

## Thank you 3341

Chapter 3341: the shameless life of a rice weevil (4)

The rice weevil's heart moved. He wanted to ask something, but he had already walked out after pinching her face lightly.

She pouted.

What, he was only halfway through his sentence!

Was he referring to getting married to her when he said that he was not smart?

she didn't believe it. marriage with her was obviously the most beneficial for the ye family. she was the one who should vomit blood, okay?

he was brutal, liked to hit her, liked to force her, and even gave her a cold look from time to time.

...

However, she thought to herself, he obviously doesn't hit you anymore and doesn't need to force himself on you. He often forces you to take the initiative to beg him and even cooks for you to eat. Yingluo, are you really going to vomit blood?

bai suili ran to the bathroom and looked at her blushing face ...

Biting her lip, she turned on the warm water in the bathtub. There were even rose petals, and she felt very relaxed in it.

After the shower, her body smelled nice.

She put on a bathrobe and dried her hair. She did not put on the sexy nightgown that he had bought and walked straight into the master bedroom. She talked to Xiao Bai like a fool for a while, but Xiao Bai ignored her.

She looked at the time. It was already 10 O 'clock and ye Mulin still had no intention of returning to his room.

she threw herself onto the big, soft gray bed and saw two boxes of large t-shirts by the bed.

she took it and looked at it, then put it back, her face rubbing against the bed sheet, looking sleepy.

when ye mulin returned to the bedroom, he saw that her eyes were open and she was about to fall asleep.

He walked over and bent down to whisper into her ear, ” “Didn't I tell you to wait for me?”

The rice weevil woke up immediately. His eyes were wide open as he looked at him. you're done? ”

he nodded reservedly and unbuttoned his shirt. ” “I'll go take a shower first.”

bai suili sat up and shook her head, unable to come back to her senses.

He seemed to have changed his style. In the past, whenever he wanted to take a bath in the mansion, he would come directly. Why was he so particular now?

Ye Mulin stood at the bathroom door and chuckled. ” you need a sense of ceremony in life, mrs. ye.  
”

“i'm going to sleep,” she said, biting her lip.

He didn't say anything and went to take a shower. Time passed quickly, and he came out in less than ten minutes. He put on a bathrobe casually and walked to the bed.

White snow Blue was hugging a pillow and seemed to be asleep.

He lay down beside her and looked at her. Then, he turned off the lights.

The body beside her relaxed, thinking that he would let her go, but he continued, ” “it’s your first time. you’ll feel more comfortable with the lights off.”

As he said this, he caught her and pressed her into his arms, stroking her furry little head down from her firm lower abdomen.

Even the rice weevil was shocked.

That was why she thought that he wasn’t violent. It wasn’t at all. He was harming her now.

She wanted to resist, but he seemed to be in a bad mood.

she didn’t want to recall the entire process. every moment made her blush and her heart beat faster.

However, she did secretly look at him in the dark.

The voice he made was very pleasant to the ears, and there was a hint of fragility in it ...

Ye Mu Lin could also be weak?

she relaxed for a moment, and he immediately patted her. ” focus, okay? ”

She whimpered-

Ye Mu Lin was too evil.

He had raised her for a day, probably waiting for this moment!

She sobbed while he laughed happily.

So many years of waiting, many years of struggling, and finally, at this moment, it was so wonderful.

## Chapter 3342: the shameless life of a rice weevil (5)

finally, everything was over.

the rice weevil was lying in his arms, sweating profusely. it was as if all the energy in his body had been sucked out.

She stroked his heart with her little finger and asked in a low voice, ” “You sit in the office every day. How did you get a six-pack?”

Ye Mu Lin stroked her back and chuckled.”i know how to play golf.”

She didn’t believe that one could have muscles while playing golf, so she poked him. “I haven’t seen you working out recently.”

he gave her a meaningful look.

...

even the dumb rice weevil knew what was going on. it bit its lip and did not make a sound for a long time.

Ye Mulin chuckled. go and take a shower? ”

after a few times, he was also covered in sweat.

the rice weevil laid on his body and did not move, looking very lazy. he understood what was going on, so he picked her up and walked towards the bathroom. however, the result of his laziness was that he could not help but press her against the bathroom and have fun again.

After this time, even ye Mu Lin was almost done. He carried her back to the bedroom and the rice weevil fell asleep very quickly.

it was late at night, and she slept soundly in his arms.

however, he was not sleepy at all. he leaned against the bed and quietly looked at the little girl in his arms.

