

## Thank you 2971

Chapter 2971: Qin Chen, let's get married (4)

lawyer xu looked at the medicine in lan yu's hand. after all, he was someone who had been through this!

She understood and felt that it was not appropriate for her to stay, so she took the documents and left.

lan yu sat down and thought about lawyer xu's words. he smiled faintly.

pity ...

Qin Chen never needed it!

he walked into the lounge and saw that qin chen was awake. he was still wearing his black shirt and was leaning against the head of the bed in a daze.

...

Did the expression on her face mean that Wanwan regretted it?

Qin Chen looked up, probably because he heard footsteps.

"lawyer xu came by just now. you've seen wanwan before. i got him to handle the documents you signed." he said lightly, then sat on the edge of the bed, his eyes becoming a little deep."Lift the blanket."

qin chen glanced at him.

"unless you want to walk so that people can see how intense we were just now." Lan Yu's voice suddenly turned hoarse.

She still did not move.

he simply did it himself, lifting the quilt and rustling it was a little rough.

“I’ll do it myself.” her voice was trembling and she wanted to close her legs.

however, not only did it not close, but it also pulled the wound.

She let out a “bzzzz” sound, feeling a little embarrassed, so she kicked his shoulder angrily.

Lan Yu quickly grabbed one of her legs and frowned. “It’ll only hurt more if you move.”

although he said that, his actions were much gentler. the medicine was cold and comfortable to apply on the wound.

qin chen couldn’t help but sigh. lan yu raised his eyes and looked at her meaningfully, then closed the medicine box in his hand. ” i’m done. ”

He raised his hand to look at the time. it’s time to get off work. Let’s go back!

“I’ll go back by myself.” Qin Chen held his hand.

Lan Yu originally wanted to hug her, but after hearing her words, he straightened his body and wrapped his arms around his body. His voice was cold, ” “Sure.”

qin chen lifted the blanket and got up, but he cursed in a low voice as soon as he moved.

he was a beast!

lan yu looked down at her. ” are you going to walk on your own now? or do you want me to carry you? ”

“take the private elevator.” qin chen looked up and pursed his lips.

“Madam Rong’s demands are always so high.” his voice was even colder, as if he was extremely impatient.

qin chen leaned back, his eyes even colder than his.”you should call her mrs. lan now.”

After she finished speaking, Lan Yu’s gaze changed. It became burning hot, so hot that it could almost melt her.

he lowered his body and placed his hands on both sides of her body, muttering, ” “I really want to kill you.”

“If I’m dead, where did you get Mrs. LAN from?” Qin Chen said mockingly.

“Do you think I only want you?” Lan Yu sneered.

She raised her head and looked into his eyes, carefully searching for the meaning in his eyes.

“lan yu, do you always lie?” she smiled.

her slender arms wrapped around him, and her lips pressed against his. she almost muttered, ” you clearly like me, but you have to act like you hate me. Lan Yu, don’t you feel awkward? ”

she kindly reminded him, ” I’m heartless and I won’t like you now. Think about it. You won’t be happy in this marriage.

lan yu’s long and narrow eyes narrowed slightly.

He stared into her eyes and said, ” “Let’s wait and see who’s the one who’s unhappy.”

“Childish!” Qin Chen snorted.

Lan Yu was slightly startled.

he remembered that a long time ago, when he woke up from a vegetative state, qin chen had said the same thing to him.

Chapter 2972: Qin Chen, let's get married (5)

at that time, she was very cold.

On one hand, he thought that she was a quack, but on the other hand, he thought that she was very cute.

at that time, he felt that he had gone crazy. he actually thought that a man was cute.

he tried his best to attract the man's attention until he couldn't take it anymore and felt like he wanted to be with him. only then did he realize that he was a woman.

Now, she was a woman, but he didn't think she was cute. Instead, he thought she was very cold.

the reason was all because of her words,"lan yu, i don't like you."

...

Lan Yu smiled lightly. Mrs. Lan's words are also what I want to say.

He nibbled her lips in return, a little flirtatious, but even more so with a sense of punishment. I look forward to the days when we hate each other and kill each other.

qin chen looked at the fire in his eyes and was a little uninterested. " "i just want to take a bath now."

