

## Thank you 3151

Chapter 3151: gu ze, i want to be with her (4)

On the other hand, Lin sisi was worried about Auntie li and went back to the hotel first.

xiaohong did her best to arrange everything. not only did she quit her job, but she also moved her luggage over.

When Lin sisi went back, the Auntie was sitting down, and Xiao Hong was chatting with her. There were two sets of refreshments in front of her.

lin sisi was touched by xiao hong's actions. back then, xiao hong had done a great job with sister chenzhen. in fact, it didn't have to be with lin sisi. lin sisi knew that xiao hong was only taking care of her because of sister chenzhen's favor. xiao hong had indeed taken care of her a lot over the past few years. if it weren't for xiao hong, lin sisi wouldn't have had such an easy time in this industry.

although one's background was one thing, one had to have a reliable person by one's side. last time, she almost suffered a big loss when xiao hong was not around. fortunately, she met gu ze later.

Fortunately-?

...

lin sisi was in a daze for a moment. she felt that she must be crazy to actually use such a word.

after a long time, she smiled and sat down beside xiao hong.

why are you back so early? ” Xiaohong smiled. I just started chatting with Auntie.

lin sisi sat down and looked at the auntie, her gaze a little straight.

however, the auntie misunderstood. she lowered her head and said softly, ” “sisi is in a difficult position. should i talk to the manager before i go to work?”

she wanted to get up, but Lin Sisi immediately held her hand down and said hoarsely, "Auntie, that's not what you meant. It's my own business."

When the auntie heard this, she was stunned for a moment before her eyes turned red. After hesitating for a while, she still asked, "Did you meet Sir?"

It had to be said that only this auntie knew about Gu Ze and Lin Sisi's past the best. Only she could guess Lin Sisi's emotional changes.

As soon as she said that, Lin Sisi slowly nodded. "Yes, I saw it. Unfortunately, the production team borrowed the villa we used to live in, and we just happened to meet."

She didn't tell him the details, and she didn't have the courage to.

The helper saw that although she was calm, she was actually very sad and felt a little sad.

For a time, there was a long silence.

After a long time, Lin Sisi smiled. "It's fine now. I've borrowed Lan Yu's Villa, and we can start shooting tomorrow. We probably won't meet again in the future!"

Xiao Hong's eyes were fixed on her. After a moment, she whispered, "You said this yourself. In the future, you should avoid him in City H!"

She didn't know what was wrong with her, but she actually said, "Sisi, maybe you can quit the entertainment industry and go to A City to spend time with your parents. Or you can find a man and marry him. Find an old man who loves you and try your best to live a good life so that everyone will be jealous."

Little Red's eyes lit up as she spoke.

She had been with Lin Sisi for a long time. She had seen her crying and angry, but she had never seen her so dejected.

The Auntie could tell, but she didn't dare to say it.

Lin sisi forced a smile. really, I'm fine. It's all in the past.

she stretched her back. " although i'm a little uncomfortable in there, it's still a place i've lived in. "

"Actually, it's not a loss," she said in a low voice."I still have a tomb there. At the end of the day, I still have a mansion there. Although I can't live here."

She said it with a smile, but it was uglier than crying.

The auntie's face suddenly changed.

Chapter 3152: Gu ze, I want to be with her 5

"You said there's a grave there?" she asked slowly.

"Yes," Lin sisi replied,"it's mine, but it's not mine either."

"it's my past!" she sighed softly.

The Auntie was silent for a moment before she whispered, " "do you want to know what's buried inside?"

lin sisi looked at the auntie and didn't say anything.

The auntie's expression seemed to have fallen into some kind of memory. After a long silence, she said softly, " "It's a sweater. Sisi, you knitted it yourself. That night, Sir buried it himself and sat in the backyard for the whole night. He later asked me to stay there and take care of it, saying that you would come back, but I, Wanwan, didn't see you. Sisi, Sir loved you back then."

...

Lin sisi's heart stirred, and her nose turned slightly red.

