

Thank you 2891

Chapter 2891: blue universe and the world, choose 4

Qin Chen clenched his fists.

if the qin family wasn't enough, she knew that they would all agree to add the tang family's ran ran.

This was because this invention was too terrifying.

rong lei smiled and got up to pour himself a glass of red wine. then, he said lightly, " it's too late. if i don't hand in the results of the experiment, not only me, but the entire rong family will probably be assassinated because this is a violation of the contract. "

"What if I don't cooperate?" Qin Chen's face was tense.

"you will," Rong Lei shook the wine in his glass and looked at her. qiangsen in your lab is very smart. He took the money early and cooperated with me. My Rong Corporation is lacking such a talent. I have to thank you, Chenchen, for cultivating such an outstanding talent for me.

...

qin chen's fingers moved slightly.

"It's best not to act rashly." Rong Lei reminded her softly, " you probably don't know. The person you care about the most has also come to new York. I wanted to let you meet her and relieve the pain of missing her.

Qin Chen's body froze.

Rong Lei smiled and pressed a switch. Suddenly, the wall opposite him became a projection.

The screen was at the airport, and the image on it was Lan Yu getting off the private plane.

“chenchen, let me guess. between blue universe and the whole world, which one will you choose?”
rong lei chuckled.

He walked to her side and leaned over behind her. He pressed his hands on her shoulders and his thin lips fell on her neck as he murmured, ” I guess even if you hurt the whole world, you can’t bear to hurt this man, right? ”

Qin Chen suddenly turned his head,”you despicable!” you said you would let him go.”

there’s an old China saying that all’s fair in war. I’ve already killed his mother, so I don’t care if I have another one. rong lei got up and sat opposite her. he shook the red wine in his hand. ” your decision. ”

Qin Chen glared at him angrily.

It was rare for her to reveal such emotions, and Rong Lei knew that he had succeeded.

She loved that man, even if she had to give up the whole world.

he squinted his dark eyes, a hint of danger floating in them. however, he still had a smile on his face. ” there’s a charity dinner tomorrow night, and Lan Yu will be attending. Chenchen, I hope you can come with me.

“I don’t want to go,” she refused without thinking.

rong lei just chuckled,”i see!” It’s fine if you don’t go, but I can’t guarantee that the scene won’t be filled with bombs. If it suddenly explodes, then everyone will be blown up and disappear from this world without a trace. They won’t even know how they died. It’s such a pity. Some people haven’t even had the chance to say “I love you” to the person they love, Yingluo.”

Qin Chen looked at Rong Lei and said slowly, ” “Did the time water come from you?”

Rong Lei’s expression changed.

” i don’t know. ” qin chen got up and smiled coldly. ” i’ve done countless experiments on myself and extracted the genes of countless animals, which resulted in today’s unstable personality. is power really that important? ” It’s so important that you’re not even willing to be a human, but an animal that’s nothing.”

her words touched his sore spot.

Rong Lei’s mouth trembled and he smashed the wine glass in his hand against the wall.

then, he unbuttoned his shirt and walked over, lowering his body to get close to her face. ” “qin, do you think i want to hug a woman i don’t like to sleep every night? I don’t like it at all, but my body needs it, its needs are ten times that of a normal person, so I can’t live a Day Without a Woman, but Yingluo ”

“But I, Yingluo, won’t have a child anymore,” he said with a hint of self-deprecation.

his genes had already changed. after mating with a woman, his chromosomes could no longer match.

he was already a monster.

Chapter 2892: meeting lan yu again (1)

Qin Chen looked at the man in front of him.

he could no longer overlap with the person in her memory. it was just as he said, he was a monster.

is it worth it? ” she asked softly. for power, for the so-called family, is it worth it to put yourself in such a state? ”

Rong Lei looked straight into her eyes and chuckled.”I’ve regretted it before, but I don’t regret it now. I don’t have the chance to regret it. chenchen, if you can’t love me, then there’s only one other choice, which is to submit to me. ”

“What do you want?” Qin Chen closed his eyes.

