

## Thank you 2901

Chapter 2901: Rong Lei is in the sky!1

rong lei grabbed his hair, his expression a little manic. "I need to live again! the time water can only bring me back to the past, but it can't cure my illness."

Qin Chen's eyes narrowed.

now, she finally understood why rong lei was in such a hurry to get the DNN experiment. it was not just for rong biology, but also because he urgently needed the technology. otherwise, he would die or become the man who was so sick many years ago.

Qin Chen's gaze was very calm. Looking at his manic appearance, he sneered, "Aren't you afraid that I'll end your life during the surgery?"

"you won't," rong lei looked at her and smiled.

his smile made qin chen's heart tremble, and he said in a tense voice, "What do you want to do?"

...

Rong Lei loosened his tie and sat beside Qin Chen.

she shifted her body, but he held her down.

"I can only get off the operating table safely if I return to the Qin Chen who had given up on me, right?" he asked softly.

Qin Chen's hands clenched tightly.

Rong Lei leaned closer to her. Chenchen, I will go back to the past too! whether it's body or soul, let's go back to the past and love each other again, yingluo."

qin chen pushed him away and stared into his eyes. "it sounds tempting, but it's crazy." Rong Lei, the past is the past. Even if we go back to the past, it won't be the same."

"but i need you to be devoted to me." he reached out to stroke her chin and muttered, "Chenchen, I need you too. I often want to go back to the past. Sometimes, when I wake up, I feel like I'm a monster, Chenchen. Only you can save me.

As he spoke, he slowly knelt down and buried his face in her legs.

This was the first time she had seen Rong Lei so fragile since she met him again.

Her fingers slowly touched his black hair.

at this time, she was talking to the rong lei in her memory, and her voice was very gentle."You've also been afraid, haven't you?"

rong lei looked up at her and buried his face again."yes, i'm afraid."

Qin Chen shook his head. Rong Lei, I'm scared too. i want to go back too, but i'm not thinking of France. i'm thinking of B city."

rong lei let out a sharp cry, like an injured beast.

like a wild beast abandoned by its lover

he grabbed qin chen's arm tightly and murmured, "it won't happen, it won't happen, Xuxu Chenchen. As long as we go back to the past, we'll have everything. We can even have a child, Xuxu, right? a child? "

Rong Lei laughed until his hair stood on end. He got up and looked down at her. He swept away his previous decline and returned to the high and mighty Rong Lei.

“chenchen, you have two choices now. one is to keep the child and go back to the past with me. Let’s drink the time water together, and you’ll help me with the surgery.” rong lei’s voice was frighteningly gentle.

“what’s the second?” qin chen looked up.

“Second, I’ll make Yingluo, the child in your stomach, disappear. You know I’ll do that! Isn’t that right?” He pinched her chin and smiled. ” i know what you want lin sisi to do. you want to destroy the time water and DNN. she’s dreaming! ”

After he finished speaking, he smiled again. now that I think about it, I have another life in my hands. Chenchen, use your feelings to exchange for it. Do you want to trade? ”

Qin Chen’s face was tense. are you 100% sure? ”

rong lei’s face showed a touch of anticipation.”Of course!”

Chapter 2902: Rong Lei is going to heaven 2

“i have a request,” qin chen closed his eyes.

“as long as it’s not too much, i can agree to it.” rong lei was very generous.

He was extremely excited because he had been lonely for a long time.

Very soon, he would be able to be with his Chenchen, Yingluo.

They could still be the same as before. Yes, they could go back to the past, when their bodies were clean.

What he didn’t tell Qin Chen was that after drinking the time water, her child would be gone.

...

Because her body had returned to how it was before, how could she keep the child?

However, Rong Lei would always miss out on some things.

For example, in the ratio of time and water, he had a precise grasp of his own dosage, but he didn't have such a standard for Qin Chen.

after qin chen was discharged from the hospital, he went to the laboratory in new York. it took her three days to figure out the formula of the time water.

She didn't want to go back to the past. she didn't want to like rong lei anymore, so she set herself after meeting lan yu.

at that time, rong lei appeared and she started to hate him.

in the luxurious restaurant, rong lei raised his cup and smiled slightly. "Chenchen, let's have a toast to our return to the past."

