

Thank you 2921

Chapter 2921: let go of my mommy (1)

qin chen stopped in his tracks and looked at lan yu.

her first thought was that this man was not happy.

because he was not happy, he was somewhat perverted.

Lu Wei isn't dead yet, " Qin Chen sneered. Mr. Lan, aren't you trying to seduce other women as well? "

"Seduce?" Lan Yu softly repeated these two words, his eyes burning as he looked at Qin Chen. " i thought that my feelings for you were hatred. "

Qin Chen smiled faintly, his eyes shining brightly under the crystal above, but in Lan Yu's eyes, there was unspeakable hatred.

...

He hated her. So many things had happened, but she had become peaceful and was Living a Good Life.

She looked like a good wife now, but it was a pity that Rong Lei was not around.

while he was thinking, qin chen coldly said, " "mr. lan, then let's carry out your loathing to the end, huh?"

Lan Yu glared at her.

qin chen ignored him and walked straight out.

She had only taken two steps when someone pulled her hand and she fell into a warm embrace.

She wanted to struggle, but he warned her, ” ” you can scream all you want now. go on, scream. call a lot of people over to let them see you hugging a man. ”

Qin Chen was furious, and he reached out to slap him.

Lan Yu took a slap and glared at her.

Then, he tightened his arms and held her firmly in his arms. He lowered his head and kissed her on the lips.

His lips were burning hot, and his voice was even more hoarse, ” “If you don’t understand what seduction is, then this is what seduction is.”

As he spoke, he pressed his lips against hers again and again, not giving her a chance to escape.

qin chen wanted to struggle, but his arms were so strong. he was clearly a thin person, but the muscles hidden under his civilized coat were so bulging.

He kissed her madly, kissing her so hard that he almost bit her lips.

qin chen pushed him away, his voice suppressed and restrained. ” “Let me go, let me go!”

She hated him, from body to heart.

regardless of whether she had any past conflicts with this man, this man had just proposed to lu wei that night, and now he was blocking her way and forcing a kiss on her.

She despised him.

Probably sensing her thoughts, Lan Yu laughed coldly, ” didn’t you tell others that I forced a kiss on you? now, let me show you what a real forced kiss is.

He was angry with her not because the engagement was ruined. In fact, he did not mean it that way.

he was angry with her only because of her.

The nature of this kiss slowly changed, because of the narrow corridor, because both bodies were wearing very little, because of his long-lasting hatred and longing, and because of his suppression and restraint.

He couldn't hold it in anymore.

He kissed her, from her lips to her neck, and even to the more private parts.

Qin Chen only needed to struggle for a moment before he grabbed her hand and raised it above his head. Then he buried his head in her and bit her ruthlessly.

It was painful, but happy at the same time.

His heart was in chaos. On such a sweaty night, he felt like he had returned to the short time he had with Qin Chen.

Sweet and bitter.

he was self-deprecating that he still desired her body.

Yes, even Lu Wei's top model body couldn't pique his interest.

it had been half a year, but he had not touched her even once. it was not that he did not have any thoughts about it, but just the thought of his desire that had not been realized, he delayed it.

Chapter 2922: let go of my mommy (2)

But now, in front of Qin Chen, he was like a 20-year-old boy, unable to control his emotions.

Suddenly, he stopped, his handsome face resting on her neck as he panted.

All the excitement seemed to have been doused with cold water.

His lips gently touched her beautiful neck and he murmured, ” “i hate myself for being like this.”

after he finished speaking, he took a step back and was about to continue speaking ...

A gush of cold water was sprayed at him.

...

“Let go of my mommy,” a little voice said.

However, the little person didn’t control it well. Not only Lan Yu, but Qin Chen’s body was also wet.

it was summer now, so she was wearing very little. the water sprayed out, revealing her curves.

lan yu’s mind that had already cooled down suddenly heated up again, his gaze deep and serene.

little rong yue, who was at the side, threw down the small water gun and stood in front of his mother. his small face was tense.”Don’t touch my mommy.”

