

Thank you 3271

Chapter 3271: a dog can't change its habit of eating shit (3)

He carried her back to the bathroom and pressed her head to turn on the tap.

And he had used cold water to wash it, not caring about her life at all.

Bai suili was clear-headed for a while. She felt that if she believed that he loved her at this time, she would be out of her mind.

He was clearly a despicable tyrant.

He had never been gentle to her. He would only hit her and use violence against her.

how could she have thought that he liked her just because of a stupid necklace?

...

a broken necklace that wasn't even worth 100000 yuan?

"ye mulin, i hate you the most! let go of me!" bai shirley screamed.

Ye Mulin sneered and continued, "Bai Sulli, I also hate drunkards. I hate them very much.

He did not show any mercy to her. He ruthlessly washed her face with cold water, washed her hair with shampoo a few times, applied shower gel on her body a few times, and even forced her to brush her teeth twice.

It had to be said that ye Mulin was a man who was very ritualistic.

It was so feathery that it made one's hair stand up.

When Bai Sulli was thrown onto the bed, she pulled off the necklace around her neck and revealed her true appearance. She kept shouting, ye Mulin, do you think a beautiful woman with a good family background like me would be ruined after spending less than 100000 Yuan like this? ”

“Tell me, am I really that worthless?” she pulled him into her arms.

She refused. It was rare that she did not listen to him, so she resisted fiercely.

Ye Mulin pressed her down and bit her hard on the back of her ear. He said angrily, ” “Bai Sulli, do you think you’re selling yourself?”

she bit her lip and looked at him provocatively. ” “Yes, I like to sell. I’m not selling it if it’s too cheap.”

as she spoke, she bent over and showed an uncooperative look.

Actually, he could have used brute force. Her little strength was nothing to him, but ye Mu Lin did not want to do that. He held her down with one hand and took out a diamond ring from his pocket with the other.

it was big and shiny, and it was very cute.

Bai suili’s eyes were wide open, shining. She reached out and took the ring, putting it on her finger.

“Is it for me?” she looked at him with sparkling eyes.

“I’m not buying it for you. It’s for sex.” Ye Mulin sneered.

bai suili was still admiring the jawbone in her hand, and she couldn’t bear to put it down. that look simply made ye mulin extremely angry.

He frowned and glared at her. “Shallow!”

she wrapped her arms around his neck and said, "lawyer ye bought a ring worth tens of millions for love. You still have the cheek to call me shallow!"

He glared at her and tried to be as rough as he could.

She had always resisted, but tonight, she had been a little crazy and let him do as he pleased.

because of the big diamond ring.

For the entire night, ye eldest brother pinched his wife and said fiercely, "you shallow woman."

However, no matter how much he hated her, he still pressed her down again and again, as if he wanted to earn back the money for the ring.

this hateful woman.

he clearly hated her and despised her. she was superficial and had no substance. any woman by his side would be much better than her.

but he just had to marry her!

Ye Mulin tormented her for the entire night and only let her off when it was almost dawn.

bai suili thought he must be crazy.

Also, he didn't use any protection. Would they have a child?

however, she was not only being tortured, she was also bewitched by him. she forgot to remind him to wear that and even thought, if you're really pregnant, just give birth to it, yingluo.