"there's no bathtub here. i'll take you back to the villa." He said softly, then deliberately carried her out.

Fortunately, she took the private elevator and no one saw her in this state.

qin chen didn't resist, only sitting in the back seat and saying, " "I want to go back to the apartment."

inside the car, it was dark.

Lan Yu's fingers were on the steering wheel as he looked at the woman in the back seat through the rearview mirror.

Her skin was already very fair, and now that it was submerged in the night, it appeared even more fair and transparent. In addition, her long brown hair was scattered over her shoulders, and there were two buttons on the collar of her black shirt that were not buttoned.

She was sexy and alluring, but she didn't know it.

however, he felt that she did it on purpose.

the moment he opened his mouth, his voice was hoarse. " stay at my place tonight. i'll get someone to help you move tomorrow. "

"I don't need to." "There's no need to move," Qin Chen replied quickly.

he was still looking at her and had no intention of starting the car.

Qin Chen felt that if she didn't agree to go to his place, he would probably stay here with her. She was really uncomfortable and wanted to lie down and rest for two days.

hence, she pursed her lips. " i'll go to your place. but you don't have to move. if you need anything, just buy it. "

lan yu's long and beautiful fingers gently stroked the steering wheel. her face was slightly hot as she looked at it ...

This action reminded her of how his fingers had also gently caressed the joints of her body. He had not done it lightly, but with great force. Now, her entire body was in pain.

qin chen closed his eyes. ” we’re not going to be together forever anyway. ”

after that, he didn’t reply for a long time.

She couldn’t help but open her eyes and see him in the rearview mirror with a dark expression.

was he angry?

was it because she said that they would not be together forever?

she thought to herself, he must be having a split personality. he was the one who said that the marriage would only last for a short one or two years. was it wrong for her to say that now?

She didn’t know that in this man’s heart, which was filled with hatred, he was right to say that. However, if it was her who said it, it was wrong.

their eyes met in the rearview mirror for a long time before he said in a cold voice, ” “It will only end when I say it ends.”

Qin Chen didn’t want to argue with him.

“sure,” she closed her eyes again.

“madam rong, why did you compromise so easily?” he began to split again.

Qin Chen didn’t open his eyes, only frowning.”Mrs. LAN! lan yu, i don’t want to find out that my husband is going through menopause the first time i get married. it’ll make people feel terrible.”

Lan Yu’s expression turned ugly.

Was she despising him?

“i remember mocking you at least five times when we were making love,” he said slowly.

Chapter 2973: qin chen, let's get married 6

qin chen's face darkened, and he turned his face away, ignoring him.

This kind of man was the most shameless.

seeing her dark face, his mood was obviously much better. he started the car and drove to his villa.

the journey wasn't short. after about half an hour of driving, qin chen woke up from his nap.

“This doesn't seem to be the way to your house,” she said softly as she looked out of the window.

as soon as she finished speaking, she was stunned.

...

she didn't remember him, she didn't remember their past, but she now instinctively knew that this wasn't the lu yingluo on her way to his house. was it because there were still some fragments in her subconsciousness?

“Do you think I'll continue to live in that house from my bad memories?” Lan Yu sneered.

Qin Chen's mouth was originally poisonous, so he sneered with him. ” you'll probably want to move again in a year's time. it's not good to keep moving like this. you'll be on drugs. ”

His face darkened, but he did not argue with her.

After another ten minutes of driving, the car turned into a villa community. The environment was very good, and the villa took up a large area. It didn't look cheap either. From Qin Chen's perspective, a villa would cost at least a hundred million.

she didn't say anything and let him park the car in the parking lot of a villa.

There were only two servants in the villa who were only responsible for cleaning and trimming the flowers and trees. The reason was that Lan Yu usually did not eat at home.

the car stopped, and he opened the door to get out. he then carried qin chen out of the back seat.

the lights in the villa were warm, and the cool summer night wind was very comfortable.

If the man holding her was changed, she would feel that everything would be perfect.

Qin Chen fell in love with the decoration of the villa. It was her favorite style.

her gaze fell on his face, and she asked quite seriously, "After we divorce, will you give this place to me as my disbandment fee?"

"hmpf!" lan yu looked at her and snorted coldly. "you signed a contract to leave the marriage with nothing."