Lan Yu looked at the exquisite-looking child in front of him and a trace of pain flashed past his eyes.

this child was conceived by her for rong yue when he was with qin chen. it was a humiliating existence to him, but this child was so good-looking that he couldn’t even feel a trace of disgust.

instead, he felt that this child was too good-looking.

He couldn't help but reach out his hand, wanting to touch him.

however, little Rong Yue took another step back and stared closely at Lan Yu's eyes. "Don't you dare take advantage of me!"

Qin Chen leaned his head against the wall, not knowing whether to laugh or cry.

As for Lan Yu, no matter how angry or emotional he was, he couldn't do anything to Qin Chen in front of a child, let alone now that his rationality had returned.

He looked up at Qin Chen and said in a cold voice, " "Madam Rong, you can treat it as if I'm drunk."

There was an indescribable sarcasm in the way she addressed Mrs. Rong.

No matter how vicious Qin Chen's words were, she still had to maintain her image in front of her son. She had to remember that she was a poor mother who was being persecuted.

Hence, he lowered his eyes and said very lightly, " "Mr. Lan, just don't forget your identity."

Lan Yu looked at her deeply, then at the exquisite child. Finally, he stepped back and left in a sorry state.

Qin Chen still stood there, watching him leave.

"Mama, you'll get sick like this." Xiao Rong pulled her. He was referring to Qin Chen's wet body.

Qin Chen gave his son a smile and reached out to comfort him. Then he took out his phone and sent a message: help me find a few people, find Lan Yu from Jun Yue, and beat them up. It's fine as long as they don't die.

After sending the message, she smiled gently at her son. " "mommy will go and change her clothes first."

She took Xiao Rong Yue to Zhao Yan's office. Zhao Yan still had his wife's clothes. Fortunately, they were all sportswear. Although they were short, they could fit.

however, when zhao yan saw qin chen's legs, he started to doubt his life. a pair of shorts did look different on qin chen, no wonder he became so popular so quickly.

The speed at which she became popular was comparable to that of the famous Brazil model, Gisel. Bang Chen was the same. He won in his aura and appearance.

even little rong yue had learned to appreciate it and whistled.

Qin Chen gently knocked his head, and Xiao rongyue immediately became obedient.

"then we'll go first. i'll return the clothes to huahuahua another day." Qin Chen smiled and greeted him. do you want me to tell her personally? otherwise, she'll suspect you the next time she can't find any clothes.

"it's fine," zhao yan smiled nonchalantly.

Chapter 2923: Lan Yu was beaten into a pig head 1

"It's fine," Zhao Yan smiled nonchalantly.

his little wife was very innocent. even if she found out, or even if it was another woman, she would believe him if he wanted to lie to her.

she was a little girl so innocent that no one could bear to hurt her.

zhao yan wasn't supposed to be home until 10 am, but he changed his mind. he grabbed his jacket and walked out with qin chen."I'll send you guys!"

“I drove here,” Qin Chen refused with a smile.

Zhao Yan looked at her for a while and made sure that she was fine. He smiled and said, ” “that’s good.”

...

after that, she said goodbye to qin chen in the parking lot.

xiao rong looked at him eagerly. zhao yan smiled and bent down to kiss the little guy. ” next time, i will definitely bring little sister to play with you. ”

Only now did little Rong Yue feel a little happier.

qin chen smiled helplessly.

her son was only three years old, and he was already so lustful. as a mother, she was under a lot of pressure. she was really afraid that he would chase after the little girl all day long after he went to school and scare the little girls in other families to tears.

She carried her son into the car and watched him sit obediently in the children’s seat. Then, she buckled her seat belt and started the car.

the white sports car was driving in the dark. she was focused on driving when her phone rang.

She picked up the call via Bluetooth.

The voice on the other end was straightforward, and the matter was also done in a straightforward manner.”miss qin, it’s all done. They stopped him at the entrance of Mr. Lan’s Villa. This time, Mr. Lan will be hospitalized for about a week.”

Qin Chen agreed and hung up.

