Chapter 31

Pei Qiqi, I like you (1)

By the time Pei Qiqi had left, the sky had turned dark/ However, it would only take her 1 minute from here to the bus stop.

She dragged her luggage and walked forward aimlessly.

Her feet had grown cysts from walking. It hurt but she didn't go tend to it.

Because her heart hurt more.

The road was long and flowers grew on the sides. The summer night was especially silent and only her footsteps could be heard.

Very quickly, all this serenity was interrupted. A car slowly drove by and stopped right in front of Pei Qiqi, stopping her from going on.

Pei Qiqi paused. The window rolled down and it was Lin Jinrong.

He looked at her quietly and his expression was complex.

“Get on!”

Pei Qiqi stepped back and shook her head aggressively, “There's no need!”

At that moment, to say she felt nothing would be a lie. But she knew very well that between them, the possibility ended when she stepped into Tang Yu's bedroom.

How she felt towards him was her last dream. When she awakened, there was nothing left.

Luckily, neither of them put that out in the open...

Lin Jinrong opened the car door and stepped out. He came to her.

Pei Qiqi grabbed onto her luggage and wanted to leave but the handle of the suitcase was being gripped by him tightly...

Then, his voice croaked out, “Qiqi, I'm sorry!”

Pei Qiqi was considered strong. Before the Pei family, Zhou Meilin, and Pei Huan, she had gone through hell countless times and was indestructible. However, right now, Lin Jinrong's apology had broken down her last trace of softness.

Her hand nudged and let go of him. Her head raised slightly to stop herself from crying.

She had liked Lin Jinrong. Perhaps even now, she still does...

The idea of like was a mysterious word.

Love was an emotion that one could unleash completely. But liking someone didn't mean that...

That was why it was so wonderful but also caused so much pain...

When her gaze once again landed on his young and handsome face, she had restored her normal calmness. There was even now a matter-of-fact look on her face, “Lin Jinrong, what’s there to be sorry about? In the future, you will be my brother-in-law. Plus, I am doing great right now!”

She looked at him smiling. However, in her eyes, there was no joy. “Look at my clothes. Before, I wouldn’t even know what brand it is.... It’s expensive!”

“Lin Jinrong, Pei Huan didn’t lie. I have already moved out and I’m now living with another man. He treats me well and can provide me with everything...” Pei Qiqi stared right at him and didn’t hide.

Lin Jinrong’s pupils constricted. His fingers covered her shoulder, “Pei Qiqi, let’s not talk about this anymore!”

She thought he would believe her?

Even if... he did, he could also give her all those things!

Lin Jinrong was feeling a little cold.

Pei Qiqi struggled out of his grip, “Lin Jinrong, don’t do this anymore!”

She walked on and he stood behind her. Then, a loud voice headed her way, “Pei Qiqi, I like you!”

Pei Qiqi’s body jolted to a stop. She didn’t respond nor did she continue her footsteps.

She could no longer bear his emotions. The Pei Qiqi today was no longer the Pei Qiqi from before.

If she could choose again, if Lin Jinrong was never with Pei Huan, she thought she would still choose to enter Tang Yu’s room... her birth had rid her of all choices.

However, she cried. She allowed herself to release herself and to cry for her feelings towards Lin Jinrong.

Chapter 32

Pei Qiqi, I like you (2)

Lin Jinrong stared at her the whole time. He was aware that saying all this was useless because he was going to marry Pei Huan!

Pei Qiqi cried as she braced the wind. On the street, cars drove by...

In the end, she stopped a taxi. The taxi driver helped her load the car and couldn’t help but give her a second look.

A girl so beautiful was rare to see!

Pei Qiqi sat in the back and stared out the window...

The driver observed her for a long while and then comforted, “Did you just have a breakup?”

“No!” Pei Qiqi was a little uncomfortable. She dabbed her cheeks with a tissue.

The driver laughed, “Then what’s making you unhappy?”

“Nothing!” Pei Qiqi’s voice was stern.

The driver laughed even louder, "If you aren't unhappy, then can you tell me where you are headed?"

Only then did Pei Qiqi catch herself. She didn't tell him where she was going, "Summer City!"

"Summer City is a high-end neighborhood! Even normal rich people cannot afford those units!" The driver said excitedly.

Pei Qiqi didn't make another sound...

