

## Thank you 3241

Chapter 3241: gu ze, we can't go back to how we were 8

lin sisi lowered her head and repeated, "really, gu ze, i can stay with you for a few more days."

Gu ze looked at her, took a few steps back, and said in a cold voice, "Lin sisi, is this how you see yourself and how we are?"

He held her hand. did you think that you gave me eighty million Yuan to buy sex? "

lin sisi smiled bitterly and said,"isn't that so?" master gu, did you buy me for a month just to look at me and not sleep with me?"

Gu ze narrowed his eyes and stared at her. After a long time, he sneered."lin sisi, you're really good."

He took two steps back. didn't you say you wanted to stay with me for two more days? there's no need. Just stay with me once now because I'll be discharged soon. It's just for an hour. If you're willing, you can come to my Ward."

...

with that, he turned around and left.

lin sisi continued to stand there. after a long time, she quietly walked towards his ward.

after closing the door, he stood by the window of the ward and said in a hoarse and low voice, "Take off your clothes,"

Lin sisi's back was pressed against the door. She pursed her lips and looked at him with a look of despair. Then, she began to take off her clothes, piece by piece. She fell to the ground, and in the end, there was nothing.

The cool air made her pores tremble slightly. She was a little cold and hugged herself.”Gu ze, will this do?”

Gu ze turned his head and looked at her with slightly red eyes.

“lin sisi, i really want to strangle you,” he said hoarsely after a long time.

she didn’t make a sound and leaned against the door without moving, as if waiting for him to taste it.

Gu ze really came over. He hugged her, kissed her, and rubbed her a little angrily.

But in the end, he didn’t want her.

He let go of her body dejectedly and said in a sad voice, ” “Lin sisi, you should leave!”

She lowered her head and said “okay.”

Gu ze looked at her. How much he wanted to hug her in the past was how much he wanted to fight her to death now.

She really knew how to escape unscathed and how to make him let her go.

as she picked up the clothes and put them on with trembling hands, he suddenly asked softly, ” “Lin sisi, have you really never thought about turning back this past month? Have you never thought about living with me?”

“No,” she said softly, looking at him.

“not even once?” he closed his eyes slightly, his voice almost sighing.

“Yes, not even once.” Lin sisi bit her lip.

gu ze took a few steps back and walked to the window. he lit a cigarette and said, ” “You can leave! You can continue to live in the house, but I won’t move in. Just take it as a gift from me. ”

“No need,” Lin sisi’s voice was a little choked. and thank you, President Gu.

she had left with eighty million yuan and his heart.

gu ze felt that lin sisi’s heart must have been eaten by a dog. that was why she left without a conscience.

after that, when he went to the villa to take a look, she did not come back to stay and everything had been moved away.

in it, there were only some daily necessities that he had bought the other day and the condoms he had bought. there was only one box left.

he stood in the bedroom and looked at it for a long time before throwing it into the trash.

He knew that Lin sisi was not with ye mu Bai. She had probably put on an act for him at the hospital that day.

for some reason, gu ze would rather believe that it was true.

he went to work and got off work every day. he didn’t have time to get a girlfriend. in fact, it wasn’t that he didn’t have time. he just didn’t want to.

his parents had given him a lot of special targets, and he would go to take a look sometimes, but he had never met a suitable one.

Chapter 3242: Lin sisi, let me take care of you (1)

Perhaps in his heart, there was only one person to be his wife, but she didn’t want him.

this was what gu ze thought when he went on a blind date with a pretty good woman.

Smoking was not allowed in the elegant restaurant. He leaned lazily on the back of the chair and played with the lighter in his hand.

that pretty woman was an artist and had won a few grand prizes, but gu ze heard that she was bought with money.

however, regardless of whether he bought her or not, the woman in front of him was very good-looking and had a successful business.

however, he just couldn't bring himself to be interested. he just couldn't hold such a good woman in his arms.

...

The woman was talking while he looked around in boredom.

Suddenly, his gaze was attracted by a place.

it was lin sisi.

It was early autumn, and she was wearing a small black suit. Her straight black hair was slightly curled, and there was a small black hair clip in front of her forehead, making her look delicate and capable.