Qin Chen simply wrapped his arms around his neck. is that so? it makes you seem very uncultured. Lan Yu, do you mean that you want me to sleep with you for one or two years in vain?"

"you'll also be ridiculed," he mercilessly pointed out.

At this time, the servant was at the side. He said it so bluntly, but Qin Chen's face didn't tense up.

"i want to take a bath." she turned her face away, obviously angry.

whenever she was angry, he seemed to be very happy, and his expression looked much better.

He slowly walked up the stairs and entered the huge bathroom. Qin Chen actually saw rose petals floating in the bathtub.

she looked at lan yu.

“This was probably left behind by the woman from last time.” He was deliberately angering her.

Qin Chen soaked in the warm water and sighed comfortably.

His burning gaze fell on her, and he felt as if a certain part of him had been resurrected.

qin chen slowly opened his eyes and looked at him. his voice was slow and a little provocative.”But I feel like you’ve been starving for years.”

Lan Yu’s eyes narrowed.

He stood in front of her, looking down on her.

What he did next almost made her scream.

he raised his hand and started to unbutton his shirt.

since you can tell that I’ve been hungry for years, shouldn’t you make it up to me as the culprit? ”  
He finally stepped into the bathtub.

The bathtub was huge and could accommodate five people.

he caught her and gently pinched her little chin. ” “it seems you can still take it.”

“you’re the one who helped me apply medicine.”

“i’ve brought the medicine back. you can apply it later when you’re injured,” he said nonchalantly.

qin chen was furious. he splashed water on him. ” you rascal! beast! ”

“If you keep scolding me, I’ll become even more of a beast!” He closed in on her step by step.

Chapter 2974: A marriage without children is a hooligan (1)

Qin Chen thought he was just trying to scare her, but he didn’t expect him to be serious.

She was already injured, and the result of her injury was that she couldn’t even get up.

when everything was over, he carried her back to the bedroom.

It was already late at night.

She woke up in the luxurious bed and saw him smoking by the window.

after he was done, he was no longer wearing a suit. instead, he was wearing a black bathrobe. standing in the dark, he looked like a dark angel.

...

Qin Chen lowered his head to look at himself. Fortunately, he had a bathrobe with him. He wasn’t crazy enough to not let her wear anything.

she lay back down slowly and said, ” “i’m hungry.”

Lan Yu, who was smoking in front of the floor-to-ceiling window, turned his head and looked at her quietly. He looked at her for a long time before saying hoarsely, ” “I’ll go make you some paella.”

Qin Chen frowned.

lan yu stubbed out his cigarette and walked over, ” “can you get up?”

qin chen ran his fingers through his brown hair. ” i won’t be able to move for about two days. ”

She paused for a moment. if you’re not willing to serve me, can you consider taking me back to my apartment? ”

Lan Yu’s gaze was a little deep. you want to leave so badly? ”

Qin Chen didn’t want to meet him face to face, and he didn’t want to look into his eyes, because they were too deep, because they were too intoxicating.

She was also afraid that sleeping with him would be like an addiction.

She had never known that she was so passionate about this kind of thing. She urged Lan Yu to say something right.

she clearly enjoyed it and clearly liked it ...

Even though it was very painful.

however, she enjoyed it. she liked it. she liked the slightly twisted expression on his face as he leaned on her, which showed his great pleasure.

“Mr. Lan, we’re actually still strangers,” she said softly, lowering her eyes.

“your body is no longer unfamiliar. it recognizes me.” he said lightly and walked out.

the kitchen was on the first floor, and qin chen could faintly hear some sounds coming from the kitchen. she didn’t make a sound and just listened.

After about half an hour, footsteps could be heard coming from the stairs.

The door was pushed open and Lan Yu came in with a plate of paella. He placed it on the bed and said mockingly, ” “do you want me to feed you, mrs. lan?”

“I don’t like paella,” Qin Chen replied with a frown.

She had just finished speaking when Lan Yu’s expression changed, becoming extremely ugly.

he seemed to smile, but it was a cold smile that seemed to be mocking. ” “So you don’t like to eat paella anymore.”