Her dark jade-like eyes seemed to have frozen, and she was stunned for a long time before she squeezed out a smile. "He doesn't love me. He loves that little fool from the past."

he paused for a moment before he continued. " little fool is no longer there. he naturally won't stay there. no one will go back. "

Although the helper was worried about her daughter, sisi was also a different matter on her mind, so she sighed again, feeling a little melancholic.

Lin sisi didn't want her to worry about her, so she perked up. Auntie, I'll take you out with Xiao Hong tonight. As for the lawyer, I've already asked someone to keep an eye on him. We must find the most suitable lawyer to handle this case.

"no matter what, i have to finish shooting this commercial in two days," she said in a low voice.

Of course, the Auntie could understand. She had taken care of sisi in the past and knew that she had a good heart. Although she was normal now, in the auntie's heart, sisi was still a weak and small child who needed protection.

now, looking at her like this, he was gratified and his heart ached. in short, he had a mix of feelings.

little red was a little touched. if it was in the past, sisi might not have been willing to continue filming this commercial. the pay was only four to five million yuan and the penalty for breach of contract was not that big. it was not that sisi could not afford to pay for it and it was not that KING entertainment could not afford to offend people. however, it was obvious that sisi had cried and insisted on finishing the shoot. she was really doing it for the auntie in front of her.

she then thought of sisi saying that gu ze liked the little fool from the past and was very dissatisfied with gu ze.

perhaps the current sisi was carrying a lot of things on her back and was no longer able to relieve master gu's boredom like the little fool in the past. however, the current sisi was so good that if he didn't like her, there would naturally be someone else who would like her.

Just as she was thinking about this, Lin sisi's phone rang. Seeing that it was an unfamiliar number, she thought for a moment and answered, "I'm Lin sisi."

"sisi," the voice on the other end was strangely familiar."it's me."

Lin sisi had not come back to her senses. She asked in embarrassment, "may i ask who you are?"

"old bai!" "How could you forget about it so quickly?" the voice on the other end had a hint of laughter.

She felt a little uncomfortable. He had helped her a lot today, but she had forgotten about him the moment she turned around. So, she apologized, "I'm sorry!"

"What's the matter?" he asked after a pause.

"Old Cheng said he was going to eat skewers this morning, are you coming out?" Ye mu Bai said very naturally.

Lin sisi thought for a moment and whispered, "i have a friend here."

"i'll just bring them over!" ye mu bai was very resourceful. "i heard from xiao hong that one of your friends is in urgent need of a lawyer. you have to let me meet her. my brother's name is ye mu lin. "

Chapter 3153: Gu ze, I want to be with her 6

Lin sisi was a little curious as to why he would use his brother's name. However, she suddenly recalled that ye mu, Lin Junjun, was the most famous lawyer in B city.

She had wanted to refuse, but when she saw Auntie li, she changed her mind.”Alright, see you later.”

ye mu bai was naturally very gentlemanly.”don’t drive later, i’ll take you there.”

lin sisi also agreed. this was someone’s good intention, so she couldn’t possibly reject it.

she put down the phone and smiled. ” i’ve found a lawyer by accident. he’s ye mu bai’s brother. what a coincidence. ”

xiao hong was stunned. ” he’s the best lawyer in B city. i heard that lawsuits are done in seconds. ”

...

Lin sisi was afraid that the Auntie would overthink, so she comforted her. “acquaintances will get a discount.”

Although she said that, the Auntie was clear in her heart. She felt that she had dragged sisi down and was a little regretful.

in the end, it was xiaohong who persuaded her. ” you used to take care of her, so it’s only right for her to do something for you now. if she doesn’t care about you, then she’ll be uneasy. ” Let’s go, Auntie. Relax and have a meal. We’ll be back in two days. I’m sure we’ll be able to solve your daughter’s case. In the future, we’ll be able to do well in United States.”

Auntie li smiled helplessly,”if she could get out, why would we let her stay in United States?” I now know that no matter how good the outside world is, it’s not as good as home. If something happens outside, there’s no one to talk to, and it’s hard to move.”

Xiaohong nodded. that’s true. But now that we have sisi and a lot of other people to help us, we’ll definitely be able to save auntie’s daughter.

