

Thank you 3101

Chapter 3101: Lin sisi regains her memory (3)

“She doesn’t need you!” Lan Yu stood at the door and said quietly.

gu ze’s fingers were clenched. ” i will take care of her. i will take care of her until she is discharged.
”

as he spoke, he lowered his eyes and gently looked at sisi’s face.

sisi’s little face was a little confused. she looked up at gu ze and said word by word, ” “I don’t want Yingluo. I don’t want you to take care of her.”

Gu ze’s heart was bleeding. He just looked at her deeply.

his little fool looked at him with a guarded look. she shrank into qin chen’s arms, pursed her lips, and refused to say another word.

...

Gu ze thought that she probably hated him to the core!

She also understood hatred.

He smiled dejectedly and took a step back.

His little fool’s eyes dimmed. He lowered his eyes and said very softly, ” “i’ll be living with lan yu in the future,”

Gu ze’s throat seemed to be blocked.

She said it in a normal way. Without him, Gu ze, she still had Lan Yu.

Did she really love him? or was he just one of the people who took care of her?

his eyes dimmed, and he was even a little hurt. he was the one who didn't want her and abandoned her, but now he felt like he had been abandoned by her.

Gu ze smiled lightly, 'that's pretty good! with lan yu taking care of you, i'm very assured.'

at this moment, lan yu said coldly from the side, " "stop pretending to be kind. if you cared about her, you wouldn't have abandoned her."

after he finished speaking, lin sisi's little face turned pale, and her lips trembled as she looked at gu ze.

Gu ze's heart throbbed in pain. He almost wanted to tell her that they were not going to get a divorce anymore. Sisi, come home with me, okay?

however, this was not in his character. since he had given up on her, he would not change his mind.

However, he felt that he had miscalculated. He thought that giving up was temporary, and that he could bring her back as long as she endured for two years. However, he had miscalculated his weight in her heart and their fate.

one wrong step, one wrong step after another, pushing his little fool further away.

at this time, his little fool's lips trembled and she said very softly, " "You leave!"

These two words pierced his heart.

Gu ze closed his eyes and stared at her.

She didn't avoid his gaze and looked at her as if she was a bad person.

Qin Chen spoke, 'Gu ze, are you getting engaged to Wenxin? If so, don't bother sisi again, she's not your wife.'

she's not your wife anymore?

gu ze's heart clenched. his eyes were fixed on sisi's face.

They had only been husband and wife for a few months, but the fact that she was his wife seemed to have been deeply rooted in his mind. He had never thought of marrying Wen Xinya. Perhaps he would want an heir, but he would not give her the title of Mrs. Gu.

the engagement was just a temporary measure.

"sisi, do you think so too?" he asked softly.

His little fool hugged Qin Chen and pouted. After a long time, she finally said, "Yes."

gu ze's face was ashen.

He stood there in defeat, staring at his little fool.

his ex-wife.

Sisi kept staring at him. There were too many things hidden in her eyes, and he couldn't see them clearly.

Finally, he took a step back. you guys take good care of her.

finally, he gave up and turned to walk towards the door.

when his fingers were on the doorknob, the little person on the bed ran over quickly and hugged his body from behind. she nudged him tightly and forcefully.

Chapter 3102: Lin sisi regains her memory (4)

her little face was buried in his back, full of tears.

Gu ze lowered his head and looked at her fingers. His throat tightened. "you have to be obedient in the future, understand?"

Little fool, who was behind him, kept crying. She asked as she cried, " "You said you would be with me forever, why Don't You Want Me anymore Yingluo?"

to gu ze, it was like a stab to his heart!

he stood there without moving, letting her cry behind him. he told himself not to be soft-hearted.

once one's heart softened, one would not be able to leave.

...

little fool cried for a long time and finally let go of him.

she remembered everything. she still hated him. she couldn't tell if she was acting or if she really couldn't bear to leave.

She slowly let go of him and said in a low voice, " you can go! don't worry, i won't disturb you again."

Overnight, his little fool seemed to have grown up. No, she was no longer his little fool, but ...

