

## Thank you 3091

### Chapter 3091: A family of three! Identity exposed (3)

after all, qin chen was one of the top five models in the world. after his identity was exposed, lan yu's identity was also exposed, followed by lin sisi's.

The entire world was guessing Lin sisi's identity.

When they returned to the hotel, there were already many reporters lying in ambush. They aimed at the 'family of three', focusing on the relationship between the LAN Yu couple and Lin sisi.

because madam was too special!

they didn't seem like friends. friends didn't get along like this. it was like they were raising a child.

nowadays, the internet was particularly powerful, and sisi's identity was quickly dug out.

...

the daughter of the previous lin xxx, lin xxx, had already been removed from the horse. lin sisi's identity was naturally particularly sensitive, not to mention that the person who had pulled her down was lan yu.

For a moment, Lin sisi was stuck with the 'thief as her father' label, and she couldn't tear it off.

moreover, they had booked a presidential suite for three people, and the unscrupulous media had written particularly bad things about it.

Lan Yu and Qin Chen also didn't expect that things would develop to this extent, and that it would hurt sisi.

lan yu thought of a way to get kaiwen to suppress it and then had KING entertainment block it. however, some mainstream media could suppress it, but those small newspapers and other things were flying everywhere, giving lan yu a headache.

It was destined to be a sleepless night!

however, sisi did not know that. she was still ignorant, happily hugging her snacks and watching tv like a little mouse.

When Qin Chen came out of the bathroom, Lan Yu was smoking in the study.

She walked in gently and placed a hand on his shoulder. She took the cigarette out of his hand and said, " smoke less.

lan yu turned his head to look at her and silently pulled her to his side, hugging her waist.

"i'm quite regretful now. sisi could have lived a peaceful life, but we've disrupted it." He muttered.

qin chen reached out to stroke his black hair and smiled. " "What did you do wrong? You treat her like a child and do your best to treat her. The one in the wrong is Gu ze."

her words were not a rejection, but a disappointment to gu ze.

gu ze might not be in the country, but gu ze's company was so big, and he had many close confidants. there should be more than one or two people who knew about his secret marriage. someone would definitely tell gu ze such big news.

Now, all Gu ze needed to do was to stand up and say that sisi was his wife, and all the dirty water on sisi would be gone.

However, it had been a few hours since the incident, and Gu ze had not called him at all. Qin Chen wondered if Gu ze really loved sisi.

Was his marriage with sisi like having a pet that he would play with every week?

sisi had a secret marriage with him. had she seen gu ze's parents?

if not, it would be too terrifying.

qin chen's voice was slow. " if gu ze doesn't say anything, what are you going to do? "

Lan Yu took out the same cigarette from the box and lit it up. This time, Qin Chen didn't stop him.

He raised his eyes and looked at her. then take care of her. She can't go back to that villa.

they could protect her now, but if she went back to the villa and was found, sisi would be hurt.

As Lan Yu spoke, he held Qin Chen's hand and whispered,"Chenchen, do you believe me? i just want to take care of her. if you don't want to live with her, i can send her back to the nursing home temporarily. gu ze will probably take her back later."

Qin Chen hugged Lan Yu. don't send her back. She'll feel abandoned.

She rested her chin on Lan Yu's shoulder. just treat it as Rong Yue having an older sister, okay? Can you announce to the public that sisi is your father's adopted daughter?"

Chapter 3092: A family of three! Identity exposed (4)

qin chen didn't know why he was so good to sisi. she was an adult girl and had an ambiguous relationship with lan yu, but she still wanted to take care of her.

Lan Yu hugged her and said in a soft voice, " "Alright!"

as for gu ze, he was a little disappointed.

Just like how Gu ze had given up on Gu Mei many years ago, was Gu ze going to give up on sisi again this time?

There was no news for a night, a day, and two days. Lan Yu was almost certain that Gu ze was giving up.

At the same time, in B city.

...

gu ze had already gone back. it was an emergency because of sisi's matter.

not many people in the company knew about gu ze's secret marriage, but in the past few months, many people had spread the news.

after lin sisi's identity was exposed, the company's shareholders strongly opposed gu ze's disclosure of lin sisi's identity. this was because lin sisi's special background would cause the company's stock price to plummet, and there was even a possibility of bankruptcy.

