

Thank you 3021

Chapter 3021: Mrs. LAN, it's time for you to fulfill your duties (3)

Qin Chen didn't struggle, but he just stared at him.

He did it on purpose.

Lan Yu was done kissing her and pressed his forehead against hers. "You don't seem very happy, Mrs. LAN?"

qin chen hated it when he called her mrs. lan. he was mocking her.

she sat up straight and put the magazine aside. "I'm hungry."

He reached out to untie his tie, then slowly rolled it up and put it in her hand. His voice was calm. "I'm hungry too, mrs. lan, but i think i should feed you first."

...

Qin Chen glared at him, but didn't say anything.

he leaned over and kissed her again, looking like he was in an extremely good mood.

after a while, he went to the kitchen in an expensive shirt and trousers to cook for her.

His cooking skills were very good. He fried an exquisite steak and a few vegetables. Finally, he poured her a glass of red wine and leaned over to whisper in her ear, "Drink some wine, it'll make your unwillingness become more willing."

qin chen looked up at him but didn't say anything.

She was really hungry, so she ate slowly and elegantly.

lan yu sat opposite her and watched her eat.

“You’ve eaten?” Qin Chen looked up.

” yes, i was eating with a client. i came back early because i was thinking about my family. ” lan yu swirled a glass of red wine and said very lightly.

Seeing that she was almost done eating, he stood up. “I’m going to take a shower. Wait for me in the room.”

His words were simple and crude, and the servant’s face turned red.

Qin Chen was a little annoyed, but there was nothing he could do.

he was a bastard. he might really take the rong family’s biological group out without a care, and the result was not something she could bear.

She finished the red wine, and the rich scent calmed her down a little. At the same time, her body felt a little warm.

There was a strange heat.

then, she found out that he had added something to the wine to liven things up.

qin chen was furious. she bit her lip, not wanting the servants to see her strange behavior, so she slowly walked upstairs.

she pushed open the door to the master bedroom. lan yu was taking a shower and his clothes were casually taken off at the end of the bed.

She fell down and sniffed the masculine scent on his clothes, once again confirming that she had been plotted against by him.

what was he doing?

Did he still want to play with some perverted things when she was in bed with him?

She was angry, but her body was getting hotter and hotter, and her forehead was covered in sweat.

When Lan Yu came out, he saw her in this state. She was lying there with her long hair spread out on her shoulders.

The dress on her body had already fallen to her waist, and she looked very alluring.

“Mrs. LAN, is this a surprise for me?” He slowly walked over and reached out to touch her shoulder.

qin chen’s voice was small but sharp. ” “Don’t touch me.”

He leaned over and kissed her overheated lips. He turned her around and pressed her down.

As he kissed her, he chuckled. ” this medicine won’t hurt anyone. it’s just to make you more obedient so that you won’t say one thing and mean another. you clearly like it, but every time we do it, you look as if i’ve raped you! ”

Qin Chen was furious, but her brain didn’t listen to her. She gritted her teeth and closed her eyes. hurry up. You didn’t drug me on purpose because you couldn’t take it, did you? ”

“I can’t?” His expression was extremely ugly. He turned her face and kissed her hard, his big palm moving down.

“See, your body doesn’t express it this way.” he evilly whispered into her ear, ” “your body wants me, can you feel it?”

qin chen couldn’t take it anymore. he closed his eyes and decided to treat him like a duck!

anyway, he had a good figure, and his skills were a little bad, but he was very capable!

Chapter 3022: mrs. lan, it's time for you to fulfill your duties (4)

lan yu had also endured for almost a month, so he was naturally incisive.

Besides, she was passionate after drinking that thing.

After their reunion, they had also experienced it, but it was not as touching as this moment.

Water and dew blended together.

Lingering and lingering.

they hugged each other only when they were exhausted.

...

everything was calm.

lan yu's fingers ran through qin chen's hair and he asked lazily, "do you want to take a shower?"

Qin Chen didn't move and only spoke after a while. "You carry me there."

he moved his face closer to her and whispered, "mrs. lan didn't like to act coquettishly like this before, huh?"

"You weren't this despicable before, were you?" "you're being very uncultured." qin chen raised his eyes and looked at him.

