

Thank you 3331

Chapter 3331: ye mulin, you actually like me (4)

he turned his head to look at her and snorted. ” “In your heart, I’m not as good as Mubai in anything, right?”

she did not make a sound.

sometimes, silence meant consent.

hence, lawyer ye’s face turned even darker and he walked into the office quickly. his rice weevil jogged behind him and would hug his arm shamelessly if she could not keep up. she was afraid that he would throw xiao bai away.

ye mulin walked into the office and everyone looked at the couple.

His face was dark. get the security guards here and throw Qingqing and Bai Sulli out.

...

He had spent so much effort to raise the rice weevil, who kept saying that other men were good. Even if this man was his younger brother, he could not stand it.

Moreover, mu Bai was a third party warmer who treated any woman well. Was he more reliable than her?

He was so angry that he wanted to throw her away.

He thought that she would say goodbye to him in anger like the last time and curse him again, so that he could throw that damn little white to her to whine.

However, when the rice weeper heard his screeching, not only did it not get angry, it only blinked its eyes.

Everyone in the law firm blinked.

Wait for a good show!

Lawyer ye was usually too old-fashioned and didn't have any private life. Who would have thought that after marriage, he would share so much material with everyone? every time they quarreled, it was like an elite textbook.

Bai suili blinked. She looked a little stupid, but lawyer ye still found her a little cute.

She blinked for a long time before she slowly asked in front of everyone, " ye Mulin, are you jealous of Mubai? because I said I like Mubai, Qingqing, but you like me, right? "

At this moment, the crowd was silent. Everyone was holding their breath and waiting for lawyer ye's answer.

Ye Mulin frowned. He really wanted to scold her, but her eyes were bright and a little moist ...

If he said he didn't like her, she would definitely argue with him, and it would take a long time.

Actually, it was not worth it.

After that, I don't know how long I'll have to coax Yingluo.

at this moment, he didn't think about why he had to consider coaxing her if he didn't like her. why did he have to consider if she was happy or if she would cry?

in the end, ye mulin did not answer her. he only glared at her and scolded, " 'shallow.'

it should have been enough to make her leave, but she was so thick-skinned that she directly jumped to his side and asked him sweetly, " "you just like her, right?"

"You like being superficial too, don't you?"

“what about you?” he looked at her.

At this time, the ye family’s eldest son, lawyer ye, no longer cared that so many people were looking at him. He was a little proud and a little anxious to hear nice words from her little mouth.

bai suili blinked and smiled sweetly,”I still think Mubai is a little better.”

Ye Mulin’s face darkened and he called Secretary Gao.”call the security guards and take away this man who could anger him to death.”

However, Secretary Gao had already run away. She wouldn’t care about the business between the BOSS and his wife.

Lawyer ye clearly liked it a lot, but he didn’t admit it. He didn’t mean what he said.

Ye Mulin looked around and felt completely humiliated. He then quickly walked into his office and threw the little jerk out.”Take your little white and get lost.”

he didn’t like the name xiaobai anymore.

of all the names, why was he called xiao bai? mu bai’s name had the word bai in it.

At this moment, ye Mu Lin was extremely angry. He wished that he could immediately give birth to a son for the rice weevil, and the Son would be called ye mu Bai.

Chapter 3332: Ye Mulin, you actually like me (5)

He entered the office and closed the door.

bai suili ran over and picked little white up, her heart aching, and she shouted, ” “No love.”

Secretary Gao stepped forward and asked with concern, "Mrs ye, do you want to go to the secretary's office?"

"no need," Bai suili carried the little jerk and went straight to ye Mulin's office. She twisted the door, and it opened.

She knew he wasn't really angry, so she bent over and went in.

Everyone was secretly paying attention to the movements inside. Sure enough, after a while, they heard lawyer ye's angry roar, "Bai Xue Li, get out of here."

...

In any case, no one saw anyone roll out, but the door was closed.

In the calm and imposing office, Bai suili's back was against the door, and she was holding a little jerk in her hand with her head hanging down. "i'm really getting lost!"

