

## Thank you 3301

Chapter 3301: you're really willing to leave me, huh? 1

ye mulin looked at his mother and said in a calm voice, " "She doesn't mind this."

Mama ye wanted to flare up, but she had always been gentle. In the end, she only said, " "you're so nice, shirley. you look so sad. "

"Did you really cry?" ye Mulin asked again.

mama ye sighed. " mulin, you're just hoping that she'll cry, right? "

ye mulin did not say anything else and headed upstairs.

He walked to the master bedroom and opened the door without knocking.

...

his rice weevil was lying on the bed with his back facing him. he was probably sleeping.

He was a little disappointed. His mother said that she had cried, but he thought that she cared.

He walked over gently and sat by the bed to see her, only to see her wiping her nose with a piece of tissue.

He really cried?

He leaned over and saw that she was really crying. She was crying with snot and tears.

Ye Mulin felt an indescribable joy in his heart. Like a child who had bullied a little girl, he did not comfort her. Instead, he turned her around. didn't they say that whoever regrets is a bastard? why, is the little bastard crying now? "

“yes, of course i’ll cry when my spouse dies.” Bai suili took out a tissue. ye Mulin, get lost.

He didn’t leave, his face dark.

she flew into a rage, got up, and threw the tissue box at him. ” “get lost, you hear me, you cheating man.”

He stared at her for a long time before he slowly said, ” “you’re so angry because of ai wei? Didn’t you say you wanted a divorce and that whoever regrets it is a bastard? why are you angry?”

She buried her face in the blanket and ignored him. After a long time, she finally squeezed out a sentence.”Let’s get a divorce.”

he looked at her for a long time before saying softly, ” Bai Sulli, other than being a rice weeper, you’re also a coward. You like me, but you don’t dare to admit it? ”

Bai suili immediately got up from the bed and glared at him. “I don’t like you.”

“Is that so?” He dragged out his words and pinched her face.”Then why are you crying like this? is mubai ignoring you, or is he not willing to give you money to spend?”

bai xiuli was furious. she slapped his hand away and said, ” “it’s none of your business, i just like to cry.”

she sat on the bed and wiped her face with a tissue. after she was done, she threw it on the bed.

her tears still fell.

She could still remember the shock she felt when she saw the photo. She saw her husband and first love looking at each other affectionately. How could she stand it?

bastard, bastard!

Ye Mulin just looked at her, at her ugly and dirty crying.

In fact, he was a very busy man with a lot of work. He usually got off work at nine O 'clock. Even if he came back early, he would read some legal documents. But now, he was wasting his time and life by wiping her tears.

he didn't comfort her when she cried and just sat by the side.

bai suili had cried enough. she gritted her teeth. "you adulterous couple. ye mulin, i want a divorce."  
"

He looked at her and only smiled. To be more outrageous, he was smoking a cigarette.

She was furious. did you hear that? I want a divorce.

"I heard it." His voice was very slow as he leisurely smoked.

When she was almost done, he looked at her. "you really want a divorce?"

"yes," She glared at him.

"it's fine if you want a divorce, but you have to think it through." ye mulin's voice was very calm.

he stubbed out the cigarette and pulled the dirty rice weeper into his arms.

Chapter 3302: You're really willing to leave me, huh? 2

bai suili fell into his arms and glared at him, "what do you want to do?"

"I'm not doing anything. I'm just telling you the consequences of leaving me." he lowered his head and looked at her small face that was swollen from crying.

to be honest, her face was not the type that he liked the most. he preferred classical facial features, but she had a european face with sharp eyes, big nose, and a small nose ... he secretly thought that she looked like a monkey.

it was undeniable that this was a mainstream superficial beauty.

she didn't appreciate it at first, but now that her little nose was red from crying, it made her look a little more lovable.

ye mu lin lowered his head and rubbed his nose against hers. if you leave me, there might be a lot of seductresses around me. What I do with you, I might do it with someone else. For example, that lawyer Ai Wei that you care so much about.

...

Bai suili glared at him, and every word he said brushed against her lips.

She was obviously seducing him.

she tried her best to glare at him.

