Chapter 3121: Meeting again after two years (6)

Gu ze threw his phone to the side. He did not want to look at these annoying news anymore.

However, when he closed his eyes, the image of Lin sisi sitting in Qin Mo's car appeared in his mind. When Qin mo got into the car, she leaned over to him.

The more he thought about it, the more annoyed he became. He simply sat up and smoked.

He took one cigarette after another and finally opened his phone to take a look. He saw another piece of news. It was probably not news anymore. It was about the kiss Lin sisi gave to Qin mo, the president of King Entertainment, on his birthday last year.

in the photo, lin sisi's lips could be clearly seen on qin mo's face. qin mo's eyes were very gentle.

no matter how she looked at it, there was a touch of ambiguity.

...

Gu ze held the phone and looked at it. A touch of coldness flashed across his eyes. Then, he smashed the phone against the opposite wall.

with a bang, the high-end custom-made mobile phone broke into pieces.

gu ze panted and suddenly fell onto the bed, covering his head with the blanket.

The servant downstairs heard the sound and ran up without knocking. When he opened the door, he saw the broken pieces on the ground. He said in a panicked voice, " "Is Mr. Gu hurt?"

Gu ze's body was turned sideways, and his voice was buzzing. I'm fine. You guys go and rest first!

the servant looked at him and sighed before going downstairs.

Gu ze continued to lie down. He couldn't fall asleep, and his head was still hurting badly.

He wanted to drink a bottle of vodka, which would probably numb him, but the doctor said that it was best not to touch alcohol if he wanted his hand bones to be intact, so he held it in and lay on the bed without moving.

In the morning, when she was about to fall asleep, the landline phone at the head of the bed rang.

The phone rang again and again. Gu ze thought it was his Secretary calling and picked up without looking at the caller ID. it's Gu ze.

however, it wasn't xu qiaonan on the other end of the line. it was wen xinya.

She was his fiancée in name.

Her warm voice was extremely gentle and had the style of a big family. did you see the entertainment news about Gu ze last night? ”

gu ze's fingers gripped the elevator tightly. ” did you call just to say such a boring thing? ”

“Boring things? i don't think so! Gu ze, I heard that you got into a car accident last night. As your fiancée, I have to show you some concern, right?” wen xinya was still warm and gentle.

gu ze laughed coldly, 'really? are you sure you're not gloating?’”

“A little!” “But I think, Gu ze, compared to the physical pain, the pain in your heart should be more severe,” Wen Xinya admitted openly.

Gu ze narrowed his eyes. what are you trying to say? ”

wen xinya smiled and replied, 'i'm laughing at you! Everyone else has let it go, but why are you the only one who can't? you were the one who abandoned gu ze back then. are you regretting it now?’”

In the past two years, she was very good at using Lin sisi to stab him. Gu ze was used to it, but he was still not used to it when there was no one around.

Every time Wen Xinya provided him with new news, he would be furious, and most of the news was about Lin sisi's scandal.

the scandals she had with various wealthy businessmen, the qin siblings, and lan yu, especially now that he had seen it with his own eyes.

"This has nothing to do with you!" Gu ze's voice was cold.

wen xinya was frighteningly gentle. "how can there be no relationship? gu ze, i'm your fiancée. it's only right for me to care about you. "

Gu ze immediately hung up.

on the other hand, wen xinsheng could not smile.

did she win?

No, she did not.

Chapter 3122: meeting again after two years (7)

gu ze never called off the engagement with her because he did not want to admit that he was wrong. he did not want to admit that he had lost his true love. he had always firmly believed that lin sisi and the little fool he married back then were not the same person.

In fact, he was just deceiving himself.

he had a body and memories. why wasn't he just a soul?

wen xinya could clearly see that the more he tried to avoid her, the more he loved her.

she would use lin sisi to stab him until he was covered in blood.

On the other side, Gu ze threw his phone away. He could no longer lie on the bed for another minute. But when he walked into the bathroom and saw the mirror, his mood became even worse.

...

he threw the razor in his hand at the mirror, and the shards flew everywhere. his injured hand was cut by the shards, and blood dripped down, but he didn't care.