Lan Yu wasn't in a hurry to take a shower. He reached out and touched her beautiful lips. I'm your husband. This is my right.

Qin Chen's reply was to lightly pat his handsome face twice, not too lightly nor too hard, then he wrapped himself in the bedsheet and got out of bed.

Lan Yu followed her and pressed her against the wall of the bathroom.

He turned on the warm water with one hand and waited for the bathroom to be filled with steam before holding her sharp chin. "Qin Chen, don't forget your identity."

"I didn't forget. I'm afraid that CEO LAN has forgotten." Qin Chen raised his head slightly and looked into his eyes, sneering. "CEO LAN, do you still remember the reason why you married me? Is it revenge?"

"Then, I had a great time today. CEO LAN, are you unhappy after hearing that?" "I hate and despise men who don't mean what they say the most," Qin Chen said provocatively.

Her fingers gently stroked his chest, from bottom to bottom, with the highest sentiment. "You've been waiting for this night for a long time, haven't you?"

He caught her evil finger and his eyes were burning. "Do you know what you're saying?"

She mimicked him and leaned closer to him, her voice very soft. "You know that you don't hate me as much as you think you do, right?"

Lan Yu's expression was a little unsightly.

He stared into her eyes and smiled coldly. "I thought that after all these years, you've forgotten everything and that you don't know the word 'love' anymore. So Madam Rong knows."

"Put away these weird words." Qin Chen was even colder than him. "My name is Qin Chen. I'm not Mrs. Rong, nor am I Mrs. Lan."

She was one of a kind. He had her in name and body, but that didn't mean he had her as a whole.

She was free.

Qin Chen's eyes were filled with anger due to his actions tonight.

"You love me and hate me, but what do you treat me as?" "I'm just paying for it." Qin Chen laughed lightly.

"Is this how you view our relationship?" lan yu said unhappily.

qin chen pursed his lips. "you're making it impossible for me to think positively. perhaps ceo lan doesn't need me to think positively either. however, i don't dare to disagree with ceo lan's method. "

the reason she was angry was because of little rong yue.

He did this. If little Rong Yue was at home, then did he want Rong Yue to see her ugly state?

this was something qin chen couldn't bear. she wanted respect, not the way he treated a random woman.

after she finished speaking, she broke free from him and wanted to take a shower by herself, but lan yu reached out and stopped her.

"I didn't expect you to be so angry." "If you bring rongyue back, I won't let you drink that," he said frankly.

"i'll thank you, ceo lan." Qin Chen stood under the shower and washed his body.

Chapter 3023: mrs. lan, it's time for you to fulfill your duties 5

she was very tired now and didn't want to be entangled with him.

I'm going overseas tomorrow and will only be back in about half a month. Lan Yu, I hope that you can make your decision within this half a month. After she was done, she said lightly as she wiped her body with a dry towel.

"You're going overseas again?" Lan Yu frowned.

I'm a model. Isn't it normal for me to go abroad? " qin chen's voice was faint.

"Reject this job and I'll pay you double," Lan Yu said without even thinking.

her hands slowed down and she looked up at him. " "Look, you're here again."

...

she ignored him, put on her bathrobe, and walked out. from the beginning to the end, she did not avoid him.

Just as he said, they were husband and wife, so there was no need to hide.

lan yu stayed in the bathroom and took a cold shower.

He needed to calm down about his relationship with Qin Chen.

she said that he loved her?

Was he that obvious?

He took a shower for ten minutes before returning to the master bedroom. Qin Chen had already changed the messy bed sheets. It was quite clean, and she was reading a fashion magazine at the head of the bed.

lan yu liked this habit, but he was not used to her looking at this.

She used to read English medical magazines from foreign countries, and there were even some in his villa.

This Qin Chen might be more in line with a man's preference, but he was not used to it and was not satisfied.

he was even angry.

She had forgotten everything and righteously left him alone in the past.

She was angry that he had done that to her, but deep down, she didn't take it to heart because she didn't care about him.

Lan Yu laughed and mocked himself.

He leaned on her side and lit a cigarette. His voice was very calm."Are you taking little rongyue away?"