“I’ve never liked her.” compared to his excitement, qin chen was calm. ” “i hope i can have some freedom, not that i have to be controlled by mr. lan on what i eat. also, if you don’t want to cook, you can order delivery.”

it’s three O ‘clock at night. Where are you going to order takeaway? ” he sneered as he got up and looked down at her. “Tell me, What do you like to eat now?”

“Chicken noodles.” Qin Chen pursed his lips.

chicken noodle?

It was simple, but she had never touched such bland food before. Qin Chen’s taste was a little heavy in the past.

lan yu stared at her for a long time. just when she thought he was going to get angry again, he said, ” “let’s wait for half an hour,”

with that, he took the seafood and returned to the kitchen.

He was holding a plate in his hand. He wanted to throw the food away, but after looking at it for a while, he decided to stay.

He placed an entire chicken into the pressure cooker and slowly finished the paella while he waited.

## Chapter 2975: A marriage without children is a hooligan 2

While eating the food, his face was expressionless and numb.

He felt like he wasn't eating food, but his and Qin Chen's past.

Whether he loved her or hated her, she had forgotten everything in the past. She didn't even like to eat her favorite food anymore.

Lan Yu held his forehead and laughed, feeling like a fool.

He finished the paella in a daze, made Sanxian noodles for her, and brought it upstairs.

However, Qin Chen had already fallen asleep. His fair face was tilted to the side, and his long brown hair covered half of his face.

...

she was very beautiful, especially when she was lying here. she looked completely feminine.

The photos of men's wear in the past now looked more like fashion blockbusters, but the natural quality was not something that those young and experienced presbyopic could imitate, because it was the truth that was engraved in their bones.

Lan Yu held the plate and looked at it quietly for a long time. Finally, he carried it downstairs and poured it into the trash.

He didn't go up immediately. Instead, he sat by the window and smoked quietly.

he also knew that he had been smoking a little too much recently and was a little fierce, but he couldn't care anymore ...

obtaining something seemed to make one feel more empty than not obtaining it.

He played with the lighter in his hand and took out his phone to look for her photo.

It had been deleted the last time, but it could be retrieved from the trash can.

He watched them quietly, watching them at their best.

At that time, she quite liked paella.

He remembered that when he returned home that night, his mother arranged for him to meet Huang siya. After he came back, Qin Chen lost his temper.

even if she didn't love him back then, she still cared about him!

lan yu took a deep breath and dialed his father's number.

in the middle of the night, father lan actually picked up after two rings.

"Blue universe?" Father Lan's voice was a little hoarse.

"Father, you're not asleep?" Lan Yu asked bitterly.

mr. lan nodded. "i heard something from your uncle xu. i couldn't sleep at night. i took two sleeping pills, but it didn't help. "

lan yu didn't say anything.

"Have you broken up with Lu Wei?" father LAN asked after some thought.

after he asked, he fell into silence.

lan yu didn't answer directly. instead, he snuffed out the cigarette and said indifferently, " "i'm back for a while."

Father LAN was about to object, but Lan Yu had already hung up the phone.

on the other side, father lan sighed softly. from what old xu said, she was at lan yu's place. how could he leave her at home in the middle of the night after getting married?

If he didn't want to come, then so be it. The two of them hadn't chatted for a long time.

Lan Yu hung up the phone and went upstairs to change his clothes, not disturbing Qin Chen.

When he went out, he drove a royal blue Lamborghini and arrived at Mr. Lan's house in ten minutes.

When he got out of the car and walked in, the living room was still brightly lit. It was obvious that his father had gone downstairs because he couldn't fall asleep.

Lan Yu walked in. The tea was already brewed on the coffee table. He sat down and took a sip.

"where's qin chen?" father lan asked.

Faced with his father's straightforward question, Lan Yu laughed and lit a cigarette before saying, " "He's asleep."

father lan was a little dissatisfied when he saw his son smoking proficiently, " " look at how you've been smoking recently. you smell like smoke all over. would a picky girl like qin chen be willing to live with you? besides, you're not young anymore. if you get married, you should have a child soon. your mother will be comforted if she knows. "

"i don't plan on having children." lan yu frowned.