The car stopped. The fare ended up being around \$70. Pei Qiqi gave him a \$100 bill and the driver gave back \$50, "Think of it as a discount for chatting with me!"

Sigh, for a girl so beautiful, it was worth giving her a ride for free!

Pei Qiqi said thanks and exited the car. The driver helped her with her luggage. As he stared at her going to the elevator, he shook his head...

To have such an appearance may not be a good thing.

Pei Qiqi's eyes were still red. When she left, she rubbed them.

The moment she opened the door, she was stunned, because Tang Yu was there!

It was Tuesday. Plus, he came yesterday too...

Did this mean he was going to be here all days of the week?

She closed the door slowly. The sound of it made Tang Yu, who was working, look up. He saw the stuff in her hand and said softly, "You went to pick up your stuff?"

Pei Qiqi answered with a "yes" and pulled the luggage in. Then, she asked him curiously, "Can I leave my stuff here?"

Tang Yu's fingers left the keyboard and then looked at her in all seriousness. He saw the redness underneath her eyes.

After a long time, he finally said, "Of course!"

Then he paused, "You can change whatever you want here!"

Pei Qiqi said, "Oh".

She took her luggage to the changing room and hung her clothes. There, she caught sight of the clothes he had prepared for her from this morning.

All of the clothes were feminine. He seemed to like the colors white and pink.

As for underwear... that wasn't the case. They were all... mature and sexy.

She looked through them and cleaned up her own stuff...

Finally, she took out a small music box that was made out of crystal. It was a gift Pei Minghe gave her on her 10th birthday.

She remembered that day. Her father had hugged onto her and sang happy birthday. She had also received the only expensive gift she's ever received in this lifetime.

That day was the only day Zhou Meilin and Pei Huan wasn't there.... That day, she felt like a princess.

That day, she didn't need to act based on how others felt. She could laugh when she wanted to laugh.

Every trace of happiness she's had were given by Pei Minghe...

Tang Yu stood by the changeroom and watched Pei Qiqi kneel there and focus on the object in her hand.

He knew that crystal brand. Tang Yu had a collection of their products in his room.

But this idiotic girl before him was treating it like a treasure.

"Who gave you that?" He asked something even he himself didn't expect himself to ask.

Pei Qiqi looked up in awe at him... after a long time, she answered, "My father."

Chapter 33

Pei Qiqi, I like you (3)

Tang Yu's expression seemed to have relaxed, "Then you must have a good relationship with him!"

Pei Qiqi didn't answer. She didn't want to talk about all this with him.

Tang Yu could tell.

He chuckled, "Have you eaten?"

Until he mentioned it, she actually didn't sense hunger. But now that he had mentioned it, she felt hungry.

She nodded because she was also afraid he would suggest... something else.

Tang Yu headed out of the room and said, "The maid didn't stop by today. Do you know how to cook?"

Pei Qiqi was stunned, "Yes!"

Tang Yu thought about it and looked at her, "Do you know how to make chicken noodles?"

Pei Qiqi nodded.

"Then chicken noodles it is!" He made up his mind.

Pei Qiqi thought he would only want this since he was tired of eating luxuriously outside... so she moved fast, despite the fact that she was exhausted.

She thought that serving his stomach was easier than serving his body

When she used the pressure cooker to make soup, she even thought about the possibility of her cooking skills attracting him more than her physical body. Then, she could just cook for him everyday....

But the reality was always cruel. As she focused on making the soup, a giant hand grabbed onto her small waist. The high temperature from his breath hit the back of her neck. His voice was low and coarse, “How much longer? I’m hungry!”

He raised his hand to let her read his watch... it was already 8:00 pm!

Then, as punishment, he bit her neck a little, “You are not allowed to come back so late in the future!”

Pei Qiqi was in a daze from the bite. She was also debating if she should ask him if he was going to come every day...

But obviously, now wasn’t the right time.

Luckily, he left after complaining a little. Only then, did her heart drop.

Tang Yu went back to the living room but didn’t have the heart to work anymore. He cleaned up and began to read a magazine...

From where Pei Qiqi was, she could see him sitting there lazily with his legs crossed, looking casual and graceful.

She stared at his face and felt it to be strangely familiar. However, she couldn’t remember where she’s seen him.

The soup was ready. She did a taste test then prepared two sets of bowls. She took out the chicken and used cold water to chill it down. She then shredded up the chicken and washed up some vegetables...