He glared at her.

she raised her head and suddenly laughed."i know you like me."

then, she ignored him and happily ran to the side to comfort little white. she carefully put it in the box and even studied what pattern she should draw on little white's back to make it look better ...

writing the word 'lin' meant that it was from lawyer ye's family!

She picked up a neutral pen and wrote on Xiaobai's body. Every stroke was very careful.

Ye Mulin was still staring at her. When he saw her submissive look, he did not know why but he was not as angry anymore. I know you like me.

Actually, the rice weevil wasn't that stupid.

He just looked at her, at her stupid look, and at her drawing here and there on Xiao Bai's body. He himself didn't know why he just walked over.

he only realized that she had written the word "lin" on her name after looking at it.

for a moment, she was in a mess again.

He pulled a long face. She didn't seem to be afraid of him anymore. Was she taking advantage of the fact that he liked her?

"i don't like you," she said, clearing her throat. "it's just that raising you is the same as raising little white."

her head was still lowered as she retorted softly, "it's not the same."

he stared at her. "what's different?"

Bai suili held little white and blinked. "Can you hug little white at night to satisfy your needs?"

ye mulin was about to reprimand her, but he gave up on that thought in a second. he walked over and sat beside her. he hugged her and the bastard in his arms. he buried his handsome face in her neck and bit her. then, he chuckled."Bai Sulli, you mean you can satisfy me at night? hmm?"

He even reached out to hold her chin, not giving her a chance to escape, and even forced her to look at him.

His thin lips remained on the corner of her mouth, nibbling at it from time to time."do you know how to satisfy me?"

The rice weevil looked at his lips and brushed them here and there. She was being teased by him to the point of death.

However, he still did not let her go. He chuckled. bring Xiao Bai home after work. I want her to see how much daddy dotes on mommy. I want her to see how mommy will satisfy daddy.

She simply couldn't bear to listen anymore and screamed, "Ye Mu Lin, you're a pervert!"

he laughed in a deep voice and pressed her down on the sofa to kiss her. he did not kiss her fiercely, but he kissed her everywhere.

in the office outside, the subordinates looked at each other. they were not sure if the laughter coming from lawyer ye's office was low and deep. it was the kind of laughter that men would have when they bullied women.

Lawyer ye, tease?

this world was really a fantasy. besides, wasn't her face still black just now?

Chapter 3333: ye mulin, you actually like me (6)

ye mulin pressed her down and kissed her for a long time. he kissed her until her hands and feet went soft and she let him do whatever he wanted.

he lowered his head and pressed it against her forehead, his voice a little hoarse. "If I say I like you, will you tell me the truth?"

as he said that, he hooked her little chin.

his face was slightly red as he stared at him. "then say it again."

his face darkened, but he still said solemnly, "Bai Sulli, although you're superficial and idle, you're still very cute, Yingluo."

she blinked her eyes, thinking, "this is my husband's confession?"

...

“you like me being shallow?” she hooked her arms around his neck and asked with a slight smile.

ye mulin lowered his head and kissed her lips. he lowered his voice and said, ” I like all of your flaws.

she was furious. ” i’ve decided not to like you anymore. ”

he chuckled,’you can even decide on such a thing?’

“I’ve decided.” she snorted and kicked him. ” get out of the way. go deal with your business. ”

But he still didn’t move, and his expression was still a little unpredictable.

then, she realized why he had stopped moving and glared at her. she reached out and threw the little jerk in his direction. ” “Let little white comfort you.”

He ignored the little jerk and held her small hand. I’ll make do with it.

Because it was in the office, he only asked for half of it. He grabbed her little hand and bullied her through his pants.

Bai Xiuli’s eyes were wide open, and she looked at him in disbelief.

Although ye Mu Lin was a little rough, he had never been so vulgar before.

bai xiuli’s eyes were wide open. she seemed a little stupid, but also a little innocent.

even though she didn’t know anything, was lazy, and superficial, in this materialistic world, she was really very clean.

she was so clean that he couldn’t believe that a girl like her was still a virgin on their wedding night.

he remembered that he was actually overjoyed at the time, but every time he wanted to control himself, he couldn't. he could only continue violently.

she was in pain, but in fact, he was in more pain, both physically and mentally.

at this moment, he felt a burst of pain. he looked down and saw that little white was biting him.

