

## Thank you 3311

Chapter 3311: bai sulli, let's have a child 6

ye mulin's phone call was not an easy one. to him, father bai was not only an elder but also a political ally of the ye family. what happened between him and ai wei would definitely make father bai uncomfortable. however, father bai did not criticize him too much. instead, he said calmly, "I believe you don't have Mu Lin! I know Xue Li's personality, she'll call and cry whenever she's wronged. She has a bad personality, you should teach her more."

he hung up after a few more words. perhaps he was really busy.

Ye Mulin hung up the phone. He had mixed feelings.

when this happened, his wife didn't call him to complain. she only argued with herself.

was it because she actually believed in him?

she was just angry that she had hit her yesterday and that she had not given her face by calling her miss bai.

...

Ye Mulin's heart softened. This was something that rarely happened in his life, all because of a woman.

Moreover, she was his wife. He did not like her at all.

he smoked a cigarette and made a few more calls, including his father's.

in contrast to father bai's nonchalance, father ye was very cautious. he told ye mulin, " "You have to stay calm on Shirley's side. Your relationship will be magnified in front of the media now, and if anything goes wrong, it will be blown up. and that ai guy, do you need me to take action?"

For father ye to be able to get to where he was today, he was not an ordinary person. He should have the same ruthlessness and means.

“this has nothing to do with her. she didn’t do it,” ye mu lin said calmly.

In fact, they all knew that the ye family’s political enemies must have done this behind the scenes. Wei was just a chess piece that they passed by.

father ye was a little unhappy with his son’s words.”Mulin, you’re still too soft-hearted.”

on such a path, there would always be innocent people involved, and it was better to deal with these troubles as soon as possible.

papa ye had high hopes for ye mulin. initially, he was not going to let his two sons enter politics. mu bai could not be a star anymore, but mu lin was different. mu lin was a lawyer and had dealt with many important economic cases. he had many connections internationally. in addition, he was in china.

father ye had thought a little too far ahead, but he did not tell his son about it.

It wasn’t time yet.

Ye Mulin hung up the phone and took out a document to read while smoking.

He was indeed a very busy man. It was rare for him to spend the whole day at home with his wife.

he was working at home. thinking of the rice weevil lying on the bed, he suddenly smiled. it didn’t seem too bad.

after that, he simply took the laptop to the master bedroom and sat on the sofa opposite the bed to deal with work. from time to time, he would take out his phone and talk to secretary li.

The rice weevil was sleeping soundly. His voice was very low and hoarse, and he would look at her from time to time.

at the law firm, secretary li was covering her ears.

Her ears were a little hot ...

Boss's voice today was so magnetic, so hoarse, and so pleasant to the ear ...

Ye Mulin hung up the phone, looked at the rice weevil again, and continued to read his documents.

His phone lit up. It was a call from Ai Wei.

Ai Wei had come to question him. Once the call went through, she said, " " ye mulin, there are photos of us on the internet. "

"Lawyer AI, is this matter troubling you?" ye Mulin asked calmly.

In fact, he had seen it too. It was nothing more than a photo of them sitting together and drinking coffee.

He was calm.ai Wei looked at him with deep affection in her eyes-this was how the words were written, but ye Mu Lin could not see any deep affection. He only felt that the way the rice weevil looked at money was more shiny, which left a deep impression on him.

Chapter 3312: Do you like me?(1)

Ye Mulin said it so casually that Ai Wei could not say anything more. She hesitated for a moment. see you the day after tomorrow.

ye mulin hung up the phone without saying anything. when he looked up, he saw that the young lady sitting on the bed opposite him had woken up and was staring at him.

He put down his phone and looked at the sky outside. "Get up to eat?"

“I don’t want to eat. I’m very tired.” she lay down again, hugged the blanket, and said softly, ” “ye mulin, you didn’t go to work today and caused such a big commotion. i don’t want to go down for dinner.”

ye mulin smiled and put down everything he was doing. he walked to the bed. ” are you shy? ”

he even touched her face, but she dodged it.

...

“don’t touch me, annoying.” she glared at him.

ye mulin smiled and did not say anything else. he let her lie down and went downstairs for dinner.

