

Thank you 3281

Chapter 3281: bully her when you love her (7)

“we can buy them together later.” Ye Mu Lin said indifferently.

“i’m going to spend 10 million,” she emphasized.

The traffic light was right in front of them. He tilted his head and looked at her with a hint of amusement in his eyes. Bai Sulli, don’t you want to spend tomorrow’s money? don’t you feel more comfortable spending every penny you have? ”

“aren’t you the same?” she asked, playing with her fingernails.

“what do you mean i am?” ye mu lin’s voice was a little hoarse and his gaze was gentle. however, she did not see it as she kept her head down.

Bai Sulli was still looking at the beautiful diamond ring on her finger and said slowly, ” “don’t you also spend every ounce of energy you have at night?”

...

she looked up at him and stuck her tongue out at him.

ye mu lin’s face darkened and he reprimanded, ” “you’re a girl, why are you always talking about such things?”

She didn’t make a sound. He was basically a double standard. If he was in the mood, he wouldn’t let her off during the day.

she lowered her head and didn’t say a word. she didn’t know that even when he was reprimanding her, his gaze was gentle.

ye mulin went to the hotel first and returned the bathrobe to her. he also brought a small gift and forced bai sulli to apologize to her.

the hotel staff did not dare to accept it. they all knew mr. ye. he was the eldest son of the ye family, and his wife was from the bai family. they were both people with prominent identities. a bathrobe was not worth apologizing to.

However, ye Mu Lin insisted, and in the end, Bai Xue Li was forced to say sorry unwillingly.

After leaving the hotel and getting into the car, the rice weevil got angry. " why did they give me a small gift, but i never received it? "

ye mulin was focused on driving and casually asked, " do you want my mother's handmade biscuits or a diamond ring that's worth tens of millions? "

Although it was embarrassing, miss Bai still replied honestly, " i'll just reluctantly choose a diamond ring."

As soon as she finished speaking, a bag of beautifully wrapped biscuits was thrown into her arms.

she was a little surprised and turned to look at him.

ye mu lin still had the look of an elite."eat two less pieces."

Bai suili didn't think so. If he said two pieces less, she would eat two more.

However, she regretted it after a while, because his car drove to a restaurant that she especially liked.

Bai Sulli looked at the bag of biscuits that she had eaten nearly 100 grams and gritted her teeth. "Ye Mulin, are you doing this on purpose?"

"you were the one who said you were hungry, and i did make you eat two less." he explained with good intentions, but the expression on his face was not like that.

she was furious, but she couldn't do anything about it. she planned to eat more later, even if she was full.

i'll just drink a few bottles of his '82 lafite.

they sat down and ordered their meals. bai suili was in charge of all the expensive dishes. by rough calculation, this meal cost more than a million yuan.

His heart ached for him!

Ye Mulin put down the cup of appetizer and smiled. "i forgot to tell you, this meal is on you."

"why?" Suppressing her anger, she leaned closer and whispered, 'you want a woman to pay for your meal? Ye Mulin, you really have no class."

he was still calm and composed. " of course, she's different from other women. but when she's out with her own wife, it's better to show her status in the family when her wife pays, isn't it? "

bai xiuli was furious. he did it on purpose.

Didn't he mean that she was not as good as those bitches out there?

she really wanted to get up and leave, but she couldn't afford to lose face.

Not long after this table, he was her sworn enemy, Yingying, whom she had played with since she was a child.

She couldn't let others see her as a joke.

"don't you know how to pay for a meal?" he asked in a low voice.

"yes, but there are conditions." "it all depends on whether you're willing or not." ye clan's eldest son smiled.

Chapter 3282: Bully her if you love her (8)

as soon as ye mulin finished speaking, bai sulli naturally thought of some kind of exercise. for example, he wanted to play some special hobbies and needed her to cooperate with him.

so, she blushed.

ye mulin looked at his wife, who was blushing. he knew what was going on, but his face remained calm.”what are you thinking?”

He moved closer.

thus, the rice weevil’s face turned even redder, and he stuttered, ” “Where can I go?”

ye mu lin moved closer to her face and stared into her eyes.”What I mean is, Yingluo, you’ll wash her clothes in the future.”

...

she widened her eyes.