Gu ze held meetings for two days in a row, and in the end, he forced him to choose the company.

He knew that under Lan Yu's protection, sisi would be fine. After that, the official news from Jun Yue came out that sisi was adopted by Lan Yu's father, and sisi's experience in the sanatorium was also exposed.

gu ze closed his eyes. he knew what this meant to sisi and to him.

For the sake of the shareholders, for the sake of the shareholders, for the sake of his own interests, he would never admit that sisi was his wife, Yingluo.

Gu ze and Lan Yu were on the phone. Lan Yu gave him a good scolding, but it did not stop there.

As for sisi and Gu ze's marriage, Lan Yu couldn't directly interfere because sisi would think of Gu ze.

She really didn't know anything. She even asked when Gu ze was coming back. She had to go back to the villa and wait.

When she said it in an innocent tone, Qin Chen's eyes were a little hot and he wanted to cry.

Sisi is really so silly, so silly, Yingying.

She was so silly that it made their hearts ache. She was so silly that they could not bear to tell her about Gu ze's cruelty.

Qin Chen's commercial finished shooting three days later, and sisi was brought back to B city to live with Qin Chen and Lan Yu.

Little Rong Yue liked sisi very much because sisi was pretty. Sisi also liked Rong Yue because Rong Yue was pretty.

In a sense, their intelligence was almost the same.

Lan Yu looked at the two of them watching cartoons with their heads touching and munching on snacks together. He couldn't help but sigh."actually, i should say that she's my dad's adopted granddaughter. we can even bring her to the amusement park in the future."

Qin Chen was amused by him and looked at the two little ones. actually, sisi's pretty good like this. At least she's happy.

She was thinking that if Gu ze didn't want sisi, she and Lan Yu would raise sisi for the rest of her life.

But they never thought that sisi would secretly run away one day to find Gu ze.

Although she didn't understand things, she missed Gu ze and was afraid that Gu ze wouldn't be able to find her.

sisi ran away a week later with her small backpack, which contained her personal change.

qin chen asked the servants to prepare afternoon tea. when he asked sisi to eat, there was no one in her bedroom.

moreover, the bedroom was empty. she had taken away all the dolls that lan yu had caught for her. qin chen was stunned for a moment and immediately realized that sisi had ‘run away from home’.

she hurriedly called lan yu. ” sisi is missing. i can’t find her anywhere. ”

“i’ll give her a call.” lan yu was also shocked, but he comforted qin chen. ” it’s not like she doesn’t know anything. I think she probably went to look for Gu ze.

In his heart, Lan Yu was already cursing Gu ze.

Chapter 3093: Gu ze, you don’t want me anymore? 1

Hengtong Group Headquarters.

gu ze was in the middle of a shareholders ‘meeting. there were about 50 to 60 people.

at the door, gu ze’s secretary suddenly pushed the door open with a complicated expression on her face. she softly called out, ” “Master Gu!”

gu ze raised his eyes and was about to say something when his gaze froze.

his secretary wasn’t the only one standing at the door. there were also sisi and a dozen reporters.

Sisi’s eyes were filled with joy. Gu ze, you’re back? ”

...

Gu ze looked at her, his eyes deep and quiet.

It was so quiet that she was a little scared.

sisi walked over to him and said in a soft voice, ” “Gu ze, what’s wrong? are you unhappy?”

the secretary came back to her senses and said in a stern voice, ” “Master Gu!”

Today’s shareholders ‘meeting was to suggest to President Gu to get a divorce, because President Gu could not have such a stain.

But now, Lin sisi was here ...

” master gu, if you don’t make a quick decision, the company’s stock price will plummet, ” the secretary reminded him in a low voice, ” “The reporters are here. If master Gu says anything wrong, the consequences will be very serious.”

Gu ze’s fingers tightened.

he looked at sisi’s slightly panicked face. her eyes were filled with uneasiness, as if she didn’t understand why he didn’t approach her and why his eyes were so cold.

under such a gaze, the reporters couldn’t be stopped even if they were like wolves, and they quickly rushed in.