He chuckled and trapped her with his long arms and legs, pressing his forehead against hers."You want me to hit her P \* s? do you want me to do what we do? Kissing you like this, huh?"

as he spoke, he even kissed her gently on the lips, gentle and seductive.

bai suili cried and forgot to cry-

f \* ck, this old man was really good at seducing people, but no matter how much he seduced, it couldn't change the fact that he had gone out to have an affair.

wasn't he very busy? if he didn't do anything wrong, why did he come home in broad daylight to coax her?

last night, she was drinking alone outside while he went out on a date with that girl called ai wei.

the rice weevil felt as if a knife was being twisted in his heart. he felt that he could not be forgiven at all.

He kissed her, and she suddenly couldn't take it anymore, so she turned her face away ...

he was crying.

"What's wrong?" his voice had never been so gentle before. he admitted that he was deliberately coaxing her.

The photo last night was nothing. It would be fine if he explained it, but he knew it would affect Shirley's life in the future.

their identities determined that this matter would not end so easily.

So, he coaxed her.

He thought that he wouldn't feel much heartache, but when he saw her cry, his heart still ached unexpectedly.

she cried and stubbornly said it wasn't for him. " get lost. " Ye Mulin, can't you be a little more promising?"

"Yes, I'm useless. I can't bear to part with the little bastard." he pulled her into his arms and threatened her in a low voice, " "I'm going to hit your P \* s if you keep crying."

She was forced to lie on his shoulder and bit him angrily until he bled.

after that, she cried silently. " i don't want to live with you anymore. "

he didn't care about the wound on his shoulder. instead, he took a tissue and wiped her tears for her. then, he said softly, " "shirley, it's my fault. are you unhappy that i called you miss bai?"

"you even asked the security guards to chase me away?" She sniffled. you even slapped me.

The more she thought about it, the angrier she got. She repeated, " "I don't want to live with you anymore."

"Are you angry or do you not like me?" He hooked her face and forced her to look at him.

she refused to look at him, so he forced her and even moved one hand down ...

She wailed and finally looked at him in the eye."Ye Mulin, take your hand away."

he continued to stare at her small face. " i've already returned the slap. do you want to slap me again? " he asked.

As soon as she finished speaking, she slapped him.

"ye mulin, do you think i don't dare to?" She looked at him provocatively, but her eyes were filled with weakness after crying.

Chapter 3303: You're really willing to leave me, huh?

ye mulin's face turned black after being slapped by her. however, he controlled his temper."you're not angry anymore?"

He knew that he was not a man with a good temper, but he had allowed her to slap him three times.

this shortcoming had to be corrected in the future.

the rice weevil was not moved at all by his silence and continued to stare at him.”i don’t want to live with you anymore.”

after saying that, she wanted to run away, but he grabbed her with one hand and said in a low voice, ” the photo is just a matter of angle. I’m not with her, and I have no intention of betraying our marriage.

in his mind, this was considered a confession.

...

However, he was facing a rice weevil, and she had used him to hit her.

to slap her in front of so many people, wouldn’t she lose face?

She did not speak and ignored him.

“you really can’t forgive me?” ye mulin stared at her.

“i can’t,” She lowered her head, bit her lip, and whispered.

ye mulin suddenly laughed. ” alright then. if you don’t forgive me, there’s nothing i can do. i’m going to work. ” by the way, secretary li said that lawyer ai wei wanted to see me today. i rejected her before, but i can see her now when i’m free.”

After he finished speaking, he looked like he was about to get up. The rice weevil didn’t stop him, nor did he say anything sulky.

she just sat there with red eyes, not knowing what to do, but more of a loss about the future.

ye mulin looked at her and suddenly felt bad for her.

Perhaps he was really bad. Just like his mother said, she had been like this since she was young. What was he harsh on her for?

in her world, there was only one kind of feeling. if you don't like me, i won't like you anymore.

It was as simple as that.

In fact, he was sure that she had already fallen for him, or perhaps she still did.

However, she had decided not to continue liking him.

this little fool yingying was really hard to deal with.