Ex-wife.

Gu ze turned around, but Lan Yu had already entered. Sisi was in his arms.

She was in another man's arms, and he no longer had the right to snatch her back. He didn't even have the right to blame her.

He was the one who didn't want her.

For profit, for stock price.

Finally, he left.

The door closed, and he and little fool were separated into two different worlds.

gu ze did not leave the hospital immediately. instead, he walked to the end of the corridor and opened the window to look at the dark night outside.

The rainbow on the street lit up the entire night sky.

But his world was dark.

He used to be high-spirited and thought that he could treasure sisi 'an well, and let her be his little woman alone. In the end, he still abandoned her.

He did not know how long she would cry, how long she would be sad, or if it would not be long before she forgot about him.

Gu ze slowly smoked for a long time. He only came back to his senses when the cigarette box was empty.

her eyes were a little wet, and when she blinked, they were extremely sore.

he squeezed out the cigarette box, threw it into the trash can, and walked back to the ward.

he placed his hand on the door. after hesitating for a while, he still wanted to go and see her again. at least he wanted to see her sleep and stop crying.

however, when gu ze pushed the door open, there was no one in the ward. the bed sheets were folded neatly.

Gu ze's heart seemed to have fallen and he felt weightless. He immediately ran to the nurse's on-call room. where are the patients in the VIP Ward? ”

The nurse looked at Gu ze's miserable face and whispered, ” “Mr. Lan picked her up.”

I've taken him out of the hospital, Yingluo, ” Gu ze muttered as he took a step back.

He smiled, and his smile was somewhat desolate.

the nurse was shocked. she wanted to say something, but gu ze had already left.

another nurse whispered, ” lin sisi is this man's wife. didn't you see it in the papers a while ago? it seems that the scumbag abandoned his wife and even acted like he was in love with her. who would believe it? ”

The nurse from before bit her lip. it really doesn't look like she's pretending. She's really showing her true feelings.

” even if there's some affection, it's insignificant compared to his net worth of tens of billions. save it. this man is getting engaged in a few days, and he's with the daughter of a major shareholder. the news that my father is a reporter is definitely true. ”

*

gu ze left the hospital and didn't know where to go.

he had more than one villa in B city.

However, he didn't want to go back. He had injuries on his body and face, but he didn't want to treat them.

in front of his eyes and in his mind, all he could think of was the last time sisi hugged him. she said, "gu ze, why don't you want me anymore?" yingluo

Chapter 3103: it turns out that he's so uncomfortable when we're separated (1)

Why?

He didn't know why he was so cruel to say that he didn't want her anymore!

Back then, he had clearly said that he would take care of her for the rest of her life.

walking under the neon lights, gu ze's smile was uglier than his crying.

there were so many places he didn't want to go. he only wanted to go to that small apartment.

Gu ze drove over, pushed open the door, and quietly looked at Yingying.

...

smelling the extremely faint scent that belonged to her, he suddenly slammed the door shut and quickly ran downstairs.

He got back into the car and made a decision.

to C city.

Back to their home.

it was his and little fool's home.

gu ze spent two hours driving to C city. it was almost two in the morning when he arrived.

the auntie had not slept and had been sitting on the sofa. when she heard the sound of the car, she immediately got up and looked at it with anticipation.

when she saw gu ze, she asked in joy, ” “Sir, where’s Mrs. Si?” she asked.

gu ze wiped his face and said, ” “She won’t be coming back.”

The Auntie was stunned.

“I thought the news wasn’t true,” she mumbled after a long time.

sir didn’t want madam anymore.

although madam was innocent, she was really very cute. every time sir came over, he would be very happy. the auntie really thought that sir liked madam very much and that was why he married her. why did wanwan just say she didn’t want her?

gu ze naturally wouldn’t explain to the auntie. he only slowly took off his coat and said, ” “I’m going upstairs to rest. Don’t let anyone disturb me.”

The aunty wanted to say something but stopped, but she still did not say anything.