Lin sisi was knocked into the meeting room. Her body was unknowingly pushed and she fell in front of Gu ze.

She was only half a meter away from him.

Yet, it seemed as if they were separated by an entire world.

the reporters were like sharks that had smelled blood. they crowded around and pointed their microphones at gu ze.”Master Gu, there’s news that miss Lin is your wife, but their marriage is a secret, right?”

Lin sisi lay on the ground and looked up at Gu ze in a daze.

Her eyes were pure and black, looking at him like a pigeon.

His eyes were filled with anticipation.

She had never been like this before, hoping that he would say something like ...

she was his wife!

She didn't know anything else, but she knew that if he said no now, it must be because she wasn't good enough, so he didn't dare to say it.

Lin sisi stubbornly looked at Gu ze. She did not get up and just looked at him.

gu ze's eyes drooped as he stared at the innocent and weak little thing.

He could see the desire in her eyes, but he couldn't.

under the gazes of so many reporters and so many people, gu ze spoke very softly, " "No!"

it wasn't!

lin sisi's eyes were filled with shock and hurt.

she looked at him in disbelief, unable to believe that he would treat her like this.

The reporter was even more excited and started to ask Gu zecai,"master gu, can you tell us what's your relationship with miss lin?"

" she's just a friend, " gu ze said softly. " she's lan yu's sister, so i'll treat her as my sister too. "

younger sister?

lin sisi was in a daze.

he said that she was his younger sister. was he saying this because of the stock price lan yu mentioned?

So, he was sacrificing her and making her unable to see the light of day for the rest of her life? Or did he not want her anymore and find another outstanding person to be with?

the reporter asked on her behalf. ” then, does president gu have any plans to start a family? after all, a stable family relationship. a healthy heir will boost the confidence of the shareholders and shareholders. ”

gu ze’s gaze moved away from lin sisi’s little face and landed on the reporter’s face. he smiled lightly. ” “I will. In fact, I already have a partner in my life.”

This was to gain the trust of the reporter, but Lin sisi’s eyes suddenly shrank.

Chapter 3094: Gu ze, you don’t want me anymore? 2

he said that he had found a suitable partner. was he going to marry someone else and have children soon? in other words, he didn’t want her anymore?

little fool’s body was lying on the ground, as lowly as a plant. there was a certain kind of illusion in her eyes when she looked up.

that was the first time she saw gu ze’s radiance.

but now, that was all gone.

In little fool’s heart, she was willing to give up everything for Gu ze, even her life.

and for the stock price that lan yu mentioned, he gave up on her, yingluo, because she was not good enough, not good enough, or because she was stupid.

...

she got up from the ground and slowly straightened her body. her small body was pushed and knocked around by people, and she was drowned in those people.

She was injured.

Gu ze's eyes were filled with a storm. He clenched his fists so tightly that his knuckles were white.

"Miss Lin, is there a problem with your intelligence?" a reporter asked sisi.

Lin sisi smiled and replied with an especially sweet smile, " "Yeah, how did you know? am i the little fool that you guys always call me? Gu ze also said I'm a fool. I'm quite a fool Yingluo."

She was still smiling sweetly at him, just like the night he went to the villa in C city.

But he saw tears in her eyes that others couldn't see, and his heart clenched.

Lin sisi took a step back. actually, I'm here to clarify.

gu ze's palm clenched and released. suddenly, it clenched and released again. blood appeared.

he heard his little fool say very, very seriously, " "Actually, I'm here to say goodbye, Yingluo. I'm going back."

Back? back to C city?

Gu ze looked at his Secretary. arrange a driver for miss Lin.

the secretary was his confidant and naturally understood his intentions. hence, he smiled and said to the reporters, " alright, we've all figured it out. miss lin and president gu have no relationship! president gu will be engaged to ms. wen xinya in a few days. i believe everyone will receive an invitation from president gu."

this was a little too much!

the reporters did not need to ask to know that wen xinya was the daughter of hengtong's second largest shareholder. she was a top student who had just returned from studying abroad. she was an artist and seemed to be in the art industry. she was also very beautiful and could be said to be a match made in heaven with president gu.

lin sisi's little face was a little pale, and her body retreated backward. however, she was silently taken away by the security guards.

in the conference room, the reporters were slowly cleared out.

gu ze got up.