"Oh, no, my mom will take care of it." qin chen said lightly.

lan yu probably wanted to ease the tension between them. he looked at her and said, "i can help you with it."

Qin Chen seemed to be stunned for a moment. Oh, no need. He's going to school soon. He should stay at home and focus!

home?

Lan Yu was stunned for a moment before he realized that she didn't seem to treat this place as her home, but a temporary place to stay.

their contract only lasted for two to three years.

And she gladly accepted it.

He also thought that she had never bought anything here because she treated this place as a hotel.

He suddenly looked at her. Qin Chen, this is the most complete hotel you've ever stayed in, right? a servant, a man to satisfy you."

His words were full of thorns, so Qin Chen naturally wouldn't let him have an easy time. He sneered, " "Mr. Lan, what does this place mean to you? a family? the women here are all temporary ones that you want to use. how much better are they than the one-time-use ones in the hotel?"

She said impatiently, " please don't do shameless things while pretending to be devoted to me, okay? that will make me lose my mind.

she tilted her head and said to him rationally, " "i'm a little nauseated. Do you understand?"

lan yu's face darkened.

He lifted the blanket at once. Before he left, he bent down in front of her and raised his hand again.

"is there a clause in our contract that allows domestic violence?" Qin Chen looked at him.

lan yu's eyes were cold as he threw a punch at the head of her bed.

But Qin Chen caught it.

He caught it quickly and was stunned.

qin chen was also stunned.

this was her subconscious, her instinct.

she was stunned for a while before letting go of him. "boring."

"then let's do something we can talk about." He had changed his mind. She was his wife, even if she was only temporary. Why should he endure it? he could have sex with her when he wanted her.

When he roughly pulled her bathrobe off, Qin Chen was furious. He hit him on the head with a magazine."let me go, you bastard!"

However, he didn't care about this insignificant thing, so he kissed her even harder and more roughly.

They had clearly done it so many times tonight, but he could still make it seem like he was raping her.

qin chen tried his best to stop him, but he still succeeded with brute force.

...

he was still warm, and as he fiddled with it, he bit her blood-stained earlobe. "You clearly liked it just now, but you pretended to be a hypocrite."

"Then you've drugged me." qin chen turned his face to the side, clenched his fists and bit his mouth, not allowing himself to make any shameful sounds.

lan yu chuckled and kissed her chin hard. she immediately screamed.

"are you awake now?" he said shamelessly, and then deliberately forced her to make some embarrassing sounds.

their love affair was not only after their reunion. they had had countless nights together in the past.

he couldn't be more familiar with her body.

qin chen bit his lip and turned his face away, not willing to look at him.

However, the excitement that was burning in her blood made her abandon her armor.

she was no longer like herself. for the first time, she realized that even if she didn't love him, she could still be so invested in this kind of thing.

Finally, everything calmed down.

she didn't make a sound, and neither did he.

after a long time, lan yu reached out and touched his face.

It was very painful.

he walked into the bathroom to take a look. he couldn't look at it anymore. there were a few long scratch marks from his cheeks to his neck. one look and he knew that they were from a woman.

he turned his head and looked at the woman who was lying on her stomach. he snorted."you're a cat?"

Qin Chen didn't bother with him. After cleaning himself up, he fell asleep.

what the hell, didn't she come back from a busy day to be a comfortable rich lady? after serving him for so long, he didn't even say a single good word.

Before she went to bed, she thought that it was good to scratch him like this. She probably wouldn't be able to go out for half a month.

she didn't know why, but she actually started to worry about being a rich lady.

However, he wouldn't be able to do anything if she scratched him. She was a little happy.

So when Lan Yu came out of the bathroom and saw her sleeping face, the corners of her mouth lifted slightly.

it was her smile that calmed his unwillingness. he sat by the bed and reached out to touch her face gently.

he thought that being with him was not as unbearable and uncomfortable as she said. she had always been one to say one thing and mean another.

he felt a little lost.

The revenge he was talking about turned out to be revenge on himself.

She was doing very well. She could still sleep so happily after being F * cked by him like this.

he thought about it and agreed. he was good-looking and rich, so what was there for her to be dissatisfied with?

in her heart, she most likely saw him as a free duck.