He held her hand gently. tell Lan Yu that the child in your stomach is mine at the banquet.

...

qin chen suddenly opened his eyes and looked at him in disbelief.

Chenchen, I will treat this child as my own. I will even let him inherit the Rong family. he stretched out his hand and placed it on her lower abdomen.”i can even promise you that i won’t touch you if you don’t want to.”

He pulled her closer and looked into her eyes. Chenchen, ” he said. we are from the same world. The feelings between us can surpass everything. Believe me, when you step into this world, you will fall in love and forget about Lan Yu.”

“you mean, we can be husband and wife in name?” qin chen laughed coldly.

“I will wait for you to change your mind.” “I need this child, Chenchen. I only want your child.” Rong Lei’s voice became gentle.

Qin Chen lowered his eyes and smiled lightly. I promise you.

With that, she stood up and walked out.

At the door, she turned around and looked at Rong Lei.”rong lei, you really liked you.”

His handsome face changed slightly, but he did not answer her.

only after she left did he mumble, ” “But I have no way to retreat.”

the next night, eight o ‘clock.

when qin chen walked down the stairs, rong lei was deeply attracted to her even though he had seen beautiful women from all over the world.

Tonight, Qin Chen was wearing a white suit of the miyasame style, the kind with the door wide open, looking very slim.

She wasn't wearing any jewelry, but it highlighted her beautiful collarbones and perfect lines.

Rong Lei stood at the bottom of the stairs and looked at her with a smile. He suddenly felt that the little girl had grown up.

He still had feelings for her, different from other women, but Chenchen could not feel it.

she was the only human in his bestiality.

Rong Lei held her hand and took her to the RV in front of the villa.

lin sisi went with them. lin sisi was wearing a sequined fishtail dress with suspenders. she looked like an eastern vixen.

Anna was very dissatisfied with this because she was not taken out by her master.

two black maybach cars drove off slowly and headed towards a famous hotel in new york.

in the dark car, rong lei put a thick book on qin chen's lap. "take a look. this is the auction item tonight. there's something you'll be interested in."

Qin Chen glanced at him, then opened the book.

She was stunned after reading the first page.

It was an oil painting, and the person in it was very familiar.

Because it was her.

Her fingers gently caressed his face, and her skin trembled slightly.

Chenchen, you know what it means for him to auction your painting. Rong Lei's voice was calm. it's impossible between you and Lan Yu.

qin chen was still caressing the page, his slender fingers caressing it very, very gently. he said in a low voice, "I know. rong lei, i'll work with you, let him go."

Chapter 2893: meeting lan yu again 2

She looked up and smiled in the dark car, as fresh as an orchid blooming in the dark.

rong lei's fingers held her chin."Then forget about him."

Qin Chen didn't say anything and turned his face to the side.

rong lei seemed to be concerned about her feelings and did not force her anymore.

Anyway, he had achieved his goal. As long as she was obedient, he could take a break.

the car continued to drive, and they did not speak again.

...

when they arrived at the entrance of the hilton hotel, the driver opened the door for them, and rong lei held her hand.

as soon as they got out of the car, the reporters on both sides of the red carpet took photos. as the president of the rong corporation, the 'time water' that was just announced was the world's hottest research, and the rong corporation's stock had risen to its limit three times.

The female companion that Rong Lei brought tonight was also outstanding. Her beauty was like a perfectly cut diamond.

The media chased after him like crazy, but Rong Lei graciously held Qin Chen in his arms and let them take as many photos as they wanted.

qin chen didn't refuse, and he couldn't refuse. he knew what rong lei wanted to do.

she said in a low voice,"you're so childish!" Do you think that's meaningful? Or are you chasing after your ambition while also trying to retain your initial feelings?"

rong lei faced the reporters with confidence, but his words were directed at qin chen."you will fall in love with me again."

"Other than money, what else can you give me?" Qin Chen sneered.

rong lei's eyes were a little cold. " i've said that i can treat your child as my own. "

men always cared about this. no matter how good he was in the aspect of sex, it was always embarrassing to have bullets but not harvest them.