Gu ze went upstairs, and the Auntie suddenly called out to him, ” “Sir, is Madam not coming back?”

gu ze’s body was at the stairs. he paused for a moment before slowly turning back to look at the auntie. after a long time, he nodded and said in a hoarse voice, ” “Yes, I won’t come back. someone will take care of her. ”

The auntie’s face stiffened. then I won’t do it either.

The salary here was extremely high, but the Auntie was happy because sisi was cute. She was really a lovely little girl. The auntie’s daughter had settled abroad, and the Auntie had doted on sisi like a younger daughter.

gu ze frowned, 'sisi's not here, but you can still be here. the salary remains the same.'

However, this did not attract the Auntie. The Auntie was quite determined. "I'd rather not do it."

as he said that, he seemed to have thought of something and picked up a grey wool vest from the sofa. this was knitted by Madam for Sir. It took her two months. She wouldn't let me help with the finishing touches, so she only finished it today.

gu ze stood there frozen, his body unable to move.

The Auntie went over and placed it in his hands. I'll pack up. I'll leave tomorrow morning.

She said it without a trace of reluctance. Gu ze's voice was slightly hoarse. "Do you also blame me for being too cruel to sisi?"

the helper said indifferently, "it's not my place to comment on sir's family matters, but i love madam. no, sisi is not madam anymore!"

She didn't want to say anything more, so she stopped talking, retreated, and slowly walked into her room.

Gu ze lowered his head and looked at the vest in his hand. The material was of good quality, but it wasn't very smooth. There was even a particularly childish Red Heart embroidered on the chest. It didn't look like Gu ze's style at all.

But now, he held it in his hand, as if he was holding little fool's heart.

He had once suspected that she didn't love him, but now it had completely disappeared.

she loved to play, but she had spent so much time here just to knit a sweater for him.

Chapter 3104: it turns out that he's so uncomfortable when we're separated 2

gu ze's fingers clenched tightly. he closed his eyes and slowly walked upstairs.

Sisi had been living in this house for a few months, but he rarely came here. Her scent was everywhere.

he knew that after she left this time, she would not come back.

she wouldn't want the things she left here and the things he bought for her.

gu ze pushed open the door to the master bedroom. there was light purple light inside because little fool said it looked good.

he felt that it was more like an indecent place like a roadside stall.

...

However, sisi liked to look at the stars under this kind of light. She said that the stars could speak.

however, gu ze had looked at her from where she often lay. he did not see any talking stars, only a sky full of stars.

her world was different from his, but he had still caught her in his world and let her enrich his world. but in the end, he had still driven her out.

Gu ze slowly walked to the balcony, opened the floor-to-ceiling window, and sat where she usually sat. There was a furry little rabbit within reach. She really liked these child's toys, and he was dissatisfied. Sometimes, when he pressed her down, his legs would touch something furry. When he took it out, it would be a bear or a rabbit!

when he glared at her, the little fool would hug the damn thing tightly with an innocent expression.

this made him even angrier.

But in the future, it would not happen again. She would not put these things on the bed to surprise him. She would not lie here and say to him with bright eyes, "look at gu ze, the stars in the sky can speak."

It won't happen again, Yingluo will never do it again.

when he made the decision to abandon her, he thought he would, but when she lay on the hospital bed in a daze, he knew that he wouldn't.

gu ze let go of the rabbit and looked at the vest again. after looking at it for a long time, he slowly put it on.

he looked at himself from the floor-to-ceiling t-wear and smiled very faintly.

it was an ugly smile.

later, gu ze kept the sweater and would wear it on his birthday every year.

many people did not understand why someone of president gu's status would wear such an ugly sweater, but gu ze knew in his heart that this was atonement.

Perhaps it was reminiscence.

But who would know?

gu ze went to take a shower, took the first aid box, and treated his wounds. he put on some clothes and went downstairs.

he walked to the door of the auntie's bedroom and knocked.

the auntie came to open the door. gu ze saw that the auntie had already packed her luggage.

His throat seemed to be blocked, as if he had seen sisi leaving.

"I can state my conditions, but can I not leave?" he asked hoarsely.