The Auntie was relieved and followed them to the parking lot in front of the hotel.

At first, Lin sisi and the others thought that they would take the production team's car, but to their surprise, ye mu Bai drove a black Maybach. When they came out, he was sitting in the front smoking. The car window was rolled down, and a gentle and good-looking face was revealed.

Xiao Hong pulled Lin sisi and coughed lightly. I think this person is interested in you. You're dressed up so exquisitely in the middle of the night and driving such a flashy car. I don't believe that there's nothing wrong with you.

lin sisi looked at her. " don't talk nonsense. how can that be possible? he's the best actor. "

"The Best Actor is not the Emperor. Is the Best Actor not a man who doesn't need a woman? a fan can be his wife?" xiao hong rolled her eyes at her and said,"think about it, why is she so enthusiastic about auntie li's matter?" He has only met you for a day."

the more xiao hong spoke, the more likely she felt that this was the case. then, she looked at lin sisi warily. you can do whatever you want with this guy, but don't try anything funny. Otherwise, his fans will tear you apart.

as she said that, she gestured with her hands. " 80 million fans. it's not a joke. a mouthful of saliva from each of them can drown you. "

lin sisi was a little lazy. " there are so many people that i can't even stand all over B city. how can they all vomit on me! "

"You're so naughty!" Although Xiao Hong was an assistant, she was still very fierce. I've already told you not to mess with this old man who has never been in love! This kind of old man is so coquettish, you won't be able to get rid of him."

" i'll just deal with it for a while, " lin sisi said softly. " we won't see each other again after auntie's case is over. what do you think? "

"You're not sleeping?" Xiao Hong's eyes were fixed on ye mu Bai. Then, she said in a low voice, " If you really want to sleep with him, just sleep with him for a while. But don't sleep with him too many times. It's very troublesome to develop feelings after sleeping with him."

## Chapter 3154: gu ze, i want to be with her 7

Lin sisi smacked her on the back. bah, bah, bah. You're the one drooling over him and want to sleep with him, right? "

xiaohong chuckled,"you saw through me." Actually, I'm also one of his 80 million fans, and 60% of them want to sleep with him. The rest are either underage or have gone through menopause."

Lin sisi laughed at her words, but she couldn't be bothered to argue with her. She only gave her a warning look.

The three of them went over together, and ye mu Bai even got out of the car to personally open the door for the three ladies.

The Auntie was very restrained, but ye mu Bai was obviously very good at interacting with the old Auntie. His performance was remarkable and he did not put on any airs at all, which made the auntie's heart instantly relax.

xiao hong glanced at lin sisi thoughtfully, then sat in the back seat. " "it's too crowded for three people to sit in the back. sisi, you can sit in front."

...

in front of ye mu bai, lin sisi couldn't argue with her. so, when she walked to the front and wanted to open the door, ye mu bai had already opened the door for her. he even had one hand on the roof of the car to prevent her from hitting her head.

such consideration was very gentlemanly.

Lin sisi smiled at him and got into the car.

Ye mu Bai also went around and buckled his seat belt. He took the initiative to say, " old Cheng is already there. When he heard that you guys were coming, he called the entire crew over.

lin sisi knew in her heart that he had made such an arrangement because he was afraid that auntie would feel uncomfortable, so he might as well organize a group activity. she was a little touched.

To be honest, it was rare for someone of ye mu Bai's status to receive them personally.

she was not a fool. ye mu bai was filming a commercial by himself and drove a luxury car with the number ending with 88. it was impossible for him to not have a family background. moreover, he was so close to gu ze.

when lin sisi thought of this name, she was in a daze again. she lowered her eyes and didn't say anything.

Lao Bai, on the other hand, was focused on driving. When he reached the red light, he took out a cigarette and asked casually, "why didn't you make a sound along the way?"

Although he asked in a normal tone, his tone revealed that he was close to her, like a couple.

xiaohong was calculating in the back seat. the auntie was already frightened and whispered, "is this sisi's boyfriend?"

Xiao Hong pondered for a moment before she leaned over and said in a voice that only she, the Auntie, and ye mu Bai could hear, "He's currently chasing after sisi."