the referee will be late at midnight, so we'll see tomorrow. There will definitely be a Third Watch

~~~

Chapter 3272: a dog can't change its habit of eating sh \* t 4

Bai suili slept until noon.

when she woke up, ye mulin was no longer on the bed. however, his phone was still on the bedside table, which meant that he had not left.

When Bai suili sat up, she felt like her whole body was about to break, especially her waist.

she cursed at him, then looked at the diamond ring on her hand. she felt that the ring was not so cute anymore.

She had sold herself for an entire night to get the hard-earned money.

He put on a bathrobe and wobbled into the bathroom. He closed his eyes and brushed his teeth.

...

She looked up inadvertently and saw herself in the mirror ...

he was covered in hickeys.

it was all over her neck and her chest. she then looked at her legs and her waist ...

all of them.

This pervert!

Bai suili was going crazy. She had trypophobia.

F \* ck his mother.

She didn't even dare to look at herself in the mirror for fear of being frightened.

she closed her eyes and ran back to the bedroom to get his phone. she held the phone to vent her anger, but it did not vent her anger.

At this moment, she heard ye Mulin's voice coming from the study room attached to the suite. She thought that he was using the fixed line to make the call, so she didn't think too much about it (she didn't have the capacity to think too much either!). he pushed open the door of the study.

The moment the door opened, she was stunned.

It was his subordinates. There were more than ten of them, and they seemed to be in a meeting.

Her mind was in a mess because she was only wearing a bathrobe and her shoes were bare.

she met ye mulin's eyes. his expression was very stern."get out!"

Bai suili was stunned. Although he was usually fierce to her, that was only in private. Now, he was also treating her like this in front of his subordinates!

too hateful!

perhaps it was because she felt wronged, or perhaps she was too disappointed, so there were tears in the corners of her eyes.

She had never wanted to cry like this.

And it was all because of a man.

He had toyed with her the entire night last night, and now he was sending her away like that kind of woman!

She bit her lip and ran out quickly. Then, there was a series of banging sounds. It sounded like something was being packed up, but it was more like something was being smashed.

Ye Mu Lin was still calm. His subordinates were the ones who were not.

They faced each other and didn't know what to do.

Ye Mulin's Secretary, Li Mi, had sharp eyes and saw that other than the hickeys all over Mrs. Ye's body, she also had delicate little feet. The most special part was that she was wearing an extremely huge ring on her finger.

tens of millions!

She was screaming in her heart. It would be a lie if BOSS didn't like Madam. If he didn't like her, why would he have such thoughts? If he gave her a check, she could just pick her own. It was obvious that her boss was infatuated with her.

come to think of it, for this beautiful body, even a shallow rice worm would like it!

After being interrupted by Bai Sulli, the meeting could not go on. Everyone's mind was filled with the hickeys on lawyer ye's wife and they looked at ye Mulin with an ambiguous gaze.

"Continue at the office in the afternoon!" Ye Mu Lin said indifferently.

after sending away his subordinates, he went to deal with his little wife.

However, when he walked into the master bedroom, he was gone. He even naively soaked his phone in the bathtub, and there were a few large words written on the mirror with lipstick-

Ye Mulin, I hate you!

he wiped it with a tissue and snorted. " "Childish! shallow!"

he fished out the phone from the water, took out the card, and threw the phone into the trash can, thinking that she should compensate him with another one.

it was a lesson to prevent her from developing the habit of throwing things around ...

Chapter 3273: A dog can't change its habit of eating shit!5

ye mulin did not return to the office immediately. instead, he went back to the old residence.

however, when he went back, he wondered what she was wearing.

After returning to the ye family mansion, he found out that his wife, the eldest young miss of the Bai family, the eldest young Madam of the ye family, had left the house in the hotel's bathrobe. Because of this, the hotel had even blacklisted her.

ye mulin walked into the mansion with a dark expression. mama ye was a little hesitant. " mulin, shirley just came back. "

The ye family's eldest son could easily guess what his wife was like when she came back today. His mother was born into a noble family and had always been decent, but she had probably never seen such a shocking scene before. So he took some time to comfort his mother. I was with Shirley last night. She's probably a little angry now.