The Auntie kept looking at him and suddenly said, ” “Sir, do you love Madam?”

“i don’t know, but i like her! I hope she can come back one day.” “Can you stay here until she comes back?” Gu ze said as he lowered his eyes.

before the auntie could reject him, gu ze pleaded in a low voice, ” nothing will change here, and no one will come here. I only come here for two days a month.

after the auntie had digested what he said, she hesitated for a moment before finally relenting.”Let me think about it.”

Gu ze smiled.

after saying that, he left and slowly walked along the corridor.

the helper didn’t close the door immediately, but looked at his back.

Sir said that he didn’t know if he loved Madam, but aunty was experienced, so she thought he did. It was just that Sir didn’t know himself.

Chapter 3105: It turns out that he’s so uncomfortable when we’re separated 3

gu ze returned to the master bedroom and quietly spent the entire night alone.

in the past, whenever he came here, the villa would always be particularly lively because of his sisi’s love for trouble.

When he came back, she would pester him and have endless things to say. One moment, she would take him to the backyard to look at the newly discovered bugs in the soil, and the next moment, she would pull him to look at the moon tonight, as if she had discovered a new world, and tell him,”gu ze, the moon tonight is rounder than usual!”

This little fool!

He thought this every time.

However, he knew that he had said more in one night here than in a week in city H.

...

she was obviously stupid and the words she said were childish, but he always smiled. he laughed at her stupidity, stupidity, and naivety.

Gu ze smiled slightly. Even he himself did not know why he was smiling.

he was probably thinking of her!

But after a while, he closed his eyes.

his little fool was gone, and he couldn't find her to talk to even if he wanted to.

gu ze sat in the master bedroom and smoked for the entire night. when the sky was slightly bright, there was a knock on the door.

his heart trembled and he looked up ...

“sisi!” His voice was unspeakably hoarse.

He quickly walked to the door and opened it.

the person standing at the door was not the person he wanted to see, but the auntie.

as soon as the door opened, the auntie choked. the strong smell of smoke in the master bedroom seemed to be burning the whole room.

She frowned and couldn't help but add, ” “Why!”

Gu ze's heart ached and he did not say anything.

The Auntie sighed again, "how about this, I'll only work for three years." if madam doesn't come back in three years, i'll go back to my hometown."

this was enough for gu ze.

After the Auntie finished speaking, she still went in to help Gu ze tidy up. She opened the window, but she was considerate enough not to touch the furnishings in the bedroom. Everything was the same as when Madam left.

this must be the reason why sir kept her!

It was really sad to pretend that Madam was still here in a daze. She clearly liked it in her heart, so why did she have to push it out?

the auntie thought about sisi's naivety. what if she wanted to go out and live?

She still couldn't help but ask. Gu ze lowered his eyes."she'll be well taken care of."

He raised his eyes and looked at the sky outside. He muttered, " "If I knew that I shouldn't have married her today, she would have been happy. I like to see her like that."

if he didn't marry her, he might be able to look at her like that for the rest of his life. as long as he wanted to talk to her, he would take her over to barbecue skewers, take her to the apartment, and pretend to be poor.

however, he had married her and even abandoned her.

There was no medicine for regret, so Gu ze could only walk forward.

He stayed in C city for a day before returning to H city. He gave Lan Yu a call to ask about sisi.

After a few seconds of silence, Lan Yu said to him, "sisi will have nothing to do with you anymore. Gu ze, have you forgotten that you're getting engaged?"

gu ze was speechless.

lan yu hung up the phone very quickly.

Gu ze drove to Lan Yu's Villa after work. He wanted to see sisi from afar.

His car was parked outside the villa. He leaned against the car and smoked for two hours, but there was no sign of sisi.

at eight o'clock in the evening, the door of the villa opened, and the person who walked out was not lan yu but qin chen.

Qin Chen walked out slowly, and Gu ze seemed to have seen Qin Mu at that moment.

He had liked Qin Mu for so many years, but now that he was facing a face that was almost the same as his, he was no longer moved.

was it because he had a little fool in his heart?

