

Thank you 3131

Chapter 3131: Miss Lin, you took my things

xiaohong passed the phone to lin sisi.

lin sisi took a look and was a little stunned.

“what’s wrong with sisi?” xiao hong saw her expression and asked softly.

Lin sisi forced a smile and said, ” “I’m fine.”

She put the phone back in its original place and leaned back to lie down.

He was still burning, but it wasn’t too serious. He was being escorted over by Xiao Hong.

...

She said that Xiao Hong was overreacting, but Xiao Hong only smiled.

However, it was undeniable that the feeling of being cared for was still very warm.

she laid down. her body was a little tired, and she did not think about gu ze anymore. they were two people who had no interaction with each other. they should not change anything just because of one night.

she had hated him, but not anymore.

She didn’t love him, so she didn’t hate him anymore. Besides, she had already taken revenge on him, so there was no point in not letting go.

this was lin sisi’s thought, but yingying wasn’t a fool.

The little fool teased Lin sisi and forced herself to forget.

when she was asleep, xiao hong had been watching over her. lan yu, qin chen, and qin mo had come to see her.

however, she was always asleep.

qin chen watched her sleep, then pulled xiao hong over and asked softly, ” “What’s going on?”

Little red hesitated for a moment before telling him about Lin sisi and Gu ze. I received a call. She was wearing Gu ze’s bathrobe. She probably stayed overnight.

qin chen took another look and sighed. ” “why are we at another place?”

Xiao Hong didn’t dare to say anything. She knew what had happened a few years ago, and she felt that sisi was very pitiful.

Sisi didn’t seem to care about leaving Gu ze, but the days she was with sisi, there were always people crying at night.

It was easy to love someone, but it was not so easy to forget someone.

Xiao Hong looked at Qin Chen and said in a small voice, ” “Then what do we do?”

“Let’s wait for her to wake up and see her attitude.” Qin Chen’s voice was calm. sisi is an adult. She has her own thoughts. If you need anything, just tell me. Don’t block her way.

little red nodded.

qin chen went to take care of it for a while, then left with the food.

She went downstairs with Lan Yu. Instead of taking the elevator, the couple took the emergency stairs together.

“Lan Yu, when sisi is discharged, should we pick her up and bring her back to stay for a few days?” Qin Chen asked as they walked.

“what’s wrong?” Lan Yu held his wife’s hand, his face full of surprise.

qin chen took a moment before slowly saying, “sisi and gu ze were together last night.”

lan yu stopped in his tracks and looked at his wife with a frown. ” “What do you mean by” together “?”

qin chen glanced at him and reached out to hold his arm. ” do you have to make me say it so bluntly? ”

he paused for a moment before saying, ” “We just slept together for one night. Xiao Hong went to investigate. That night, sisi was forced to drink medicine and she happened to meet Gu ze.”

lan yu’s brows furrowed even more. ” ” she’s been popular for the past few years. she’s got enough to live. she can totally quit the entertainment industry. ”

he lowered his voice and said, “chenchen, you know that sisi isn’t a vain person.” you should talk to her when you’re free, she’ll listen to you the most.”

qin chen hummed in acknowledgment, then said after a while, ” “Lan Yu, under what kind of circumstances do you think a person can easily find the other party?”

Lan Yu thought for a moment. he’s standing very high up, in a very conspicuous place.

then, he looked at his wife. ” “why are you asking this?”

Chapter 3132: Miss Lin, you took my things

qin chen smiled. ” why do you think sisi didn’t leave the entertainment industry? ”

Lan Yu's mind was connected to hers, so he only needed to think for a moment to understand. However, he still felt that it was unbelievable."Sisi, she still likes that bastard Gu ze?"

"i don't like you, i hate you!" Qin Chen sighed,"she thought she had forgotten and let go, but she probably hasn't. If she had, she would have left this city." mrs. lin and mr. lin have already gone to A city to live, so sisi should be accompanying them. who do you think she's staying here for?"

Lan Yu was silent.

The couple held hands as they walked down the stairs.