In just a short while, the fragrance of food wafted from downstairs, tempting the rice weevil so much that it almost drooled.

he was too despicable. she had been having fun the whole day and he didn’t even let her eat.

The more she thought about it, the angrier she got. She wanted to smash her phone, but she didn’t dare to.

Just like that, she was sulking. When she smelled the aroma of the food coming from below, Yingying became even angrier.

downstairs, mama ye asked worriedly as she ate, ” “Is Shirley still not awake?”

She stretched out her hand, half blaming and half happily patting her son. “Why didn’t you be gentler?”

Ye Mulin smiled. I’m awake. I’m angry.

Mama ye was shocked. She looked at her son and said, ” “why didn’t you let her come down to eat when she was awake?”

“He’s angry and won’t come down.” Ye Mulin smiled again.

“he still has to be coaxed!” mama ye panicked and prepared to go upstairs herself.

“i’ll cook for her later,” ye mulin said calmly.

mama ye’s body suddenly froze. ” “What? you’re cooking?”

This eldest son had never cooked a meal before, but today he said he was going to cook for Shirley.

ye mulin pretended not to see his mother’s expression. he only went to the kitchen after dinner.

He was studying abroad and could cook western food very well. He made a plate of Italy and a plate of chicken curry and brought them upstairs.

the fragrance was overflowing.

bai suili sat up and looked at him,”is this made for me?”

“no, i ate it myself.” he placed it in front of the sofa and smiled. ” “Aren’t you angry?”

“even if i’m angry, i still have to eat,” she wailed in anger.

She didn’t care and got up directly. Without even brushing her teeth, she sat beside him, grabbed the fork in his hand, and began to eat.

the pure taste made her sigh in satisfaction. ” “It’s delicious.”

Then, she looked at ye Mulin. your family’s chef is not bad. He really knows how to enjoy himself.

Ye Mulin didn’t fight with her. He leaned on the side and looked at her indifferently.

In fact, rice weeps were easy to satisfy. As long as he gave her food and bought her things she liked, she would be very obedient. She would sleep when he handled work, and she would not make a fuss when he ate.

it was quite easy to raise.

his gaze was deep, but there was a deep love that he didn't know.

Perhaps this gaze had been watching her grow from six to seven years old to what she was now. It had been almost twenty years. Perhaps his hatred was just an excuse, an excuse that he couldn't bear to like such an idiot.

he thought about it but did not disturb her. his eyes were fixed on her face and he seemed to be satisfied as he watched her eat with satisfaction.

Like, is this what it means?

Chapter 3313: Do you like me? 2

he thought back to the time when he was with ai wei. whenever he looked at ai wei, he would always convince himself that he should like such an ideal woman. however, when he looked at ai wei's face, he was thinking of another face.

she had a pretty face, but she was stupid and ignorant.

When she was very young, she only knew how to dress up and was extremely superficial.

of course, she was still shallow now and had even become his wife!

Lawyer ye gritted his teeth and thought to himself.

In fact, mu Bai and Xue Li's marriage had fallen out the other day. As long as the ye family's life and death was revealed, mu Bai would have listened. Or perhaps mu Bai had long seen through his hidden feelings of hatred, which was why Mu Bai had run away from the marriage.

...

ye mu lin was an extremely intelligent person. after thinking about it, he realized that mu bai was not the type to run away in the face of danger. why did he do that that day?

He laughed softly when he thought it through, and he laughed very happily.

In fact, the millet worm had been abandoned by mu Bai, and he had just happened to pick it up.

As he thought about it, he reached out and tugged at her hair. will you be obedient in the future? ”

He was excited to get a new toy, but he didn't show it on his face. He still liked to bully her as before.

bai suili glared at him while eating, ” “you're too despicable.”

She didn't want to listen to him.

As soon as she finished speaking, he took the food away from her. “You won't get to eat if you don't listen.”

“This is what aunt GUI prepared for me, not yours.” The rice worm glared at him.

“I did it.” He played it down.

She almost choked. She stopped and looked at him.”You did this?”

He simply couldn't believe it.