Immediately after, her gaze became gentle again as she looked at little Rong Yue from the rearview mirror.

mother? ” Xiao rongyue’s face was full of curiosity. mother, who called? ”

“It’s your uncle Qin mo.” Qin Chen lied without changing his expression.

the little guy replied with an “oh,” and then casually said, ” “i thought mom would take revenge today.”

Qin Chen raised an eyebrow.

xiao rong yue acted like an old man. ” it’s the uncle who took advantage of mom. according to mom’s character, shouldn’t she find someone to beat him up? ”

qin chen’s heart broke down a little, and he coughed lightly. ” “Is mommy that fierce?”

she had always been very gentle and kind in front of her son. what made her son think that she was such a fierce woman?

“intuition!” xiao rong yue smiled.

“Your intuition is not very accurate.” “believe in science in the future,” qin chen said to his son with a dark expression.

“and this!” little rong yue was still smiling.

there was a phone in the little guy’s hand. qin chen saw from the rearview mirror that the sports car was floating because it was his phone.

the little guy looked at his mother and said in all seriousness, ” “mom, you’ve always taught me to be an honest child. so it turns out that adults can be dishonest too.”

Qin Chen really didn’t know how to educate this child. He was too clever.

Her face darkened. the world of adults is very complicated.

“that uncle kissed mom. the law can’t protect mom, so she beat him up. that’s dark justice!”

Qin Chen was speechless.

After that, she calmly said to her son, ” rongyue, do you want to change your choice and become a lawyer in the future? ”

“You want me to serve those rich people?” Xiao Rong Yue cried out.

Qin Chen was worried about his son’s values.

xiao rong yue let out a long breath. ” if i want to be a lawyer, i have to be the best lawyer in the world. the kind where everyone kneels in front of me with money and begs me. ”

Chapter 2924: lan yu was beaten into a pig’s head 2

qin chen was speechless.

Then, as a mother, she asked worriedly, ” “Is the person begging you a man or a woman?”

xiao rong yue was in a difficult position.

he thought about it carefully before answering, ” ” i might not be able to control that, but if a woman begs me, i’ll probably be soft-hearted! ”

Soft-hearted?

would he?

...

Qin Chen didn't know much, but it was true that her son had inherited her venomous tongue.

To be honest, Qin Chen had never despised himself, but he despised Xiao Rong's sharp tongue because he was deeply worried that he wouldn't be able to find a wife in the future.

Late at night, the mother and son went back in the same car. It was quite heartwarming.

When she got home, little Rong Yue was only three years old. He fell asleep very quickly.

Qin Chen took a shower and put on a black bathrobe. He sat in the living room of the apartment, watching the news on TV while drying his long hair.

as the president of the world's largest hotel chain, the news of blue universe being attacked and beaten up in the middle of the night would definitely be on the financial news. if it was not handled well, it might even be on the social headlines.

sure enough, as soon as the tv was turned on, all the channels were bombarding this news.

the spokesperson of the grand hyatt corporation clenched his fists in front of the reporter's camera and shouted that he wanted to catch the person-

cut into shreds, slices, and chunks!

Qin Chen looked on with a cold smile on his face.

she changed her clothes and turned on the butler service. almost immediately, a butler came to take care of little rong yue for her.

when qin chen drove out, it was already one o'clock at night.

the night was silent.

There were almost no pedestrians on the streets. She drove with the window down. The night breeze was cool and very comfortable.

it took qin chen about half an hour to get to a private hospital.

coincidentally, it was sheng yuan.

qin chen's car stopped, and she looked up at the building. in her memory, it seemed to have been renovated.

she looked at it for a long time before she took something and opened the door to get out.

Only a few nurses would pass by occasionally when she walked along the hospital corridor at night.

however, most of the nurses recognized qin chen. even though she had long hair and looked like a woman, the nurse still recognized him. she was at a loss for words."doctor qin?"

oh my god, it's doctor qin!

qin chen stood still and smiled faintly.

She remembered that she had been a doctor before, but she had completely forgotten about her profession. She also remembered the building in front of her, but not so deeply.

she looked at the nurse and said in a slightly hoarse and seductive voice, " "you know me?"

