Chapter 3321: a woman's face is given by a man 2

ye mulin lowered his head and looked at her vengeful little face. he chuckled."If you don't come down, I'm going to call you little bastard."

To save face, the rice weevil had no choice but to get down from his legs, flicked his hair, and ran to the sofa.

Ai Wei didn't want to lower her status, so she didn't look at her. She only knew that she had a good figure.

she only stared at ye mu lin.

he looked terrible, completely unlike the elite he used to be.

ai wei didn't feel good.

...

At this moment, ye Mu Lin tidied himself up and said, " shirley, go into the lounge. i have something to say to lawyer ai. "

Xue Li?

Bai Xue Li?

Ai Wei was stunned. She could not help but look to the side.

the person lying on the sofa reading a book was none other than bai sulli.

weren't they on bad terms? how did they reconcile so quickly?

and it wasn't an act. bai suili's lips were swollen from kissing.

as her love rival, ai wei took a good look at bai sulli's appearance.

Bai Xiuli's makeup today was very light, almost without any makeup.

her skin was very fair, her eyes were not very bright but they were very big, her eyebrows were light, and her nose was straight. but her lips were very beautiful, full and shaped.

As a woman, Ai Wei also thought of the word 'suitable' for kissing.

she looked at him with jealousy and then looked at ye mulin. " lawyer ye, did i disturb you? "

"not really," He had already tidied himself up and put on his tie, looking like an elite. However, the visual impact just now was too great.ai Wei still felt that he was full of male hormones.

she licked her lips and watched bai suili lazily turn over and then continue to lie down.

he didn't have any intention of leaving.

"xue li!" ye mu lin raised his voice.

"i think this sofa is more comfortable, even more so than your legs. Why don't you talk to lawyer AI in the lounge?" She said childishly. She didn't care about the occasion, she just wanted to have her fun.

ye mu lin's face darkened.

He now felt that it was a mistake to bring her to the office. She never cared about anything else and only cared about him as her man.

Suddenly, he laughed. His laugh was a little indulgent.

He reached out to adjust his tie and used his eyes to Signal AI Wei to sit down. He then walked over to her with the turtle in his hand, squatted down, and said patiently, ” “After reading the book for so long, shouldn’t I put it into practice? Go find Secretary li, she has the turtle’s food.”

“feed?” “you’re letting little white eat this?” the rice worm frowned.

“what else?” He swept his gaze over a certain part of her body, but the dumb rice weevil did not notice.

“Xiao Bai is your daughter,” she snorted.

Ye Mu Lin nodded his head in agreement. it’s true that breastfeeding is advocated now, but do you have it, Bai Sulli? ”

what yingluo? what breast milk?

What was he talking about?

the rice weevil’s face immediately turned red. he noticed where he was looking at and immediately covered his chest.”ye mulin, you’re too shameless.”

“If you don’t want to feed her yourself, go to Secretary li,” he said with a deep smile.

“call the internal line and ask her to send it in.” she pouted her lips, ” my legs are sore. it’s all your fault for taking a walk here. ”

he was smart enough not to continue.

The space of imagination, oh, oh, oh, oh, oh, oh, oh, oh, oh, oh ...

ai wei’s face had already darkened. she felt that she was the one who shouldn’t have appeared.

Chapter 3322: a woman's face is given by a man 3

ye mu lin's answer was to carry bai xue li and carry her outside.

The lawyers outside were all stunned.

Oh my God, boss's boyfriend is so strong. But no, it seems that lawyer Ai Wei just went in.

The boss's choice was clear.

Between a strong woman and a milk cow, a man still preferred a milk cow.

ye mulin carried her out immediately. the rice weevil thought that he would leave her in the secretary's room and was extremely angry. however, ye mulin only took xiao bai's food and carried her back to the office. as he walked, he muttered,"Do you have face now, Mrs. Ye?"

...

as he carried her around, the rice weevil's heart was already bubbling with happiness, but she still said reservedly, "That's it, it's just average."

hmph, she had to say that it was so sweet.

She didn't want her face.

However, she still hugged her husband's neck tightly and obediently let him hold her.