He looked at the broken mirror. Occasionally, the words that Lin sisi had written with lipstick remained, but they had already been broken.

he touched it lightly and laughed silently.

in the morning, two workers came to the villa and changed the mirror in the bathroom.

as for those fragments, gu ze personally threw them into the rubbish bin. after throwing them away, he felt his entire body relax, as if he had thrown away someone's memories.

Later on, he also asked his assistant to clean up the 80 square meter apartment he bought. He didn't ask who he sold it to, but he knew it was cleaned up.

He had erased all the memories that belonged to Lin sisi and little fool. He had not touched the villa in C city, but he had not been there either.

He didn't go for two years.

in the future, he would not go there.

after doing all this, gu ze finally felt that life was more smooth. he stayed in the villa for a few more days to recuperate. only after his hand bones had recovered did he go to the company.

He deliberately did not pay attention to entertainment gossip and did not want to hear any news about Lin sisi. However, in the company's pantry, washroom, and even in the middle of a meeting, he kept hearing her name.

Some of them were gossiping about her, while others were women's complaints, saying that a Vixen had appeared out of nowhere in B city. However, there were even more male subordinates who were interested in her. This also made Gu ze very angry.

hengtong soon came up with a rule that no one was allowed to talk about female celebrities during working hours.

As for which female celebrity it was, everyone had a tacit understanding, especially the male employees, who did not dare to talk about it casually anymore. It was obvious that President Gu could not forget about her. They would only be interested in Lin sisi again if they wanted to die.

hengtong returned to its calm state. gu ze's mood was also much better. everything had returned to how it was before.

He went to work and got off work, drove alone, ate alone, and lived a single life. Occasionally, he would socialize with clients.

he did not look at lin sisi's side profile anymore. for this reason, he even rarely touched his phone and newspapers.

Gu ze knew that this was an illness that needed treatment, but he let himself be.

Slowly, he forgot about that night and the way she looked when she was with Qin mo.

*

in a high-class club, gu ze was slowly washing his hands in the washroom. he looked up, and his sharp eyes were deep and a little ruthless.

he had just taken care of a few guest rooms in city H, and xu qiaonan had arranged a few young girls for them. a business deal worth billions was finally over.

Gu ze's face and hair were all wet. He looked at himself and couldn't remember how long he had been like this. Yingluo looked bright on the outside, but she was actually a pile of rotten meat in her bones. He looked down on himself.

Chapter 3123: meeting again after two years 8

But he was such a person. Most businessmen were like this.

In the past, ye mu Yun was also like this. He had seen his methods from the beginning.

And after he went on his own, he only made it even more prosperous.

Gu ze tidied himself up in front of the mirror and turned around to go home. But when he turned around, he saw someone he shouldn't have seen.

Lin sisi.

Her body was leaning against the aisle, and her head was slightly tilted back, revealing her fair and beautiful neck.

...

on her delicate little face, her eyes were slightly closed, but she had an indescribable flirtatious look, especially the abnormal redness on her face, which proved that she might have been drugged.

Gu ze looked at her quietly for two seconds with a very cold expression. After a long time, he walked past her like a stranger, as if he had never seen her before.

Lin sisi held her breath.

She tilted her head and called Gu ze softly.

he stopped in his tracks and sneered, ” “don’t you hate me? Shouldn’t you be asking Qin mo to save you?”

He had been in the business world for a long time, so he knew that those rich people didn’t care about celebrities and models. But so what? she asked for it. It had nothing to do with him. She had nothing to do with him anymore.

gu ze wanted to leave, but his arm was caught by her.

He paused again. let go!

“I won’t.” her voice was very soft, and when it entered his ears, it actually turned into some unknown drug that made his body heat up.

He thought, it was probably because of anger!

Gu ze gritted his teeth this time, and his tone was a little tougher. “Let go!”

she still did not let go, and gu ze forcefully broke free.

he quickly walked toward the end of the corridor until he reached the elevator.

No one was chasing after him. When he entered the elevator and turned around, he saw Lin sisi still leaning against the wall in a daze.