"president gu?" major shareholder wen called out to him.

Gu ze's body stood straight.

At that moment, many, many thoughts flashed through his mind. Many years ago, when Gu Mei got into an accident, ye mu Yun asked him to choose Gu Mei or his future. He gave up on Gu Mei.

this time, he had to choose between sisi and the company.

He made the same choice.

Even if he felt heartache and reluctance.

He lowered his eyes and said, " in three days, the engagement party will be held at GM hotel.

after saying that, he left and took the elevator to the top floor.

His little fool, the little fool he once had, was waiting for him there.

It was not voluntary, but he forced her to stay because he had some cruel words to say to her.

Gu ze's thin lips were tightly pursed as he slowly walked over.

he placed his palm flat on the door and only pushed it open after a long time.

The door opened, and the person inside was shocked. She looked at him like a Frightened Rabbit.

her eyes were red and swollen. she must have cried.

gu ze wanted to speak, but he realized that his throat was very tight.

his little fool stood there and looked at him with a strange look. her voice was also strange."Gu ze, you don't want me anymore?"

Chapter 3095: gu ze, you don't want me anymore? 3

gu ze stood there for a long time before he slowly closed the door.

The moment he closed the door, his little fool's body tensed up again, as if she had been frightened. However, she still looked at him stubbornly, so stubborn that she wanted an answer.

Gu ze walked towards her, and little fool took a step back.

even her breathing was painful, but she still stubbornly asked, " "You don't want me anymore, do you?"

she wanted to ask him if what he had said to those people was a lie. in fact, he would not marry anyone else and have children. he had been lying to her.

Gu ze reached out and placed his hand on her shoulder.

...

He said in a low voice, "sisi, I'll take care of you in the future!" You can still stay there."

"You're not going, are you?" Little fool gave him a fragile smile. There were tears in her eyes, but they didn't fall.

Gu Ze couldn't help but call out, sisi.

Little fool looked at him and asked again, " "You're not going, are you?"

He gazed at her. It wasn't that he didn't see the desire in her eyes, it wasn't that he didn't feel her sadness, but he knew that he was soft-hearted and that he had sisi, but the Hengtong Group was doomed.

Not only were there external threats, but there were also internal ones.

The first one was the Wen family.

From the beginning to the end, it might have been a trap, and he, Gu Ze, had fallen into it. From the moment sisi's identity was discovered, he had no choice.

Gu Ze's heart was in turmoil, but his face was calm. "Yes, I won't go."

Little fool's face was pale as she looked at him quietly. "You want to divorce me, right?"

When she asked, Gu Ze felt his heart ache.

he didn't answer her directly, but walked over and hugged her.

The small one was pulled into his arms and held very tightly.

In this life, he had let down so many people. However, the only person in his heart was Gu Mei. In the future, there would also be a little fool.

Gu ze knew himself. He did have feelings for little fool. He did like her, but not to the point where he was willing to give up everything for her.

He hugged her tightly, his thin lips pressed against her ear and his voice was low and hoarse.”sisi, i’m sorry.”

little fool, i’m sorry.

His little fool’s head was buried in his arms, and in a while, his heart would be wet.

Gu ze closed his eyes and lowered his head.

He wanted to kiss her, kiss her, and comfort her.

However, Lin sisi pushed his body away violently. She took a few steps back, her face covered in tears.

Her eyes were like those of a hurt little animal. After a long time, she said softly, ” “You shouldn’t kiss me anymore.”

she was silly and insensible, but she knew that she couldn’t kiss people she wasn’t with.

she instinctively resisted and left his embrace.

She was even more open than him.

Gu ze’s hands were empty, and he felt that his arms were empty.