Ye Mulin had indulged her too much today. This time, he carried her to the resting room and closed the door."if you come out again, i'll use force."

the look in his eyes told her that this violent action was not as simple as hitting her P * s.

she snorted and blushed. he reached out and touched her face gently, saying in a hoarse voice, ”
“You still owe me a meal, have you forgotten?”

He was talking about the bracelet she had promised Wanwan to help him with.

Actually, they had been married for so long, but he had always been the one taking the initiative. At first, he was rough, but later, he wanted to do something different, but he couldn’t bear to force her because he was worried about her.

She was so detestable today, and they had moved out, so he naturally had some different thoughts.

Actually, Ai Wei was right. No matter how abstinent a man was, when he met the woman he wanted, he would not have any integrity.

the moment he said that, the rice weevil’s face turned even redder and he ran away with little white.

ye mu lin’s gaze was deep. he looked at her for a while before opening the door and leaving.

meanwhile, ai wei, who was in the office, used all her strength to keep herself together. she said bitterly, ” does lawyer ye spoil his wife like this now? ”

“she’s much younger than us, so my mother asked me to give in to her.” “I was too strict with her in the past,” he said lightly.

ai wei was almost suffocating.

What did he mean by ‘much younger than us’?

although ai wei was already 32 years old, she had always maintained herself very well. it was impossible to tell that she was over 30.

that bai sulli, at first glance, was obviously spoiled, the kind that couldn’t stand hardship, the kind that lived on her father and man.

“i didn’t expect you to like this kind of woman,” she said in a slightly sour tone.

“A woman?” ye Mulin frowned. no, shirley’s still a kid. she hasn’t grown up yet.”

What did he mean by not growing up? Bai suili was already 26 years old, okay?

she was not young anymore, only eight or nine years younger than ye mulin.

“Let’s start.” Ai Wei forced a smile.

She seemed to have thought of something and paused.”yingluo, have you settled our matter?”

“Just ignore it.” he smiled faintly. ” sorry for the trouble, lawyer ai. shirley and i will treat you to lunch this afternoon. would you mind? ”

Ai Wei wanted to reject him at first. She was a proud and capable woman, but she was a little unwilling. She thought that perhaps this meal would let ye Mulin see the difference between her and Bai suili.

So she agreed.

however, she had never thought that the gap between her and bai suili had never been anything else but family background.

the ye family would never accept a woman without any background. even if you were extremely capable, it would be useless.

Chapter 3323: a woman’s face is given by a man 4

ai wei agreed, and ye mulin started to discuss business with her. he was not a man who would waste time, much less a lawyer. almost every second was used at the right time.

Ai Wei was working with him in an almost pleasing way.

this man was perfect in her heart.

However, he was married and didn't belong to her. She could only use work to look at him carefully. She would also make things difficult for him because that way, his gaze would stay on her face for a longer time, even if it was just one more second.

Ai Wei's heart was slightly bitter, but at the same time, she was a strong woman. Even if he was married, she felt that she still had a chance because his wife was so not outstanding.

She talked to ye Mulin for about two hours about the hundred-billion-dollar company. She almost had a mental breakdown and could no longer look at him or think about anything else.

...

At this moment, ye Mu Lin stopped talking."Ai Wei, that's all for today."

He raised his hand to check the time.

"It's lunchtime, right?" Ai Wei smiled.

She thought bitterly in her heart, if it was just them, without Bai Sulli, it would be a very wonderful lunch. But

Ye Mulin nodded his head lightly and walked to the door of the resting room. He had just opened the door when an aggrieved voice sounded from inside."Hubby, I'm hungry."

then, the rice weevil hugged his waist and buried its face in his chest. " "little white is also hungry."

She even raised her eyes and looked at him playfully.

She acted so naturally.