"oh," the auntie replied,"he's indeed very attentive."

this kind of kindness was different from the kind of kindness mr. gu had shown to sisi. this kind of kindness was the kind of kindness that made people happy physically and mentally. in fact, mr. gu had been very kind to sisi in the past, but he had urged her to wait for a longer time.

Often, she would repeat a simple thing a few hundred times when she was alone at home, because it would kill time.

Every time Mr. Gu came to the villa, he could make sisi happy for a few days, but she usually had to wait for another ten days, or even a month.

The helper thought about it and felt that sisi was doing quite well. At least she didn't need to stay with anyone anymore. At least she wouldn't run downstairs barefooted at night and say in an excited voice, "Is Gu ze here?"

when she heard that it wasn't the case, there would be disappointment in her eyes, and then she would slowly walk upstairs. after two steps, she would turn around and ask aggrievedly, "Is it really not him? i clearly heard the sound of his car."

the auntie thought that no one would go to that villa in the middle of the night anymore, and there would no longer be a little fool waiting for mr. gu there.

she couldn't say who was more pitiful.

Because they couldn't wait for each other.

Chapter 3155: gu ze, i want to be with her 8

lin sisi did not hear xiao hong's words, but ye mu bai did.

He smiled and suddenly said, "What do you think?"

lin sisi, who was at the side, thought that he was asking her. she was a little dazed for a moment. "what?"

The corners of ye mu Bai's lips curled up into an extremely charming smile. I'm asking your cute assistant.

"i don't think so!" xiaohong said with a fake smile.

"Is that so?" Ye mu Bai was still smiling. but I want to try.

...

“are you serious?” Xiao Hong frowned.

“Yes, I’m serious!” Ye mu Bai smoked another cigarette.

Although he was very gentlemanly, he was actually a heavy smoker. Anyone would have noticed it, but he did not mind rolling down the window and smoking.

after driving for about ten minutes, they arrived at a very famous barbeque restaurant in C city. it claimed that the meat was imported from abroad and tasted excellent.

Lin sisi and Xiao Hong had just gotten out of the car when they heard director Cheng talking to the production crew, ” ” old bai is treating today. eat as much as you want. don’t save money for old bai. ”

after she finished speaking, she looked at them and smiled. she walked over and glanced at the auntie. ” this must be sisi’s auntie. my surname is cheng. today, i’m going to have some fun with us uncouth old men. ”

the helper was also a decent person. she nodded and said some polite words. she knew that the man who drove decently did not say anything about her. she also knew that it was better not to mention this tonight. they were having a good dinner together. it was not appropriate for her to mention this.

Just as she was thinking about this, ye mu Bai placed his hand on the auntie’s shoulder and patted it gently. He then whispered, ” “i’ll bring you to my brother’s law firm when we return to B city in a few days.”

The helper was touched, but she couldn’t show it on such an occasion, so she nodded.

Next, it was time for everyone to joke around. Director Cheng was very good at creating an atmosphere, and he also knew what Lao Bai was thinking. Hence, the topic of conversation was very directed towards Lao Bai. Ye mu Bai only smiled with a cigarette between his fingers, looking like he had a good temper.

Cheng Zhou wanted to laugh.

how could lao bai's temper be that good when he came from such a family? however, his control over his temper was top-notch. to put it bluntly, he was living under a mask. it was just that no one knew if this was true or not.

While ye mu Bai was looking at old Cheng, he did not forget to take care of the few women. At the same time, he did not make them feel awkward, especially the Auntie. Even Xiao Hong was full of praise for him. Such a man was hard to find, and he was really good to sisi. Xiao Hong had been in the circle for so long, so she would not naively think that a man like ye mu Bai would be so kind to Auntie li, who she had only met once, and would even help her. He was so busy and did not have so much time. He just wanted to get close to sisi.

Ye Mubai's power lay in the fact that even though he clearly knew his thoughts and goals, he did it so well that it made people feel comfortable and they could not feel any disgust. It was probably because of ye Mubai's kind nature.

As Xiao Hong thought about this, she looked at sisi. She had some thoughts about the current situation. If ye mu Bai was serious, she might be able to accept it.