Chapter 3106: It turns out that he's so uncomfortable when we're separated (4)

qin chen walked out and quietly looked at gu ze.

Gu ze was the same.

"qin chen, where's sisi?" he asked with difficulty.

qin chen leaned against the black carved gate and looked at him indifferently. "Gu ze, tell me what you're here for. If you're here just to see her, then there's no need. If you're destined to abandon her, then stay away from her. Otherwise, let alone Lan Yu, even I would want to give you a few punches.

Qin Chen still didn't tell her about sisi's recovery, because there was no need.

gu ze had made his decision. whether sisi was good or not, it had nothing to do with him.

...

when he signed the divorce papers and had sisi sign them, they would be strangers.

Qin Chen took a step back. you can leave. If sisi doesn't want to see you, we won't let you see her.

The black carved door slowly closed in front of Gu ze. Gu ze's eyes narrowed, and his Adam's apple kept moving.

he wanted qin chen to open the door and tell her to give him time, but his pride made him unable to say it.

he could only watch as the door closed, as if he and little fool had been completely locked in two different worlds.

The phone in his pocket kept ringing, and he knew it was his Secretary calling to confirm the engagement party tomorrow.

Finally, he picked it up and said in a faint voice, " " tell miss wen that i'll be there on time tomorrow. "

He hung up after saying that.

The Secretary looked at her phone and hesitated.

She just wanted to tell BOSS that the former Mrs. Gu had returned all the divorce compensation that master Gu had given her, leaving nothing behind.

however, president gu was in a bad mood right now. she'd better wait for a chance to talk about it!

However, the Secretary's wait made Gu ze miss the crucial information. He knew that little fool remembered her and that she had the ability to deal with things.

Otherwise, Lan Yu wouldn't have helped her with this matter. After all, he was the one who abandoned her. In the eyes of a businessman like Lan Yu, it was normal to take compensation.

Gu ze stood guard outside for a long time and only left after smoking about half a pack of cigarettes.

after he left, he didn't know where he went. in the end, he went to that apartment and made himself a meal, but he filled two rice bowls.

He watched quietly, then suddenly stood up and walked to the floor-to-ceiling window to dial her cell phone number.

A few seconds later, a cold voice came from a certain station.

I'm sorry, the number you have dialed is not available.

he called again, and it was the same for a long time.

he thought that it wasn't that her phone was turned off, but that she didn't plan to use the number anymore.

If he wanted to investigate, he could still find out, but what was the use and meaning of that?

gu ze laughed lightly at himself for being ridiculous.

He clearly didn't want her, so why did he pretend to be so affectionate?

However, what had dropped on the phone? it would not be his tears.

Why was he crying?

Definitely not.

Gu ze closed his eyes slightly, but a hot drop of liquid dripped down his face again.

*

Gu ze and Wen Xin's engagement was very heartwarming. Wen Xin was in charge of it. She was a very talented woman. She did a great job at the engagement party. Of course, Wen Xin herself was also very radiant.

However, Gu ze was a little absent-minded. He looked up at the pigeons in the sky and said softly, "where did all these pigeons come from?"

Wen Xinya had no idea either. She asked the Secretary beside her.

The Secretary hesitated for a moment before saying, "it's probably from the wedding company. It looks festive."

In fact, it wasn't festive at all. It was all white, and the White was a little bleak.

Chapter 3107: Ex-wife's revenge (1)

Gu ze raised his eyes again, and his gaze followed the pigeons.

although it wasn't the right time, the secretary still whispered, "master gu, there's something i want to tell you."

gu ze looked at her.

the secretary's voice became even softer. "miss lin looked for lawyer xu yesterday. she returned all the movable and immovable property, including cash, that master gu gave her. oh, and the wedding ring."

wen xinya listened and stepped aside.

now that he was her fiancé, she had to be more generous.

...

gu ze's eyes narrowed as he stared at his secretary."what did you just say? she went there herself. when did she go?"

the secretary took a step back. " she'll be here soon after master gu leaves. "

the secretary wanted to say that miss lin looked very different from before, but she didn't dare to say more when she saw president gu's expression.

it was because president gu looked like he was about to kill someone.