The elevator went down, and Gu ze closed his eyes. He remembered that her fingers were unusually hot just now. She had obviously been drugged.

what did she want to do when she called out to him? did she want him to use his body to help her cool down? would she write the words ‘i hate you’ in the bathroom mirror tomorrow? Or was she threatening him to kill him again?

Gu ze laughed sinisterly. He lit a cigarette and extinguished it after taking a puff.

He knew all too well what the consequences would be if she was fed medicine and left on it!

however, he thought that she probably wouldn't care. over the years, qin mo had slept with qianqian quite a few times!

the elevator door opened, and he walked out without any hesitation!

When he got into the car, he didn't hesitate as much. He leaned lazily on the back of the chair, one elbow casually bent on the side of the window, and slowly lit a cigarette.

in the midst of the smoke, lin sisi's appearance just now flashed across his mind.

he drew slowly and unhurriedly, his brows furrowed throughout the entire process.

after finishing his cigarette, he opened the car door and walked much faster than when he got out.

He returned to the same place on that floor, but Lin sisi had disappeared.

The veins on Gu ze's forehead throbbed slightly as he started to search room by room.

the doors of the high-class club were kicked open one by one, and screams rang out from inside. most of them were men and women with disheveled clothes.

gu ze's adam's apple bobbed as he kicked open the innermost door.

as soon as she kicked it open, she heard a suppressed gasp and a man's obscene voice. it was very unbearable!

Chapter 3124: Meeting again after two years (9)

The originally dim lights were bright. Gu ze saw the middle-aged man in his forties pressing on Lin sisi's body and wanted to take advantage of her. He pulled off half of his clothes.

he sneered, grabbed the man, and threw a punch at him.

with a bang, the man fell on the hard table. shen yin screamed. before he could get up, gu ze picked him up and threw him towards the wall again. this time, blood flowed like a pillar. his body straightened and he could not get up.

lin sisi's body was pressed against the wall, and her eyes were wide open as she looked in.

"let's go," he said. gu ze grabbed her hand and said firmly.

She wanted to move away, but she couldn't just let him take her out of the room.

...

the elevator went all the way down, and she only came to her senses when she reached his car. she wanted to get out of the car without saying anything.

Gu ze's fingers were on the steering wheel as he said in a hoarse voice, "are you planning to be raped by someone or rape someone else?"

she pursed her lips and looked at him stubbornly.

and there were tears in her eyes.

Gu ze focused his attention on the front. are I sending you home or to my place? "

His meaning was very obvious. She had fed him the medicine. If she went back to her own home, she would either find someone to solve it herself or go back to his place and he would help her solve it.

lin sisi had calmed down, but the medicine in her body was acting up again.

She raised her head slightly, and her voice was a little fragmented and almost inaudible."let's go to the hotel!"

Gu ze's long fingers tapped on the steering wheel. After a while, he whispered, "Are you sure?"

the way he spoke to her was very unfamiliar, as if they had never known each other. it did not seem like they had been married before.

it was true. he had never treated lin sisi as his wife. his wife had always been that little fool, and the little fool was already dead.

He asked her once, but she didn't say anything and only closed her eyes slightly.

he knew what was going on and didn't say anything else. he started the car and drove to the nearest five-star hotel.

she quickly took the room card and swiped it to the presidential suite on the top floor.

on the soft bed, a man and a woman were entangled, and a glance would pull them into the vortex of fate.

her dress was scattered on the floor and thrown everywhere. it was somewhat alluring, but more alluring.

just as she was in the most pain, gu ze stopped.

lin sisi opened her eyes, her red lips parted slightly, and her voice was very charming."Gu ze, what's wrong?"

gu ze's eyes were fixed on her. after a long time, he propped his body up.

She wanted to lift her body, but he held her down.

lin sisi's eyes were misty as she looked into his eyes.

gu ze lowered his head again and spoke evilly into her ear, " didn't you say you hated me? now you're begging me to take you? "

"You bastard!" lin sisi spat out these three words and moved her body again. however, gu ze sneered as he grabbed her hand and dragged her into the bathroom. he turned on the cold water and washed her body.