After 10 minutes, two delicious bowls of noodles were ready. Her amazing cooking skills were all thanked to how strict Zhou Meilin was towards her...

Tang Yu smelled the deliciousness. He put down the magazine in hand and walked over to sit.

“Taste it!” Pei Qiqi sat beside him and mumbled. Her expression was nervous.

Tang Yu smiled, “It smells good.”

It looked good as well. He ate a bite and found the flavor to be very authentic. It was surprisingly good.

Tang Yu quickly finished a bowl. He put down his chopsticks and looked over to her.

Pei Qiqi ate slowly. She still had half a bowl left.

Sensing his stare, Pei Qiqi looked up and asked, “You want to eat more don’t you?”

Tang Yu didn’t answer. Normally, proud men don’t speak of what they want, they accept in silence.

“Then, I’ll cook another bowl.” Pei Qiqi stood up as she spoke.

A good looking pair of hands then landed on her hands. Next, was a bright male voice, “There’s no need....”

Tang Yu paused and his gaze landed in her bowl, “Are you going to finish?”

Pei Qiqi felt herself getting petrified. She shook her head slowly... was he going to eat her leftovers?

Tang Yu's fingers retreated and he leaned back into the couch. Then, he said slowly, "Give me half of yours!"

Chapter 34

Pei Qiqi, I like you (4)

The way he was demanding this was giving off the same vibe as when he negotiated a \$5M deal.

Pei Qiqi had to admit that she was struck.

She was in a daze for a while and then carefully and hesitantly gave up all the good stuff to him.

Tang Yu was happy to see that look on her face... to her, he must be the handsome type. But as he watched her move, he frowned. "Change the bowl."

Pei Qiqi formed an O with her mouth but he had already taken over the bowl she was eating out of and pushed his bowl towards her...

Looking at the way he ate, Pei Qiqi was a little stunned, didn't he find this too dirty?

However, remember how he had kissed her there last night, she realized this was not a problem.

Tang Yu ate a few bites. Noticing that Pei Qiqi wasn't moving, his brow lifted, "Don't you need nutrition at a time like this?"

Pei Qiqi was petrified. Staring at the bowl of shredded chicken and mushroom, she had one image in mind –

A white rabbit was being force fed by a giant grey wolf. In the end... she was swallowed whole.

"Eat quickly!" His voice was low and wasn't satisfied at how she was distracted.

Pei Qiqi didn't dare to think too much and began to eat in small bites. Tang Yu watched her for a while and didn't say anymore. He then finished off all the noodles in his bowl.

Of course it was her job to do the dishes. After washing them up, she found him doing work by the couch. Pei Qiqi was a little scared. He seemed to be busy.

"It's fortunate he's busy..." She said in secret.

But no matter how busy he was, Mr. Tang had the time to provoke his new pet.

He was a conservative man. If he wasn't conservative, then she would truly learn just how happy and how impatient he was to play with this little pet!!

He could play like this, like that, then back to this...

But for now, he could only think about it. She was on her period and there was no need to scare her.

Tang Yu felt her pacing back and forth. She went to get her pajamas and went to shower. Then she went in with a hairdryer.

He felt a little unsettled. The work he was doing no longer attracted him. Finally, he stood up and went to the bedroom.

Pei Qiqi was sitting on the bed with a strand of hair in hand. Her hair was still damp and they draped down on her shoulders...

She blew dry her hair and was very focused. When he opened the door, she stared at him in shock.

Her legs fidgeted out of panic... Tang Yu's gaze landed on her white legs. She fidgeted because her pajamas had rolled up.

Sensing his gaze, Pei Qiqi fixed her clothes in a fluster and lowered her gaze. She wanted to get off the bed but the moment her feet touched the ground, she frowned... her feet hurt.

Tang Yu walked to her, making her anxious. She wasn't sure what he wanted.

"Sit up there!" His voice was hoarse but was also warm.

If Pei Qiqi knew more about men and women, she would understand that this was a sign of a man falling.

She was a little scared but she didn't dare to disobey. She could only sit still.

Tang Yu went to her side and placed one of her feet on his thigh...

"There's a cyst!" he stared at the bean sized, white and transparent growth.

Pei Qiqi said, "Oh".