Lin sisi raised her little face and smiled sweetly at him. Gu ze, we signed when we got married. Do we need to sign when we get divorced? ”

gu ze’s eyes were a little moist. her smile was like a thorn that pierced into his heart.

it's very, very uncomfortable

However, Gu ze did not know that this thorn would make him bleed all over in the future. This thorn was like a rose's thorn, beautiful and poisonous.

while he was still in a daze, she smiled at him very, very softly. "I'll leave after you sign."

Then, she lowered her eyes and said, "I won't come and I won't disturb you." mr. gu."

Chapter 3096: gu ze, you don't want me anymore?

these three words were like a curse that stopped gu ze in his tracks. he opened his mouth and said in a deep and slow voice, "sisi, let's ran ran."

He wanted to say, "we shouldn't have such an ending. Wait for me for two years, Hanhan."

But he couldn't bring himself to say it. Could he tell her to wait two years for him to dump Wenxin after he got engaged with another woman and then marry her?

gu ze didn't bother to say such despicable words. even if his little fool heard it, she would probably be happy and continue to wait for him stupidly.

he couldn't bring himself to say it out loud. he wanted to wait for him to settle all the matters and settle the wen family before he went to look for his little fool.

However, he had never thought that the person who had given up would not wait in the same place forever.

...

his little fool might not grow up, but his little fool would become another person and return to her original appearance.

Gu ze didn't care to say these things. In the end, he just acknowledged it and pressed the internal line."lawyer xu, come over for a moment."

lawyer xu was the company's lawyer and also gu ze's private lawyer. their marriage was handled by lawyer xu.

Naturally, it was the same for divorce.

after lawyer xu arrived, he was sensitive to the atmosphere and knew that this poor girl was probably going to be abandoned by president gu.

Originally, he was not optimistic about it. After all, the difference was too great.

However, he was very determined when he married President Gu, but it had only been a few months.

Lawyer Xu nodded and started to download the divorce agreement. He then discussed it with master Gu.

Mr. Gu had put forward many generous conditions, and lawyer Xu was still a little relieved. That girl had been taken good care of after leaving Mr. Gu.

he looked up at mrs. gu and found her leaning against the floor-to-ceiling window, looking at the sky outside.

She didn't care about material things. She just looked at the sky as if she was living in another world.

Lawyer Xu suddenly realized that it was president Gu who had barged into her world, not her who had barged into President Gu's.

Lawyer Xu felt some sympathy in his heart, but as a subordinate, he had no right to say anything. He did a rough calculation in his heart. President Gu's compensation to the young lady was probably more than one billion Yuan. It was quite thoughtful.

At this moment, he hoped that the young lady would not put so much thought into President Gu. Otherwise, what was the use of having so much money?

After drafting it, Gu ze did not communicate with sisi because she did not have the concept and would not understand.

He only needed her signature and would hand over the things he gave her to a professional financial Officer, who would, of course, be a reliable employee of the company. He would also give some real estate to her parents.

when they arrived at the villa in C city, he left it for her and hoped that she would live there.

in his heart, he selfishly hoped that his little girl would wait there like an idiot for two years.

at that time, he would have an heir.

He was not sisi's child, but he would be raised to be his successor.

As for the Wen father and daughter, they would no longer need to appear in this world.

This was Gu ze's ruthlessness. His little fool did not need to know about this.

gu ze looked up at sisi and was about to speak when little fool softly asked,""Gu ze, isn't the outside world beautiful?"

he did not make a sound.

She turned her head and looked at him quietly. actually, it's good to leave you because I don't like to wait for you there either. Because most of the time, I have to wait until night time, but you didn't come. You would forget to call me because you were busy, and I didn't dare to call you.

She said these words in a clear and organized manner, which part of her looked silly?

Gu ze's heart felt as if it had been hit hard. She was only stating the facts and not accusing him, but he felt that she was implying that he did not like her that much and that she was just a dispensable spice.

"you don't want to stay back?" he asked in a low and hoarse voice.

"yes." She appeared very calm. I have Lan Yu to take care of me or my mother. I want to see her too.

Gu ze's heart was hit hard again.

he walked over, looked down at her, and then looked out of the window like her.

...

There were a lot of pigeons outside, and she didn't know where they came from. No wonder she could stay here and watch for a long time.