Qin Chen didn't say anything more to him because he was too arrogant and his thinking wasn't ordinary at all.

Just as they were about to finish taking the photos, there was a commotion on the red carpet in front of them. Someone said, " "It's Blue universe."

There was a commotion on both sides, and young girls were screaming non-stop.

Qin Chen looked at Rong Lei beside him.

His expression was very ugly.

She laughed softly. you look very disappointed! However, artists are much more popular with girls than businessmen who stink of money.”

“Chenchen, I know how to play the piano too.” Rong Lei pursed his lips.

“with your skills, you’re more like a liar.” Qin Chen sneered and wanted to walk into the hotel lobby.

rong lei took her hand. ” you haven’t caught up with your old friend. why are you leaving? ”

“What do you want?” Qin Chen turned around.

“It seems like you’ve forgotten what we said yesterday.” Rong Lei’s fingers gently touched her face.
“i think i need to remind you.”

Qin Chen wanted to push him away, but Lan Yu was already walking over.

“don’t move!” “remember, we’re a loving fiancé and fiancée now. it won’t be good if others find out.”

“rong lei!” qin chen looked at him coldly.

“i’m jealous of him.” Rong Lei’s voice turned cold. be good. Otherwise, I don’t know what crazy things I’ll do.

“Now, don’t move,” he paused.

with that, he leaned forward and kissed her on the lips.

It wasn’t a deep kiss, but it was an intimate one.

Qin Chen's entire body stiffened.

She used to like Rong Lei so much that she felt that the whole world was beautiful when he smiled at her. But now, she felt uncomfortable all over just by touching him.

Chapter 2894: Meeting Lan Yu again (3)

She resisted the urge to push him away and looked at him with a calm expression. is that enough?

Rong Lei knew when to stop. He left her lips and smiled.

Qin Chen took a step back, but his eyes just happened to meet Lan Yu's.

Lan Yu looked at her and remained silent.

Qin Chen didn't show any expression because she didn't know what expression she could have other than crying.

She kept looking at Lan Yu, reluctant to leave, because this might be the last time.

...

she did not understand why he came to new York to take a walk.

just like this, he had already walked in front of her.

"mr. rong." Lan Yu looked at Rong Lei, then at Qin Chen, and asked very politely, "i don't know if i should call dr. qin mrs. lan or still dr. qin."

rong lei's eyes were filled with a man's possessiveness. he turned to look at qin chen and smiled. "we'll be married in two months. i'll invite you to have a glass of wine then."

lan yu smiled,"doctor qin, will it be inconvenient?" after all, as an ex, you might be reminded of some past events, such as the small things that happened when we lived together."

Qin Chen's gaze quietly fell on his face, and after a long time, he lowered his eyes."it's good that mr. lan didn't come. To avoid any misunderstanding."

"misunderstanding? what misunderstanding? misunderstand that we slept together?" lan yu stared at her eyes and chuckled.

he looked at her. his eyes were cold, but they were also filled with longing.

No matter how much he hated her, he still missed her.

Lan Yu despised his own feelings. He clearly hated her, but he still came to new York.

He clearly knew that she was here, but he still came.

perhaps it was because he didn't want to give up!

Qin Chen was embarrassed by his words, but this embarrassment was directed at Lan Yu, not Rong Lei.

she also knew that lan yu was willing to give up everything for her, including his life.

But she loved him, and she couldn't bear to see him die.

"mr. lan, the past is in the past," she said softly.

She held Rong Lei's arm and smiled."i'm getting married to rong lei."

as she spoke, her eyes were filled with warmth. she felt that her heart was going numb, but she still continued, " "Also, I'm pregnant."

when lan yu's eyes were almost frozen, she added softly, " "i'm pregnant with rong lei's child!"

lan yu took a step back and looked at her with a burning gaze.

There were too many emotions in his eyes, and it made her heart ache.

But she still had to hurt him, because only then would he give up.

she smiled lightly and leaned on rong lei's shoulder. " lan yu, thank you for accompanying me for this period of time. i'm very happy now."