The nurse was extremely excited. of course, Dr. Qin. You used to be very popular with ran ran in our hospital.

the nurse blushed as she spoke.

it was very meaningful.

in the past, she used to think of dr. qin as the subject of her x-ray vision. however, dr. qin was not only a woman, but also such a beautiful woman.

qin chen looked at the nurse and smiled.”can you take me to the place where i used to work?”

The nurse was stunned for a moment before she replied, ” of course you can. Chairman ye has been keeping your office untouched.

Qin Chen smiled.

it was big brother.

when she was in France, although she didn’t return to the country, big brother would fly over every month, and xue ‘er would follow him.

he was a little touched in his heart, but he still put on a cold face.

The nurse was even more excited than her. She led her into the elevator and introduced excitedly, ” “Doctor Qin, your office is located in the best Fengshui area in Sheng Yuan.”

The best Fengshui? what joke was this?

Chapter 2925: lan yu was beaten into a pig head 3

qin chen’s smile was subtle.

The young nurse said matter-of-factly, ” CEO ye personally invited a Feng Shui Master to choose this place for you because the best place is the director’s office. So ...

“The hospital director has moved to another office,” the young nurse said in a soft voice.

“was i this overbearing back then?” qin chen smiled indifferently.

“No, no, no, it’s President ye who loves you.” the young nurse quickly waved her hands.

qin chen didn’t say anything else.

...

the elevator had reached the 26th floor and stopped with a ding.

The young nurse explained as she led the way, ” our hospital is using the latest fingerprint lock, so you can go in and take a look now, dr. qin. ”

after that, he stopped at the door of an office.

qin chen lifted his finger and unlocked the door with his fingerprint.

She looked at the nurse.

“it’s probably chairman ye who personally went to collect your fingerprints, dr. qin,” the young nurse explained with a smile.

qin chen smiled, and when he opened the door, he said softly, ” “i want to take a look alone.”

the nurse nodded, but just as she was about to leave, she suddenly turned around and looked at qin chen.”By the way, Dr. Qin, CEO LAN is still staying in the same VIP Ward as before, number 288.”

as she spoke, she blinked her eyes.

“how do you know i’m here for him?” qin chen coughed lightly.

the nurse smiled. ” you have a pepper spray in your hand. also, in the entire hospital, the only person who has a new and old grudge against you is ceo lan. ”

Qin Chen stood there.

Her heart sank.

yet another person had told her about her past with lan yu.

“Do I have a deep grudge against him?” she asked with much difficulty.

The nurse looked at Qin Chen’s expression and laughed dryly. She asked carefully, ” “Doctor Qin, did you lose your memory?”

Qin Chen nodded.

The nurse wanted to beat herself to death. She really had amnesia.

Qin Chen’s memory loss was very special. Because of Rong Lei’s mistake at the time, her memory was fragmented, and the part that belonged to Lan Yu was sealed.

and some fragments related to lan yu were also sealed, so the memory became a little fragmented.

This was especially so for an important place like Sheng Yuan. She did not remember many important clues.

Qin Chen pursed his lips and smiled.

the nurse was quite upset.

Although Dr. Qin was very beautiful now, she still liked the extremely handsome Dr. Qin. At least, Dr. Qin had CEO LAN back then.

but now, he was

the nurse left the room.

qin chen's gaze was deep as he slowly pushed the door open.

Inside, it was spotless.

there was a familiar smell.

she walked over and touched the expensive porcelain, coffee set, and Italy luxury brand leather sofa.

everything here was extravagant, but the taste was very good.

qin chen walked to a place based on his intuition and opened the can.

The coffee beans inside were actually intact. She sniffed them and found them fragrant.

the blood in her bones told her which domestic coffee beans were these, how much they were worth, and how many grams she should use to make a cup of coffee. she had already started weighing the amount and washing the coffee pot.

as the fragrance filled the room, she walked into the changing room and opened the closet door.

A large row of men's clothing was neatly hung up, and the brands were so extravagant that she couldn't bear to look at them.

Qin Chen wouldn't wear all these top brands in the fashion industry now, it would be too pretentious.

not to mention, she was wearing a man's outfit.