Mr. Lan was angry. what are you saying? if you get married and don't have children, aren't you being a hooligan? "

## Chapter 2976: A marriage without children is a hooligan (3)

seeing that his son was about to retort, he snorted coldly. "You're not convinced? Do you think you can sleep with a woman legally just because you have a marriage contract? Lan Yu, that also depends on whether she is willing or not."

"Dad," he said. Lan Yu flicked the cigarette ash. if you want a grandson, you have to see if Qin Chen is willing. From what I see, she's willing to sleep with me, but she has to use a condom.

His words were so blunt that father Lan's face turned red. He coughed lightly, "In your mother's and my era, if a woman was willing to sleep with a man, it meant that she was willing to have children with him."

"Dad, times have changed," Lan Yu laughed.

What's the Difference? "father LAN snorted. you don't want to have children, right?"

lan yu was silent for a moment before he slowly spoke, "I haven't thought about it either."

...

LAN waihu's father was angry when he heard this. He slammed the table and the tea on the table shook.

you don't want to have children. You just want to maintain your marriage for a while. Lan Yu, this isn't revenge on Qin Chen. This is torture to yourself. mr. lan closed his eyes. "i didn't think well of lu wei before because i could tell that you couldn't let go of qin chen. that's why i didn't say a word about you canceling your marriage with lu wei. however, i objected to your hasty marriage with qin chen. "

Lan Yu didn't say anything, he just lit another cigarette.

he only looked up after he finished smoking a cigarette.

Father Lan's eyes met with his-

Lan Yu's father would never forget Lan Yu's current expression.

it was a kind of carefulness mixed with despair and a hint of desire!

"Dad, I can't resist." Lan Yu's voice was hoarse. If she didn't come back, I might have married Lu Wei or had children with a woman like Lu Wei. But she came back and appeared in front of me. I can't reject Yingluo."

LAN waihu's father looked at his son and sighed, but I think that even if you're married, you'll still divorce her as soon as she comes back.

Lan Yu frowned but did not deny it.

what else was there to say? Her son was such a disappointment. When he set his eyes on a woman, be it love or hate, it was all because of this woman.

lan yu's father sighed softly, "lan yu, follow my wanwan."

he used to have a girl he liked very much. of course, it was not lan yu's mother.

They also had a good time together, but they separated later. He really wanted to go back and look for her, but he didn't have the courage, so he missed her for the rest of his life.

he didn't regret it, just regret it.

now, lan yuqian's father patted his shoulder. "think about it. do you like her more or hate her more after you marry her? then you'll know what to do."

Lan Yu looked at his father and was speechless.

“It’s getting late, I’m going to rest. my old bones can’t take it anymore.” I’ve been in poor health for the past few years, ” father LAN smiled bitterly. I’ve been thinking about when I’ll meet your mother again, but I’m afraid that she won’t be there anymore if I go down.

lan yu was a little sad.

the gloominess from three years ago surged up and occupied his mind.

naturally, he also remembered his unpleasant meeting with qin chen in France.

As she thought about it, she smoked her cigarette fiercely, feeling unspeakably uncomfortable.

mr. lan stood up. ” if she’s serious, bring her back for a meal when you’re free. why are you always so ambiguous? besides, you have to consider the qin and tang families. ”

as the ex-president of jun yue, mr. lan’s worry was not without reason.

In the past few years, the Grand Hyatt had indeed been on the rise in the hotel industry. However, if the Qin family’s Jin entertainment and the Tang family’s Boyi joined forces to deal with the Grand Hyatt, it would not be difficult.

Chapter 2977: i like to make things difficult for you (1)

If Jia Boyi joined forces to deal with Jun Yue, it would not be difficult. However, for a woman, father LAN felt that it was too risky.

he hoped that his son could be stable and live well.

Lan Yu understood what he meant and said in a low voice, ” “Dad, I know what I’m doing,”

father lan raised his voice slightly. ” do you think i don’t know that you have secretly joined forces with new York to suppress rong biology? it was all for today. ”

“dad.” lan yu’s expression was solemn.

“you just didn’t expect qin chen to come back. this is exactly what you wanted.” ” you should use your charm to conquer women, ” father lan snorted coldly. ” what’s the use of threatening a woman? ”

...