"I see!" Mama ye was relieved.

...

Actually, as a mother, she shouldn't say it, but Mama ye really wanted her son to be well. She still pulled her eldest son aside and said softly, " " mulin, xue li loves to play. you should spend more time with her and make her love you. "

Ye Mulin furrowed his brows and thought,"tie her heart to him?"

It was almost the same as the yuan that was tied to him. Last night, when she saw the diamond ring on her face, her whole body was shining, and she was unprecedentedly accommodating. It was not like when she used to lie in bed like a dead fish waiting for him to do it.

but at this moment, just thinking of the charming scenery last night, ye family's eldest son unconsciously pulled his tie and coughed lightly. "I'll go upstairs first, mom."

"Go!" Mama ye smiled.

Ye Mulin then slowly went upstairs.

When he reached the master bedroom on the second floor, he pushed the door open and saw his new wife lying on the bed. She was still wearing the bathrobe from the hotel. The worst thing was that her indoor slippers were also from the hotel.

And her hair, it was messy and unkempt.

Ye Mulin sat down and tugged at her hair. His face was dark."You're running home after doing something bad?"

bai sulli ignored him, pulled back her hair, glared at him, and turned around.

Ye Mulin paused for a moment. Then, he went over and flipped her over, pressing her down with his body.

she couldn't escape and scolded angrily, "ye mulin, you bastard!"

He stretched out his leg and kicked twice,"let go, let go, let go!"

He was as still as a mountain. It was easy to imagine that a 145-pound weight would be pressed on a body that was less than 100 pounds. This was also in addition to the natural physical strength of men.

"Are you always this unreasonable when you encounter problems?" ye Mulin's gaze was deep and dark.

Bai suili's eyes, nose, and lips were all red. She glared at him, "i'm unreasonable. ye mulin, you didn't give me any face in front of so many people and you still want me to be reasonable?"

She couldn't move her body, so she kicked him restlessly. "let me go, i want to divorce you!"

Just as she finished, she was shocked to find that his eyes had deepened.

Ye Mulin squinted his eyes at her and sneered. " what about after we divorce? are you going to find a weakling to take over the job? or are you going to find mubai? let me tell you, it's impossible for mubai. he has no reason to use second-hand goods if i've used them before. "

bai xiuli was furious. she glared at him, and tears were already welling up in her eyes because of the humiliation.

ye mulin continued to sneer. " you found a weakling to give you a large amount of money to spend while you indulge in debauchery outside. how much pride do you think you have? how much youth do you think you have that can make a man pamper you endlessly? "

"He doesn't dare to. My dad will help me." She lifted her chin.

Chapter 3274: a dog can't change its habit of eating sh \* t 6

"Oh, your dad?" ye Mulin chuckled. bai suili, rice weevil, what other merits do you have other than your surname bai?"

bai suili was extremely angry.

He started to look down on her again. What right did he have to look down on a rice weevil? she was also capable to be a rice weevil.

Wasn't her reincarnation technique good and her beauty her strengths?

she bit her lip and glared at him. ” if i didn’t take such good care of myself, my last name would still be bai. would you be able to hug me and f \* ck me all night? ”

She said fiercely, but she felt that after she said this, a certain part of her husband’s body seemed to be excited.

...

She was even angrier.

He always said that she was superficial and a rice weeper, but why didn’t he say that he was a Silver Stick, a person with a worm in his brain?

Although ye Mulin wanted her, she would probably act spoiled again if he hugged her and did it with her in a fit of anger!

what? ” he stared at her and shouted in a deep voice, ” does that mean that it’s reasonable for you not to give birth? ”

“how did i stop giving birth?” “do you think i don’t spend enough energy every night?” she asked.

Her self-righteous look made ye Mulin laugh in anger. He let go of her a little and leaned against the bed.

with a thoughtful look on his face, he reached out to roll her hair. she refused to pull back, but he continued to play with it, just like a little boy bullying a little girl in kindergarten.

Bai suili was angry and didn’t want to be entangled with him. She sat up and wanted to run, but he caught her and pressed her down to continue her daze.

“ye mulin, is it because your law firm has closed down that you have nothing to do?” she cursed.

