

## Thank you 3261

Chapter 3261: Are you still going out to fool around? 4

The little Secretary hugged her bag and was so touched that she was about to cry. The eyes around her were also filled with envy.

a colleague raised his hand. ” it’s my birthday next month too. i’d like to invite lawyer ye to attend.  
”

Then, everyone present raised their hands,”we’re all celebrating our birthday this year, lawyers.”

Ye Mulin laughed and held a cigarette between his fingers. give everyone a hundred thousand Yuan as a bonus and buy one for yourself. If I keep buying bags for my female colleagues, my wife will suspect that I’m having an improper relationship outside.

his occasional joke livened up the atmosphere, and everyone crowded around the sugar daddy to the bar.

it was late at night, and the atmosphere inside was even more intense.

...

the group of 20 or so people chose their seats and sat down. ye mulin, this old smoker, only smoked and did not touch a single drop of alcohol. he was extremely self-disciplined.

his subordinates did not mind and the female subordinates would not have any ambiguous feelings towards him either. this was because ye mu lin was like the insulator of gossip and was not interested in women at all. there were many times when the ladies in the office said that lawyer ye had a cold personality and that was why he did not have a girlfriend until now.

however, lawyer ye’s marriage was very magical. he got married in an instant.

his wife was his sister-in-law. this was a little embarrassing and hard to say.

however, they had also heard that the girl was from the bai family. this made sense. lawyer ye had sacrificed himself to help ye mu bai.

however, if lawyer ye's personality was really cold, then did lawyer ye and bai suili have sex for the rest of their lives?

The girls looked at each other, then one of them asked boldly, "lawyer ye, Do you love your wife?"

Ye Mulin furrowed his brows and took a long drag of his cigarette. He looked at them. "why are you asking this?"

"I was just asking." The person who asked the question smiled obsequiously and didn't dare to speak again.

Ye Mulin smiled. she's pretty good. She likes to stay at home and keep my mother company. She usually likes to do tea ceremonies and arrange flowers. She's a very traditional girl.

the junior lawyers were all in awe and envious.

They could smell the sour and stinky smell of love.

After ye Mulin finished speaking, he felt a little embarrassed.

however, he was a man. he couldn't tell his subordinates how shallow his wife was, even if she was shallow.

but she couldn't deny that what he said was the truth. she had been at home every day these days and had been very otaku.

Also, he enjoyed the envy of his female subordinates. Even he felt that what he said was the truth. Bai suili, that rice weevil, was exactly what he thought.

However, very quickly, the high and mighty lawyer ye was slapped in the face.

next to the steel pipe on the stage, a fiery figure appeared. it was very fiery.

Her long curly hair fell on her delicate shoulders, and she was very attractive. She was wearing a fiery red spaghetti strap on her slender body, and her skirt was so short that it could only cover her P\* s. Her pair of white legs could make any man go crazy ...

She spun a few times on the stage, and the audience screamed wildly.

her eyes were so charming that water could come out of them.

ye mulin's secretary was so excited that she almost grabbed ye mulin's hand. Oh my God, the sexy goddess Yingluo, look at that leg. I can play with it for a year.

Ye Mu Lin squinted his eyes. His eyes were so heavy that they were about to drip water.

Of course, he knew how scary those legs were, because they had been pestering him the whole night.

His eyes were frozen as he stared at the damned woman on the stage.

otaku, likes tea art, likes flower arrangement!

A dog's fart!

She was a dog that couldn't change its habit!

ye mulin stood up and walked straight towards the stage in a daze.

Under so many gazes, ye Mu Lin went up the stage directly and reached out to grab the fiery red.

Bai suili glared at him.

He was the same.

At this moment, lawyer ye's eyes were almost spewing fire. He wanted to burn the half-exposed clothes on her body.

What kind of immoral things were these?

He took off his coat and forcefully draped it over her shoulders, his voice low."Come back with me!"

...

Bai suili glared at him,"no!" I'm bombarding them with my friends?"

"do you believe that i won't blow you up, bai sulli?" his face was so dark that water was about to drip out.

He quickly buttoned up his coat, but he blocked the top and still lost the bottom.

The two fair and tender legs were right in front of everyone, almost blinding everyone's eyes.