He smiled helplessly and walked back to sit beside her. His face was dark. "the bed is so messy. aren't you going to clean it up? have you decided to be a rice weeper?"

"we're divorced. you have no right to call me a rice weevil anymore." She opened her eyes and lowered her head. ye Mulin, I'm telling the truth. I don't want to live with you anymore. I hate men who hit their wives.

She was bad, but no matter how bad she was, she would still give him face outside if he didn't annoy her.

However, that slap made her feel that she was very cheap. If a man slapped you and gave you a date to eat, and you immediately said that it was very sweet, that would be too cheap.

ye mulin felt very helpless when he saw how she was so unmoved.

however, he really wanted to get her back, so he picked her up and walked to the bathroom in a good mood.

She was so anxious that she used all her hands and feet to hit and kick him. bastard, what do you want to do?"

He lowered his head to look at her with a look of disdain."It's so dirty. I'll help you wash it."

shower?

After being stunned for a moment, he was thrown into the bathtub.

Ye Mulin adjusted the temperature of the water and turned on the tap. As he peeled her skin until she looked like a small duck, he sprayed water all over her face.

she was going crazy, but the man seemed to find it interesting. his chest shook and he laughed in a low voice.

“ye mulin, you bastard, let me go.” she bobbed up and down in the bathtub and drank a lot of water.”I don’t know how to swim. Let me out.”

He had released too much water and was pressing her, making her extremely uncomfortable.

“now, you’re not like a rice weevil, but a little jerk.” ye mu lin smiled.

Chapter 3304: You’re really willing to leave me, huh?

Bai suili grabbed his collar and pulled him down.

There was already a lot of water in the bathtub, and now it overflowed directly. Water flowed all over the ground, but no one cared.

he was dragged in, and she felt like she was about to suffocate. as she bobbed up and down, he grabbed her and placed her on his waist.

ye mulin’s clothes were still on his body, while she was in a sorry state. her hands were on his waist, and she looked like a puppy that had fallen into the water. furthermore, she had been stripped clean by him previously.

She didn’t know why, but he hugged her and leaned over to kiss her on the lips.

She was drenched in water and seemed to have yet to come back to her senses as she looked at him pitifully.

...

he looked so pitiful.

ye mu lin's gaze softened and he said softly, "Xue Li, let's not argue anymore, okay?"

Before she could come back to her senses, he kissed her little mouth again, and his few actions in the bathtub were successful.

the water seemed to be boiling, and she finally came back to her senses. she wanted to struggle, but she didn't have the strength to resist.

he was so strong that she could easily break in his hands.

He only had sex with her once in the bathtub before carrying her back to the master bedroom, flicking away the balls of paper and placing her on it.

This was the first time he had ever worshipped her like this, from top to bottom.

Bai Sulli kept scolding him, pulling his hair and calling him a pervert, calling him shameless ... But in the end, her throat seemed to be burning, and she could no longer say a word. She could only pull his hair and helplessly bear everything he gave her.

Lawyer ye didn't go to work. He was at home coaxing his wife, and it took almost the entire morning.

It was almost noon, and his phone rang while he was still warm. He picked it up without stopping, and it was still on speaker.

on the other side, it was ai wei.

Mulin, I still think that our matter has affected your marriage. Let's talk about it, okay? ”

ai wei was not willing to give up. she was about to talk to him about the photos, but a second later, her phone rang with a sound that only men and women would make. bai sulli, in particular, was meowing like a kitten, being loved so much that she was about to break.

ai wei's mind was filled with images of that, but she didn't want to think or believe it.

She would rather believe that the marriage between ye Mulin and Bai Xueli would be like that day in the law firm, cold and without any warmth.

but now, they were making love at 12 noon.

Ai Wei didn't want to believe that the man who had never touched her would have no restraint when he was on top of another woman.

no, he was not such a lustful man. he was so abstinent, how could he like to hug such a shallow woman and do it?

It must have been Bai suili who seduced him.

at this moment, ye mu lin's voice rang out.”it didn't affect anything. my relationship with my wife is still very good.”

after that, he was about to hang up the phone, but the rice weevil in his arms suddenly looked up, climbed up, and gently bit his adam's apple, like a kitten nibbling, kissing, and licking.

he snorted in embarrassment. his hoarse and hoarse voice was very pleasant to hear.