Lan Yu looked at her beautiful appearance and saw that she was beside another man. His heart was almost frozen.

After a long time, he said in a hoarse voice, " congratulations.

he took the lead and walked towards the main hall, but every step he took was filled with loneliness.

lin sisi immediately went over and shamelessly hugged lan yu, then smiled at him.

Lan Yu narrowed his eyes.

lin sisi shrugged her shoulders. " i chased dr. qin all the way to France. now, i'm in new York. "

"let go," lan yu's voice was a little low.

lin sisi hugged his arm. " i'm not letting go. "

she raised her head and looked at lan yu, her voice soft, " "Qin Chen isn't like what you think, her Yingluo is just Yingluo."

Lin sisi wanted to say something, but she immediately thought of Rong Lei's words and stopped. She said in a low voice with a pale face, "she just got pregnant by accident, so she chose Rong Lei."

Chapter 2895: Meeting Lan Yu again (4)

Lin sisi wanted to say something, but she immediately thought of Rong Lei's words and stopped. She said in a low voice with a pale face, "she just got pregnant by accident, so she chose Rong Lei."

"a child can't live without a father, right?" she swallowed her saliva.

accidentally got pregnant?

Lan Yu laughed. He held his forehead with his hand and laughed bitterly.

Qin Chen was right. She and Rong Lei were from the same world, but he, Lan Yu, had never been.

He quickly left, leaving Lin sisi at the back of his mind.

...

Qin Chen's eyes were fixed on his back, which made Rong Lei unhappy. "you still can't forget him?"

Qin Chen retracted his gaze and looked at Rong Lei. "I have to be like you and have some faith, don't I?"

The meaning behind her words made him extremely unhappy, but he suppressed it after thinking about it. He held her hand and walked into the hall, his voice also lowered. "you're pregnant with my child now. Do you think you can still be with him?"

Qin Chen smiled at the reporter and coldly said, " if I didn't know the inside story, I would have suspected that your time potion was an amnesia potion. How could you not know who the child is? "

rong lei was very angry at her ruthlessness, but he still tolerated her and did not scold her.

in the hall, the fragrance of the clothes and the shadows of the shadows intertwined, it was an extravagant scene.

As the banquet hosted by the largest philanthropist in new York, the grandness of the banquet attracted the media from New York and other countries. The most important news of the night was that blue universe's last painting would be donated for auction.

When the host was introducing the painting, his voice was excited and a little regretful. Mr. Lan Yu injured his tendons in an accident and can no longer hold a paintbrush. Therefore, this 'morning' painting will be his masterpiece. Tonight, he will donate it for free. The starting price is one million US dollars. We all know the meaning of the word 'masterpiece', so there is a reason why it is expensive.

the emcee paused for a moment before continuing, " "and this time, the person in the painting is mr. lan yu's most beloved person in his life. the girl in the painting is also mr. lan yu's former lover. Now, we have the honor of inviting Mr. Lan Yu to unveil this painting."

After the host finished speaking, he stepped aside and invited Lan Yu over.

in the middle of the stage, there was an easel. the oil painting on it was covered by a piece of white cloth, and the true appearance could not be seen.

the painting in the previous picture book was too small, and he couldn't see what it looked like.

At this moment, many people were still looking forward to seeing Lan Yu unfurl the painting.

lan yu went on stage. he was particularly handsome tonight. qin chen also knew for the first time that he was so famous in the art world of new York. there were many people who wanted to bid for his paintings tonight, including rong lei.

she naturally understood Rong Lei's dark thoughts and would not stop him.

With Qin Chen's personality, he naturally didn't want his painting to be collected by other men. Not to mention, wearing a shirt always made people want to see it.

She said to the man beside her in a low voice, " "I want that painting."

Without waiting for Rong Lei to speak, she continued, " "You're only wearing a shirt. Do you want to be collected? "

At this moment, Lan Yu removed the canvas, and everyone gasped in surprise.

It was too beautiful and exquisite.

That person was only wearing a black shirt as she sat on the piano. Her entire body exuded the laziness of someone after making love, and her eyes were misty and filled with love.