After a long time, Qin Chen said in a low voice,"I know you don't agree. Actually, I don't agree either." Let's not talk about the pain sisi has been through. Gu ze's Wanwan alone should like sisi, but the one he likes is the little fool who has lost her memory, not the current sisi."

...

after she finished speaking, she seemed to think for a long time before continuing, " " she probably knows what gu ze is thinking, so she's not willing. she was abandoned by gu ze once, and in reality, she was abandoned again because she's no longer a little fool, so gu ze doesn't want her anymore. "

lan yu was confused. " didn't sisi not want him anymore? " he asked.

then, do you think that if sisi didn't regain her memory and caused a scene at Gu ze's engagement, Gu ze would not want her? " Qin Chen smiled.

She had pointed out the key point.

after hearing this, lan yu fell silent and didn't speak for a long time.

She only held Qin Chen's hand before she got into the car. " you've thought more and more thoroughly than me. i've never thought of these things. "

you're a man, so you're naturally not as meticulous as me. Moreover, you're always against Gu ze. Every time I mention him, you'll clench your teeth in hatred. How could sisi reveal anything to you? ” qin chen smiled as he sat in the car and whispered to his husband.

lan yu slowly fastened his seat belt and turned his head to look at her. he leaned his head over and pressed it against hers, sighing softly. Chenchen, I feel very happy now.

in the past two to three years, their relationship as husband and wife was extremely good. although qin chen didn't remember anything, it didn't matter if he couldn't remember it. there was no benefit in thinking about it.

Not like Chenchen.

lan yu and his wife made out for a while before starting the car. the couple would talk about lin sisi from time to time. in the end, they decided to wait for her to recover before sending her to A city for a few days.

However, no one expected that Gu ze and Lin sisi would make the headlines the next day. It was a photo of them hugging and kissing. The photo was taken very clearly, especially with their awkward expressions. It made people think that it was a story.

Gu ze's current status would not change just because of a warm photo.

however, he couldn't help but think deeply as he looked at the photo.

On the top floor of the Hengtong Group building, his slender fingers tapped on the desk, and he leaned back after a while.

xu qiaonan came in with a stack of documents and placed them in front of him. he smiled and said, "master gu, this is the information that you have gathered today. it will be needed for the meeting tomorrow."

"leave it here!" Gu ze said calmly.

Xu Qiaonan nodded. Just as she was about to leave, she saw the newspaper in Gu ze's hand. She was stunned for a moment before smiling. "president gu, if there's a scandal like this, you can ask the public relations department to hold a press conference to clarify it."

In her heart, she thought that it would be better to avoid such news as President Gu had a fiancée.

gu ze took a puff and blew out smoke. "no need! Help me make an appointment with Lin sisi, I'll talk to her personally!"

Chapter 3133: miss lin, you took my things

xu qiaonan was taken aback. "president gu, there's no need for that."

Gu ze's gaze swept over, and Xu Qiaonan was stunned. He couldn't help but say, "i'll make an appointment immediately."

She wanted to leave, but Gu ze immediately said, "let's meet here."

xu qiaonan's expression was a little forced, but she didn't dare to disobey gu ze's orders. thus, she walked to the side and made a few calls. in the end, she got the number of lin sisi's assistant, xiao hong.

after the call went through, he said a few words, and then his face became even uglier.

She turned to look at Gu ze and said in a soft voice, "president gu, lin sisi's assistant said that lin sisi is sick and can't be seen."

...

"you're right." gu ze narrowed his eyes and looked at her. "here's your phone."

xu qiaonan passed the phone to him and said in a calm voice, "they've turned off their phones."

Gu ze's brows furrowed even more as he dialed ...

the cold voice of the mobile station came from the other side.

She returned the phone to Xu Qiaonan and said, " "You may leave."

After Xu Qiaonan left, Gu ze picked up his phone and dialed Lin sisi's number. The call went through, and Xiao Hong picked up again.

gu ze's voice had a hint of threat. " "I want to see Lin sisi."

"Miss Lin is sick and doesn't want to see anyone," Xiao Hong said in a neutral tone.

"I'm gu ze." gu ze's voice was very strong.

"whatever" ze "is useless." Little red snorted in a domineering manner.