“do you think she’s seen too few beautiful men?” lan yu sighed.

there were too many beautiful men in the qin family, the tang family, and the fashion industry. she was probably immune to good-looking men.

father lan actually nodded in agreement, and his tone was even gloating, ”that’s true! From the looks of it, my son, you’re not in a good situation. Why don’t you just let her get pregnant? in the future, even if you want to leave, you’ll have to worry about the child, right?”

lan yu looked at his own father and felt a little speechless.

by the time he returned to the villa, the sky had already turned white.

he slowly walked upstairs. qin chen was still sleeping. she was sleeping unguarded and was lying on her side, kicking the blanket off with one leg.

This was different from the past. In the past, she was sharp, sensitive, and suspicious.

now, he was more stable and resigned to his fate.

lan yu sat at the head of the bed and reached out to caress her delicate little face. he said in a low and hoarse voice, ” “The you now, is it real or fake Yingluo?”

He didn’t know why he kept her by his side, and he didn’t understand why he was so insistent on marrying her.

Lawyer Xu hadn't dealt with the document yet. It was entirely possible for him to get it back, but he just didn't want to do it.

Because the way she slept on his bed was so natural, and it made him so eager.

He lowered his body to kiss her, but just as his lips were about to touch hers, she woke up.

Qin Chen's gaze fell on his face quietly, then he looked at the sky. "daybreak?"

her voice was a little hoarse, but her tone was soft, like the most common wife and husband in the world talking.

lan yu's gaze fell on her lips and he lowered his eyes. "Yes, it's daybreak."

"but i don't think i've eaten anything," qin chen frowned.

he remained calm and said, "you fell asleep last night."

at this moment, qin chen sniffed and frowned even more. "you smoked the whole night?"

this time, he didn't reply and just looked at her.

Qin Chen changed the topic. is breakfast made by the maid or you? "

she remembered, and he stopped her, his eyes deep. "mrs. lan, have you ever thought of cooking for me?"

"i'm afraid you'll get used to it and not get used to it after the divorce." qin chen's lips curved.

lan yu stared at her. "that's not a good reason, mrs. lan! "

Qin Chen couldn't take it anymore and said directly, "I'm a model, not a cook. So far, only my son can enjoy my cooking. Also, Lan Yu, if you need someone to cook for you, you can hire a servant.

He stared at her and suddenly stretched out his beautiful fingers to touch her lips. "what if my yingying wants a multi-function one?"

"your d \* ck isn't diamond-studded, either." "don't ask for too much and embarrass yourself," qin chen snorted coldly.

Chapter 2978: i like to make things difficult for you (3)

as soon as qin chen finished speaking, he grabbed his hand.

"you're not satisfied with me?" lan yu frowned.

All men cared a lot about whether a woman was satisfied with them or not, and Lan Yu was no exception.

even if he hated this woman, if she denied his skills in bed, it would be a huge blow to him.

"straight man cancer!" qin chen frowned and snorted.

after that, she pushed herself to the bathroom. even if she didn't want to take a shower, she had to go to the toilet.

...

lan yu had initially chased after her, but he also realized that she was not taking a hot bath, so he gave up.

After all, he was not that perverted.

he smoked a cigarette outside and heard the sound of her taking a shower. he did not go in but went downstairs to make her breakfast.

as per her request, sanxian noodles.

qin chen hadn't come down yet, so he had nothing to do, so he took out the ingredients from the refrigerator.

All these years, she didn't know if it was intentional or not, but he would always prepare curry and seafood in the refrigerator. These were her favorite foods.

Looking at it now, he only felt that it was a little ironic.

lan yu pondered for a moment, but still threw them all into the rubbish bin.

Qin Chen changed his clothes and saw this scene.

she stood at the entrance of the dining room and looked at him quietly. "you don't seem very happy,"

"No man can be happy after marrying a wife who doesn't know how to do anything." As Lan Yu spoke, he raised his eyes. However, his gaze then froze.

He looked at Qin Chen, who was wearing his black shirt. There was nothing underneath, and he was leaning there casually.

At that moment, his eyes were straight and his voice was stern and aghast. "who told you to wear this? change!"

qin chen was unmoved, still lazily leaning there, and smiled. "You seem to be very excited."

Lan Yu came over, grabbed her hand, and dragged her upstairs.

qin chen's leg was in pain, but she didn't make a sound.