“wash your hands. wash them clean, okay?” his face was very close to her, and his voice was hoarse. ” dirty underwear will affect fertility. don’t you want a child? ”

give birth, a child?

she bit her lip and looked around. she couldn’t believe that he would bring up such a thing in such an elegant place. wasn’t he extremely strict?

on the night of their wedding, he could still talk to her about the marriage agreement!

He, he, he, he was teasing her now?

Bai suili's eyes were wide open as she looked at the man in front of her.

"Are you dumb?" he chuckled and stepped back, his elite look returning.

"i'll take a shower." "If you don't pay, I'll put chili in your underwear," she said, looking at him.

"if that's the case, i'll share it with you," he said with a deep gaze.

Thinking about the process of sharing, her face turned as red as a chili.

he glanced at her and didn't say anything else. the waiter also served the dishes.

The ye family's rule was that no one was allowed to talk during the meal, so the meal was rather peaceful.

However, the 1982 Raffel did not open it. Ye Mu Lin directly requested, " "Help me save it."

"Yes, Mr. Ye," the waiter replied respectfully.

bai sulli was dissatisfied as she picked up the dessert. " "Are you saving it up to drink it when you're dating a woman in the future?"

ye mu lin's gaze was a little unpredictable. he leaned back and smiled."i don't have time to go on dates with women."

"Then why are you still sitting here and eating?" she glared at him.

"because you're my wife." he said very realistically,"and this isn't a date. you're apologizing to me." also, you'll need my permission if you want to drink in the future. otherwise, i'll feed you chili water if you get drunk."

bai xiuli was furious.

she had never seen such a rude, arrogant, and fierce man. what was wrong with her drinking a little wine?

in the end, she was still f * cked to death by him, and now she was even taking advantage of him.

she glared at him.

Ye Mu Lin smiled. so, you have to be obedient.

She was furious, but there was nothing she could do.

It was only when it was time to pay the bill that she was really angry. The man had eaten everything clean and walked out of the door without any intention of paying the bill.

She still had to give him face outside. She hugged his arm and gritted her teeth.”we agreed that this meal was on you.”

“Yes, it’s my treat,” ye clan’s eldest son nodded.

“So, you want to pay the bill?” she glared at him.

at this moment, the manager said very respectfully, ” it’s like this, Mrs. Ye. Mr. Ye is the owner of our restaurant. He only needs to do the bookkeeping.

Bai Xili glared at ye Mulin.

“Can we go now?” he glanced at her.

She followed behind him and gritted her white teeth. “Ye Mulin, you’re teasing me, right?”

“Yes,” he opened the car door and let her in, admitting to it.

She was still staring at him ...

she was really infuriated!

He only knew how to tease her!

he would not let go of any opportunity!

Chapter 3283: Bully her when you love her (9)

she refused to get into the car. ” ye mulin, you’re too despicable. ”

after she finished speaking, she walked in the opposite direction. she wanted to go home, back to the bai family. she didn’t want to live with such a despicable man anymore.

In the past, it was domestic violence and rape. Now, he even made her wash clothes and had her running around in circles while having a meal.

She did not want to be with him anymore.

She wouldn’t accept any diamond ring, no matter how big it was.

not only that, but she also angrily took off the diamond ring and threw it at him.

...

it hit him, but ye mulin caught it. he held it in his hand and caught up with her in a few quick steps.

She continued to ignore him.

“Are you angry?” ye mu lin’s voice actually had a hint of a smile.

“Yes, I’m angry!” Bai suili turned around and said angrily.

as she said that, she actually felt a little wronged and a little angry at herself.

She said she would turn around and leave, but when he pulled her, she didn’t have that much confidence. It seemed that she could accept it even if he coaxed her.

Just as she thought ye eldest brother was going to apologize, he nodded in agreement. “i’m happy that you’re angry.”

her european-styled eyes were wide open like goldfish, and she felt like she was suffocating.

then, she lowered her head. ” if you don’t like me, you can just get a divorce. ”

she looked like she was about to cry.

Ye Mulin knew that she was really angry and his heart softened.

in fact, he was just teasing her. she usually looked very nervous, but she really couldn’t take a joke.

She coughed lightly. that’s enough. You cry so easily. It’s fine now. If you cry when you become a mother in the future, Won’t You Be laughed to death? ”

she looked up at him and said a little fiercely, ” “if i were to marry a prince on a white horse, even if i’m 80 years old, he would still cajole me!”