A man's voice was much more sexy than a woman's.

on the other end, ai wei hung up the phone immediately, her heart beating rapidly.

She convinced herself that this was nothing. They were a married couple, and making love was nothing. He was just fulfilling his duties as a husband.

To fulfill his duty in broad daylight, this reason was sufficient.

Chapter 3305: you're really willing to leave me, huh? 5

In the ye family's main house, ye Mulin finally let her go. He turned to the side and trapped her in his arms again.

"are you still going?" He asked in a low voice.

Bai suili bit her lower lip. still leaving?! Ye Mulin, don't think that I'll forgive you just because we slept together once. it won't be that easy."

He wasn't angry. He curled her long hair with his hand as he lay down."Then what do I have to do to make you willing?"

she didn't make a sound. after lying down for a while, she said softly, "I'm a little tired, I want to sleep."

after she finished speaking, she lay on the pillow and really fell asleep.

...

She hadn't had a good night's sleep for the entire day, and he had toyed with her for so long.

Ye Mulin wanted to talk to her again, but he could not bear to wake her up when he saw her sleeping.

While she was sleeping, he went to take a shower and went downstairs.

mama ye was downstairs. she was a little surprised to see her son coming down with a satisfied expression. she had thought that the two little ones only knew how to quarrel.

Ye Mulin stretched lazily. ask Aunt GUI to bring the food over. I'm a little hungry.

mama ye rolled her eyes at him. after giving her instructions, she went up to her son and whispered,  
" " shirley, you've been married to her for a few months. are you ready to have children? "

At this moment, aunt GUI came over with some food and also listened carefully.

Mama ye glared at her, and aunt GUI immediately ran away.

before ye mulin had his meal, he looked at his mother and smiled. I didn't plan to do that before.  
Shirley's taken her medicine.

"What about now? do you have any plans?" mama ye asked hurriedly.

actually, she was not in a hurry. it was just that she had two sons who were both in their thirties. one of them had just gotten married while the other did not even have a girlfriend. it was really worrying.

That was why she was looking forward to it. Mu Lin had been having plastic surgery for so long, but he didn't even have a child. In private, old ye had also complained that the child smashing was useless.

Ye Mulin looked at his mother and did not say anything. He only nodded slightly.

this attitude was very gratifying for mama ye, and her eyes lit up.

When ye Mulin was eating, Mama ye couldn't help but personally cook for her son. She even patted her son's shoulder very gently. I'll get aunt GUI to make it up to you. If your father knows that you're working hard, he won't let you do some work. How about this? if there are social events that can be attended by Mubai, let him attend them.

"mom, are you exaggerating?" ye mulin frowned.

Mama ye smiled. it's hard on you too. Mubai, it's still early. Thank you for your hard work.

Ye Mulin was helpless. However, when he lowered his head to eat, the corners of his mouth curled up slightly.

He thought to himself that it was not bad to have a daughter who looked like a rice weevil.

His first thought was of a daughter, not a son.

After ye Mulin finished his meal, he went back to his room to take a look. The rice weevil was still sleeping. He must have been too tired.

he sat down and reached out to pinch her face. it had only been two days and she seemed to have lost a lot of weight.

he sighed, and then his gaze fell on her lower abdomen.

He didn't use protection today. If she wasn't in her safe period, they might have already had a child. After all, he had done it a few times today, and the amount was enough.

he sat for a while, then went to the study and took out a paper bag from the drawer.

The broken phone, the Black Diamond card, the necklace and ring were intact, but the bracelet was broken.

ye mulin was not a superstitious person, but this broken bracelet made him a little concerned. he had a bad feeling about it.

he put the bracelet back in its place and took his car keys downstairs. he paused when he saw mama ye. "when xue li wakes up, ask aunt gui to cook for her."