At this moment, she was sitting with a very decent-looking man, and they seemed to be discussing something.

gu ze's gaze was on her face the entire time as he watched her quietly.

The woman in front of him saw that he was a little distracted and couldn't help but call out to him, "gu ze?"

” oh? ” gu ze returned to his senses and smiled. ” continue. ”

However, after a while, he was distracted again and looked at Lin sisi again.

perhaps his gaze was too intense, lin sisi also noticed him.

she turned her head, her gaze falling on his face, and gave him a very faint smile.

gu ze made his decision and said to the woman opposite him, ” ” let’s meet again next time. i have a friend to say hello to. ”

the woman probably didn’t expect him to be so impolite. she quickly said in disappointment, ” “I can go with you.”

“It’s a female friend,” Gu ze gave her a very comforting smile.

the woman stopped talking because she knew that a man like gu ze needed a more obedient woman. if she disobeyed him, there would not be a next time.

however, she did not know that there was no next time for women who went on blind dates with gu ze.

After the woman left, Gu ze was still sitting there, only looking at Lin sisi.

She understood what he meant, so when she was done talking to him, she walked over, put her briefcase aside, and sat down. “a blind date?”

gu ze did not deny it.

“i’m here to discuss business and earn a living.” “you don’t mind treating me to desserts, do you?” lin sisi smiled.

Gu ze smiled and beckoned for the waiter to bring a serving. His gaze fell on her face again. “what are you doing now?”

Without waiting for her answer, he continued, ” “i heard from my secretary that you donated that 80 million to a children’s fund?”

the waiter brought the desserts over. lin sisi lowered her head and scooped a small spoonful. then, she smiled and said, ” yes, i’m showing my love to buy some peace of mind. ”

gu ze looked at her little face and then thought of their child. he muttered, ” “sisi, i’m very sorry for that child.”

“You didn’t know back then.” “It’s just that we’re not fated to be together,” Lin sisi said with a smile.

After that, she pursed her lips and didn’t want to talk about this anymore.

“You still haven’t told me what you’re doing?” gu ze said softly.

Oh, ” Lin sisi said in a low voice. I’m in the software industry. I guess that’s my old profession. Don’t ask me why I’m not in the entertainment industry anymore.

She looked up. Bai Sulli always gives me trouble. Do you think I can survive? ” she asked.

gu ze laughed. ” isn’t that good? this profession is better than the entertainment industry. you don’t have to drink with me every day. ”

“where? how can i not have to drink with you?” “master gu has never been at the bottom, so he doesn’t know how hard it is,” lin sisi said softly.

Chapter 3243: Lin sisi, let me take care of you (2)

” lin sisi, ” gu ze looked at her and suddenly said, ” if it’s hard on you and you need someone to take care of you, lin sisi, would you consider me? ”

Lin sisi looked at him and said in a very, very soft voice, ” Are you sure? ”

Gu ze pursed his lips and smiled.

Lin sisi also laughed and raised her eyebrows.”what do you want me to be? is she a mistress, your lover, or your wife?”

gu ze lit a cigarette and looked at her quietly. ” “that depends on what you think.”

at this moment, the waiter immediately came over and said with some difficulty, ” “mr. gu, this is the non-smoking area.”

...

Gu ze looked at him and put out the cigarette. He then looked at Lin sisi.”i’ll send you.”

“i’ll take a taxi myself.” lin sisi lowered her eyes.

gu ze didn’t say anything else. he held her hand and walked out.

“gu ze.” lin sisi called out his name, but he held her hand and led her out.

When they reached the parking lot outside, Gu ze opened the car door and sent her to the car before walking around.

he started the car and turned to look at her. ” you’re still living in that apartment? ” he asked.

lin sisi turned to him. ” you investigated me? ”

gu ze smiled and didn’t answer.

he started the car and continued driving until he reached her apartment. he stopped the car and looked at her. “aren’t you going to treat me to a glass of water?”

Lin sisi looked at him for a long time before sighing.”Gu ze, it’s really impossible between us.”

“at least let me see how you’re doing.” gu ze smiled.

“Which floor?” he asked.