As the cold water washed over her body, she suddenly became much more rational and realized that she was unbearable.

She said no and dodged the cold water, but Gu ze continued to rush at her body without care.

"you don't want to rush? do you want to be toyed with by those men?" he threw away the tap and gently pulled her hair. " "look at you! Tell me, do you often get fed medicine by men like this and then get taken advantage of? Why didn't your Qin mo protect you, huh?"

Chapter 3125: meeting again after two years (10)

lin sisi was being tortured by him.

her body trembled from the cold water, and she fell limply to the cold ground.

she did not struggle anymore. she leaned against the wall behind her and looked at him with her face tilted.

Suddenly, she laughed, the kind that laughed without a care.

her small chin was sharp, and her face was flushed red, which made her facial features more delicate. in addition, she had been fed medicine and had not removed it, so her eyebrows had a touch of flirtatious charm.

her red lips parted slightly, and her voice was hoarse as if she was mocking him."You hate me!"

...

Gu ze's eyes narrowed dangerously while Lin sisi laughed even more freely. She pointed her sharp chin at him. you hate me for snatching this body, don't you? "

She even wrapped her arms around his neck and said, " "you miss her?"

Gu ze's entire body was tense, and his face was ashen.

lin sisi started to laugh. " i didn't know that you were such a devoted president. however, you didn't make the same choice back then. "

She was still exhaling at him, but her voice was as cold as ice. that's why President Gu shouldn't dwell on the past. It's obviously much happier to be a person who acts as he does.

as she said this, she ignored him and let go of him. she fiddled with her clothes and wanted to get up when she saw that she could still go out.

However, a strong arm held her hand, and his voice was extremely gloomy. "you want to leave just like this?"

"What else?" Lin sisi chuckled.

gu ze turned his face to her, and she could see his face clearly.

Lin sisi was stunned for a moment and wanted to push him away to escape.

because his eyes were too terrifying.

But Gu ze hugged her waist. His palm was very hot, with a burning temperature.

She fell into his arms. He was so strong that she almost felt pain when she hit him.

He didn't say a word, but just tore off all the clothes on her body and threw them aside. Yingying almost took her roughly.

“Gu ze, you bastard!” Lin sisi scolded him, but he still dragged her and hugged her from behind.

this was an emotionless union. he didn’t give her a trace of gentleness, but a rough one.

she hated it very much, but as he fiddled with her, the drug in her body started to act up again.

Even though it was very painful, she still couldn’t help but reach out and hug him.

What happened next was a storm. They had forgotten their love and hate, forgotten everything, and all that was left was the pure desire of men and women.

after being entangled again and again, he had forgotten the time and everything.

it was not until the sky turned white that the situation slowly calmed down.

Lin sisi had pretended to faint. Her little face was a little pale as she fell into Gu ze’s arms.

Gu ze was still warm. He looked at the unconscious person under him and gritted his teeth.

She was the one who was drugged, but he felt that he was the one who had taken the medicine.

it didn’t subside completely after one night.

he rolled to the side, calmed himself down, and went to the bathroom to wash his body.

When he returned, he saw that Lin sisi’s face was abnormally red. He hesitantly reached out his hand.

It was hot.

Gu ze was shocked and immediately called his private doctor.

It was early in the morning, and the doctor took a long time to pick up the phone. Gu ze said a few words in a low voice before hanging up.

He then went to the bathroom and carefully wrung a hot towel to clean her up.

He turned on the light and saw that she was injured.

Gu ze closed his eyes and thought about how she was so young when he wanted her. It was like it was her first time!

Chapter 3126: You are very honest (1)

of course, it wasn't her first time.

They had done it countless times when they were husband and wife.

of course, little fool was very silly. she would cry her heart out every time. she only knew that he had bullied her.

Now, Gu ze's eyes were slightly deep. She was probably not thinking this way.

She must have thought that he was taking advantage of her.

However, it didn't matter. She wasn't that person anymore. What she thought had nothing to do with him.