She used to be so resistant, but now she was so happy that she couldn't sleep.

there was a hint of lust in his eyes as he reached out and touched her face again."dumbass."

That idiot hugged his waist and rubbed his face against his, looking very satisfied.

He looked at her and felt a touch of softness in his heart. In fact, Bai Sulli was a girl who was very easy to satisfy.

He didn't use force on her, he didn't hit her. She was satisfied with just cooking a meal for her. He didn't see her want to go out and play for a few days. He looked at her and seemed to remember a little girl who became more and more playful because her parents were busy.

in fact, she had been very obedient when she was young, just like now.

He touched her face gently with his fingers and a faint smile appeared on his face.

He laid down and cuddled her with one hand.

the night grew deeper.

on the top floor of the tallest apartment in B city, there was a sweet scent in the air. she had finally entered the world that belonged to ye mu lin.

Bai suili slept very well that night. When it was a little cold at night, she would approach that warm place.

It was a very comfortable night.

when she woke up in the morning, the man with the six-pack would not give her a good morning kiss, because he always woke up very early.

When she opened her eyes, she couldn't hear anything outside. She thought about it and got up. She greeted Xiao Bai and walked to the dining room.

'The house is too big. It's hard to walk,' she complained in her heart.

the apartment was quiet. there was only breakfast in the dining room. it was western style and there were two glasses of milk.

two glasses.

Her thoughts were entangled, and she immediately ran to the study barefooted.

"ye mu lin." She pushed the door open and called out, but it was empty inside.

she was a little disappointed and took the opportunity to look around the study.

The study was huge, taking up about 60 square meters. There was a huge wall of books filled with original text books, a set of leather sofas, and his office. The decorations were remarkable, but not extravagant. Everything was practical.

she left, feeling a little disappointed ...

On the first day they lived together, he left her behind and went to the law firm by himself, Yingluo.

just as she stepped on the carpet and walked out, the apartment's door opened. the person who entered was none other than ye mulin.

he was wearing a tracksuit with a towel on his neck. he was sweating and looked like he had just come back from running.

## Chapter 3343: The shameless life of a rice weevil (6)

bai suili would never admit that when she looked at him, her little heart had jumped for a moment.

she looked at him, her voice like a sheep. ” “Why didn’t you call me when you went for a run?”

“You can get up?” ye mulin walked in and took a towel to wipe his sweat. then, he threw it on her head and threw it at her face.”you’re not allowed to walk around barefooted in the future.”

After that, he walked into the bathroom of the master bedroom.

the rice weevil pulled off the towel on his head, bit his lip, and turned back to glare at him.

Ye Mulin had already entered the bathroom and closed the door.

...

she stuck out her tongue, threw the towel aside, and ran over to talk to little white. little white curled up there without saying a word.

she mumbled to herself for a long time.

When ye Mulin finally came out, he saw that she was still standing barefooted and frowned. “Bai suili, do you want me to say it again?”

She blinked and raised her foot. “You mean this?”

“i’ve always been like this,” she said slowly.

Ye Mulin had already changed into a new set of clothes. He walked over and lifted her up by the waist.

She leaned on his shoulder, her small hands clenched into fists. "Ye Mu Lin, what are you trying to do?"

He took a few quick steps and threw her onto the bed in a not-so-gentle manner. put on your shoes.

"I'll throw you out the door next time," he added.

"Can't you be gentler?" she said unhappily, glaring at him.

Ye Mulin was buttoning his cufflinks. didn't I become gentle last night? " he glanced at her.

when he thought of how useless she was, he couldn't help but hug him and ask him to be gentle and slow, but he couldn't help but speed up.

Four eyes stared at each other, each with a different meaning.

she was too embarrassed to ask further, so she quietly put on her shoes. 'i'm going to brush my teeth.'

"Wait a moment." he quickly grabbed her hand and said in a hoarse voice, " "Morning kiss."

Then, she was kissed by him.

their lips touched, and then he kissed her deeply ...

When she felt his lips against hers, she opened her eyes wide and said in a muffled voice, " "Ye mu, Lin Junjun, this isn't a good morning kiss."

It was clearly a French Kiss.

Not only did he kiss her, but he also pressed her against the bed. What did he mean?

She stared at him with her eyes wide open. Ye Mu Lin finally ended the kiss and pressed it against her lips. "Push me away or I won't be able to stop."

She quickly felt that something was wrong with him. Blushing, she struggled to get up, but she had no strength in her body and could only lie there. Her pajamas had long been pulled loose and hung on her body.