Ai Wei sat there, dignified and elegant. She thought to herself,"is this why ye Mu Lin likes Bai Xue Li?"

she was shallow and coquettish, just like those girls nowadays. she thought she was cute, but in fact, she was ridiculous.

sorry, she could not do it.

on the other side, ye mulin was staring at his rice worm. although he knew that she was acting, he still found it a little funny. " let's go eat with hanhan. "

He turned around and solemnly introduced,"my junior in new York, ai wei."

he then looked at ai wei. " my wife, bai sulli. "

Ai Wei stood up and slowly walked over. She extended her hand politely and turned to look at ye Mulin."Miss Bai, where do you work?"

Ye Mu Lin smiled and looked at the rice weevil.

bai sulli said with confidence,"i don't have a job for the time being. i might have to give birth to two children before i find a job."

Ai Wei nodded in understanding,"understood!" it's hard to be mu lin's wife, he's always busy."

bai sulli ignored her and hugged ye mulin's arm. " hubby, are we eating with lawyer ai? " Aren't you going to invite your subordinates? isn't that a little too harsh?"

"It's a private gathering today," ye Mulin smiled.

"Miss Bai, do you know how much a high-class meal for dozens of people costs?" Ai Wei couldn't help but ask.

"This is B city in China, why do we need to use us dollars?" "No matter how expensive it is, we can still afford it," Bai sulli said with a puzzled expression.

she looked like she didn't know much about the world. ai wei sneered in her heart but still put on a proper smile. "As long as you're happy, Mulin."

bai suili looked at ye mulin. "you're not unhappy, are you?"

ye mu lin held her hand seriously. "let's go."

she followed him. today, she was wearing flat shoes, casual clothes, and even had her hair tied up in a ponytail. it was rare for her to look like a little bird leaning on a man.

Chapter 3324: a woman's face is given by a man 5

Bai suili realized that ye Mu Lin was actually very tall when she wasn't wearing high heels. He was probably a head taller than her.

he was definitely above 185.

She looked at his hand that was holding hers. She bit her lip and reached out to hold him tightly.

This scene made Ai Wei's eyes darken.

he should have given up. his choice was actually quite obvious. it was probably the aesthetics of a straight man.

however, as a woman with pride, ai wei couldn't accept losing to such a terrible woman, so she was unwilling to give up.

...

The three of them naturally attracted the attention of all the employees in the office.

Compared to the last time when lawyer Ai Wei came, lawyer ye's attitude had changed drastically. This time, he stood firmly by Mrs. Ye's side.

In fact, the underlings also felt that Mrs. Ye's figure was better. When she was sexy, she was hot. Now, when she didn't have makeup on, she was as friendly as the girl next door. Both of them made men relax.

On the other hand, lawyer AI was also very beautiful. However, he looked sharp in his suit. He still looked sharp in his evening dress at a banquet. In short, if he was in the same industry, lawyer ye's nerves would probably be tense and feel that he would have to negotiate at any time. If they had to choose, they would choose a beautiful little vase to put on. It was pleasing to the eye, cute, and easy to bully.

they couldn't imagine the scene of lawyer ye bullying lawyer ai.

When the three of them reached the door, Bai suili suddenly bit her lower lip,"will little white starve to death?"

Ye Mulin immediately said, " don't even think about bringing it to the restaurant. Also, you can just feed the tortoise once every two to three days. If you feed it too much, it will die from overeating.

Oh, " she said, feeling a little pity.

Actually, she quite liked Xiaobai.

the restaurant they chose was quite a distance away.ai wei drove by herself and ye mulin brought his wife along. they arrived at the France restaurant in less than ten minutes.

Bai suili had tied her long hair into braids in the car and placed it casually in front of her chest. In addition, the clothes she wore were a little fresh. She sat next to ye Mulin and asked him to order for her when he asked.

ai wei took a sip of water and smiled."Miss Bai, why don't you go out for a walk?"

bai sulli took ye mulin's pre-meal drink and played with it in her hands."lawyer ai, what do you mean by" taking a walk outside "?"

“studying abroad.” ai wei was a straightforward person and quickly spoke.

bai suili gave a long “oh” and then nodded,”i’m not good at my studies, so i’ve never thought of going out. besides, i like it in china. it’s so fun there ~ why do i have to go abroad? is the moon rounder outside?”