However, when she looked at Lin sisi, she saw that she was looking in a certain direction in a daze.

Xiao Hong looked over and her heart skipped a beat.

It was Gu ze!

the gu ze who drowned his sorrows with alcohol!

lin sisi looked at ye mu bai again and realized that he had also noticed yingluo.

Chapter 3156: gu ze, i want to be with her 9

Lin sisi looked at Gu ze. She watched as he poured a glass of beer and drank it. Then, he drank another glass.

He wasn't drinking, he was forcing himself.

Furthermore, Gu ze was drinking alone and did not notice that there were acquaintances here.

the auntie also saw it and exclaimed, "isn't that mr. gu?"

gu ze looked over and his eyes met lin sisi's.

At this moment, ye mu Bai placed a skewer of meat in front of Lin sisi and said considerately, "this skewer is well roasted."

...

lin sisi came back to her senses and looked at him in a hurry. "you saw it?"

"Yes, I saw it." "are you going to eat the skewers now?" ye mu bai looked at her.

lin sisi lowered her eyes and didn't say anything. she just silently took the food he brought for her and ate it in small bites.

Although it was a very normal action, and it was often the case between friends, everyone understood the meaning of an ex-wife accepting another man's good intentions in front of her ex-husband.

gu ze also understood. furthermore, lao bai had made his feelings clear to him today. if he did not have any plans to remarry, then lao bai would go after lin sisi.

As expected, he moved very quickly.

Gu ze looked at her. He wanted to look away, but his eyes were still on Lin sisi's body and even her lips.

she ate quietly and did not appear to be too close to old white, but he felt that she was already very close.

Gu ze laughed at himself, "what's there to care about? she's not that person. Old white is chasing someone else."

If it was the same, it would only be the body she had once used.

Gu ze stopped looking and continued to drink his wine. Ye mu Bai walked over and said a few words to him.

They were people who knew each other and didn't interfere with each other's business, but they suddenly started fighting.

the one who made the first move was gu ze.

ye mu bai took a few steps back after being punched. he wiped the blood from the corner of his lips in the night wind and sneered. "are you feeling uncomfortable? If you're not feeling well, then come and beat me up. I'll stay here and you can beat me until I can't get up. If you break all my bones, I won't bother her anymore!"

Gu ze stood in the strong night wind. His thin clothes were blowing in the wind, and he looked cold.

"old bai, do you know what you're talking about?" he sneered.

Ye mu Bai was still calm as he put one hand in his pocket. Gu ze, you're f \* cking sick in the heart! If you let go of her, don't drink like this. Also, do you think that she and your wife are not the same person?"

Ye mu Bai laughed coldly. just because she's no longer stupid, just because she's back to normal, you feel that she's not alone. In fact, you're afraid that she won't love you anymore! You said that you're not the same person. Then let me ask you, was this the body you were carrying before?"

In the end, his voice was almost like a low roar.

this was also something lao bai did not want to admit, but he had to wake gu ze up. even if it was for the sake of having another opponent, he did not want this guy to suddenly come around after he finally managed to get sisi.

It was better to wake him up now!

lin sisi's face turned pale when she heard ye mu bai's words.

She gently walked to his side, pulled on his sleeve, and whispered, "don't say anymore, just take it as leaving me some face, okay?"

She looked up with tears in her eyes. I still want to be in this industry in the future.

Chapter 3157: gu ze, i want to be with her 9

Ye mu Bai retracted his gaze and looked at her small face.

his adam's apple moved slightly and he smiled bitterly. "i'm sorry! I was too impulsive."

lin sisi only smiled. "i know you didn't do it on purpose. "

she had never thought that ye mubai would know so much about her and gu ze's past. however, she understood that he must be asking about qin chen.

Qin Chen and Lao Bai had a good relationship.

however, ye mu bai's gaze was fixed on her small face. he slowly said, "I asked him just now. If he didn't answer, does it mean that he has given up? does it mean that I can pursue you?"

...