Ye Mulin's fingers helped her to pull up her clothes and he buried his face in her neck again. He only spoke after a long time had passed. "I was wrong."

She was stunned for a moment.

he then kissed her ear and said in a hoarse voice, "i've underestimated my desire for you."

what jade or not, bai suili's little face was red beyond words, and she immediately pushed him away and ran into the bathroom.

he didn't get up immediately. instead, he lay on the bed to calm himself down before walking to the bathroom.

The rice weevil was brushing his teeth and was a little guarded when he saw him come in.

ye mulin hugged her from behind and kissed the side of her neck. "let's continue tonight, okay?"

"oh." She brushed her teeth as she obediently responded.

ye mulin could not bear to part with her and did not want to let her go at all.

why did he let her go just now?

He closed his eyes and went through the day's schedule. He really couldn't find the time to roll around in bed with her, so he made a decision. "I'll wait for you at the restaurant."

## Chapter 3344: a rice weevil's shameless life (7)

bai sulli looked at him in the mirror, unable to express her feelings, and continued to brush her teeth.

he smiled and walked out.

the rice weevil dawdled for another ten minutes before he walked out. when he reached the dining room, ye mu lin picked up a call and looked up at her. "Come and sit down."

"Are you going to the law firm?" she asked as she sat down and munched on her sandwich.

then, she quickly added, "Can I go with little white?"

Ye Mulin finished his milk. the helper will come over to clean up and make lunch. You can go out in the afternoon.

...

He had said all this without giving her a direct answer.

"I want to go to the mansion." Rice worm lowered his head.

Ye Mulin was stunned for a moment before he looked at her. "I thought you didn't like flower arrangement and tea art?"

I don't like it, " she protested softly. but it's boring to be alone here. I know you're against me playing with my friends.

In the past, her circle was nothing more than showing off her wealth, gathering together to have fun, and playing with everything. However, at that time, Bai suili only wanted to give her best to mu Bai, so she didn't touch those messy things.

when they had just gotten married, she had missed her friends, but now she felt that it was not that fun. besides, he did not like them.

After she finished speaking, ye Mu Lin looked at her and smiled. "You can go shopping or something."

bai suili made an "oh" sound. she knew that he didn't want her to go to the old house every day.

She was bored, but she didn't want to work. It was too tiring.

hence, she bit her lip and looked at him, 'do you need a secretary? It'd be best if everything you do is the kind of Secretary you've been working as."

ye mulin was angry and amused at the same time. he took a tissue and wiped his lower lip before he slowly said, " "You mean, little Secretary? bai sulli, you meet all the requirements except for one. you're mrs. ye, i don't need to spend money to hire you for an idle job."

"Then, will you find another woman?" she asked softly.

he stared at her, his eyes so deep that they seemed to be able to see through her soul. after a long time, he smiled."I won't! i don't have much interest in women."

She was happy when he said that, but she also complained that she was not interested. She wondered who was the one who had wanted it for the whole night and was looking at it again early in the morning.

He clearly liked a woman's naked body.

She bit on her bread and looked at him pitifully.

At this moment, the doorbell rang. He went to open the door and saw that it was the Auntie he had hired.

The helper would work here for three hours a day, cleaning and cooking. Ye Mu Lin was currently doing the laundry himself.

Also, he didn't allow anyone to touch the master bedroom and study room. In the future, Yueyue would feel that she had to do it.

After Bai suili and the Auntie got to know each other, he went out.

as soon as he left, the rice weevil felt that even his meal did not taste good. at this moment, the phone rang again. she looked at it and saw that it was an unfamiliar number.

She picked it up and saw that it was the Fugui flower from last night."bai sulli, your phone number hasn't changed."

the rice weevil ran into the master bedroom and closed the door before throwing himself onto the soft bed. "is there something?"

the flower of riches laughed with ill intentions. here's the thing, Shirley. I accidentally mentioned your marriage and your husband in the group today, so everyone is inviting you to join the group.

bai suili suddenly sat up.

she had made a lot of enemies in high school, so maybe she was taking revenge now ...

moreover, if ye mu lin knew what she had done in the past, he would definitely skin her alive.

just thinking about it made his scalp numb.

Chapter 3345: a parasite's shameless life 8

Bai Sulli thought about it and decided not to. well, forget it. I won't join the group.

besides, she didn't want to attend the school's anniversary either. it would be fine if she went alone, but if ye mulin went as well, she would be dead.

She wasn't that stupid and stupid.