Ye Mu Lin really wanted to pick up his gun and shoot at the sky. All of you, close your eyes.

His face was dark as he dragged her out.

His team of lawyers were all dumbfounded ...

that's lawyer ye's wife?

she was good-looking, had a good figure, and didn't she say that she liked to arrange flowers and do tea at home?

but this steel pipe jump was clearly 666!

However, no one dared to make a sound. As long as their boss was happy, it was fine!

Outside the bar, Bai suili took off his coat and threw it on him as soon as she went out. She bit her lip and said, "you don't have the right to control me!"

Ye Mu Lin's lips curled into a cold smile."bai shirley, don't you have any self-respect and don't you care about your reputation? Or do you think I like to wear a green hat?"

"You're prejudiced, you're discriminating!" She said slowly after a pause.

there was a hint of arrogance in his eyes."You mean your dress?"

bai suili was a little hurt, and she turned to leave.

But her wrist was grabbed by him again, and his face was still black."You still want to dance for those men dressed like this?"

"Yes," Bai suili raised her head.

The next second, ye Mu Lin's expression turned ugly.

he stared into her eyes and said, "bai xue li, if you're certain, i have nothing to say."

she thought he was going to hit her, but he didn't.

He just walked to his car, lit a cigarette, and sat in the car, as if waiting for her.

Bai suili had always been willful. If he forcefully dragged her home, it wouldn't be a big deal, but he undoubtedly let her choose for herself. If she sat in his car and went home with him, she would lose face.

she bit her lip and stood there for a long time.

ye mulin flicked the end of his cigarette and started the car to leave.

from the beginning to the end, he did not even look at her.

She actually felt his deep disdain for her, thinking that she was an indecent woman dressed like this.

in fact, she was an indecent woman. she just liked to play and play. he could not marry her. after marrying her, he would torture her in bed every day. he would despise her every time she came out to play.

bastard!

Why didn't he change his own shortcomings?

She walked back to the bar but did not dance again. By the time she was done with the party, it was already two O'clock in the middle of the night when she returned to the ye family's old house.

bai suili usually went out to play to her heart's content. she had never gone out even after she married into the ye family. today was also the birthday of one of her little sisters.

back at the house, it was quiet.

She picked up her high heels and went upstairs quietly, afraid that she would wake Mama ye up. She was most afraid of Mama ye, not ye Mulin.

She couldn't stand that gentle stab.

Luckily, Mama ye was in a deep sleep tonight and did not come out.

she quietly walked upstairs and opened the door to the master bedroom.

Ye Mulin was also not around.

Chapter 3263: are you still going to fool around outside? 6

bai xiuli heaved a sigh of relief, but at the same time, she felt a little disappointed.

then, she hated herself for not being able to live up to expectations. could it be that her butt itched after not hitting her for three days?

Cheap!

bai sulli removed her makeup in front of the mirror and went to take a shower. she was still alone in the master bedroom.

As she lay on the bed, she thought to herself that he was most likely in the study!

she spent the entire night in shock and fear. as long as there was the slightest movement, she would think that ye mu lin had come to beat her up.

...

however, everything that she had imagined did not happen. she was lying in bed in good health when the sun rose.

bai xiuli suddenly sat up. she thought of ye mulin and immediately ran to the study.

There was no one in the study, but there was a strong smell of cigarettes.

She waved her little hand and complained, ” “How many cigarettes did he smoke to become like this?”

but no one could answer her.

she was stunned for a moment before running downstairs.

Mama ye had already finished her breakfast and was giving instructions to the servants. When she saw Bai Sulli coming downstairs, she said gently, ” “Why didn’t you sleep a little longer? is it for mu lin? he has already left.”

“he left?” bai xiuli was stunned.

yeah, he’s going to C city for a business trip. It might take a week. Didn’t he tell you? ” Mama ye laughed. I’ll talk to him about it later. He forgot to tell you about his business trip. she scolded.

Bai Xiuli lowered her head. mom, there’s no need to, ” she suddenly said. he didn’t even tell me that he was on a business trip.

after she finished speaking, she walked upstairs, her back looking a little lonely.