Gu ze looked at his phone. The number was not wrong.

he really wondered how lin sisi became so famous with such an assistant. it was as if she didn't know how to behave herself and didn't know how to read other people's expressions.

therefore, he was certain that lin sisi was relying on qin mo to provide her with good resources. after all, he had seen lin sisi and qin mo together.

Now that she was listening to how awesome little red was, Lin sisi's backer must be very strong.

"I'm going to the hospital." Gu ze's voice was gloomy.

Little red was stunned as she held onto her phone. She then looked at Lin sisi."what should we do?"

"If he wants to come, then let him come." "i can't avoid him forever," lin sisi said, closing her eyes.

Xiaohong nodded and hung up the phone.

Gu ze didn't go that day. He went the next afternoon.

it was a summer afternoon, and the sun was as hot as fire.

lin sisi's illness was slightly better, but in the indoor air-conditioned room, she was still wearing a long white sleeping robe and standing in front of the window looking out.

When Gu ze came over, she was holding a cup of ginger tea and sipping it lightly. Xiao Hong called out from behind, "sisi, mr. gu is here,"

Lin sisi didn't turn around and only said, " " xiao hong, i want to drink some milk tea. go buy me a cup, hot. the hotter, the better. "

Oh, " Xiao Hong replied and slowly took a few steps back. Then, she looked at Gu ze warily.

Gu ze's eyes swept over. Little red was caught by his sharp gaze and immediately ran out.

only the two of them were left in the huge VIP ward.

lin sisi looked at gu ze, and her voice was weak from her illness. President Gu, if you have anything to say, you can actually let your Secretary come over and say it.

"I think it's better for me to explain it myself." Gu ze took a few steps forward. When he was only two steps away from her, he stopped.

Lin sisi was still holding the ginger tea and drinking it nonchalantly.

he didn't say anything and just frowned at her.

She covered her body tightly, as if she wanted to sweat on purpose. Why hadn't she recovered yet?

If she hadn't recovered, why would she leave?

Chapter 3134: miss lin, you took my things

Of course, Gu ze would not say these words out loud.

He pursed his lips and said in a neutral voice, " Ms. Lin, I'm here today to ask you why we appeared in the newspapers and the media at the same time.

Lin sisi held the ginger tea and sipped it lightly. She said in a faint voice, "You'll have to ask the newspapers."

gu ze took a step forward. " why am i asking the media? i just want to ask you, did you use me to create hype? "

he approached her step by step, and lin sisi backed away step by step until she could no longer retreat. her back was straight against the glass, and he was in front of her.

She spilled some of the ginger tea in her hand and looked over.

...

gu ze took the cup from her hand and placed it aside before approaching her again.

lin sisi's back was against the glass, and she couldn't move back anymore. she looked at him and smiled. "President Gu seems to like to put gold on his face. do i need to use you to hype up my story?"

"Don't you know in your heart whether or not I did?" his fingers gently caressed her face. " are you doing this to stop others from finding trouble with you, or are you trying to hype yourself up? do you feel that you're going past your prime and need to hype yourself up again? "

lin sisi turned her face away and smiled. " i'm afraid that i'll be screwed if i tie myself up with president gu. "

gu ze narrowed his eyes at her.

“If there’s nothing else, please leave, President Gu. I’m a patient and need to rest.” Lin sisi said tiredly.

Gu ze did not let her off and took another step forward. miss Lin, I came here today to confirm something.

“what is it?” She looked up at him.

Gu ze’s gaze landed on her face and he took two steps back, but his eyes were still on her.

lin sisi suddenly felt a little uneasy.

“I suspect that miss Lin has taken something from me,” Gu ze muttered.

“I didn’t!” She said without thinking.

He raised his hand, his gaze falling on her face, and said very softly, ” “You don’t have the final say.”

” a ring that i put in the drawer is missing, ” he said in a deep voice. ” did miss lin see it? ”

“No, I didn’t!” Lin sisi said firmly.

“I’m asking if you’ve seen it,” Gu ze smiled.

He was obviously a trap. Lin sisi would not fall for it. No.