She looked at the clothes in the closet and took out a set to change into.

She was wearing black Casual pants and a grey shirt. She tied her hair up in front of the mirror.

Chapter 2926: Are you going to let go of me? 1

Qin Chen slowly returned to the outer room and gently poured two cups of coffee.

She picked up the expensive bone china cup and took a sip. It was slightly bitter ...

but there was a familiar smell.

there was also the feeling of heartache.

she didn't notice that the door had been opened. lan yu, who was dressed in bandages, stood at the door and looked at qin chen in shock.

She was dressed in her old clothes, leaning against the wall of the office and drinking the coffee that she had just brewed.

...

Her expression was exactly the same as before.

Yes, it was exactly the same.

Except for her long brown hair, which was also tied up.

lan yu looked on in shock, his body unable to move at all.

qin chen smelled the coffee and suddenly looked up at lan yu, who was at the door.

She pursed her lips and smiled. “Mr. Lan, you’re so heavily injured, but you can still run this far.”

her pretty face turned to the side, and her expression was somewhat mocking. ” “Are you here to reminisce?”

Lan Yu didn’t move and kept looking at her.

He looked like he was in a dream as he walked over slowly.

Without her noticing, he suddenly hugged her.

his actions were so fast that she didn’t have time to react, and the coffee in her hand spilled out.

“Blue universe.” she called out his name in a moment of desperation.

however, lan yu seemed to not have heard her and continued to lock her arms and body. his strength was so great that it was as if he was crushing her.

“you’re finally back.” his face was buried in her neck, and his voice was hoarse.

qin chen struggled. ” let me go. ”

at this moment, lan yu also saw the pepper spray on the table and his mind slowly cleared up. he also understood why she came to the hospital.

He knew even better who had beaten him up tonight.

he picked her up with one hand and walked straight ahead. qin chen hit his shoulder and said angrily, ” “What do you want to do, Lan Yu?”

He kept walking until she was pressed against the wall.

His body was hot as he pressed against her, and his eyes seemed to be burning.

“What do I want to do?” He trapped her with his body and leaned closer to her. I want to see what it feels like to try someone else’s wife, or if you’re different now that you’re a woman.

qin chen was stunned.

he actually wanted to!

She struggled with all her might, but he held her down and kissed her without a care.

he was as rough as a wounded beast.

after realizing her intentions, he took the pepper spray she had brought and sneered. ” “this can’t save you either.”

he rudely lifted her small face. ” mrs. rong, shouldn’t you pay the price for letting someone beat me up like this? ”

he forced her to look at him, and his voice was so cold that it seemed like ice could be shaken out. ” you know very well that it’s not difficult to find out who the mastermind is. i can sue you until you spend the rest of your life in prison. ”

qin chen raised his head. Wouldn’t it be better if CEO LAN could also Sue me for sexual harassment?”

Lan Yu raised his eyes and glared at her angrily. He sneered. then wouldn’t it be better if I just confirmed this!

he held her delicate chin and said, ” “you can sue me for rape.”

as he said that, he moved closer to her and whispered in her ear, ” “because i’m about to f * ck you.”

Qin Chen's eyes widened.

“compared to you wearing women's clothes, i seem to prefer you in men's clothes, because it's more satisfying,” he said sarcastically.

He was clearly lying to her when he said that.

When he first saw her at the airport, he was so shocked.

Chapter 2927: are you going to let go of me? 2

He was clearly lying to her when he said that.

when he first saw her at the airport, he was so shocked.

Qin Chen's knee went up and hit her.

As Lan Yu cried out in pain, she looked at him coldly, ” “how about this? are you happy?”

she thought that he would let go of her in pain, but he didn't. no matter how painful it was, he still held onto her.

Cold sweat trickled down from his forehead and drenched his hospital gown in an instant, making his wounds even more uncomfortable.

...

She could naturally feel that he was not following his heart.

no man could regain his glory after such a blow. qin chen would not show any mercy to such perverts.

as for lan yu, he endured the pain and a cold smile appeared on his face.

Under her shocked gaze, his palm undid her Kasaya with amazing familiarity.