She sensed that he wanted to touch it, so she couldn't help but scream, "No..."

Tang Yu stared at her small face and then looked over to her tiny foot, "Pei Qiqi, you are no longer a child!"

Chapter 35

Pei Qiqi, I like you (5)

She was scared of pain but looking at the way he was getting angry, she said courageously, "Adults are scared of pain too!"

He stared at her for a long time before spitting out, "Then why weren't you afraid that time? Hmm?"

Pei Qiqi's face turned red immediately. Her cuteness had a trace of sexiness.

Tang Yu's heart fluttered. It wasn't that he's never seen a beauty, but this woman was so tiny!

His heart couldn't help but soften. Then, he picked her up, making Pei Qiqi jump. She quickly wrapped her arms around his neck out of fear of falling down.

However, he only moved her onto his legs and then said in a low voice, "Sit still!"

Pei Qiqi didn't dare to move.

She never expected him to help her do things like this.

No matter how clean her feet were, they were still feet!

She stole a glance at him, looking like she was working hard to save herself.

Tang Yu leaned down and grabbed onto her feet again.

Pei Qiqi felt pain around the cyst. Knowing that he was about to pop it, she was scared... her hands gripped tighter and her face buried against his neck...

The scent of masculinity calmed her a lot. However, her heart still felt flustered.

She wanted to move but her foot felt a pinch of pain, making her tighten her grip again...

To Tang Yu, this was a big challenge. For her to be grabbing on so tightly, he was annoyed. So, he used more strength with his hand. Pei Qiqi felt a gush of agony and then... bit his shoulder.

Tang Yu's body froze but his hand movement never stopped. He continued to pop the cyst.

Pei Qiqi's teeth never let go of him either...

When he let go, Pei Qiqi kept her gaze low and she didn't dare to look at him.

Her eyes fluttered with unspeakable weakness.

After a long time, she looked up and before she could react, he had kissed her...

Her body was warm and was faintly fragrant from the shower...

Tang Yu's fingers finally stroke her cheek. She was uncomfortable and dodged.

Finally, he's had enough. He let her go and chuckled. After moving her aside, he went outside the room and came back with an emergency kit.

Pei Qiqi softly shouted, "I can do it myself!"

She was terrified that he would lift her onto his legs again. Tang Yu grinned gently but left the stuff there for her to clean herself up.

Chapter 36

He Must've Gone Crazy (1)

Pei Qiqi found some bandage and wrapped it around her wound.

If this was before, she wouldn't even deal with such a small wound. But right now, he was her sugar daddy and he had the right to ask her to maintain her appearance.

Tang Yu watched over her for a while and then left. When he returned, he carried with him a faint scent of smoke.

Pei Qiqi stared at him as he went to the changeroom and came out in a different set of clothes.

Pei Qiqi was a little surprised as she stared at him.

When Tang Yu left the bedroom, he looked back to check out her foot that was now wrapped up like a zongzi.

That little thing sat there, looking weak and fragile, but also docile and compliant.

“Sleep early!” His voice was hoarse. Before she could respond, he had left.

Pei Qiqi sat there without moving. Only after a long time, did she hear the sound of the door closing. He had left.

She then checked out her foot and remembered his kiss.

Back then he probably... wanted it?

Thinking about that made her blush. After some time, she couldn't take it anymore and went to wash her face in the bathroom.

She didn't recognize her own reflection.

The person in the mirror was red in the face and her eyes were so clear, it was like water might gush out of them. Her red lips looked like they were bitten... they slightly quivered and were unspeakably alluring.

Pei Qiqi was flustered and didn't look anymore. She washed her face with cold water and after a long time, she finally calmed down.

Inside her mind, a deep fear appeared. Even she herself didn't know what this fear was...

Back in the bedroom, she couldn't sleep for a long time. So she went back to the changeroom and looked over her stuff one by one. In the end, she hugged the crystal musical box to sleep...

The crisp music finally allowed her heart to settle down.

Tang Yu came back in the morning. Originally, he didn't plan on coming but when his car passed by, for some unexplainable reason, he came up anyway. After showering, he changed. By then, it was already 6:30am.

Pei Qiqi had no sign of waking up so he watched her sleep.

The music box was open, still playing music. He could tell this was a very feminine song –
To Alice.

As for his new pet, she extended out a hand and grabbed onto the music box carefully.

She treasured this that much?!