His expression was not gentle as he stared at her. “Just like Mubai?”

“Yes,” She didn’t give him any face and admitted it directly.

ye mulin sneered and rudely helped her put on the ring. then, he said with a cold face, ” ” mubai is gentle to women, but he only wants to coax lin sisi when she’s 80. he didn’t even coax you when you cried when you were eight. ”

when bai suili was eight years old, her family wasn't prominent, and she also loved to cry, so ugly.

He was extremely annoyed with her because she was always chasing after mu Bai, saying that he was Prince Charming.

This made ye Mulin, who was almost twenty years old, very unhappy. Was he not handsome?

so at that time, he felt that bai suili was shallow, and from then on, he was not interested in women who liked to cry.

However, he still married her.

she was still as disappointing as before. she still wanted to hang around mu bai all day. she was still a crybaby, a gold digger, a drinker, and a pole dancer. none of them fit the image of a woman in his heart.

but even so, they still slept in the same bed every night.

Just as ye Mulin finished speaking, she really started to cry in the parking lot.

it's really a little ugly, yingluo.

"bai sulli, if you dare to cry again, i'll hit your ass," the ye family's eldest son warned.

"When you hit me, I'll cry even harder."

"if you continue to cry, i'll rape you right here."

"As long as you're not afraid of being on the news."

what are you talking about? " he sighed. didn't you say you were going to buy a bracelet? "

the crybaby finally looked up and blinked his teary eyes.”really? You’ll pay? And you’re not allowed to use the money mom gave me. ”

he patted her face lightly. ” i’ll pay. ”

His wife miraculously stopped her tears.”you’re willing to pay any price?”

“shallow!” ye clan’s eldest son’s face immediately darkened.

Chapter 3284: Bully her when you love her (10)

“Pay for your own phone too,” she said, looking at him.

ye mu lin’s gaze was deep.

Only then did the crybaby whisper, ” I’ll pay. I’ll pay. But don’t think I’ll buy those expensive ones. At most, I’ll buy the new Apple models.

Ye Mu Lin smiled lightly. Bai Xue Li, I’m willing to spend money and effort on you.

the word “hard work” made her blush. she glared at him and got into the car without a word.

Anyway, she was stingy and would not buy him a phone that cost hundreds of thousands.

...

Her mother used to say that men didn’t need to wear anything good. Little girls would just cling to them.

Especially for someone as young and promising as ye Mulin, who knew how many young ladies would throw themselves at him.

The more she thought about it, the scarier she became, and the more she felt that she couldn’t let him out to attract bees and butterflies ...

it was fine if his people were gone, but he couldn't take his money away.

no matter how much she thought about it, she felt that her husband would not be able to dress up gorgeously.

She looked at the man beside her and snorted softly.

Ye Mulin did not know what she was thinking about. He started the car and arrived at the GM square in a short while.

In the most luxurious and luxurious place in B city.

The first thing he wanted to look at was his phone. Of course, the rice weevil was not willing to. If he was given a ten thousand gun, how could he bear to bleed?

hence, she dragged him to a counter and looked at the bracelet that she had been looking for a long time.

Actually, in the eyes of a straight man like ye Mulin, these things all looked the same, especially if they were from the same brand. They were mostly the same. But for some reason, these wealthy ladies would try their best to plant grass and buy each and every one of them, as if they were loyal fans of the brand.

he let out a long sigh as he saw the rice weevil staring at the bracelet with shining eyes.

She seemed to know what he was thinking. Her eyes were still fixed on the bracelet that was worth tens of millions, but she said to him, "you don't understand. it's just like you men's shirts. they look similar, but there are still differences."

ye mu lin looked at her and laughed coldly."You're very reasonable?"

"Wouldn't I be crazy if I tried to reason with a lawyer?" She stared at the bracelet and slowly put it on her hand. "I'm just chatting?"

after she put it on, she gasped. " it's so beautiful. "

hubby, isn't it beautiful? " she hugged his arm. please buy it for me.

she was already so old, but she still made such a cute expression to him.

Ye eldest brother actually despised it from the bottom of his heart, but there were so many people watching at the side!

She did it on purpose.

she was afraid that he wouldn't buy!

He smiled. you like it? "

She grunted in agreement.

ye mulin raised his hand and looked at it. " this won't do. "

"Why?" The rice weevil was about to explode, but he endured it with tears in his eyes.