Gu ze also looked at the pigeons for a while. sisi, I'll go to the People's Square with you, okay? "

Little fool took a step back and lowered her eyes."Alright."

he didn't say anything, and she walked to lawyer xu.

Lawyer Xu's heart really ached for the girl in front of him. She was very innocent. She didn't look at the contents of the agreement and only asked him where he should sign. he pointed to a place and she signed it.

Because President Gu had already signed the document, lawyer Xu kept the document and felt that it was not convenient for him to stay.

However, he was also full of pity for the girl in front of him, so he reached out and touched the center of her hair. you have to learn to take care of yourself in the future.

because president gu could not take care of her anymore.

A marriage would last for a few months. President Gu's price was more than one billion, but lawyer Xu still felt that the young lady in front of him was the biggest loss.

This was because money had no attribute in her eyes. It didn't matter how much it was.

She had lost her heart and the feelings she had given out.

Lawyer Xu sighed and left.

Lin sisi looked up at Gu ze and said softly, "i'm a little hungry."

Gu ze's gaze was deep. He looked deeply into her eyes. okay, I'll take you to dinner.

he didn't take her to a high-class restaurant, nor did they go to a kebab shop. instead, they went to the small apartment he had bought.

He told her that he had borrowed the apartment.

Gu ze opened the door and let her in. Someone had already prepared the ingredients here.

He was very busy and hadn't cooked for her in a long time during their short marriage. He didn't stay in the villa for more than half a month, including the few days when they were newly married, not to mention cooking for her.

Perhaps this would be the last time.

gu ze poured a glass of milk for sisi and settled her down on the sofa.

at this moment, she looked very calm, as if the divorce did not exist.

Gu ze placed the milk in her palm. It felt slightly cold when it touched her skin. He did not immediately raise his body and instead whispered, ” “sisi, do you hate me?”

“no, i didn’t,” the little fool lowered her eyes and chuckled.”you should find a better person.”

she looked up. ” you’ll be engaged to her soon. is qianqian in a hurry to divorce me? ”

gu ze could not answer this question.

little fool asked in a low voice again, ” do you like her a lot? ”

gu ze smiled and still did not answer.

lin sisi lowered her eyes. ” gu ze, i hope that you can find a girl who is more important than your stock price. get married to yingluo. that way, you will definitely be very happy. ”

gu ze’s heart trembled. he knew that she probably said this because she had heard something from lan yu and qin chen. she was obviously stupid, but she always hit the nail on the head.

Chapter 3098: Gu ze, you don’t want me anymore? 6

In front of her, he was so pale and so ashamed.

Gu ze didn’t answer her question. He just ruffled her long hair and walked into the kitchen.

today, there was a dish called roasted squab, but sisi didn’t touch it.

She ate very little, like a bird’s stomach.

Gu ze did not force her. He did not have an appetite either.

later, he took her to people's square, and sisi asked him for money to buy some food to feed the pigeons.

...

she fed him quietly, her expression calm, but there was a hint of ridicule hidden in her eyes.

Gu ze squatted beside her and kept looking at her delicate little face.

He reached out to touch her hair, but sisi avoided him.

Ever since they signed the papers, she had stopped letting him touch her, as if she was a stranger.

Gu ze's palm fell in mid-air, and that feeling of emptiness came back again.

he didn't say anything and put down his palm.

Little fool continued to feed the pigeons. Her movements were very gentle and slow, as if she was afraid of scaring the White pigeons.

when her hand was empty, she looked up and smiled at him. "Alright, I'm leaving."

gu ze immediately grabbed her arm. "Where are you going?"

"Let's go back to blue universe." lin sisi said in a low voice and smiled at him.

That smile was very strong, but it hid little fool's thousands of wounds.

although she was silly, she knew that her blessing was fake. how could she be willing to like someone else when she liked him?

she lowered her eyes. "i'll take the car. i'll go back to lan yu. "

she got up, but gu ze did not let go of her. he felt that he was too tired to let go.

“I’ll send you.” He frowned and clenched his fists.

his little fool gently pried his hand away and said, ” “No need! I know the way.”

she said the route softly and accurately, making gu ze unable to refute.