But, CEO LAN, you're right.

He was unwilling to give up. He reached out to hold her chin and leaned his face over to interrogate her.

Qin Chen couldn't stand this. She wasn't a good-tempered person.

After waking up, she sat up. Lan Yu, you're so annoying. Great, you've successfully taken revenge on me!

she rolled up the quilt and wanted to change rooms, but he held her down and did not allow her to leave.

he didn't know what was wrong with him, but he just had a feeling that he wanted to talk to her.

Chapter 3025: mrs. lan, it's time for you to fulfill your duties 7

he didn't know what was wrong with him, but he just had a feeling that he wanted to talk to her.

she just wanted to ignore him.

just like before, it had always been his one-man show.

lan yu pulled her back, his voice a little hoarse, " "You go to sleep."

Qin Chen returned, lay down, and fell asleep again.

however, she suddenly woke up after a while.

...

She opened her eyes and saw Lan Yu sitting by the bed, looking at her quietly.

probably because she was asleep, her expression was very gentle, and her voice was a little lazy, which actually made her a little cute.

"Lan Yu, aren't you going to sleep in the guest room?" as she spoke, she shifted her face and placed it on his lap. she said in a daze, "Can we argue tomorrow? I'm really sleepy."

She let him sleep in the guest room while resting her head on his lap.

After sleeping for two minutes, she opened her eyes and said in a nasal voice, " it's not worth it for you to marry me. Lu Wei is what you successful men need the most. She's obedient, gentle, and beautiful enough.

she smiled and buried her face in his lap. ” if you ask her to go east, she will definitely not go west.
”

as she spoke, she started laughing.

lan yu held his breath.

This was the softest moment of her life, and he had not seen it for a long time.

“She’ll even comply with all your perverted requests in bed,” Qin Chen said childishly,”she probably won’t even dare to say anything about you messing around outside.”

you’re right. Lan Yu’s voice was hoarse. but that’s not what I want.

qin chen smiled. ” then what do you want? ”

Her fingers were in a mess and she touched the wound on his face. is this what you wanted? ”

“then i can use more strength next time.” her voice lowered.

Lan Yu wanted her to speak again, but this time she was really in a deep sleep.

he was a little helpless, but he also felt pity for her.

he reached out and touched her face gently, then moved her to the pillow.

The person who was supposed to sleep in the guest room was reluctant to leave because she was so cute and soft.

He didn’t have any thoughts of revenge in his heart. He only wanted to hug her.

Finally, they laid down together.

He was counting the time ...

Once again, she was in his arms.

It was Qin Chen and Mrs. LAN.

He thought that he was in the wrong tonight. He should not have called her Mrs. Rong. She was his wife now.

He made a decision. Perhaps he should let go of the past and let her fall in love with him.

She had lost her memory, so they could start over again.

lan yu smiled slightly.

.....

Early in the morning.

When Qin Chen woke up, he saw a magnified handsome face. At this time, it was a little twisted, which showed his great joy.

“aren’t you tired?” she bit her lower lip.

Last night, she had been sobbing many times.

she felt a little sick of this kind of thing.

it was very comfortable, but she just wanted to lie down and not move.

And Mr. Lan can obviously play a one-man show from the beginning to the end. As long as she doesn’t resist and is obedient, it will be fine.

he closed his eyes and seemed to be enjoying himself.

After all, Qin Chen was made of flesh and blood. It was impossible for her to not feel anything when such a handsome man treated her like this.

she consoled herself, 'just take it as a free duck!'

however, the duck was quite expensive, and he had to eat four ducks at the same time. qin chen was about to vomit.

She could not help but resist. let go. I'm flying to Milan today.

"i've checked, your flight is in the afternoon. Do it with me the entire morning." he closed his eyes and said casually.

qin chen was about to explode.

If he didn't die in the morning, she would be skinned!

Chapter 3026: Mrs. LAN, it's time for you to fulfill your duties 8

in the end, he still forced her to have two matches.

when qin chen finished his shower and had dinner, there was still an hour and a half before the flight.

"i'll send you." Lan Yu said indifferently.