The tiny little turtle was biting him tightly through his pants.

Ye Mulin was stunned. Bai Sulli was also stunned. Then, she lay on the sofa and laughed.

She was dying of laughter.

he had been bitten by xiaobai.

Seeing him take Xiao Bai down in a flurry and throw him on the coffee table, she leaned against the back of the sofa with a red face. "actually, little white can satisfy you too."

Ye Mu Lin looked at her and sneered as he walked over.

she felt goosebumps all over.

After that, he pressed her little head down hard, and his thin lips whispered in her ear, "bai sulli, where did it bite? you have to comfort it."

Of course she wouldn't. He pressed her little head and rubbed it against her, making a mess.

That scene could not be seen anymore.

At this moment, the office door opened, and Ai Wei's voice rang out. "I'm sorry, Mu Lin, I left my USB here."

Ai Wei looked at the two people on the sofa in a daze.

What was he doing?

although ai wei knew that ye mulin was a man, she had never thought that he would be such a lustful man!

for a moment, she was stunned and only came back to her senses after a long time.”Sorry for the disturbance.”

Bai suili felt uncomfortable and quickly called out to Ai Wei, no, I just twisted my neck. He’s helping me fix it. You guys talk.

then, he immediately ran out with little white, as if he was escaping from a disaster.

Chapter 3334: Ye Mulin, you actually like me (7)

The office was silent.

ai wei took the usb and shrugged. ” then, i won’t disturb you. ”

As she spoke, she looked at ye Mulin with an indescribable emotion in her eyes.

just as she was about to leave, ye mu lin suddenly spoke, ” “ai wei,”

she stopped in her tracks, but she did not turn around.

Ye Mulin’s voice rang out softly,”I once resisted her appearance and resisted her existence in my life. However, she still became my wife in the end.” After I’ve liked her for many years.”

...

Ai Wei turned her head abruptly. At that moment, she looked at him as if she was looking at a lunatic, or more like a mental patient.

“do you like her?” she asked softly.

“Yes, I like her. I’ve liked her since she was young.” Ye Mulin smiled.

“Then she definitely doesn’t know,” Ai Wei said with a strange smile.

Ye Mulin did not say anything.

in fact, it didn’t matter whether bai suili knew or not. the key was that he liked her.

ai wei’s face trembled unnaturally. after a long time, she forced a smile.”it’s something incredible.”

She walked out and tried her best not to cry.

Why was she crying? it was clearly him who did not appreciate her excellence. It was clearly him who had no taste.

Outside, Bai Sulli was still playing with little white. When she saw Ai Wei come out, her face didn’t look good, and her eyes were a little red.

she guessed that her husband had dealt a blow to ai wei. although she was happy, she didn’t have the hobby of hurting a dog when it was down. she continued to play with little white.

it wasn’t that she didn’t have any sympathy, but if ye mulin and ai wei were to have an affair, she would be the one crying. no one would pity her then.

although the rice weevil was ignorant and incompetent, he had drunk a lot of chicken soup for the soul ...

Being kind to the enemy was the cruelest to oneself!

that was why she would not be soft-hearted.

she did not return to ye mulin's office either. he was so detestable just now. she did not want to give it to him again.

as she thought about it, her face turned red, but it was indescribably beautiful.

she spent the entire afternoon playing with xiao bai. when it was five o'clock, mu lin came out of the office with his coat and car keys in his hands, shocking all the lawyers and secretaries.

it's only five o'clock and lawyer ye is already off work?

ye mulin walked out and looked at the woman who was playing on the sofa. he said coldly, "Let's go home."

Wow, the way lawyer ye expressed his love was so different.

Bai suili stretched lazily and looked up at him, "you're off work? isn't it a little too early?"

Ye Mu Lin's reply was to walk towards the door. She immediately brought Xiao Bai along and followed behind him.

after they left, the office was completely silent. after a long time, someone let out a long sigh. boss is actually quite lustful. If Mrs. Ye is not good-looking, he probably would not be in a hurry to get off work.