This apartment was a six-story bungalow. The location was not bad, and it was not too old either. It was one of the better houses in B city, and Lin sisi was able to afford it.

lin sisi looked at him and pursed her lips, but she still followed him in.

“fifth floor.” lin sisi’s voice was very soft. ” i don’t have coffee at my place. ”

“Just plain water will do,” Gu ze said calmly.

Lin sisi glanced at him and pressed the elevator button.

Gu ze smiled and did not say anything.

when they arrived at her apartment, she closed the door. ” the place is a little small. sit down and i’ll get you a glass of water. ”

As soon as she finished speaking, her hand was grabbed by him, and then her body was pressed into his arms.

He did not say anything and lowered his head to kiss her.

It was a very, very deep kiss, the kind that seemed to be able to kiss the depths of her soul.

lin sisi almost couldn't stand still. she stumbled as he pressed her down onto the sofa. after he was done kissing her, lin sisi panted and asked, "what do you want?"

"lin sisi," gu ze looked down at her. "if i say that i want you to be my wife, would you be willing to?"

lin sisi lowered her eyes. "i've said it. it's impossible between us."

"why is it impossible? you're not with old bai!" He stared into her eyes, asking for an answer.

lin sisi's voice was very soft. "because there's no love left. gu ze, many things have worn out the love between us. i no longer have the strength to love anyone."

Gu ze stared at her.

lin sisi pursed her lips. "i'm fine now. i'm really fine being alone. gu ze, please let me go, really."

Gu ze's gaze was deep. Lin sisi, have you thought it through? there's no love now, but we can still go on. We still have a lifetime to love each other. If you're not sure, then I'll tell you that I love you!

She was stunned for a moment and looked at him in a daze.

Chapter 3244: lin sisi, let me take care of you (3)

this was a little different from what she had expected, because after leaving the hospital, he should have hated her.

could it be that after he found out that she wasn't with lao bai, he changed his mind and wanted to be with her again?

This was not the Gu ze she knew!

However, he looked so serious. When he said he would take care of her, she was really moved and wavered.

lin sisi pursed her lips and was about to speak when the apartment door opened. ye mu bai's voice came from outside."Sisi, you're back. I'm so tired I'm going to take a shower. Do you want to give me a massage?"

Lin sisi closed her eyes.

...

Old Bai!

Why was he here at this time?

Although he would occasionally come over to stay for a few days, didn't he just leave a few days ago?

The atmosphere was a little strange. She raised her head and looked at Gu ze, and Gu ze looked at ye mu Bai at the door.

ye mu bai looked at them with a confused expression.

However, he still took off his coat and walked in. it's Gu ze!

He stood beside Gu ze. what's going on between you and sisi? "

gu ze slowly let go of lin sisi and stood face to face with ye mu bai.

the two men looked at each other. lin sisi was still lying on the sofa, her chest rising and falling as she looked at them.

"lin sisi, i'm thinking too much," gu ze said softly after a long time.

his eyes stopped on her face, then he took his coat and walked out.

Lin sisi was lying down, but her eyes were still on his back. However, he did not turn back.

Lao Bai stood quietly and asked softly, "Did I come at the wrong time?"

Lin sisi shook her head and looked at old Bai. She sat up weakly. you're just in time. I was just wondering how to reject you.

Lao Bai looked at her. are you trying to reject me? "

"i didn't." Lin sisi laughed,"stop joking. Didn't you want to take a shower?" i'm going, but don't wear my slippers when you leave."

what kind of hobby did a man like to squeeze into her white, fluffy slippers have? was he still a young girl?

ye mu bai wanted to say something but stopped. in the end, he sighed."sisi, why don't we just make do with it!"

she glared at him,"are you itching for a beating again?" go take a shower, or i'll throw you out. you have no home to return to now, and i'm the only one who can take you in."

" the girls from five-star hotels are much cuter than you. maybe i can find someone to warm my bed with a few words. " Lao Bai snorted softly, but still obediently went to take a bath.

Lin sisi looked in old White's direction and was a little stunned.

She didn't know if she would regret not explaining to Gu ze today and not choosing him, but she didn't regret it at this moment.