He threw her onto the bed and went to get a bathrobe himself. He threw it on her and said in a restrained tone, I'll get you to prepare the season's clothes for you in the afternoon. Don't touch my shirt in the future.

qin chen slowly sat up and changed in front of him.

After he changed, he was still in a bad mood. He walked to the floor-to-ceiling window and smoked for a while.

Qin Chen walked over and leaned against the wall beside him, looking at him quietly. "The person you want to marry, the person you like, or the person you hate is not me, but the person before you lost your memory, right?"

Lan Yu's eyes were a little embarrassed. He squinted his eyes and looked at her. "you're thinking too much,"

" i just don't want to live with someone with endocrine disorders. lan yu, if you continue to be like this, i'll ask sister kuan to fill up all the work slots, and we won't have to see each other more than a few times a year. " She said quite seriously, but also quite nonchalantly.

lan yu frowned.

Qin Chen smiled. Lan Yu, you really don't have to be so serious with me. I can't remember anything. Perhaps I've let you down in the past, but I can't remember it. And my personality isn't one that I'll feel guilty about whatever you say.

"so?" he looked at her.

"so, letting me go is the same as letting yourself go," qin chen smiled.

She shrugged her shoulders and said indifferently, " "We don't have to get married. If you really have something to vent your anger on, you can look for me at any time."

"You mean, to be friends?" Lan Yu stared at her.

Qin Chen smiled and cleverly kept his mouth shut.

Chapter 2979: I like to make things difficult for you (4)

Lan Yu's usual sharp and unkind tone started again. Mrs. LAN, then tell me, how many friends did you have before me? ”

“If you're willing, you'll be the first one.” Qin Chen smiled.

Lan Yu's expression brightened a little. He stubbed out the cigarette and started to walk towards the door. let's go down to eat.

Qin Chen didn't say anything else to agitate him. He followed him downstairs and sat down in the dining room.

Lan Yu's cooking skills were very good. He had already made Sanxian noodles very well after two times.

Qin Chen was a little satisfied with the meal and suddenly realized that this marriage was not without benefits. Perhaps after she found a way to get along with Lan Yu, she could even bring Rong Yue over to live with her ...

...

With a ready-made chef, she did not have to worry about little Rong Yue's food.

It was unhygienic to eat outside all the time, and little Rong Yue also had a problem with it. However, Qin Chen had no interest in the kitchen, so most of the time, he could only leave him at his mother's place.

qin chen was lost in his thoughts at this time, how could lan yu have thought that she would think of this? he said in a low voice, ” “my dad asked me to take you home when i have time.”

qin chen nodded. ” that’s good. if you’re free, bring rong yue along. ”

Lan Yu frowned and didn’t say anything.

he remembered clearly that she used to treasure her son and was afraid that he would be tainted. now, she actually took the initiative to bring her son to see his father, yingluo.

He was analyzing her.

qin chen ate the noodles, wiped his lower lip, and said lightly, ” “you’re not abusing children, are you? Especially the child of your love rival who isn’t your biological child.”

Lan Yu’s expression didn’t look too good. Qin Chen, say one more word. Do you believe that I won’t strangle you? ”

“if you strangle me to death, who will satisfy you in bed?” qin chen forced a smile.

lan yu choked.

this woman!

However, he didn’t say anything more. He just threw a card before he went to the company. this password is also your birthday. There will be two million Yuan deposited in it every month. Take it for your household use. You can buy whatever you want to add.

Qin Chen took the card and looked at him. you’re so affectionate. I almost thought we would spend the rest of our lives together.

“You wish!” he reached out and held her chin, his expression slightly cold.

Qin Chen wasn't afraid of him. He smiled and slapped his hand away."Don't leave any marks, or people will think you're being violent."

Speaking of this, Lan Yu said, " " after the grand hyatt reception is over, i'll announce our breakup. "

And then, their secret marriage began.

Qin Chen laughed with some understanding and ridicule."ceo lan, do you mean that i can still pick up girls in the future?"

"Then, can I also create some scandals outside?" she asked boldly.

her provocation did not anger lan yu. he only said indifferently, " "Do you think you're still an 18-year-old girl with so many people fighting for you?"

after saying this, he immediately regretted it.