The words "in a hurry to get off work" made people feel bored. Then, everyone sighed-

It was great to have a wife.

Bai Sulli followed ye Mulin into the car and placed little white in front of the windshield. Ye Mulin threw little white into her arms in disdain. She was embarrassed but did not get angry.

before he started the car, he glanced at her, and she smiled at him.

“Stupid!” “Shallow,” he could not help but add.

She wasn’t ashamed of it, but rather proud of it.

In fact, how was she stupid?

She wasn’t stupid at all to have such an awareness. How was she stupid to be able to have him under her thumb?

Chapter 3335: ye mulin, you actually like me 8

she mumbled softly, but ye mu lin only looked at her and did not say anything.

bai suili hugged little white and muttered in a low voice, ” “Your father got off work so early. Will he go bankrupt and not be able to support us?”

ye mulin turned his head to look at her. she was talking to xiao bai seriously and the way she talked to herself was really stupid.

However, his mood suddenly became much better, and even that little white was much more pleasing to the eye.

twenty minutes later, they arrived at a supermarket instead of his apartment.

When he opened the door, he motioned for her to go down.

...

The rice weevil hugged the little jerk and refused. “i’ll stay here and accompany little white.”

“this is just a little turtle, bai xue li,” ye mu lin glared at her.

she still refused. ” i want to stay here to accompany her. xiao bai is my child. ”

“Bai Sulli, your child is still in my body!” He said.

As soon as he finished speaking, the rice weevil put down little white angrily.”ye mulin, you’re extremely shameless now.”

ye mulin lowered his head to look at her and chuckled. he reached out to grab her hand and brought her out of the car. after closing the car door, he dragged her hand and walked into the supermarket like an old couple.

As soon as Bai suili entered, her face was filled with fear,”What the hell is this place?”

She had only been to nightclubs and high-end shopping malls. It was her first time coming to such a place.

ye mulin simply hugged her shoulders and lowered his voice.”The waste recycling station.”

“you’re scolding me.” She said hatefully, then whispered, ” “if you think i’m stupid, then don’t have children with me. even if you don’t want children, don’t force me to do it.”

He lowered his head to look at her and then smiled.

he didn’t say anything and just took her to buy groceries.

a rice weeper was just a rice weeper. she didn’t even know what vegetables were. she thought all the green vegetables were the same and put a portion of each in the shopping cart.

She took it randomly, and ye Mulin took it back for her. He picked some steak, sweet shrimp, some vegetables, and milk, filling the whole cart.

When she went downstairs to pay the bill, she couldn’t walk anymore, so she stood in front of the car and let him push her.

“Bai Sulli, are you a three-year-old child?” he asked with a dark face.

“i can’t walk anymore,” she snorted and hugged his arm.

He was walking very fast in front, so she had no choice but to hug his waist from behind.

Ye Mulin sighed, “it’s only been a day and he’s already spoiled her to the heavens.”

He paused, his face dark, and his tone not too good. “Bai Xue Li, others will laugh at you.”

” i don’t care about them. my legs are sore. it’s all your fault. ” she hugged him and mumbled with her face pressed against his back.

no matter how cold and hard ye mulin’s heart was, it softened a little at this moment. he turned sideways and carried her up with one arm, placing her on the road bar in front of the car.”Hold my arm.”

The rice worm held him up and said in disbelief, ” “You’re pushing me?”

“do i still have to hug you?” his face was dark and his tone was fierce, but she was not afraid of him.

The rice weevil placed his hands on his shoulders. Standing at the same height as him, she could see his handsome face. She suddenly realized that he was really handsome, but she had never thought so before.

“Bai Sulli, don’t you feel irritated by staring at a man like this?” his handsome face was staring at her coldly.

Oh, but you’re my husband. Is there anything wrong with me looking at you? ” the rice weevil asked.

He paused for a moment, then angrily took two large boxes of things from the shelf on the side.

Bai suili saw that it was a certain 0.01. She bit her lip, ” “who’s going to use it?”

her voice was a little melodious and a little emotional.