In the end, he told her to leave and get in the car by herself. He was prepared to follow Hanhan from behind until she reached Lan Yu.

However, Gu ze did not expect that this choice would cause him to lose little fool forever.

It made her a different person forever. She did not forget this memory, but she chose to be indifferent.

She had changed from a little fool back to an especially smart person, and she would no longer look at him with passionate and loving eyes.

In her eyes, there was only mockery, not even hatred.

many times when he was drunk, many times in his dreams, he would miss that little fool, and he would miss the feeling of holding her in his arms.

however, there was no more. there was only lin sisi and no more little fool.

She didn’t hate him, and he didn’t know if that was true or not, but he did hate her, Yingluo.

At this moment, Gu ze stood there and watched her cross the road towards the bus station on the other side.

suddenly, he narrowed his eyes and shouted, ” “sisi, get out of the way!”

this little fool. it was a red light and she was going to cross the road, but she still walked forward very fast.

A white BMW was charging towards her, but she did not stop and continued to drive straight ahead.

In Gu ze's line of sight, her small body was knocked up with a bang.

it took off, landed, and fell heavily on the ground.

gu ze almost rushed over. he picked her up and checked her body.

The strange thing was that she wasn't injured. She had only fainted.

The car owner immediately got down and said to Gu ze, "do you want to be sent to the hospital immediately?"

gu ze picked up sisi. the driver was a good person and didn't push the blame. he just drove her over.

fortunately, he was fine, only having a mild concussion.

Chapter 3099: lin sisi regains her memory (1)

Little fool was lying on the White bed and had not woken up yet.

gu ze sat by the bed and kept watch. his secretary had just come by and told him that miss wen xin was waiting for him to try on the dress.

It was because they would be engaged in three days.

"Let her do as she sees fit!" Gu ze said softly.

the secretary still wanted to say something, but when she saw the girl lying on the bed, she couldn't bear to do it.

She left.

...

The attending doctor came over, and Gu ze asked softly, "When will she wake up?"

"normally, after 12 hours, it should be at night." there won't be a problem, Mr. Gu, " the attending doctor said in a gentle voice. all of Mrs. Gu's physiological signs are fine.

"we just signed the divorce papers," gu ze suddenly said.

The doctor was stunned for a moment, then he whispered, "i'm sorry!"

"But she will still be Mrs. Gu in the future." Gu ze said softly again.

the doctor hesitated. in fact, he wanted to suggest that mr. gu also go for a brain examination ...

As night fell, sisi had not woken up yet, but Lan Yu had received the news and rushed over.

Lan Yu looked very tired, and Qin Chen was beside him.

without a word, lan yu grabbed gu ze's collar and dragged him out. qin chen slowly followed.

"you take care of sisi. i'll deal with this scum!" Lan Yu gritted his teeth.

Qin Chen leaned against the door and sighed. I'm really afraid that you won't be his match. You've been in a vegetative state before, haven't you? "

lan yu glared at her fiercely-

Why was he still talking about being in a vegetative state at this time? he wanted to beat Gu ze into a vegetative state now.

What kind of person was he? did he think that marrying sisi was like raising a little pet? if he liked her, he would keep her. If he didn't like her, he would throw her away in C city. He abandoned her when it was not beneficial to the company. Why did he want to marry Wen Xinya?

in lan yu's understanding, marriage meant a lifetime. the woman he liked was not just a broken company, even if he had to take his life, it would be fine. the woman was his and he had to protect her.

lan yu's punch landed, and gu ze's body slammed into the wall. blood came out of his mouth and nose.

Qin Chen was stunned.

AI, this is too violent!

Only now did she realize that Lan Yu had been merciful to her in the past.

She saw that Gu ze did not intend to fight back. At least he still had some conscience, so she walked back to the ward.

he heard that sisi had fainted and didn't know when she would wake up, but when qin chen walked in, sisi's eyes were open.

She lay there quietly, tears rolling down from the corner of her eyes.

Those tears made Qin Chen's heart ache. She walked over to the bedside and carefully wiped sisi's tears away. you still have us. Lan Yu and I will be with you.