Mama ye sighed softly.

she had given birth to her own son, so how could she not see that her son was sulking? she didn’t know what he didn’t like about xue li. night matron had always thought that he was too serious and had high expectations of xue li.

this daughter-in-law had been pampered since she was young. she was a little spoiled, but in her opinion, there was nothing wrong with it. mu lin could do whatever he wanted and was also very respectful to her, his mother-in-law.

she wasn’t bad in nature, it was just that the bai family didn’t teach her well.

Mama ye thought to herself silently.

However, she soon knew why her son was angry.

bai suili's pole-standing photo was published on the mainstream media, accompanied by ye mulin's dark expression.

this was a heavy blow to both the bai family and the ye family. although ye mu bai managed to suppress it immediately, he could not suppress the mainstream media and those small tabloids.

Everyone knew that the ye family's eldest son had married a wife who loved to play.

Bai suili didn't even dare to go out and stayed upstairs in the villa all day.

She felt quite aggrieved.

If she wasn't married in the past, this kind of photo would be nothing at all. Wasn't it just a little more hot?

exposing one's chest and legs was nothing.

however, after marrying that bastard ye mulin, she felt like she owed the whole world a favor by jumping on a pole.

bai suili's heart was full of sh \* t, and she couldn't get through to his phone.

The petty man was obviously still angry.

bai suili was especially angry and decided to go out and have fun.

i really don't know what's the point of being trapped here every day as a widow!

she had just changed her clothes, put on some makeup, and was about to leave when she saw ye mulin the moment she opened the door.

he was travel-worn and didn't have much expression on his face. he didn't even show much displeasure when he saw the cloth suit she was wearing. he only said indifferently, "Bai Xue Li, let's live separately!"

Bai Xiuli was stunned for a moment, and then her eyes widened.

she couldn't believe what she had just heard. her long-standing wish had come true, but she didn't feel any joy at all.

On the contrary, she seemed to have been abandoned.

Chapter 3264: are you still angry with me?(1)

She looked at him for a long time before she managed to squeeze out a sentence that was actually irrelevant."how long have we been separated?"

Ye Mulin glared at her and then walked upstairs.

bai suili didn't care about her clothes and immediately ran upstairs.

ye mulin went to the study room upstairs, took off his coat and sat behind the desk.

He didn't do any work, but organized his things.

bai sulli stood at the door and saw him holding a big box, so she asked hesitantly, "you're moving out?"

...

ye mulin held a cigarette in his hand and looked up at her. "you want to move out?"

” this is your house, ” bai suili replied without thinking. ” i should move out. ”

ye mulin stood up and walked straight to her.

his gaze was deep, and he frowned as he said in a low and hoarse voice, ” bai suili, you’re still my wife now. before we officially divorce, you’d better not expose any more scandals. ”

“ye mulin, do you hate me very much?” bai xiuli asked, her eyes downcast.

“Yes,” His voice was hoarse.

bai sulli stared at him and then raised a box in her hand.”Didn’t you buy this necklace for me?”

“where did you find this?” ye mulin glared at her.

she didn’t answer his question, but continued to ask, ” “I’m just asking if you bought this for me?”

“Bai Xue Li!” “bring it over,” ye mulin said coldly.

She was dressed so lightly and flamboyantly in front of him. She twisted her waist and walked to the window, raising her hand as if she was going to throw it away.

Ye Mulin grabbed her with one hand and glared at her. “dammit, how dare you!”

” i dare, unlike some people. they obviously bought it for me, so why don’t they dare to admit it? ” Bai Sulli snorted and walked to the door of the study, ” you want to live separately? but I’ll say the ugly things first. Don’t come back here and climb into my bed when you’re having sex.

Ye Mu Lin glared at this damned woman and wanted to strangle her to death.

Bai suili suddenly thought of her father’s words-

If you can’t handle ye Mulin, don’t go home.

if she and ye mulin were really done, no one would pay for her card in the future.

bai suili wasn't stupid.

Right now, she had to coax this beast-like man.

she had calculated it correctly. he had not had sex for a few days, so he must have been bored out of his mind!

He leaned forward and placed the necklace around his neck. "Is it good?"

Ye Mulin looked at her and she put the necklace on her neck to please him.

her neck was beautiful to begin with, and it looked even slimmer after she put on the collar bone.

his anger subsided a little. he let go of her and went to pack his things.