Chapter 3336: ye mulin, you actually like me (9)

Ye Mulin looked at her and gave her an extremely ambiguous smile. “Who do you think will use it?”

She stopped talking and got down from the shopping cart. Instead, she hugged his arm.

This was also one of the special skills that ye Mulin discovered about her. She seemed to have no bones wherever she went and liked to hug the same thing. She liked to hug a pillow when she slept, when she lay on the sofa, and when she walked, she liked to hug someone.

he was simply a child who had not fully developed intelligence.

ye mulin glanced at her and smiled faintly. then, he lined up to pay the bill.

The rice worm hugged his arm and asked in a low voice, ” “will something happen to xiao bai in the car? I’ve seen a lot of news about parents leaving their children in their cars, and then the children got into trouble.”

...

“Bai Sulli, that’s a turtle!” Ye Mu Lin said coldly.

“Oh,” she said, then looked at him eagerly. After a while, she whispered, ” “I’m just worried. It’s my first time having a pet.”

for some reason, ye mulin’s heart softened and he lowered his voice.”you’ll be a good mother in the future.”

he thought to himself that they should have a daughter, a little girl like her. it was fine if she was a little stupid, as long as she was as cute as her.

They could have another boy after she had calmed down. It was fine if she only wanted to have two children. At most, she could force mu Bai to have one.

as he thought of this, his facial expression became very gentle.

At this moment, a well-dressed woman in front of them turned her head and looked at the couple in surprise, especially Bai Sulli. She asked hesitantly, "You are Bai suili?"

Bai Sulli's face didn't look too good, and she flipped her hair. "Yeah, you don't recognize me?"

the rich woman forced a smile on her face, but it wasn't a kind one. "I didn't expect you to appear here, did I? What, you're here to buy vegetables when your life isn't going well?"

Then, the woman covered her mouth and laughed. I heard that ye mu Bai called off your marriage. It's all over the papers.

Bai Sulli lowered her head and played with her delicate fingernails. "yeah, the marriage was called off, but i got married again."

the woman looked at ye mulin vigilantly. the moment she saw his ascetic-looking face, she almost laughed at him. god, he's so good-looking.

when bai suili was in high school, because of her family's good background, she was particularly powerful and didn't put anyone in her eyes.

so when they found out that she had been stood up on the day of her wedding, her high school classmates had been the topic of conversation for many days.

However, the man she married now was quite good-looking. She just didn't know if he had money.

But thinking about it, how could a man who came to the supermarket to buy vegetables be successful?

the flower smiled reservedly. "shirley, it's been hard on you. you still have to cook after you get married. i actually want to have a taste of the difficulties of life. but my husband, unfortunately, has a small company. he's so prideful that he insisted on hiring two servants to serve me at home."

"you're not going to do your own laundry and cook now, are you?" he looked at bai sulli.

bai xue li glanced at ye mu lin and said in a soft voice, "we didn't hire any servants. my husband and mother-in-law wash my clothes and cook my meals."

"i still dote on you a lot, but i have to dote on you after i marry you!" the flower forced a smile.

she glanced at the two boxes of condoms in the shopping cart, both of which were extra large.

super large kasaya

Chapter 3337: Ye Mulin, you actually like me (10)

Seeing the extra-large items in the shopping cart, the Fugui flower could not remain calm and used its body to block its shopping cart.

there were also two boxes inside, but they were smaller.

she cursed her man in her heart for being useless, but she still kept a smile on her face. "xue li, our school's anniversary is coming soon. everyone's preparing to gather there. you and your husband are going over, so everyone can get to know each other."

She glanced at ye Mulin and thought that he was just good-looking but useless. The Bai family must have paid a lot of money for him to marry Bai Xueli.

Bai suili looked at the time and place that the Fugui flower had given her and then turned to ye Mulin.

ye mulin's voice was calm. " since it's my alma mater, i still have to go. i'll find some time next week. "

...

The rice worm acknowledged and then looked at the Fugui flower."We'll be there,"

you'll have to donate when you're there, " the flower added. Shirley, don't forget to ask your dad for money.