After drinking this glass, they would go back to the past and have a chat.

However-there were too many unpredictable things in this potion ...

even qin chen had miscalculated.

She looked at Rong Lei, lowered her head, and slowly drank the thing in the cup.

lin sisi ran down from upstairs and stared at qin chen in a daze.

She almost screamed at the top of her lungs, "you can't!"

These days, Lin sisi had been under house arrest. She couldn't get out of it, and she had no choice.

qin chen turned around and looked at lin sisi.

she gave a faint smile and did not say anything.

As for Rong Lei, he arranged for someone to send Lin sisi away. Although he was credible in this aspect, he directly packed her up and sent her to his private plane.

In the car, Lin sisi's memory was taken away.

she could not remember anything about new York and France.

at the airport of B city, she was picked up by lan yu, yingluo.

She looked at Mo Yu, but could not recognize who he was.

Not only did Lin sisi lose her memory, but she was also a little silly. She kept calling out two words, " Chenchen.

lan yu took her back and sent her to the best nursing home, but the doctor checked and said that she was not sick.

three days later, an unprecedented wedding was held in France.

It was Qin Chen and Rong Lei.

It should be Qin Chen, who had lost his memory, and Rong Lei, who was so sick that he couldn't be saved.

Time had not only caused Qin Chen to lose his memory, but it had also caused her to lose her medical skills.

She had become an ordinary person who didn't even know how to hold a scalpel.

As for Rong Lei, he didn't make it through the wedding and left this world forever.

he died at the most beautiful age of 20, but qin chen didn't know him.

The reason the Rong family wanted them to get married so soon was because Qin Chen was pregnant with ran ran.

there was a three-month-old fetus in her stomach, and it was very likely to be the next patriarch of the rong family.

Qin Chen, who had lost her memory, lived in France for three years until the Qin family went to France and brought her back.

However, the condition was that Qin Chen's child, Rong Yue, would be sent to France to be the heir when he was 16 years old.

three years later.

in B city.

qin chen walked out of the airport's vip passage. her tall figure was eye-catching.

without a doubt, she was beautiful.

her long brown curly hair was casually scattered on her body, and she was wearing a light green overalls. the first two buttons were unbuttoned at the collar, and her small face was wearing a pair of dior sunglasses.

Chapter 2903: Qin Chen is back, we meet at the airport (1)

qin chen walked out from the vip passage of the airport.

Along the way, he had already received countless gazes.

When she reached the exit, she took off her sunglasses. Her face was gentle and beautiful, with a faint smile.

she squatted down and opened her arms.

a small person in front of her immediately ran towards her. the swaying and swaying of the person was very cute.

“yueyue.” “did you miss mommy?” qin chen hugged his son and kissed him.

...

Rong Yue had been loved by everyone since he was young, and his little face was more delicate than a girl's. At this moment, he kissed his mother and said crisply, ” “Yes, I do.”

Qin Chen carried him with one hand and then looked at Qin Mu, who had brought Rong Yue over. “you came alone? Where's Zhou chongguang?”

Qin Mu sighed. I don't know where he ran off to. I'm even suspecting if he's dating some small star. I don't see him all day.

Qin Chen smiled and waited for the luggage with Qin Mu. He turned his head.”i heard that it's going to be someone's wedding anniversary soon. some people might want to give you a surprise.”

She leaned her head towards Qin Mu. Zhou chongguang is not bad. You have to have some confidence in him.

qin mu smiled. ” you all seem to have confidence in him. however, i don't have too much confidence in him. it's mainly because he was too much of a playboy in the past. ”

“No matter how beautiful I am, I've been subdued by you.” Qin Chen was still smiling, and his face was gentle.

She was like many 28-year-old women, gentle and beautiful, kind to children, and gentle to family.

She would no longer wear men's clothes. She dressed fashionably and tastefully, and was now a famous model.

Everything seemed to be perfect.

but the only regret was that qin chen remembered everything, but he had forgotten about lan yu.

no one dared to mention lan yu xuanji in front of her when she returned.

actually, it was fine if they did not mention it. it had been so long and lan yu seemed to have a girlfriend already. there was really no need to get involved. moreover, there was still yueyue. this was probably something that lan yu would not be able to cross over in their lifetime.