The conflict between them would not disappear in a few months.

she walked to the balcony. from here, she could see the place where gu ze parked his car. she opened the blinds a little and saw gu ze standing beside the car. he seemed to be smoking, but he put

it out after lighting it. then, he took out another cigarette and lit it. he smoked it repeatedly, and his expression was very ugly.

Lin sisi looked on quietly and pursed her lips.

At this moment, Gu ze's gaze looked over as if he had seen her.

in fact, the people outside could not see what was going on inside, but lin sisi still felt a little guilty and immediately lowered the blinds.

Turning around, she saw old white standing there, looking at her with a thoughtful expression.

Lin sisi took two steps and forced a smile. "You're done?"

Chapter 3245: Lin sisi, let me take care of you (4)

lao bai smiled and walked over to open the blinds. " gu ze is here? "

lin sisi's eyebrows twitched. " what did you say? "

"I was just lying to you." lao bai smiled slightly.

Lin sisi ran over and gave him a heavy punch. old Bai, you're too despicable.

He let her hit him, his eyes slightly lowered as he said very softly,"If I'm not despicable, how can I force you to show your true heart?"

lin sisi retracted her hand and met old bai's gaze. after a while, she looked away. " i already said that i'm going to start over. "

...

sisi, ” Lao Bai sighed. in the one-month agreement between you and Gu ze, other than eighty million, did you have any other intentions? ”

lin sisi took a step back and wanted to escape, but old white grabbed her hand and did not allow her to escape. he only pulled her gently into his arms.

perhaps other men and women would be in an erotic embrace, but lao bai and lin sisi did not.

She lay in his arms, feeling embarrassed as if she had been seen through.

ye mu bai’s voice was slightly suppressed. ” sisi, don’t you have any thoughts of reminiscing and reliving an old dream? ”

lin sisi’s fingers clutched the clothes on his shoulders and she bit her lip. ” “old bai, don’t say anymore.”

Lao Bai turned his face away and looked at her.

Others couldn’t see it, but only he could see that sisi had never come out of it.

Whether it was love or hate for Gu ze.

If it wasn’t for the child, they might have passed, but to create a child was something that a woman would never be able to live with in her life.

Lao Bai understood in his heart that he had lost to that child.

he didn’t want to force her, but she still couldn’t get over it, so how could she talk about the future?

there were some thorns that hurt just by looking at them, and he couldn’t help but want to pick them out for her.

She was in pain now, but fortunately, at least he was by her side.

“sisi, if you can’t forget him, then go find him.” “Face your own heart bravely, hmm?” Lao Bai’s voice was deep and hoarse.

lin sisi’s face leaned on his shoulder and she shook her head.

then, she wrapped her arms around his neck and seemed to have made up her mind about something. she leaned forward and kissed ye mu bai.

his body froze. he didn’t expect her to be like this.

lin sisi’s voice was very soft as she murmured, ” “Old Bai, will you reject me?”

At this moment, he sat down on the sofa, and she sat in his arms.

She took off her coat and revealed a very thin skirt underneath.

She was hugging him, and he was a normal man, so his body quickly surrendered.

“Sisi,” Ye mu Bai’s lips moved behind her ear. what’s the meaning of US having sex? if you want to be with me, think it through and we’ll do it now. If I’m just a tool for you to forget about Gu ze, then we can still be good friends. Friends who can sleep on the same bed and nothing will happen between us, hmm? ”

Lin sisi didn’t care. She seemed to have made up her mind and moved over to cover his lips.

ye mu bai sighed softly ,’she’s being willful.’

He had taken advantage of his love for her and his love for her.

in fact, he was also a normal man. how could he not have seven emotions and six desires? she was simply playing with fire. as long as he didn’t control them, they would be confirmed, but what about in the future?

even after she was done, she still could not forget gu ze.

lao bai was very clear on this point.

he also knew that to enter a woman's heart, one had to enter her heart first. however, he liked sisi, and he didn't dare to gamble on the future if they really did it. he was afraid that sisi would regret it.

once he did it, he would have crossed the line and there would be no way to turn back.

Chapter 3246: Lin sisi, let me take care of you (5)

lin sisi kissed old white randomly.