...

after gu ze cleaned her up, he went to the window to smoke a cigarette while checking if the doctor had arrived.

The doctor arrived very quickly, almost wiping his sweat. He was even wearing pajamas.

when she went upstairs and entered the bedroom, she could smell the scent of a man and a woman in love. what else was there to not understand?

hence, she gathered her thoughts and measured the temperature.

“39.8 degrees. It’s almost 40 degrees.” The doctor coughed lightly. Mr. Gu, ” he said, ” is this lady hurt? ”

Looking at the time, it was obvious that they had been doing it the entire night, so he asked.

Gu ze’s face froze. After a moment, he whispered, ” “A little.”

” then it’s an infection. i’ll give you an injection. if your fever doesn’t go down tonight, you’ll have to go to the hospital. ” The doctor began to prepare the syringe and said, ” after the injection, take the medicine in the afternoon and evening. If your temperature doesn’t exceed 39 degrees, continue to take the medicine for two days. Take good care of yourself during these two days. As for sex, you can’t have it for a week.

Gu ze did not say anything.

the doctor also recognized lin sisi’s face. wasn’t this mr. gu’s wanwan’s ex-wife?

how did his ex-wife end up together again? besides, mr. gu already had a fiancée, and this ex-wife had a lot of scandals.

The doctor had questions in his heart, but he didn’t ask too much. He gave her the injection and medicine and sat down for a while.

Before she left, she gave him a tube of ointment, rubbed her nose, and said uncomfortably, ” “apply this and you’ll get better faster.”

Gu ze took it, and his expression was a little awkward.

after he sent the doctor off, he headed upstairs. the servants at home quickly asked, ” “Mr. Gu, what would you like to have for breakfast?”

Gu ze had no appetite at this time, but thinking of the patient upstairs, he hesitated for a moment before saying, ” “Make some porridge! and don’t call me, i’ll come down and get it myself.”

The servants knew that Mr. Gu had brought a woman home last night. There was a lot of movement at night. The girl kept screaming and crying, and Mr. Gu’s panting was earth-shattering.

so the doctor came early in the morning and mr. gu ruined the girl?

They were all people who had been through it, so they knew exactly how and where it was broken.

the servant didn’t dare to say anything and went to cook the porridge.

gu ze’s face was green as he stood there for a while before he slowly went upstairs with the medicine.

lin sisi was still asleep.

Gu ze did not go in immediately. Instead, he leaned against the door and looked at the ointment.

Applying this medicine was also an extremely intimate matter.

There was nothing else between the two of them apart from hatred for each other.

as for last night’s sex, it was because of the drug and his anger. he thought that if it was possible to turn back everything, they would rather not have happened.

His body was full, but it was still filled with loathing.

gu ze’s expression was very calm. he slowly walked over and still decided to help her apply it.

after all, he was the one who had hurt her.

He told himself that once her injuries were better and her fever was gone, he would immediately ask her to get lost.

With that thought in mind, he couldn't help but pull the blanket away a little roughly, and it hurt her.

Lin sisi furrowed her brows and let out a cry of pain. She then tilted her head and fell asleep again.

Her face was still very red, and it was very hot.

Chapter 3127: you're very honest 2

Gu ze's Adam's apple bobbed. He felt that bringing her back was a mistake.

his body, which had been abstinent for several years, suddenly couldn't take it anymore. they had done it for a night, but now he wanted to hug a woman.

He was a little annoyed, so his actions were not gentle, and he quickly put it on for her.

When she covered herself with the blanket, even she herself felt that his breathing was a little too rough, so the gaze he gave her was naturally not very gentle.

However, she was sick and had almost woken up from a coma. She wouldn't have any reaction even if he stared at her to death.

he would only be angry at her.

...

Gu ze had spent a lot of energy the entire night, but he did not feel sleepy at all.

He sat on the sofa opposite the bed and stared at the person on the bed as if he was looking at a poison.

He was very clear in his heart that if he called Qin mo or Lan Yu now and asked them to take her away, everything would be over. He didn't think that he had gone too far with her. She was the one who was drugged and provoked him.

he had also used up a lot of energy to want her.