Although their group of classmates didn't like Bai suili, they had to admit that the family name Bai was particularly good. They couldn't kill her even if they wanted to.

after paying the bill, they walked to the parking lot. bai sulli got into the car first, and ye mulin was responsible for putting the things they bought into the trunk. he took off his coat and only carried his shirt, which showed his well-built figure.

Back in the car, she hugged Xiao Bai and poked his chest with one hand as she said in a soft voice, " "you're being treated as a gigolo and you don't even know how to refute?"

Ye Mulin looked at himself in the mirror and said, " "If you don't mind, why should I?"

"Am I right?" he looked at her.

She was a little embarrassed as she turned her head and sat down. "Let's start driving!"

He started the car and said, " "I bought a recipe book."

The rice weevil's hair immediately stood on end. He meant to say,

"You can't just do nothing, can you?" He focused on driving and looked at the road ahead. it's a glorious thing to let your mother-in-law and husband wash your clothes for you, huh? "

She lowered her head and resisted a little. then get someone to do it. I'm not doing it anyway. Besides, I'm not without contribution.

He found it funny and turned to look at her while lighting a cigarette.

“ye mulin, you're not allowed to smoke in the car, do you hear me?” the rice weevil protested.

He smiled. I won't smoke when you're pregnant.

Only after he said that did she remember that he had bought a condom, which meant that he wouldn't let her get pregnant for the time being. Then, would she have to suffer all kinds of hardships?

When she thought of this, she pulled a long face and wanted to ignore him.

Ye Mulin was focused on driving. He would only turn sideways to look at her when the traffic light turned red. He would even blow out a smoke ring on her face.

she was so angry that she cried out and hugged little white pitifully.

he let out a low laugh from time to time.

just like that, she arrived at his apartment ten minutes later. it was the most luxurious platinum apartment in B city. he lived on the top floor, and the entire floor was his apartment.

It was a total of five to six hundred square meters.

When Bai suili walked in, she looked at him in a daze.

This place was very different from what she had imagined. She had thought that it would only be a small apartment of about 100 square meters, but it was bigger than she had imagined. The decoration was mainly stable, with gray and white as the main color scheme.

She stood at the door and stepped on the soft wool carpet with her bare feet. She asked softly, ”
“Does that mean our little white can have its own room?”

He hummed in acknowledgment. there are about four suites here. You can choose one for it!

Chapter 3338: The shameless life of a rice weeper (1)

she immediately ran over and looked around. finally, she ran back to his side. “let’s keep it in our bedroom!”

Ye Mulin brought the things in and said, “You can buy a bigger tank for it, but you’re not allowed to raise it by the bed.”

“why?”

Lawyer ye paused for a moment, then said very seriously, ” “I don’t want to be stared at by a little jerk while we’re making love.”

The so-called ‘glutton’ blushed and immediately ran back to the bedroom with little white in her arms.

it placed little white in a cabinet, thinking that it should change its nest and find a few grass and rockery.

...

she looked at him foolishly for a while before sneakily running to the dining room. through the glass, she could see ye mulin preparing the ingredients in the kitchen.

she sat on the dining chair and looked outside with her chin on her hand.

She wasn’t clueless. This apartment was worth at least 200 million Yuan. She sighed.

It was still good to be a lawyer. Although her father was in a high position, how would he dare to live in such a luxurious mansion with money?

it would be a wonder if he wasn't skinned clean from the inside out!

As she thought about it, she suddenly felt that it was not bad to marry ye Mulin. Although she had to contribute a little at night, his skills were really not bad. It did not hurt anymore and it was quite comfortable.

although his face was always dark, it was undeniable that he was quite good-looking. he was not inferior to mu bai.

the more she thought about it, the more she profited. she just didn't know how long he would be willing to take her in.

she felt a little sad thinking about it, so she ran to the kitchen to secretly watch him cook.

she didn't know or know anything, so she hugged ye mulin from behind."Since it's so hard, I might as well hire someone to do it. Hubby, I feel so bad for you."

His body stiffened for a moment, and then he chuckled. Bai Sulli, are you avoiding doing housework? "

What heartache for her husband? it was all nonsense.