She was Mrs. Ye now, living in a house of four to five hundred square meters. Her monthly pocket money was ten to twenty million Yuan. She had to die to meet those women.

After Bai suili finished speaking, she hung up the phone directly, not caring if the Fugui flower was willing or not.

just as she hung up, her phone rang. she thought it was a call from the fugui flower, so she picked it up and said in an angry voice, ” “i said i’m not going!”

...

“Not going where?” Her husband’s voice came from the other end. It was low and deep, and it was very pleasant to hear.

Bai suili felt like she was eating grass in her heart. She licked her lips subconsciously and said in a low voice, ” why did you call? aren’t you driving? ”

” i’m in the garage, ” he said. ” take down a document from my study table. ”

“oh,” the rice weevil replied and immediately ran over. his voice came from the phone.”Don’t forget your shoes.”

She ran straight into the study and found the documents he was talking about. Then, she ran to the door, took a few steps, and ran to put on her shoes.

she didn’t hear the auntie’s call and went all the way to the underground taxi.

after she got down, she saw ye mu lin sitting in the car and looking at his phone.

She ran to the car and tapped on the window. He rolled the glass down.

“documents.” The rice weevil handed the document to him.

Ye Mulin slowly took the documents from her hands and lowered his head to flip through them.”It’s this.”

“oh,” she replied and took a step back.

Ye Mulin looked up again and said with a gentle voice, ” “Who did you call when you said you weren’t going?”

the rice worm looked at his slightly inquisitive eyes and said in a low voice, ” ” he’s the one i saw last night. his name is ma fangfang. ”

“It’s nothing important. Didn’t you say you were going to the law firm?”

ye mulin rubbed his chin and said playfully, ” “i still have time to interrogate you.”

The rice weevil resisted in a low voice. then why don’t you go and get the documents yourself? ”

He looked her up and down, and after a long time, he said, ” “You’re too fat. You should exercise more.”

the rice worm was furious. ” how am i fat? ”

“i’m not fat now, but what about in the future?” his gaze was deep, as if his words were a double-edged sword.

“what exactly do you want to ask?” she looked at him.

“Why don’t you want to go to the school anniversary?” he asked.

He leaned against the window and motioned for her to go over.

no matter how unwilling the rice weevil was, he still did not dare to disobey his orders and went over.

he gently pinched her chin and caressed it. his voice was low and hoarse.”what did you do that you don’t want me to know, huh?”

she immediately felt guilty and stuttered, ” “What bad things?”

She thought for a moment and said with confidence,”You’re the only man I have!”

“this is physical, but what about spiritual?” He stared at her little face and said in a slow voice, but there was a different kind of danger.”there’s no one else besides mubai?”

she was even more incoherent. ” there was no one else there, where qianqian was. i was only a teenager at that time! ”

You’re so accurate to the age, and you still say you don’t have it!

Ye Mulin sneered. Bai Xuelan, you started developing when you were 13 years old, and your period came when you were 14 years old. You’re already at the age where you can be a young mother. Isn’t it normal for you to be a little smitten? ”

Chapter 3346: I don’t want you anymore (2 in 1)

Bai suili was stunned, looking at him helplessly. She wanted to explain, but she couldn’t. She stammered for a long time, but couldn’t say anything.

the despicable man had already rolled up the window, started the car, and drove away.

The rice weevil stomped its feet in anger after eating a nose full of dust!

He was too detestable!

However, she slowly came to a realization. What 13-year-old puberty, what 14-year-old menarche-

How did ye Mulin know?

...

This pervert!

He was actually secretly paying attention to her!

the rice weevil's face turned white and red. he wanted to call him and scold him, but he felt that he was driving. what if something happened?

after stomping her feet for a while, she returned to the apartment. the auntie did not dare to ask when she saw that she did not look too good.

Ye Mulin was driving and his expression was even worse than hers.

Although he wasn't as close to Bai suili as mu Bai, he had been paying attention to her for many years, and he knew what she was like.

Attracting bees and butterflies-these four words were the most accurate description of her.

he went to the office with a livid face. after secretary li reported to him about the day's work, she carefully left.

when he was outside, he coughed lightly. " boss seems to be having a hard time with his sex life. everyone, be careful. "

Everyone laughed slyly.

in the office, ye mulin's entire body was thrown into the leather chair, putting himself in a state of vacuum. however, this was rare for him. he was very busy and should be dealing with the mountain-like affairs. every second of his time was worth a lot of money, but now, he was using it to stare blankly.

because of his wife's bad behavior!

he was sure that she looked guilty because she had done something to let him down in high school. otherwise, why would she suddenly feel guilty?