She had wanted to buy this for a long time.

Ye Mu Lin looked at her and smiled."Change to another style! This one won't do."

She stubbornly wanted this.

In the end, ye Mulin coughed lightly. because my wife has an identical one. Shirley, are you sure you want to buy the same one as her? "

She was stunned for a moment and then blinked.

She digested his words in five seconds and then looked at the sales assistant's strange look.

f ** k, he did it on purpose!

He misled others that she was a mistress!

He was too despicable.

Bai Suili had been pampered since she was a child, and when her temper flared up, she took off the bracelet and said, "I don't want it! I've been blowing on it for the entire night and I can't bear to buy a single bracelet for you!"

This time, Ye Clan's eldest son's face turned completely black!

Chapter 3285: Bully her when you love her (11)

He glared at his wife.

Buy it," Bai Suili said in a low voice. I'll clear your name for you.

He glared at her for a few more seconds before he said to the staff, "Wrap it up."

After she finished speaking, she looked at her, meaning that she should clarify.

However, Bai Suili nibbled on her fingers and laughed, "Thank you, Mr. Ye. We'll continue playing tonight!"

In the end, he swiped his card and walked straight ahead, completely ignoring her.

...

The rice weevil was carrying a beautiful box. The box was shiny on his hands, fingers, and neck.

it was really good to spend her husband's money.

In the past, although she was used to spending extravagantly in her maternal family, her father would always scold her for not giving birth. This kind of high-profile outside would sooner or later cause trouble.

She didn't believe it.

hehe, wasn't she doing fine now?

Now, ye Mulin didn't hit her much anymore. He was a little fierce at night and liked to make her cry before he stopped. However, his skills were really not bad, Yingluo.

moreover, his genes were so good, and he thought that she was stupid. when he gave birth to the child, he would definitely not allow her to ask about it. wasn't she just as happy as she was now?

bai suili suddenly realized that there were many advantages to marrying the ye family's eldest son. besides not being as gentle as mu bai, the other shortcomings were simply advantages.

for example, if he wasn't interested in women, he wouldn't give his money to irrelevant women to spend. or if he didn't have a woman outside, he would have the energy to take care of the child.

She thought about mu Bai, who had a large number of crazy fans outside. What if he irrationally hurt her?

she thought about it and felt that it was better for huahua to adapt to reality. besides, she had been toyed with by ye mulin, so she wouldn't be as popular if she were to marry again. seeing that his wallet was quite big, she still held on to his huahua's wallet tightly.

As for the laundry, if she did not do it well, he would not let her do it!

bai suili thought shamelessly, her face full of confidence.

Ye Mulin was waiting for her at the elevator.

She chased after him, and he silently pressed the button.

Standing inside together, the rice weevil was just about to say a few words of flattery when he quietly said, "didn't you say that you've been bragging all night? let's start tonight.

What do you mean by "what"?

She looked at him in the mirror on the elevator wall, her face full of fear.

ye family's eldest son reached out and pinched her chin, smiling profoundly, "i'm looking forward to it!"

his eyes were still on her small mouth, and his slender fingers gently touched her velvet red lips ... it was very ambiguous.

He leaned over and looked into her eyes, his dark eyes meeting her big eyes. I heard that all men like this. I wanted to try it, but I didn't want to because I was worried about you. But now that you've asked for it, I'll make a sacrifice.

as he said this, her eyes widened, and she only managed to squeeze out a sentence after a long time."you're shameless."

he pinched her cheek. "rice weevil, is my money so easy to spend? Don't you have a comparison between me and Mubai?"

She blushed immediately,"Yingluo is, is Yingluo."

"Are you a worm in your stomach?" he sneered.

he stood up and looked at her stupid face. "The word" greedy "is written all over your face,"

"If you don't like her, then just divorce her." "there's a long line of men who want to support me from here to France," she said in a low voice.

“the France don’t know about your bai family’s reputation.” “In France, you’re worth 200 dollars at most!” He continued to sneer.

Chapter 3286: bully her if you love her (12)

she was furious.

but when it came to bickering, how could she be a match for a lawyer?

she decided not to say anything and followed him to buy a phone with a cold face.

she thought that he would want to buy the expensive custom-made phone, but she didn’t expect him to go straight to the apple experience store. it only took him two minutes to pick two, and he raised his eyebrows to let her pay.