Although Lin sisi was touched, she never thought that he would say such things in front of Gu ze.

moreover, she had never thought that she would end up with a man like ye mu bai. it was not that he was bad, but he was too good.

he had no scandals and liked small animals. he was a mysterious and warm man, while she was full of wounds.

she said ‘no’ softly, but before she could make a sound, old white kissed her on the lips.

There was a faint smell of tobacco on his lips. It was a unique smell of a man, and it infected her nerves again and again.

She felt a little numb, a little drunk, and even more at a loss.

she did not know if this was because of ye mu bai or because of gu ze who was just a few steps away. she only felt old white holding her waist and slowly pulling her into his arms.

their bodies were pressed against each other, and they couldn’t be more intimate. however, in the eyes of the other man, it was like a cold wind that pierced his bones.

gu ze stood there the whole time, watching her in someone else’s arms, watching her being kissed.

his fingers clenched and loosened, and then clenched again. finally, he took two steps back, sneered, and left without looking back, disappearing into the night.

ye mubai let go of lin sisi and said in a hoarse voice, ” “i’m sorry!”

Lin sisi was a little embarrassed. She took two steps back and her gaze fell on Gu ze’s back.

“you still love him!” lao bai said indifferently. then, he took out a cigarette and looked at her while smoking.

his gaze was very gentle, not as aggressive as before.

Lin sisi wiped her lower lip. why did you kiss me? ”

“The final confirmation.” “If you mind, I’ll apologize,” ye mu Bai smiled.

Lin sisi didn’t say anything else and just sat back down. Her gaze fell on where Gu ze was sitting just now, and then she walked over and sat down like him.

There were many skewers in front of him, all of which were little fool’s favorite. There was even a roasted squab.

Lin sisi looked at him and smiled bitterly.

Ye mu Bai, who was standing behind her, heard her say in a low voice, ” ye mu Bai only likes the person who has lost her memory. I’m not her.

after she finished speaking, she left her seat and returned to her original seat.

that night, lin sisi drank a lot of alcohol and was almost completely drunk.

After that, she cried and lay on the table, saying, ” “i’m not her.”

Xiao Hong’s eyes reddened and the auntie’s heart was about to break.

ye mu bai accompanied her the entire time. he listened to her talk and saw her cry. perhaps she had suppressed herself for too long, or perhaps it was because gu ze did not want her again today.

Gu ze just watched him kiss Lin sisi without any movement.

however, as a man, ye mu bai could tell that gu ze was not indifferent. in fact, he cared a lot about it.

## Chapter 3158: do you still want me?(1)

however, people were often like that. the more they cared about someone, the more they would walk into a wrong area, or put themselves in a comfortable area and not want to come out.

because it was safe.

In the end, it was ye mu Bai who carried Lin sisi into the car. The Auntie in the back seat had been taking care of sisi and would occasionally carry her.

Hugging her like this was like going back to the past. Sisi was always lying on her knees, her sharp little chin on her lap, and she happily asked, Auntie, Gu ze said he'll be back today. What time will he be back? "

mr. gu's car didn't come back, so the little fool kept asking.

At that time, although she was silly, it was a wonderful feeling. There was only one such little fool in the world who only thought of one person. No wonder Mr. Gu couldn't forget her.

...

the auntie sighed.

Ye mu Bai, who was in front, would occasionally look at sisi, who was in the back seat. He understood that he had been selfish tonight.

gu ze and lin sisi were not completely unrelated. both of them still hated each other.

if there was hate, it meant that she had not forgotten that love.

and tonight, he personally forced gu ze to let go. or rather, he gave up on this 'body' of lin sisi. he kissed lin sisi in front of gu ze and used gu ze's self-esteem to bet that he would let go.

Everything went as he wished, but he saw Lin sisi's pain.

ye mu bai smiled faintly, 'do they really hate each other? they loved each other, but they didn't know what reason to be together.

He walked Lin sisi all the way to the hotel suite before leaving.

when he went out, he smoked a cigarette, thinking that he was probably not the only one who had trouble sleeping tonight.