But soon, everyone's eyes fell on Qin Chen, then Rong Lei.

It turned out that Lan Yu's old love was Mr. Rong's fiancée.

This was subtle.

Chapter 2896: You hate me, don't you? 1

What was even more subtle was that when Mr. Rong's fiancée was drawn by Lan Yu, her eyes clearly showed her love for Lan Yu.

Everyone looked at Rong Lei with sympathy.

This is called cheating on your relationship!

His body had definitely been injured, and the black shirt he was wearing was solid proof.

On the stage, Lan Yu looked in Qin Chen's direction, and the corners of his mouth curled up into a smile. It was an extremely indifferent smile.

"I'm auctioning my past," he said slowly. "I believe Miss Qin won't have any objections."

...

After saying that, he looked at her coldly.

The painting was still there.

however, things had changed.

Qin Chen kept smiling, which was extremely embarrassing for her.

she didn't know how much of Lan Yu's probing and unwillingness was in this action, and how much of it was to redeem himself.

however, she could only make him give up.

she pursed her lips and looked at Rong Lei with a faint smile. "I must get that painting. I have the same determination as you when you got the 'time water',"

Rong Lei raised the sign in his hand and said, two million.

that imposing manner had the meaning of 'who would dare to compete with me'.

Then, he looked at Qin Chen and reached out to hold her hand.

Qin Chen looked down and didn't break free.

Lin Sisi stuck out her tongue and thought, why do I feel like Rong Lei is becoming more and more like a nouveau riche?

Where was the cold and noble young man in Sister Qin Chen's heart?

That person was long dead, right? Rong Lei was just a shell now.

Rong Lei's actions also attracted Lan Yu's gaze, but he only glanced at him indifferently and didn't say anything.

He looked at them quietly and then said softly, "Is there anything else you want to add?"

At this moment, someone in the distance also raised his sign. "Three million,"

"Five million." The CEO of Rong Biology was rich and overbearing!

Lan Yu smiled faintly, his gaze landing on Qin Chen's face.

Qin Chen also smiled at him.

The air between them had frozen.

At this moment, the bid had already reached 10 million.

This was a price that only a top-notch master could afford, especially for such a small figure painting.

Rong Lei looked over and recognized the person in charge of his rival company.

"Twenty million," he sneered.

The crowd gasped. After all, it was just a painting. Wasn't 20 million dollars a little too high?

but Rong Lei bought it not for the painting, but for the man's dignity.

In the end, it was Rong Lei who got the painting.

He buttoned his shirt, took Qin Chen's hand, and went up the stage, standing side by side with Lan Yu.

The emcee would naturally strike while the iron was hot and sign the document. Otherwise, what if Rong Lei regretted it later?

During the handover, Rong Lei generously allowed Qin Chen and Lan Yu to hug each other. He put his face next to Qin Chen's ear and said with a touch of coldness, "This is the last time."

Qin Chen looked up.

How could she not know that this was Rong Lei's PR? He needed his image now, and if the matter between her, his fiancée, and Lan Yu were to be exposed to the public, it would not be a glorious thing for him.

Qin Chen only felt bored with his thoughts.

However, she was grateful for this opportunity, even though Lan Yu hated her.

She closed her eyes and felt his warmth for the last time in that polite and pretentious hug.

"Lan Yu, you'll be fine, right?" she said softly.

Lan Yu stood up straight and didn't give her any warmth, but Qin Chen didn't care.

It was fine as long as he was fine.

Chapter 2897: Whose child is her child?(1)

He didn't respond to her either. He kept pushing her away and then pushing Yingluo away.

They finally separated, and their eyes met.

The corners of Lan Yu's lips curled up into a light and lazy smile. "Doctor Qin, please mind your manners."

there was a hint of pain in her eyes.

He was unmoved. He looked at her and smiled faintly."even if he's in a vegetative state, he'll wake up one day!"

then, he said, " "I came to new York just to return the things to you. Of course, I still have to thank Mr. Rong for spending a large amount of money on charity."