Above her head, a flock of pigeons flew past, flapping their wings and rustling.

gu ze blinked his eyes and suddenly walked out of the hotel.

wen xinya couldn't stay calm and hurriedly called out, " "Gu ze."

gu ze's body stopped and he turned around to look at her. " "i just remembered that i have something very important to do. i'll be back before five in the afternoon."

There was a dinner party starting at six O 'clock, and he had to attend.

although wen xinya was unwilling and told herself that he would come back, she knew where he was going. he had gone to find that little fool.

she didn't understand why the outstanding him would marry a little fool and why he still couldn't forget her even after the divorce!

Wen Xinya tried her best to suppress her dissatisfaction and said softly, "Gu ze, today is our engagement day."

Gu ze looked at her and comforted her with a faint smile. "i won't forget."

After that, he left without looking back.

wen xinya raised her head slightly and looked at gu ze's secretary with a smile. "He loves his ex-wife, doesn't he?"

secretary li didn't dare to say. in fact, she didn't know either. lin sisi rarely came to the company. after all, their marriage was a secret. however, from president gu's abnormal attitude these few days, it seemed that president gu liked his ex-wife. it was also very likely that president gu regretted it now.

However, they were already engaged. If they went back on their word now, it would have an even greater negative impact on Hengtong.

secretary li knew that no matter what, there was no turning back for president gu. hence, she smiled at wenxin and said, " " don't worry, master gu is just lost for a moment. he'll soon realize that miss wen is the most suitable person for him. "

"It's just suitable, right?" Wen Xinya smiled.

secretary li could only book up to this point. could she still force president gu to love miss wen? This was too much.

*

gu ze drove to people's square.

there were even more pigeons there. in the white, his little fool was sitting on a chair, wearing a light yellow dress, holding a bag of food in her hand and feeding the pigeons.

her little face was filled with innocence and a trace of confusion and sadness.

he was the one who gave her all of this.

Gu ze's steps slowed down and became light. he slowly walked over and squatted in front of her. his voice was also particularly light."Sisi,"

her hands and body were frozen, and only her fingertips moved slightly. then, she turned her head to look at him.

There was a look of shock on her little face. Then, her long eyelashes blinked, and two drops of tears fell.

"Gu ze." She said softly and stood up slowly.

Their eyes met, and they stared at each other for a long time.

Chapter 3108: ex-wife's revenge (2)

Gu ze walked over step by step, and in the end, he could not help but pull her into his arms.

He pressed his face against hers and called out her name."Sisi!"

His little fool was gently held in his arms. The small one folded in his arms was so obedient, just like when they were still husband and wife.

Gu ze rarely had any emotional moments in his life. Even when he had liked Qin Mu for ten years, he had never been so unable to control his feelings.

He hugged her, his Hot Lips moving from the side of her face to her lips, and he kissed her in the square where people came and went.

it was an intense kiss.

...

Firstly, it was because he was moved, and secondly, it had been a long time since he had touched her, so the kiss was very intense.

In such an intense atmosphere, there was also a hint of sadness.

when his rationality returned, he brought her back to the villa where he usually stayed. sisi had never been here before.

On his luxurious grey bed, he had sex again and again.

it was like the last time, lingering and lingering.

sisi had been very obedient the whole time. her little hand tugged at the gray bed sheet, and she buried her face in the white pillow, crying quietly.

“why are you crying?” he kissed her, carefully kissing her again and again.

at this time, he even thought that perhaps he could have both. he could raise sisi in B city ...

It was not a big deal for a man like him to have a woman, and Wen Xinya only wanted a relationship on the surface.

He would give it to her, and sisi was still what he wanted.

after a few intense rounds, gu ze was a little weak. he leaned on the bed and quietly smoked while sisi fell asleep.

The hand on his watch was already pointing at 5 o'clock, but Gu ze didn't want to get up at all.