In the suite, Lin sisi vomited a few times because of the discomfort. Her stomach was extremely uncomfortable, but her mind was getting clearer and clearer.

she leaned over the basin and washed her face before her body slowly slid down.

the auntie was taking care of her at the side. she looked at the auntie and reached out to hold her hand gently. "i'm fine. auntie, you should go to bed first."

How could Auntie li be at ease? she stayed by her side until one or two O'clock in the night before she went to sleep.

there were two rooms in this suite, and lin sisi was staying in one.

She was still awake even in the middle of the night. Her head hurt, but she was very clear-headed.

Her mind was filled with the roast squab.

She sat up and looked out of the window. Suddenly, she had an impulse.

Half an hour later, a taxi stopped in front of a villa.

she jumped out of the car and ran to the guard to knock on the door. the guard's expression was a little complicated when he saw her.

“Is Gu ze here?” Lin sisi asked anxiously.

The Guard’s expression was even more complicated. After a long time, he said softly, ” “Mr. Gu was in a car accident.”

car accident?

Lin sisi’s face turned pale. how’s ran ran? ” she asked.

” i don’t know the situation, but he’s in this hospital. ” the security guard hesitated for a moment before giving her the address.

lin sisi took a look and immediately jumped into the taxi from before. ” “let’s go there.”

The taxi driver looked at her anxious little face, and they were going to the hospital. He couldn’t help but ask in concern, ” “Is this your boyfriend?”

lin sisi looked up, her eyes clear and bright in the rearview mirror. after a long time, she whispered, ” “it’s my ex-husband.”

The chauffeur felt a little uncomfortable and said, ” “You guys must be preparing to remarry.”

“no, we, hate each other.” “We agreed to never see each other again.” Lin sisi lowered her eyes.

the driver didn’t dare to make another sound.

Sigh, happiness was never a story, it was misfortune.

Chapter 3159: do you still want me? 2

by the time lin sisi arrived at the hospital, it was already late at night. even a place like the hospital was silent, with only a few nurses on night duty walking around occasionally.

homesick.

Lin sisi had never thought that when she got close to someone, she would be so restrained.

she asked the front desk if there was an emergency patient named gu ze. the nurse at the front desk saw her anxious face and quickly checked for her. then, the nurse exaggeratedly heaved a sigh of relief. "there is such a patient, but it's not serious. he just grazed his arm. he can be discharged tomorrow morning."

"Which Ward is he in?" Lin sisi's fingers were on the front desk as she bit her lower lip.

the nurse smiled and told her the room number. "it's a VIP room."

...

Just as she finished speaking, Lin sisi had already run towards the elevator. The red letters of the elevator lit up one by one, and Lin sisi's heart was inexplicably nervous.

Would he be surprised to see her or say something unpleasant?

however, even if he said some unpleasant things, she still wanted to see him.

Immediately, immediately.

Therefore, that short minute became extremely difficult to endure. Lin sisi had been waiting for the number to pass. She had been waiting.

When the red number jumped to the eighth floor, she immediately walked out of the elevator and headed to the ward.

the door was ajar, and her fingers fell on it hesitantly. however, she only hesitated for a few seconds before she knocked on the door. probably afraid of being rejected, she pushed the door open without waiting for a sound from inside.

The huge Ward was quiet. There was only a nurse helping Gu ze bandage the wound on his hand. Her movements were very gentle, afraid of hurting the noble patient.

however, the sound of lin sisi opening the door startled the nurse. the nurse's hand trembled, and gu ze was in pain.

gu ze let out a muffled groan. the nurse quickly apologized, "I'm sorry, Mr. Gu."

Gu ze said that he was fine, and then his gaze fell on Lin sisi, who was at the door.

lin sisi's heart was slightly breathless, and her eyes were fixed on him, a touch of eagerness hidden in them.

however, his eyes were cold, the exact opposite of hers.

she was frozen, but she still clenched her hands and said in a soft voice, "i want to talk to you,"

gu ze's eyes paused. he then looked at the nurse and ordered, "you can leave first."

the nurse was also stunned. "but mr. gu, your wound needs to be bandaged. "

"I'll call you back later!" gu ze's tone became even calmer. the nurse did not dare to stay any longer. when she went out, she glanced at lin sisi.

lin sisi made way for the nurse to leave, but she still stood at the door and looked at him.

gu ze raised his hand and looked at his wound. "didn't you have something to say? "

her chest heaved up and down even faster. her face was so fair that it was almost transparent under the light, and her eyes were dark and bright.

she took a step forward and mumbled, ” “I saw you ordering roast squab, and I also saw the memorial tablet in the back yard. Gu ze was stunned.”