...

he looked at qin chen with a gentle expression. " "chenchen, we're done."

He was very calm when he said this.

However, Qin Chen was extremely uncomfortable.

she had lost her cool on stage in front of so many celebrities.

she grabbed lan yu's arm and stared into his eyes, " "You hate me, don't you?"

lan yu's gaze fell on her face and he smiled very indifferently, " "Yes."

Qin Chen was stunned. Then, she looked at her hand that was holding his arm and let go inch by inch.

she lowered her eyes and said softly, "it's good that you hate me." He should be hated."

Lan Yu looked at her deeply again and then said to everyone below, "I, Lan Yu, will officially withdraw from the art world today.

after he finished speaking, he took a glass of red wine from the waiter beside him, took a light sip, and left with light steps.

Qin Chen looked at his back and his body shook.

Her eyes were filled with warmth.

It was the last time they met, the last time they spoke, and the last time they hugged.

The last time, he said he hated her.

It was actually a good thing. It was good to hate her. At least he wouldn't tease her anymore.

qin chen thought she could hold on, but she still fainted on stage.

rong lei caught her.

His eyes were filled with pain.

he had seen qin chen and lan yu together many times. he knew that she had a change of heart and that lan yu was in her heart, but he never knew that qin chen would be so sad for a man one day.

rong lei walked out with qin chen in his arms.

He was definitely going to be cuckolded today!

even a blind man could tell who qin chen liked.

the people present sighed. mr. rong was rich and powerful, with a face and a figure. why did he have to have a woman who had someone else in her heart?

however, the rongs immediately made an official announcement: the president of the rong group and the genius doctor, qin chen, had given birth to an excellent generation.

the public did not buy this news. they were all wondering how she had gotten pregnant.

was he forced to come?

thinking about doctor qin and lan yu's performance on stage, they were very similar!

rong lei carried qin chen to the hospital and didn't notice that lin sisi had left.

Lin sisi caught up to Lan Yu in the Grand Hyatt Hotel lobby.

"guess who i am?" she patted his shoulder from behind.

Lan Yu turned his head and frowned when he saw Lin sisi. His voice was also very cold."Don't follow me,"

lin sisi continued to follow him and even mustered up her courage to enter the elevator with him. "are you very sad? "

Lan Yu glanced at her and remained unmoved. He didn't even give her an expression.

lin sisi looked up at him and whispered, " "maybe sister chenzhen has no choice?"

"Did you have no choice but to get pregnant with the child?" lan yu finally asked very indifferently.

but within this indifference, there was pain.

He and Qin Chen had always taken precautions. The only time he had bought her morning-after pills, it was impossible for them to have a child.

Chapter 2898: whose child is her child? 2

He and Qin Chen had always taken precautions. The only time he bought her morning-after pills, they couldn't have a child. If she was pregnant, the child would either be his or Rong Lei's.

they even had the same month when they were still together. this was a huge blow to a man's self-esteem.

Lin sisi's lips moved, as if she wanted to say something, but in the end, she did not.

lan yu suddenly pushed her into the elevator, his body flat against hers, very close.

Lin sisi could not move. She swallowed her saliva and stammered, " " lan yu, what are you trying to do? let me tell you, i'm gay, i'm not interested in men. "

lan yu stared into her eyes, his expression cold."lin sisi, i'm not interested in you either!"

...

He wasn't even interested in her when she took off all her clothes, let alone now.

he stared into her eyes and asked, " "Is she pregnant or not?"

at this time, he still held a glimmer of hope in his heart. his chenzhen was not pregnant, and everything was a lie to him. she had her difficulties.

lin sisi's heart was beating rapidly.

Now, as long as she told the truth, Lan Yu would do anything to save sister Chenchen. However, this was New York, not City H. Rong Lei, that lunatic, could do anything.

furthermore, if he told the truth, sister Chenchen's child would probably be lost.

Lin Sisi did not dare to say that she had been frivolous when she was young, but now she was really afraid.