Ye Mulin sneered. that's right. I made it. Do you still want to eat? "

she bit her lip. " yes. "

That pitiful look made his heart soften, but he was both amused and angry."If you want to eat, call Yingluo."

he thought for a moment and looked at her with a deep gaze.

In fact, he wanted her to call him Mu Lin, just like how she called him mu Bai, instead of calling him Mu Lin every day.

he did not mention it, so he did not expect her to call him 'hubby'.

in the past, when he heard other women call him that, he didn't care. he always felt that a husband and wife should keep a distance. it was okay if there was no distance at night, but they shouldn't be too intimate during the day. however, now she called him hubby ...

Ye Mulin was really shocked by Wanwan.

he looked at her with a calm gaze, but in reality, his heart was sulking.

"Come here." His voice was extremely cold.

the rice worm moved a little closer to him and secretly took a fork to eat a mouthful of the chicken curry. he accidentally saw it.

ye mu lin's gaze seemed to be a little profound and unfathomable. then, he said in a very calm voice, " "go brush your teeth."

"why? i didn't finish it." she said unhappily, then sat on his lap and continued eating.

her chin was held by him, and the piece of chicken curry in her hand fell on the carpet. she looked at him in a daze and stuttered, " "ye mulin, what's wrong?"

“Go brush your teeth.” “I don’t really like the taste of curry,” he said in a low and hoarse voice.

“i like it, and i’m the one eating it, not you.” she said angrily.

Ye Mu Lin’s gaze deepened and his voice was low and hoarse.”I’m going to eat soon.”

She bit her lip. aren’t you Yingluo? don’t you dislike the taste? ”

“I can barely try.” After he finished speaking, he held her waist with one hand and pinched her chin with the other. He pried open her lips and tasted the curry with her.

bai xiuli’s eyes widened.

she hadn’t even brushed her teeth, and he had already kissed her. didn’t he find it dirty?

Chapter 3314: Do you like me?(3)

However, not only did he not dislike it, but he was also very invested in it.

This kiss lasted for a long, long time.

when he let go of her, the rice weevil mumbled, ” “um, the food seems to be cold.”

at this moment, she did not know that his heart was burning. she whispered in an extremely hoarse voice, ” “bai sulli, do you like me?”

The rice worm was stunned for a moment, then looked at him as if he was sick. After a while, it asked him in a low voice, ” “do you have a fever?”

his eyes were locked on her. ” i’m serious. ”

...

She stammered a little and only managed to spit out a few words after a long time, ” “I like it, Yingluo likes your money.”

He looked a little disappointed, then smiled. “you only like money?”

The rice worm lowered its head and looked at the coffee chicken with pity.”I still like your chicken,”

ye mu lin was stunned for a moment, then he could not help but laugh out loud.

He said okay, he said Bai suili would remember his words.

The rice worm didn’t understand. She only said that the chicken he made was delicious, not his chicken.

Suddenly, she widened her eyes and glared at him.

he was too shameless.

Ye Mulin chuckled and returned her food to her. He even patted her head.”Have a good chicken.”

Then, he went to brush his teeth. He still disliked the taste of the curry.

The rice worm looked at his back, still not sure what he had taken today.

could it be that he felt particularly sorry for her?

however, she did not dare to put gold on her face. he had always hated her and despised her ...

there was the sound of water in the bathroom. she snorted. he even despised her for a kiss!

When ye Mulin came out of the bathroom, she had already finished all the food.

He smiled faintly and did not say anything. He just tidied up and patted her. "Go and take a shower."

bai xiuli raised her head. "ye mulin, we're still in a cold war."

he turned to look at her angry face and smiled. "whatever you want, do what you need to do!"

After he finished speaking, he walked out, looking as if he was letting her do whatever she wanted.

Bai suili was so angry that she threw a pillow at him-

sure enough, it was her own illusion. how could he like her? He just wanted to tease her, not like her!

At the door, ye Mulin shook his head and went downstairs.

When they came back down, she went to take a shower and he sat on the sofa in a daze. This was very rare for the ye family's eldest son.

She came out and he asked her to sit down.