Moreover, there was no friendship between them.

as he was thinking about this, another voice in his heart interrupted his thoughts. If you don't have feelings for her, why did you bring her back? Why didn't he leave her to her own devices?

He instinctively retorted, 'because it's little fool's body.'

the voice continued, "didn't you say that little fool is dead?"

Gu ze's eyes were slightly closed and he looked like he was in extreme pain.

Yes, little fool was dead, but he actually had a glimmer of hope.

just now, he almost thought that if qianqian and lin sisi's fever was a little more intense, would they become little fools again?

Would his little fool come back?

His throat made a Broken Sound. He put his hand on his eyelashes and smiled gently. "Fool's dream!"

Gu ze just sat there for a long time.

He only got up when it was almost noon. He reached out to touch Lin sisi's forehead. It was not so hot.

he retracted his hand and hesitated for a moment before walking down the stairs.

“sir, do you want to have lunch?” the servant asked.

gu ze took his coat, lowered his head, and gently fiddled with his car keys. I’m not eating. I’ll go upstairs to see miss Lin later. If she wakes up, I’ll prepare lunch for her and ask the driver to send her home.

“what if miss lin asks about sir?” the servant nodded.

“Her?” gu ze’s lips curled into a bitter smile. ” “She won’t ask. She hates me. ”

the servant’s heart skipped a beat. what did mr. hen mean by that?

was the earthquake last night fake?

What’s wrong with young people these days? can they hug and roll away with someone they hate?

but the servants didn’t dare to say these words. they watched gu ze leave and go upstairs.

lin sisi woke up.

The sound of a car engine starting up could be heard from downstairs. The servant didn’t say anything at first, paying attention to whether miss Lin would ask about Sir. But as Sir had said, miss Lin only frowned and didn’t ask.

this was quite out of place with the smell of a man and a woman having a good time in the room.

The servant sighed, then asked in a low voice,”miss Lin, do you need to eat something?” Lunch is ready.”

Lin sisi’s entire body was in pain, but she endured it and said softly, ” “i’ll go downstairs to eat later. is there any women’s clothing here?”

If she remembered correctly, Gu ze and Wen Xinya were still engaged. It was not too much for him to have Wen Xinya's clothes. Furthermore, she did not mind wearing other people's clothes.

Chapter 3128: You are very honest (3)

she had already slept with someone else's man, so a piece of clothing was no big deal.

After she asked, the servant hesitated and said, "probably not. Sir never brings women home for the night.

After she finished speaking, she felt that she wasn't very convincing and secretly looked at Lin sisi.

lin sisi didn't seem to mind. she smiled."if it's not convenient for you, i'll go look for it."

she was actually not familiar with this place. when she was his wife, she had only lived in C city and had never been to this place before. it was only on the day of his engagement that he brought her here. he carried her to the bed in the master bedroom and demanded for her to sleep in the afternoon. she had never come to a place like the changing room.

lin sisi was wearing a bathrobe. she opened the cabinets one by one. they were all filled with gu ze's clothes, and there was not a single piece of female clothing.

...

the servant felt that he shouldn't stay any longer. it was better not to interfere in sir and miss lin's affairs. it was better not to even know about it.

"Miss Lin, I'll go down and prepare the meal first," the servant outside said.

lin sisi was stunned for a moment. then, she said okay and looked at the box in the drawer in a daze.

she wasn't unfamiliar with the box, nor was she unfamiliar with the things inside.

It used to belong to her, but it was returned to Gu ze.

She reached out and hesitantly held it before opening it ...

inside was a diamond ring in a very cute style. gu ze had specially made it into the shape of a few fruits. there were red diamond strawberries, yellow diamond small bananas, and pink cherries.

it was the one and only diamond ring in the world.

Just because she was silly at that time, he had ordered one for her.

she still remembered that after she put it on, she smiled happily, hugged him, and kissed him.

Of course, he carried her upstairs and kissed her back many times.

that night, he had her for the entire night.

he didn't spend much time with her. every time they went to C city, he would spend the whole night asking for it. she didn't even have time to talk to him, but when she saw how intoxicated he was when he did it, he seemed very happy, so she also became happy.