” very good. that means i can go back and call the police, and the police will determine whether the box has miss lin’s fingerprints on it? ” There was no warmth in Gu ze’s voice.

Lin sisi’s face turned pale. “you know that the ring is still inside.”

“That means they’ve met before.” “why did you lie just now?” his voice became stern.

she was silent for a long time.

Then, she laughed. is there any meaning to this, President Gu? What’s your purpose in coming here? are you asking me how I feel when I see that ring? I can tell you now that I don’t feel good. When I see that ring, I think of how stupid I was in the past. How did you get abandoned when you like someone?”

Gu ze’s face was ashen as he stared into her eyes.

yes. after a long time, he lowered his eyes. you have all her memories.

lin sisi froze for a moment, then chuckled. ” “You do keep your memories of me, but the person in your heart is long dead, right? So you hate me, you hate that I’m alive, do you think that if I die, you’ll miss her completely? Gu ze, you’re sick, do you know that?”

Chapter 3135: Miss Lin, you took my things

by the time she finished speaking, her face had already turned as pale as a sheet of paper.

Gu ze’s expression was even more aghast.

She had revealed the unspeakable tacit understanding between them.

They were once husband and wife, but they lived in the same city for a few years like strangers.

Clearly, she had once relied on him so much, liked him so passionately, and he had truly loved her.

Everything was like a fleeting cloud.

...

They were all living in self-deception, or perhaps, they couldn't face the separation.

Therefore, they both treated each other as strangers and hated each other, not the person they were once close to.

Gu ze just looked at her like that.

Lin sisi was the same.

they were only a few steps away from each other, but they seemed to be separated by thousands of mountains and rivers.

if he did not take a step forward, she would not be willing either.

After a long time, Lin sisi said softly, " Mr. Gu, I'll try my best not to appear in front of you in the future. Also, if you need me, I can hold a press conference to clarify things. After all, Yingluo, you have a fiancée.

"There's no need for that!" Gu ze said very indifferently.

Then, he slowly took two steps back and prepared to leave.

"Mr. Gu." "i want to confirm one more thing," lin sisi called out.

gu ze stopped.

"Did you find your ring?" Lin sisi asked in a low voice.

Gu ze's gaze became a little deep. After a long time, he whispered, " "i found it."

With that, he walked out.

lin sisi looked on quietly and smiled slightly. she walked over to take the ginger tea she was holding and wanted to take a sip. only then did she realize that it had turned cold, so she did not drink it and just stood there in a daze.

When Xiaohong came back, he held the milk tea and looked at sisi standing there. He licked his lips and said in a low voice, ” “Sisi,”

she met gu ze in the elevator just now and felt that gu ze’s expression was really ugly.

Xiao Hong knew about sisi and Gu ze’s relationship, so she stammered and didn’t say anything.

“Where’s the tea?” Lin sisi smiled.

Little red handed it over in a daze, then coughed lightly. “Drink slowly, it’s hot.”

Lin sisi grunted in acknowledgment and took a sip.

xiao hong meowed at the ginger tea. it was obvious that she hadn’t had much of it, so she said, ” “Pour this out. I’ll get you a new cup later.”

lin sisi smiled and did not stop her.

She held the milk tea in her hands and stood in her original spot, looking outside. She wanted to go home and stay for a few days to accompany her parents when she was better.

She was fine like this. At least they would be happier.

the corners of lin sisi’s lips curled up into a bitter smile.

How could she not know what Xiao Hong wanted to say just now? Xiao Hong wanted to ask why she didn’t get back together with Gu ze.

reconcile? how?

She didn't know, and Gu ze didn't know Yingluo.

just like this, he would hide far away and never see her again.

lin sisi looked into the distance, her eyes a little sore and a little dry.

a day later, she was discharged from the hospital. under qin chen's persuasion, she went to her and lan yu's house for two days. she only set off for A city when she was almost fully recovered.

lin sisi did not inform them and went straight back to A city. her parents were very happy, and they really had a few peaceful days together.

Lin sisi's parents were now living in a three-story villa that Lin sisi had bought with her own money. The two of them were living in peace.

the past two years had been peaceful. mrs. lin had taken better care of herself than before. mr. lin had also taken good care of himself. although he kept a low profile, he was at ease.