Ye Mulin pursed his lips tightly and played with his phone.

At this moment, his phone rang. It was a WeChat friend request.

He never used WeChat, but a while ago, Bai Sulli had downloaded it for him and then added him, saying that it was a weapon to investigate men's Affairs. Currently, other than his subordinates, she was his best friend.

He took a glance and saw that it was a person called MA Fangfang.

MA Fangfang?

He frowned. He didn't know her.

however, his intuition told him that this was a very important person, so he extended his finger and agreed.

her phone beeped again. she received a picture of the woman's expression at the beginning of her flirting.

Don't ask him how he knew, because it was his rice worm who told him.

Ye Mulin laughed. Just as he was about to delete MA Fangfang, he received another message-

[ i'm shirley's classmate. we met last night. ]

ye mulin furrowed his brows as he recalled the fugui flower he had seen the night before.

he looked okay, but he was a little strong, and his taste was a little upstart.

he replied without a change in his expression-

[ is there something you need from me? ]

MA Fangfang immediately sent a voice message. He blabbered on and on about how Bai suili was unwilling to attend the school's anniversary celebration. He asked ye Mulin to persuade her because she was unwilling to attend because of the past.

"i'll convince mi junjun and shirley." ye mu lin sent a short message.

After MA Fangfang pretentiously sent a few more messages, he changed his tone. after talking for so long, i still don't know what you do. if your family background is ordinary, it won't be easy for you to bear shirley's temper, right?

Ye Mulin's lips curled up and he changed to a voice. He said in an extremely hoarse and deep voice, " " it's alright. shirley's just a little willful. "

These words had a deep meaning, and MA Fangfang was happy to hear it.

Later on, she found out that ye Mulin was a lawyer. She did not ask for his name and only said ambiguously, " "Then, Mr. Ye, you must be very good at talking."

These four words made ye Mu Lin smile thoughtfully. He said slowly,"Xue Li is better than me!"

These words made MA Fangfang's heart burst with joy. He was very pretentious and wanted to give it a try.

ye mulin's expression was cold, but he gave her a false reply. ma fangfang had said what he should and shouldn't have said.

After she had done this, ye Mu Lin blocked her.

If it wasn't for the fact that he wanted to dig out something, he wouldn't have let such an ugly woman enter his world.

This woman was not only ugly, but also stupid!

What right did she have to compare with his rice weevil? at least the rice weevil was good-looking. What else did this woman have other than fat?

Ye Mulin threw down his phone and pulled out a cigarette with a livid face. he lit it and took a long drag.

What the f \* ck did he just hear!

Bai Sulli, he wanted to break her legs.

No wonder her grades were so bad in high school and university. It turned out that she had been hitting on handsome men. As long as they looked like Mu Bai, she would catch them all in one go.

She didn't let go of anyone who looked like her nose, mouth, or even a hand.

After finding a boyfriend, he would throw him away after three to four days and then find his next target.

Did she think she was collecting stamps?

There was also a photo of her with a boy who looked very much like Mu Bai. At that time, she was very young, and she was leaning on the boy's shoulder with a bright smile!

'damn it!'

Mu Bai was already making him very uncomfortable, and now there was this pretty boy.

Ye Mulin reached for the phone and opened it to look at the old photo.

Gu Changfeng.

he had heard that she was a very famous photographer. although she was not in the country, she was at the gathering this time.

and it was bai shirley, the only male classmate of the stamp collecting queen who had been with her for more than a month. he finally knew why she didn't dare to go to the class reunion. with old qing around, of course, she didn't dare to take him.

Ye Mulin laughed coldly and threw his phone far away. He was wondering if she had kissed this man before or if her developed body had been touched by this man before.

just thinking about it made him feel annoyed.

at noon, bai sulli called and carefully said that aunty had gone back. she didn't know how to use the dishwasher after lunch.

"Bai Sulli, what's in your head?" ye Mulin's face was cold.

After a moment of shock, she seemed to be hurt. "You've taught me once, but I don't know how to do it. Why don't you teach me again tonight?"

Her tone was especially soft, the kind that was used to Xiao Bao's anger.

No matter how angry he was, he still suppressed it and closed his eyes. "I'm not coming back for dinner tonight."

"What about me?" she asked in a soft voice, with a hint of carefulness and flattery.