Bai Sulli dried her hair and looked at him guardedly, but finally sat down.

He took her towel and helped her dry her hair, but his actions were obviously distracted.

bai suili stared at him, not saying anything.

Their argument over Ai Wei seemed to have disappeared. He coaxed her a few times and did it a few times before it disappeared. He seemed to be thinking about something else.

it was something very important to him.

at first, bai sulli was still thinking about what he was thinking, but later she was a little tired. plus, her brain capacity was not enough, so she stopped thinking about it when she couldn't think of anything. so she lay on his lap and half-closed her eyes, wanting to sleep.

ye mulin had been drying his hair for a long time and was actually lost in thought.

after a long time, his deep voice rang out, " "We're moving out, okay?"

Bai suili was confused at first, but then she suddenly opened her eyes and looked at him with wide eyes,"Move out?"

it was strange that she didn't like to live in this big house in the past, but now that he said he was moving out, she wasn't excited at all.

Chapter 3315: Do you like me? IV

it was actually quite comfortable for her to lie on his lap. she opened her eyes slightly and looked at him quietly."Why?"

Ye Mulin threw the towel aside and used his fingers to help her straighten her hair. He muttered,"I thought you didn't like living here?"

the rice worm changed its position. " will there be servants if we live alone? "

"i live in an apartment, no servants." his face darkened.

She looked at him and was a little angry."are you saying that i have to wash my own clothes, cook my own food, and clean up?"

He reached out and held her chin. shouldn't you be doing this yourself? "

...

“But we don’t need it.” she wanted to be self-righteous, but under his gaze, she seemed to be lacking in confidence. ” we can still hire someone to do it. otherwise, we can just stay here. ”

she quickly worked her brain and found a good reason.”I like mom a lot. I think I can learn a lot from her.”

“you just like her washing your clothes, right?” Ye Mulin sneered and held her chin as if he would break her neck if she dared to lie.

bai xiuli kept talking and couldn’t say anything for a long time.

“have you decided, or are you asking for my opinion?” she asked softly after a long time.

“Is there a difference?” his voice was cold.

she shrank her neck and only remembered something after a long time. ” “ye mulin, shouldn’t you be coaxing me? i’m still angry, you can’t do this to me. ”

He looked at her as if she was an idiot.

It seemed a little too late to think about it now.

“I want to stay here,” she protested.

“i’ve decided.” however, he opened his mouth and then unexpectedly said, ” “i’ll take you there to work tomorrow. you don’t have to move your things. they’re all there. as for your hanhan ...”

“I’ll buy you a new one,” he said after some thought.

She glared at him.

It would take at least a month for her to buy all her things. Would he have time to accompany her?

However, thinking about it, she would force herself to let ye Mu Lin accompany her for a month.

“I want to come back here on Saturday and Sunday,” she requested in a low voice.

She had to be served at least two days a week. Thinking of eating takeaway every day, her face turned bitter.”let’s stay here. it’s pretty good. i can learn to be a good wife and mother.”

Ye Mu Lin’s fingers caressed her red lips.”You want to be a mother?”

she nodded vigorously.

he probably wouldn’t let her do rough work anymore since she was pregnant. those who should rest should rest, right?

As he thought of this, ye Mu Lin laughed softly.”Then let’s do something that will make you a mother.”

as he spoke, he picked her up and walked towards the big bed. bai suili was dumbfounded. didn’t they just talk about serious business? why was he staring at her?

“you’ve already done it a few times today,” she said, punching him.

how was this man abstinent? he clearly didn’t know how to restrain himself. he was like this in the mansion. they lived alone and he didn’t let her eat or drink. he tormented her like this every night. she would definitely be sucked dry by him.

just thinking about it made the rice worm feel that his life was dark.

So the next morning, when she was woken up by ye Mulin to have breakfast together, she was still very listless.

mama ye was very concerned. ” mulin, shirley doesn’t seem to be feeling well. do you want to take her to the hospital later? ”

” she slept a little late last night, ” ye eldest said very indifferently. ” i’ll take her to the office to catch up on sleep later. ”

Chapter 3316: Do you like me? v

Did he sleep a little late?

there was a lot of information in her words. even ye mu lin’s mother, who had been through this, couldn’t help but blush.