Chapter 3136: miss lin, you took my things

moreover, madam lin and the others were spending sisi's money, so they had more confidence and didn't need to worry as much as before.

These few years, sisi had been very popular, and most of the money she earned had been given to them. Madam Lin had calculated that she had tens of millions. Even if sisi did not work now, she could live the rest of her life in peace.

In fact, in Madam Lin's heart, she didn't want her to go back. The family's life in A city couldn't be better, but because Lan Yu and Qin Chen were taking care of B city, she was a little more at ease.

But this time, sisi stayed in A city for a week and did not mention returning to B city. Madam Lin was feeling uneasy and hoping that sisi would stay. However, she had also read in the newspaper that sisi had met Gu ze and something probably happened.

madam lin's feelings for gu ze were very complicated.

She was against it at first. How could sisi marry a man like Gu ze with her looks? later on, Gu ze and she both insisted. As sisi's mother, she also wanted sisi to be happy, so she agreed. However, she didn't expect that she would almost never see sisi again.

...

she understood but also felt sad. she knew that as gu ze's wife, with sisi's background, her marriage would definitely be a secret, but she didn't expect that it would be difficult for her parents to even see her.

Sisi was practically locked up.

Madam Lin did not want her daughter to experience that kind of life anymore. No matter how poor they were now, the Lin family had once reached the peak. Sisi was raised like a princess. When Madam Lin saw her suffering, she almost cried all day, but little fool had no idea.

Mrs. Lin's heart ached for her daughter. She didn't want her to have any more contact with Gu ze, but as someone who had been through it, and as a mother, she knew that sisi hadn't let go.

If sisi had let it go, she would come back.

she had been staying in B city all this time, not for fame or money, but to live in the same city with that man. mrs. lin was sad that she was so stubborn.

however, the child had grown up, so she couldn't say it. she was even more afraid that she would be sad if she said it.

the current situation was pretty good.

madam lin made some fruit tea. " sisi, come here. this is your favorite. "

lin sisi, on the other hand, was in a daze for a long time, holding her phone. mrs. lin called her again before she went over.

He walked over and sat down, smiling as he said, "it smells so good."

"This child is full of nonsense. How could the fruit tea have any fragrance?" Madam Lin laughed as she scolded him, but deep down, she was feeling emotional.

in the past, when sisi's father was in a high position, sisi was very willful. now that her father had fallen, sisi was very sensible.

Madam Lin thought about it and felt satisfied. She patted her hand and said, "Go wash your hands."

madam lin had always been noble and generous. although she had suffered a few years, she still maintained the lifestyle of a noble.

lin sisi bit her straw and laughed evilly. you're just drinking fruit tea, but you still have to wash your hands. Mom, you're too particular.

"It's a ritual." Madam Lin smiled, but after a while, she was stunned and sighed. "that's true. it's not like the past anymore. you don't have to be so annoying."

lin sisi could tell that mrs. lin was a little disappointed, so she hugged her and said, "mom, if you like it, we can do it the way we did in the past. it's not like we're doing it for show. it's just a ritual."

She squinted her eyes mischievously, then held the fruit tea and drank it.

Madam Lin's heart was much more comforted, but when she looked up and saw sisi's little finger, she couldn't help but feel her heart ache.

"mom, what are you looking at?" lin sisi asked.

Chapter 3137: Meeting in pain in C city (1)

"no, i was just in a daze," madam lin smiled.

How could Lin sisi believe him? she knew in her heart that he was not lying.

She lowered her head and looked at her fingers.”It doesn’t hurt anymore.”

every pain had a story behind it. sisi’s story was very painful, but madam lin’s heart was even more painful.

However, she couldn’t bear to mention it, for fear that sisi would be in pain.

lin sisi hugged her arm and said in a sweet voice, ” mom, can i stay for a few more days this time? ”

...

“You’re willing to let go of the world of sensual pleasures?” Madam Lin looked at her.

Lin sisi continued to smile sweetly,”of course I’m willing, what’s there to be reluctant about!” I’m even willing to quit the entertainment industry now.”