“why did you buy two?” bai sulli took the list and complained.

“it’s only 20000 yuan, and you still want to haggle over it?” His voice was faint.

...

in the end, the rice weevil gave in and went to line up with the bill. there were quite a lot of people here as it was a mobile phone store. there were about 20 people in the long line in front of her. she was very impatient. if it was in the past, she would have asked the manager to clear the place. however, now that ye mulin was here, she did not dare to be arrogant.

she didn’t know when he had lined up behind her. she turned around and glared at him, not saying a word.

Then, she leaned into a strong and warm embrace, and he supported her with his hand.

The rice worm was stunned.

the rice worm was a little overwhelmed by the favor.

f * ck, is ye mulin having a fever? is that why he's so considerate?

He pressed against her body and said in a soft voice, " "be natural, there was a lecher standing behind you just now."

bai xue li's body froze.

He thought she was frightened, and after a long time, she turned to look at him. "You mean, he's pointing his weapon at your ass?"

"then should i step aside now and let you do it?" his face darkened.

she screamed and quickly wrapped her arms around his neck."i don't want to."

Ye Mulin lowered his eyes and looked at her hugging his neck with a look of reliance.

Her heart suddenly softened ...

even if she didn't have any good points, even if she really had a lot of shortcomings, he still felt that she was his wife when she hugged him like this.

He lowered his head and kissed her on the forehead as he quietly stood in line.

When the payment was made, the rice weevil automatically took out his wallet and swiped the card. Of course, it was the card that ye Mu Lin gave her.

Back in the car, he opened the package and put it into the card. Then, he took her phone and removed the card.

"Ye Mu Lin, what are you doing?" Bai suili was anxious. this phone of mine is embedded with diamonds, which are worth hundreds of thousands of yuan. i don't want to use this."

“i need to keep a low profile. You’re not allowed to use such superficial and exaggerated things in the future.” He threw her phone into the trash can outside. (she had completely forgotten that he was the one who bought the tens of millions of yuan she was wearing.)

bai suili heard the sound of her heart breaking-

F ** k, the little bit of good impression she had of him before was gone in an instant.

she would like to reiterate that ye mu lin was the most detestable man in the world.

there was no other!

she was angry, but he was in a good mood. when he started the car, he said, ” ” i still have a meeting to attend, so i’ll go back to the company first. we’ll go home together at night, and you can catch up on some sleep in the afternoon. i seem to have some promises to fulfill tonight. ”

Bai suili bit her lip. I’ve never seen anyone more shameless than you. Ye Mulin, I don’t know how to brag.

“you don’t know how to, or you don’t want to brag for me?” His voice was calm, as professional and serious as if he was discussing a case. ” if you don’t, we can watch the tutorial together. if you don’t want to, i’ll convince you. or do you prefer me using force? ”

The rice weevil patted the window. I want to get off! Ye Mulin, I want to divorce you.”

with a faint smile on his face, he held the steering wheel and focused on driving, treating her like a child who loved to cause trouble.

Chapter 3287: bully her if you love her

bai suili patted for a long time, but no one paid her any attention.

She could only be angry and angry.

She glared at him, but her lawyer husband didn't care at all.

Hence, the rice worm flew into a rage, "Ye Mulin, I won't brag."

"we've just discussed it." He turned to look at her and gave her a comforting smile. "i will convince you."

she was still angry. since when did things between them get to this point?

...

the rice weevil thought to himself, 'anyway, i'm not bragging.'

the ye family's eldest son glanced at her and laughed silently.

When his car arrived at the lobby of the law firm, the shiny golden signboard made her feel dizzy.

I don't want to go up, " she said. I'll take a taxi home.

"Don't be stubborn. Get out of the car." Ye Mulin stared at her.

she continued to hang on. in the end, he sighed. "You like it when I carry it up?"

bai suili got out of the car, and the door slammed loudly. Ye family's eldest son didn't care too much and looked like he doted on her very much.

when he arrived at the office, his secretary first saw the legendary female lead and took a deep breath. then, he sent a message to his colleagues-

the boss had brought his wife to work.

oh my god, what a loving couple!

if it wasn't enough at night, he could make up for it during the day!

Ye Mu Lin gave his Secretary a warning look.

the secretary didn't dare to say anything. she forced a smile and coughed."Lawyer ye, you have a guest."

ye mulin paused. " have you made an appointment? "

"no, but i think you'll meet yingluo." "It's lawyer Ai Wei." The Secretary's expression was complicated.