She had thought that he was going to take her out to eat. After all, they had just moved out, so it was normal for him to treat her better.

"i have work to do," ye mulin said coldly.

” oh, ” she said. ” then i won’t wait for you. ”

actually, what she wanted to ask was if she could go out if he didn’t come back and she didn’t know how to cook.

But he was very cold, so she didn’t dare to ask. She felt a little disappointed after hanging up the phone.

the sweet and wonderful feeling she had was gone.

She always felt that he had something on his mind, that he was distancing himself from her, and that he was giving her the cold shoulder.

She didn’t know what she had done wrong. Was it just because of a few words she said in the morning? She really couldn’t accept his hot and cold attitude.

Chapter 3347: I don’t want you anymore 3

After hanging up the phone, Bai Sulli went to sleep angrily. She slept until five or six O ‘clock in the afternoon when ye Mulin did not call to say that he was coming back.

He said he had to work overtime, but she didn’t dare to disturb him, for fear that he would be even angrier.

Thinking of this, she was actually a little angry with herself. When did she, Bai suili, become so useless? she was actually so afraid of a man’s anger.

Wasn’t it just a meal ticket?

It’s not like the Bai family can’t afford to support her!

However, another voice in her heart said, ” “It’s not like that. You clearly like him raising you and pampering you.”

...

she pursed her lips and sat by the bed for a long time, angry at herself and at him.

his stomach was growling in hunger.

He was too detestable. He had promised to cook for her tonight, but he did not come back.

Bai suili picked up her phone and looked at it again and again. She hesitated for a while before calling him.

the call went through, but he did not pick up.

The tsundere lawyer ye didn’t want to hear her voice at this time, so he let his phone ring over and over again and didn’t pick up her call.

Bai suili threw her phone away angrily, got up, changed, and went out for dinner.

she drove out. ye mulin had four to five cars parked in his garage, and one of them was a white bmw for her to drive.

She walked over, opened the car door, and sat inside. She held the steering wheel for a long time before starting the car. The phone in front of the central control rang. She took a look and saw that it was ye Mulin.

“didn’t you refuse to answer my calls?” she snorted softly.

although she was angry, she still picked up the call. ” hello. ”

His voice was weak.

“where did you go?” ye mulin’s voice was low. I called home but no one picked up.”

bai suili felt a little wronged and said in a low voice,”I’m hungry. Let’s go out for dinner.”

“I’ll be back soon,” the other end of the line said after a moment of silence.

he looked like he was going to hang up the phone. bai sulli was still a little disappointed and quickly called out to him, ” “what are you going to do for dinner?”

“secretary li will order a lunchbox for me.” he said briefly.

Oh, ” she said. Actually, she wanted to ask him if he wanted her to help him pack it up and bring it over. She could also visit him on the way and then go home together.

But he had already hung up.

“what is it?” She threw her phone angrily. you’re so cold. Are you still newlyweds?! you promised to cook for me. ”

She really wanted to call her former sisters to go out and have some fun and relax, but when she thought of lawyer ye’s smiling face, she gave up and went to have her meal obediently.

The food in the Western restaurant was very good, and she was very satisfied after eating it. In the end, she remembered that he also liked Western food very much, so she asked the waiter if they could take it out. After getting a confirmation, she ordered a set meal and prepared to bring it to his office.

in any case, no matter if he was happy or not, she would just be a little more thick-skinned.

If he was angry, she could try to coax him. He might not be the one coaxing her every time.

She drove for more than 20 minutes and arrived at his office. Just as she was about to get out of the car, she saw ye Mu Lin’s car start up.

she subconsciously turned her face away when she saw him driving towards her.

It was probably a woman's intuition that she felt something was wrong.

he said that he was going to eat lunch in the office. why was he out now?

however, she soon saw a woman sitting in the front passenger seat of his car.

It was an old acquaintance, lawyer Ai Wei.

Bai suili didn't know what other women would do when they saw their husband having an 'affair', but she really couldn't bear it, so she immediately drove over.

Chapter 3348: I don't want you anymore 4

Ye Mulin's car stopped at the entrance of a high-class restaurant. Then, he and AI Wei got out of the car and walked in.

bai suili sat in the car, quietly watching them walk in together.

when they entered the door, ai wei seemed to turn and her body fell towards ye mulin. ye mulin supported her as they went in together.

The rice weevil looked at it and blinked his eyes slightly. His eyes were a little sore and bitter.

she didn't know what was wrong with her, but her heart felt heavy and particularly uncomfortable.