Chapter 3306: bai sulli, let's have a child (1)

mama ye consoled her in her heart. " it's rare that you know how to dote on your wife. "

She paused for a moment and asked, "why did you go out?" to the law firm?"

of course, ye mulin would not say anything too private, even if it was to his mother.

he coughed lightly. " i have something to do. i should be back in two hours. "

mama ye nodded.

ye mulin drove out and went straight to the counter where he bought the bracelet. the sales lady definitely remembered such a big customer. " mr ye, is there anything i can help you with? "

...

Ye Mulin took out the necklace. this side is broken. Can you fix it? "

The saleswoman took it out and looked at it, then said with some regret, " " it might not work, mr. ye. our craftsmanship is unique. there is no way to repair this interruption. "

ye mulin looked at it silently and raised his eyes. "As long as there's everything in the middle, it'll be fine, right?"

theoretically, it's possible, but we're only selling it as a whole. We don't have this small section for sale at the moment. of course, you can also order it outside, " the sales assistant said softly. but it's definitely different from our one.

Ye Mulin looked at her. if I buy an identical one from your store, can you use the new section on top of the old one and repair it? "

the saleswoman could hardly believe it.

he bought a new one for more than ten million just to take off a small part of the original one?

How uneconomical was this to Yingying?

In her shock, she stuttered, ” “Mr. Ye, of course you can. would you like to pay by card?”

Ye Mulin looked at her with a ‘what else?’ look and swiped his card.

He thought to himself that if he used the rice weevil’s card, she would definitely kick up a fuss and cry in front of him.

Just thinking about her appearance made him feel that she was superficial and laughable, but Yingying was also quite cute.

he swiped his card, and the shop assistant immediately called for the brand maintenance manager. she used her fastest speed to help ye mulin repair the old bracelet and put it in a box. ” “Mr. Ye, it’s done.”

as for the new one, after it was opened, there were actually a few good diamonds on it. ye mulin did not mind and casually put it in his pocket and then threw it into the study drawer.

he took the bracelet and went to the first floor to buy a mobile phone. this time, it was not an apple phone but the exaggerated diamond-embedded version that she used before. 880000 yuan. what a prodigal.

after driving back to the ye residence, he looked at his mother except for his coat. ” “are you awake?”

“He’s not awake yet,” Mama ye smiled.

She couldn’t help but reprimand him. Mulin, you should take it easy next time. Girls can’t be so rough. I’m scared just by looking at you.

“Do you want to have a grandson?” ye Mulin looked at his mother.

Mama ye did not say anything, and after a while, she sighed softly.”Just do as you see fit, ran ran.”

Ye Mu Lin smiled and went upstairs.

Bai Xiuli had woken up and was sulking.

“What are you thinking about again?” he stood at the door.

“Why didn’t you use protection today?” she glared at him.

Ye Mulin walked in and sat by the bed. He smiled and asked, ” “What do you think?”

She wasn’t stupid and could quickly guess that he did it on purpose, so she widened her eyes.”you want me to get pregnant?”

He didn’t deny it. He smiled faintly, took out the bracelet, and pulled her hand over to put it on. just in time.

“I told you, I don’t want it anymore.” She stared at him in confusion. she didn’t want anything of him anymore.

Chapter 3307: Bai Sulli, let’s have a child 2

She looked at him in a daze.

Ye Mu Lin smiled.

At this moment, he only had one perfect satisfaction. He did not expect that one day, he would add this part to her and save her life. It was also his vague kindness to her that saved her and redeemed himself.

Bai suili looked down and lowered her eyes,”i don’t want to.”

she was about to take it off when he stopped her and said in a low voice, ” “Do you still want to lose your temper at me?”

he had a phone in his hand. it was very beautiful and very exaggerated.

...

She should be happy, but she only glared at him.

“I don’t want to forgive you.”

these words were a little childish.

It was very cute.

he was also a rice worm.

Although ye Mulin did not coax people often, he knew that her anger had subsided by half. She was only throwing a child’s tantrum now. As long as she gave way, this matter would be considered over.