This was Qin Chen's most humiliating moment.

this man actually treated her like this!

this man actually dared to treat her like this!

he was obviously dying, but he still wanted to take advantage of her. didn't his injuries hurt?

it was painful, very painful.

She had not had a man for a few years, and now he was so rough.

This wasn't a little game between couples, but a kind of humiliating torture.

He toyed with her almost heartlessly and teased her.

Qin Chen was in pain, and he was a little flustered.

In her memory, there was no such thing. She didn't even remember having sex with Rong Lei.

it was the first time she had been tortured by a man's fingers.

Moreover, this was in her office, and this man was covered in wounds. There were some parts that he couldn't speak of and couldn't be said.

how thick-skinned was he to dare to treat her like this?

Qin Chen was extremely angry, and his body was covered in sweat.

She had no way to vent her anger, and he just happened to come over and shamelessly asked her, ”
“Comfortable?”

she immediately bit his neck, right where his artery was.

when the blood vessel was bitten, it would make people feel like they were on the verge of death.
qianqian lan yu was no exception.

however, he was not afraid. instead, he treated her even more detestable.

his dark eyes stared at her and his voice was hoarse. ” “It would be best if we all die Here.”

“qin chen, if you bite me to death, i’ll dare to kill you. do you want to try, huh?”

Qin Chen glared at him, his liver trembling.

Finally, she relented and gritted her teeth. “you’re crazy!”

she let go, but he wouldn’t.

“i’m crazy, can’t you feel it?” his voice was hoarse. ” yes, you’re someone who has forgotten the past. how could you feel that you have a heart? ”

It was as if he had gone crazy. In the end, he was tormented like this, and something happened again.

after the pain subsided, he felt it again. in the end, he still occupied her while she was struggling violently.

However, 2S. (Two seconds.)

everything was calm.

The air that had calmed down was subtle and embarrassing.

As a man, a man who had just done it with a woman, two seconds was a number that made it hard for him to be tough. Besides, he had forced her to do it.

he panted slightly as he leaned against her neck.

qin chen lowered his head and sneered. ” “Mr. Lan, the next time you try to rape me, you’d better take some medicine first. Otherwise, you’ll only humiliate yourself and it won’t look good on your face.”

Lan Yu raised his head slightly, his gaze focused on her.

The meaning behind it was somewhat hair-raising.

Qin Chen sneered and provoked him. “Mr. Lan, do you still want to challenge yourself? The next time is ten seconds?”

Chapter 2928: are you going to let go of me or not?

Lan Yu’s expression was extremely ugly. As a man, he had been looked down upon like this.

She was the woman he hated, but he hated himself more.

on one hand, he hated her, but on the other hand, he yearned for her.

He couldn’t help it, but he was also angry.

Qin Chen had already tidied up his clothes and walked two steps to get a coffee cup.

lan yu didn't know where his courage came from, but he hugged her from behind. the huge impact made them both stumble and fall, all the way to the desk.

...

"I'll let you know if it's ten seconds or not." his face was pressed against the side of her neck. his voice was low and hoarse, and his hot breath on the side of her neck attracted her.

"if you dare to touch it again, i'll call the police." qin chen bit his lip.

"report! let others see how the high and mighty doctor qin is held in a man's arms and how he makes love with a man. " he pressed his face against hers. " i heard that miss qin's personality is now one cold and one indifferent? " How could one be cold and one be indifferent when she gave birth to a child, huh?"

after he said that, he let her know that he only had ten seconds ...

The result was two hours.

it wasn't that it didn't end, but that he continued almost as soon as it ended, without taking a break in between.

After he had released all the pent-up pain, he crazily hugged her again and again.

Moreover, he didn't even have the mood to change her body while hugging her like this.

It wasn't that Qin Chen didn't resist. First, it was because of the difference in strength between men and women. Second, he was hugging her from behind, so she couldn't use any strength.

Just like that, the intimate relationship that seemed to be gnawing into one's bones and blood continued.

the man and the woman didn't say anything, as if they would break this embarrassing scene if they did.

Until the end.