he glared at her.

after being in a daze for a while, she suddenly chuckled and her expression became much more relaxed. you're right, this can be considered giving birth."

as he said that, he even patted her little face.

Being treated so kindly by him, Bai suili felt her hair stand on end, and she was even more afraid than when he was fierce.

Ye Mu Lin lowered his body and buried his face in her ear."You only give birth when you're pregnant, you know that?"

"Don't call me a rice weevil!" she shouted in anger.

no one had ever dared to treat her like this.

This husband in name, rape, domestic violence, everything. In fact, how was it domestic violence? he clearly liked to do heavy things. Did he think she didn't know?

pervert, why don't you change your bad habits?

The atmosphere froze when she shouted.

"a body full of bad habits?" he repeated her words.

Bai suili was a little scared, and her body suddenly curled up on the bed.

She was afraid that he would hit her.

he had really hit her a few times in the first few months of their marriage. although it didn't hurt her, it hurt a lot.

She didn't like that at all. He would beat her first and then take her.

she would also feel humiliated. she really wanted to get a divorce, but she knew very well in her heart that if her father did not agree, even if ye mu lin was willing to sign it, it would not work.

Her surname was Bai, but the wealth brought by this surname was not so easy to enjoy. The things on her shoulders made her unable to choose the life she wanted.

Unless she was willing to change her surname.

however, she was a rice weevil. what else could she do if her surname was not bai?

Would she still be alive?

bai suili was a little embarrassed, but she suddenly smiled helplessly,"ye mulin, you're right. i'm a rice weevil."

she lay flat on the bed. " if you want to do it, then do it! "

Chapter 3275: Bully her if you love her (1)

Ye Mulin looked at her lying there.

to be honest, she was very attractive and beautiful.

however, he didn't see any soul. at least, bai suili didn't have a soul.

ye family's eldest son gave her a slap on her noble P \* s and said in a cold voice, " "it's already noon, you want me to call Y in the day?"

bai suili was simply asking for death. she immediately got up and glared at him,"Ye Mulin, it's not like you haven't done it in the day before?"

"You're begging me to do it with you?" he chuckled.

...

“I didn’t!” This was the second time Bai suili had suffered a critical blow today. She immediately got up and said, “i’m not.”

In order to make her words sound more convincing, she glared at him and bit her lip. “Actually, your technique is really bad.”

“You’re killing me with pain. You’re a rookie,” he said in a lower voice.

As a man, it was a very serious matter to be doubted in this aspect. Ye Mu Lin reached out to hold her chin and asked her seriously, “does it hurt these few times too?”

he asked in a very focused and serious tone, as if he was in an office.

She didn’t know why, but Bai suili’s face turned red.

“I don’t know,” she glared at him.

“don’t you know if it hurts or not?” “You’ll know if you want to try again.” He chuckled.

“You were the one who said you didn’t want it,” she said, her eyes wide.

ye eldest son’s expression changed instantly and he pulled her up. ” that’s right. i still have work in the afternoon. it’s really not good to be entangled in bed with you for too long. ”

With that, he dragged her up to the bathroom mirror and let her look at herself in the mirror.

She didn’t dare to look at his ambiguous expression.

“Shallow rice weevil, do you think that it’s wrong for me to be fierce to you?” Ye Mu Lin looked at his decadent appearance in the mirror and said in a hoarse voice, ” do you think this is appropriate? how many lives do you think you have to take a taxi home after wearing a hotel bathrobe? ”

“do you still feel that you’ve been wronged?” his voice was getting sterner.

bai suili bit her lip. ” you’re the one who made me like this. did i eat this myself? ”

“you’re still in the right?” He put on the attitude of a superior. go take a bath. After you wash your bathrobe, I’ll take you to return it to him. Also, did you do something bad? ”

As he spoke, he held her chin, looking as if he would break her neck if she dared to lie.

Bai suili didn’t dare to say anything.

“help me buy a phone later.” he said simply.

you’re making things difficult for me, ” Bai Sulli immediately cried out. can’t you buy it yourself? ”

He turned around and glared at her, and she didn’t dare to make a sound.

Compared to being beaten up, she could accept this punishment.

Bai Sulli went into the bathroom to take a shower. When she came out, she looked at the most advanced washing equipment and said confidently, ” “I don’t know how to wash.”