After their marriage, he had always been the one suppressing her. After their relationship got better, this was the first time they had such intense friction.

and it was all because of an irrelevant woman.

in fact, it had nothing to do with ai wei. it was his own problem, and it was caused by his and bai suili’s own personalities.

he looked at her throwing a tantrum and suddenly found it interesting. it was also interesting to indulge her.

He had been a little harsh on her outside, but she was just like that. If he really didn’t like her, how could he have slept with her?

clearly, he was the one who had been secretly paying attention to her and hated her since she was young.

clearly, he couldn’t let go, so why struggle?

he reached out and hooked her chin, teasing her like he was teasing a puppy. ” if you don’t want to forgive me, what are you going to do? ”

He simply leaned against the headboard, reached out, and pulled her into his arms, looking at her.

“If you don’t get a divorce, I’ll also have an affair with someone like you.” she bit her lip.

Ye Mulin frowned. what do you mean by cheating on me? cheating on me? extramarital affairs? ”

“it’s stealing people.” She glared at him and only dared to whisper.

he laughed instead,’then who are you going to steal from? Mubai?”

she sneaked a glance at him and then kept quiet.

Ye Mu Lin smiled and pinched her face.”If you dare to sleep with mu Bai, I’ll skin you alive.”

“Then I’ll sleep with someone else.” She snorted and glared at him.

“I’ve only been with Ai Wei for slightly more than a month. We haven’t even had a deep kiss,” he suddenly said.

she looked at him with a suspicious look.

“you don’t believe me?” ye mulin smiled.

“it has nothing to do with me,” she lowered her head again, not wanting to talk to him.

ye mulin’s heart suddenly softened. his little rice weevil was actually very cute. he clearly didn’t mind it in his heart, but he refused to admit it.

He hugged her and kissed her. His voice was hoarse.”will others be better than me?”

She struggled in his arms and glared at him. “Ye Mulin, you’re shameless.”

he actually ... actually stuttered again.

“Calm down, okay?” he smiled and passed the phone to her.

She glanced at it, and her eyes were filled with pink bubbles.

How did he know that she had her eyes on this one?

she despised the iPhone to death and forced herself to use it, but he was still so fierce to her.

He even hit her.

“I still don’t want to forgive you.” She snorted again, lowered her head, and played with his tie.

As a man, he would be a pig if he didn’t show his sincerity.

Ye Mu Lin lowered his head and kissed the corner of her lips.”What else do you want?”

“I don’t have enough pocket money. Also, it’s too tiring to do it every day. At most, once a week.” She raised her chin and looked at him as he made an outrageous request.

Chapter 3308: Bai Sulli, let’s have a child (3)

“Just one night?” ye Mulin smiled.

She hummed in agreement and looked at him, certain that he would not agree.

however, ye mu lin actually agreed. he thought for a while and said softly, ” ” then i’ll concentrate on my work in the future and take a day off a week to keep you company. ”

The three words 'accompany you' made her feel strange.

Bai Xiuli's eyes widened. He couldn't be what she was thinking, right?

"let's have some fun that day." ye mu lin smiled.

...

This meant that he would not let go of her for 24 hours.

the rice weevil thought of his skin. mi pi wrapped his little blanket tightly and glared at him.

Ye Mu Lin tugged at her hair and said slowly, "if you don't want to be worn out in a day, that's fine too. We'll pay in installments then, okay?"

she was about to cry. what installment?

Ye Mu Lin laughed and changed the topic. "not enough pocket money? You don't have enough money for Bai suili a month. Have you thought about the children who don't have enough to eat?"

yes, I'm vain. I'm superficial. I only care about my own life and death. "i can't even live a good life," she said in a low voice. "how can i care about others? besides, it's only with me as a comparison that others seem noble, right?"

ye mulin was so angry that he laughed. he looked at her. "you're so useless?"

She suddenly came over and hooked his belt.

This small action made lawyer ye's blood boil. They had been married for several months, and this was the first time she had taken the initiative.

However, it was obvious that he was thinking too much. Bai Xue LAN hooked his belt and said, "This belt only costs tens of thousands of Yuan. Why didn't you consider the children when you bought it?"

"My mother bought it." his voice was hoarse.

She glared at him, then moved her hand to his shirt. "This shirt should be around 8000 Yuan."