After a long time, she reached out and gently wiped the tears from the corner of her eyes.

...

she felt that she was an idiot. she believed him when he said he was eating lunch in the office and sent him a lunch box. however, he didn't need it. he was having a candlelight dinner with his ex-girlfriend.

she picked up her phone and dialed ye mulin's number.

It rang for about four or five times before it was picked up. It was his cold voice. "What's wrong?"

I've eaten, "Bai Sulli said, holding her breath. should I send you some?"

he seemed to think for a moment, then said in a low voice, " "It's fine, I'm a little busy,"

"are you still at the law firm?" When Bai suili asked this question, she could almost hear her own heartbeat.

"yes, i have something important to discuss with someone." ye mulin frowned.

"When are you going back?" she asked after taking a deep breath.

In the dining room, ye Mulin looked at Ai Wei's foot. He might have to send her to the hospital, so he thought for a while and said, " "Around ten O 'clock. You should sleep first."

Outside the restaurant, Bai Sulli blinked her eyes gently to wipe away the tears in her eyes.

her tone was very light as she said, " "Ten O 'clock. There's still three hours. It's enough for you and AI Wei to have a meal and then go get a hotel."

After that, she hung up the phone and threw the beautifully wrapped lunchbox into the trash can beside the car.

When she rolled up the window, ye Mulin's eyes met hers.

she looked at him and ai wei quietly for about five seconds before she closed the window and started the car.

Ye Mulin quickly picked up his phone and said to Ai Wei, Tell Mr. Robinson that I'll be leaving.

He walked very quickly. ai Wei stood up and stopped him. "ye mu lin."

He turned his head. no matter what it is, we'll talk about it tomorrow.

ai wei's expression was complicated. " you weren't like this before. we clearly had an appointment to discuss business. why would you give up such an important job for a little girl's feelings? ye, this isn't your style. "

"She is my wife." ye mu lin said coldly and chased after her.

ai wei's eyes narrowed.

in fact, when she was in the car, she had already seen bai sulli following behind the car, so she had twisted her foot on purpose. bai sulli probably misunderstood.

She picked up the glass and shook it gently. She smiled bitterly. "Such an insensible little girl, yet ye treats her like a treasure."

She remembered that in the past, there were also many girls as superficial as Bai suili in school. They were always in circles and madly pursued him. However, he didn't look at anyone and just got together with her.

so she had always thought that he appreciated and liked people like her, but she didn't expect that he liked shallow people.

it took ai wei a long time to understand that those people had the same personality and routine as bai suili. they didn't get ye mulin's approval because they weren't bai suili.

Ai Wei forced a smile.

He would probably get tired of the night. He would get tired of such an insensible girl. He would get back on the right track. His career also needed a woman who could help him, not a woman who only knew how to eat, drink, and play all day.

Ai Wei sat quietly, and when ye Mu Lin quickly left, Bai Xue Li was already gone.

he stood there for about two seconds, then immediately got into the car and gave chase.

However, he lost her. He drove to the intersection but couldn't find her car. He started to call her.

he turned off his phone.

...

The cold voice of the mobile customer service Officer said over and over again, "I'm sorry, the number you have dialed is not available.

Ye Mulin threw the phone away and drove around the place before returning to the apartment. She did not return.

He called her phone again, but it was still turned off.

ye mulin sat by the bed and wiped his face with his hand before he went outside to look.

the night was getting darker.

she had no news at all.

he gave mu bai a call, and mu bai could not take it anymore."Brother, why did you lose her again? she didn't call me this time."

ye mu lin did not answer ye mu bai's question. he continued to look for her.

she went to the nightclubs that she liked to go to, one by one.

There were many beautiful women in those extravagant places, but none of them were his rice weevil, Yingluo.

Ye Mulin started to get a little anxious. After he came out of a nightclub, he stood on the road and smoked. After he was done, he continued to search.

He was a little disappointed and helpless that she might be at a nightclub.

but no matter what, he had to find her.

He had seen the lunchbox she had thrown away at the restaurant entrance. She must have bumped into him and Aiwei when she went to the law firm. Aiwei didn't drive, so she had sat in his car.

Ye Mulin opened the car door and got in. Just as he got in, his phone rang.

it was an unfamiliar number.

his eyes narrowed, but he still picked up the call."i'm ye mu lin."

"Lawyer ye, my name is Gu Changfeng," the voice on the other end was gentle and elegant.

gu changfeng!

Ye Mu Lin narrowed his eyes.