The ye family’s eldest son was smoking. He came over with a cigarette between his fingers and glanced at her. “What else do you know?”

Bai suili said somewhat self-righteously,”eat, drink, and have fun.”

He glared at her for a long time before he stubbed out the cigarette.”Come here, I’ll teach you.”

She was shocked.

The body in the bathrobe took a step back and instinctively refused.

Ye Mulin sneered, " Bai Sulli, the ye family washes their own clothes. Who do you think washed your clothes these past few days? When I'm not at home, my mother will help you wash it. Don't you think it's embarrassing that you're in your 20s and can't wash clothes?"

Chapter 3276: bully her when you love her (2)

bai suili stared at him for a long time, then asked in a low voice, "did you wash my undergarments too?"

Ye Mu Lin snorted. what else? "

"Ye Mulin, you're shameless." She glared at him with her face flushed red.

"Bai Sulli, you don't know how to wash your clothes at your age, and you want your face?" He snorted in a cold voice.

She was still staring at him.

ye mulin's voice softened a little. " you're not bad even if you're learning now. it's fine if you were in the bai family before. but here, i definitely won't allow you to be a superficial worm. "

...

"why do you have to add the word" shallow "in front of" rice weevil? Ye Mulin, you're discriminating against women."

"Your family is so rich, why don't you let the servants wash it?"

"your hands will be rough when washing clothes. i'm not washing."

she said with confidence.

" it's fully automatic, " ye mulin said coldly. " it's dry and won't let your hands get rough. "

” in addition, the ye family will pay attention to privacy and will not let outsiders touch their private items. do you understand? ”

after he finished speaking, bai suili looked at him,”Then I’m not an outsider, am I? you even helped me wash my clothes!”

Ye Mulin’s face darkened. you’re the one who’s lazy! after i teach you, not only do you have to wash it yourself, but you also have to help me wash my clothes.”

“On what basis?” She was furious. Why did she have to be a mother when she married him and had everything to live in luxury?

“because you’re a superficial rice worm who doesn’t give birth,” her lawyer husband sneered.

bai xiuli was furious. she said without thinking, ” “Then I’m pregnant.”

Ye Mu Lin looked straight at her and a trace of amusement flashed past his eyes.

“I don’t need to wash clothes if I’m pregnant, right?” she yelled.

ye mu lin reached out and knocked her head. he snorted.”Bai Xue Li, your ambition is really big.”

As he said that, he walked forward and snorted, ” “A rice weeper is a rice weeper.”

bai suili was angry. ” then are you going to get me pregnant or not? ”

At this time, ye eldest son had already walked to the front of the all-rounded washing machine. When he turned on the power, he looked at her thoughtfully.

the rice worm was a little nervous and waited for his answer in a daze.

Ye Mulin’s voice was very slow. if I remember correctly, you wanted to divorce me before. Now, you’re going to get pregnant. Bai Sulli, do you want to raise the child yourself? ”

“No way!” “I was just thinking that if I wanted to rape you in life, I might as well lie down and enjoy it,” the rice worm stammered.

“Your analogy is really unique,” the ye clan’s eldest son’s face darkened.

“i’ve always been good at being humorous.” Bai suili said shamelessly, and then looked at him, “What do you think?”

ye mulin threw her bathrobe and the clothes he had changed out of into the room. they were tangled together. then, he said coldly, ” “But I only want to rape you, I don’t want you to enjoy it.”

“isn’t that abnormal!” “i’ve sacrificed so much, and you won’t let me enjoy it?” bai sulli exploded.

his gaze suddenly became unpredictable and dangerous. he leaned forward and said in a low voice, ” then tell me, did you enjoy yourself in bed every night? ”

bai sulli immediately started to bully ye mulin. she looked at him pitifully. ” no, i’m not. ”

“Even if you don’t, you’re still in a hurry to give birth to my child?” He said mockingly.

“then, can i still get pregnant?” she asked shamelessly.

Ye clan’s eldest son appeared to be nonchalant. I haven’t played enough!

she was stunned for a moment. ” you’re already in your thirties. haven’t you had enough fun? ”

Chapter 3277: bully her when you love her (3)

after bai suili finished speaking, she felt a little regretful.

As expected, ye clan’s eldest son was scared. “you think i’m old?”

she didn't say no, but muttered softly, " "It is."

"What do you think your focus is on? what do you think I'm going to play?" ye Mulin's voice was calm.