Qin Chen wasn't an 18-year-old girl, but she was much more popular than that, even though she had a son.

lan yu left the villa after he had given his instructions.

When she returned that night, Qin Chen wasn't there.

He pulled on his tie and called her. "where are you?"

qin chen's side was a little noisy, and after a while, he seemed to find a place to talk. " "I have a charity event in two days. I'll be back the day after tomorrow."

As if sensing his displeasure, she said in a low voice,"""the event can end tomorrow saturday afternoon. if you're willing, i can bring rong yue to your father's place on sunday."

[i'll update it tomorrow morning. my head hurts ~]

Chapter 2980: i like to make things difficult for you (5)

lan yu held the phone and said a little bluntly, ” come over tomorrow night. I’ll go with you to pick up Rong Yue in the morning the day after tomorrow.

Qin Chen didn’t understand, and asked after some hesitation, ” ” then tomorrow night, can’t i bring rong yue along? ”

Lan Yu was not in a good mood. He stood in front of the floor-to-ceiling window and looked at the dark night outside.

he rolled up his tie with one hand and said in a soft voice, ” “Because I want to make love to you tomorrow night. Are you satisfied with this answer?”

qin chen’s reply was to hang up the phone, which made lan yu’s mood even worse.

He came home late, so the servants didn’t cook for him out of habit. He didn’t eat outside either. He originally planned to come back to eat with Qin Chen, but he was hungry now, so he didn’t have the mood to cook alone.

...

Especially since he had thrown away more than half of the ingredients in the refrigerator.

in a bad mood, the man smoked even more.

after lan yu finished smoking two cigarettes, he coughed a few times and then remembered that he had smoked too many cigarettes recently.

thinking about what happened to zhou chongguang, he felt that he should not smoke anymore.

he and qin chen didn't sign a pre-marriage agreement, so if he died accidentally, wouldn't it be just as she wanted?

He might even use his inheritance to find two handsome and strong young men!

just thinking about it made lan yu's teeth hurt a little. he also felt that he needed to maintain his health.

she put out her cigarette and walked into the kitchen. she hesitated for a while, but in the end, she made sanxian noodles.

he didn't like the taste of sanxian noodles in the past, but qin chen, who had been spoiled since childhood, liked it.

He felt that her appetite had always been abnormal, whether it was before or after she lost her memory. In the past, when had she ever ordered fried chicken for delivery while drinking a cup of coffee that cost more than 10000 Yuan?

now that she had lost her memory, the taste was much lighter.

lan yu thought in his heart, feeling a little upset.

He had made the Sanxian noodles, looked at it for a long time, and even laughed at it.

Did he want to send it to his moments or someone? He was very clear about this.

But in the end, he still didn't post it. Was there any meaning in posting it?

Tell Mrs. LAN that he was very well-behaved at home and didn't go out at all?

lan yu would not do such a thing.

he quickly finished his noodles and went upstairs to take a shower. before nine o'clock, he was already lying on the luxurious bed.

this was the first time in three years.

however, it was inevitable that she would feel a little lonely lying in such a big bed alone.

Lan Yu covered his eyes with his hands, thinking about what happened with Qin Chen last night.

Unlike the last time when he forced her, last night, she would occasionally take the initiative. At least, other than the pain, she was happy and enjoying it.

the reason why she agreed to his marriage was probably because his skills and body were one, so she didn't find it so hard to bear yingluo.

at the same time, he also noticed that she had almost no experience.

In fact, compared to before he lost his memory, not only did he not improve, but he was even worse off.

of course, he didn't like it when she was experienced. she was so inexperienced that he almost thought that she had never had anyone else.

however, her son, rong yue, had already grown up.

lan yu's heart was bitter.

he could not get past rong yue. he was her and rong lei's son, so he could only accept it.

Just as she was thinking about this in a daze, her phone rang in the dark, and the ringtone was exceptionally clear.

he picked it up, and a soft voice came from the other end. " "Lan Yu, are you asleep?"

Mr. Lan sobered up at once. He sat up, leaned against the headboard, and wiped his face. He sneered out of habit,"mrs. lan, you don't trust me even when i'm working outside? What was this

now? was this a check up? I'm sorry, but I don't have anyone around me who can prove that I'm at home."