She rubbed her face against him in embarrassment and pouted her little mouth. She pressed her face against his back and acted coquettishly."I just feel bad for you."

He lowered his head and looked at her small hands that were twisting around his. He laughed silently and said in a very soft voice, "at night, you should be feeling sorry for yourself."

As he spoke, he used his onion-cutting hand to pinch her chin and said dangerously, "i won't let you off."

the rice weevil looked at him and realized that he would have to pay with his body for this meal. furthermore, he was obviously trying to play new tricks.

the smell of the onions made her tear up. she looked at him pitifully. " ye mulin, i want to go home. "

She didn't want to live here for 200 million, even if it was 2 billion.

Lawyer ye glanced at her and said casually, " " if you marry a chicken, you will follow the chicken. if you don't live with me, who will you live with? do you think i will let you go back to the mansion and continue to flirt with mubai? "

She choked. what flirting? Mubai and I are innocent, okay? "

"If Mubai wanted to, you would have climbed into his bed long ago." the ye family's eldest son got angrier the more he spoke. a strong arm carried her to the kitchen counter, and his big hands were about to touch her.

The rice worm was scared to death and immediately hooked his neck. no!

What a joke, if his palm touched her Kasaya, she would be burned to death!

he was bad, he was bullying her, he had no good intentions.

lawyer ye lowered his head and looked at her frightened look. she was curled up in his arms like a small ball. he couldn't help but laugh and pat her. "Go play by yourself, there's a home theater. We'll be eating soon."

After the meal, he started to eat her.

Chapter 3339: The shameless life of a rice weevil (2)

After he finished speaking, he carried her and the rice weevil immediately ran away.

She didn't want to be stained with the smell of onions.

However, when she went to watch the movie, her face was red. After a while, she climbed onto the sofa and dragged a pillow to hug.

When ye Mulin finished cooking dinner and came to call her, she had already fallen asleep.

she was sleeping very soundly. she was lying on her side with a pillow in her hand. her long hair was a little messy on her shoulders, but it made her look particularly young and innocent.

he was stupid!

...

He chuckled, but did not wake her up immediately. Instead, he squatted down and carefully examined her facial features.

He did hate her for a while, but now he couldn't figure out whether his hatred was because he couldn't accept her beauty, or because she didn't notice him and was always around mu Bai.

but now, it didn't seem to matter anymore. what was important was that she was here.

He sighed softly.

She was so stupid that she had such a good life. Other than not being too prominent as a child, she had a smooth life after that.

therefore, she was also very willful and arrogant, but at this time, she was so gentle.

Before he came back to his senses, he gently rubbed her face with his fingers. There was a kind of tenderness that even he was shocked by.

In his shock, he retracted his finger, but he still carefully savored the touch of his fingertips.

The rice worm woke up in a daze and yawned while hugging the pillow.”Dinner’s ready.”

Ye Mulin looked at her peaceful appearance and wanted to press down on her to bully her. However, he resisted the urge and said, ” “get up and eat.”

She sat up, still in a daze. She flicked her hair and looked at him.

He looked dazed.

He couldn’t help but soften his heart and walk over to pinch her face. “Are you dumb? let’s go eat.”

“oh,” she replied and immediately got down, but her legs went soft.

Her body was picked up by a strong arm. She looked at him eagerly, and then her body was lifted up in the air.

It’s a Princess carry ~~

the rice weevil was a little surprised and a little embarrassed. his face was on his shoulder, steaming.

It was practically burning.

“Is there a benefit to having a big house?” he asked.

she wrapped her arms around his neck. ” what do you mean by this? ”

he chuckled and said,”don’t you like it when i hug you?” this way, i can hug you for a while longer.”

she was full of hatred, but she could not refute him.

He carried her to the dining room and put her down. alright, don't stay in my arms.

"I'm not lying in your arms," the rice weevil protested in a low voice.

he only glanced at her and said calmly as he served the dishes, "you can wash the dishes after dinner."

"ye mu lin!" rice worm's eyes widened. i won't."