Qin Chen pursed his lips and smiled. "Sorry to trouble you, CEO LAN."

He looked at her and said, ” “i should. after all, i’m the one who’s causing trouble, aren’t i?”

“do you have to be so serious and act like a hooligan?” qin chen stood up and took his luggage.

...

He smiled and did not say anything.

Then, he took the luggage from her and said, ” “I’ll do it!”

“i’ll drive by myself, i’ve parked it at the airport.”

“Mrs. LAN, you’re married. the meaning of marriage was to use each other. hmm?” he continued to act like a hooligan, and qin chen couldn’t do anything about it, so he could only get in the car.

Lan Yu put down his luggage and sat in the front seat, starting the car.

He drove fast but steadily, and arrived at the airport an hour later.

the check-in process also happened to be on time, so there was no danger.

Qin Chen pursed his lips and raised the plane ticket. “thank you, i’m going through the security check.”

Lan Yu’s gaze was fixed on her. After a long time, he whispered, ” “Wait a moment.”

when she wasn’t paying attention, she was pulled into his arms.

His tall body blocked everyone’s view. He leaned forward and kissed her.

Qin Chen was stunned, his eyes widened in disbelief.

although they had done it many times, she still felt that such a kiss filled with longing was really not suitable for them.

however, lan yu seemed to be a little engrossed in the kiss, so she endured it.

Five minutes later, she nudged him. it's almost time to board.

Lan Yu was pushed away and his slightly red face was in a sorry state. He glared at her and then pulled her hand to personally send her to the security check.

“call me after you land safely,” he said with a tender voice.

“Lan Yu, is it okay for you to clear it up?” Qin Chen coughed lightly.

“Of course, no problem,” he said, his face darkening.

damn it, she was looking at him as if he was a lunatic. was he such a scumbag?

qin chen looked at him and didn't say anything else. he just walked over to the security check.

Lan Yu put his hand in his pocket and suddenly dialed her number.

Qin Chen was a little embarrassed.

she put her phone aside.

“lan yu, are you done?” she answered the phone.

lan yu's gaze was indifferent. ” oh, i just wanted to tell you that i'll be going to new York for a business trip in three days. is it convenient for you to reveal which hotel you're staying at? ”

Qin Chen thought about it and told him, ” “GM。 ”

” i’ll help you book a presidential suite at the grand hyatt. ” he made a decisive decision.

qin chen wanted to object, but he had already hung up.

it was only after she got off the plane that she realized how bossy he was. he had arranged for someone to pick her up and take her directly to the hotel to register.

It was said to be a Presidential Suite, but it was filled with the aura of the blue universe. It should be his special room when he came to new York, and it was usually not open.

There was even a coat on the big bed in the owner’s bedroom, and the brand of cigarette box that he was used to smoking was on the bedside.

the waiter helped her put down her luggage and said very respectfully, ” “mrs. lan. If you need anything, just call the front desk.”

Qin Chen nodded, gave her a tip, and closed the door.

She was a little tired and just wanted to rest.

she picked up the coat and threw it on the sofa. she lay down without even taking a shower.

Between the blanket and the pillow, there was a familiar scent of shower gel.

Chapter 3027: Ex-girlfriend VS current wife (1)

later, when she was taking a shower, she realized that everything here was not hotel supplies. it was indeed lan yu’s private use.

When Qin Chen was brushing his teeth, he suddenly thought of something. He looked around the master bedroom, but he couldn’t find a t-shirt.

“he’s really cultivating his body and mind.” she continued to brush her teeth and mumbled.

She didn’t know why, but she felt better.

after all, even if they had no feelings for each other, she didn’t want to share a husband with someone else.

Qin Chen pursed his lips and stuck his tongue out at himself in the mirror, looking a little mischievous.

...

she started work the next day. this time, she was going to shoot the asian cover for a famous fashion magazine. however, she did not expect to run into lu wei, let alone the two of them.

when qin chen was putting on his makeup, he heard a voice from outside.

” i won’t film with qin yi, ” lu wei said arrogantly. ” i’m not here if she’s here. ”

The reason why Lu Wei was so confident was because she was ranked fifth on the global supermodel rankings, while Qin Chen was only ranked tenth.

and for this cover shoot, her endorsement fee was two of qin chen’s films, which was enough to prove that the higher-ups valued her.