"My mother bought it." His gaze was deep.

Her little hand was still moving around. He grabbed her hand and stared at her. "bai sulli, don't you think you've failed your duty?"

she glared at him. "how did i fail my duty? did i not lie on the bed and let you do it?"

he smiled helplessly and pulled her hair. "i'm asking you why you didn't buy my clothes?"

"I don't have any money." "besides, you didn't buy it for me," she said matter-of-factly.

He looked at her and chuckled after a while. "I'll buy it for you in the future. you'll accompany me to buy some."

"I'm already in my thirties. I can't always let my mother worry about my clothes, right?" he stretched lazily.

"Here's your card. Don't touch my pocket money." The rice weevil clutched his pocket tightly.

"alright," he said, holding back his laughter.

bai sulli suddenly thought of something and fell silent.

he smiled. "did you remember your card? are you regretting? Do you want to be a little jerk?"

“I don’t want to be a tortoise.” “It’s up to you to give it to me or not!” She glared at him.

Then, she turned around and said in a low voice, ” ” it’s clearly your fault. you’re the one who cheated on me and hit your wife. i don’t want to forgive you at all. it’s no use begging. ”

ye mulin looked at her and found it a little funny, but he still gave her the card.”This is my pocket money.”

“Where’s the one mom gave me?” she didn’t take it, still thinking about the money.

He glared at her-

She was just thinking about mu Bai’s money, right?

“i’ll give you a red packet on your birthday.”

Chapter 3309: Bai Sulli, let’s have a child (4)

“No, I want you to go shopping with me.” “i’m going to Milan,” she said, biting her lip.

lawyer ye thought to himself,’a dog can’t change its habit of eating sh \* t ...’

but he had no choice, he was the one who begged her.

He grunted in agreement, but in his heart, he was thinking about shopping during the day and that the night was his.

the rice weevil’s heart had already flown to the heavens, but he was embarrassed and unwilling to show his enthusiasm.

Actually, the only good thing about marrying ye Mulin was that he was a lawyer who only had eyes for money. She could buy anything she wanted. It was just as he said when she was in the Bai family, she was restricted by her father's identity.

...

In fact, this was also the reason why the two sons of the ye family did not enter politics. Instead, they chose to be a lawyer and a celebrity. No one knew that the ye family was preparing to cultivate the third generation. This was also a good way to avoid some risks.

however, the rice weevil could not think so much. her mind was filled with the scene of Milan's shopping. just thinking about it filled her blood tank.

She turned around and took the initiative to place her face on his lap, prostrating herself under lawyer ye's suit.

"you're not angry anymore?" ye mulin pinched her face.

"I don't care, you have to get rid of your old shoes." "You're not allowed to see that AI guy in the future. Otherwise, I won't be that bastard anymore." She glared at him arrogantly.

Ye Mulin looked at her red face and found it funny.

he didn't make a sound and just played with her little face, trapping her by his side and not letting her leave.

he seemed to be thinking about something. after a long time, he whispered, "xue lan, let's have a child, okay?"

she lay on his lap, and her relaxed body suddenly stiffened.

after a while, she said softly, "ye mulin, is it not enough for you to raise one rice weevil? do you want to raise another one?"

"i'll educate the child myself once she's born," he said, pulling her hair.

” you mean, i can continue to do my manicure, do my beauty, go shopping and drink coffee? ” she blinked.

he snorted in agreement.

“If it’s a daughter, you can take care of her!” He quickly said.

the rice worm could not believe what it had just heard!

Did he mean that she should just let her daughter develop and let her be a rice weeper?

“ye mulin, you value men over women!” she glared at him.

In fact, she had misunderstood.

The men in the ye family had a heavy burden on their shoulders and were not allowed to slack off. It was different for girls. Moreover, ye Mulin had never felt that there was anything wrong with his wife’s current state. Only when she was a gold digger and a prodigal could he feel a sense of accomplishment, right?

ye mulin lowered his head to look at her and said in a deep voice, ” “there’s nothing bad about a girl being like you.”