Bai Sulli bit her lip and said,"are you angry that I'm wearing this?" i'll just take it off."

"Shameless!" Ye Mulin coldly spat out.

she shamelessly closed the door and took off her clothes.

After kicking him away, she picked up a shirt from the sofa and covered herself.

Ye Mulin kept looking at her and realized that she was even more attractive in his shirt than when she was not wearing it.

Especially when she walked up to him and looked up at him with a fawning expression. "is it okay now?"

"Throw the clothes into the rubbish bin," ye Mulin said coldly.

” oh, ” she replied and left immediately.

She was very obedient.

Ye Mulin was about to continue packing when his wife hugged him from behind and said in a soft voice, ” “Are you still angry with me?”

## Chapter 3265: Are you still angry with me? Part 2

“let go.” “what do you want?” he asked, as old-fashioned as an old master.

It was Bai suili’s first time seducing him, so she was a little nervous. After all, she was also very afraid of pain.

however, no matter how afraid she was of pain, it was better than being kicked out of the house. she hugged him tightly, her small hands moving down, and she deliberately tried to please him.”don’t you miss me at all?”

ye mu lin frowned.

this was not her style. she would only call him a bastard and a beast.

He stood there without moving.

...

his wife turned in front of him, tiptoed, and gently kissed him on the lips.

Ye Mu Lin narrowed his eyes and looked down at him coldly.

after bai suili finished kissing him, he was still unmoved. she was also a little impatient, ” ye mulin, what else do you want? isn’t it just a steel pipe? i’m not lying in the same bed as another man! ”

“are you done?” he looked at her coldly and reached out to pull her hair.

Bai suili had always been afraid of him, so her voice also became smaller,”I’m done!”

ye mulin was still pulling her hair and said in a calm voice, ” “beg me to stay, beg me not to live apart, beg me not to abandon you.”

What?

bai suili was stunned.

F \* ck, this man was so unique even when quarreling and making up.

he even needed to beg?

It was clear that he had his eyes on it now. If he wanted to do it, he had to put on such an elite expression.

she bit her lip. ” i’m not asking for it. if you’re so capable, you can live separately or get a divorce. if you’re so capable, don’t touch me. ”

As soon as he finished speaking, his body was lifted up in the air and he walked straight to the master bedroom.

She buried her face in his shoulder, her small face showing a smug look after getting what she wanted.

As expected, this beast could not stand being teased.

ye mu lin stretched out his hand and patted her P \* s. his voice was a little lazy.”Or beg me to do you.”

“i don’t!” She leaned on his shoulder and bit him.

this was undoubtedly the greatest provocation to men. the ye family’s eldest son directly kicked the door open and threw her on the big bed.

They made too much noise and kicked the door here and there. The night matron downstairs was not deaf and was extremely worried at first, but when she came up and saw her son full of beasts, as if absence made the heart grow fonder, she could not help but smile.

when she went downstairs, she met the head of the ye family. mama ye said in a gentle voice, ” “Mu Lin and Xue Li should be having a child soon.”

the frequency of birth was still very diligent.

speaking of shirley, it was hard for the night matron to explain. however, it was undeniable that she was beautiful, had a good figure, and looked like a little dairy cow. she didn’t need to buy poisonous milk powder in the future.

Mama ye thought about it and smiled slightly.

Upstairs, Bai Sulli was thrown onto the bed. She bit her lip and put her feet on ye Mulin’s shoulder. “don’t come over. didn’t you say we were going to live separately? What’s this, a breakup cannon?”

the ye clan’s eldest son was a practical type and had long been coaxed to the point of no return.

after being married for a few months, her appetite had long been fattened up. she had not had sex for a few days, so she did need to cool down.

and she, yingluo, had also admitted her mistake!

he had taken seducing her as an apology, but she didn’t know which law he had gotten that from.

He grabbed her little foot and bit it with a heavy taste.

she screamed.

He held her down and said in a low voice, ” “Are you still going to wear that in the future?”

“i’m wearing it.” With tears in her eyes, she crawled up and knelt in front of him, saying tearfully, ”  
“I’m only wearing it for you to see.”