Madam Lin couldn’t bear to see her like this. She reached out and touched her face.”You decide for yourself. Although I want you to be with me, I want you to be happy.”

lin sisi smiled and hugged mrs. lin’s arm. ” “Mom! i will. i’m very happy right now.”

madam lin smiled and did not press further.

the two of them chatted for a while before madam lin went to make dinner.

lin sisi was still at her original spot, playing with her phone casually.

after a long time, lin sisi closed her eyes and remembered the call from little red.

xiaohong said that gu ze had called the company to look for her.

however, she didn’t know the reason, and neither did xiao hong.

lin sisi didn't want to think too much. she didn't want gu ze to call yingying, but he didn't call after so long. he probably wouldn't call again.

in addition, the rumors about her and gu ze on the internet had also been suppressed. until now, they were almost non-existent. she thought that it was probably gu ze's company that suppressed it.

that's good.

She thought to herself.

another week passed, and sister kuan called her personally. she said that there was an advertisement shooting in C city and that she had borrowed a villa for two days. she would leave immediately.

C city.

lin sisi's heart ached.

C city. It's a memory from so long ago. Yingluo didn't dare to think back to her life in C city.

it was so short, but it was so deep that it seemed to be engraved in her bones.

Lin sisi refused instinctively.

However, sister Kuan was a very strict manager, and she knew what sisi was thinking.

sisi didn't want to touch C city, but that made sister kuan even more determined to force her.

If a person was so weak that they didn't even dare to face their past, then how could they face the rest of their life? they wouldn't be happy anymore.

moreover, sister kuan received news from the production team that the villa they were borrowing for this shoot was the one gu ze had bought for lin sisi.

the building was empty, and gu ze did not go there again, but it was well-preserved.

And the person who borrowed it was not Gu ze, but a guard there.

two days of shooting meant that the 200000 yuan had fallen into the guard's pocket. none of that was important, as sister kuan wanted sisi to be able to face the situation.

Sisi was extremely talented, but she was still lacking something.

As for what it was, sister Kuan felt that it was courage, the courage to let go of everything.

If he couldn't let it go, how could he go far?

sister kuan hung up the phone. lin sisi looked at her phone for a long time before she smiled.

Madam Lin, who had prepared dinner, saw her in a daze, so she asked softly, "What are you thinking about?"

Lin sisi smiled. mom, I have to leave tonight.

madam lin asked in a low voice as she placed the bowls and plates on the table. "Where to?"

"C city." Lin sisi softly spat out these two words. After she finished speaking, her legs felt a little weak.

Chapter 3138: C city, meeting in pain (2)

Madam Lin was stunned. After a while, she muttered, "for what?"

"to shoot an advertisement. just two days." lin sisi hugged her and acted coquettishly. "i'll come back to accompany you guys after i'm done filming."

madam lin turned around and looked at her younger daughter, her heart filled with emotions.

she and old lin couldn't help with anything now, but sisi was taking care of them. she felt very apologetic.

However, the child had grown up and had to fly. She knew very well that if sisi continued to hide, she would never be able to get out.

Hence, it was good that she went to C city. At least she could face it.

...

madam lin didn't say anything and just patted her.

after lin sisi had finished her dinner, mrs. lin helped her pack her luggage. when she went upstairs to get her luggage, mrs. lin immediately turned her face away and said in a hoarse voice, " " get your father to send you to the airport. give me a call when you reach C city. you have to be careful even if you're staying in a hotel alone at night. "

every time sisi went out, she would tell her that.

Lin sisi had heard this a lot, but she wasn't annoyed. She just hugged Madam Lin coyly."mom, i'm not a child anymore. i'll take care of myself."

Of course, Mrs. Lin knew that. However, no matter how much her child grew up, she would still think of him as a child.

mr. lin also went upstairs to help lin sisi carry her luggage. mrs. lin checked her documents again before sending her to the door.

Mr. Lin hadn't driven in a long time, so he called a taxi and sent Lin sisi to the airport.

after taking her luggage and her ticket, lin sisi turned around and said, " dad, you should go back quickly. the car is still waiting. "

Mr. Lin looked at his younger daughter and didn't say anything. He just reached out and stroked her. "hurry up and go to the security check, don't be late."

lin sisi grunted in acknowledgment and only entered after he left.