So she lowered her eyes and said very, very softly, " "She's pregnant, so she must be with Rong Lei."

on the one hand, she wanted Lan Yu to live a better life, and on the other hand, she wanted to find a way out for Qin Chen, so she said in an even lower voice, " "she might not have you in her heart, and she might not be less important than Rong Lei."

after she finished speaking, she looked up at Lan Yu.

Lan Yu, however, let go of her and leaned back.

He looked at Lin Sisi quietly and said, " "that's because you've never loved Yingluo and fallen in love with another person. how can a third person be allowed to exist in a world of two people? she chose Rong Lei and even had a child with him, which means she has always liked him."

She was a doctor. If she wanted to be with him, she could use any method to make the child disappear and not let him know about Hanhan.

In any case, if she had gotten back together with Rong Lei and had a child by accident, even if she regretted it later and told Lan Yu that she was pregnant and that it wasn't his child, Yingluo could still treat the child as his.

because this was Chenchen's child. he could not bear to hurt her, and he could not bear to see her lose the child.

But she didn't. She chose to marry Rong Lei.

lan yu lowered his head and looked at lin sisi, smiling very indifferently.”Go back to China. Your parents are worried about you.”

Lin sisi’s eyes welled up.

She missed home too, but she couldn’t go back now.

she couldn’t let qin chen face the perverted rong lei and anna alone.

“i’ll go back when i’m done playing!” he said with a smile.

lan yu stared at her and didn’t say anything more.

When the elevator reached the top floor, he walked out and swiped open a door. Lin sisi stood in the elevator and silently remembered it.

“How long will you be staying?” she suddenly asked.

lan yu turned around and raised his handsome brows, but his voice was hoarse, ” “You’ve changed your mind and want to go home?”

Chapter 2899: Whose child is her child?(3)

“maybe i’ll change my mind before you go back,” lin sisi said with a smile.

lan yu’s brows furrowed, and he spoke indifferently, ” “I’ll be staying for a week.”

Lin sisi quickly calculated in her heart, then waved at him. “i know.”

lan yu watched the elevator door close, and all his expressions turned cold.

he closed the door, walked to the bar counter, took out a bottle of red wine, and poured himself a glass. he swirled it a few times and finished the red wine in one gulp.

The red wine was fragrant, but he felt bitter when he drank it.

...

He sat on the sofa and turned on the TV. It was a piece of news.

The president's fiancée of Rong's biological company fainted at the dinner party. Jian Jia suspected that it was low blood sugar caused by pregnancy.

the corners of lan yu's lips curled up slightly in a self-deprecating manner.

Why did she faint? she should be the one who knows best, ran ran.

Lan Yu turned off the TV expressionlessly and sat on the sofa alone, drinking red wine. He savored the feeling of loneliness and heartache.

late at night.

he was still sitting there, drinking wine.

It was not until he felt a little dizzy and could no longer bear it that he walked to the floor-to-ceiling window and pulled open the curtains.

The night in new York was so wonderful.

He had once lived here with Xue 'er for many years. At that time, he thought he loved Xue' er, but later, he found out that it was a kind of love, a kind of feeling similar to that of a sister.

and qin chen was the poison of his life.

He had no regrets when he touched it, but when he wanted to escape, he couldn't save himself.

the night wind caressed his face, clearing his mind a little.

Lin sisi's words also kept repeating in his mind.

he told himself that this was the last time he was going to see her.

Just take it as guilt, take it as she fainted because of him ...

meet him once. From then on, they would not have any contact.

It wasn't difficult to find out where she was hospitalized. Because of his status, there were more than a hundred reporters waiting at the entrance of the hospital. Lan Yu had to use his connections to get into the VIP Ward on the top floor.

rong lei was not there.

Lan Yu pushed open the door to the ward. Qin Chen was already awake.

At the side, Lin sisi's mouth was wide open, then she tactfully said, "i'll go out for a while."

After that, he lowered his head and left.

lan yu closed the door, his eyes still burning as he looked at the pale-faced person lying on the bed.