Tang Yu silently chuckled then frowned. He checked out the time. He had a meeting with a CEO from the US at 7:00 am. Yet right now, he was here watching his pet being fast asleep.

He left quickly with a cold expression... he must be crazy.

When Pei Qiqi woke up, it was already almost 8:00am. She jumped out at once and quickly brushed up. When she was about to leave with her purse, she saw the breakfast on the table. It was oriental style!

Her heart felt warm as she picked up a bun. She ate as she walked. Luckily, she wasn't late for school today.

These past few days had truly been tiring. To work and to study made her basically sleep through her class. Chen Xinjie helped cover her face with a textbook and whispered, “Qiqi, if this is too much, then stop working. Look at how skinny you’ve gotten just for some money.”

Pei Qiqi touched her face, “really?”

Chen Xinjie rolled her eyes, “Even the way you were walking this morning didn’t look normal. You must’ve been tortured. Qiqi, I’ve thought about it, that job is truly a sweatshop. Let’s quit. Tomorrow, I’ll find you an easier job.”

Chapter 37

He Must’ve Gone Crazy (2)

Pei Qiqi shook her head. She didn’t want to trouble Chen Xinjie all the time. Plus, she could still endure.

Chen Xinjie sighed, “Qiqi, you are wasting your good looks.”

Pei Qiqi knew what she meant and didn’t comment. She merely smiled and listened to class....

The next lesson was done by 2:30 pm. She rushed to the bathroom to change and then took a cab to Sheng Yuan.

Ever since she found out Tang Yu was the President of Sheng Yuan, she had been wearing one set of clothes when she left Summer City then changed before going to Sheng Yuan.

In the taxi, she tied up her hair and used her lipstick. After putting up those thick frames, the taxi driver shook his head, “Young lady, you are actually really pretty. Why would you do that to yourself? Are you going to some costume event?”

“Yes!” Pei Qiqi went ahead with his story and then secretly checked herself out in the mirror. She looked pretty deceitful.

When she reached Sheng Yuan, it was exactly 3:00 pm. She quickly went to change into her uniform and reported to HR. Ms. Wen wasn’t there today and the assistant manager Xiaoning was in charge.

Guan Xiaoning was in her early 30s and wasn’t married. When Ms. Wen was away, she liked it when the others call her manager, instead of assistant manager.

Pei Qiqi stood before her. Guan Xiaoning stared at her lipstick. Manager Guan’s lipstick was actually darker than hers....

“You are the new hire?” Guan Xiaoning checked out Pei Qiqi’s uniform and found it to be an eyesore.

Was it necessary for an intern to wear the uniform? Especially for her to wear it in such an... alluring manner?

However, for her to mess up her face like this, Manager Guan was happy. Or else everyone in Sheng Yuan would be outside the HR door right now. Guan Xiaoning had seen what Pei Qiqi actually looked like.

Pei Qiqi glanced at her and knew right away she wasn't a kind woman. Her heart skipped a beat but she smiled anyway, "Yes."

Guan Xiaoning swung her heels and left while clicking her heels.

Xiao Liu slid over in her chair and said in a small voice, "That demon's about to cause trouble. Ms. Wen's days off are the worst!"

Just then, the sound of heels clicking arrived again. Xiao Liu gave her a look and returned to her spot.

Guan Xiaoning brought with her a chubby looking girl. With a serious expression, she said, "She's new, she started today. She's going to take over your responsibilities..."

Pei Qiqi waited quietly but Xiao Liu secretly shot her a look. As expected, Guan Xiaoning continued, "Today, we are missing a few cleaners. Pei Qiqi, you should take charge of cleaning the first floor. There's no need for you to wear a uniform. I'll ask someone to bring up the cleaner's uniform!"

This was obviously to make fun of her. Pei Qiqi didn't understand. But she didn't say anything. She merely nodded.

Her uniform was given to the chubby girl. It took over 10 minutes for her to get into the uniform and cover herself up.

Pei Qiqi and Xiao Liu both helped and were sweating from this project!

But good things never last. In the end, that uniform was ripped apart. The threads broke and all her fat squeezed out...

The image was beautiful!

Xiao Liu rolled her eyes, "Guan Xiaoning is troubling us on purpose! Truly when the tiger is away, the monkey calls himself king."