This son of his was too explicit.

However, there was something even more explicit. Ye Mulin paused for a moment before he slowly said, ” “shirley and i won’t be coming back tonight.”

At this moment, the rice weevil looked at matron ye reluctantly. he said he wants to move out. Mom, I think this place is quite good.

mama ye’s mood was quite complicated-

...

his son obviously wanted to take his wife out to have some alone time with her. he had probably been enlightened. as for shirley, mu lin was right to say that she was a rice weeper. she just wanted to stay here and live a rice weeper’s life.

there was nothing wrong with that!

mama ye was in a dilemma.

Bai Xili sneaked a glance at ye Mulin and whispered, ” “mom, can i stay here?”

matriarch ye had never experienced such a soft and coy little thing before. she had only given birth to two sons, and had never had such a soft little thing act coquettishly with her. although she knew that he was asking her for a favor, as a mother who lived a carefree life, her heart was still unbelievably soft.

she wanted to agree, but it was really not appropriate for her to interfere in the matters between the young couple.

This son of hers was not to be trifled with.

mama ye looked at her daughter-in-law and could only bear to part with her. ” well, it’s the same to come back for dinner on saturday and sunday. ”

“mom.” The rice worm was extremely disappointed.

she didn’t want to wash her clothes or cook. her hands would become rough. then, ye mu lin wouldn’t like her and would find a mistress.

The more he thought about it, the more terrifying it was, but he did not dare to resist.

In front of Mama ye, she had always been soft and gentle.

mama ye looked at her son and smiled. ” you’re not allowed to bully Shirley either. You can’t force her to do things that she doesn’t like. If she doesn’t know how to wash clothes, you help her wash them. As for cooking, Qianqian.

“I’ll get the servants at home to make a trip there every afternoon,” she said after a moment of silence.

This pair of rice weeps were really pampered to the extreme. Even the rice weeper was a little overwhelmed by the favor. Even her mother wasn’t so meticulous.

however, after talking for a long time, ye mu lin only said, ” “Mom, you don’t have to send anyone over. I’ll take good care of her.”

The good care made the rice worm break out in a cold sweat.

Why did she have a bad feeling about this?

after ye mulin finished speaking, he wiped his lower lip and looked at his wife."Are you done?"

she pursed her lips. " i'm yingluo. you're in a hurry to work. why don't you come and pick me up at night? "

She would stay here for as long as she could.

"Don't you like my office?" ye Mulin's voice was calm.

she was stunned. what did he mean by that?

However, she quickly understood that he was driving to the law firm, not his high-class apartment.

"ye mulin, what are you doing?" bai suili cried out.

"I don't have time to accompany you during the day. Come to my office." "Or else I'm afraid you'll starve to death."

"I don't want to go," she said in a low voice after a while.

the last time, they had such a big fight at his place, and, and she had said that whoever turned back was a bastard. she didn't want to be a bastard.

Of course, ye Mulin knew what she was thinking. He softened his voice. I have a gift to give you. It's quite a big gift. Don't you want it?"

her eyes lit up for a moment, but she quickly suppressed it, not wanting to make herself look greedy.

“Actually, you don’t have to spend that much money. I, Yingluo, am not such a shallow person!”

Chapter 3317: do you like me? 6

After she finished speaking, lawyer ye turned his head and looked at her with a smile in his eyes.  
“Bai Xue Li, you’re not such a shallow person, did I hear you wrong?”

that’s right. How am I shallow? I’m obviously very outstanding. her voice was small and there was a hint of dissatisfaction.

Ye Mulin held back his laughter and muttered after a while, “Yes, it depends on who you’re up against.”

He thought that if she became outstanding, perhaps it would be good for others. However, to him, she was not outstanding.

she attracted him, made him hate her, and made him like her. she was shallow and stupid, and she didn’t know anything.

If she knew everything and everything was perfect, then to him, she would be no different from anyone else.