Qin Chen looked at him and smiled. why are you here? didn't you say you hated me? "

lan yu walked over and stood by her bed. he looked down at her and slowly said, "mr. rong's business is so big that he doesn't even have time to take care of his fiancée. qin chen, is this the relationship you want?"

qin chen coughed and smiled, his face pale. "Are you here to laugh at me?"

“You can say that.” He was still staring at her, at her pale and weak appearance.

He suddenly turned his head, as if he couldn’t bear it, as if he couldn’t restrain the suppression. I’ve never thought that you’d be in such a sorry state. That quack doctor from back then was so high and mighty.

tears welled up in qin chen’s eyes. she looked at him for a long time before whispering, ” “That quack doctor from back then also cured you. Lan Yu, can you forget? We don’t owe each other anything, isn’t that good?”

he stood in front of her bed, in front of her pregnant body, and smiled coldly. ” “qin chen, i can return my life to you, but can you return my feelings to me?”

She was stunned.

lan yu paused for a moment and sneered,”that’s why i hate you.”

qin chen stared into his eyes for a long time before he muttered, ” “it’s actually good to hate me.”

“You should hate me.” She lowered her eyes.

you’ve seen it, ” she said. you can go.

Seeing her like this would make her heart ache.

It was better not to see him.

lan yu took two steps back and continued to look at her.

...

At that moment, he felt a lot of love and hate for this woman.

But in the end, he didn't even need to say goodbye.

lan yu opened the door and went out.

When the door closed, Qin Chen turned his head and looked at it quietly.

there was no expression on her face. it was as if he had never been there, as if nothing had happened.

only her fingers were clenched gently, revealing her emotions.

Outside the door, Lin sisi saw Lan Yu come out and was a little surprised. "You're out so quickly?"

Lan Yu looked at her and smiled very indifferently. I shouldn't have come in the first place. It's just an unnecessary move even if I came.

with that, he walked straight into the elevator.

Lin sisi was stunned for a while before she opened the door and went in.

qin chen sat there quietly, as if in a daze.

"sister chenzhen?" Lin sisi said in a sheep-like voice, " you can actually be a little more selfish.

Qin Chen looked at her, reached out, and touched her face. He said softly, " "Sisi, I can't escape."

Lin sisi's body trembled.

Rong Lei's men are all around. If Lan Yu doesn't leave, none of us will survive. qin chen caressed his stomach. "including this child."

lin sisi looked into her eyes and said, "sister chenzhen, our ran ran ..."

qin chen leaned over, his voice soft but firm. "after destroying the information, kill rong lei."

"kill him?" lin sisi covered her mouth in disbelief. "he seems to have an insane amount of stamina. only anna, who is also insane, can handle him."

Qin Chen's originally sad heart didn't know whether to laugh or cry. "i'm saying, use other methods. for example, yingluo."

"In order to test the time water, he made his body abnormal." Sisi, destroy the information and leave immediately. Don't worry about me!"

Lin sisi naturally refused.

Qin Chen's fingers gently caressed his lower abdomen, and he said in a low and hoarse voice, "This child can help me survive."

Because in the eyes of the rongs, the child was Rong Lei's.

Lin sisi looked at Qin Chen, her eyes wide open. "sister chenzhen, are you going to stay in new York or France?"

a faint smile appeared on qin chen's face. "i want to control the rong family's creature."

there were some things that couldn't be destroyed, so he could only control them.

Lin sisi was stunned. sister Chenchen, "she said, "I want to be with you.

Qin Chen looked at her and smiled. "be good and go home, okay?"

lin sisi wanted to say something, but qin chen stopped her. ” “with one more person, i have one more weakness!”

Seeing that Lin sisi was still silent, she patted her hand and said, ” “i’ll be fine!”

lin sisi’s eyes were filled with pain, but she still nodded in the end.

.....

it was already the next morning when rong lei came to see qin chen.

His hair was slightly messy, and it was obvious that he had been busy the whole night.

rong lei came in, looked at qin chen, and said, ” “i failed again. qiangsen failed again.”

Qin Chen looked at Rong Lei. if you think he can do it, why did you come to me? ”