Ye Mulin’s anger was gone and he quickly kissed her on the lips.

he kissed her hard and not gently. looking at her charming appearance, he couldn’t help but think of her steel-like appearance. he was angry and became even more violent.

Chapter 3266: are you still angry with me?(3)

After a night’s indulgence, Bai Sulli would have problems walking the next day, let alone jumping the pole.

she woke up when ye mulin was taking a bath. she gritted her teeth and thought to herself ...

it really wasn’t easy for yu wang to serve him.

Ye Mu Lin sat in the office all day long. She did not know where he had trained such inhuman physical strength.

Beast nature!

She snorted softly, but her hand unconsciously touched the necklace on her neck.

...

She often bought luxury goods, so of course she knew that this necklace only cost tens of thousands. However, the design was really beautiful and suited her very well.

She bit her lower lip, wrapped herself in the blanket, and ran to the mirror. She put her hair down and carefully admired herself.

after that, she felt that she couldn't see clearly with the blanket wrapped around her, so she simply took the blanket and admired it carefully.

She was so engrossed that she did not even notice ye Mulin coming out of the changing room.

He leaned against the door of the washroom and looked at her. "Shallow!"

She wrapped the blanket around herself and rolled her eyes at him. "Are you saying that the gift you chose is very tacky?"

"what kind of thing would look tacky on you?" Lawyer ye said coldly.

Bai Sulli was furious. She pulled the blanket and threw it on the ground, even stepping on it twice, "i'm tacky, and you were hugging me so happily last night."

lawyer ye sneered. " it's a physiological matter. i can't control it. "

I Don't Want Your Love! Bai Xiuli pointed at him angrily. I Don't Want Your Love.

"you don't have any?" "If you don't have one, why are you staring at my gift?" he pulled her over.

he was well-dressed, while she had nothing except for the necklace. her skin was a little rough because of the material of the wool on his body.

She couldn't help but step back, but he turned her back.

Ye Mu Lin leaned forward and whispered into her ear, "you seduced me and now you want to run away?"

She glared at him.

Her leg was still in pain. He was a beast.

ye mu lin smiled. " i started a fire myself. put it out. "

He sat on the small sofa in a big way, and his meaning was very obvious.

as long as she served him well, he didn't mind what method she used.

bai suili's heart was filled with grass-

he was really shameless.

she didn't want to. she immediately ran, but she still couldn't escape.

Ye Mulin only stretched out his hand and she sat on his lap. He held her waist and treated her shamelessly.

she was no match for him, and he soon succeeded in hugging her.

the ye family's eldest son was always very invested in this kind of thing, but bai suili had enough, she was almost full to the point of vomiting.

she lay down lazily and let him do as he pleased.

at this moment, the phone in his pocket rang. her body relaxed, and she felt that she could finally relax.

However, ye Mulin answered the phone with one hand and held her waist with the other. He spoke to the other side in a warm voice.

it was his secretary.

Because he had an appointment with one of the parties involved, and he was late for the first time.

and because of women.

Ye Mu Lin's voice was low and hoarse."Entertain them, just say that I'm stuck in a traffic jam."

After the Secretary received the bag, she was very loyal and hung up the phone after saying "okay" sweetly.

"ye mulin, why don't you go to work? why do you keep bothering me?" bai suili bit her lip.

he bit her lips and his voice became hoarser."absence makes the heart grow fonder! Shallow, you don't even understand this."

bai suili bit hard on his shoulder, " you're finding such an excuse for your own lust. You're really fresh and refined!

In fact, he was shameless! Beast!

Chapter 3267: are you still angry with me?(4)

lawyer ye wasn't angry, but he didn't let her off.

After the first time, he left her behind. He didn't hug her lovingly, he didn't do anything. He just lifted his pants and went to work.

Bai Sulli lay on the sofa, her little hand drawing circles, and then reached out to touch the collar around her neck. Suddenly, she smiled foolishly.

When ye Mulin went downstairs, his parents were both there.

especially father ye. ryuuma looked at his eldest son coming down the stairs in high spirits and coughed lightly.”You’re only up at this hour?”

Ye Mulin looked at his watch and smiled.”I have a client and I’m in a hurry, dad.”

...