With the rice worm's intelligence, she would have needed a long time to figure it out, but this time, the rice worm understood instantly.

"Ye Mulin, don't you have any respect for women?" she glared at him.

...

"Female?" he looked at her indifferently and said,"other than your appearance, do you have any self-awareness of a woman?" You're clearly a sex-less worm."

she couldn't take it anymore and wanted to run away, but a strong hand quickly caught her wrist.

He grabbed it tightly and pulled it into his arms.

She was immediately enveloped by his body temperature. He rested his chin on her head and said in a soft and gentle voice, " "Study hard and strive to be the three good students among the rice worms."

No matter how stupid Bai suili was, she could tell that he just treated her as a little toy, a target for his amusement.

She hated it so much. She had to warm the bed at night, and her body was ruined by him. In the day, he had to ruin her mentally.

Do you think you're so great just because you gave me a diamond ring?

she wanted to get angry, but his hand that was holding her wrist moved to her waist. he didn't do anything but hug her from behind.

bai suili's original intention to resist was strangely suppressed, and her small hand slowly fell.

she looked at the washing machine. it was fully automatic, but she could not understand anything.

All her attention was on the man behind her.

the warm, strong, and powerful kasaya

she remembered every bit of his strength!

Bai suili felt like her head was spinning. Not only did she not want to resist the desire to rape her, she even had a feeling that she wanted to rape him.

as soon as this thought came to her mind, she was shocked and her body naturally fell back.

ye mu lin groaned in pain. he then snorted coldly,"Bai Xue Li, you know how to do it?"

she was also shocked, and then stammered, " "Will what? Can you give birth?"

Ye Mulin carried her up and placed her on the washing machine.

He put his hands in front of him and looked at her coldly. I really want to open your head and see if it's full of high protein.

"Shouldn't it be brain matter?" She asked in embarrassment, not daring to come down. She sat there like a primary school student being lectured.

it wasn't that she was stupid, but she was distracted because he was always hugging her.

Ye clan's eldest son snorted. a rice worm is still a worm. It should be a high-protein animal!

"Ye Mulin, you can insult my body, but you can't insult my character," Bai Xiuli said angrily.

“do you still have anything on you that i can insult?” ” bai sulli, ” he said mockingly, ” you’re willing to give birth to my child just because you don’t want to wash clothes. can you still have some backbone? ”

She stared at him with tears in her eyes.

She knew that he was looking down on her again. She wanted to cry, but she held it in.

“Didn’t you say that I was a rice weevil? where is the bone?” she bit her lip.

After saying that, she was really angry. She sat there without saying a word and lowered her head.

That beautiful European face had the dejection of an eight-year-old girl, which was funny and annoying at the same time.

ye mulin had wanted to mock her a little more, but he did not expect her to actually cry ...

tears fell drop by drop, the bean-sized ones. her skin was sensitive, and soon her face was all over the place.

Chapter 3278: bully her when you love her (4)

Ye Mulin stared at her disfigured face and then at her tear-stained face.

his face was still expressionless. ” do you cry whenever you encounter something? ”

She first lowered her face and bit her lips,”yes, I only know how to cry, Yingluo.”

Then, as if she had gathered energy, she glared at him. you’re not happy to bite me? ”

the ye family’s eldest son was stunned for a moment. he probably didn’t expect her to be so unreasonable even when she was crying. couldn’t this woman act a little coquettishly? what a waste of her face.

His face darkened, and then he leaned over to look into her eyes.

...

It was red, like a little white rabbit that had been bullied.

Ye Mu Lin stretched out his hand to rub her face, and she started to cry again.

Ye Mulin stared into her eyes and finally bit her soft cheek ...

Soft and tender, he had never done this before.

but the taste was not bad.

With just one mouthful, he looked up, his voice extremely hoarse. "i've already bitten it."

she was in a daze and only came back to her senses after a long time. " i cried and you bit me! "

His words were filled with disbelief.

Ye Mu Lin laughed softly and reached out to caress her face. "didn't you ask me to bite you?"

"You're bullying me!" She glared at him with red eyes.

"yes, i did bully you. are you going to bite me?" there was an obvious smile in his words.