Lin sisi's gaze fell on Qin Chen's face. She looked at him quietly, then slowly sat up and hugged him.

“sister chenzhen, i remember now!” She buried her face in Qin Chen’s arms. the memories we shared. The days we spent in new York. I remember everything.

Qin Chen’s body tensed up.

Lin sisi continued to speak softly,”sister Chenchen, it’s all in the past, isn’t it?” that’s all in the past!”

she closed her eyes in pain. the past was like a deep wound that had been engraved in her bones. she had never dared to forget it.

she didn’t tell qin chen about her past, because she was the only one who needed to remember it.

of course, she did not forget her time with gu ze.

However, when she remembered everything, it was already over between her and Gu ze.

even though her heart ached, it still ended.

there was nothing to be nostalgic about when it had ended. the only thing she was sure of was ...

she hated him!

in this life, she did not want to come into contact with a man called gu ze ever again.

Chapter 3100: lin sisi regains her memory (2)

Qin Chen was taken aback, then looked at sisi.

lin sisi smiled weakly, then closed her eyes in discomfort.

at this time, her mind was in a mess. the things that she remembered were spinning in her mind in a mess.

The person she thought about the most was still Gu ze.

she could hear the sounds outside with her eyes closed. she knew that lan yu and gu ze were fighting.

when she opened her eyes again, qin chen's hand caught her.

...

qin chen's heart ached a little, and then he panicked, because sisi's gaze was very different from before.

the innocence and timidity were gone, replaced by a sense of insight into the world.

Qin Chen hoped that sisi would always be pure, but she felt that it was a good thing to remember everything now. At least she would not be so stupid as to wait for Gu ze.

she held sisi's hand and said softly, " "Do you want me to tell him? tell him that you remembered everything, tell him that he's nothing in your life, sisi, lan yu, tell me that you liked me, then continue to like me!"

she would give whatever she could, and she would never abandon sisi.

Although she remembered everything and was no longer stupid, Qin Chen still felt that he had a responsibility towards sisi.

Lin sisi shook her head and smiled. there's no need. Let him think that I'm a little fool forever. We're not related anymore anyway.

She said indifferently, but tears still fell from her eyes, falling one by one.

qin chen hugged her.

lin sisi threw herself into her arms and said softly, " sister Chenchen, I feel like I had a very long dream. I'm awake, but you're still in the dream.

"it doesn't matter where i am. i'll be with you." qin chen lowered his head. " sisi, forget him and start over. "

lin sisi leaned on her shoulder and cried. she said, " "Alright," he said.

qin chen wiped her tears and laid her down. " rest well. "

At this moment, the door to the ward was pushed open with a bang. The person standing at the door was not Lan Yu but Gu ze.

gu ze's appearance was really not too good. the corner of his mouth was broken, and one side of his face was bruised. it was obvious that he had been badly beaten by lan yu.

He had rushed in because he had heard the commotion in the ward.

Sisi had woken up.

Their eyes met, and her eyes were dyed with a deep layer of sorrow, looking at him like an injured little animal.

Also, fear.

She was afraid of him.

it wasn't the kind of carefulness she had in the past, but the kind of fear that she didn't want to be involved in.

She wanted to retreat to a safe place where there was no harm.

Gu ze's heart shook, and he closed his eyes. He wanted to go up and touch her, but sisi hugged Qin Chen and still looked at him carefully and guardedly.

What else did Lan Yu have to say?

he clearly knew that he had lost his little fool yingluo.

But he asked for it. He was the one who gave her up.

Many years ago, he had given up on Gu Mei. Even now, he had no regrets. However, he really did not know if he would one day regret giving up on sisi.

her eyes were still clear, but they were not bright anymore.

gu ze's heart was filled with unspeakable pain. he got it easily and did not hesitate much when he gave up.

But after giving up, he couldn't let it go.

It was very difficult to let it go completely.

his fingers wanted to touch her, but there was a touch of fear in her eyes. finally, he withdrew his hand and said in a hoarse voice, " "sisi, i'll accompany you, okay?"