He was still hugging her.

His sweat was cold, but his heart was still beating fast.

"Can you let me go now?" Qin Chen's voice was hoarse.

lan yu closed his eyes slightly and didn't say anything. he only felt that bone-corroding feeling again.

In the end, he still let go of her.

qin chen supported himself with the desk, slowly walked to the sofa, and sat down. he adjusted his clothes.

At this time, her beautiful brown curly hair was flowing, and her face was red, which was particularly seductive.

Lan Yu had never seen her like this before. This was a huge temptation for all men.

Qin Chen's forehead was still covered in sweat, and his breath was a little messy, but his voice was very cold. "mr. lan, are you satisfied? if you are, you can get lost."

lan yu also tidied his clothes and walked over slowly. he leaned over and placed his hands on both sides of her body.

he stared at her with a deep gaze and asked word by word, " "Miss Qin, are you satisfied? If you don't, I can continue."

As soon as he finished speaking, he was slapped in the face.

He didn't avoid it, nor did he intend to avoid it, so he took the hit.

Not only did he not get angry, but he also chuckled, " "getting slapped and sleeping with someone else's wife, that's fair."

qin chen raised his head and took a photo of him with his phone.

On his neck, there were red marks that she had left when she was staring at him. Each of them was extremely ambiguous.

She took a picture, but this action did not anger him. Instead, she took out her phone."Do you want to send it to Lu Wei? It's fine if you don't have her WeChat account, but I suggest you add her first."

"you think i don't dare to?" qin chen gritted his teeth.

Lan Yu had already pulled out Lu Wei's QR code, " "Add! Send it to her and tell her that we slept together. Tell her that you slept with her boyfriend, okay?"

Chapter 2929: Your temper has gotten worse (1)

He leaned his face close to hers and sneered, " " also, tell her how it feels. after all, she hasn't had a taste of ten seconds yet. "

Qin Chen was so angry that he snatched his phone and threw it at the wall opposite.

with a bang, it was torn to pieces.

lan yu looked at her, unmoved. his smile became even colder, but his fingers touched her lips very gently. he murmured in a low voice, " your mouth is still as poisonous as before, but your temper has become much worse. "

Qin Chen slapped his hand away. get lost!

"you're not going to message lu wei?" he raised his head, chuckled, and pinched her chin. " "It's very comfortable to do it with you. Did you also make Rong Lei feel this comfortable, huh?"

...

this time, she was completely infuriated. with a coffee cup in her hand, she threw it at him.

blood seeped out of lan yu's forehead.

but he didn't care. he just looked at her in the red mist, at the woman he once loved deeply.

in that fog, he seemed to see her past self.

He fainted. Before he fainted, he didn't even know that he had called out 'Chenchen'.

half an hour later, lan yu was sent back to the ward. his attending doctor was busy sewing up the wound on his forehead, but he did not dare to speak out against the murderer beside him.

Qin Chen looked at the unconscious Lan Yu, his face pale and gloomy.

She had never seen a person who looked so gloomy even when he was unconscious. She turned to the doctor and asked, " is there a problem? "

The attending doctor's gaze was a little profound."The physical injuries are naturally not a problem, but I don't know about the ones in the heart."

Qin Chen glanced at him and said, " "It's fine as long as you keep your life."

after that, he turned around and left.

the attending doctor and the young nurse looked at each other.

dr. qin, still the same dr. qin, extremely cold.

lan yu should be glad that qin chen didn't have a doctor now, otherwise, he wouldn't even know how he died.

Just as Qin Chen said, it was enough to keep her alive.

A person in a vegetative state was still alive!

the attending physician wiped his sweat and continued suturing.

In the hospital's parking lot, Qin Chen sat in his car, quietly watching the dark night outside.

at this moment, she could be sure that she and lan yu had done it before. otherwise, he wouldn't have been able to find such a precise way to make her happy.

He was astonishingly familiar with her body. Although she resisted, they were shamelessly in sync in this aspect.

she leaned her head against the seat and rolled down the window to calm herself down.

tonight's events had exceeded her expectations.

she had to forget that she didn't want to get involved with a man, even if they had something going on.

she would not forget that his girlfriend was lu wei and they were almost engaged tonight.