As for Lu Wei, she was quite concerned about the cover this time. The cover this time had directly confirmed her status as the number one model in Asia.

However, she didn’t know that she was taking a photo with Qin Chen.

Why would she be willing to shoot with Qin Chen and let him steal her limelight?

Yes, Lu Wei knew that she might not lose in terms of popularity, but in terms of ability, she couldn’t beat Qin Chen.

her unreasonable request put the editor-in-chief of ZA magazine in a difficult position, and he was also a little angry.

It was normal for supermodels and celebrities to act like big shots, but they had to be aware of their own status, especially since Qin mo was a new Star. His future was predicted to be even further than Lu Wei's.

Lu Wei was just a supermodel, so she wasn't that good at making money from endorsements. Qin was different.

Qin Chen would be a Dark Horse in the East, sweeping the world and leading the trend.

however, the editor-in-chief knew that lu wei had a good relationship with the higher-ups, and with her determination, things were a little difficult to handle.

they couldn't afford to offend qin chen.

qin chen's background wasn't weak. she was the owner of the largest share in France's rong group biology. the qin family was also asia's largest KING entertainment company. all of these added up together were more important than lu wei's friendship.

however, a higher-up could take a person's life, so the editor-in-chief didn't dare to step on the thunder above.

later on, he used a delaying tactic and found an excuse to film another day.

of course, lu wei did some exercise, but the results were not ideal.

When they walked out of the dressing room, Qin Chen and Lu Wei were face to face.

there were four bodyguards standing behind lu wei, which fully reflected the extravagance that a supermodel should have.

"As long as I'm here, don't even think about appearing on ZA magazine," she said.

qin chen's assistant was beside him, and she smiled lightly. " " actually, i only thought of this as a job and didn't want to do it that much. but since miss lu doesn't want me to do it, i'll just have to do it. "

lu wei's face darkened.

Qin Chen added another infuriating sentence, " it's just like blue universe. I didn't want to go in the past, but the more miss Lu doesn't want it, the more she's willing to do it.

After Qin Chen finished speaking, he curled his lips and sneered.

lu wei was furious. no one had ever dared to speak to her like that, at least not in the industry.

She pursed her lips tightly. don't think that you can do anything just because you have the Qin family as your backing. I'm ran ran in the circle.

Chapter 3028: Ex-girlfriend VS current wife (2)

"What is it?" Qin Chen sneered. Lu Wei, I already told you to keep an eye on what's yours. There's no point in forcing it if it's not yours.

although she, qin chen, had always been calm and collected in the industry.

however, since her identity had been exposed, she couldn't be too miserable and lose herself to the qin family.

Qin Chen smiled faintly and was about to leave.

"don't leave." Lu Wei took advantage of the fact that he had more people and took a step forward.

Qin Chen stood still. Lu Wei, even if there were ten of you who dared to touch a single hair of mine, you would immediately disappear from this circle. Do you believe me? ”

...

Lu Wei bit her lip.

she didn't believe it, but she was afraid.

After all, King Entertainment controlled more than half of the media in the country. No matter how famous or amazing you were overseas, if you were banned by the mainstream media in the country, you would have nothing.

After all, being a model was a youthful thing. She still wanted to enter the domestic entertainment industry and do variety shows in the future.

The person she couldn't afford to offend the most was Qin mo, who was Qin Chen's brother.

she couldn't do it openly, so she could only do it in the dark to make qin chen suffer.

Lu Wei left, and Qin Chen stared at her back for a long time.

her assistant, xiaohong, who was beside her, said indignantly, ” ” she really thinks she's a big shot. she only got on the list once. that's amazing. ”

“They naturally have their own methods.” Qin Chen flicked his long brown curly hair. I'm done filming. I'll take a break for the next two days. I'll treat you to Mexico Chicken rolls later.

” i heard that you're staying in the presidential suite of the grand hyatt. aren't you going to take me to the western restaurant there? ” xiaohong cried out.

qin chen made an expression of disbelief.

“sister qin, you're so rich!” xiaohong was excited.