"In the past, you didn't even know how to love. Now, you're not very familiar with hugging me and cooperating with me. Washing the dishes is even easier." He said shamelessly.

the rice worm was so angry that it didn't want to eat anymore.

he smiled. "i can be more lenient with you today. "

someone came to clean up, right? " she looked at him. if it wasn't for me, I wouldn't have lived in such a big house.

As long as she thought about being treated as a maid, she would refuse.

ye mulin chuckled. " someone is cleaning it, but wanwan, aren't you a little too bored? "

"I'm not bored." "I can take care of little white, and I can even accompany you to work," the rice worm said anxiously.

Ye clan's eldest son laughed again,"you sound very busy."

The rice worm did not say anything. It just pulled his arm and acted coquettishly without a sound.

She just didn't want to do family affairs. She would become ugly and rough, and he didn't like it.

ye mulin looked at her and smiled. then, he placed her on the dining table.

he didn't make western food tonight, but traditional chinese food, four dishes and a soup.

Bai suili looked at him and felt a little amazed. do you know how to eat Chinese food? ”

He placed his bag beside her hand silently. is it very strange? ”

she ate in silence.

ye mulin looked at her and said after a while, ” “Are you angry again?”

...

“no, i didn't,” “i'm not angry, i just don't want to talk,” she muttered.

Ye Mu Lin smiled lightly. do you like Western or Chinese food? ”

Actually, she liked Western food, but now she felt that it was good for the two of them to eat a few dishes together.

” how about chinese food? ” he said softly. ” we can have western food outside. ”

He didn't know why, but her answer still caught his attention.

ye mu lin pondered for a moment before speaking, ”How about this, I'll treat you to a meal in the afternoon and I'll come back earlier in the evening.”

“are you going to cook for me?” she looked up at him eagerly.

ye mulin ruffled her hair. ” as long as you’re obedient and take care of xiao bai, i’ll cook for you when i come back. ”

“are you on a business trip then?” she quickly asked.

He was on business trips abroad for half a month. The focus of his work had always been in new York, and he had only returned to China in the past one or two years.

ye mulin did not even consider it before he said, ” “if you’re going on a business trip, you can come with me.”

the rice weevil felt a little satisfied and focused on eating.

Perhaps, she had not realized that this was happiness.

ye mulin had always eaten easily and finished his meal quickly. after she finished, he put the bowl into the dishwasher ...

the rice worm stared at the high-tech device for a long time, looking silly and stupid.

he reached out and pinched her face. ” i’ll go to the study. you can take a shower first. ”

Finally, he leaned over and whispered in her ear, ” “Don’t fall asleep.”

the rice weevil looked at him eagerly, his face hot. he smiled and went into the study.

She then went to the master bedroom-

it was huge, and everything they bought today had been delivered. she didn’t know who received it, but it was neatly placed on the bed. she went to the changing room and opened the closet door.

they were all his clothes, neatly arranged in rows. there were jackets, shirts, pants, and some close-fitting clothes.

The designs were all similar, with blue, white, gray, and black colors, showing a low-key yet luxurious look.

one of the cabinets was open. she put her clothes in and stepped back to take a look. she bit her lip in a daze.

just as she was in a daze, an arm wrapped around her waist, warm breath on the side of her neck, and a soft voice said, ” “What are you thinking about?”

The rice worm was stunned for a moment and subconsciously turned its head. why are you here? ”

“i’m here to get a document.” as he spoke, he looked at the closet. it was still empty. he would help her fill it up another day.

However, he still praised her first. “i didn’t expect you to hang up clothes.”

After he finished speaking, he let go of her with a chuckle.

The rice weevil was deeply insulted. He watched as he took the document and walked out. He followed him a few steps and said, ” I’m not stupid.

He turned around and said, ’aren’t you?’ .

She stopped in her tracks and said the same thing, ” “if you think i’m stupid, go find someone smarter.”

“Bai Sulli, you’re planning to use this sentence to eat me up for the rest of my life, right?” ye Mu Lin chuckled.

“I wouldn’t dare!” She lowered her head. lawyer ye, you’re so smart.”

She lowered her head and only heard him sigh after a long time.”but this matter is the most unscrupulous thing i’ve ever done.”