Pei Qiqi laughed but Xiao Liu felt unfair for her, "Look at you laughing. You are being asked to mop the floor."

"It's all physical labor anyway. There's no difference!" Pei Qiqi was optimistic.

The chubby girl stood there with her fat. Her face was a little red. "I'm sorry I stole your job."

Chapter 38

He Must've Gone Crazy (3)

"It's okay, I'll proceed as normal!" Pei Qiqi changed into the cleaner's uniform. Her lipstick that was already a little too dark stood out even more after this.

Xiao Liu walked out while shaking her head, "Pei Qiqi, the way your brain is wired is problematic..."

Pei Qiqi didn't have any problems. It was just that she had no choice.

She was hesitant about whether or not she should leave Sheng Yuan... After all, there was the risk that Tang Yu would discover her. But in the end, she chose to stay.

The monthly salary of \$4,000 was very high for a second-year university student.

After getting the tools, she went to take care of business on the first floor. Only after going down did she realize that she had to clean not only the hallways but also the washrooms.

Out of the entire building, the first floor's washrooms were the most used. After thirty minutes of cleaning, they would get dirty again.

This job was not any easier than delivering documents. She had to clean with her back bent...

.... Tang Yu and Meng Qingcheng entered the building. Just as they were about to get on the elevator, they found Pei Qiqi.

He squinted his eyes and his footsteps stalled.

Meng Qingcheng followed his gaze and then gasped in cold air. Who sent Pei Qiqi here to mop the floor? Who forced her to wear that?

Cleaning the first floor was the hardest job. He knew that much. Currently, Pei Qiqi was soaked with sweat, her clothes stuck to her body, and her hair was half wet from perspiration.

Meng Qingcheng snuck a peak at Tang Yu and felt his anger.

Aye, someone was about to get in trouble.

Tang Yu stared at Pei Qiqi and spoke after a long time, "Transfer her to clean the President's office. Plus, regarding the person who arranged her to do this..."

He paused, then looked at Meng Qingcheng, "You know what to do."

Meng Qingcheng had worked alongside him for so long, of course, he knew.

Tang Yu entered the elevator first. But before leaving, he caught a glimpse of Pei Qiqi's face and all the sweat on her face.

He felt his heart tighten...

Meng Qingcheng called HR and learned that Ms. Wen wasn't here today so he asked Guan Xiaoning.

Guan Xiaoning had admired Meng Qingcheng for a long time and answered that she was the one who sent Pei Qiqi to clean the first floor.

"I had transferred her!" Guan Xiaoning answered lightly. Then Meng Qingcheng responded, "As for you, from today on, you are no longer in charge of the HR department!"

He thought that if it was Tang Yu taking care of this, she wouldn't be let off so easily.

But Guan Xiaoning didn't understand and screamed, "Assistant Meng..."

Meng Qingcheng hung up expressionlessly. Towards this woman who was so into him, he's always felt nothing.

Five minutes later, a manager level genius went to personally invite cleaner Pei Qiqi, “Ms. Pei, the HR department did some rearrangements. Today, the president’s office needs cleaning. Please go prepare!”

Pei Qiqi was stunned and wanted to decline. But that manager continued to smile, “It’s easy and the president’s not around.”

Not around?

Pei Qiqi believed her and left with the manager. But the moment she walked in, she froze...

The one sitting behind the desk was none other than Tang Yu.

It was the middle of the summer and the AC was on pretty strong...

Pei Qiqi was soaked in sweat and sneezed the moment she walked in. She didn’t feel comfortable.

When the door closed behind her, her heart thumped and she was in a daze.

The entire office was covered in white sheep carpet yet she was holding a bucket in her hand —

After a moment of silence, she took out the bucket but kept the piece of cloth in her hand.

Tang Yu looked up and right at her...

Chapter 39

He Must’ve Gone Crazy (4)

Pei Qiqi looked exhausted. Some of her lipstick had wiped off and she no longer looked as startled.

He only looked at her for a little while before he lowered his head soundlessly. Then he ordered softly, “Come clean the bookshelf.”

Pei Qiqi scanned around the entire room. Tang Yu’s desk was facing a wall of book shelves. It was... very large, but very clean.

Pei Qiqi hesitated. She looked at the white carpet and her dirty shoes – she didn’t have the heart to step on anything.