At this moment, Lin sisi's face was bitter.

She had once thought that he liked her, but he had abandoned her so easily.

It was the right choice, and she couldn't blame him for it.

besides, without his stimulation, she wouldn't have been able to remember and return to normal after the car accident. she might have been a little fool for the rest of her life.

However, she thought that she might as well be a little fool for life. Yingluo wouldn't feel any pain.

But would it not hurt?

Even if she was a little fool, he would still throw her away. So, it was better to be normal.

lin sisi held the ring and stared at it for a long time, then bitterly for a long time.

In the end, she still put the ring back. However, she did not notice that when she put the box back, the position was a little different from before. And this difference was actually noticed by Gu ze.

After searching for a long time, she couldn't find any clothes to wear. In the end, she couldn't find a way to call her assistant. The assistant was Qin Chen's previous assistant, and now she was using her. It was good to be familiar with people and do things.

Xiaohong answered the call and said that it would take an hour to come over. Lin sisi did not object. She could take a shower and eat something during this time.

life was already hard enough, and she didn't want to mistreat herself.

when she passed by the sink after her shower, she saw the mirror ...

The three words 'I hate you' that she once wrote were long gone. Looking closely, that mirror had been changed. The previous one must have been broken by Gu ze.

Chapter 3129: Miss Lin, you took my things

she smiled.

it was quite normal.

It would be abnormal if he didn't fall!

she was only in a daze for a while before she went downstairs. she was not feeling well, but she wanted to eat something because she had not eaten for more than 24 hours.

Although the servants were not familiar with her, they did their best to make the dishes that were very suitable for the patient's taste.

Lin sisi really liked the light taste of the three delicacies soup, and she couldn't help but think of someone when she ate it.

...

an auntie from C city.

She left Gu ze because she wanted to break up with him, so she had abandoned everything in C city.

She had not been to that villa since she left. She did not want anything in it.

She didn't want her clothes, the trinkets that Gu ze gave her, Auntie, or Yingluo, Gu ze. She couldn't afford to have them.

however, this soup reminded her of her auntie, and she felt a little guilty.

The Auntie was very good to her. After she left, she didn't know if Gu ze fired her or if that place was still there.

However, she only thought about it and didn't want to verify it.

C city was a wound on lin sisi's body, a wound that she did not want to easily reveal.

"Miss Lin, do you like it?" the servant asked softly.

Although miss Lin wasn't Sir's official girlfriend, she was very cute. Plus, ran ran had lost a section of her little finger. It was quite heartbreaking for such a beautiful girl to lose a finger.

moreover, the servant had a feeling that in mr. gu's heart, miss lin was a very important person.

sometimes, hate was more loving than love.

lin sisi returned to her senses and smiled. "It's pretty good."

she lowered her eyes. "it reminds me of an elder who took care of me. the dishes she made were as delicious as yours."

the servant was flattered. "oh, i see. i'll make more for miss lin in the future."

Lin sisi didn't say anything and only sipped her soup.

the servant paused for a moment before he understood and said apologetically, "i'm really sorry, miss lin."

"it's fine, you're being considerate." Lin sisi smiled slightly. She was probably thinking about her Auntie, so her expression was very gentle.

the servant didn't dare to say anything more and just took care of her and ate.

After they finished eating, he even specially prepared a cup of fruit tea for Lin sisi. Lin sisi accepted it and read a magazine while waiting for Xiao Hong. She looked very natural.

little red came over very quickly, carrying a set of clothes for lin sisi to change into.

Lin sisi didn't linger after changing. Although she was still a little uncomfortable, she left quickly.

the tea is cold when the person is gone, but the servants sighed with emotion for a long time when they cleaned up the fruit tea.

when gu ze returned, it was already seven or eight o'clock in the evening.

He took off his coat and glanced across the hall. she's gone? "

“sir, are you talking about miss lin?” the servant asked after setting the table.

“what did she say?” gu ze looked down.