Father ye was very dissatisfied,’you’re not even eating breakfast? you’re not serious even after getting married.”

Mama ye chimed in. that’s right, Mulin. Your father is right. Although you’re working hard on your career now, you should also take care of your health. You can’t skip breakfast.

Ye Mulin paused and looked at his parents. I’ve already eaten my fill upstairs.

mama ye was a woman, after all, and she wasn’t that scheming. she said with a straight face, ” “Nonsense. Aunt GUI didn’t bring breakfast upstairs.”

however, the ye family’s head was a man. although he wasn’t proficient in these romantic affairs, he had seen them before. and this unfilial son actually dared to spout nonsense in front of his own mother. so, he shouted, ” “get lost!”

ye mu lin left.

he went to the company in a good mood and met with the client first.

after he sent the client off, he took out the diamond ring from the drawer and looked at it thoughtfully.

His Secretary, Li Mi, came in and looked at the big diamond ring in his boss’s hand. She let out a cry and said with some envy, ” lawyer ye, this must be for mrs. ye, right? ”

Ye Mulin looked at the little Secretary and frowned. He asked slowly, ” “is it beautiful?”

The little Secretary immediately nodded.

“I’m talking about this diamond ring?” ye mu lin corrected.

the little secretary’s eyes moved to the diamond ring, and her eyes were a little dull ...

“This one, of course, is even more beautiful!”

ye mulin was silent for a long time before he said in a low voice,”if i forgive her so easily, wouldn’t i be letting her off too easily?”

The little Secretary was stunned for a moment, then she said lightly, ” “Is it about the pole dance?”

her lawyer ye just looked straight at her.

The Secretary coughed and said in a low voice, ” ” lawyer ye, pole dancing isn’t just about color as you think. it’s actually an art. if you really want to dance well, you have to put in some effort. ”

She gestured. for example, if you want to hang on a steel pipe, you have to rub your skin on it. It’s normal to scrape off a layer of skin when you practice.

Ye Mulin frowned. He remembered that Bai Sulli didn’t have any injuries on her body, which meant that she had learned it a long time ago.

He didn’t learn well when he was young! That was what lawyer ye thought.

The Secretary continued. pole dancing is being trained in many places now. It’s very popular. Lawyer ye, although you’re much older than Mrs. Ye, you can’t be biased.

Ye Mulin narrowed his eyes and glared at his little Secretary.”am i very old?”

The Secretary had always been afraid of him, but this time, she mustered up her courage and said, ” it’s like this, mr. ye. there’s a three-year generation gap between you and mrs. ye. ”

the little secretary’s voice became softer and softer because lawyer ye’s face was getting uglier and uglier.

After that, the Secretary ran away.

ye mulin rolled his eyes at the door and picked up the diamond ring to take a closer look. he was still thinking that he was letting her off too easily by forgiving her so easily.

Chapter 3268: Are you still angry with me? v

However, when he thought about last night’s passion and this morning’s wildness, he felt that it was not bad.

They were clearly in tune, so where was the generation gap?

ye mulin looked at it for a long time before he finally put the diamond ring into his briefcase.

Then, when he was working, a faint smile appeared at the corner of his mouth.

she got off work early in the afternoon and left at six o ‘clock.

Everyone was a little shocked. Was lawyer ye possessed by Wanwan?

...

The lawyer ye who doesn’t work overtime is not normal. Something’s wrong!

However, there were also male colleagues who laughed. I have such a beautiful wife. I don't work overtime every day.

lawyer ye has been married for a few months, " someone said. he also worked overtime before this.

I was reserved before, but now I've opened the door to a new world. "lawyer ye must have held it in for many years," someone else laughed.

then, everyone laughed ambiguously.

actually, with such a beautiful wife, which man wouldn't want to go home earlier?

ye mulin went back early, but bai sulli wasn't there. only mama ye was instructing the servants to prepare dinner. she was a little surprised to see him back."Mulin, why are you so early today?"

ye mulin smiled and hugged his mother. " "There's nothing much to do at the office."

Mama ye looked at him teasingly, then smiled and said, " "Shirley's having lunch with her friends. Don't worry, it's a proper restaurant this time."