“Come on,” qin chen carried her into the elevator in a good mood.

however, sister kuan called him very quickly and said, ” “Isn’t that Lu Wei too insensible? How dare you make such a request? no, I’ll call the higher-ups in ZA and ask for an explanation. Do you think we’re easy to bully?”

“Sister Kuan, isn’t it great if they break the contract?” Qin Chen asked slowly.

she didn’t need to film any films and could still get 10 million to spend.

” you’re really ... i can’t do anything to you, ” sister kuan scolded jokingly.

qin chen leaned against the elevator and said slowly, ” ” just let lu wei do it. i’m not the one with a bad reputation. ”

on the other end, sister kuan was exasperated,”you just want to relax. do you know how much traffic is in ZA?” it’s worth more than ten shows.”

Qin Chen laughed even lazily. actually, Lu Wei’s face makes me sick too.

Sister Kuan rarely knew about Qin Chen’s marriage, so she laughed. do you mind that your husband might have slept with Lu Wei? ”

qin chen laughed. ” i don’t think so. look at lan yu and lu wei. they look like everyone owes them two million yuan. ”

no matter how angry sister kuan was, she was no longer angry. qin chen was right. the money was already in her hands, and the other party had breached the contract.

he just didn’t vent his anger.

On the other side, Qin Chen hung up the phone. He didn’t expect Lu Wei to have more tricks up his sleeve.

The fashion industry and the entertainment industry were the same. There were all kinds of darkness and you would be caught off guard.

It was just that this little dark incident had blown up Lan Yu and Qin Chen's Secret marriage.

The consequences weren't what Lu Wei thought. Instead, Qin Chen became even more popular.

Chapter 3029: mrs. lan, what's the punishment for cheating on you?

Qin Chen brought Xiaohong to the Grand Hyatt Hotel and ordered a lot of high-calorie food at the famous restaurant.

Xiaohong's expression was hard to describe,"sister Kuan will be embarrassed if she knows."

"Kill me," she said with a hand gesture.

qin chen laughed. " it's fine as long as she doesn't know. besides, even if you don't want to be a model, you can still be my assistant in the future. it won't be a problem to support you. "

if he really couldn't afford it, qin chen thought immorally, " then let lan yu take care of it. anyway, he liked to do good things.

Qin Chen thought about it and smiled.

...

It was probably because her smile was too charming, so a very handsome foreign man sat next to her and struck up a conversation with her very easily.

The man spoke in a pure United Kingdom accent. He looked charming, and his voice was charming as well.

Qin Chen handled it with ease, but Xiao Hong was already on the verge of fainting, red hearts popping out of her eyes.

He was too handsome.

The foreign man even performed a little magic trick. Qin Chen supported his chin with his hand and looked like he was enjoying it.

Xiao Hong sighed in her heart.

The difference between people was really big.

Qin Chen ate happily and chatted with the good-looking foreign man, while the camera kept filming her in the dark.

Even when the man politely sent them to their room, the camera ignored Xiao Hong and focused on Qin Chen and the man.

The suite was Lan Yu's room.

when the news broke out, it was calm abroad, but it exploded in china.

the headlines of qin chen meeting a mysterious man at night and spending a good night together were extremely eye-catching.

at the headquarters of the grand hyatt in B city.

Lan Yu threw down the newspaper and pressed the internal line, " "Kevin, get your ass in here in one minute."

kevin, who was in the secretary's office, felt quite aggrieved. he wasn't the one who made his boss a cuckold, so why did he have to get lost?

but he didn't dare to not roll over. after he rolled over, he coughed lightly."Boss, do you need a private plane?"

"We'll take off in an hour." after lan yu finished speaking, he had already taken his coat and car keys and left.

qin chen's incident wasn't a coincidence. someone must have ordered it.

moreover, his marriage with qin chen was a secret. if qin chen's scandal was exposed now, their marriage would be exposed next. then, there would be no way to clear his name for having an affair.

he, blue universe, would be covered in green.

he had to deal with this matter as soon as possible. as he walked, he instructed kevin, " "Release a statement saying that I'm with Qin Chen in new York and announce our marriage."

kevin was a little frightened,"do-do i need to ask for miss qin's opinion on this?"