Gu Changfeng's voice continued, " " shirley's drunk and causing trouble. she's at the police station now. she called me. "

Ye Mu Lin's fingers tightened.

it was normal for her to make a scene in a nightclub, but she called an old friend.

she had only been with this man for two to three months, but they had been separated for almost six years.

She still remembered Gu Changfeng's phone number.

Ye Mulin did not know how ugly his expression had become. He lit a cigarette to calm himself down before asking, "which police station are you at? i'll come over immediately."

"In the xxx Bureau." gu changfeng's voice was very kind and pleasant to the ears. it made people feel warm, which was completely different from ye mulin's voice.

Ye Mulin took a long drag of his cigarette and started the car with one hand.

He went there as fast as he could. He stood at the door and saw the legendary Gu Changfeng.

He looked 50% similar to mu Bai, but he was younger and had a cleaner temperament.

Because he was young.

mu bai had always been in the entertainment industry. no matter how much he loved himself, he still had a bit of his aura. but gu changfeng was different. he was so clean that he didn't seem like the type that bai sulli would like. he was too clean and perfect.

he was so perfect that ye mulin wondered if she had really pursued gu changfeng because he looked like mu bai, or simply because he was gu changfeng, the gu changfeng who was better-looking than mu bai, the gu changfeng who was gentler than mu bai.

Ye Mulin did not alert anyone and just stood at the door and watched quietly.

bai suili was drunk. she smashed an entire nightclub, causing them to lose millions of yuan.

She was also drunk driving. Fortunately, she was forced to stop by the police after driving for a few dozen meters. Later, she was brought here in a daze and gave Gu Changfeng's phone number in a daze.

actually, she could have taken revenge for her husband, but she didn't want to.

because she did not want him anymore.

He told her that he would cook for her, but he didn't do it. He told her that he was working overtime, but he actually took another woman to eat Western food.

...

He was clearly playing with broken shoes.

she was so stupid. she believed him when he said that ai wei was in the past. he bought a tortoise at home and she raised it like a baby. he must be laughing at her behind her back for being an idiot, right?

yes, he always called her superficial, rice weevil, and said that she was stupid. how could he like her?

she actually believed that he liked her and would actually live outside with him.

she was so stupid that she was beyond redemption!

she had drunk a lot. she knew that she had done a lot of ridiculous things. she was willful.

However, she had always been this willful in the past. She did not want to be obedient.

No one would like her even if she was obedient.

changfeng, gu changfeng. she remembered the name and told him the number.

He was still as good-looking as before.

She hugged him and cried for a long time. She said that she had been heartbroken and asked him stupidly if she still wanted him.

if he was willing, she wouldn't mind having sex with him once.

Gu Changfeng stood there and let the drunk cat hold him. He didn't know whether to laugh or cry.

But more than that, he felt helpless.

he did like her. that year, they were both teenagers. she ran to him and said that she liked him. she asked him if he wanted to be together.

gu changfeng had long heard about her school's stamp lady, but her interest did not last more than a week.

but at that time, bai suili was very beautiful, really very beautiful. he agreed. he said that they would date for at least a month, which was the condition.

He thought that one month was enough for her to like him a little. That period of time was wonderful for Gu Changfeng, and he thought that she was very happy. However, one month ... One month later, she really broke up with him.

He didn't bring much for a day.

on that day, gu changfeng realized that all the girls in the world would be with you, not because you were handsome, not because you were a top student, not because you had a good family background. perhaps she was just trying something new.

In the time they were together, she had only allowed him to kiss her on the cheek once. She said that this was special treatment and that it was a great gift.

the especially funny and cute bai suili.

When she turned around to leave, she did not hesitate nor did she miss Xuxu.

it was only later that he heard that she liked ye mu bai from the ye family. all the boys she had pursued looked a little like ye mu bai. he specially went to see that boy. he looked five or six years older than them and was especially noble.

Of course, ye mu Bai had an older brother who looked more noble, but his temperament was very cold.

On the day he went, Bai Sulli was pestering ye mu Bai, while ye Mu Lin was sitting on a chair at the side with a book in his hand. He looked at the two little ones with a quiet and disdainful gaze. However, when he looked at Bai Sulli, there was a fanatical look in his eyes that could not be concealed.

That year, Gu Changfeng knew that Bai Xuli liked ye mu Bai, but ye Mu Lin liked Bai Xuli.

however, after careful observation, he realized that he looked more like ye mulin.

this was probably something that bai suili herself didn't realize.

He had left her world without a word for many years.

until tonight.