bai xiuli knew that he was up to no good, but she wasn't willing to give up. she gritted her teeth and took a bite on his face. looking into his eyes, she said, " I also bit it." he had a 'what can you do to me' look on his face.

ye mulin lowered his eyes. their faces were right next to each other, and she could see how long his eyelashes were.

It seemed to be one centimeter long and very beautiful.

ye mulin, pretty?

Bai suili wanted to step back, but a hand pressed on the back of her head. The hand was strong and warm.

She was shocked, and her body trembled unconsciously.

he slowly moved forward and was stuck in the middle of her body.

It was very embarrassing.

Her lips were still on his face, and her eyes were wide open.

ye mulin turned his face and slowly wiped her lips. only those who had kissed him would know the feeling of his lips being wiped by his pores.

finally, his lips touched hers.

he didn't kiss her immediately. instead, he pressed his lips against hers and stared into her eyes."i'm kissing you now. is that considered bullying?"

Her entire body was trembling, and her eyes were wide open. Every time he said a word, his lips would brush against hers, and she had never felt this way before. It was as if an electric current had passed through her body, and she would die if she continued.

he couldn't help but swallow his saliva.

her white and tender neck moved a little.

ye mulin immediately decided to give up on her lips and instead kissed her along the sliding motion ...

When he did this, Bai Sulli moved uncomfortably and kicked him a little, almost falling down.

one of his hands was wrapped around her waist to hold her in place. his thin lips gently nibbled her neck and kissed her artery.

It was like a feather, but it was also like warm water that surrounded her and stirred up a storm.

bai sulli bit her lip, feeling uncomfortable but also eager. she hugged his black head with both hands and pulled his hair ...

He was clearly in so much pain, but he seemed to not care and continued to kiss her.

after a long time, he finally had enough. he moved his lips to hers and chuckled.””i’m going to get serious now.”

Chapter 3279: bully her when you love her (5)

She widened her eyes and glared at him.

under her gaze, ye mu lin kissed her lips gently.

While she was in a daze, he effortlessly pried open her mouth and their lips intertwined.

She didn’t have the time to savor it and could only look at him in a daze.

At this moment, ye Mulin’s eyes were closed. His expression was intoxicated, and every line of his expression was gentle.

was this the violent man who would use violence and hit her on the butt at any time?

...

Also, what's with the electric current in my body?

How could she have feelings for a man who despised her and called her a rice weevil all day?

no, it definitely wasn't!

The kiss finally ended.

after ye mulin finished kissing her, he looked at the dazed little girl and his voice regained its calmness."did you learn it?"

"ah," she asked,"kissing?"

He smacked her on the butt. I meant washing the clothes.

"No, shouldn't we kiss?" she said after a long while.

He moved closer to her and asked in a very low voice, " "you want to kiss me?"

"No," Bai Xiuli shook her head.

She glared at him again. you Rascal.

his fingers were still gently rubbing the back of her head as he smiled. " "a rascal doesn't know how to coax a crying little girl."

Bai suili's eyes widened again. are you trying to coax me? "

"you don't cry anymore, right?" He was unbelievably gentle, whether it was in his voice or his expression.

the millet worm was really coaxed by him. it was embarrassed, and its entire body was rippling with love.

Her face suddenly turned red, and just as she was about to speak, he slapped her again, ” “Do you know how to wash clothes?”

she shook her head, her voice like a mosquito.”there’s no will.”

“You’re so stupid!” he carried her down and smiled. ” “I don’t know how you became my wife.”

The rice weevil was angry. He had clearly forced himself on her.

she lowered her eyes again and didn’t say a word. her eyes were red.

“Don’t cry. If you cry again, I won’t be kissing you. I’ll beat you up.” He said in an extremely good mood.

bai xue li was angry, but she didn’t dare to say anything. she could only stand beside him, silently biting her lip.

Ye Mulin switched the washing machine to automatic drying mode and explained the operation to her.

Three times in a row, he had asked her if she knew how to do it, and she had said no.

ye mu lin placed his hands in front of his body and glared at her. ” bai sulli, what is your brain made of? don’t you think that your iq is low? ”

“if you think i’m stupid, then just divorce me.” She said in a low voice, and as she spoke, she carefully looked at him.