“Miss Lin said that the food I made was delicious and reminded me of an elder,” the servant said in a low voice.

Gu ze’s brows were tightly locked. After a moment, he whispered, ” “it’s an auntie from the past.”

he didn’t know why he was saying this to a servant. it was probably because he had no one to say this to.

gu ze had dinner. actually, he rarely came back for dinner. he came back tonight mainly because he wanted to ask some questions.

the servant hesitated again and again, but he still spoke again, ” “sir, miss lin looked for the clothes but couldn’t find them. in the end, one of her assistants sent ran ran over. is there anything wrong with this?”

Chapter 3130: Miss Lin, you took my things

gu ze put down his chopsticks and frowned. ” “She went through the closet?”

“Miss Lin asked if there are any female clothes here.” The servant did not dare to speak carelessly.

“what did you say?” gu ze frowned even more.

“I said, Sir doesn’t bring a woman home to spend the night,” the servant whispered after seeing his expression.

gu ze’s brows relaxed. he picked up his chopsticks and picked up another piece of sweet and sour fish. ” what did she say after that? ”

miss Lin didn't say anything. She just said that she doesn't mind wearing clothes that other people have worn before.

...

Gu ze's chopsticks slammed on the table again. He sneered with an ugly expression. " yeah, she's already asleep. what's more, it's just a piece of clothing. she's really big-hearted. "

These words reminded him of the day he got engaged to Wen Xinya a few years ago. Lin sisi pretended to be a little fool and made him look bad. Even now, Gu ze was unwilling to think about it.

gu ze didn't say anything, and the servants didn't dare to speak.

After a long time, she finally saw Gu ze eat again. He didn't eat much, but at least he ate a little.

gu ze slowly went upstairs. halfway through, he turned around and asked, " "did she take her medicine when she woke up?"

the servant thought for a moment. " i don't think he ate. "

gu ze's expression was a little dazed. after a while, he smiled faintly."alright, i got it."

he didn't say much and just walked upstairs until he reached the master bedroom and pushed open the door.

In the air, there was still a faint smell of sex. The fragrance of women filled the nose, causing a commotion.

Gu ze slowly walked in and took the medicine at the head of the bed. After looking at it for a long time, he threw it into the rubbish bin. He also threw away everything that she had left behind.

Just like in the past, she didn't leave anything behind. Leaving anything behind would hurt his heart.

He didn't want to think about this. He changed the bedsheets himself, changed everything, and threw away the bedsheets. He threw away everything.

after doing all this, he went to the changing room to get his clothes and prepare to take a shower. when he stepped into the changing room, he couldn't help but think of the conversation downstairs just now.

Lin sisi had entered his changing room and rummaged through the things here!

Gu ze took the clothes that he wanted to change into, and his movements slowed down. Finally, he opened a drawer, and his gaze landed on a small box.

His gaze froze.

the box had been touched.

it must have been lin sisi!

He narrowed his eyes, picked up the box, and opened it.

the ring's light was dazzling and lovely.

One of a kind.

a touch of warmth flashed across gu ze's eyes.

The warmth that he gave to little fool only turned cold as he clenched the ring.

He walked out and dialed a number.

it was lin sisi's.

He took it from her phone last night. She was unconscious at the time, so she probably didn't know.

He dialed the number and held his breath as he waited for the call to connect.

However, the person who picked up the phone was not her original but her assistant.

The assistant's voice was a little hoarse. I'm Lin sisi's assistant. Miss Lin is sick and hospitalized. She needs to recuperate. Any work will have to be postponed.

gu ze frowned. "what illness?"

The assistant on the other end was stunned for a moment and realized that this was not a client, so he said very cautiously, "Fever. It's just a common cold,"

cold and fever?

who are you trying to fool!

he knew very well what was wrong with her. she was just treating him. didn't her fever go down? why did she have to go to the hospital again?

Gu ze didn't say anything and hung up.

xiaohong looked at her phone and mumbled, "it's so strange. This person hung up just like that. I wonder who's playing a prank on him.

lin sisi, who was lying down, sat up weakly. "Let me see your phone."