Lao Bai endured it but did not respond.

After a while, he laughed in a low voice. He lay flat and lowered his eyes to look at her, his voice very gentle."sisi, if you continue to kiss me like this, i might not be able to get up for the rest of my life."

in fact, he knew that she was just a little fragile now.

She only kissed him and that was all.

If she really wanted to have sex with him, he wouldn't be able to control himself.

...

he sighed and reached out to caress her slightly curly hair. she was like a child now, venting all the fear, anxiety, and hurt in her heart.

Slowly, Lin sisi stopped kissing him and just hugged him.

she hugged him gently and then started crying.

she leaned on his shoulder and softly apologized.

ye mu bai smiled gently and reached out to wipe her tears. he then whispered, ” “What do you have to apologize for? we just couldn’t love each other. If you want to apologize, sisi, I’m sorry. I’m late.”

In fact, he was the one who had been hesitating behind her.

If he had confessed to her earlier and said that he liked her, then she wouldn’t have liked Qin Chen, and she wouldn’t have been hurt later. She wouldn’t even have met Gu ze.

even if they met, she and gu ze would still be complete strangers.

However, life was just so wonderful. He made one wrong step, and he would continue to be wrong.

He was hugging her now, but nothing could happen between them.

If it happened, it would be the greatest harm to her.

Ye mu Bai’s heart was a little fluctuating at this time. He reached out and hugged her, burying his face in her neck.

“sisi, i’m sorry,” he finally said.

she didn’t understand, but that was enough. it was good that he knew.

They had been together for a long time, like friends, but more like family.

he had asked her if there would be a day when they would be able to embrace each other and make love naturally. she had said, ” if that’s the case, old bai, let’s get married. ”

lao bai had only stayed here for two days. he was very busy during the day and could only see her at night.

later on, he moved back to the ye family's main house. it was the ye family's elder's idea because ye mu bai's mother's 60th birthday was coming.

Therefore, no matter how busy her eldest and youngest sons were, they had to go home early.

As soon as ye mu Bai's car arrived at the parking lot, Bai Sulli ran out of the hall and leaned against the door of his car.

Ye mu Bai sat in the car for a long time before he sighed and opened the car door-he couldn't avoid it from the left and right.

He had just opened the door when he was slapped twice on the face. " ye mu bai, you bastard! you've finally appeared after hiding for months! "

ye mu bai touched his face and saw that bai suili had lost a lot of weight, and his heart ached a little ...

ah, what did his big brother do every night? bai suili was so well taken care of in the past, but she was really haggard these days.

hence, ye mu bai coughed lightly and said in a caring tone, " "Shirley, is my brother easy to get along with?"

"Easy to get along with, my ass!" Bai suili glared at him. The anger in her heart from hitting him earlier had dissipated a little, but she felt a little aggrieved again. She had always been willful, so she hugged ye mu and Bai Qingqing in the ye family's mansion.

ye mu bai felt a little helpless.

she wanted to push him away, but she cried even harder.

she was really crying like a child who had been wronged.

moreover, she had lost a lot of weight, so ye mu bai had some feelings for her. they had grown up together, and he could not bear to push her away.

but when she looked up, she saw her brother standing on the balcony on the second floor, holding a cigarette in one hand and looking at them quietly.

Chapter 3247: tell them i'm forcing you to have a child (1)

Ye Mu Lin's gaze caused ye mu Bai to immediately let go.

bai xue li was trying to kill him!

Bai Xiuli was stunned for a moment when he let go of her hand. Then, she turned around and looked in the direction that ye mu Bai was looking at.

she also saw ye mulin.

but when she saw him, a raging fire burned in her.

this bastard!

...

it was too detestable.

She stubbornly hugged ye mu Bai and looked at her husband provocatively.

She liked mu Bai and did not like his work machine.

ye mubai closed his eyes and sighed.

He was dead.

he coughed lightly. " shirley, control yourself. there are so many people watching. "

Not only did Bai suili hug him, but she also wanted to kiss him.

ye mu bai wanted to push her away, but his grip loosened and bai sulli fell into his arms.

ye family's eldest son easily hugged her and looked at his younger brother. " "you just came back?"