Only an hour later, the plane landed in C city. The production team had already sent a car to pick them up and they checked into the MG hotel in C city.

At 11 p.m., Lin sisi couldn't sleep either. She had to read the script because she had to film tomorrow.

It was from a well-known watch brand, and her partner was either a well-known male star in the industry or an artist. More importantly, he was single, so she felt the least pressure acting with such a partner. A little scandal could only be hyped up, and there would be no negative impact.

She leaned against the headboard alone, reading the difficult script.

her success and popularity were not only due to her talent, but also the hard work she had put in.

she used to be a rice weeper, but when she left that person, she told herself that she was no longer qualified to be a rice weeper. she could only rely on herself.

Gu ze could give up on her, but she could not give up on her parents.

she tried her best to live, even if it was only a small amount of happiness, she would try her best to live.

At two O'clock in the night, she finally put down the script in her hand, took a shower, and went to sleep.

however, how could he fall asleep? this was C city, and it was filled with a familiar smell.

It was familiar and painful.

of course, she couldn't sleep. when she really fell asleep, it was four in the morning. however, she had to leave for the filming location at six to do her makeup. at five fifty, she woke up on time. when she sat up, she heard a knock on the door.

she knew it was little red, so she yawned and went to open the door.

The door opened and she was stunned.

It wasn't Xiao Hong, but Yingying.

lin sisi's face was pale, and she softly spat out two words, "Auntie?"

the woman in front of her was wearing a cleaning uniform. she was the auntie who had taken care of her in C city.

Auntie's daughter is overseas, so why is Auntie here working?

Chapter 3139: meeting in pain in C city (3)

the auntie also recognized her and was stunned for a long time. then, hot tears fell unexpectedly.

Lin sisi was stunned and quickly asked, "aunty, what's wrong?" What happened?"

auntie li wiped her tears. " nothing happened. i'm just happy to see you like this. "

lin sisi knew that it wasn't that simple. the auntie had a good personality and was very capable. if it wasn't for the incident, she wouldn't have come to the hotel to be a cleaner. she remembered that the auntie had always told her that her daughter was doing well overseas.

Thinking of this, she looked around and pulled Auntie li into the room.

It was obvious that the Auntie was still a little restrained and did not say anything for a long time.

...

lin sisi sighed. "aunty, don't hide anything from me. although i'm not that great now, i can still help you with some things."

the auntie sighed softly. sadness welled up in her heart, and her voice was choked."Sisi, I'm too embarrassed to say it."

Lin sisi helped her sit down and took her cleaning tools to the side. Then, she personally poured a glass of warm water and said, "drink some water and talk slowly."

The helper held the cup of water and looked a little dazed.

after a long time, the auntie said in a trembling voice, " " they said that my daughter killed someone in the United States and locked her up in prison, but i know my daughter the best. she can't even bear to kill a chicken, how can she bear to kill someone? "

As she spoke, she couldn't help but burst into tears. Yingying was originally from a good family. She wasn't rich, but her child was promising. She also had a pension. She was originally in a harmonious and beautiful family. How did she know that the sky would collapse all of a sudden?

as the auntie cried, sisi kept patting her back and comforting her.

The Auntie finally stopped crying and continued, my old man and I sold our house to hire a good lawyer to fight our daughter's case, but that was in the United States. Those lawyers worked by the second. In the end, we spent millions of dollars and only hired a scammer.

Lin sisi was also feeling rather sad. She let out a long sigh."auntie, i can hire a lawyer for you. don't cry."

she comforted her gently and helped to wipe her tears. in her daze, the auntie was like a daughter by her side. she couldn't help but cry in sisi's arms.

Lin sisi could empathize with her feelings. Back then, she and sister Chenchen were also in the United States and were bullied by others. They had so much helplessness and pain.

She had never regretted it.

sister chenzhen was doing this for the life and death of so many people, and she was doing this for sister chenzhen. there was nothing to regret.