...

she was just another ai wei.

ye mulin held the steering wheel and suddenly laughed. the corners of his mouth rose slightly, looking a little pleasing to the eye. at least, in bai sulli’s eyes, it was pleasing to the eye.

he was really both detestable and good-looking.

Bai Shirley looked at him eagerly, and her heart suddenly started beating fast. She pretended to turn her face away, but she couldn’t help looking at him again.

hmph, even if it's good-looking, it's detestable.

she ignored him and later forced herself not to look at him.

on the other hand, ye mulin would occasionally look at her and see her fuming with anger and her mouth raised high.

It was quite cute.

He smiled and focused on driving.

they were just downstairs, and the subordinates in the law firm were so excited that they were about to jump.

Because the turtle was coming.

I just don't know if lawyer ye or Mrs. Ye will be the bastard!

Everyone was excited until the door opened.

Although Bai suili was a rice weevil and had lost a lot of face here last time, she felt that she had also slapped him last time and thrown away her harsh words. This time, he had begged her to come, so there would be no problem if she put on a higher attitude. Besides, didn't he prepare a gift for her?

Therefore, she felt that he should be the one to be the tortoise.

when she entered, everyone looked at her, especially secretary li, who was a little excited.

Ye Mulin looked at his Secretary and coughed."Where's the gift I prepared?"

Secretary Li's heart skipped a beat. lawyer ye, on your desk.

“bring it here, i want to give it to mrs. ye.” he said this while looking at bai suili.

the rice weevil raised his little head proudly.

Secretary li glanced at her. He was afraid of his boss’s y-power, but he still went to get it.

it was a small transparent box filled with water, and there was a little turtle in it.

Secretary li handed it to ye Mu Lin and then quickly ran away.

ye mulin picked up the small box and smiled at the fair-faced bai sulli. this is for you. It’s called little white. Take good care of it.

Xiaobai’s surname is Bai!

Bai Xiuli was furious!

This bastard, didn’t he just call her a bastard?

“I don’t want to.” she refused to take over. ” unless it changes its name and is called xiao mumu. ”

Ye Mulin’s gaze was a little deep. He reached out and took the little jerk out, pulling her hand over and placing it on her palm.”you sure you don’t want it? it’s very cute.”

bai suili was shocked and shook him off with a cry.

The little jerk fell to the ground and looked very pitiful.

ye mulin looked at her and laughed. if it were to change its name to Xiao Mumu, would you have decided to keep it and raise it if you like it? ”

## Chapter 3318: Do you like me? 7

Bai suili glared at him.

“Your decision?” he smiled.

“ye mulin, are you an idiot? you’re a bastard!” after a long time, she finally blurted out.

she felt that the little jerk was really pitiful, so she squatted down and picked it up.

It was only the size of an egg, and its small head immediately shrank. It was quite cute.

she looked at him and thought that he was a little like her. he should be at the age where he was flamboyant, but he had to tuck his tail between his legs and behave. no, this one was a tortoise with his tail between his legs.

...

just thinking about it, they were in the same boat.

” xiao mumu, i’ll be taking care of you from now on. you’ll be a rice weevil that i’m taking care of from now on. ” She was implying something.

ye mu lin glanced at her but did not argue with her.

bai suili placed xiao mumu into the small box and walked in front with her chin held high. after thinking for a while, she turned around and said to boss ye’s subordinates, ” ” you have to call xiao mumu young master in the future. she is your young master’s son. ”

Secretary Gao raised his hand. the turtle is female.

messy rice worm was embarrassed and coughed lightly.”just call her miss!”

However, she immediately felt that something was wrong.

it was a female!

it was a female!

” yes, ” secretary gao said kindly. ” BOSS asked us to buy a female one. ”

Bai suili glared at the little b \* stard in her hand and exploded in anger, ” “ye mulin, you bastard!”

“you don’t like it? if you don’t like it, just throw it away.” ye mulin looked at her coldly and took the box from her hands. he threw it into the rubbish bin.

clean and neat.

She was stunned!

then, her eyes welled up with tears.

“ye mulin, you’re harming small animals.”

“Ye Mulin, you’re disregarding life.”

“Ye Mulin, you don’t have a heart!”

