think men are hypocritical? it's all because of his blood bank. "

qin chen looked at lin sisi, a cold glint in his eyes. " no matter what the result is, at least anna can't live. "

lin sisi nodded and lowered her voice. " i know there's a gun in anna's bedroom. i'll find an opportunity to take one out. "

qin chen held her hand. " you must be careful. put it away properly after you bring it back. don't let anna find out. "

Lin sisi nodded.

as the days passed, rong lei didn't seem to be in a hurry to let qin chen go to the laboratory. qin chen was surprised, but he also felt a certain uneasiness.

One day, when she was reading the new York newspaper, she was attracted by a piece of news.

The Rong family's biotechnology had invented a kind of preparation. After being injected into a human or animal, it would allow the organs of the recipient to recover to the corresponding state. The media named this blue substance " time water.

Qin Chen's hand dropped, and the newspaper slipped between her fingers.

she finally knew why rong lei wasn't in a hurry. it was because the rong corporation had been busy making time water. as long as they got the data on DNN, the rong corporation would be able to make the most terrifying potion.

It was the so-called "immortality" since ancient times. What a crazy plan. If some animal factors were added to the human body, one could imagine how chaotic the world would be.

He had been waiting for 'time water' to succeed. Now that he had succeeded, it was not far from her going to the laboratory.

she slowly walked up to the study on the second floor. Rong Lei was wearing a white shirt and suit pants, looking cold and noble.

he only put down the phone when she arrived. "Chenchen?"

Qin Chen looked at him and smiled faintly. "I want to talk to you."

Rong Lei walked over and helped her sit down. He was so careful that it seemed like she was pregnant with his child.

Qin Chen sat down and looked at Rong Lei, who was opposite him. He said lightly, "I want to buy the formula for the time water from you! It's called buy-out, and it's also called buy-out for the TNN experiment."

Rong Lei did not seem surprised. he smiled lightly and said, "Chenchen, it might have been possible at the beginning, but it's not possible now. the time potion is already on the market through legal means, and Rong Biology has won the outstanding invention award."

"Did you disclose the formula?" Qin Chen looked at him.

Rong Lei smiled and leaned over to pinch her face. My Chenchen is still so naive, or maybe you've never been short of money. You probably don't know how to share a technology that cost billions of dollars with stupid humans.

this so-called great technology of yours was invented by stupid humans, and it will be used on stupid humans in the future. Rong Lei, no matter how much it costs, I will buy it. Qin Chen clenched his fists.