"yes, i've just arrived." ye mu bai did not seem to be at ease.

ye mulin's voice was calm. " the old master is waiting for you in the study. you can go over first. "

"Alright," he said. Ye mu Bai said, but he still glanced at Bai Sulli.

"You dare to leave!" Bai suili shouted.

"he's not leaving. is he staying here to mess around with you?" ye mulin's voice was cold. he then used his eyes to signal his younger brother to leave first.

After they left, he held his wife and walked upstairs to the bedroom. He threw her away as soon as they entered, as if she was bacteria.

he then locked the door.

Bai suili was almost suffocating. ye Mulin, you bastard, what do you want? "

he leaned against the door and looked at her quietly. then, he slowly removed his belt."Teaching a lesson to an unfaithful wife."

bai sulli couldn't believe it. she turned around on the round bed and screamed, " ye Mulin, if you want to be violent, don't forget that you're a lawyer and you're a law student. You're breaking the law knowingly.

"In this house, I am the law." he snorted coldly, took a few steps forward, and forcefully dragged her over.

you can't do this," Bai Sulli screamed. I'll call for help.

seeing that he was unmoved, she swallowed her saliva and said, "I will really call for help."

"When you're excited in bed, you'll also call for help." a mocking expression appeared on ye mulin's face as he tied the opposition up in a few people.

he had really abused her.

Bai suili was smoking quite fiercely, and she kept screaming for help. Her voice was so loud that the whole villa could hear it.

However, everyone from the ye family's elders to the servants all pretended not to hear it, or they were used to it. They all knew that their eldest son was lecturing his wife.

Bai suili was lying on her stomach, her face covered in tears,"ye mulin, i will definitely tell my dad that you bullied me."

"Sure, then record a video of me hitting you and show it to your dad, okay? Or should I tell him that I'm forcing you to make love with me, hmm?" Ye Mu Lin had already stopped. He sat by the bed and gently stroked the spot where he had hit her.

he was really hitting her, but he would never hurt her.

It was just a way to teach a child a lesson. She couldn't say it out loud. No one would believe that a husband hitting the butt a few times was domestic violence. They would only say that it was jingqu.

in this aspect, the ye family's eldest son, as a lawyer, handled it very well.

When Bai suili heard his words, she almost exploded in anger.

'This bastard.'

last time, she had recorded it for her father to see, but when she played it, only her voice could be heard. it was clearly a recording of an affair.

## Chapter 3248: Tell them that I'm forcing you to have children 2

From then on, she felt that ye Mulin was poisonous.

She had to get rid of this man, and the best way was to sleep with ye mu Bai.

The ye family couldn't stand such humiliation and would definitely want a divorce.

She could no longer care about ye mu Bai. The most important thing for her was to leave ye Mu Lin.

ye mu lin's body came over. she knew that he was going to have an endless desire again.

"ye mulin, you b \* stard!" bai sulli screamed,"if you don't love me, why are you pressing me down every day?" I hate you, get lost, you hear me?"

...

They had been married for a few months, but he had not made any progress in bed. He was still as strong as before.

There was no such thing as a gentle kiss or taking it slow with ye Mulin. He just liked to use force, as if he would be satisfied if she cried and begged him.

he was a pervert!

however, it was useless no matter how much she resisted. the more she resisted, the more she scolded him, and he bullied her even more fiercely, as if he could break her.

bai suili knew that she should be more obedient, so that her life would be better, but she hated him to death, and she didn't want to be obedient.

She kept cursing and scolding him until the pain overwhelmed her and she couldn't speak.

This bastard!

after that, yingluo became much more harmonious. no matter how much she hated him, she was still satisfied in his arms every time.

The ye family didn't care about the private life of this couple. Ye eldest came whenever he wanted, mainly because he was angry with Bai Xiuli.

With this, it was one in the afternoon, and the dining table upstairs had long been removed.

Ye Mulin went to take a shower. When he came out, he saw Bai Sulli taking her medicine.

it was a contraceptive pill that she took every day.

His eyes narrowed, and he slowly walked closer with only his bathrobe on. He snatched the medicine from her hand and threw it into the trash can without thinking."You don't want to have children?"