When Qin Mu thought of this, he felt that it was enough. Qin Chen was happy now.

the two of them walked side by side. qin chen carried the child while qin mu pushed the luggage.

however, no one noticed that a slender figure was standing at the end of the vip passage.

his black eyes were almost greedy and cold as he watched the back of the leaving figure.

It was her, she had returned!

she had actually returned.

of course, he had also noticed the child in her hands. this child was the one she had carried in her stomach back then, right?

It was a pity that the child was not born, and Rong Lei had already gone to heaven.

lan yu's lips tightened and he dug into his pocket. he wanted to smoke, but then he remembered that he was at the airport.

"lan yu, what's wrong?" lu wei, who was beside him, asked softly.

lan yu's gaze was still fixed in front. "i met an acquaintance."

Lu Wei looked over as well, and Qin Chen happened to glance at her side profile, so she smiled. "i know her. she's a new model who's done a few haute couture shows as soon as she started. In the past, it would definitely be ranked in the top ten in the world."

lu wei was also a model and was ranked fifth in the world, which was a very high ranking.

as for her being together with lan yu, she took the initiative during a banquet and only confirmed their relationship after a few dates.

However, they had not reached that stage yet.

sometimes, lu wei wondered what he was waiting for.

He was almost 35 years old, and she had been an adult for half a year. They had not had sex yet. No one would believe it if they told others.

Chapter 2904: Qin Chen is back, we meet at the airport (2)

the moment qin chen saw lan yu, he was a little dazed.

she seemed to have seen this person before.

she recognized lu wei, who was standing beside him. she was one of the top five supermodels in the world.

Lu Wei, on the other hand, was very kind, 'I didn't expect to see you here! oh my god, is this little cutie your child?'"

She knew that Qin Chen wasn't young, but she didn't think that he was already married and had children. A model's Golden Age was between 20 and 30 years old, but Qin Chen had used his most precious time to get married.

qin chen was still in a daze and hadn't returned to his senses when lan yu said in an extremely indifferent tone, " "Miss Qin is married to the president of the Rong group in France."

...

lu wei's eyes flashed with a complicated expression.

most of the women in the model, fashion, and entertainment circles had a common goal: to marry into a rich family.

she, lu wei, had been behaving herself all these years because she didn't want to leave a stain on her reputation. it wasn't easy for her to meet lan yu, and now that they were not even together, qin chen had urged her to marry into the rong family in France.

As far as she knew, the assets of Rong biological Corporation were hundreds of billions of US dollars, so why would Qin Chen still show his face?

Just as Lan Yu said this, Qin Chen's face was filled with confusion. "you know rong lei?"

in her memory, rong lei was no longer clear, but she remembered that she had loved him, but she had forgotten when she stopped loving him and when they had a child, ran ran.

her memory was a mess, like a blank space.

Qin Chen looked into Lan Yu's eyes. He was polite but distant, and it almost hurt Lan Yu's eyes.

he pursed his thin lips tightly and stared at the woman in front of him.

what was she doing? was he playing the fool?

Or did she have brain damage when she gave birth to Rong Lei's son?

yes, he knew that Rong Lei had left.

He had left for nearly three years.

however, she had not appeared in front of him for the past three years, and he had not thought of looking for her.

He forced himself to forget about her and was ridiculous for a while. It was only half a year ago that he met Lu Wei.

Lu Wei was different from the other women who were just putting on a show. She was very serious in pursuing him. She said that she was dating him with marriage in mind, and he did not object to it.

However, deep down, he vaguely knew that a large part of the reason he was with Lu Wei was because she resembled Qin Chen.

This was a fact that Lan Yu didn't want to think about. It was only when they returned home late at night that he would automatically erase Lu Wei's face from his memory and replace it with Qin Chen's.

he hated this.

However, he was unable to extricate himself as if he had been poisoned.

but now, when he saw Qin Chen's face, he suddenly woke up.