She widened her eyes. ye Mulin, do you really admire me? ”

ye mulin knocked on her head. ” bai sulli, you’re thinking too much. would i appreciate a rice weevil? ”

“then why did you let our daughter become like me?” She said angrily.

then, he laughed, and his laugh was especially meaningful.”so you’re saying that you don’t think it’s good for you to be unmotivated?”

she didn't make a sound and hung her head.

she even looked a little cute.

Ye Mu Lin sighed and reached out to rub her a few times. "actually, you're quite good like this. didn't i say that you're highlighting other people's nobleness?"

She was furious.

"It can be considered as a contribution to society!" He continued.

Chapter 3310: bai sulli, let's have a child 5

of course, she was unwilling. she snorted. "can't a daughter be raised into an elite?"

She stole a glance at him.

Ye Mulin smiled. He did not mind spending time on the child. He thought that she would like girls to be like her. Besides, he liked it too. He did not like it in the past, but now he felt that it was good.

if bai suili was a particularly elite woman, just based on their conflict yesterday, he probably wouldn't be able to coax her in a month. moreover, he couldn't imagine himself coaxing a strong woman. she was just right.

he agreed. "if you don't mind her disliking you when she grows up."

"Will you help me?" Her voice was very soft. At that moment, ye Mulin admitted that he was attracted by her soft and cute voice.

...

"of course," he said hoarsely.

after he finished speaking, he reached out and ruffled her hair. it was a very warm and emotionless kind.

They had spent many nights in bed after their marriage, and he had always been indulgent and rough. Only this time was different.

this time, it seemed to be very different.

The rice weevil bit his lip and muttered after a long time, ” “if it’s a daughter, do you want to give birth to more?”

he reached out and pinched her face. he told her the truth, ” “We have to have two sons.”

in the ye family, there were only two sons, and the quality was guaranteed. however, he doubted that bai suili would be able to pull down the standard. he was afraid that even if he gave birth to one, he wouldn’t be able to pick out the best. however, he didn’t say this out loud. no smart man would say this.

At least for now.

Bai suili stared at him for a long time, then said in a low voice,”What if it can’t be born?”

“if she can’t give birth, we’ll keep doing it until she’s born.” he smiled.

She lowered her head and suddenly felt that she had suffered a great loss.

It turned out that there were conditions for her to spend his money and enjoy these things.

If she didn’t divorce him, she would have to have more than two sons with him.

if she couldn’t give birth to a son, would she be divorced? She wanted to ask, but she didn’t.

She asked as if she really wanted to be the bastard.

The two of them chatted for a long time before she whispered, "I still can't forgive you."

Ye Mulin finally had a taste of a woman's fickleness. However, she was only shouting now. She was unforgiving in her heart, but she had already given in.

in the past, he probably wouldn't have looked down on such a spineless person, but she was bai sulli and she had been like this since she was young. he had also hated her for this since she was young. now, it seemed like yingluo could be a little more tolerant.

no matter how unforgivable she was, she had already put on the necklace and ring.

In fact, there were so many pieces of jewelry, but she had never taken them off after he bought her necklaces and rings. When he put them on for her, he suddenly thought of it.

"Rice weevil, you've liked me for a long time, haven't you?" he asked, smiling.

"I didn't." "I like your money," she said coldly.

"Then why don't you like someone else's money? that means you still like me." A lawyer was a lawyer after all, he managed to turn the situation around with just a few words.

she rolled her eyes at him, then kicked him. "i'm going to sleep. also, i'm going to deal with your broken shoes. otherwise, you won't even have the chance to be a bastard. "

He touched his nose and decided not to argue with her.

after a while, she fell asleep. he went to the study and personally called the bai family to apologize to bai suili's father.

this kind of thing didn't just happen between him and the rice weevil. there were many other things that were involved.

If he was not careful, it would cause turmoil in the Bai and ye families.

[ add a little drama: rice weevil: hubby, what should we name our son? your surname is ye, and my surname is Bai. You like me, so you should name him ye mu Bai, right? ] lawyer ye's face was dark, and he sneered after a long while. " Bai Sulli, where's your brain? "