"Ye Mulin, aren't you afraid that a man like you will have nothing to gain from giving birth to a child?" bai suili was also furious and directly cursed.

however, ye mu lin's expression darkened as soon as she started scolding him. he pinched her chin so hard that it was as if he was going to crush her bones. his voice was so deep that it was dripping with water."I'll say it again, yes?"

Bai suili bit her lip and raised her head,"I'll say it, I'll say it, Yingluo"

Before she could finish, he gave her a slap on the face. It wasn't a slap, just a slap. Then he let go of her and said in a cold tone, " "I'll repeat it again, Bai Sulli. Mubai is my bottom line, and don't even think about making me a cuckold, or I'll crush you to death. Also, show me respect to the elders in the family, or I'll teach you myself, on the bed."

Bai suili wanted to scold him again, but when she saw his expression, she shrank back and didn't say anything.

"i don't want to have children," she said after a while.

"I need a child." "or, if you give birth to the child, i can set you free." ye mulin suddenly seemed to have thought of something.

he didn't want to get married, but if bai xiuli gave birth to a child, he would consider letting her go.

Bai suili was stunned for a moment, then immediately cursed,"ye mulin, keep dreaming."

He took off his bathrobe and began to put it on. With a cold face, he said, " "Then you can stay at the ye family!"

only then did she understand why he wanted to move back to the old house. sometimes, he would leave her here on business trips, and his mother would come over to teach her how to arrange flowers and how to make tea. it was so boring, but she was actually watching over her, afraid that she would cheat on her!

Chapter 3249: Tell them that I'm forcing you to have a child (3)

Bai suili was still lying on the bed. She turned her head to look at ye Mulin, and tears suddenly fell from the corners of her eyes.

Ye Mulin looked at her without much expression.

Bai suili didn't want him to see her cry, so she turned her face to the side and chuckled, " ye mulin, i know you hate me. you look down on a rice weeper like me and look down on me for not doing my proper job. however, no matter how bad i am, i'll be eating your rice. if you want to treat me like this, divorce me if you look down on me. what's the meaning of sleeping with me like this every day? "

she wiped her tears and said,"you think you're so great?" You're a lawyer, yes, you're very busy, yes, but I'm not born to be your accessory."

“Have you said enough?” Ye Mulin had already put on his clothes. He said coldly, ” “If you didn’t do anything to Lin sisi at the wedding, I wouldn’t even have to clean up this mess!”

Bai Sulli suddenly jumped up, turned over, and glared at him, shouldn’t I slap her for sticking to my wedding with old Bai? ”

...

“You forced Mubai. He was on good terms with Lin sisi.” ye mu lin looked down at her. ” you can’t be too willful. i don’t have a good temper like mu bai. ”

“yes, you’re not him. i’ve entered hell,” bai suili muttered. ye mulin, i’ve never felt that i’m your wife. i’m your prostitute. That’s right, it’s a prostitute. Have you visited one before? that’s how women outside are treated.”

“shut up,” “Do you know what a prostitute is?” ye Mu Lin’s face turned ashen.

He bent down and whispered in her ear, ” “If I treat you as a prostitute, I won’t want your child.”

at this moment, bai suili didn’t understand his meaning, instead sneering,”do you have a throne to inherit?”

Ye Mulin had no way to communicate with this shallow woman, so he chose to go downstairs.

let’s go downstairs for dinner later, ” he said in a low voice as he closed the door. otherwise, you know the consequences.

“go to hell!” bai sulli threw a pillow at him, which hit his waist.

Ye Mulin looked at her quietly for a few seconds before he bent down to pick it up and threw it on the bed. Then, he walked out.

the door closed, and bai xue li began to curse at ye mu lin, but he could not hear her.

As she scolded, she started to cry again.

She had wanted to marry someone for many years, but in the end, she had married a demon.

after a long time, she slowly walked down the stairs. ye mu lin was no longer at the dining table. the servant said that the young master had gone to the law firm.

He was an out-and-out workaholic. He went to work on Sundays and seemed to spend most of his time at home with her in bed.

He was clearly a lustful man. The magazines outside were praising him as some abstinent male God. Pfft, his rough style in bed was as if he had never had a woman in his previous life.