Ai Wei couldn’t communicate with him for a while. She had been working in a company in San Francisco for a few years and didn’t want to come back for the time being, unless the man sitting opposite her hinted to her to come back.

When she came back this time, she heard the news of his marriage.

ai wei smiled. ” i don’t know if the moon outside is round or not, but i don’t want to sit at the bottom of the well and look at the moon. ”

Bai suili gave a long “Oh” and said in a tone of admiration,”Lawyer AI is so independent.”

she tilted her head to look at ye mulin and said in a soft voice, ” “what about you? do you want me to go out? why don’t we have a child a few years later?”

“Don’t mess around,” Ye Mulin was looking at the menu as he knocked on her head. “i’ll be almost 40 years old if you wait a few more years.”

Bai suili quickly glanced at him, her face slightly red.

Ai Wei’s heart felt sour and uncomfortable.

Chapter 3325: a woman’s face is given by a man 6

bai xiuli picked up her glass and took a sip to cover up.

however, she choked, and this was a high-class restaurant, so it was a little uncomfortable.

Ye Mulin noticed it very quickly and he had a helpless and indulgent expression on his face. "Drink some water to suppress it."

Bai Sulli quickly drank some water and felt better. She frowned and looked at him. "What kind of appetizer is this? It tastes so strange."

Seeing that she was fine, he continued to order. He lowered his head and smiled. "You're not allowed to drink anymore."

The rice weevil didn't say anything, and he had already ordered his and Bai Sulli's. He passed the menu to Ai Wei. "You can count it yourself."

...

Actually, Ai Wei had wanted him to order for her, but she didn't know what to say. She took out a French menu and communicated with the waiter in fluent French, ordering whatever she wanted.

Although the restaurant was high-class and the waiters were beautiful, they didn't know French.

The waiter was a little dumbfounded and couldn't say anything for a long time.

Ai Wei kept her head down and did not see the waiter's embarrassment. Ye Mulin wanted to help, but his rice worm had already told the waiter what Ai Wei had ordered. His voice was soft and gentle, and the waiter immediately remembered it.

Then, the millet worm felt her husband holding her hand.

She glanced at him and tried to break free, but she couldn't. He picked up the appetizer with his other hand and elegantly took two sips as if nothing had happened.

Ai Wei closed the menu and looked at Bai Sulli, a little surprised. "Didn't you not stay in school?"

Bai Sulli took ye Mulin's appetizer and played with it while saying casually, "I hired a tutor. At most, they hired over ten tutors of various languages, so I know about seven or eight languages. However, it's only limited to eating, drinking, and having fun. I don't know any professional languages.

in fact, seven or eight kingdoms was already very powerful, although it was just for fun.

Ye Mulin knew a little more. He had always known that the Bai family raised Bai suili according to the Queen's standards, but he did not expect that she would be a rice worm who only knew how to eat, drink, and play.

He didn't expect that he would raise this precious rice weevil. It was actually quite expensive to raise her, but he seemed to be very happy so far, and he was getting happier day by day.

he especially enjoyed the way she spoke to the waiter just now. just looking at her small face made him have the urge to take her home, press her on his bed, and bully her.

in this world, there were women who were naturally pampered by men and were raised at home, like his mother, his rice weevil, and little white.

The ye family's eldest son had never given birth to a child before, but now he actually had the feeling of having a wife and a daughter. He himself also felt that it was a little unbelievable.

Ai Wei only smiled at his words.

at this moment, her stockings hooked onto something. she squatted down to take a look, but as soon as she squatted down, she found that ye mulin was holding bai sulli's hand under the table.

bai suili seemed to find him annoying and kept trying to break free, but he always had a way to catch her.

Ai Wei blinked her eyes and thought bitterly, so he really liked this woman.

she didn't understand why he liked a woman who only knew how to eat, drink, and play. was he going to waste all his revenge and ambitions on this woman?

when ai wei raised her eyes again, she pretended not to see anything and smiled.”i’m going to the washroom.”

bai suili watched her leave and said to ye mulin, ” “I also want to go.”

His eyes seemed to be probing, but in the end, he still agreed. “Don’t get into trouble.”