If lawyer ye was the upstart of the legal industry in City B, then lawyer Ai Wei was the Chinese lawyer who was doing the best in new York. She was also a beautiful and beautiful Junior Sister of lawyer ye. She had heard that she had a good time in New York.

Of course, no one dared to say this in front of Mrs. Ye. However, women were like secret agents to potential love rivals. Their sense of smell was as sensitive as a search and rescue dog.

the rice weevil looked at the secretary and then at ye mu lin."you won't see anyone without an appointment, right?"

ye mulin's gaze landed on the little secretary and he said indifferently, " Please bring lawyer AI to my office."

"What about me?" bai suili's voice lowered, a little aggrieved and angry that she didn't know.

She knew it was work, but she was sure that there was an affair outside of work.

Ye Mu Lin's gaze shifted to her face and he stared at her for a few seconds before he made a decision."You can take a taxi back."

“ye mu lin.” “what do you think i am?” she glared at him.

she dragged her tired body to eat with him, buy a mobile phone with him, and then accompanied him to work. now that there was an unruly woman, he had to send her away.

she didn’t want to.

She wanted to see which Vixen had ideas about him.

Soon, she saw the lawyer, Ai Wei.

Ai Wei walked out of the reception room. She had a slender figure, was dressed in a very proper suit, and had her hair tied up.

Her whole body was wrapped up tightly, but she exuded a high-class sexiness. At least, a rice worm still had this bit of aesthetic sense.

she glared at the guest and then at ye mulin.”are you sure you want to see her? you made an appointment with me first.”

“You mean what happened last night?” ye Mulin’s voice was a little hoarse.

she did not make a sound.

Ye Mulin frowned. you go home first. I have something important to do. Be good.

“I just don’t listen.” “You were the one who asked me to come,” she said angrily.

ye clan’s eldest son would naturally not be manipulated by a woman, especially a rice weevil. he said with a cold face, ” “Secretary li, call the security over and ask miss Bai to leave.”

Miss Bai!

Tears welled up in Bai suili's eyes, but she didn't cry. Instead, she raised her chin, " yes, my surname is bai. i might not be worth 200 yuan in France, but in B city, i'm not going to let you do whatever you want to me. "

She was so angry that she pulled out the ring, bracelet, and necklace he had given her. She didn't want them anymore and threw them all at him.

ye Mulin, I hereby announce that I don't want you anymore. To hell with your rape, domestic violence, marriage agreement, and all that nonsense. Save them for other women!

"my surname is bai, i'm called bai sulli, and i'm also the miss bai you mentioned." She tried her best to hold herself back. I'm not good, but I didn't beg you to marry me, and I'm not a cat or dog that you can call and wave at your will. I've endured enough. I've never washed clothes, never arranged flowers, never made tea, and picked grass and mud. What kind of life have I been living after I married you? I hate this life. Now I can be free. I'll sleep with your mistress and fly away. I'll move a bed for you."

She then looked at Ai Wei. lawyer AI, right? congratulations, his family just happens to be lacking a nanny. He also has ye Mulin's exclusive prostitute. You can have her if you like!

As soon as she finished speaking, she was slapped in the face.

it was ye mu lin.

"Apologize," he said. His voice was stern!

Chapter 3288: ye mulin, whoever regrets is a bastard (1)

"absolutely not." She stared into his eyes. I'm miss Bai. Why should I apologize? "

Then, she laughed softly. lawyer ye, why aren't your security guards here yet? are you going to throw me out yourself if they're not here? "

"There must be a limit to Bai suili's unreasonable tantrum!" His face was stern.

she blinked and asked, 'am i being unreasonable? no, ye mulin, you've never treated me as your wife. i'm just a tool to please you. i'm shallow, i'm just a rice worm that relies on others to survive. but, i don't have to have you to live, ye mulin.'

She took a step back and said in a choked voice, " "Even if it's 200 yuan, it's still better than being beside you in luxurious clothes!"

After she finished speaking, she used all her strength to slap his face. The sound was very clear.

...

she said, " i'm feeling good. "

Ye Mu Lin did not move at all.

there were soft gasps all around. oh my god, lawyer ye was beaten up.