"did she ask mom to pass this message to me?" ye mulin paused.

mama ye smiled and said,"she's telling me that, mulin, although shirley has a lot of problems, she's a good girl who respects the elderly." don't be so fierce when you're back."

ye mulin also smiled and did not say anything. he went upstairs to take a shower and changed into a set of casual clothes before going downstairs to accompany his mother. however, his mother could also see that her son was a little absent-minded, so she teased, " "xin fei left?"

In fact, this was not surprising. Men were all lustful. Although their son was excellent, Shirley was good-looking and had a good figure. It was normal for young couples to be a little loving.

Mama ye suggested, " why don't you give Shirley a call? you can pick her up when she comes back. It's a mess out there. It'll be bad if she gets into an online car ride and gets into danger.

ye mu lin pondered for a moment and nodded.”Let’s call after eight!”

mama ye was very pleased.

the two of them ate dinner alone. ye mulin went upstairs to make the call. the phone rang for a long time before it got through.

He stood on the balcony and said fiercely, ” “You’ve been out for so long, when are you coming back?”

on the other side, bai suili seemed to have drunk too much, and her voice was a little intermittent. ” who is your yueyue? ”

Ye Mu Lin’s face darkened.

I knew this woman couldn’t be trusted.

it had only been a day, and his true colors had been revealed.

how could a married woman drink so much outside?

“where are you?” he suppressed his anger.

Bai suili blinked, and after a long time, she smiled lightly. in the heavenly earth.

” damn it! ” he cursed under his breath. then, his voice turned even colder. ” get the person beside you to answer the phone. ”

bai suili stuttered, and the phone was a mess. it took a while for the phone to reach a drunkard, but the drunkard clearly gave the address of the restaurant.

ye mulin immediately put on a coat, put on his glasses, and went downstairs.

when he saw his mother, he paused. ” “shirley’s drunk. i’m going to pick her up.”

Chapter 3269: a dog can’t change its habit of eating shit (1)

“drive carefully,” mama ye said with a smile.

Ye Mulin nodded and went to the garage to pick up a Land Rover Aurora. The car lights lit up and they quickly drove out of the ye family mansion.

when they arrived at the restaurant, bai sulli was already drunk. there were five or six people gathered, but only one girl was sober, and her expression was a little funny.

She looked at ye Mulin as he walked over and said carefully, ” ” shirley’s drunk. are you going to take her home? ”

Ye Mulin nodded and did not hug the drunkard. Instead, he kicked her. “Let’s go home.”

The girl’s eyes were wide open as she looked at the man in front of her in disbelief.

...

This is sister Xue Li’s husband?

So rough?

Sister Shirley’s leg would be bruised from that kick, right?

she swallowed her saliva.

at this moment, ye mulin looked at the few drunk cats and frowned.”Do you need any help?”

the little girl was more than happy to have them. she was just worrying about how to get these drunkards back.

ye mulin took out his phone and called his two assistants, asking them to come over.

After he hung up the phone, he finally remembered his wife. He reached out to carry her, his face full of disdain.

bai suili was lying in his arms, frowning. ” “who are you? why are you hugging me?”

then, he started to kick and punch her restlessly. ” let me go, pervert! A silver staff.”

Ye Mu Lin’s face was ashen as he patted her on the butt. His voice was also tense.”be honest,”

He carried her, walked straight to the parking lot outside, and threw her into the car.

bai suili lay on the ground for a long time before she got up. looking at the dark surroundings, she said in a daze, ” “where am i? who am i? Handsome, Who are you?”

Ye Mu Lin was wearing a pair of glasses, so she could not recognize him.

Her little hand gently stroked it, and then she laughed while lying down. ” let me tell you, don’t even think about having a one-leaf night with me. my husband is very fierce. ”

She stretched out her leg. I can send you flying with one kick.

Ye Mulin’s face darkened. He grabbed her feet and pressed them down. He leaned over and bit her neck.”You want love?”

“i don’t want to!” bai suili giggled.

“why?” he asked, less angry. You don’t dare to?”

bai suili lay down, her eyes bright and charming. ” because my husband is very powerful! ”

as she spoke, she laughed again. that wild look made him so angry that he wanted to strangle her.

but the words from her little mouth were very effective.