Chapter 3326: a woman’s face is given by a man 7

” oh, ” she said as she looked at him. then, she walked in the direction of the washroom.

As a female, she understood Ai Wei’s call.

Who was afraid of who? she was the real Mrs. Ye and she even had the fruit of love with ye Mulin.

bai suili walked into the women’s washroom, and ai wei was touching up her makeup.

Bai Sulli walked over to wash her hands and met Ai Wei’s eyes in the mirror.

“You and Mu Lin are not suitable,” Ai Wei said naturally.

...

bai sulli leaned to the side and watched ai wei touch up her makeup. to be honest, ai wei was very beautiful and had the ability to look like the u.s. hill from many years ago, an aggressive beauty. she didn’t know why her husband didn’t like this icy beauty called ai wei now.

In the beginning, she had thought that ye Mulin had called her miss Bai because of Ai Wei. However, she felt that it was not the case. His attitude towards Ai Wei was not as good as his attitude towards Secretary li.

Bai suili made an “Oh” sound and then lazily said, “Actually, I don’t think it’s suitable either.”

ai wei looked at her.

bai sulli lowered her head and played with her fingernails. he’s older than me by ten years, so there’s a generation gap in our thinking. I’ve been wanting a divorce, but he’s not willing.

“Lawyer AI, can you help me convince him?” she looked up at Ai Wei.

Ai Wei’s heart skipped a beat, then she looked at her. “you’re really willing to leave him?”

bai sulli sneered, “the ye family doesn’t have a throne to inherit. why would i cling onto an old man? he’s so old-fashioned and his life is boring.ai wei, why would you like such a boring man?”

She said it smoothly, but towards the end, Ai Wei’s expression became a little ugly, because Bai Sulli not only saw through her thoughts, but also exposed her.

This was unbearable for Ai Wei, because Bai Sulli didn’t even have the basic cultivation.

She was angry, but she couldn’t do anything.

Bai suili didn’t bother to be polite with her and chuckled, “Lawyer AI, you’re a lawyer. You should know that although being a third party won’t be punished by the law, you’ll be criticized morally. You don’t want your personal life to affect your career, do you?”

“in my heart, my career will always come first.” ai wei’s expression was a little arrogant.

“oh, i’m different from you.” “My own happiness is the most important,” Bai suili laughed heartlessly.

ai wei looked down on her and said, “you’re too selfish, mulin qianqian.”

“is this considered selfish? also, ye mulin likes this kind of life. can you replace his thoughts?”
Mr.ai, ” Bai Sulli laughed. isn’t it selfish of you to interfere in other people’s lives like this? ”

ai wei was a lawyer, and a very famous one at that. however, at this moment, she couldn’t win against bai sulli, not for any other reason, but because bai sulli was that person’s wife.

she was about to say something when ye mulin’s voice came from the bathroom door. ” “your favorite dessert is here.”

ai wei was about to say that she didn’t order any desserts, but she suddenly thought of something and kept quiet.

She went out first, and when she passed by ye Mulin, he said, ” “Don’t bully her. She doesn’t know anything.”

Ai Wei almost wanted to cry.

Since when did nothing become an advantage?

she paused for a moment, then left with a smile, maintaining her demeanor.

ye mu lin looked at bai xue li and said in a low voice,”How long do we have to stay here?”

she was still washing her hands slowly and said softly, ” “the perfume she’s wearing smells nice.”

Chapter 3327: A woman’s face is given by a man 8

ye mulin walked closer to her and brushed her hair. he said absent-mindedly, ” “i’ll buy it with you later.”

“i don’t want to.” “I don’t want her smell on me. It’ll remind you of me all the time,” she said as she leaned against the sink.

ye mulin was silent for a while, then he leaned closer to her and said in a low voice, ” “are you confessing your love to me?”

The rice weevil’s face turned red and he looked at him eagerly.”I didn’t!”

She drew circles on the sink with her little hand. “angry! I still have to eat with you and your first love.”

Her rare angry look was actually a little cute.

...

Ye Mulin’s fingers slid down and he pinched her face. she wasn’t my first love.

The rice weeper exploded when he heard this. you have other women!