In the face of her accusation, lawyer ye only looked coldly at the struggling little jerk. “it is still alive. however, whether you can live or not depends on your luck. everyone here is as cold-blooded as i am. they are cold-blooded lawyers who don’t care much about small animals, so no one can save it except its own kind. A turtle and a rice worm!”

He said with a poisonous tongue, not only making Bai suili explode with anger, but also making his subordinates stunned.

although lawyer ye was eloquent, he had never argued with a young lady like this.

In the past, lawyer ye would say that this kind of behavior was childish and ridiculous. He would say that it was very uncouth and a waste of life.

Was the person who was wasting his life lawyer ye?

ye mu lin glanced at his subordinates, and everyone went to do their work, only daring to secretly look at bai xue li.

The rice worm was really struggling.

In the past, she wouldn't even pick up a hermes worth more than a million Yuan in the trash can, let alone a little jerk that was worth more than ten Yuan.

She took a few steps hesitantly.

so what if they died? anyway, such small animals were not valuable. there were many of them on earth.

after taking a few steps, she stopped again. however, there was only one little jerk called xiao mumu, and she was the one who had given him the name.

pick it up?

how bad was it that she, bai suili, was picking things up from the garbage dump? How could she face others if this news spread?

But if he didn't pick it up, what if it died?

He snorted and said to those who were watching the show, "All of you, turn around."

her voice was rude and unreasonable, just like bai suili's.

his subordinates turned their backs to him, but they were all laughing secretly ...

In fact, BOSS's wife was very cute.

he had the most OPEN appearance, but he had the temper of a teenager. no wonder his BOSS had become childish. birds of a feather flock together. this saying was not wrong at all!

Chapter 3319: Do you like me? 8

bai suili looked around, then carefully bent down and picked up the little bastard.

Female.

She stared at it. Why couldn't she tell that it was a female?

"xiao mumu." She furrowed her brows and carefully placed the little jerk back into the box. Then, she followed him into ye Mulin's office.

Ye Mulin was already seated behind his office desk, dealing with work. His coat was casually thrown on the sofa. Inside was a light blue shirt and a dark tie of the same color. It was very pleasing to the eye.

bai suili walked over to him, and he looked up at her.

...

she snorted and placed the little jerk in front of him.

Ye Mulin was going to make a call, but he put it down. He looked at the little jerk and then at the jerk's mother."you've decided to raise her?"

"Where do you keep them?" Bai suili snorted coldly.

he smiled. ” you’re its mother, so you can decide. you don’t have to ask me for such a small matter.  
”

“I’m not its mother.” the rice worm was angry. ” her name is xiao mumu. ”

“little white.” as ye mulin spoke, he took out a checkbook and wrote down a set of numbers. ” 20 million. name. any problems? ”

she wanted to reject him, but she hesitated when she saw the check.

It was a very tempting set of numbers.

she bit her lip and still wanted the check. however, ye mulin did not let her touch it. he looked at her and smiled.”Call me little white.”

the rice worm glared at him.

then, she reluctantly called out, ” “Little white.”

he looked at her, then put the check in her hand and said meaningfully, ” “Take good care of our baby, okay?”

He even took out a book from the drawer. this is an Encyclopedia of raising turtles. Take a good look.

bai suili reached out and took it, saying,”We have a child now. Should we increase our living expenses?”

“how about an extra 500000?” he asked.

“So little?” she was not satisfied.

ye mulin sneered. " if you give birth to one yourself, it'll be an additional ten million a month. but it has to be my child. "

She blushed at his straightforwardness.

Ye Mulin looked at her and pointed at the small box on the table. "take this thing and go to the lounge to play."

"this is our baby," she refused.

"your seed," he said with a smile.

his face darkened again.

"Ye Mulin, if you have the ability, then ask the security guards to chase me away, or call me miss Bai." she wasn't afraid of him either. she took out little white and played with it, even making faces at him.

She looked a little childish and he found it funny and angry at the same time. He could not do anything to her and finally allowed her to stay in the office with Xiao Bai.