Tang Yu waited for a long time but she still didn’t move. Finally, he looked up and frowned, “Why aren’t you stepping in?”

Pei Qiqi bit her lips and whispered, “The carpet is too white!”

“Come in!” His voice was already very impatient. Pei Qiqi entered right away.

She checked out the bookshelves. They were very clean, cleaner than her cloth.

But she didn’t dare to object to his orders as she carefully cleaned. Stealing a look, she saw that the shelves were not only filled with company documents, there were also a large volume of books...

Pei Qiqi didn’t dare to look too much and only dared to clean. Here, it was very cold. However, she was sweating harder than when she was on the first floor...

She kept on sensing that a pair of eyes was watching her from behind. All the hair on her back stood up on their ends.

She was terrified that he would recognize her so she turned her back towards Tang Yu. She had no idea how sexy she looked with her clothes stuck closely to her waist due to the sweat...

The semi-transparent material made her thin and boney body almost visible. The bones in her shoulders moved as she moved...

Sometimes, she tiptoed to reach the higher places. This action made her skirt go above her knees...

It was only a cleaner's skirt. But since it exposed most of her legs, she exuded much allure and sexiness. Her top in particular, was stuck tightly to her body...

He no longer had the intention to work and felt annoyed...

He stared at her legs, moving around right before him. Sometimes, she would kneel down...

Tang Yu moved his tie around and loosened it. However, he still felt hot and made the wrong decision.

Pei Qiqi had no idea about a certain someone's... disrespectful gaze. She cleaned diligently and sometimes would peek at the stuff on the shelf, feeling happy.

This happiness was immature. It's called... I know you, but you don't know me.

Tang Yu finally stood up and headed towards the shelf.

The sheep carpet absorbed the sound of his footsteps so Pei Qiqi didn't realize at all. When he finally stood beside her, her body became paralyzed.

Tang Yu didn't speak. His long fingers grazed over the rows of books until they landed on a thick book. Then, he pulled away...

Pei Qiqi sighed in relief. She looked away and continued wiping...

However, he didn't actually retreat. He stood right behind her, less than 20 inches away.

When his hand slid past her shoulder and went to get another book, Pei Qiqi could swear that every single one of her hairs stood on its end... every cell in her body had sensed his existence.

She wanted to run away or at least dodge to the side, but his shoulder was unexpectedly broad and she was basically leaning into him...

Tang Yu could easily avoid her but he didn't. The two of them... fell onto the soft carpet.

Chapter 40

He Must've Gone Crazy (5)

After being flustered for a moment, Pei Qiqi found her glasses had fallen off to the side.

She went to reach for it but to do so, she had to... completely lie on top of Tang Yu and struggle a little.

She even heard a muffled grumble...

Only after she finally put the glasses on did she realize... just how overboard her action was. She was so flustered she didn't know what to do.

Should she knock him out cold, or tell him the truth?

To Tang Yu, this was torture. She was right on top of him and he could feel her unbelievably soft body tightly pressed against his.

The way her eyes were opened so widely was too funny...

Plus, one of her legs was stuck between his legs...

“Aren’t you getting up?” Tang Yu’s voice was insanely hoarse and he was talking like he had hot sand in his throat.

Before Pei Qiqi could move, the door opened...

Xiao Ran stood by the door with a document in hand. She watched the situation unroll before her in shock.

The new student, who was a cleaner, had jumped the President?

Remember that many years ago, in Sheng Yuan, some female employees would still dare to think wildly about Tang Yu.

But... in recent years, even the flies in the lunchroom learned that Tang Yu was not to be messed with...

She watched this for a long time before she slowly closed the door.

To give face to her boss was to give herself a chance. This was an experience Xiao Ran learned from working here.

Inside, Tang Yu stared at the little person on top of him. His giant hand reached out and patted her back. His voice was full of superiority, “Get up.”

Pei Qiqi bit her lips. Ignoring how inappropriate it was for him to pat her back, she scrambled to a standing position. However, as she got up, her body ignited the indescribably devious flame in Tang Yu’s heart.

Tang Yu chuckled, "Then you can ask her next time, why she wouldn't call me herself!"

"Perhaps... she finds me more interesting to talk to!" Xiao Ran of course knew that when Tang Xin is mentioned, Tang Yu's mood would lift and it would make her job easier.

As expected, Tang Yu merely smiled and didn't comment further.