Ye Mulin’s face turned cold when he saw how angry she was.”My first time was after we got married.”

what he meant was that he had already given her his virginity, so what was there to be dissatisfied about?

Bai suili glared at him for a long time before biting her lip,”I’m not mentally.”

His cold face softened and he smiled. you care so much? ” in fact, bai suili, you’re the one who’s not a virgin in spirit.”

“it’s my first time too,” she stomped her foot.

she blushed after she finished speaking.

Ye Mulin did not argue with her. He only looked at her with an extremely ambiguous gaze and then said lazily, ” “Don’t forget what you promised me.”

Abnormal!

the rice weevil only dared to whisper and followed him back to the dining room.

Ai Wei ate very elegantly, but she obviously didn't have much thought. The couple opposite her made her feel very upset, so in the end, Ai Wei ended the meal early, saying that she had something to do.

The rice worm ate happily and looked at her in confusion. "Why didn't you eat more? you only ate half of what we ordered. Mu Lin always told me that it's not good to waste food for many children."

As she said that, she looked at ye Mulin with a face that was begging for praise.

Ye Mulin was speechless. He only took a sip of the wine before the meal.

Ai Wei couldn't take it anymore and said, "We need to maintain our figures. We'll get fat if we eat too much."

"i don't think so!" I eat a lot, " the rice worm said in confusion. but I don't have any meat in the places that shouldn't be fat.

"Probably because he exercised a lot," she thought.

"Just based on the fact that you have a hundred WeChat links every day?" ye mu glared at her.

her face blushed, and she couldn't help but think of his needs every night. she was covered in hot sweat.

ai wei couldn't bear to listen any longer. she stood up and laughed softly. "Lawyer ye, I'll take my leave first."

Ye Mulin stood up and smiled. don't take Xue Li's words to heart. She has been spoiled since she was young.

"I mind what you say, lawyer ye," the rice weeper said softly.

she purposely called him lawyer ye like ai wei did. ye mulin could tell and glared at her.

"Of course not," Ai Wei forced a smile. However, his heart was cold.

the rice worm watched her leave and sat down. he pushed the dessert away and took two sips of water.

"I thought you wouldn't get fat after eating?" ye Mulin looked at her.

"there are no women who are really not fat, only women who don't control themselves." she said in a soft voice, " of course i have to control myself. otherwise, who's going to pay for my credit card if i become fat and round? "

she said it in a sullen tone and ye mu lin's face darkened. after a while, he reached out to stroke her waist and said very slowly,"actually, you can be fatter."

Chapter 3328: Ye Mulin, you actually like me (1)

Bai suili glared at him. Ye Mulin smiled and stood up to pay the bill.

when they went out, he still took her to the perfume counter and picked out a perfume that he was comfortable with. after swiping his card, he said calmly, " "apply this tonight."

"from now on, apply this every night." he paused.

"shameless," bai suili glared at him.

He smiled and walked in front with her perfume in his hand. Later, he actually went to the women's clothing section to pick out clothes for her.

He was really the one choosing. He did not bring her to try on the clothes. She only needed to sit on the sofa and watch Ye Ye first pick.

...

His eyes were very sharp. He made the decision after a few glances, then swiped his card and wrote down the address for someone to send it to the apartment.

she didn't even ask about the size.

the rice worm finally could not help but step forward and say in a low voice, " "what if it's not suitable? You don't even know my code."

ye mu lin turned his head and looked at her in surprise. after a long time, he smiled."you think i wouldn't know?"

his gaze fell on her face and then moved down. it was a little ambiguous and a little obscene.

The rice weevil blushed and ran away.

Ye Mu Lin smiled lightly and smugly. He walked over and pulled her to the next shop.

He only stopped after buying dozens of sets of clothes for her, but he dragged her to a lingerie shop.

Bai Sulli thought that he could choose by himself, so she naturally wanted to sit on the sofa and rest.

Ye Mu Lin grabbed her hand and walked over to her. He asked casually,"don't you want to try?"