Scumbag!

In the end, Qin Chen came to a conclusion and started the car to leave the parking lot.

before she returned to the apartment, she went to a pharmacy to buy birth control pills for 24 hours. when she was done, the salesgirl seemed to be talking to herself. "don't worry, miss. all the medicine here is real. there's no such thing as counterfeit. the previous boss was evil and specialized in selling fake medicine, especially this medicine. if you don't take it, you'll have many more children."

"were the previous medicines fake?" qin chen frowned.

Seeing her reply, the salesgirl on the night shift perked up and smiled a little. "speaking of this, there's another interesting thing!"

Chapter 2930: Your temper has gotten worse 2

Qin Chen wasn't interested in gossip, but at this moment, she felt that there was no harm in listening to it.

hence, she bought a bottle of water and ate it with medicine.

The salesgirl said quietly, "let me tell you. One day, a man came to buy this medicine. The medicine happened to be fake. I wanted to tell you, but he bought it for a man.

The salesgirl's expression was one of speechlessness. I really don't know why two men need to take medicine after doing that kind of thing. Just thinking about it makes me sick!

Qin Chen also felt like it was a fantasy and smiled.

"But, that man is really handsome, the best-looking man I've ever seen," the salesgirl said with a look of yearning. unfortunately, he's a small fry."

...

she looked at qin chen. " hey, don't say it. miss, you look very similar to that beautiful man. "

The salesgirl kept looking at it, as if she wanted to see it clearly.

The corners of Qin Chen's mouth turned cold."you're wrong."

after saying that, he left.

The salesgirl stared at her back for a long time and suddenly slapped her leg. this coldness, it seems to be her!

So, so, so, so, the one who took the contraceptive pill back then was this?

then, then, then, did you accidentally leave behind a child back then?

the salesgirl looked on helplessly. she didn't have the courage to go up and ask, unless she was looking for death!

Qin Chen got into the car and started it immediately.

She was driving very fast, and there was a cold look on her face.

What the hell, why was Lan Yu everywhere?

lan yu seemed to be everywhere in this city.

Qin Chen didn't return to the apartment immediately. Instead, he walked around the city and ran one more round. He bought breakfast and newspapers and was ready to go back.

She felt much better after sweating, but she didn't expect that she would be in the entertainment headlines this morning.

she appeared in the same frame as lan yu in zhao yan's dining room, the dark corridor, her appearance in the hospital, and lan yu in front of her office door. the last picture was of her buying medicine at the late-night pharmacy.

the unscrupulous person even enlarged the medicine box in her hand, and the words " certain brand of morning-after pills " were clearly visible.

Qin Chen took a sip of his drink, tore the newspaper in half, and threw it into the bin. She didn't care about this matter, since a certain man would wipe his ass clean anyway.

as she had expected.

The one who had the biggest reaction to her spending the night with Lan Yu was none other than Lu Wei.

Early in the morning, Lu Wei went to the hospital. She did not express her condolences but instead, she questioned him.

lan yu was seriously injured, but after hearing the gossip in the morning, he still spent a lot of money to suppress qin chen's matter. he had just finished his work and wanted to rest when lu wei came.

Lu Wei had brought a bouquet of lilies and had found a vase to keep them as soon as she arrived.

Lan Yu frowned and spat out a mouthful of blood.

He pointed at the flower and frowned. take it away. Take it off.

Lu Wei was stunned for a moment before moving his hand away. However, Lan Yu's wound split open again, covering both his head and body.

The attending doctor was busy again. Of course, he looked at Lu Wei with a meaningful gaze.

This morning, you're here to settle accounts, right?

The doctor was very Black-bellied and felt that the conflict between this couple was not deep enough, so he coughed lightly. Mr. Lan, you can't do any more strenuous exercise. Even if it's a married couple's life, you have to control the time. Control it to within ten minutes. Things like two hours or something, it's better to avoid it in the end.

married life.

ten minutes passed.

after two hours, lu wei's face had turned completely black.