He suffered for three years, while she lived well for three years.

their past was nothing to her. from the beginning to the end, there was no warmth or nostalgia in her eyes.

lan yu's tone couldn't help but become sharp, " "it's just that mr. rong has already passed away, so miss qin came to the modeling industry. are you looking for a new job?"

qin chen's eyes flashed with displeasure.

She didn't know this man, and he was acting so unreasonable when they had just met.

She hated him.

however, she didn't like to be entangled with others, so she ignored him and just nodded to lu yu.

lan yu clenched his fist and took a step forward. " qin chen! "

Qin Mu stood at the side, feeling quite ...

qin chen had lost his memory. if lan yu didn't have a woman, she could find a way to help them, but now that lan yu had a girlfriend by his side, wouldn't it be too unkind to drag qin chen along like this?

Chapter 2905: Qin Chen is back, we meet at the airport (3)

qin mu wanted to speak, but qin chen had already opened his mouth. " "Sir, do I know you?"

Lan Yu was stunned.

She said she didn't know him! She actually said she didn't know him!

this was a reaction lan yu didn't expect. just as he was lost in thought, qin chen had already led xiao rong yue away.

Qin Mu deliberately delayed for a few seconds and said softly, ” “Qin Chen has lost her memory!”

She then looked at Lan Yu apologetically, ” “Lan Yu, with the current situation, don’t disturb her. This is good for everyone.”

...

Her gaze landed on Lu Wei’s face. She could tell that this girlfriend of Lan Yu’s was a very high and mighty person. She was not the type to play around with. Hence, she smiled slightly. sometimes, it all depends on fate.

She never thought that Qin Chen would let Lan Yu down. Qin Chen’s sacrifice had already happened. The Qin family and the Tang family didn’t want her to be hurt again, even if the person was Lan Yu.

after qin mu finished speaking, he followed qin chen.

Lan Yu was stunned for a moment. He looked over in a daze.

qin chen was calm and unhurried.

She said she didn’t know him, and Qin Mu said she had lost her memory. It seemed to be true.

She had lost her memory and could not recognize him.

Lan Yu suddenly laughed. It was a bitter and ugly laugh.

it was great that she had forgotten. she had forgotten everything.

That’s right, this was her style. If she didn’t care or like something, she would ignore it.

But Qin Chen, since I’m just a game to you, and you’ve forgotten everything about me, why did you come back?

Yes, she could remember Qin Mu. She could remember everything, but she forgot about him?

it was really ironic.

lan yu stood there, his eyes clear and cold. that feeling was very painful. it was as if he had returned to three years ago, when he begged her in front of her, and she said, "lan yu, we don't belong in the same world. the world i want is with rong lei. "

now, he had hotels all over the world, and his assets were no less than those of the rong family biology.

However, when he stood in front of her, they were still from different worlds.

because of her, he had forgotten about him.

lan yu's gaze was deep and serene. he took out the cigarette box and found that there were no more cigarettes inside, so he crushed it into a ball and threw it away.

Lu Wei followed him and only asked hesitantly after they got into the car, "You and Qin Chen, how did you know each other? Did she really lose her memory?"

lan yu took out a cigarette from the control panel and lit it up. after taking a puff, he said calmly, "I've had a relationship with her before. Do you mind, Lu Wei? "

Lu Wei was stunned.

After that, she stared at Lan Yu's expression and said slowly, "all girls care about it, right? but she's married and has a child now. I care about what you think now.

She turned her body to the side and asked, "lan yu, do you want to go back and look for her?"

she asked openly, and lan yu stared at her for a while before saying, "I won't,"

Lu Wei knew that she shouldn't be in a hurry at this time. It would show that she didn't have confidence in him. However, that person was Qin Chen, Qin Chen who had already lost his husband. She still felt pressured.

"Lan Yu, can we cohabit?" he asked softly.

lan yu's hand, which was holding the cigarette, paused, and he couldn't help but frown. "

"Cohabitation? Lu Wei, you want to get married?"

" i know you're not ready to get married yet. i'm just suggesting that we live together. it's a trial marriage. " lu wei tried her best to calm herself down. she told herself that she was a young and mature woman, and these phenomena were normal.

however, her face was still slightly warm and she was a little nervous.

she was afraid that he would not agree.