Try, try what?

bai suili bit her lip. " ye mulin, i don't want to try. "

she didn't even try on the clothes outside, let alone the clothes inside.

he looked at her as if he knew what she was thinking, and he said even more slowly, " the clothes on the outside are worn for others to see, and the clothes on the inside are worn for me to see. of course, i have to try them on. "

As he spoke, he took out five or six sets and threw them to her for her to try on. He even picked out a few pajamas.

Although it wasn't the kind that was full of lace suspenders, it was the kind that was easily torn, and it looked like she had bad intentions.

bai suili was dissatisfied, glaring at him.

"Go try it." He smiled. why don't I try it with you? "

The rice weevil was intimidated by his Y and obediently took the clothes to try on.

ye mulin was sitting on the sofa and reading a magazine. the corners of his mouth curled up slightly, making him look very charming.

She only came out after a long time. Other than a set that she didn't like, everything else suited her.

Ye Mulin raised his head and looked at her. you're done trying? "

" mm. " she looked at him and said, " come and settle the bill. "

it was probably the first time she was shopping for undergarments with a man, so she was actually a little shy. when he walked over, she naturally hugged his arm and put her face on his shoulder.

When ye Mulin swiped his card, he could not help but look at her for a few more seconds.

her face was a little red, and she was shy.

In fact, his house's loafer was not as bold and unrestrained as she looked on the surface. She was still very shy in her heart. There was a little girl living there, but the little girl liked mu Bai.

When ye Mulin paid the bill, his face had already darkened.

His uncertain appearance made Bai suili scratch her head, and she didn't want to care about him.

he was just an uncle in menopause, yet he still wanted to occupy her, a beautiful young girl.

he didn't ask anyone to give him his undergarments, but carried them himself. he walked very fast, and the rice weevil was almost jogging behind him.

Chapter 3329: ye mulin, you actually like me 2

When she got into the car, he threw the shopping bags on her and drove with a dark face.

Bai Sulli hugged the bag and muttered, " "If I didn't know, I would have thought that you were on your period."

"what did you say?" he frowned at her.

she didn't say anything, then she turned her face to the window and said awkwardly, " "who can stand your bad temper? it's fine for a while, but i can't stand it for the rest of my life."

Ye Mu Lin's expression darkened even more, but after a while, it suddenly became gentler.

his fingers were still on the steering wheel, but he stopped the car.

...

He stopped, and Bai suili looked at him in confusion, "Why aren't you driving?"

he turned his head to look at her, and his voice had never been so gentle before. "Bai Xue Li, what did you just say?"

the rice worm was confused, "what did i say?" i said you have a bad temper and are not easy to get along with."

he was still looking at her, and his voice was even softer. " "except for this yingluo."

She tried hard to think, but she couldn't think of anything.

His Adam's apple bobbed as he reached out to touch her face gently. His voice was extremely hoarse. "you just said, a lifetime."

"i didn't." "I'm saying I can't take it for the rest of my life. You have such a bad temper," she denied, her face burning.

"What if I change it?" There was more warmth in his eyes. Then, he unbuckled her seat belt, hooked her head, and pressed her against him.

the rice weevil's face was forced to stick to him, and his voice was hoarse. " bai sulli, if i only treat you well (only bully you), and only bully you in bed (only bully you in bed), will you stay by my side for the rest of your life and never divorce me again? "

The rice weeper was a little frightened.

he said that he would never divorce her.

He wanted her to stay by his side forever.

he licked his lips and said with difficulty, " " well, didn't you always think that i'm shallow? will i lower your status if i keep being your wife? "

His gentle expression darkened. He let go of her and said in a bad tone, "bai sulli, do you really hate being by my side?"

she sneaked a glance at him and muttered, "you're fierce again! I'm not your slave, you're always so fierce!"

she didn't make a sound. she turned her face away and actually started crying.

The moment she cried, ye Mulin recalled that her surname was Bai.

In fact, she had already been tolerating his bad temper. She was also very obedient. As long as he coaxed her, she would be very obedient. She was actually just a little girl.

The little girl with a bad temper was easy to coax as long as he was willing to put down his pride.