He fell in love with this feeling, with her body.

in fact, they had been together quite a few times, but today, sisi was different. in the past, when he wanted her, she would be very passive. she would always bite her lips with a red face and turn her face to the side.

she rarely responded to him and did not know much about love. he was often physically satisfied but mentally dissatisfied, so he had always treated her as a child. however, this time, she did not respond to him with much thought.

gu ze's heart was filled with unspeakable satisfaction. he lowered his head and looked at the little thing in his arms.

Sisi slowly woke up and looked at Gu ze.

"why aren't you sleeping?" gu ze's voice was low and hoarse as he reached out to put out the cigarette.

Lin sisi got up slightly and leaned her head on his shoulder. She pursed her lips."gu ze, i had a dream."

he looked at her.

"i dreamed that you didn't want me and that you were married to someone else." she said in a small voice.

Gu ze smiled faintly,'why would I? Why would I not want you?"

His gaze was a little distant as he reached out to put an arm around her small shoulders. we'll live here from now on, okay? "

His little fool looked at him and asked softly, " "didn't our yueyue get a divorce?"

gu ze thought for a moment before softly saying, " "We'll get married in the future."

we'll get married, not now, " she mumbled, a hint of disappointment in her voice. unmarried people shouldn't live together.

she wanted to get up, but gu ze stopped her.

He furrowed his brows. sisi, be good. Stay here. I'll get Auntie to come over and accompany you, okay? ”

sisi's eyes were wide open, and she blinked at him.

Gu ze continued, ” I can also bring your parents over and buy a villa next door for them to live with you.

at this moment, gu ze was so blinded by lust that he actually forgot what his secretary told him ...

Chapter 3109: Ex-wife's revenge (3)

sisi had returned all the assets he had given her. if he had thought about it carefully, he wouldn't have made such a mistake and wouldn't have let sisi slip away from his fingers.

Lin sisi looked at him and blinked again. There were two drops of tears on her eyelashes.

Gu ze smiled. what's wrong? ”

His little fool smiled at him, very happy. “I'm very happy.”

“You little fool.” he ruffled her hair, feeling guilty.

his arrangement satisfied him, but it was extremely unfair and cruel to her. gu ze knew his place.

...

Sisi smiled at him with tears in her eyes. Her smile was especially serious.

gu ze held her in his arms and kissed her seriously.

he hugged her very tightly, almost as if he wanted to melt her into his bones and blood. sisi cried out in pain, then raised her little face and bit his neck hard.

Gu ze's body trembled. Then, he felt his little thing gnawing at Yingying's neck until it hurt. It was not that he did not know what the consequences would be, but he could not bear to stop her.

after sisi finished biting, she looked at him with her watery eyes.

gu ze pressed her under his body again and had sex with her.

it was already 5:30 by the time the session ended.

he had to return to the hotel to complete the engagement party.

sisi was asleep. he took a quick shower and put on his clothes.

looking in the mirror, he saw the hickey on his neck. it was so bright that it couldn't be hidden.

gu ze frowned and felt that he was a little crazy.

when he came out, sisi was still curled up on the luxurious big bed like a loving kitten. he couldn't help but bend down to kiss her little face.

a pair of delicate little hands wrapped around his neck and took the initiative to kiss him.

her initiative almost made gu ze want to throw everything away and just be entangled with her on this bed. but he was gu ze, over 30 years old, not an impulsive teenager.

He kissed her for a while to calm her down, then patted her. "i'm going out for a while. i'll be back to accompany you tonight, okay?"

Sisi was still holding onto his neck and did not let go. She said in a small voice, "Gu ze, I'm hungry."

after she finished speaking, she looked at him eagerly.

gu ze closed his eyes and let out a long breath.

after a long time, he said in a low and hoarse voice, ” “I’ll get my Secretary to come over and accompany you. She’s very good at cooking, okay?”

“What about you?” She looked at him with a confused expression.

“i have some work to do.” gu ze forced a smile.

in the end, he still couldn’t let go of her. he only dissolved their marriage, and he realized that as long as she revealed a look like a stray animal, his heart couldn’t help but soften.

Sisi let go of him and said in a small voice, ” “then come back soon. i’ll miss you.”