Bai suili was eating, but she didn't have much of an appetite. She poked the food with her fork and looked up at the servant, " "where's mubai?"

The servant's mood was complicated. Everyone in the ye family knew that the eldest young Madam was originally going to marry the second young master. The second young master ran away from the marriage, so the eldest young master took over. In fact, it was good enough that someone like the eldest young Madam had taken over. It was impossible for the second young master to not forget her even now.

The servant hesitated for a moment before saying, " "Second master Zhenzhen is not here."

bai suili put down her knife and fork, looked at the servant carefully, and then sneered.

Chapter 3250: tell them that i'm forcing you to have a child (4)

Bai Sulli sneered. I was just asking casually, but you guys are acting as if I'm going to climb into his bed. But you're right, I'm going to climb into Mubai's bed. Later, tell your young master that I'm a promiscuous woman and it's best to chain me up.

The servant lowered his head and didn't dare to make a sound.

bai sulli stretched lazily. ” go and report to ye mulin now. i’m going to find my brother-in-law and have an affair with him. ”

After he finished speaking, he slowly walked upstairs.

the servant hesitated for a moment and really made the call.

On the other end, ye Mulin was driving. He frowned when he heard the call.”don’t worry about her. mubai knows what to do.”

...

After that, he hung up the phone and took a cigarette from the central control.

In fact, she should not have cared. She was just a legal birth machine. She had liked mu Bai for a long time, but mu Bai did not like her. No matter how much she seduced mu Bai, there would not be anything between them.

However, he still felt a little suffocated in his heart. He couldn’t say why!

at the ye family mansion.

when bai suili pushed open the door to ye mu bai’s bedroom, she was stunned. ye mu bai was only wrapped in a short bath towel, and his body could not hide anything. he had a very good figure ...

she suddenly remembered that her beast-like husband had a good figure too. how could someone who was in the office every day have an eight-pack?

Now that Bai suili thought about it, he had trained her every day, and she was getting stronger and stronger.

She cast ye Mulin aside and looked at old white, whom she had liked for many years.

Ye mu Bai's hand was on the bath towel. He looked at her and sighed."Xue Li, why did you come over?"

bai suili directly sat on his bed and looked at him, ye mu Bai, stop pretending. You clearly know what I'm trying to do.

ye mu bai smiled and said,'i'll be beaten to death by my big brother! didn't you say that you like me and can't bear to see me beaten to death?"

Bai Xue LAN took off her jacket and looked at him seductively."He won't kill you, he'll only divorce me!"

ye mu bai stared at her bold and unrestrained manner, but he still stood there without moving.

in fact, it wasn't that he didn't have any feelings for bai suili. they were childhood sweethearts, and he had even seen her in open-cut pants. when she was young, she always followed behind them. she also liked to stick to him, but she was extremely afraid of his older brother.

She would cry whenever she saw ye Mulin, but she did not expect him to be married now.

Ye mu Bai sighed. Xue Li, even if you do it with me, big brother won't divorce you for the time being. He doesn't have anyone in his heart. At most, he won't touch you. It will take three to five years. Do you think you're willing to do it? "

"You're not going to touch me?" "that's great," bai suili sneered. Old Bai, let's do it!"

however, he picked up his clothes and ran out, carrying them as he went downstairs.

Bai suili followed them like this. The servants didn't dare to look at the taxi, but they reported it to the ye family's boss.

bai suili was practically waiting to be exposed at night.

ye mu bai's steps were very fast. he threw the clothes into the car and slowly put them on after he got in.

Outside the car window, Bai suili was banging on the car door. ye mu Bai, you coward! You just don't dare to!

He quickly put on his clothes and rolled down the window."Yes, I don't dare. I told you my brother would kill me."

he paused for a moment and pondered, " shirley, you've been married to my brother for a few months. haven't you tried to get to know him? "

as soon as he finished speaking, bai suili's mouth twitched slightly.

She took a step back, lowered her eyes, and said softly, " I won't force ye mu Bai. You're his family, so how could I naively think that you'd take me away? leave this house and leave that perverted man? I've been thinking too much.