"ye, i'll come back another day. you take care of your family matters first." ai wei smiled.

ye mu lin's gaze was fixed on bai xue li, and his voice was very calm,"No need!"

"Secretary li, please bring lawyer AI to my office," he said, raising his voice.

Secretary li was still a little hesitant because she also felt that lawyer ye was a little unreasonable.

they had just gotten married. they couldn't let bai suili leave just because lawyer ai came. they could discuss things in the small meeting room outside. moreover, it was good to let bai suili stay in their secretary's office. lawyer ye was a little too chauvinistic. to put it bluntly, he was like the final stage of straight men cancer.

Moreover, Bai suili was in such a state now. Did he still want to see lawyer AI?

So after weighing the pros and cons, Secretary li still spoke up for Bai Sulli, " "lawyer ye, why don't we listen to lawyer ai?"

“Didn’t you hear what I said?” ye Mu Lin’s voice was cold.

secretary li gave bai sulli an apologetic look, and bai sulli felt even more sad.

Even a Secretary sympathized with her, but ye Mu Lin had never considered her feelings.

This woman called Ai Wei was looking at him differently. Did he think she was blind?

however, bai suili wasn’t a lovestruck woman, so she didn’t mind him being like this.

she took out the card he had given her from her wallet and threw it in front of him. then, she took out the new phone that was the same as his. she looked at it and felt like crying, but she didn’t cry in the end.

he took out the card and smashed the phone on the ground.

It shattered.

There was a fragment that scratched her face, and it hurt a lot ...

She looked up with tears in her eyes. ye Mulin, it’s over. I’ve returned everything you’ve given me. If you’re a man, then don’t pester me. If you’re a man, then remember how you treated me today. I, Bai suili, am willing to find anyone, and I will never go back to you.”

after she finished speaking, she smiled lightly and turned to leave.

she walked very quickly and her shoes were high, so she twisted her ankle after a few steps.

It was very painful.

she knelt down, took off her high heels, and walked forward without looking back.

there were more than a dozen men and women standing in the office, and they were all looking at bai sulli with admiration.

Because no one had ever dared to treat lawyer ye like this, stepping on his face.

however, it felt great!

Secretary li smiled. "Lawyer AI, please."

ai wei's gaze landed on ye mulin's face, but he did not respond. she forced a smile and followed secretary li in.

Chapter 3289: Ye Mulin, whoever regrets is a bastard (2)

At this time, Bai Sulli had already walked to the door of the office. Ye Mu Lin's deep voice rang out, "Don't you regret it?"

"Whoever regrets it is a bastard!" she turned around and threw the shoe in her hand at him as she roared.

the entire office was buzzing and ye mu lin's head was hurting.

He knew her personality. It was true that she was superficial and a rice weevil, but she was still a member of the Bai family.

She always had the confidence to disregard everything.

She said she was going to leave, she said she would be a bastard if she turned back, she really would.

...

but he didn't want to spoil her like this. the women of the ye family had never had a temper, and they didn't allow her to have such a big temper.

why couldn't she be as understanding as his mother?

there was nothing between him and ai wei, and bai sulli said such embarrassing things based on her little speculation?

he could not indulge her.

However, it would be a lie to say that she didn't feel anything at all. After all, she had thrown away everything that he had given her.

He had deliberately chosen the same model of mobile phone, but she had also smashed it mercilessly. Just like their marriage, it might have never been a big deal to her. The only thing she cared about him was probably money.

however, a voice in his heart told him that it was not like that. if she had her eyes on his money, she would not be so angry today and would not be acting like a child.

he picked up her jewelry, the card, and her high heels from the ground and handed them to secretary gao. "find a paper bag and help me pack it."

He thought that even if she was angry, she would still come home.

She did not dare to return to the Bai family. If she dared to file for a divorce, her father would be the first to not let her off.

ye mulin laughed at himself. he was not sure about her feelings, but the restraints behind her.

no matter what, he still perked up and went to see ai wei.ai wei was a chinese representative representing a company in san francisco, and he had a multinational corporation behind him. the amount of benefits was huge, and ai wei was a very strong opponent. he had to go all out.

when he walked into the office, secretary li made tea for him, looked at them carefully, and then left.

Ai Wei sat on the single-seater sofa and sipped her tea very elegantly.”night, you came in two minutes later than i expected.”