Ye Mu Lin adjusted his glasses and stared at her.

Bai suili reached out and grabbed his collar, gently pulling him closer, her expression particularly charming.”But I think you’re not bad either. Do you want to try?”

she moved closer and kissed his lips. with a tipsy feeling, she said, ” do you know what attracts me the most? ”

Ye Mu Lin looked at his wife with a dark expression.

bai suili smiled lightly and leaned closer,”your nose is very big.”

he simply wanted to strangle her to death. how could she say such words? she was shameless.

He glared at her.

Bai Xue Li was still smiling happily,”i want to see if you’re better than my husband.”

Her small hand came over, but ye Mu Lin pressed her down. His face was completely black.”Bai Xue Li!”

“your voice sounds similar!” Bai suili glared at the man in front of her and then took off his glasses.

her expression was stunned, while ye mu lin’s face was cold.”I’ll break your legs if you drink again.”

She was still glaring at him as if she had sobered up. Then, she covered her mouth and quickly pushed him away.

ye mulin instinctively stopped her.

Bai Xiuli widened her eyes and pointed at her lips, but they still didn't have a tacit understanding.

The result was that she vomited all over him and the car, and there was a sour and stinky smell everywhere.

ye mulin really wanted to strangle her to death.

After Bai suili vomited, she sobered up a little, but she knew how to play dumb.

Ye Mulin had been respected since he was young, so how could he stand such a smell?

...

with a dark face, he asked the chauffeur to drive the car to the car wash. he took off his coat and threw it into the garbage can. then, he carried his wife to a hotel nearby.

In the five-star Presidential Suite.

When they arrived at the suite, he threw her on the carpet and couldn't wait to take a shower. As he took a shower, he gritted his teeth and thought about how to teach her a lesson when he came out.

He walked out in a white bathrobe and walked over.

his wife was lying on the ground with a pillow in her arms. she was obviously asleep.

He kicked her, but she didn't move. She was still lying on the ground like a dead pig.

her sleeping posture was very bad, and she was even snoring.

Ye Mulin snorted and ignored her. He walked to the sofa in the living room, sat down, and turned on the television.

after a while, the pig with the surname bai was still lying there motionless.

He pretended not to see and watched TV for a while more. Then he heard a voice from the other side. "I'm thirsty."

The ye family's eldest son turned off the television and walked over to stand in front of her. He looked down at her and said coldly, "Aren't you very capable? continue drinking."

Bai suili opened her eyes, her black pupils opening slightly.

to be honest, she was usually more beautiful, and he was used to seeing all kinds of beautiful women, but he was not very tempted. he only felt that when they did it at night, her body was not bad, and he was not too tempted by other things. instead, he despised her for being superficial.

But when she looked at him with her eyes wide open, he felt that she was rather cute.

she was like a small animal, a little pure.

he squatted down and reached out to pull her hair. "You want to drink water?"

she still looked at him and said honestly, "i want to drink."

His face darkened again.

He had wanted to leave, but that superficial, shameless woman actually leaned her head over and placed it on his lap, acting like a spoiled child.

“What are you doing?” ye Mulin asked coldly.

“i’m thirsty.” Her voice was sweet, and then she leaned her face closer.”Or I’ll kiss you. Have some water.”

his face turned even uglier and he said in disgust, ” “It’s stinky, don’t even think about it,”

Bai suili didn’t care about his dislike and kissed him.

of course, it didn’t smell good, but ye eldest brother, who was born with a slight obsession with cleanliness, didn’t push her away. he even let her kiss him for a long time.

“Have you kissed enough?” he asked coldly after a long time.

she giggled and rolled in his arms. after a while, she leaned over and said in his ear, ” i don’t want to eat anything else. ye mulin, why are you so agitated? ”

his body froze, and then he pushed her away.

He also saw his own sorry state.

he actually had a reaction to a woman who was dirty and stinky.

he must be crazy.

bai sulli laid on the floor and bit her little finger. ” “it’s only been one night and you’re already bored to death? ye mulin, you’re a pervert!”

His expression was very ugly, and he wanted to kick her a few times, but he really wanted to.

after weighing the pros and cons, he picked her up and walked to the bathroom.

If he wanted to eat, he had to wash it clean.