Chapter 2906: Qin Chen is back, we meet at the airport (4)

"You want to live together because of Qin Chen?" Lan Yu looked at her and said slowly.

"part of the reason," lu wei replied honestly.

She leaned her head on his shoulder and said softly, " "lan yu, i'm not young anymore, i want to settle down."

lan yu looked straight ahead for a long time before he slowly opened his mouth, " " let's get along for another six months. if nothing unexpected happens in this six months, we can get engaged and even get married. "

Lu Wei was both surprised and happy. She did not expect him to bring up marriage.

But after a while, she was a little disappointed. He had clearly given her a promise, but when she thought about it, the promise was empty. It was also a disguised rejection. He was rejecting her proposal to live together.

...

Lu Wei was very disappointed and forced a smile. However, as an international supermodel, she had not reached the stage where she would cling onto a man and not let him go. She had her own words to say.

Moreover, she also knew that she should retreat in order to advance, so she smiled faintly. "lan yu, i'm a little tired and want to go home to rest. can you send me to my apartment?"

lan yu started the car and said out of courtesy, "i've already made an order."

Finally, the woman who had been accommodating him was a little annoyed. "I just want to rest. I don't want to eat."

she thought that he would at least comfort her. after all, he was the one who made her feel uncomfortable. at least, he would send her upstairs and cook a meal for her.

She knew that he could cook, and his cooking was good, but she had never been to his villa and had never tried his food.

Suddenly, Lu Wei felt that she had been too rude. She had just mentioned living together with him, but other than eating at the restaurant, they did not seem to have done anything intimate. How could she say that?

She covered her face, which was a little hot.

However, her anger eventually subsided.

when she got out of the car, even though lan yu didn't say anything, she still returned to her usual gentleness and said in a low voice, "i'll be in B city this week. let's have a meal together when you're free. my parents might come to B city too. yingluo, when you're there,"

Lan Yu looked at her and said gently, "I'll entertain uncle and aunty." &Nbsp;

lu wei was obviously pleased and her mood was much better. she even said in a light tone, " "Are you free tomorrow night? Let's Go To The Movies, okay?" she asked.

Lan Yu smiled. I should be free. I'll give you a call then.

Lu Wei's voice became gentler. let's go home for dinner after the movie. I'll cook for you, okay? "

lan yu was stunned for a moment, but he still nodded. " "alright," he said.

This time, Lu Wei was no longer unhappy. She stood there and watched him drive the car away.

\*

Lan Yu drove the car, his expression slowly turning cold.

At the red light in front, he lit another cigarette and turned on the car radio with one hand.

it was yang zongwei's "blank space."

it was actually very simple and very natural.

The love of two people should be shared by two people.

actually, it's not difficult. you're just too pessimistic.

separated by a wall and not sharing with anyone

i don't want to make things difficult for you.

You no longer need to give me an answer.

I think you love me.

I'm guessing you can't bear it either.

But no matter what, he felt that

There are too many blank spaces between us.

Maybe you're not mine.

i love you, but i should give up on yingluo

.....

In the past few years, he had fallen in love with this song and would listen to it for a while when he was alone ...

but at this moment, he couldn't bear to listen to it anymore. he reached out to turn off the sound system and smoked for a long time.

in front of him, the sun was shining brightly, casting countless silver rays on the road. it also seemed like they would never reach the end.

lan yu closed his eyes slightly, turned the car around, and drove in a certain direction.

Chapter 2907: You still miss her, don't you?(1)

when lan yu's car stopped at a private nursing home, it was already two in the afternoon.

The sanatorium was located in the suburbs and had a good environment. The doctors and nurses there were all very professional.

Three years ago, Lin sisi had a mental disorder. Lan Yu had treated her for a long time, but there was no improvement. In the end, he could only leave her here.

sometimes, he would come to see her.

every time he came, he would stay for a day because he had a lot of things to say to others. he could only talk to lin sisi.

lan yu got out of the car and walked into the building with white walls and red tiles. he had started donating to this sanatorium three years ago. it was about ten million a year, so lin sisi was well taken care of here.