he lowered his head again.

that little look made him both angry and amused.

in ye mu lin’s world, almost everyone was an elite.

it went without saying that his father came from a prestigious family. his mother was well-versed in music, chess, calligraphy, and painting. she was also a good laundry maid. although mu bai was in the entertainment industry, no one knew that he was very accomplished in music. he was also a well-known behind-the-scenes author.

He didn't have many friends, but all of them were accomplished.

Was such a rice worm really produced by the Bai family?

he remembered that her cousins were all extraordinary.

"it's not easy to be this stupid!" ye mulin suddenly sneered.

"are you laughing at me?" she widened her eyes.

"It's obvious, isn't it?" "Should I be glad that you can understand me?" he asked with a dark expression.

Bai Xiuli was furious. She kept repeating, ""If you don't like me, then divorce me. Who was the one who hugged and kissed me so intoxicatedly just now?"

Chapter 3280: bully her when you love her (6)

ye mu lin looked at her and smiled."Don't you know that men are all lecherous?"

She ignored him and wanted to leave, but he easily held her body with one hand and said in a low and hoarse voice, " "you haven't even learned how to wash your clothes and you're already thinking of running away?"

"Wash it again and let me see," Bai suili glared at him.

He raised his hand to look at his watch and frowned, looking impatient. "bai xue li, do you think that everyone has as much free time as you?"

“then what do you want?” she looked at him.

He didn’t say anything and took out the clothes that had been dried. There was a bathrobe and a few of her undergarments.

...

When his wheat-colored skin was protecting her little cuties, Bai Sulli’s face turned red and she snatched it over. “i’ll put it down myself.”

“change your clothes and come out with me!” he said hoarsely from behind her.

“I’m going to stay at home and rest,” Bai suili suddenly turned around.

ye mulin glared at her.

“i’m tired,” she said, lowering her neck.

“Shouldn’t you compensate me for throwing my phone into the water?” he said with a dark expression.

“Go and buy it yourself!” She glared at him.

however, ye mu lin only looked at her and she gave in in the end.

after changing his clothes, he went downstairs. mama ye was already eating. ye mulin had a bag in his hand. inside the bag were the hotel bathrobes.

seeing her come down, mama ye stood up and said with a smile, ” ” mulin said he’s taking you out for dinner, so i won’t keep you. have fun. ”

Bai suili wanted to vomit to death. He was really shameless. He clearly wanted her to compensate him for his phone.

petty and vicious, he still had the nerve to despise her all day long.

After Bai Xiuli was done complaining, she replied to Mama ye with a fake smile, "mom, i will."

"Good girl," Mama ye said happily.

"by the way, don't be reluctant to spend money when you go out." mama ye thought about it and went straight back to her room to get a card for her. "There's 10 million Yuan in here, it's all given to me by the brothers. You can take it and buy what you like. If it's not enough, you can take more from me. the password is the last few digits of the card number."

bai suili's eyes were bright. "thank you, mom."

"then we'll be leaving first." she held ye mu lin's hand after she was done.

Mama ye sent them out with a smile.

when she reached ye mulin's car, she waved the card."i can buy ten phones."

His cell phone was a high-end custom-made one that cost hundreds of thousands. Now that his mother gave her ten million in one go, she was happy just thinking about it.

however, she was only happy for a short while before her card was confiscated by a certain someone. "Let me take care of this."

"what right do you have to deprive me of my right to be a rice weevil? it's so hard for me to be the ye family's daughter-in-law. you can't possibly not give me any benefits, can you?" bai suili cried out.

Ye Mu Lin slowly put the card into his pocket and looked at her deeply. "The toughest time for you is at night. Didn't I give you your pocket money?"

"mom gave this to me," she said, glaring at him.

“i’ll keep it.” ye mulin reached out and pinched her face.

he would not forget that mu bai also had a share of the money.

If she wanted to spend money, she could just take it from him. There was no need to spend mu Bai’s money.

but how could the ye family’s eldest son let bai suili know about his thoughts? he quickly started the car.

The rice weevil sat beside him and bit his fingers in boredom, angry and frustrated.

after a while, she stretched out her hand and looked at the huge pigeon egg on her finger. her eyes turned.”i want to buy a bracelet.”