The last four words seemed to have a magical effect on him. Gu ze reached out and pinched her little face. He smiled.”Alright, I know.”

He still left. When he got into the car, he reached out to touch the Hickey on his neck and looked at the rearview mirror again. he knew that wen xinya would be unhappy with the hickey, but he felt that it was not difficult to settle a woman.

he decided to lay his cards on the table with wen xinya. he wanted to openly and openly support sisi.

he felt that it was a little ironic. when she was his wife, she was not so open and aboveboard. on the contrary, when she was a lover, she could be brought to the table.

gu ze closed his eyes. he felt that he was despicable, but he wanted sisi. if being despicable could be exchanged for her company, so what?

Chapter 3110: ex-wife's revenge (4)

Gu ze had a complete plan in his heart. He originally wanted an heir, but he didn't want it anymore.

after sleeping with sisi again, he seemed to be very repulsed by sleeping with other people, especially the warmth.

Gu ze's eyes darkened. He gave his Secretary a call and started the car, driving in the direction of the hotel.

the secretary held the phone and was extremely surprised.

what did her boss say? he was asking her to go to his villa to take care of lin sisi?

lin sisi was the boss's ex-wife. she had only met her yesterday. she was especially shrewd and not to be trifled with. did she need to be taken care of?

...

However, no matter what, the Secretary still went. She had to reveal the true face of this fake little white rabbit.

in the secretary's heart, only a girl from a wealthy family like wen xinya was worthy of BOSS.

Gu ze arrived punctually before six o'clock. Everyone was waiting for him.

The atmosphere was a little strange. Everyone was looking at him, including Wen Xin.

It was because of the Hickey on his neck.

it was bright and eye-catching.

Gu ze smiled and walked over to put his arm around Wen Xin's shoulder.

he did not explain, but everyone would think that the hickey was left by wen xinya. however, wen xinya did not lose her memory. of course, she knew that it was the work of another woman.

She smiled and played along, but the corners of her mouth twitched. She asked in a stiff voice, "Buy a spring, and it's left behind by your mistress or that little fool? i don't think it's that little fool. she's not that scheming. gu ze, i can't tell that you're such a man. "

" now that we're engaged, you have to continue acting even if you think you're blind, okay? " gu ze hugged her shoulder and said without changing his expression, " " if you want to cancel the engagement, you have to get your father's approval first. otherwise, we'll both be finished and become penniless together. do you understand? "

A flash of anger appeared in Wen Xinya's eyes, but she held it in. She asked calmly, " it's Lin sisi, isn't it? "

She had never thought that the little fool would have such a heart.

gu ze's eyes flashed with displeasure."Wenxin, this isn't something you can interfere in."

Wen Xinya lowered her eyes. ex-wife is the most difficult creature to deal with in this world. I've finally learned it today, even if she's a little fool.

"You're not allowed to talk about her like that." Gu ze's voice was even more displeased.

at this moment, the music started playing and it was time for them to enter the venue.

At this moment, Gu ze's phone rang. He looked at Wen Xinya.

"Answer it!" Wen Xinya smiled.

She was still a little disappointed. She had liked Gu ze for a long time. She used dishonorable methods to become his fiancée and would be his wife in the future, but he would rather like a little fool than like her.

His body was here, but his heart was not.

However, she would rather endure the fact that he had someone else in his heart and be his wife.

Perhaps as time passed, he would think that she was very good, a hundred times more suitable to be his wife than Lin sisi.

Gu ze picked up the phone, but it was not sisi on the other end. It was his Secretary, Xu Qiaonan.

President Gu, something happened, ” Xu Qiaonan said in a flustered voice.

“what’s wrong with sisi?” gu ze’s voice was tense.

Secretary Xu felt a lump in his throat and said hurriedly, ” “If we stop the wedding now, I’m afraid Lin sisi will be unhappy.”

before she could finish, the sound of a man and a woman panting could be heard from the other end of the phone.

she was especially familiar with the man’s voice. it was her wise and brilliant president gu.

and that sound was obviously made by a man and a woman in bed.