...

When he came over, the director of the hospital naturally came over to receive him. Lan Yu said indifferently, "I just came to see sisi."

the head of the hospital was a female doctor in her fifties. she looked at lan yu and smiled gently, "Sisi's mother is here too, and she brought a lot of sisi's favorite food."

lan yu was stunned.

Madam Lin?

however, he quickly returned to normal. he smiled faintly and walked to the second floor.

She pushed open the door to the private room and saw that Madam Lin was there. She looked up at Lan Yu with a little surprise.

however, madam lin had seen the world and was very calm. she quickly smiled and said, "Mr. Lan is here?"

"just call me blue universe." lan yu walked over and sat down on a chair beside the bed. he reached out and touched lin sisi's hair. "has she been sleeping for a long time?"

“i’ve been here for two hours,” mrs. lin replied,”she’s been sleeping.”

lan yu didn’t wake lin sisi up. instead, he looked at the small table that was filled with the things that madam lin had brought.

she didn’t buy them from outside. they were all homemade food, probably from her hometown.

lan yu’s heart was moved.

In the past, Madam Lin could be considered to have enjoyed glory, splendor, wealth, and standing at the top, enjoying everyone’s attention.

but now, she was only wearing a plain dress, and she looked no different from a woman in her 50s.

Compared to before, he wasn’t considered old, but he was much more down-to-earth.

madam lin sensed lan yu’s gaze and also sized herself up, smiling very lightly.

“old lin has come down from such a high position. we have to keep a low profile. only then will our days be peaceful,” she said.

To put it bluntly, he had to be obedient.

when lan yu heard her words, he also felt a little uncomfortable in his heart ...

back then, the one who had gotten rid of mr. lin was none other than lan yu.

mrs. lin patted the back of his hand. ” don’t blame yourself. i didn’t agree to old lin’s cooperation with rong lei. it’s good enough that you can stop him from ending up like this. otherwise, zhenzhen ... ”

“I really don’t know what’s going to happen,” Madam Lin sighed.

Lan Yu helped her pack her things and didn't make a sound.

madam lin continued, " for the past few years, old lin and i have been living far away. it takes seven to eight hours of car travel to visit sisi. we don't have the means to let her treat her. lan yu, auntie really thanks you. " Thank you for taking care of sisi like this. If not for you, ran ran ..."

Madam Lin was also a rare beauty when she was young. Although she was old now, a beauty with tears always made people pity her.

Lan Yu acknowledged Madam Lin's character. When Madam Lin was in power in the past, she had never made things difficult for them ...

Now that he was in trouble, it was only natural for him to help.

He also felt guilty.

If he had insisted on taking her away, she would not have become like this.

Chapter 2908: you still miss her, don't you? 2

lan yu didn't say anything more and just silently accompanied him.

Madam Lin's gaze fell on Lin sisi's hand.

There, a finger was missing.

This was the pain in Madam Lin's heart. She didn't know what had happened to sisi, but it must have been a very painful thing.

So it was a blessing that sisi became like this, ignorant and clueless.

Lan Yu sat there for more than half an hour before Lin sisi woke up.

...

when she woke up, the person she saw was not madam lin, but lan yu.

in her heart, she had already regarded lan yu as the closest person to her because when she first woke up, the first person she saw was lan yu.

Lin sisi was petite to begin with. The moment she opened her eyes and saw Lan Yu, she pounced over and hugged him in surprise.

Madam Lin was about to reprimand him, but Lan Yu didn't take it to heart and secretly motioned for her not to stop him.

In his eyes, Lin sisi was no different from a child, full of insecurity.

At this moment, Lin sisi's head was in his arms, and her body was trembling.

She clenched her hand into a fist, unwilling to let anyone see it.

She was afraid of Yingluo.

there was fear in the depths of her heart, but she could not remember it.

He only felt that she still had something to do and that she had not met with anyone.

She had forgotten someone, or something important.

but she couldn't think about it. her head was about to explode.

she could only hide. she didn't even know what she was hiding from or what she was afraid of.

Lan Yu had been patiently hugging her and patting her on the head, just like every time in the past.