She raised her eyebrows and asked,”was that your new wife?” It’s a little different from what I imagined.”

ye mulin sat opposite her and took a file. his voice was cold. ” ai wei, don’t try to find out anything!
”

“I’m not spying, I’m just sympathizing.” ai wei smiled lightly. ” i remember when we were interning in new York. at that time, you hated hysterical women the most. you thought they were stupid. i didn’t expect you to be cowardly. ”

She was very polite and did not finish her sentence.

“Lawyer AI, I don’t need you to care about my personal matters.” Ye Mulin’s eyes were cold.

Ai Wei’s leg moved in another direction, and her expression softened.”ye, i was once your private matter.”

the past, represents the past. “let’s begin!” he said in a light tone.

Ai Wei couldn’t do anything to him since he was unreasonable, so they started to discuss the details.

However, ye Mu Lin was multitasking.

back then, why did he have a short relationship with ai wei?

Because she was smart.

because he wanted to make sure that he liked a smart woman, and not a superficial fool who kept asking the magic mirror who was the most beautiful woman in the world.

Chapter 3290: Ye Mulin, whoever regrets is a bastard (3)

At that time, he chose the most outstanding Chinese woman in the school to date, and it only took him three days to get her to agree to it.

However, he soon realized that it was more boring to be with a smart woman.

Because they were always self-righteous and bored to death.

ye mu lin and ai wei's relationship had only lasted for two months. this was his limit.

Because other than a light kiss, he couldn't force himself to go any further, so he proposed to break up.

This was a huge blow to Ai Wei. For a long time after that, she hated him to the core and treated him as her strongest opponent.

...

To ye Mulin, this was boring. He had never felt that personal feelings should override reason.

he felt that ai wei had lost her mind, but he had never thought that it was because ai wei liked him.

However, no matter how much she argued, they still became strangers who had no interaction with each other until now.

Ye Mu Lin was a little lost in thought and AI Wei could naturally tell. She closed the document."Let's stop here for today."

she stood up. " ye, long time no see. old classmate, do you want to give me a lift to wash away the dust? "

he looked at her.

Ai Wei smiled. are you afraid? don't worry, lawyer ye. You know quite a few of them. You should be more than happy to have a meal together, right? or are you worried about your Mrs. Ye? ”

ye mulin lit a cigarette. ” give me the location. i'll go there directly tonight. ”

“I'll send you a WeChat message,” Ai Wei smiled faintly. oh right, i don't have your wechat yet.”

ye mulin allowed her to take a look, but he was a little dazed when his gaze landed on the phone.

he remembered that they had been so good when they had bought phones together in the afternoon. but now, they had gotten into such a big fight over a small matter.

His heart was in a mess, and he rubbed his forehead with his finger.

Ai Wei added her friend after scanning the message. I'll send it over. I'll be leaving first.

she left without hesitation, leaving ye mu lin alone in the office. he sank into the sofa and let out a long sigh.

her mind was in a mess, and it was filled with the rice weevil's harsh words: Ye Mu Lin, whoever turns back is a bastard!

He sneered. She had a backbone.

At this moment, Secretary Gao opened the door carefully. lawyer ye, these are the things you asked me to pack. They are all in this bag.

Ye Mu Lin walked over and asked,”That broken phone is in there too?”

“yes,” secretary gao nodded,”they're all inside, but ran ran ...”

“The bracelet is broken,” she said softly.

Ye Mu Lin was stunned for a moment.

It wasn't because he couldn't bear to part with the money, but because he had a bad feeling. It was originally on Bai Sulli's hand, but now it was broken. He always had some bad thoughts in his heart.

he waved his hand to let the secretary leave. he took the things and looked at them, especially the broken part.

It could not be repaired.

ye mulin's heart felt as if it had been pierced by a needle. it was painful and itchy. this strange emotion was not comfortable.

He was a little repulsed.

after a long time, he let out a long breath and called his mother.

mama ye picked up the call immediately after her afternoon nap. "mulin?"

"Mom, I won't be back for dinner tonight," ye Mulin replied.

mama ye thought that the couple was being romantic outside, so she did not think too much about it and instead tried to cheer them up. "Alright, I'll cook for one person."

"Is Shirley back?" ye mu lin suddenly asked.

"Didn't you bring her out?" the night matriarch asked, puzzled.

"I have work to do, she left first." ye mulin did not tell his mother about the dispute. Shirley, give me a call when you come back.