"are you angry?" he went to pull her little face, but she refused.

who was ye mu lin? he had to do what he wanted to do. very quickly, he turned her small face around and carefully examined her.

she was really crying, and her eyes were red. fortunately, she didn't have makeup on, or she would have looked ugly.

you always cry, " he said, pretending to be disgusted. what else can you do besides crying? "

"I also know eight languages, but I only eat, drink, and have fun." "of course i can't be compared to your first love," she said angrily.

He couldn't help but laugh at her childish words. He reached out and pinched her face."Ai Wei wasn't my first love."

I don't care who your first love is. It's an adulterous man and woman. she was furious.

Ye Mulin smiled and rubbed his chin. His voice was soft, hoarse, and alluring."Are you sure?"

Chapter 3330: ye mulin, you actually like me (3)

Under his gaze, the rice weevil felt short of breath and stared at him for a long time without saying a word.

“Idiot.” Ye Mu Lin laughed lightly.

after saying that, he started the car again and stopped outside the law firm in no time.

He unbuckled his seat belt and looked at her. “You’re not getting out?”

however, the rice weevil stubbornly refused to come down and stayed in the car, looking at him.”tell me, who was your first love?”

“Ye Mulin, I always feel like I’m at a disadvantage. Look at you, I’m entangled with more than one woman.” She mumbled again.

...

Ye Mulin looked at her and laughed coldly.”but i’m not like you, almost getting married to someone else.”

even if you want to marry, no one would dare to marry you, lawyer ye. She deliberately acted shamelessly.

Speaking of this, the small-minded lawyer ye started to argue again. He asked quite seriously, ” “bai suili, if mubai had married you, would you have married him?”

The look in his rice worm’s eyes changed.

He looked at him as if he was an idiot and said slowly, ” “Of course I’m married.”

Just as he finished speaking, the ye family's eldest son got out of the car with a dark face. The car door even slammed loudly.

what the f * ck! was there anything wrong with her being honest?

moreover, she liked mu bai at that time. even now, she still admired mu bai's good looks. mu bai was always gentle and kind, unlike him, who always had a straight face all day long. who was he trying to scare?

hmph hmph.

She got out of the car as well. Ye Mulin stopped in his tracks, locked the car door, and walked straight to the elevator, ignoring her.

in the elevator, she said in a low voice, " "i'm wrong to tell the truth, right?"

hence, lawyer ye's face darkened even more and he said coldly, " it's pretty good. Mrs. Ye, you're honest. I hope that your body will be as honest as your little mouth at night.

the words that came out of his mouth had a tinge of goosebumps. no matter how stupid she was, she knew that she would not have a good night, so she bit her lip."I want to go back to my parents" house tonight."

he looked at her. how could he not know what she was thinking? he sneered."it's not too late to go back tomorrow. you can complain about me tomorrow if i bully you tonight."

The more she listened, the more she felt that it was not the case. She glared at him."I'm not going to tell on you."

his slender body leaned against the elevator wall, and his expression was very relaxed. he smiled gently. " "What if I want you to Sue me?"

she widened her eyes ...

what he actually wanted to say was that he wanted to bully her, right?

“I want to go back to the mansion,” she said, hugging herself.

I’ve told my mother that we’re moving out, ” he said calmly. do you want her to think that you have no survival skills at all? ”

I don’t care. I just don’t want to live outside with you. You’re too despicable. as he spoke, he turned around.

But soon, he hugged her from behind. His face was on her shoulder, and it was a little heavy.

His voice was even clearer beside her ear. am I the despicable one or are you the despicable one? we’ve been married for so long and you’re still thinking about Mubai, huh? ”

“I’m not thinking about him, you’re the one who brought it up.” it was no use for her to soften her stance.

ye mulin’s face darkened. ” we’ll talk (do it) at night. ”

the elevator door opened, and he let go of her, not letting his subordinates laugh at him.

Bai Sulli didn’t want to come out and wanted to go down with the elevator. He threatened her, ” “if you don’t come over, i’ll throw your little jerk into the trash.”

She was furious and chased after him from behind. She gritted her teeth and said, ” “You’re cold-blooded, you have no love.”