Lin sisi was actually very noisy, but every time he came over, he felt extremely calm.

because lin sisi was a blank piece of paper. he did not need to hide his emotions on this piece of paper.

she spoke to him, and he spoke to her.

they had a common secret, huhu.

sometimes, he even felt that being with lin sisi was much more interesting than being with lu wei.

However, he knew clearly that he needed a wife, and Lu Wei was very suitable.

His father liked it too.

he meant it when he said that he would get engaged or married in half a year's time, but he really couldn't do it immediately, and he hadn't thought about it.

as he thought about this, he reached out to smooth lin sisi's hair and said softly to madam lin, "Don't worry. i'll take care of her for the rest of her life, forever."

madam lin was moved, but she was also worried.

she believed in lan yu. lan yu had the ability and was good to sisi, but he would get married eventually.

he had a girlfriend now, and they might get married in a year or two. would he still take care of sisi like this then?

Madam Lin did not doubt the money, but would Lan Yu's wife allow her husband to take care of an unrelated girl?

At the thought of this, Madam Lin retreated.

when sisi gets better, I want to take her home, ” she said uneasily. old Lin and I are still in good health. We can take care of her.

lan yu refused without even thinking, ” ” sisi’s condition has just stabilized. she can’t leave a stable environment and can’t do without the care of the doctors and nurses. ”

He looked at Madam Lin and smiled. I know what you’re worried about. Don’t worry. If I say I’ll take care of her for the rest of her life, I mean it.

As he said this, Lan Yu did not know why he was so certain.

in the past, he clearly hated lin sisi. however, after she had lost her mind, he felt an inexplicable pain in his heart when he saw her missing a finger.

Chapter 2909: You still miss her, don’t you?

That day at the airport, he didn’t see Qin Chen, but Lin sisi. He thought that maybe it was because he kept her, that he had hope, so he never gave up on Lin sisi.

Lan Yu was a little lost in thought.

madam lin did not say anything else.

She looked at Lin sisi gently and reached out to stroke her hair.

by lan yu’s side, lin sisi was the obedient one. if she was alone, sisi would become a little uneasy and afraid of wanwan. this was also the reason why she left her here.

sisi seemed to understand. if she stayed here, lan yu would come over to see her.

...

Madam Lin's heart ached.

It wasn't that she didn't desire it, but with sisi's current state and Lan Yu's status being so important, she really didn't dare to think about it. Just thinking about it made her feel disgusted.

After an hour, Mrs. Lin took her leave.

sisi really liked to be with lan yu, and she was willing to make sisi happy.

they might have something to say to each other, but sisi was very sneaky right now and only had things to say to lan yu.

when madam lin left, she was a little depressed.

Lan Yu told Lin sisi to stay in the room and went to send Madam Lin off.

when madam lin left, she was reluctant.

lin sisi was her life and she had been pampered by her since she was young. now that she had become like this, she had to rely on outsiders to take care of her.

she felt an unspeakable heartache in her heart.

Lan Yu saw through her thoughts and said indifferently, " "aunty, i've taken a fancy to a house around here. the location is quite good and it's only a ten-minute drive from here. i've already bought it. I can also drive sisi to visit you."

Madam Lin was surprised.

But after the surprise, she shook her head. you know about old Lin and my situation. It's not that we can't live in B city, but the further we are away from B city, the more at ease we will be.

at this point, madam lin couldn't help but wipe her tears."I'm not worried about leaving sisi in your care. As long as I can still walk, I'll come to see her often."

lan yu silently handed over a handkerchief. " i've already told the higher-ups, don't worry and just stay here. i'm here for everything. "

Madam Lin was moved.

Ever since old Lin's accident, she hadn't had a good night's sleep. In the past, she was worried about sisi, but now, she was worried about when old Lin would be caught again. Yingying was still worried about Lan Yu, afraid that he wouldn't let old Lin off.

now, she was completely at ease, but she knew that they were the ones who caused lan yu to lose the person he loved.

Madam Lin sobbed softly. Lan Yu arranged a car and sent her off with good words, saying that he would find someone to move them over in a week.