“Get to the main point.” His tone was very calm, and his black eyes stared at her small face as if he could see through her heart.

Lin sisi was frozen by his coldness, and the words she wanted to say were stuck in her throat.

she wanted to turn around and leave, but she was not willing to give up. today’s discovery drove her to try.

“Gu ze, I want to ask Yingluo if you still want me?” after she finished speaking, her eyes were covered with a layer of moisture. her thin fingers twisted together, and her expression hid her uneasiness.

Chapter 3160: Do you still want me?(3)

Gu ze was still calm. His gaze fell on her finger. Of course, he also saw that she was missing a little finger.

Then, he slowly shifted his gaze to her small face and smiled faintly. “miss lin, you might have misunderstood!”

lin sisi’s face was as pale as snow.

Gu ze smiled slightly, but that smile was like a blunt knife that could kill. everything that happened to me has nothing to do with you, let alone whether I want you to be so intimate with me. If I have to take responsibility for what happened that night, then the men who should be responsible for miss Lin would probably have to queue up. Furthermore, I have a fiancée.

As he spoke, he stared at the hurt in her eyes and his voice became gentler.”wenxin is here. i don’t want her to misunderstand.”

Lin sisi stood there, enduring the greatest humiliation of her life.

...

She didn't know why she was still standing there. She only knew that she couldn't move an inch.

She also knew that if she left now, she and Gu ze might never have a chance again, so she held back her anger and took a step forward. She said in a very soft voice, "I know you're angry, but can't you let me finish Yingluo?"

"say no more." the scene of her kissing ye mu bai appeared in gu ze's mind. "We've never crossed paths before, let alone in the future."

"There's nothing between me and him," Lin sisi said, pursing her lips.

"it doesn't matter if there's anything. what's important is that i, gu ze, don't like someone with miss lin's status. i didn't like her in the past, and i won't like her in the future. leave and don't come back. i won't see you either." gu ze's tone was very cold.

lin sisi stood there without moving. the blood in her body had almost frozen, and she could not move at all.

As for Gu ze, he no longer looked at her. He just slowly leaned against the bed and casually flipped through a medical magazine.

Lin sisi's soft voice sounded in his ear. "are you sure? you're sure you want me to leave, and you're sure i'll be with someone else in the future?"

Gu ze snorted coldly as a silent agreement.

there was another gasp in her ear. she seemed to be crying.

He finally looked up at her.

Lin sisi's eyes were a little red. She put her hand on the armrest and stared at him. so, you don't want me anymore, do you? "

she was so stubborn as if she wanted an answer. gu ze gave her an answer. ” yes. ”

then, she heard the sound of her heart breaking. she lowered her head, but there was nothing there. only tears were falling.

“i know.” “Sorry to disturb you, Mr. Gu,” she said, her voice slightly choked.

she called him mr. gu and looked up at him one last time. ” i won’t look for you again in the future.  
”

After she finished speaking, she took a step back in a daze and accidentally stepped back against the door.

he hit the back of his head with a bang. it hurt a lot, but it was far from the feeling of heartache.

she had tasted this feeling a few years ago, and today, she had tasted it again.

Tears welled up in Lin sisi’s eyes. After a long time, she said in a low voice, ” “i should go.”

She was a little dejected. She turned around to open the door and leave, but his voice came from behind her. send her off.

she was stunned and turned around in shock. she saw that there was already someone standing by gu ze’s bed.

It was warm.

his fiancée.

as the fiancée of a big shot, wen xinya was obviously very tolerant of her fiancé’s ex-wife and the little vixen she had slept with recently. she said calmly, ” I’ll call the nurse over and take her down. Miss Lin looks like she’s in a mess. I don’t think she brought any money.