Bai suili placed little white in front of him and went to read the collection of the eight breeding turtles.

in the office, it was quiet and harmonious.

ye mulin focused on his work for a while before looking at the little bastard and then at the bastard's mother. a smile appeared on his face.

'That idiot is so stupid. He's actually reading the complete collection of bastards.'

he thought, now that xiao bai has grown up, if he were to hide and tell her that it was stewed one day, she would definitely cry her heart out. then, when he takes out the kasaya, her expression would be especially interesting.

Just thinking about it made ye Mu Lin feel that it was very interesting.

At this moment, Secretary li knocked on the door and entered,"lawyer ye, Wanwan."

she looked at bai sulli, who was lying on the sofa, and hesitated. " "lawyer ai is here, do you want to see him?"

Bai suili raised her eyes and subconsciously looked at ye Mulin. A hurt look flashed in her eyes.

Chapter 3320: A woman's face is given by a Man 1

ye mulin put down the documents in his hand and looked at his wife. he smiled."do you think i should meet him?"

Secretary li, who was at the door, was shocked.

lawyer ye is so democratic now?

she then looked at mrs. ye.

bai suili snorted and continued to look at the encyclopedia of raising turtles in her hands. " how can i control lawyer ye? "

Ye Mulin laughed softly and looked at Secretary li. let lawyer AI in.

...

After saying that, he looked at the rice weevil and the corners of his mouth fell.

And he said he didn't care?

he smiled, unbuttoned his sleeves, and placed them on the table. then, he rolled up his sleeves a little.

The rice weevil glared at him, almost suffocating.

he, he, he, was too despicable. he had already seen her, but he still wanted to seduce her.

was he showing this meat for that ai wei to see?

No!

she took the book and ran over, sat on his lap, and simply pulled off his tie and threw it on the desk. she even unbuttoned three buttons, messed up his hair, and even bit his ear, leaving a red mark.

He let her do whatever she wanted and only lowered his head to look at her after she was done.”are you done?”

“I’m finished.” she said honestly and wanted to move away, but she was held down by a certain someone the moment she moved, and then a brutal and deep kiss followed.

ye eldest son had never kissed her like this before. his kiss was very fierce and deep, but his palm was so gentle as he held the back of her head. he would rub her head from time to time to comfort her as if he was coaxing a child.

she struggled at the beginning, but eventually became submissive. she wrapped her arms around his neck and softly called his name, ” “ye mu lin?”

he raised his eyes slightly and laughed in a low voice.”only then will it be convincing.”

He kissed her again and patted her. go and play at the side.

her entire body was soft, and her eyes were moist, looking extremely attractive.

She pursed her lips and said in a low voice, ” my legs are sore.

Ye Mulin laughed, the kind of laughter that an adult man would have when he laughed. He stretched out his long fingers and touched her slightly swollen lips. "I didn't really touch you, why would my legs be sore?"

"i just can't walk." "If you don't hug me, I'll let your husband see how we look like now," she said as she lay in his arms.

was this a threat from the rice weeps?

ye mu lin laughed lightly.

just then, ai wei came in. she was supposed to be here tomorrow, but she came early.

she had to admit that she was a little impatient, but ye mu lin was worth it.

however, she was stunned the moment she entered.

A woman was sitting on ye Mulin's lap. He looked very intimate, which proved what they had been doing.

the woman's back view was very beautiful. her long hair was let down on her shoulders, and she was wearing a beige knitted shirt that was pulled to her shoulders. the skin that was exposed was very white, so white that it was shining.

did he like this kind of woman?

ai wei had never felt that ye mulin was a man who indulged in women, but it was obvious that he was one now.

To do this with a woman in the office in broad daylight, he was skilled and mature.

this woman was a secretary in the law firm? lawyer? Or was she a woman he found outside?

ai wei thought bitterly, was it because she was too insensitive and didn't take the initiative in the past? did he like women who took the initiative?

Just as she was guessing, ye Mu Lin looked up and saw her. He patted the rice worms on his body and said,"Xue Li, come down."

Bai suili followed his gaze and knew that it was his old lover. She lay on his shoulder and refused to get off, her voice low and hateful, " "you're not going to call me miss bai anymore?"