After everything was arranged, he walked back and saw Lin sisi sitting on the small bed, eating the honeydew that Madam Lin had brought.

she ate very happily, her expression as satisfied as a child's.

lan yu stood at the door for a long time, then slowly walked in and sat beside her. he reached out and touched her hair as he said gently, " "It's good if it's always like this."

At the very least, he would be happy and would not think about the past.

When he brought Lin sisi back, she miscarried a child.

the doctor had also verified that she had been raped by a few men before.

As long as he thought of the past, he would feel pity for her. In the past, Lin sisi was so pampered, it wasn't an exaggeration to call her a Princess.

Lan Yu was not willing to think about it.

He did not mention any of this to Madam Lin. He was more willing to let Madam Lin believe that Lin sisi was just in a daze.

he looked at her with a gentle smile on his face.

Chapter 2910: You still miss her, don't you? 4

lin sisi stuffed a piece of honeydew into his mouth. ” “You eat too.”

there was an indescribable joy in her expression as she said, ” “You haven't come to see me for a long time!”

there was a little blame and complaint in his words.

Lan Yu smiled and reached out to touch her hair, saying slowly, ” “i met her.”

Lin sisi's eyes widened. She stopped eating her honeydew and just stared straight at him.

after a long time, he swallowed his saliva. ” “Is it that her?”

...

Lan Yu made a sound of agreement.

lin sisi was excited. ” did you tell her that you miss her? ”

Lan Yu's gaze darkened a little. After a long time, he said, ” “She doesn't remember me.”

“You don’t remember?” lin sisi mumbled, then repeated, ” “i don’t remember.”

She held her head gently and looked at Lan Yu carefully. She seemed to be talking to herself. how can she do that? you’ve been thinking about her all this time. How can she forget about you? Wanwan, forget? she can’t forget. If she forgets, she won’t be able to go home.

lin sisi’s emotions started to get agitated. she looked up at lan yu and said, ” “i can’t forget, i can’t forget yingluo, i can’t forget, i still have to go back, i still have to go back, i can’t leave yingluo”

she kept repeating these words and couldn’t stop.

Lan Yu called for the doctor.

Lin sisi’s condition was getting worse and worse. In the end, the doctor gave her a tranquilizer, and she finally calmed down and slowly fell asleep.

By the time everything had calmed down, Lan Yu’s back was already covered in sweat.

He walked into the office with the doctor. The doctor thought for a moment and said, ” “it must have stimulated a part of her memory. mr. lan, if we can retrieve that part of her memory, then sisi may be able to recover. her mental disorder is likely to have been greatly stimulated at that time.”

lan yu closed his eyes, i’ll try my best. i’ll inform you if there’s any news. Do your best to take care of her. ”

the doctor nodded. ” we will. she’s also a poor little girl. she’s also quite cute. ”

when lin sisi brought it over, she didn’t say a word and even called out for the child.

The child was taken away by Lan Yu. At that time, he did it without any consideration.

He was not a Saint, and he still felt that Lin sisi should keep a child given her current state.

After Lan Yu finished communicating with the doctor, he returned to the ward.

Lin sisi was in a deep sleep, and the doctor said that she would sleep until night.

lan yu sat by the bed and gently touched her face, helping her to arrange all the delicious food.

He wanted to leave, but he left Yingluo behind in the end. He was afraid that she would be scared.

in the past, he had treated someone so well, but that person no longer needed him.

He gave this good treatment to Lin sisi, but the difference was that he loved Qin Chen back then. Now, he only sympathized with Lin sisi and wanted to treat her well so that she could feel a little warmth.

Fortunately, when Lin sisi woke up at night, she had returned to normal. She seemed to have forgotten what had happened and chatted with him for a long time.

She was asking him again if he was missing that person.

This time, Lan Yu told her that he missed her, very much.

Lin sisi laughed. She laughed very happily and said that she missed that person too.

Lan Yu was stunned.

After a long while, he realized that perhaps Lin sisi still remembered Qin Chen in her subconscious.

She said she was thinking of Qin Chen.

so, for so long, he and lin sisi relied on each other because they liked the same person, yingluo.

he suddenly laughed.

lin sisi was not relying on him.

It was clearly Qin Chen.