Now that her daughter was in prison overseas, she must be as sad and anxious as her mother.

She gently stroked the auntie's white hair and said in a soft voice, "Auntie, don't worry. I'll be shooting a commercial for the next two days. You can quit your job here first and come back to city H with me. I'll find a good lawyer. Let's not fight foreigners. We'll find a famous lawyer. I'll take you to the United States To fight a lawsuit.

The auntie's body trembled.

After more than half a year, she thought that she and her daughter would be separated by heaven and earth. How could she have known that there would still be a glimmer of hope?

she was stunned for a long time before she said in a trembling voice,"sisi, are you serious?"

Then, she was at a loss as she stroked her hair. "But I'm Yingluo."

Lin sisi knew her difficulties and said softly, "Auntie, don't worry about the money. I'm here."

Chapter 3140: meeting in pain in C city (4)

the helper was excited again, but she still felt uneasy. although she had taken care of sisi for a few months, that was because she had received money from mr. gu for her work. how could she accept such a big favor?

Although she was extremely eager, she still said in a trembling voice, "this isn't very appropriate, and we don't have the ability to pay back.

she had gone to see her daughter. although she was still in good health, xuxu was crippled.

After squatting inside for half a year, his entire body was deformed, and it would probably be difficult for him to stand up again.

therefore, auntie li's voice trembled as she rejected the offer, " "i'll think of another way."

"auntie, what can you do?" lin sisi muttered, "if you could, you wouldn't be here." this is offensive, but it's the truth."

...

the helper was sad, but she couldn't help but have hope.

At this moment, the door opened with a bang, and Xiao Hong's voice was heard. "sisi, are you up yet?"

as soon as she finished speaking, little red, who was standing at the door, opened her mouth in surprise.

W-who was this?

lin sisi knew what she was thinking. she stood up and said, " " she's a distant relative of mine. i'll be shooting a commercial later. take her to the hotel to resign and help her tidy up. she'll stay at my place tonight. i'll take her back to city H after the commercial is over. "

Xiaohong was still in a daze. After a while, she mumbled, " "Big sister Kuan told me not to let you bring too much luggage."

sisi liked to buy little things. every time she went out to film, she would take time to shop and bring back two big suitcases of things. sister kuan had told her about her wasteful habit, but she had no choice.

but this time, sisi wanted to bring back a person.

And it looked like trouble!

xiaohong coughed lightly. ” i’ll go ask sister kuan! ”

As he said this, he wanted to leave.

“stop!” “Xiaohong, if you dare to tell big sister Kuan, I’ll fire you immediately,” Lin sisi said in a stern voice.

Xiaohong stopped and turned around with a bitter expression. “sisi, you’re going to get me scolded by sister kuan.”

“If you tell her, I’ll scold you to death. Choose one!” Lin sisi threatened.

xiao hong’s face was bitter as he glared at her. after a long while, he finally said, ” “There will be no next time!”

lin sisi laughed and said,”good girl, give me a kiss!” i’ll treat you to some skewers tonight.”

xiao hong rolled her eyes,”can i choose the main course?” It’s skewers every time, worthless skewers.”

“If you work hard, you’ll get a good meal.” Lin sisi walked over and knocked her on the head. “Remember not to tell sister Kuan about this. Also, help me adjust my schedule secretly. After this commercial is done, I don’t want to have any work for the next three months.”

As soon as he finished speaking, Xiao Hong cried out, ” “Three months!”

She poked Lin sisi with her finger. do you know how long the entertainment industry can last? how dare you not start work for three months? are you thinking of quitting the entertainment industry? ”

“It’s not a pity if you’re not famous.” Lin sisi shrugged.

Xiaohong was stunned at first, then her eyes turned red. “It’s easy for you to say that. Don’t you need money? “Also, you quit just because you want to. What do you take us for? don’t you have any feelings for us? You’re right, Lin sisi, you’re an ingrate.”

Lin sisi blinked. but I know that you're the softest, little red.

little red had been in this circle for a long time and was particularly accurate in judging people and things. at this time, she said something from the bottom of her heart, " " sisi, at most a month, but not too long. you'll need to work. "