Lan Yu turned his head, his expression not looking good. "She's already made me a cuckold. Do you think I still need her opinion?"

kevin did not say anything more. he coughed lightly and said somewhat uncomfortably, " "Then I'll do it immediately."

Hence, after more than ten hours, Lan Yu appeared in the Presidential Suite of the Grand Hyatt in new York.

he put down his luggage and slowly walked towards the master bedroom.

It was early in the morning in New York, so Qin Chen was still sleeping. She was sleeping soundly with her face buried in the pillow, looking carefree.

Lan Yu walked over and sat by the bed, reaching out to touch her face.

she had stirred up such a big mess, and there were rumors outside. his father had even called him to ask if there was something wrong with yingluo's body!

And here she was, sleeping without a care in the world.

Of course, he believed that there was nothing going on between her and that man.

Because he had pulled out the surveillance footage.

Chapter 3030: Mrs. LAN, how to punish an unfaithful woman?

because he had pulled out the surveillance footage.

her assistant was there as well, but the man had left after sending them back.

but this would also make him uncomfortable.

"Attracting bees and butterflies," he unwillingly spat out these four words, then untied his coat and threw it aside, followed by the other clothes.

After taking it off, he went straight to the bathroom to take a shower. When he came out, he wrapped a bath towel around himself and ordered breakfast. Then, he sat in front of the floor-to-ceiling window and smoked while waiting for the waiter to serve him.

the breakfast was delivered in ten minutes. a silver dining cart was carrying all kinds of exquisite breakfast.

...

There was also a bouquet of pink roses, which was even stained with morning dew.

Lan Yu opened the door and let the waiter in. He closed the door after giving him a tip.

qin chen still hadn't woken up, and he couldn't help but wonder how crazy she must have been to sleep so deeply last night.

Hence, he picked a rose and walked towards her.

rose gently touched her cheek. qin chen felt ticklish, so he just patted her lightly and turned over to continue sleeping.

"Little pig," Lan Yu chuckled softly, leaned over, and kissed her with his hands on both sides of her body. The kiss was a little lingering.

he didn't know why. he should be angry at her, but when he saw her sleeping on his bed, he couldn't be angry at all.

the more he kissed her, the more she finally woke up.

She opened her eyes and looked at him in disbelief. Then, she blinked. Lan Yu.

she sat up and shook her head.

His eyes locked onto hers as he sneered, "If I didn't come over, I'd probably be cuckolded all the way from new York to B city."

"you believe that?" qin chen asked.

"i don't believe it, but others will. Or if they didn't believe it, they would have a party." He said seriously, "I need to announce our marriage now.

"You can't!" Qin Chen widened his eyes.

"i can. i've already done that." "didn't your assistant or sister kuan tell you?" lan yu's voice was filled with joy.

qin chen glared at him.

“it seems like you’re a failure!” he nodded.

“nonsense,” qin chen snorted.

“aren’t you afraid that i’ll really make you a cuckold?” she raised her eyebrows.

“You won’t,” Lan Yu said indifferently. He immediately changed into a bathrobe and walked towards the dining room, ” “but i really don’t like it when you’re with the opposite sex.”

what did he mean by he didn’t like her being with the opposite sex? did she not touch men anymore?

when she was working, most of the staff were men, but he didn’t say anything.

However, Qin Chen didn’t have time to think about this because there was a very fragrant smell in the air.

it was the smell of food.

she immediately lifted the blanket and ran over barefooted.

a bouquet of roses was thrown into her arms. she hugged it and sniffed it, then sat down gently beside him.

“I didn’t know that you’ll get a present after you cheat on me. Can I say that you’re really generous, CEO LAN?” qin chen laughed.

Lan Yu glanced at her and ate his breakfast without saying anything.

However, Qin Chen was not afraid of death and continued, ” “then i’ll date a few more men in the future.”

“you can try.” Lan Yu directly reached out and shook it lightly.

eat, ” she called out softly. it’s different now that you’re here.

lan yu didn’t let go of her. instead, he pulled her into his arms.

His thin lips gently covered the back of her ear and he murmured in a low voice,”Let’s do it here once.”
